HIGHLIGHTS

HIGHLIGHTS

Jawaharlal Nehru University, established in 1966, is a fitting National Memorial to Pandit Jawaharlal Nehru, a great statesman and visionary, and the first Prime Minister of India. Formally inaugurated on 14 November 1969 by Shri V. V. Giri, the then President of India, the University laid down the following objectives for itself:

to disseminate and advance knowledge, wisdom and understanding by teaching and research; and by the example and influence of its corporate life to promote the study of the principles for which Jawaharlal Nehru worked during his life-time, namely national integration, social justice, secularism, a democratic way of life, international understanding and a scientific approach to the problems of society.

Towards this end, the University was entrusted with the task of:

- fostering the composite culture of India through the establishment of such departments or institutions as may be required for the study and development of the languages, arts and culture of India;
- taking special measures to encourage students and teachers from all over India to join the University and participate in its academic programmes;
- promoting awareness and understanding of the social needs of the country in the students and teachers and prepare them for fulfilling such needs;
- making special provision for integrated courses in humanities, social science and science and technology in the educational programmes of the University;
- taking appropriate measures for promoting interdisciplinary studies in the University;
- establishing such departments or institutions as may be necessary for the study of languages, literature and life of foreign countries with a view to inculcating an international understanding and holistic perspective amongst students; and
- providing facilities for students and teachers from various countries to participate in the academic programmes and activities of the University.

Given below are details of activities of Schools, Centres and other bodies of the University from 1 April 2019 to 31 March, 2020.

THE SCHOOLS

The University was envisioned as an institution essentially for post-graduate teaching and research. The Academic Advisory Committee of the University had originally planned that the University would be broadly structured into Schools, each with constituent Centres. Today the University has thirteen Schools:

- School of Arts & Aesthetics
- School of Biotechnology
- School of Computational and Integrative Sciences
- School of Computer and Systems Sciences
- School of Engineering
- School of Environmental Sciences
- School of International Studies
- School of Language Literature and Culture Studies
- School of Life Sciences
- Atal Bihari Vajpayee School of Management and Entrepreneurship
- School of Physical Sciences
- School of Sanskrit and Indic Studies
- School of Social Sciences

It also has the following seven Special Centres:

- Special Centre for the Study of North East India
- Centre for the Study of Law and Governance
- Special Centre for Disaster Research
- Special Centre for E-Learning
- Special Centre for Molecular Medicine
- Special Centre for Nanoscience
- Special Centre for the National Security Studies

DEFENCE RESEARCH AND DEVELOPMENT INSTITUTIONS

JNU has granted recognition and accreditation to the following prestigious institutions across the country. This has added to the true national character of the University. Representatives of these institutions serve on various academic and statutory bodies of JNU. Similarly, JNU faculty also participate in the academic bodies of these Institutions.

Defence Institutions

- Army Cadet College, Dehradun
- College of Military Engineering, Pune
- Military College of Electronics and Mechanical Engineering, Secunderabad
- Military College of Telecommunication Engineering, Mhow
- National Defence Academy, Pune
- Indian Naval Academy, Ezhimala, Kerala

Research and Development Institutions

- Centre for Cellular and Molecular Biology, Hyderabad.
- Centre for Development Studies, Thiruvananthapuram.
- Central Drug Research Institute, Lucknow
- Central Institute of Medicinal and Aromatic Plants, Lucknow
- Institute of Microbial Technology, Chandigarh
- International Centre for Genetic Engineering and Biotechnology, New Delhi
- National Institute of Immunology, New Delhi
- Inter-University Accelerator Centre, New Delhi
- Raman Research Institute, Bengaluru
- National Institute of Plant Genome Research, New Delhi
- Bhabha Atomic Research Centre, Trombay, Mumbai
- Inter-University Centre for Astronomy and Astrophysics, Pune
- Translational Health Science and Technology Institute, Faridabad
- Lal Bahadur Shastri National Academy of Administration, Mussoorie

FACULTY

The JNU faculty like the student body is also representative of the diversity of our country. Approximately one third of the faculty members are female. The complete data is given in the table below

Present Strength (as on 31.3.2020)	593	Male	406
		Female	187
Professors	Associate Professors	Assistant Professors	
258	107	228	
Professors Emeritus	Honorary Professors		
22	04		

Academic Achievements

Besides evolving innovative programmes of study and courses, teaching, guiding and conducting research beyond the conventional bounds of their narrow areas of specialization, members of the faculty are engaged in writing and editing books, contributing chapters to volumes, publishing papers and articles, organising and participating in seminars, conferences and workshops, delivering lectures and managing research projects. During 2019 – 2020 their combined output amounted to the following:

● Books	157
● Chapters in books	299
● Papers/Articles in Journals	1170
● Participation in Seminars/Conferences/Workshops	1571
● Lectures delivered (Outside JNU)	1243
● Research Projects	382

STUDENTS

The student community of the University is drawn from all parts of the country and is representative of the linguistic, religious, caste, and economic plurality of Indian society. The data in respect of 2019 – 2020 is given below.

<i>Gender Profile</i>		<i>Social Profile</i>		<i>Programmes</i>	
● Male	4642	● Scheduled Caste	1320	● Research (M.Phil, Ph.D/ Ph.D/Direct Ph.D)	4251
		● Scheduled Tribe	671	● Graduate (MA/M.Sc./MCA)	3008
● Female	4163	● OBC	2892	● Undergraduate (B.A. Hons.)	1264
		● Physically Challenged	298	● Part Time (Undergraduate Level)	282
		● General	3383		
		● Foreign Nationals	241		
Total	8805				

During 2019 – 2020 following number of students completed their Graduation and Research from JNU:

● Graduates	305
● M.Phil.	340
● Ph.D.	490

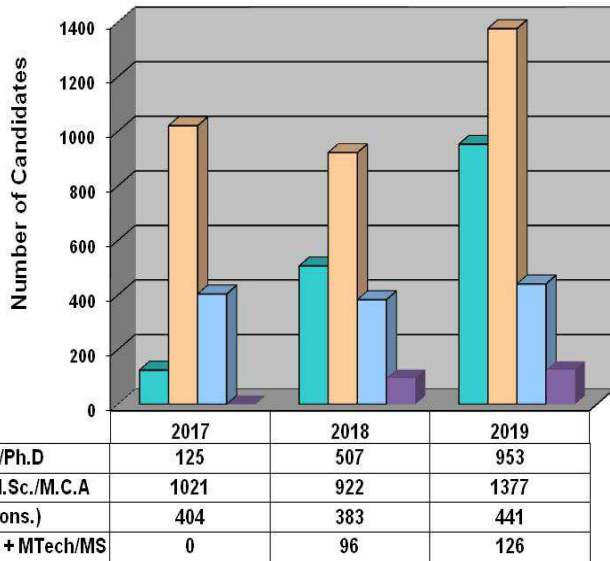

ADMISSIONS

The University admits students through an entrance examination which is conducted at 77 Centres in various parts of the country and at one Centre outside India, i.e. Kathmandu, Nepal. Admission announcements are made in all major national and regional newspapers in English and Indian languages. Admissions are made against a fixed number of seats in each programme of study, on the basis of merit in the admission test.

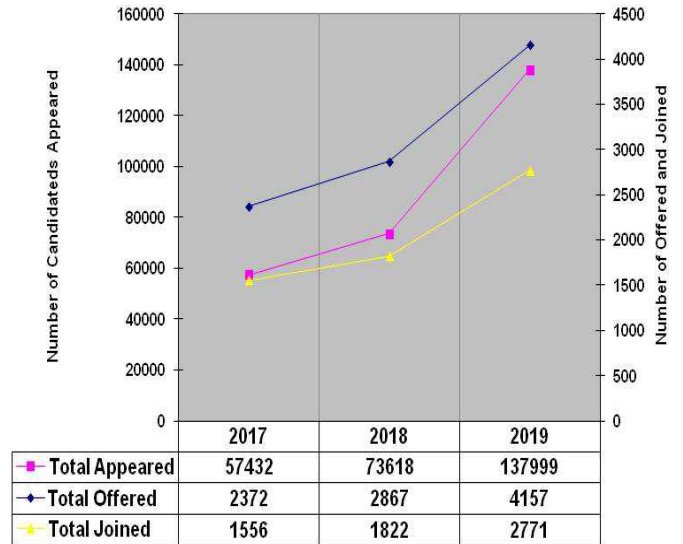

The University also conducts a Combined Entrance Test in M.Sc. Biotechnology, M.Sc (Agri.)/M.V.Sc, and M.Tech (Biotechnology) on behalf of 53 Institutes and Universities, including JNU.

UNIVERSITY LIBRARY

One of the indispensable infrastructural supports for an academic community is the library. The library is under major renovation and has become an intellectual hub for the campus. The library procured 1768 printed books and 2 e-Books worth Rs. 31,30,769.00/- and Rs. 12,814.00/- respectively. The library received 2815 books worth Rs. 5,73,778.00/- as Gifts/ Gratis. The library subscribed to 88 print and online Journals and 27 online databases. Besides this, the Central Library also got access to 14 databases from UGC Infonet Consortia.

UGC – HUMAN RESOURCE DEVELOPMENT CENTRE

Established in 1989, the Academic Staff College (renamed as the Human Resource Development Centre) has been conducting specific Refresher Courses for college and university teachers in International Relations, Social Sciences, Language & Literature Studies, Computer Sciences, Life Sciences, Environmental Sciences, Physics and Biotechnology. It also conducts Orientation Courses in Social and Natural Sciences.

Senior faculty members act as Course Coordinators and scholars from JNU and other institutes act as resource persons. 17 Refresher and 04 Orientation courses were held during the current year.

ADVANCED INSTRUMENTATION RESEARCH FACILITY (AIRF)

The Advanced Instrumentation Research Facility (AIRF) was set up by the university with the state of the art analytical equipments for research in Physical, Biological, Chemical and Environmental Sciences. The Time Resolved Luminescence/ Fluorescence Spectrometer that is one of the analytical equipments of AIRF was installed in the facility in the reporting period and is in regular operation.

The instruments housed in the AIRF are Transmission Electron Microscope (TEM), Scanning Electron Microscope (SEM), Gas Chromatograph Mass Spectrometer (GCMS), Flow Cytometer and Cell Sorter, Circular Dichroism (CD) Spectrometer with Stop Flow, X-ray Diffraction (XRD), Surface Plasmon Resonance (SRR), Liquid Nitrogen Plant, TEM & SEM Sample Preparation Laboratory, Inverted Research Fluorescence Microscope, Manual Hydraulic Press for FTIR, Muffle Furnace, Mixed Signal Oscilloscope, Critical point Dryer, Turbo Freeze Dryer with liquid nitrogen fed cold stage etc.

UNIVERSITY BODIES

The regulating bodies responsible for the functioning of the University are the University Court, the Executive Council, the Academic Council and Statutory Committees such as the Finance Committee.

University Court

The Court is the supreme authority of the University and meets once a year, on a date fixed by the Executive Council, to consider a report on the working of the University during the previous year together with a statement on the receipts and expenditure, the balance sheet as audited and the budget for the next financial year. The Court is vested with the powers to review the acts of the Executive Council and Academic Council (save when these authorities have not acted in accordance with the powers conferred upon them under the Act, the Statutes and the Ordinances) and to exercise the powers of the University not otherwise provided in the Act or the Statutes.

	-	13 November, 2019
	-	18 February, 2020

During the year under review the Executive Council deliberated upon various administrative and academic matters and took important decisions. It also considered and approved action taken by the Vice-Chancellor on matters of urgent nature in exercise of the powers conferred upon him in terms of the Statutes/Organances. The Council also approved the action taken by the Vice-Chancellor in approving the recommendations of various Selection Committees for faculty and non-teaching appointments.

Academic Council

The Academic Council is the top academic body of the University and is inter alia vested with the powers to propose establishment of Departments, Special Centres and specialized laboratories to the Executive Council. The Academic Council is also vested with the powers to recommend to the Executive Council the creation and abolition of teaching posts, their classifications, draft ordinances on admissions and examinations, appointment of examiners and fixation of their fees, conferment of honorary degrees and proposals for instituting fellowships, scholarships etc. The Academic Council is further vested with the power to recognize diplomas and degrees of other Universities/Institutions, appoint Committees for admission to the University, make arrangements for the conduct of examinations, fixing dates for holding them and declaring results of various University exams etc.

Academic Council Meetings	-	31 May, 2019
	-	28 June, 2019
	-	15 October, 2019
	-	6 February, 2020

During the year under review, the Academic Council in its meetings co-opted members from various institutions, nominated faculty members/experts on the Boards of Studies/ Special Committees of various Schools / Special Centres and received factual data for admissions in 2018-2019.

FINANCE COMMITTEE

The Finance Committee is a statutory body of the University. It considers the Budget and Expenditure proposals, all proposals for new/additional posts, accounts of the University, the Audit Report and all other financial and accounting matters. Its recommendations go for approval of the Executive Council.

THE LEGEND

ACADEMIC PROGRAMMES AND ADMISSIONS

UNIVERSITY BODIES

The Legend

A university stands for humanism, for tolerance, for reason, for the adventure of ideas and for the search of truth. It stands for the onward march of the human race towards ever higher objectives. If the universities discharge their duties adequately, then it is well with the Nation and the People.

This visionary statement by the first Prime Minister of Independent India on the occasion of the diamond jubilee celebration of Allahabad University on 13 December, 1947, reflects the great importance that Jawaharlal Nehru attached to university education in India. He firmly believed that universities could play a crucial role in shaping and strengthening the life of a nation by inculcating in their students the cardinal values in which he believed.

As a fitting tribute to his vision, Jawaharlal Nehru University was established in 1966 under the JNU Act, 1966 (53 of 1966). As a further mark of respect, the University was formally inaugurated by the late Sh. V. V. Giri, the then President of India, on the birthday of Panditji on 14 November 1969, which also coincided with the birth centenary year of Mahatma Gandhi.

The University's objectives are:

to disseminate and advance knowledge wisdom and understanding, by teaching and research; and by the example and influence of its corporate life to promote the study of the principles for which Jawaharlal Nehru worked during his life-time, namely national integration, social justice, secularism, democratic way of life, international understanding and a scientific approach to the problems of society.

The uniqueness of JNU is evident from its basic philosophy, policies and programmes which are spelt out and embodied in the University Act. Accordingly, the University has always striven to evolve such policies and programmes of study as would be a qualitative and distinct addition to the national resource base in higher education instead of reflecting mere quantitative expansions of the existing facilities. The University thus has been concentrating on programmes that are of relevance to national progress and development. In this regard, the University has taken the following initiatives:

- A conscious effort has been made to promote ideas of national integration, secularism, scientific outlook, cosmopolitan and humanistic approach towards life.
- The national character of the University has been maintained by selecting students and faculty from all regions of the country.
- An interdisciplinary approach to teaching and research has been promoted in recognition of the fact that knowledge is indivisible and, accordingly, a structure of Schools and Centres of teaching has been established.
- The emphasis on teaching and research in non-conventional areas has ensured that duplication of facilities available in other universities is avoided as far as possible.
- Care has been taken to establish a model School of Language Teaching and Research in Indian as well as foreign languages with well-equipped language laboratories and Centres, where the study of the literature, culture and civilization of the countries concerned becomes feasible and effective.
- A system has been evolved whereby main academic decisions, such as the courses to be taught, their content and the methods of evaluation, are taken by the teachers themselves.
- Admissions are made entirely on merit through an open all-India Entrance Examination, held at 127 cities across the country.
- In accordance with the policy of the Government of India, the University provides reservations in both students' admissions.
- There is a liberal provision for merit-cum-means scholarships/fellowships. Students as well as faculty members are provided with financial support to undertake field trips in connection with their research both within the country and abroad.
- Participation in exchange programmes with universities/institutes abroad is encouraged to promote international understanding. The University has signed Memoranda of Understanding with a large number of foreign universities and institutions.
- A Grievance Redressal Committee has been set up to promote cordial relations between the students and the University administration.

- The University has been organising successfully the combined Biotechnology Entrance Examination for admission to M.Sc. in Biotechnology, M.Sc. in Agriculture Biotechnology, M.V.Sc. (Animal) Biotechnology and M.Tech. programme in Biotechnology of 54 participating universities for a number of years. This entrance examination is conducted all over the country alongwith JNU.

The University was envisioned as essentially a post-graduate teaching and research institution. Presently, the University is structured into thirteen Schools:

1. School of Arts and Aesthetics
2. School of Biotechnology
3. School of Computer and Systems Sciences
4. School of Computational and Integrative Sciences (earlier School of Information Technology)

ADMISSION PROCESS

Admission to various programmes of study is regulated by policy and procedure approved by the Academic Council of the University from time to time.

The approximate number of seats available in each programme of study is decided by the Academic Council on the recommendations of the Centres/Schools concerned.

Reservation in admissions: The University provides (15% for SC and 7.5% for ST,) 27% for OBC 10% for EWS category and 5% for the person with disability. Over and above the intake fixed for each programme, 15% of seats are also reserved for foreign nationals, (except M.Phil. and Ph.D. programme). Of this quota of 15%, upto 7.5% of seats are reserved for those appearing in the entrance examination and the remaining 7.5% for candidates applying from abroad whose cases are considered in Absentia. The ratio is interchangeable if necessary.

Admission Notice: The admission notification is published all over India through advertisements in leading newspapers and employment news.

Written test: The written test for admission to various programmes of study is held at various centres all over the country. A question paper of three hours duration is set for each programme or each set of programmes of study. The tests are spread over four days, with two sessions of three hours on each day. Admission is made purely on merit, taking into account the candidate's performance in the written examination and the viva-voce, wherever prescribed.

Eligibility requirements for appearing in the entrance test: The eligibility criteria (for both general and reserved category candidates) for appearing in the entrance examination are formulated as per the guidelines laid down by the University in this regard. Candidates who are appearing in their respective qualifying examinations are also permitted to appear in the entrance examination. In the event of selection, however, their admission is subject to their passing and securing the prescribed percentage of marks in the qualifying examination and submission of all documents, including the final marksheet of the qualifying examination at the time of admission. The last date for admission to any programme of study is 14 August, 2019 and no admission is permitted thereafter.

Viva-voce examination: Candidates seeking admission to M.Phil. and Ph.D., programmes are required to appear for a viva-voce examination which is assigned 30% marks for M.Phil and Ph.D, all candidates who have secured a minimum of 50% marks for General Category and 45% marks for SC, ST, PWD and OBC Category Candidates in the written examination are invited for viva voce.

Selection of candidates: Separate merit lists are prepared for General Category, EWS, SC, ST, PWD and OBC candidates and foreign nationals for each course/programme of study. Final selection of candidates is made on the basis of their *inter se* merit in their respective categories based on their performance in the written test and viva-voce examination (wherever prescribed) and the score of deprivation points (wherever applicable).

Registration: The candidates who are selected for admission are required to complete all registration formalities within the time schedule drawn up by the university.

University Bodies

The University has certain regulatory bodies responsible for its functioning. These include the University Court, the Executive Council, the Academic Council and the Finance Committee.

University Court

**SCHOOL OF ARTS AND AESTHETICS
(SA&A)**

SCHOOL OF ARTS AND AESTHETICS

Students Awarded Degrees (SA&A)

School of Arts and Aesthetics (SAA)

The School of Arts and Aesthetics offers post -graduate degree courses (MA, M Phil and PhD) in the theoretical and critical study of cinema, visual and the performing arts. Unlike other schools of fine art, theatre, dance and media studies that teach the practice of the arts (painting, dancing, filmmaking) this is a Humanities School that offers an advanced – level of training in history and criticism of the arts, producing a cadre of scholars, critics and historians of the arts.

The School’s pedagogy and research takes into account new ways of thinking about culture using a wide array of critical and theoretical approaches. Students are introduced to a range of research methods that combine archival, ethnographic, theoretical and cultural approaches and are encouraged to explore the interface between theory and practice. For this, the faculty encourages students to visit museums, exhibitions, and monuments and to attend festivals of theatre, film, dance and music. The school frequently hosts interactive sessions with eminent scholars and practitioners from within the country as well as from overseas. It leads research oriented field – trips to and site – seminars at archaeological sites and monuments as well as to document rituals and performances.

The MA course offered by the School is cross – disciplinary. A range of core courses first offer an introduction to the visual, cinematic and performing arts, which are followed by core courses that focus on the history of these fields in India. Optional courses allow for a more intense engagement within the MA with particular areas or methods. The M. Phil programme offers a specialized focus in each of the three disciplines viz. Cinema Studies, Theatre and Performance Studies, and Art History and Visual Studies.

Over the years the School has also built up a valuable and expanding library and archive of photographs, audio and video recordings. Almost all teaching is multi – media to help students maintain live contact with performance, visual art and film. Students are encouraged to undertake their own field trips, and for this they are taught documentation methods, they are taught to curate exhibitions in the art gallery, to organize film festivals on specific themes and observe performance practices. The School continues to enrich the cultural environment of the University and the larger cause of the art studies. Through its degree programmes, research output, conferences, seminars, popular and scholarly publications, curatorial and performative projects and its alumni who are working in innumerable arts institutions and centres of learning, the School of Arts and Aesthetics has made a mark in the fields both in India and abroad.

School of Biotechnology
(SBT)

School of Biotechnology (SBT)

Jawaharlal Nehru University (JNU), New Delhi was one of the first six Universities in India to initiate a Postgraduate teaching and research programme in the field of Biotechnology in 1985. Since 1985, it was running as the Special Centre for Biotechnology (CBT) under the joint sponsorship of the University Grants Commission (UGC) and the Department of Biotechnology (DBT), Ministry of Science & Technology, Govt. of India. To begin with, it was started to initiate Biotechnology education programme with an impetus to generate a workforce that could turn into a substantially trained pool to meet the country's demands. Considering the growth of Biotechnology at an international level, its applications in general spheres of life and the significant contributions made by the faculty of the Centre for Biotechnology, the Executive Council of JNU resolved to elevate the status of the Special Centre for Biotechnology to that of a School of Biotechnology (SBT) in 2006. Over the years, Biotechnology programme at JNU has established itself as a leading academic programme both from the teaching and research point of view. School of Biotechnology has ranked at number one position in the country consistently over many years by Bio-spectrum Bangalore and last year by Biotechnology Consortium India Ltd. (BCIL) New Delhi. The faculty of the School is internationally recognized for their contribution to basic and applied aspects of Biotechnology research.

Research Specializations Offered

- Infectious Disease Biology & Vaccine Development
- Immunology of Infectious Diseases and Vaccine Development
- Functional Genomics of the Complex Diseases (i.e. Type2 Diabetes, Obesity, Dyslipidemia, etc).
- Oxygen Biology and Microenvironment
- Transcription Control and Gene Regulation
- Protein Stability, Conformation and Folding
- Protein Aggregation and Amyloid Fibril Formation
- Bioprocess Monitoring and Modelling of the Recombinant Cultures; Metabolic engineering and Scale-up of the Recombinant Proteins
- Molecular Biophysics, Structural and Computational Biology
- Biochemical Engineering (Bioprocess Simulation)
- Bio-organic and Bio-conjugate Chemistry
- Nanobiotechnology, Microfluidics and Biosensor Development
- Virus Mediated Signal Transduction
- Molecular Cell Biology
- Optogenetics, Cilia Biology and Ciliopathies
- Recombinant DNA Technology and Cell Biology of the Genetic Disorders
- Metagenomics and Bioremediation
- Plant Molecular Biology and Plant Biotechnology
- Synthetic Biology and Genome Engineering

Research Facilities

The School has excellent state-of-the-art research facilities for training in the modern areas of biological sciences. These include:

- Central Instrumentation Facility (CIF)
- Computer Lab for Computational Biology, Simulations and Bioinformatics
- Biosafety Level 3 (BSL3) Facility
- Biosafety Level 2 (BSL2) Facility
- Recombinant Product Development Facility
- Protein Production, Purification and Characterization Facility
- Spectroscopic Facility
- Microcalorimetric Facility
- Microscopic Facility
- Animal Cell Culture Facility
- Plant Tissue Culture Facility

- Algal Culture Facility
- BD FACSAria Fusion Flow Cytometer and Sorter (4Laser, 16 Colors) for Cell Analysis

Future Plan

- Paper degrees are getting increasingly redundant. Grades do not always reflect hands-on skills and knowledge. The key will be to focus on sharpening practical skills and creative thinking.
- SBT shall continue to deliver publication-oriented teaching and shall invite accomplished scientists, technocrats, business leaders and inspiring teachers to generate intellectual discussions and positive environment to help students think beyond.
- Campus wide electives: In future we plan to launch a new campus wide course (10- 15 hours per semester) for JNU students of other disciplines to learn biotechnology. One could fit in this new module during the week or weekend. For example, a JNU student for humanities may want to learn biotechnology.
- Outreach Program: SBT faculty members would continue to reach out to the grassroot level (various schools and colleges) and offer lectures, hands on sessions and group discussions
- We shall aim at big funding from Govt. and Private funding to sustain high quality research
- Establish a prestigious Academia Chair and Industry Chair
- Encourage spin offs to generate revenue and novel avenues of employment

Lectures Organised by the School: (05)

- Dr. Vandana Kalia, University of Washington and Seattle Children’s Research Institute, “Distinct roles of PD – 1 in T cell exhaustion and memory”, delivered on 25 April, 2019.
- Dr. Daniela Bruennert, University Hospital, Wurzburg, Germany, “Proteasome inhibitor resistance in multiple myeloma”, delivered on 13 May, 2019.
- Dr. Nawajes Mandal, Department of Ophthalmology, Anatomy and Neurobiology, University of Tennessee Health Sciences Center, Memphis, TN, USA, “An Elongated Pathway to Lipin Signaling in Eye Diseases”, delivered on 1 August, 2019.
- Dr. Gauri Prasad. AcSiR & CSIR-IGIB, “DNA copy number variations and type 2 diabetes in Indians: delivered on 13 September, 2019.
- Dr. Vinay Dahiya, Technical University of Munich (TUM), Germany, “Mechanistic Insights into Processing of Clients by Molecular Chaperones”, delivered on 26 September, 2019.

Student Achievements

- **Ms. Geetika Verma** was selected for Newton Bhabha Ph.D. Placement fellowship sponsored by DBT and IUSSTF to carry out advanced research in the area of Ion mobility Mass spectroscopy of human brain synuclein protein in the presence of polyphenols at the Michael Barber Centre for Collaborative Mass Spectrometry, Manchester Institute of Biotechnology, UK in 2019 – 20
- **Ms. Vanndita Bahl** was awarded EMBO Short-Term Fellowship (number 8249) to carry out research in the lab of Dr. Anthony Holder (The Francis Crick Institute, 1 Midland Road, London, NW1 1AT, United Kingdom, London NW1 1AT, United Kingdom). The fellowship was funded by European Molecular Biology Organization and granted for a total period of 91 days.
- **Mr. Hemant Joshi**, Ph.D. Student, under the mentorship of Dr. S.S. Maitra delivered Poster Presentation at the ASCB-EMBO 2019 conference organized at Walter E. Washington convention center, Washington DC, USA during 07/12/2019 –11/12/2019.

School of Computational and Integrative Sciences (SC&IS)

The School of Computational and Integrative Sciences (SCIS), Jawaharlal Nehru University, presently has two academic groups dedicated to the areas of *Computational Biology and Bioinformatics* on the one hand and *Complex Systems* on the other. The overarching objective of the School is to develop and apply computational methods and techniques in different subject domain cutting across disciplines, particularly life sciences. This mission is reflected in the diverse faculty profile of the school which comprises researchers from the fields as varied as Genomics, Computational Biology, Plant Biology, Complex Systems, Bioenergy, Statistical Data Analysis and Modeling, Theoretical and Computational Chemistry, Petri nets and Graph Theory, Mathematical Biology, Computational Radio Frequency and Microwave, Antenna applications for Biomedical application. The integrative and interdisciplinary mode of the school is unique in the University system.

Programmes of Study

- Teaching and research programs in **Computational Biology** involve undertaking research, development, and application of computational tools and approaches in expanding the use of biological, agricultural, medical, behavioral or health data, including those to acquire, store, organize, archive, analyze, or visualize such vast data. In addition, research programs focus more on the development and application of data analytical and theoretical methods, mathematical modeling and computational simulation techniques to the study of biological, behavioral, and social systems.
- The School also runs courses in **Complex Systems** which will study the behavior of mathematical, physical, living and social systems, identify patterns that underlie these inter-related systems, and examine properties such as emergence, evolution, network, structure and dynamics of these systems in a competitive environment.
- Taking note of the data explosion and emerging presents SCIS an ambitious Post-Graduate Diploma in Big Data Analytics in Bioinformatics to augment human resource in this new area. This short-term academic programmes is much needed now to keep pace with technological advances and societal need

The teaching and research programs are supported by good computational and communication infrastructure. The School manages a centralized facility for high-performance computers, consisting of computer clusters with multiprocessor nodes, large-memory nodes and GPUs to facilitate specialized research. The school takes pride in being among the country's best institutions in imparting high-value employability-related skills to its students such as in genomics data analytics, molecular simulations, data science and financial modeling and simulation.

We have set up a small-scale experimental facility to validate theoretical prediction and test innovative ideas at a small scale. These test beds are part and parcel of the School and seemingly drives our innovative ideas.

The School organizes international conferences, seminars/symposiums regularly for the benefit of the academic community. Faculty of SCIS also has great collaboration with industry in their research and development efforts. Similarly, SCIS has several MoUs with leading universities of the world to provide exposure collaboration and cooperation for faculty and students in a mutually beneficial way.

Academic programmes of the School:

- Ph.D. programme in Computational and Integrative Sciences
- M.Sc. programme in Computational and Integrative Sciences
- Post-Graduate Diploma in Big Data Analytics (Biological big data)

Conferences organized by the School:

- International Society of Computational Biology (ISCB) is a scholarly society focused on communicating scientific advances worldwide. Regional Students Group (RSG) India is a part of ISCB-Student Council. As a part of RSG-India, a Student Symposium titled "Computational Biology: Connecting Domains of Science", was organized on 22 November, 2019. The symposium was advised by Dr Rita Sharma and Prof Shandar Ahmad.

SCHOOL OF COMPUTER AND SYSTEM SCIENCES

School of Computer and Systems Sciences (SC&SS)

The School of Computer and Systems Sciences was established in 1975. It is among the first few institutions in the country to offer degree in Computer Science & Technology. The School offers Masters and Research programs leading to degrees in MCA, M.Tech in Computer Science and Technology, M.Tech in Statistical Computing, MPhil and Ph.D. in the areas of Computer and Systems Sciences. The School attracts the very best and most talented students from all over the country. The large number of applicants for admissions to the research programme of the School clearly indicates the prestige, reputation and popularity of the programmes offered by the school. This trend is also prevalent in the case of admission seekers from neighboring and other foreign countries. Besides the teaching and research programmes of the School, the School has been engaging methods and ways to stimulate research further and enhance the learning skills of the students by organizing weekly research seminars and National Seminar-Cum-Technical Festival for students from across India.

Conference Organised by School

- Under the leadership of Professor D K Lobiyal from SC & SS (General Chair) and Dr. Karan Singh (Chair), “The International Conference Networks and Cryptology”, was held by organized by School of computer and Systems Sciences (SC & SS), JNU, New Delhi, the conference was inaugurated by Prof. Gadadhar Misra from IISc., Bangalore, Prof. R S Yadav, NIT Allahabad, Prof. D.K. Lobiyal Prof. Satish Chand, Prof. D P Vidharithi, Dr. Buddha Singh and Dr. Karan Singh, 14 – 16 June, 2019
- ATAL workshop on Cyber Security was organized by School of Computer and Systems Sciences, Jawaharlal Nehru University under the aegis of All India Council of Technical Education (AICTE). It was a 5 day workshop dated from 16 – 20 December, 2019 full day in which approx. 75 participants across and various other places participated. The workshop was inaugurated by Prof. R.K. Sharma from IIT Delhi and accompanied by assistant director of AICTE, Dr. Girdharilal Garg, workshop coordinator Prof. D.K. Lobiyal and workshop co-coordinator Dr. Karan Singh. There were 14 Speakers who discussed the cyber security issues. The workshop was a success and it was a result of many helping hands along with the dedication of the participants. The response from the participants was good and as per feedback, they would want to attend more such workshops further in the future.

New Courses

Following four new M.S/M.Tech. programs have been introduced

S.N.	Programme Name	Programme Type & Level	Offering School	Faculty Co-ordinator
1	MS in Economics	Regular (Master)	School of Social Sciences	Dean, SSS/ Dr. Indrani Roy Chowdhury
2	MS in Management Studies	Regular (Master)	Atal Bihari Vajpayee School of Management and Entrepreneurship	Dean, ABVSME/ Dr. Sakshi Sharma
3	MS in International Studies	Regular (Master)	School of International Studies	Dean, SIS / Dr. Anshu Joshi
4	M.Tech in RF and Microwave Engineering	Regular (Master)	School of Engineering	Dean SoE/ Dr. Ayushi Barthwal

From the School of Engineering, new master level programme “M.Tech in RF and Microwave Engineering” has been introduced in which the following new courses have been introduced (all are regular courses):

M.Tech in RF and Microwave Engineering				
S.N.	Course Name	Number of credits	Type	Faculty co-ordinator (who designed the syllabus)
1	Basics of RF and Microwave	3	Master Core	Dr Ashwani Kumar
2	Computational Electromagnetics	4	Master Core	Dr Varun Saxena
3	RF and Microwave Passive Components	4	Master Specialization	Dr Varun Saxena
4	RF and Microwave Active Circuits	3	Master Specialization	Dr Ayushi Barthwal
5	Advanced Microwave Measurements	3	Master Specialization	Dr Ayushi Barthwal
6	Advanced Antenna Systems	3	Master Specialization	Dr Mukesh Kumar Khandelwal
7	RADAR systems	3	Master Specialization	Dr Mukesh Kumar Khandelwal
8	Introduction to RF MEMS	3	Master Specialization	Dr Ashwani Kumar
9	EMI/EMC	3	Master Specialization	Dr Mukesh Kumar Khandelwal
10	Terahertz: Technology and Applications	3	Master Specialization	Dr Mukesh Kumar Khandelwal

The School updated the syllabus of the following UG courses:

S.N.	Course Name and Code	Concerned Faculty	Offering School
1	Biology (EN-351)	Dr Rita Sharma	School of Computational and Integrative Sciences
2	Physics-II (EN-353)	Prof Satyabrata Patnaik	School of Physical Science

Conferences organized by the School/Centre

- Organized hackathon: “HackJnu” on 31 January – 1 February, 2020. Faculty Coordinators: Dr Mukesh Kumar Giluka, Dr Varun Saxena, Dr Ashwani Kumar, Dr Ayushi Bathwal, and Dr Mukesh Kumar Khandelwal.

Visitors to the School/Centre

- Prof. Brejesh Lall, IIT Delhi
- Dr. Ankur Narang, Vice President AI and Data Technologies, Hike
- Dr. Amitava Das, AI Head, Wipro AI Labs,
- Dr. Prathosh AP, IIT Delhi,
- Ms. Ramya Hebbalaguppe, Research Scientist, TCS Innovation Labs

Accomplishment of Students

S.N.	Name of Student	Achievement
1	Daksh Kumar	Participated in an International Competition in NUS, Singapore titled "Designing better Smart Homes IOT Devices" and won 2 nd Prize.
2	Dhirendra Kumar	1. Completed 2 years of National Service Scheme (NSS), 2. Co-convenor NSS-JNU unit (2019-20), 3. Participated in the National Youth Festival, Jan. 2020, Lucknow, Uttar Pradesh
3	Badal Rajawat, Shravan, Ritik Sharma, Shivam Jha, Abhishek Gautam	6 th Position in an event named "Hunt it" in tech fest of IIIT Delhi, August 2019.
4	Aniket Kishore	Started Two start-up companies: 1. Prepear -- an app where students earn money if they perform well in the preparatory exams meant for the competitive examinations like JEE. 2. Furdoption - an app that connects dog lovers to dogs, Animal Adoption
5	Kushal Poddar	1. Organizer JNU Hackathon in January, 2020, 2. Organized the coding event "Python fortnight workshop" judged by IBM expert, 3. Developed an accounting ERP system: www.agentio.com, Developed video streaming site: www.oklaptop.in, 4. Internship in IBM and MIDAS lab, IIIT Delhi
6	Anmol Sinha	Stood 2nd in the JNU Crossword Challenge, November, 2019
7	Rohan Kumar	1. Organizer JNU Hackathon in Jan. 2020, 2. Organized the coding event "Python fortnight workshop" judged by IBM expert, 3. Developed a travelling blog: www.periplo.in, 4. Developed frontend of venaindia.in
8	Deepak Yadav	Published an IEEE Transaction journal paper titled "Effect of Aliovalent Substitution in Y ₂ BiO ₄ Fe ₅ O ₁₂ : Magnetization Dynamic Study, in IEEE TRANSACTIONS ON MAGNETICS, Early access, August, 2020, https://doi.org/10.1109/TMAG.2020.3014890 .
9	Abhishek Gautam, Mansi Maholia, Devashish Tripathi, Divyansh Joshi, Aman Kardam, Samatha K	Runners up in Eng Quest (Techfest of JNU) April, 2019
10	Yashwadeep Patwa	Singles Badminton championship winner, Sports event, organized by SOE, JNU, November, 2019

Any Other Information

- School added 15% supernumerary seats for foreign nationals at the entry level of the dual degree (B.Tech + M.Tech/MS) programme as per DASA Scheme of MHRD.
- Submitted a project prototype and Proof of concept at National Innovation Contest 2020, Institution Innovation Council, by MHRD's Innovation Cell, AICTE, New Delhi on topic: SwachhRasoi: An automated advanced kitchen hygiene detector. Faculty Mentor: Dr. Prerana Mukherjee, Student Team: Gargi Singh, Marvin Prakash, Ritika Jha, Rohan Kumar and Divyanshu Joshi.

Future Plans

Following are the future plans of School of Engineering:

- (1) School plans to introduce PhD programme from 2021
- (2) School may introduce following new M.S. programmes in future:
 - (i) M.S. in Bio-Technology
 - (ii) M.S. in Material Science
- (3) Will establish research laboratories to run M.Tech in VLSI and M.Tech in RF & Microwave Programmes successfully.
- (4) Seeking for constructing the School's building, more clas rooms and laboratory rooms will be constructed with other infrastructure facilities (HEFA loan approved)

YoHo initiatives:

As part of the outreach activity of the school, a new initiative is taken entitled ‘Holistic Environment’ programme which aims at providing holistic solutions for environmental conservation through an integrated approach. The programme will help in developing skills and entrepreneurship of the students by conducting activities, which are named as ‘Young Holistic (YoHo)’ activities. There are around 30 activities in the list. The programme will encourage students to develop life skills through such integrated initiatives. It has a further scope of grants and networking for students and research scholars.

The objectives of the YoHo programme are-

- To enhance personality in a holistic manner
- To develop leadership qualities
- To develop event management skills
- To develop coordination skills
- To provide opportunities to perform at the stage
- To recognize the talent of writing and expressions
- To promote imagination potential
- To promote inter and intra-group communication

Students Awarded Degrees (SIS)

School of International Studies (SIS)

The School of International Studies is engaged in teaching and research of international relations, international politics, international trade, and area studies. It offers three Masters level Courses, and an M.Phil/Ph.D programme. Students who choose to do the Masters Program are part of the School, while those who wish to pursue their M.Phil and Ph.D can join any of the thirteen centres within the School. Entrance to these programs is based on a rigorous entrance test and selection process.

The School has a highly qualified faculty that specializes in the various field associated with the School. The faculty draws its inspiration from the highest traditions of scholarship set by the School and the JNU at large.

The SIS was established in 1955 and is one of the oldest schools of the University. The School is highly multi-disciplinary in its approach. The SIS has been a pioneer in establishing international relations as a distinct academic discipline and advancing knowledge of other regions as part of Area Studies, to Indian and foreign students. The SIS has acquired national and international reputation as a centre of advanced learning.

In its very early years, the School focused exclusively on research with the PhD programme being at the core of its academic activities. However, subsequently after becoming a part of JNU in 1971-72, the School added M.Phil curriculum to its academic programme. Later in 1973-74, the School started offering a two year MA (Politics: International Studies) programme, which was further strengthened by offering an MA programme in Economics (with specialization on World Economy) at the Economic Division of the Centre for Studies in Diplomacy, International Law & Economics in 1995-96. The School started offering two year MA (International Relations and Area Studies Programme) from Monsoon Semester 2015-16.

Over the years, admissions have become fiercely competitive with the School attracting the brightest minds from India and abroad. The School has, as on 31 March, 2020 awarded 1648 Ph.Ds and 4556 M.Phil degrees.

Admissions to various academic programmes at the School are supplemented by financial assistance (details available at JNU website). Further, a number of our M.Phil/PhD students also qualify the UGC/JRF, RGF, MANF fellowships.

Presently, the School has 101 faculty members: 50 Professors, 26 Associate Professors and 25 Assistant Professors, 01 Prof. Emeritus, 01 Research Assistants and 02 Documentation Officers. The faculty strength is further supplemented by several prestigious Chairs being instituted at the School (Appadorai Chair, Nelson Mandela Chair (CAS), Jean Monet Chair in CES and Chairs in Environmental Law and Space Law). The faculty of the School, by advancing pedagogical and applied knowledge, has established global reputations in their respective areas of expertise. It is also a matter of pride that several of our faculty members are on important government and non-government bodies, while others constantly engage with public discourses and civil society issues.

The School also engages with issues of contemporary relevance by organizing regular national & international seminars, workshops and symposia on various aspects of area studies, bilateral relations and themes relating to study of international relations.

The School also publishes a refereed quarterly journal, International Studies, which publishes original research articles on international relations and area studies. The journal, from its inception in 1959, has been publishing original research articles and has received international recognition. The School is known for the large number of seminars and workshops that all the Centres organize on multiple issues and themes. A large number of dignitaries, academics and others visit the School regularly.

The School also has UGC sponsored/ funded Area Studies Programms like Gulf Studies in CWAS, Centre for Russian & Central Asian Area Studies Programme in CRCAS, European Area Studies Programme in CES, Francophone Area Studies Programme in CAS and Centre for Inner-Asian Studies in CIAS. Foreign languages like Arabic, Japanese, German, Russian and others are taught in the various Centres.

The School organized the 3rd All India International and Area Studies, Convention from 30 January, 2019 to 1 February, 2019 on the theme Ascending India: Reflections on Global and Regional Dimensions.

The School has 13 Centres and 2 special programmes and offers the following M.A./M.Phil/Ph.D. programmes

1. American, Latin American and Canadian Studies
2. European Studies
3. International Legal Studies
4. International Trade and Development
5. Centre for East Asian Studies.
6. International Politics, International Organization, Diplomatic and Disarmament Studies and Political Geography
7. Comparative Politics and Political Theory
8. Russian and Central Asian Studies
9. South Asian Studies
10. Indo Pacific Studies
11. Inner Asian Studies
12. West Asian Studies and
13. African Studies
14. Human Rights Studies
15. Energy Studies

The profiles of the Centres contain a detailed description of the M.Phil/Ph.D programmes and other academic activities being undertaken at the respective Centres

M.A. Politics (International Studies): M.A. in Politics (with specialization in International Studies) at the School remains one of its flagship and most popular programmes, offering core and optional courses based on discipline and areas studies. Presently, with an intake capacity of 133 students [64 male and 69 female] and 00 casuals, the programme is being run by a faculty from all the Centres of the School.

M.A. Economics (with specialisation on World Economy): Male: 21, Female: 21, This programme is run by the Centre for International Trade and Development (CITD). A detailed description of this programme of study is given under the profile of CITD.

M.A. (International Relations and Area Studies) started from Academic Session 2019-20. Student admitted- Male: 23, Female: 28: Total: 51.

This programme offers core courses in IR and Courses on Area Studies offered by all Centres/ programme of the School. This is the first full- fledged Area Studies Masters programme offered in India.

Centre for Canadian, US & Latin American Studies

The Centre for Canadian, US & Latin American Studies (CCUS&LAS), consists of three programmes on Canada, US and Latin America. The Centre offers an M.Phil programme that runs for two years and a Ph.D. programme for four years. It also offers several elective courses for the Masters' Programme of the School. The evolution of the Centre can be traced as far back as 1955 when the Department of American History and Institutions was established as part of the Indian School of International Studies intended to stimulate interest in the North American affairs. It became a part of Jawaharlal Nehru University in 1970. Latin American Studies started as a full-fledged programme in 1971 and Canadian Studies was formally launched in 2001.

All teaching faculty are engaged in teaching, research, guidance, participation in conferences and seminars both in India and abroad, organizing special lectures, round tables and discussions. They give lectures at various government institutions, such as Foreign Services Institute, New Delhi, Army War College, Indore, and Academic Staff Colleges of various other universities in India. The Centre has several activities involving the students: they initiate discussions on their Ph.D. themes with the rest of the Centre and defend their synopses; they also participate in relevant media programmes and assist the faculty in the course work. There are a total number of 41 students enrolled in the Centre for this year.

Centre for International Trade and Development

The Centre for International Trade and Development (CITD) was established as an independent Centre in the School of International Studies, Jawaharlal Nehru University in July 2005. Prior to this the Centre was known as the International Trade and Development (ITD) division as part of the erstwhile Indian School of International Studies, which integrated with the newly established Jawaharlal Nehru University in the early 1970s as the School of International Studies.

Over the last 50 years ITD has created a niche for itself in teaching and research in international economics and economic development. The first head of ITD was the renowned economist, the late Professor A K Dasgupta. He was succeeded by our distinguished colleague Professor Ashok Guha, who was the guiding force of ITD since 1963, until his retirement. He continues to be involved in the teaching programmes of the Centre. Former faculty include B.S. Minhas, Subimal Mukherji, ParthaDasgupta and others. Stalwarts like John Hicks, James Meade, Robert Baldwin and Richard Baldwin have visited the division to deliver lectures.

Initially ITD was primarily geared towards research and running very successful MPhil and PhD programmes for several decades. In 1995, we introduced a unique MA programme in Economics (with specialization in the world economy), keeping in mind the changing economic environment of India and its integration with the world economy. The curriculum has been designed with a clear emphasis on emerging global. This MA programme has proved to be highly successful, and is one of the most popular MA Economics programmes in the country.

CITD is perhaps the only economics department in the country focusing exclusively on international economics and economic development as its main areas of teaching and research, specializing in areas like trade & investment, technology, environment & natural resources, health & nutrition, finance, law & economics, poverty, inequality, and education.

The Centre is served by distinguished faculty trained at top ranking universities of the world. Faculty strive to maintain highest academic standards in teaching, and produce high quality, cutting-edge research and regularly publish articles in the leading academic journals of their field. Faculty members have been conferred with various honours, awards and distinctions for their academic and professional contributions.

Our graduates are well established in the academic world in India and abroad, holding positions of great responsibility in the government, international organizations and the corporate world.

The Centre runs a discussion paper series for early dissemination of research results, which is recognized by Ideas/Repec. To expose students to recent developments in the discipline of economics and provide a stimulating research environment, the Centre also conducts weekly seminars and organizes Conferences on select themes.

The Centre received an endowment from the Ford Foundation in 1993. This enabled the centre to provide scholarships to students, to maintain its own well stocked library and to appoint a Ford Fellow from time to time, who participates in its teaching and research activities.

Centre for East Asian Studies

The Centre for East Asian Studies is one of the thirteen Centres in the School of International Studies, Jawaharlal Nehru University, New Delhi. Initially, established as a Centre for Chinese and Japanese Studies, it subsequently grew to include Korean Studies as well.

The students of the Centre are drawn from various social sciences and humanities such as History, Political Science, Economics, Sociology, International Relations and Chinese, Japanese and Korean languages. The key objective is to impart an interdisciplinary knowledge and understanding of the foreign policy, government and politics, society and culture and political economy of the respective areas. Students can explore new and emerging themes such as East Asian regionalism, the evolving East Asian Community, the rise of China, resurgence of Japan and the prospects for reunification of the Korean peninsula. Additionally, the Centre lays great emphasis on enhancing language skills. The academic curriculum covers various dimensions of modern and contemporary East Asia -China, Japan and Korea – one of the most dynamic and significant regions of the world today. The M. Phil programme involves two semesters of

classes followed by dissertation over the next two semesters. A total number of 73 students are currently registered (about 40 in Chinese Studies, 22 in Japanese studies and 12 in Korean Studies) in the MPhil and PhD. Programmes.

There are nine faculty members in the Centre. Each faculty member specializes and teaches courses in an area of his/her interest in the region. Dr.Sudhakar Vaddi has joined the Centre in January 2020. Several distinguished faculty who taught and mentored the young research scholars include late Prof. Gargi Dutt, late Prof. P.A.N. Murthy, late Prof. G. P. Deshpande, late Prof. Naranarayan Das and late Prof. R.R. Krishnan and Prof. K.V. Kesavan. Besides, Dr. Madhu Bhalla, Prof. H.S. Prabhakar, Prof. Lalima Varma taught at the Centre in the Korean, Chinese and Japanese Programmes during 1994-2019. The faculty members of the Centre supervised 105 Ph. D. theses, (Chinese Studies 61, Japanese Studies 40, and Korean Studies 4) and 315 M. Phil. dissertations (Chinese Studies 160, Japanese Studies 111 and Korean Studies 44) till date. In addition, Ms Kamlesh Jain and Dr. M. M. Kunju served as the Documentation Officers in Chinese and Japanese Studies respectively at the Centre and retired.

Several students of the Centre have been recipients of prestigious research fellowships awarded by Japan Foundation, Mombusho (Ministry of Education, Government of Japan), Saburo Okita Memorial fellowship, Nippon Foundation, Korea Foundation, Korean Government Scholarship (up to 4 years) under the India-Korea Cultural Cooperation Agreement, Academy of Korean Studies Scholarship, Nehru Memorial Fellowship, China Government Scholarship (up to 4 years) under the India-China Cultural Cooperation Agreement, and Fellowship from the Chinese and Taiwanese Governments. Besides, students receive fellowships from the Indian Council of Cultural Relations. Apart from the scholarships for higher studies and research available at the University level, offered by the University Grants Commission, (Government of India) the Rajiv Gandhi Foundation and the Nehru Memorial Fund, there are a number of scholarships are available specifically for area studies research.

Centre for Comparative Politics & Political Theory

The Centre, which began as a Programme with a faculty of two, was recognized as a full Centre for Comparative Politics and Political Theory, in the School of International Studies, in 2008. CCPPT currently has 7 faculty members – 2 professors, 1 Associate Professor and 4 Assistant Professors. The Centre offers four MA core courses and 3 optional MA courses for the School of International Studies, JNU.

At present 37 students are pursuing their Direct Ph.D and M.Phil. in the Centre. In 2016, CCPPT began an M. Phil. programme with 10 students. The CCPPT offers Six M. Phil.Courses including the course on Research Methodology. The total no. of research students, enrolled in the Centre for this year is 37.

The CCPPT regularly holds two Research Workshops (in Monsoon & Winter semester) each for Ph.D. and M.Phil. students annually.

Centre for African Studies

The Centre for African Studies is an interdisciplinary centre for study of Africa. It aims at promoting African studies as an academic discipline for advancing knowledge and understanding of African affairs through inter-disciplinary perspective. It brings together scholars having an active interest in Africa from all over the country and abroad. The Centre has two major programme of studies — M. Phil. and Ph.D. It also offers courses for the M.A. programme offered by the School of International Studies. The teaching and research programme of the Centre has been designed to cover both the traditional as well the contemporary issues relating to the region.

The current academic curriculum of the Centre focuses on the following thrust areas: regional organizations, government and politics, state and civil societies, ideologies, governance, Diasporas, bilateral relations, issues of development and foreign policy of major African countries. Besides this the Centre has its own research focus on Asian engagement with Africa.

To facilitate the development of research, training and interaction with scholars from abroad, the Centre holds a Nelson Mandela Chair, funded by ICCR, through which visiting faculty from African countries are invited every semester. The visiting faculty participates in various programmes and activities of the Centre.

Seminars and conferences are organized regularly by the Centre in order to strengthen its academic programmes by facilitating exchange of views among scholars. In pursuance of its aim, the Centre is involved in several academic

outreach programmes on African affairs involving Indian academic institutions. It hosts the permanent secretariat of African Studies Association of India (www.africanstudies.in), which is an apex academic association of Indian Africanist coming from all disciplines and from all Indian Universities and academic institutions.

UGC Area Studies Centre on African Studies (UGC-CAS)

The Centre has a regular UGC Centre for African Studies. It provides funding support to faculty for field visits to Africa and supports academic activities like research seminars, and publications.

Diaspora and International Migration Programme (DIMP)

The centre has a major research programme on “Diaspora in Development: Comparative Assessment of Harnessing Globalization” funded under UPE II Scheme by JNU for 2014-2019. The Principal Investigator of the project is Prof. Ajay Dubey and co-investigators are Prof. S.N. Malakar and Dr. J. M. Moosa.

Centre for Inner Asian Studies

The Centre for Inner Asian Studies is engaged in teaching and research on the whole of Central Asia, i.e., the five Central Asian Republics of Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan; Inner Mongolia, Tibet and Xinjiang regions of China; Mongolia and Afghanistan. All the academic activities at the Centre, including teaching and interdisciplinary research, have been designed to study and analyze history, politics, society, economy, geopolitics of energy and transport networks, in addition to the contemporary developments in different regions/countries covered by the Centre, and relate them to Indian experience and policy. The Centre has a regular M.Phil/Ph.D programme that attracts bright students having diverse background from across the country. Currently, the total number of students enrolled in M.Phil/Ph.D programme of the Centre stands at 61. The Centre has two Professors, one Associate Professor, two Assistant Professors and one Research Associate. The faculty members have contributed immensely to the Centre’s academic pursuit through high quality publications in the form of articles and research papers, both at national and international level. All the faculty members also offer courses for two M.A. programmes of the School of International Studies.

The Centre Chairperson (Prof. Sharad K Soni) was conferred the Award of Excellence in Higher Education for his contribution and achievement in the discipline of Arts at 1st Industry Leadership Conclave and Awards-ILCA 2019 organized by Centre for Leadership Development, Venus International Foundation, Chennai on 2 November 2019. Prof. Sharad K Soni was also appointed as a member of UGC Committee on the Physical Inspection of Higher Education Institutions (HEIs) for Swachhta Ranking 2019 in the State of Rajasthan. One faculty member (Prof. Sangeeta Thapliyal) was awarded ICCR Professor Chair, University of Valladolid, Spain w.e.f. 1 January, 2020. Another faculty member (Dr. Mahesh Ranjan Debata) has been continuing as Visiting Professor till June, 2020 at the School of International Education, Yinchuan University of Energy, Yinchuan, Ningxia, China.

The faculty members have participated in various national and international seminars, conferences and workshops, and presented papers, chaired sessions and acted as panelists and moderators. They have also occupied positions as members of national and international academic institutions, organizations etc. Students of the Centre have been active in publishing research papers and participating in national and international seminars. The Centre organised an Interactive Session with a 25-member delegation of Young Diplomats, Foreign Policy Analysts and Researchers from Mongolia followed by a Roundtable on “India’s Foreign Policy Relevance for Inner Asia and SCO: Views from India and Mongolia” on 7 November, 2019; an International Workshop on “Sinonization of Indo-Pacific’s Energy Futures? Investigating China’s Belt-and-Road Initiative Energy Investments in Asia and the Pacific” on 1- 2 November, 2019; a National Conference on “Prospects for Resettlement of Kashmiri Pandits: Socio-Economic and Psychological Dimensions” on 28 – 29 September, 2019; and a Workshop-cum-Photo Exhibition on “Historico-Cultural Heritage on the Trade Routes” on April 23, 2019.

Taking into account the growing importance of Inner Asian Studies in India, the University Grants Commission (UGC) under its Area Studies Programme has recognized the Centre for Inner Asian Studies as advance studies and research Centre with the status of UGC-Centre for Inner Asian Studies. The Centre has an in-house library developed through its Area Studies grant by the UGC. The Centre has, thus, made successful efforts to carry out research and academic

mandate of the University. In future, the Centre plans to offer regular courses at the School of Engineering and online courses at the Special Centre for E-Learning.

Centre for International Legal Studies

The Centre for International Legal Studies conducts advanced studies and research on a vast compass of issues and challenges in the various sub-disciplines of public international law: Theories of International Law, International Human Rights Law, International Humanitarian Law, International Criminal Law, International Refugee Law, International Environmental Law, International Dispute Settlement, International Courts and Tribunals, International Trade Law, International Economic Law, International Energy Law, Intellectual Property Rights, Law of the Sea, International Water Law, International Maritime Law, International Air and Space Law, International Institutional Law. Legal research at the Centre has contributed to the articulation of the Indian approaches to International Law and also to the concerns of developing countries. It has also contributed to the development of the Third World Approaches to International Law. Through its critical engagement with mainstream scholarship and theoretical frameworks, the Centre aspires to contribute to a deeper understanding of the theoretical premises and biases of International Law today

Centre for International Politics, Organization and Disarmament

The Centre for International Politics, Organization and Disarmament (CIPOD) comprises four distinct yet interlinked divisions:

- International Politics
- International Organization
- Diplomacy and Disarmament
- Political Geography

It is noteworthy that of the three original Divisions of the Centre, the two on International Organization and Disarmament were extremely innovative and remain rare in the university system of today. Soon afterwards, a separate division on Political Geography was also created in the Centre. In the latest restructuring of the School of International Studies in 2005, a new division of Diplomatic Studies (which was earlier part of another Centre) – was merged with CIPOD. The Diplomatic Studies division, since its inception in 1970, has been involved in teaching and research in historical and contemporary issues in diplomacy. In the year 2007, the Diplomatic Studies and Disarmament Studies have been merged into one Division, to be known as Diplomacy and Disarmament Studies Division (DAD).

In the reporting year, the Centre had 123 M.Phil and Ph.D. students: 27 in International Politics (INP), 30 in International Organization (ORG), 50 in Diplomacy and Disarmament Studies (DAD), and 16 in Political Geography (POG). During the year, the Centre admitted into the Centre's M. Phil /Ph. D. Programme: 05 in INP, 04 in ORG, 12 in DAD and NIL in POG.

In the reporting year, Dr. Abhishek Srivastava joined as an Assistant Professor, Diplomacy and Disarmament Division, Centre for International Politics, Organization and Disarmament, School of International Studies.

Centre for South Asian Studies

The Centre for South Asian Studies is one of the oldest centres of the School of International Studies, Jawaharlal Nehru University (JNU), New Delhi, India. The importance of the centre is self-evident by the fact that lies in the South Asian region. The centre has the privilege of having widely known faculty members. The centre also takes pride in the fact that it has directly participated in the foreign policy making exercise in the country as two of its former faculty members Late Prof Bimal Prasad and Prof Emeritus Sukh Deo Muni served as Ambassadors to Nepal and Laos respectively. The centre has organised a range of national and international seminars, round tables, symposia and workshops with regional and international experts, policy makers, academicians and civil society members. The centre has hosted and conducted projects for various Ministries, Indian Council for Social Science Research, University Grants Commission, Asian Development Bank, Ford Foundation, International Development Research Centre, Regional Centre for Strategic Studies, USAID, United Nations High Commissioner for Refugees, UNESCAP and many other national and international bodies. The Centre for South Asian Studies covers studies and research on a range of aspects of 8 countries. All the academic activities including teaching and interdisciplinary research have been designed to objectively study and analyse history, politics, foreign policy, security, societies, economies, environment, regional cooperation/integration and contemporary

affairs in different regions/countries covered by the Centre. The Centre has focused on academic pursuits that have strong intellectual value, deeper social relevance and wider national and international utilities and policy dynamics. Its programme of studies has attracted bright students having diverse background from various parts of India and also from other countries. It has evolved into a full-fledged institute of academic excellence, much admired by students, frequently consulted by the national governments and eagerly sought after by international organizations and other academic institutions. The profile of the students who have completed their studies from the Centre does show that a large number of them have joined premier academic and research institutions and equally handsome numbers are in the national and state civil services. Many of the students have done exceedingly well in media and non-governmental organizations, other tertiary sector activities and national and regional politics. The importance of the Centre has become more critical and vital both in the context of large scale transformation in the global scenario and also within the countries that have been traditionally covered and studied by the Centre. There are immense opportunities for academic inquiry triggered by these new developments.

Centre for Russian and Central Asian Studies

The Centre for Russian and Central Asian Studies is engaged in teaching and research of the Eurasian region which includes Russia, the Central Asian Republics, states in south Caucasus, Baltic countries, Ukraine, Belarus and Moldova. The region is important because it lies in India's extended neighbourhood and has become strategically very important in recent time. India has strong ties with the states of the region historically, strategically and for economic and geopolitical interests. Hence the Centre is involved in research on a very significant area.

The Centre is recognised for advance research, knowledge and scholarship on the region not just in India but across South Asia, Central Asia, Russia and elsewhere. Faculty members and researchers from the Centre link with scholars from many countries as this report shows. Students from this Centre after finishing their research join academic and research related occupations and are known for their contribution in all parts of India and abroad.

Centre, previously known as the Centre for Soviet and East European Studies, was the largest area studies centre in the country and was accorded great importance. The Centre is the premiere department in the country for research and teaching on Russia, Central Asia and other republics of the former Soviet Union. Since its inception in 1975, primary aim of the Centre is to foster an interdisciplinary research and insight on issues pertaining to this region by bringing together scholars, trained in diverse social science disciplines. We have an excellent community of scholars who specialize in disciplines ranging from Political Science, International Relations, History, Economics and Sociology to Russian Language and Literature. The Centre encourages interdisciplinary thinking and promotes opportunities for meeting, interaction and exchange of views with scholars from India and abroad. In terms of facilitating academic interaction, the Centre regularly organizes international/national seminars, round table discussions, talks and lectures.

The Centre has a regular M.Phil/Ph.D programme and offers courses for two M.A. programme of the School of International Studies. The number of seats available for M.Phil/Ph.D programme in the Centre is approximately 23 every year. Since 1978, the Centre has immensely benefited from the UGC Area Studies Programme in terms of faculty appointment, capacity-building, research based on primary sources and fieldwork, collaborative endeavours with scholars and institutions in former Soviet republics and interaction. Our international seminars bring large number of scholars from India and abroad to deliberate on issues of common interest. The Centre faculty has a large number of research publications that add to the generation of Indian perspectives on various issues relating to politics, society, economy and foreign policy of the states in the Eurasian region. It has fulfilled the original ideas inherent in the creation of Area Studies Programmes in the Country – interdisciplinary research, and to develop knowledge based on independent and in-depth research. The Ph. D research of scholars and faculty reveal the breadth and depth of inter-disciplinary research done in the Centre. Through field-works and interaction with scholars and policy makers in post-Soviet countries, the faculty members and research scholars have provided different perspectives on various aspects of post-Soviet development.

The Centre has a library-cum-reading room entirely out of its own resources and those of individual faculty member's contributions and without any fund support from outside. It has a collection of about 1,200 books and journals, including some rare ones. Under the Area Studies grant, the Centre procure books written on various themes such as economy, political system, society, culture, energy security, terrorism, geo-politics, foreign policy etc. related to Russia and Central Asian Republics. These books have been kept in the reference section of the main library of the university.

The Centre invites as visiting faculty foreign scholars from post-Soviet countries, some of whom spent a month each as visiting professors, while others delivered lectures in the Centre.

Centre for European Studies

The Centre for European Studies (CES) is a multi-disciplinary department in the School of International Studies which aims to promote teaching, research, and outreach activities that improve the understanding of Europe, the European Union (EU) and Indo-European/India-EU affairs. The Centre became functional in 2005. The CES aims to develop a pool of experts on Europe. Every year, the Centre admits about twelve to fifteen students in its M.Phil. and PhD Programme. Currently more than 60 students are on the rolls of the Centre for the MPhil/Ph.D. programme and are pursuing research on wide ranging issues of security, economy, European integration, society and politics. Since the research in the Centre is interdisciplinary in nature, efforts are made to expose students to other social science subjects which go beyond their parent disciplines. Learning of at least one European language (apart from English) is a critical component of the research programme of the Centre. A one-year language course is compulsory for all students. From July 2014 the Centre has introduced French language course in addition to German which had been offered since 2005. In the newly emerging globalizing international environment, the emphasis is given to broad social science concepts along with specific European issues. Apart from empirical research on Europe, students are also encouraged to develop skills in broader theoretical research and analysis. The Centre has also identified the Nordic region as a focus area of research/teaching and a joint course on Contemporary Issues in the Nordic Region is being offered along with two new focus areas: the Baltic region and the Mediterranean region. The Centre has got recognition from the European Commission and has two Chairs held by Prof. Gulshan Sachdeva and Prof. Ummu Salma Bava and a module held by Dr. Sheetal Sharma. The Centre has also been awarded the Jean Monnet Centre of Excellence for European Union Studies in India by the European Commission. The Centre of Excellence is being coordinated by Prof Gulshan Sachdeva.

Centre for West Asian Studies

The Centre for West Asian Studies conducts teaching and research programmes covering countries of West Asia and North Africa. It specializes in the domestic politics, foreign policy and socio-economic issues pertaining to countries extending from Morocco in the west to Iran in the east. The Centre conducts M.Phil and Ph.D. programmes and actively participates in and offers courses for the M.A. programme of the School of International Studies. It organizes periodic national and international seminars on important themes concerning West Asia and North Africa. Weekly student-faculty meetings (on every Thursday) offer opportunities for academic presentations for students and faculty and to listen to many scholars from national and foreign universities and institutions. The Centre provides an active intellectual environment for an interdisciplinary understanding of this dynamic region.

The Gulf Studies Programme (GSP) of the Centre was established in March, 1978. It has developed into a vibrant centre of activities organizing seminars, symposia and lectures besides teaching research and publications. Initially, the focus of its activities was confined to the Gulf Cooperation Countries, i. e. Saudi Arabia, Kuwait, UAE, Oman, Qatar and Bahrain, now, Iran, Iraq and Yemen are also covered. It has been promoting studies on issues of contemporary relevance and of academic importance. In promoting these studies, the focus is not only on the emerging political, economic and strategic dimension of bilateral relation but also on policy framework. Other areas include Religious Revivalism in the Gulf Region; Non-Resident Indian Entrepreneurs from the Gulf; Democratic Movements and Processes; Arms Race in the region and India; and the Gulf and India's Energy Security.

The CWAS continues to be an active centre for research and teaching. A total of 76 students were registered for the various teaching programmes in this period, 07 for M.Phil. and 00 for Ph.D. programme of the Centre during the period of the annual report.

Students admitted to various programmes of the study and awarded degrees

Future Plans

Centre for Canadian, US & Latin American Studies

Committed to upholding highest standards of research, the Faculty of the Centre are updating their lectures by incorporating the use of latest acquired knowledge/technology such as the use of software programmes to make it more interesting. Faculty are engaged in constantly updating curriculum so as to provide relevant scholarly and policy materials by online means. Several of the faculty have attended workshops held by this University to better acquaint themselves with new online modes of connecting with students and taking online classes. New courses are to be introduced shortly by faculty members such as 'Contemporary World Order in the era of Globalisation' for students in other schools.

As was done in the previous years, the Centre plans to augment the faculty strength by involving visiting fellows and professors from the countries being studied by the Centre. This is being done by virtual means.

Centre plans to organize National / International online webinars on relevant themes and invite high ranking officials, experts and policy makers to interact with students and faculty. Weekly webinars amongst faculty and students within the Centre will continue to be held. Centre faculty expects to engage with the media and other universities as subject experts and resource persons in order to engage public opinion.

Centre for East Asian Studies

Centre plans to organized Seminars, Workshops and Conferences by East Asia besides the M.Phil/PhD presentations, synopsis and others as per the Academic Calendar of the Centre.

International Conference with support of Japan Foundation is scheduled through Webinar in February 2021

Centre for Comparative Politics & Political Theory

To become the pioneering Centre for research in South Asia on Political Thoughts and Practices in the global south. As universality of western theory gets questioned, deep engagements with non western philosophies and practices reveal the

‘diversality’ of the global knowledge worlds and its approaches. Research at CCPPT plans to make Comparative Political Thought a global corpus of multiple knowledge theories that could for instance offer ecological-knowledge practices of the indigenous peoples around the world as ‘new theories of Political-Ecology. Knowledge systems that are vital for the survival of the modern world amidst climate crisis.

Building research networks with universities of the global south; and holding workshops to expand the research capacity of the region are some of the major future plans of the Centre. The Centre has plans to input more audio-visual elements in teaching and research and awaits sanction of equipments from the administration.

Established in 1969, it is one of the founding blocks of the University, the School of Language, Literature and Culture Studies (SLL&CS). It is one of the premier institutions in the country in the field of learning languages and pursuing higher studies and research in linguistics, literatures in various languages, and culture studies. Its global reputation has earned it place as one of the five degree-awarding partners of the prestigious Erasmus Mundus Joint Doctorate in “Cultural Studies in Literary Interzones” of the European Union, and one of its constituents, the Centre for English Studies, has been repeatedly adjudged as one of the top 100 departments of literary studies in the world. Furthermore, all the Centres of the School, and the School itself, have active international collaborations with leading universities of the world through AoC-s and MoU-s. SLL&CS has twelve centres: Centre of Arabic and African Studies (CAAS), Centre for Chinese and South-East Asian Studies (CCSEAS), Centre for English Studies (CES), Centre for French and Francophone Studies (CFFS), Centre of German Studies (CGS), Centre of Indian Languages (CIL), Centre for Japanese Studies (CJS), Centre for Korean Studies (CKS), Centre for Linguistics (CL), Centre of Persian and Central Asian Studies (CPCAS), Centre of Russian Studies (CRS), and Centre of Spanish, Portuguese, Italian and Latin American Studies (CSPILAS). Besides, the School also has a well-equipped Language Lab and Multimedia Complex (LLC). The different units of the School offer a variety of programmes in diverse subjects. There are Certificate, Diploma, and Advanced Diploma of Proficiency programmes in foreign languages like Bahasa Indonesia, Italian (currently not on offer), Mongolian, Portuguese and Pushtu, and also in Urdu language and Mass Media in Urdu. The School offers BA (Hons.), MA and MPhil/PhD programmes in foreign languages like Arabic, Chinese, French, German, Japanese, Korean, Persian, Russian and Spanish. The School also offers MA and MPhil/PhD programmes in English, Hindi and Urdu literature, and in Linguistics. Apart from these, SLL&CS offers MPhil in Portuguese, and MPhil/PhD in Hindi Translation, and in Tamil. Besides, the School also offers optional courses in Greek, Hebrew and Turkish languages. Over and above these existing programmes, the School has a Kannada Chair, and currently vacant professorial positions in Bengali, Assamese and Marathi, and there are concrete developments towards establishing a Chair of Odiya. Besides these formal programmes, a variety of Tool/Optional courses are offered within the School, which promote interdisciplinarity. The School also is at the spearhead of the highly successful Remedial Course in English under the Linguistic Empowerment Cell to all students of the University who need to increase their competence in the language for academic purposes. Besides teaching and research activities, the School also publishes its own journal, Journal of the School of Languages (JSL), which started publication in the seventies and has over the years published significant research on literatures, languages, culture studies, comparative studies, and translation that cut across language boundaries. Besides, some constituent units of the School have their own publications, like the CRS has its journal Critic, and the CSPILAS has its journal Hispanic Horizon. SLL&CS produces the very best scholars in the fields of language teaching, linguistics, literature and culture studies, as well as internationally acclaimed translators and interpreters. Members of the School, while providing directions and visions to their respective Centres and the School in general, have also distinguished themselves nationally and internationally by the quality and range of their individual research, publications and other achievements.

New Courses

Centre of Arabic and African Studies

The Centre of Arabic & African Studies offers B.A. (Hons.) M.A. and Ph.D. Programmes in Arabic. It also offers four tool courses on History and Culture of the Arab World and two optional courses on Modern Hebrew Language & optional courses in Arabic and COP/DOP certificate/Diploma courses in Hebrew Language. The faculty members apart from participating and presenting their valuable papers in the national and international conferences and symposia have extensively contributed articles and write ups to various leading magazines and journals of Arabic Studies and edited volumes being published in India and abroad.

In addition to all this, the Centre has produced a good number of M.Phil and Ph.D scholars. Most of the research works done by our scholars have been well appreciated by the external experts and were recommended by these experts for publication. During the period under report 14 Ph.Ds and 13 M.Phils were awarded to different scholars.

Their scholarly interventions during students’ viva voce examinations and other academic interactions and their guidance of students in and outside the class room proved to be very useful for the students. Unfortunately, due to commitments at home they could not continue their presence at our Centre.

Centre of Indian Languages

The Centre of Indian Languages was established in 1974 with a view to undertake socially relevant and intellectually provoking research and higher studies in Indian Languages. An implicit benefit of having such a Centre was to promote the interdisciplinary approach and comparative perspective in the study of Indian languages & literatures in accordance with general orientation of JNU and SLL&CS. This perspective has been a motivation behind the course content, teaching methodology and academic orientation of the Centre over the last four decades. The acute limitation however had been the fact that the CIL had been forced to confine itself only to Hindi, Urdu and Hindi Translation for long time, thus virtually reducing itself to a Centre of selective North Indian Languages. However, the situation has now taken a better form with the inclusion of Tamil programme and Centre also established a chair in Kannada & a chair in Odia. The sanction of two positions in Bangla, The establishment of chairs in Marathi is almost in final stage. Efforts are on to establish chair in other Indian languages too. The proposal of School of Indian Language and Literature & Culture Studies is under the consideration of the Academic Council of the University; if it comes through will be a step in the right directions.

Presently Centre of Indian Languages is offering M.A. in Hindi & Urdu, M.Phil./Ph.D. courses in Hindi, Urdu, Hindi Translation, Tamil, Kannada and a new Odia Chair in introduced in CIL, ADOP Mass Media (Urdu)/ COP(Urdu)/ Tool/Optional in Hindi Urdu & Beginners courses I&II for Foreign Students and altogether there are around more than 450 students and research scholars registered under various programmes and course offered by the Centre as indicated below:

- **Sahoo, Udayanath**, Publication of Odia Grammar published in 19th Century (Vol. I- In press).

Centre for Japanese Studies

- Ms. Janashruti Chandra, Assistant Professor, submitted her Ph.D Thesis in March 2020.
- Screening of Japanese movie with cooperation from Embassy of Japan, New Delhi:

Sl. No.	Movie Title	Date	Time	Venue
1.	Every Day a Good Day (Nichinichi kore kojitsu) by Tatsushi Omori”	October 25, 2019	12:00 noon onwards	Room no. 133, SLL&CS-II

Lectures Delivered Within JNU:

- **Chandra, Janashruti**, Reading Comprehension lecture at UGC-HRDC MEA course, Academic Staff College, JNU, 12 June, 2019.
- **Singh, Rupa**, Invited for lecture in JNU on ‘Japanese and Indian Culture’ to students of Daito Bunka University, Japan, 27 August, 2019.

Centre for Korean Studies

Academic activities of the Centre 2019-2020

Activity	Topic	Date
Hangeul Day	Korean Cultural Experience	9 October, 2019
Hangeul Day	8 th All India Korean Essay Celebration Writing competition 7 th All India Korean singing competition Celebration	10 October, 2019
Hangeul Day	Korean Sports Festival Award Ceremony	11 October, 2019
Special Lecture	JNU golden Jubilee Lecture series	15 November, 2019
Three week summer Program scholarship at Soojkyung Women’s University (SMU), Korea.		29 July – 20 August, 2019.

Centre of Russian Studies

- Special Lecture on “Translation” by Prof Charanjit Singh, 16 April, 2019.
- Special Lecture on “Diaspora Literature” by Prof Alfiya Smirnova from Moscow City Teachers Training University, 31 January, 2020.
- Special Lecture on “Opportunities of Study in Russia on Russian Government Scholarships” by Vasily Shagap, Chief Coordinator, Russian Centre of Science and Culture, New Delhi, 4 March, 2020.
- Extracurricular activities: The students of B.A programme participated in a programme for university students, “Days of Russian Language, Literature and Culture-2020”, 5 February, 2020.
- New syllabus introduced for M.A Ist Year from Monsoon Semester, 2019.
- Online Modules **Ranjana Banerjee**, Recorded and reviewed modules for IGNOU’s online course on Basic Russian: Communication Skills Part-II as Subject Expert.
- **Ranjana Banerjee**, Editor, Journal *CRITIC* No. 16, 2019. A Journal of the Centre of Russian Studies, Jawaharlal Nehru University [ISSN: 2229-7146]
- **Verma Kiran Singh**, Translated a story of Russian writer Alexander Kuprin for the book *Anuvad Vividha*, to be published soon in 2020

- **Verma, Kiran Singh**, Gave an interview for the Kyrghyz TV Channel during the event dedicated to the 91st Birth Anniversary of famous Soviet-Kyrghyz writer Chingiz Aitmatov’s, which was telecast on 12 December, 2019.
- **Verma, Kiran Singh**, Attended one week of Professional Development Course organized in Bishkek, Kyrgyzstan by Institute of Foreign Languages, St. Petersburg, Russia, 6 – 16 November, 2019.
- **Verma, Kiran Singh**, Translated 51 Kyrghyz Folktales from Russian into Hindi, 2019 (to be published)
- **Verma, Kiran Singh**, Reviewed modules for IGNOU’s Online Certificate course on Basic Russian as an Subject Expert
- **Meenu Bhatnagar**, Online Modules Recorded and reviewed 10 modules for IGNOU’s online course on Basic Russian: Communication Skills Part-II as Subject Expert.
- **Saini Sonu**, Prepared, Video-Recorded and reviewed 10 Modules for online courses on Russian language for IGNOU.
- **Vinay Kumar Ambedkar**, Successfully defended PhD Thesis and completed the PhD in October, 2019.
- **Vinay Kumar Ambedkar**, Received Grant from Institute Perevoda, Russia to translate two plays by Nikolai Vasilievich Gogol - “The Inspector General” and “Marriage” (РевизориЖенитьба) into Hindi, in year 2019.

Turkish Chair

- **Khan, Gous Mashkor**, Co-ordinated MOU’s and meetings of JNU authorities with the visiting delegation of Azerbaijan, 30 August, 2019.
- **Khan, Gous Mashkor**, Co-ordinated MOU’s and meetings of JNU authorities with the visiting delegation of Turkey, 20 February, 2020.

Future Plans

Centre for French and Francophone Studies

- To develop further the sub-Saharan francophone component in the courses offered at Postgraduate level.
- To develop courses on subtitling & dubbing in films.
- To promote interdisciplinary research at M. Phil/Ph. D level.
- To promote interdisciplinary research in collaboration with other departments in the University and outside.
- To develop a translation database in collaboration with the end users.
- To promote intercultural studies.

Centre of Indian Languages

- Publication of a translation from Odia to English titled *CHANDI PURAN* by SARALA DAS (15th Century)".
- Continuing Basic Odia courses
- Introduction of 2 following optional courses for M.A. Students
 - a) An Introduction to Odia
- Organizing two National seminars in association with OdiaBhashaPratistan, Bhubaneswar and Odisha Sahitya Akademy.
- Organizing a workshop on Classical Odia Literature.
- Developing library for Odia research.
- Preparation of E-Sarala Sabdakosha (Glossary)
- Publication of Odia Grammar published in 19th Century.
- Organizing Memorial Lecture on Sarala Das.
- Preparation of Online Basic Odia Language Learning
- Organizing Workshop on Translation Studies.
- Organizing Seminar on Comparative Literature in Collaboration with Kannada, Tamil and Hindi Languages.
- Translation of Classical Texts from Odia to Hindi & English.
- A comparative study of Dalit Literature in Odia, Hindi and other Indian Language.
- Comparative Study of the Mahabharata in Indian vernacular languages – (A socio- cultural analysis).

Centre for Japanese Studies

- Upgradation and development of new courses.
- Introduction of online courses.
- Introduction of course on Business Japanese
- Introduction of new courses on Japanese Culture, History, Society, Soft culture diplomacy, Indo-Japan relations etc.

Centre of Russian Studies

- From next academic session CRS is going to start online courses in Russian language for the beginners. In future CRS plans to design online courses in Russian language for the students of various levels.
- CRS has started online Webinars, wherein experts from different streams of Russian fields are being invited to keep the students engaged. In future CRS plans to incite experts from Russia and other CIS countries. It also plans to hold online workshops.

Greek Chair

- Greek Chair plans to introduce Certificate and Diploma Courses and Ph.D. Degree programmes in Greek Studies at the earliest possible

Centre for English Studies

- Given the nature and range of academic engagements at CES, we envision becoming a Special Centre for English and Cultural Studies, with autonomous and interdisciplinary linkages with foreign and Indian languages as well as other disciplines in the humanities and social sciences.
- We see the further strengthening of our research programmes as an important priority. Our plans include (a) strengthening the dissertation component at the MA level through the introduction of courses and training modules in research methods and academic writing, (b) organizing research workshops for MPhil and PhD students at regular intervals to introduce them to new areas and methods of research, and (c) creating a forum for regular presentations by Ph.D students to peers and faculty on their work in progress, to which specialists in their areas may be invited. This will give them valuable feedback and also allow them to share their work, and for the Centre to be apprised of the range of research being carried out.
- We also look forward to further international collaborations with adequate students' mobility, so that our researchers can get exposed to the international best practices of research in their field. We also have future plans of promoting and subsidising students' publications through funds received by the Centre, to make the massive and path-breaking research output of the Centre more visible.

**School of Life Sciences
(SLS)**

SCHOOL OF LIFE SCIENCES

School of Life Sciences (SLS)

During this reporting period, the School has made substantial all-round progress in teaching and research. This year 18 of our students obtained Ph.D. degree and 18 students obtained their M.Sc. degree. The students and faculty members of the School published 116 papers in peer-reviewed journals, in addition to book chapters. Currently, the faculty of the School have 44 ongoing projects from various funding agencies. The School has funding under the FIST II and CAS (DRS-I) programmes of DST and UGC, respectively, and have acquired new equipments for its Central Instruments Facility.

During this period, the School re-organized its research activities under the Ph.D. programme and created Five research groups for admission of Ph.D. students as per the Table below. This should provide new impetus to showcase the research activities in the School and attract talented students and funding to the School. The School also organized field trip for its students to the Dabur research laboratories to learn first-hand about research activities in a pharmaceutical industry. The School continued its annual Summer Research Programme and the BioSparks research festival as part of its outreach activities.

Research Group	Topics (For a detailed list, see SLS website www.jnu.ac.in/sls)
Group I Plant Biology; Virology; Plant Biotechnology	Biology of Plant-virus Interactions; Plant microbe Interactions; Functional Genomics and Metabolomics of Abiotic stress in Crop Plants; Comparative, Functional and Evolutionary Genomics of Capsicum species
Group II Microbiology; Immunology; Infectology, Radiation and Cancer Biology	Parasitology/ Basic biology; Carcinogenesis, Cancer Chemoprevention and Therapeutics; Yeast Molecular and Cell Biology; Microbiology; Cell Signaling and Cancer Biology; Yeast Molecular Genetics in <i>S. cerevisiae</i> and the pathogenic fungus <i>Candida albicans</i> ; Radiation and Cancer therapeutics; Molecular Mechanisms and protein traffic during immune cell effector responses; Cell and molecular biology of the malaria parasite, <i>Plasmodium falciparum</i>
Group III Genetics; Cell & Molecular Biology; Developmental Biology	Non-coding RNA, Stem Cells; Chromatin, transcription and Gene Regulation; Developmental biology with emphasis on autophagy in <i>Dictyostelium</i> ; Epigenetics & Chromatin Remodeling
Group IV Animal Physiology; Neurosciences and Systems Biology	Neurobiology of Sleep-Waking-REM Sleep; Brain Ageing and its counter strategies; Sleep, Learning and Memory; Neurodegenerative disorders
Group V Biochemistry; Biophysics; Bioinformatics; Nanobiology	Biochemistry & Redox biology of degenerative diseases; Structural Biology; Structural & Parasite Biology; Biophysical Chemistry; Biophysics, Nanobiotechnology

The School would further strengthen its teaching and research activities along these five research groups during the next year. As part of our regular feature, the School would revise the curriculum and courses for M.Sc. and Ph.D. programmes.

Profile of the School:

The School of Life Sciences (SLS) came into existence during 1970-71, and has been a premier department in the country undertaking inter-disciplinary research and teaching in Life Sciences.

The School has been reaching out to all parts of the country to pick students and has tried all possible methods of communication with the students including class-room interactions, examinations, quizzes, seminar presentations, reading and summarizing of research papers, undertaking original research projects and conceptualizing and convening of conference on current topics in the field etc., in order to ensure maximal reception of information by the students. With the main focus on **CELL AND MOLECULAR BIOLOGY**, SLS has built reputed research programmes in the areas specified in the Table above, employing microbes, plants and animals as model systems for these studies.

Faculty-wise list of specific Research Areas:

Name of Faculty	Major Areas of Research
Prof. K. Natarajan	Transcription, chromatin and gene regulation, Nutrient stress regulation of <i>Candida albicans</i> pathogenesis, skin biology and melanogenesis.
Prof. B.N. Mallick	Neural regulation and function of REM Sleep.
Prof. P.C. Rath	Genomic Biology of Repetitive DNA & Noncoding RNAs, Cytokines, Transcription Factors, Cell signaling & Disease; Mesenchymal Stem Cells from Bone Marrow & Regenerative Medicine; Molecular Aging
Prof. S.K. Goswami**	Eukaryotic Gene Expression; Transcription Control of Cardiovascular and other degenerative diseases
Prof. Shweta Saran	Developmental programmed Cell death in <i>Dictyostelium discoideum</i>
Prof. S. Chakraborty	Molecular Biology of Plant viruses, host-virus interaction, Gene silencing.
Prof. Ajay K. Saxena	Macromolecular crystallography on human disease related proteins, Rational structure based Drug Design and Vaccine Development.
Prof. Deepak Sharma	Brain ageing and Mechanism of Action of Anti-ageing Drug in Rats.
Prof. R.P. Singh	Modulatory Effects of Phytochemicals on Carcinogenesis and Genotoxicity in mammalian cell culture and Mouse Models, Tumor Angiogenesis.
Prof. A.K. Nandi	Molecular Plant Physiology, Plant pathogen interaction, systemic acquired resistance in plants.
Prof. Ashwani Pareek	Crop biotechnology, Functional genomics of abiotic stresses.
Prof. A.K. Mondal	Yeast Molecular and Cell Biology
Prof. Atul K. Johri	Vaccine development for Group B Streptococcus and other infectious agents using reverse vaccinology approach.
Prof. S.S. Komath	GPI anchor structure and biosynthesis, regulation and function in <i>Candida albicans</i>
Prof. S. Gourinath	Structural and functional studies of crucial pathway proteins from gastric infections organisms (<i>E. histolytica</i> and <i>H. pylori</i>).
Prof. Arun S. Kharat	Microbiology –Applied Microbiology/ Biotechnology/ Antimicrobial Agents/ Medicinal Plants
Dr. Neelima Mondal	Regulation of p53 and related genes in cancer cells. Effect of synthetic compounds/drugs/phytochemicals on cell cycle regulation of cancerous and non-cancerous cells. How to overcome tamoxifen resistance in breast cancer cells.
Dr. Rohini Muthuswami	Chromatin Remodeling, Epigenetics.
Dr. Sneha Lata Panwar	Role of mitochondria and GPCR-like proteins in <i>Candida albicans</i> .
Dr. Sushil Kr. Jha	Neurophysiology of Sleep, Learning and Memory
Dr. Amal Chandra Mondal	Alzheimer's Disease, Parkinson's Disease, Depression and its molecular mechanism.
Dr. Ashu Bhan Tiku	Radiation & Cancer Therapeutics.
Dr. Niti Puri	Molecular Mechanisms of Regulated Exocytosis from Mast Cells; Intracellular Protein Traffic in Immune Cells.
Dr. Nirala Ramchiary	Genetics and Genomics of <i>Capcium</i> species.
Dr. Karunakar Kar	Protein aggregation and prevention by selected natural compounds and engineered nanoparticles. Development of biomaterials for biomedical applications.
Dr. Abhisheka Bansal	Molecular Parasitology
Dr. Vikas Yadav	Cell and Molecular Biology; Nuclear Receptors and Transcriptional Regulations of Metabolic Vascular Syndrome
**Prof. S.K. Goswami (superannuated on 31st Jan. 2020)	
Prof. R. Madhubala,	Cellular and Molecular Biology of <i>Plasmodium falciparum</i> , <i>Leishmania</i> , Cancer: Drug

Dr. A.S. Paintal Distinguished Scientist Chair of ICMR	Targets and Applications.
Prof. B.C. Tripathy , UGC BSR Fellow	Chloroplast Biogenesis; Biochemistry and Molecular Biology of Plant Pigments. Protein Targeting into Chloroplasts, Photodynamic Herbicides, Root-Shoot Interaction in Greening Process.

Conference Organized by the School

School's Events:

The Summer Research Programme-2019 was successfully organized during summer vacation from 27 May – 5 July, 2019. 23 students participated the Programme.

Visitors to the School:

The School organized the following Seminars by visiting/invited scientists during the period (1 April 2019 – 31 March 2020)

- Dr. Laxmi Shanker Rai, Post-doctoral Fellow, Department of Mycology, Fungal Biology and pathogenicity Unit, Institut Pasteur, “Characterization of Molecular Mechanisms Involved in the Development of Biofilms of the Fungal Pathogen *Candida albicans*”, 31 October, 2019
- Dr. Debendra K. Mohapatra, Senior Principal Scientist, Department of Organic Synthesis and Process Chemistry, CSIR-Indian Institute of Chemical Technology, Hyderabad- 500 007, “Chasing Natural Products That Were Never There:
Role of Synthetic Organic Chemists” 18 October, 2019
- Prof. Gregory Harper, Faculty of Veterinary and Agricultural Sciences and Research, Innovation and Commercialization
University of Melbourne, Parkville (Australia), “Building Mission-based Research Capability for Agriculture and Food”, 20 February, 2020
- Dr. Chandrima Shaha, NII, New Delh, “Crossing over: cell-life to cell death”, 3 July, 2019
- Dr. Gagandeep Kang, Executive Director, THSTI, Faridabad (HR), “Control or eliminate? Worm wars in India”, 4 July, 2019
- Prof. Anand Bacchawat, IISER-Mohali, “Glutathione degradation: new pathways reveal new insights”, 31 January 2020
- Prof. Arun Shukla, IIT-Kanpur, “Structure, function and modulation of G protein-coupled receptors”

Accomplishment of Students:

Prof. Supriya Chakraborty

Neha Gupta – Awarded Best oral presentation award (First Prize) at the International Conference on “Evolution of Viruses and Viral Diseases” 18-20 February, 2020 at Indian National Science Academy, New Delhi, India.

Manish Kumar – awarded Best poster presentation award (Second Prize) at the International Conference on “Evolution of Viruses and Viral Diseases” 18-20 February, 2020 at Indian National Science Academy, New Delhi, India.

Prof. Ashwani Pareek

Wungrampha Silas: First prize in flash talk in the International EMBO meeting on Stress India|EMBO Symposium “Sensing and signalling in plant stress response”, New Delhi, India, 15 – 17 April 2019.

Ramsong C Nongipur: First prize in lightening talk in the International EMBO meeting on Stress India|EMBO Symposium “Sensing and signalling in plant stress response”, New Delhi, India, 15 – 17 April 2019.

Kamlesh K Nutan: Second prize in poster presentation at the International EMBO meeting on Stress India|EMBO Symposium “Sensing and signalling in plant stress response”, New Delhi, India, 15 – 17 April 2019.

Rohit Joshi: Third prize in lightening talk in the International EMBO meeting on Stress India|EMBO Symposium “Sensing and signalling in plant stress response”, New Delhi, India, 15 – 17 April 2019.

Prof. Atul Johri

Nidhi Verma- Award best abstract winner General Microbiology meeting: American Society for Microbiology, San Francisco, USA June 2019

Dr. Ashu Bhan Tikku

Shivani Awarded Best poster award at 13th International Symposium on Cancer Prevention and Treatment CRCA- Cancer Research and Care Academy, New Delhi, 20 – 21 February, 2020.

Shivani Awarded Best Picture award in category “Visual Sparks: Art in cell biology”. Biosparks 2019, JNU, New Delhi

Conferences Organized

- **Natarajan K.**, Organized DST-SERB funded Special Review Committee Meeting of PAC-BBMM, in the School of Life Sciences, JNU, 29 – 30 April, 2019.
- **Pareek Ashwani**, Chief organizer for the EMBO meeting on Stress India|EMBO Symposium “Sensing and signalling in plant stress response”, New Delhi, India, 15 – 17 April 2019.
- **Singh R.P.** Organized, International Symposium on Cancer Prevention and Treatment, Jawaharlal Nehru University, New Delhi, India, 20 – 21 February, 2020.
- **Singh R.P.** Organized, Workshop on Handling and Care of Laboratory Animals at School of Life Sciences, Jawaharlal Nehru University, New Delhi, India, 15 – 19 February, 2020.
- **Chakraborty Supriya**, Member of Local Organizing Committee of International conference on “Evolution of Viruses and Viral Diseases”, at Indian National Science Academy, New Delhi, India, 18 – 20 February, 2020;

Patent

- **Pareek Ashwani**, Indonesia (ID) W00201100890, Granted, HK1-3-HI.05.02.04.W00201100890-DP, 9 March, 2020, Gen Histidin Kinase Tipe Hibrid Yang Diisolasi Dari Padi Indica IR64” (Hybrid-type Histidine Kinase Gene Isolated from Indica Rice IR64)

Atal Bihari Vajpayee School of Management and Entrepreneurship (ABVSME)

Management education plays a key role in most of the systems and institutions, whether related to education, health, hospitality, or manufacturing. In the fast-moving and technology-driven world of today, even religious and family affairs need management consultation on various occasions. However, to meet the existing and emerging challenges, the management education has to be designed innovatively and in consonance with the dynamics of the field. At present, most of the management schools are either standalone educational institutions or are part of a university system.

A management institute based in a university like JNU has the advantage of offering a more comprehensive understanding of management and entrepreneurial principles. The Atal Bihari Vajpayee School of Management and Entrepreneurship (ABVSME), is a new school (centre) in JNU. Today when our nation is putting every effort to empower its youth, management skills and entrepreneurship assume immense significance. ABVSME aims to carve out a niche for itself and provide opportunities to our youth to get quality education and training in the field of management and entrepreneurship. A number of factors are likely to contribute to the success of ABVSME. JNU has strong national and international credentials and an enviable brand image; it has also earned its reputation for its multidisciplinary tradition of teaching and research. The addition of ABVSME to its existing schools will further enhance its image as a centre of excellence. JNU is located close to the industry in Delhi and the NCR. This locational advantage would facilitate its placement programme.

ABVSME began its journey in 2018, and in July 2019 the first batch of Masters of Business Administration (MBA) students joined the School. The teachers and the students have made their unique contribution to this first step of ABVSME, and the School's foundation has been soundly built. The School is now ready to welcome its second batch of MBA as well as the first batch of PhD for the year 2020-2021.

The following are the various academic programmes of the School:

Existing Programmes

- Master of Business Administration (MBA)

Proposed Programmes

- Doctoral Programmes (PhD)
- Diploma in Entrepreneurship

Other Programmes

- Management Development Programme (MDP)
- Faculty Development Programme (FDP)
- Quality Improvement Programmes (QIP)

Pedagogy

- Computational Thinking
- Structured lectures and teaching, with high modern methodology
- Guest lectures by the master in the field
- Panel discussions involving eminent academics and industry leaders
- Workshops & seminars
- Case studies & hands-on training sessions
- Project assignments
- Role playing
- Business games
- Industry visits.

List of Guest Lectures/Talks organised by the School

Topic	Speaker	Summary of Lectures
Happiness & Positivity at the workplace	Mr. Mukesh Jain IPS Officer, Batch 1989, Madhya Pradesh Cadre	Mr. Jain emphasised on happiness & positivity at the workplace, and rightly pointed out that happiness comes from within, and that was the base of the whole argument he put forward. There are barriers to happiness, as per Dr. Jain, and these barriers are a result of materialistic notion of happiness. But, it does not imply that money and wealth is not important, as it would be too impractical to imagine a world without it. Wealth however should not be the fundamental reason to be happy. Therefore, there is a thin demarcation between the happiness we perceive and actual happiness.
Leadership prospects for India	Dr. Bhimaraya Metri Director, IIM Tiruchirappalli	Dr. Metri spoke about the importance of speed in learning and updating knowledge and skill. He mentioned the developments that took place in the last industrial revolution, and its effects that are still relevant, such as the ever-changing dimensions and trends, which were followed by insights on ancient Indian values and traditions, which were based on efficient leadership and sustainability.
3Cs OF Communication in the VUCA World	Mr. Siddharth Singh Head (Corporate Affairs & Administration) Tata Power DDL	Mr. Singh talked about the ever-changing landscape of corporate communications and the impact of social media on the field. He talked about the concept of VUCA (Volatility, Uncertainty, Conflict and Ambiguity), a combination of qualities that, taken together, characterise the nature of some difficult conditions and situations. He also expanded on the 3Cs (Concept, Course, Critique) concept.
Changing Role of HR	Ms. Kashish Daya Kapoor Associate Vice President Head of HR, NEC Technologies, India	Ms. Kapoor, who is undisputedly a veteran in the field of HRM, simply emanates an aura of a refined and sorted manager, which not just an imperative for a person to succeed in his career but also in life. Ms. Kapoor's visit at ABVSME brought enlightenment among the students about the dynamism in the industry and the changing roles of manager and the demand of the industry for its human capital.

Role of Entrepreneurship in India's Growth	Dr. Sunil Shukla Director, Entrepreneurship Development Institute of India	Dr. Shukla described what Entrepreneurship is, what it takes to be an entrepreneur and how one can become a successful entrepreneur. He also took a leap into the topic of how entrepreneurs are an integral part of the development and betterment of society in developing countries like ours and how essential it is to support budding entrepreneurs to ensure the country's continued economic progress.
Indian Models of Business & Entrepreneurship	Prof. P. Kanagsabhapathi Member, ICSSR-New Delhi Former Director, Tamil Nadu Institute of Urban Studies, Coimbatore	Professor Kanagsabhapathi elaborated in detail about the industrial composition of India. He discussed the big role that culture has in economics and the function of business, and the personal relationship-based economy that India is based upon. He supplemented this with examples of successful entrepreneurship cultures of Sivakasi (Firecrackers and Matchbox industries) and Rajkot (Engineering Industry). He also pointed out India's saving culture and its role in the relatively soft impact of the 2008 financial crisis on India's overall economic shape.
Transformation of Communication Tools with Technological Advancement	Mr. Gaurav S. Karrir National Programming Head, FM Tadka	Mr. Karrir talked about the transformation of media channels with technological advancement with respect to Radio. He focussed particularly on the current dynamic environment due to the big steps being taken in technological advancement. He also explained how Radio has its unique position in the market and the importance of media channels in the modern world.
Financial Prudence	Mr. Manoj Sharma Sr. Assistant Director SFIO, Ministry of Corporate Affairs Government of India	Dr. Manoj Sharma put forth the concept of financial prudence before the students. He pitched upon the importance and relevance of financial prudence to an organization and the individual. He also explained how a simple but mostly ignored concept can cost the organization to evaporate out of the market. Dr. Sharma's pragmatic and analytical approaches for his financial investigation evoked consciousness among the students for financial prudence and a realistic application of financial concepts.

Economic Scenario and Governance in India	Mr. Shyam Sunder Agrawal IAS (Retd.) Former Director, IITM, Delhi	Mr. Shyam Sunder Agrawal, an embodiment of scintillating thoughts, humorous attitude and wisely wisdom, gave his precious presence to the student of Atal Bihari Vajpayee School of Management and Entrepreneurship. Mr. Agrawal, Retd. IAS, who had served the country through various government departments and institutions in his entire career, enriched the students through his worldly-wise knowledge and his vast and versatile experience.
Korea-India Relationship from Business & Trade Perspective	Dr Lee Sang Man Expert on Korean Business & Trade	Dr. Lee Sang Man introduced us to the work culture, traditions and current situations of South Korea and the relationship between India and South Korea. He described to us how their work is especially influenced by their culture and about their power distance in the organisations. He also talked about how Indians can create businesses and achieve success through the Indian culture in Korea.
Being Global to Become a Global Leader or Just to Survive	Prof. Yoon Hi-Won Seoul National University	Prof. Yoon hi-won discussed the concept of globalisation through examples taken from both the Korean and the Indian perspective. She focussed on the term global to give us a deep understanding of how the world has changed, how it is changing and how it is going to change in the coming time.
BIRLA Model for Public Funded Research to Build Sustainable Innovation	Dr. Unnat P. Pandit Director NITI Aayog, Sansad Marg New Delhi	This eminent personality imparted a deep impression on how to understand whether a business idea which may work in the future or ideas which are currently being worked upon by others can check for its development and scalability with an important aspect, which is sustainability. He with his deep understanding and knowledge shared his tripod model, Bhartiya Innovation Readiness Level & Assessment to check whether the fundamental of a new idea has a future scope or not. Dr. Pandit also shared his views on the importance of innovation in the current business and economic scenario of the country.

Beyond Business Responsibility	Brigadier Rajiv Williams, Head-CSR Jindal Stainless Limited	Brigadier Rajiv Williams, Head-CSR of Jindal Stainless Limited gave insights on “Beyond Business Responsibility.” He addressed issues relating to the three P's of CSR i.e. people, which are centric to any development, planet, which are essentially environment related and the combo of the two, which are prime movers of the third P that is Profit.
Expectations and key aspects for success in Corporate World	Ms. Deepti Kaur Associate General Manager NEC Technologies	Ms. Deepti Kaur delivered a lecture on “Expectations and key aspects for success in Corporate World.” She is the Associate General Manager of NEC Technologies India. An alumna of Jawaharlal Nehru University in Japanese Language and Literature, she delivered a lecture Vendor Management, Presales, Translation, Business Development, and Japanese Business Culture.
Thinking Out of the Box	Mr. Sameer Mathur, Senior Principal Accenture Strategy	It was encouraging for us know that "Thinking Out of the Box" is not something magical or innate but is simply, a mind-set that can be developed over time with aid of abundantly valuable tools and techniques as long as one is willing to persevere over time. A fun and engaging game was played too where in a case was discussed and different teams gave out different problem statements and solutions.
The Significance of Contracts in Business	Mr. Navodit Mehra Senior Vice President – Legal Sterlite Power	Mr. Mehra gave a lecture on “The Significance of Contracts in Business.” He concluded his lecture commemorating Shri Atal Bihari Vajpayee with the elocution of one of his more renowned poems. It was truly a wonderful experience to learn the legal aspects of doing business from Mr. Mehra.

CSR: Changing Life of People	Prof. Kaushal Sharma Honorary Director ICSSR, Northern Regional Centre	Prof. Kaushal Sharma, Honorary Director, ICSSR Northern Regional Centre, gave his precious presence to the students of ABVSME. Prof. Sharma, enriched the students through his worldly-wise knowledge and his vast and versatile experience. He described the role of CSR and how by CSR lives of people, changing very fast. He explained how CSR has become such an integral part of a company's culture that its success is almost as important as annual targets and revenue.
Business Excellence	Mr. Manish Khandelwal, Vice-President, Quality & Efficiency Sheela Group (Sleepwell Mattress)	Mr. Manish Khandelwal, Vice-President, Quality & Efficiency Sheela Group (Sleepwell Mattress) imparted a deep impression on Business Excellence. He with his deep understanding and knowledge shared his ideas all about Business Excellence, why excellence is required and its role etc. It was really an enriching experience for everyone present to know about intricate details of a new industry.
The Myers-Briggs Personality Type (MBPT)	Dr. R.S Dabas, International Corporate Trainer	Dr. Dabas, a renowned International Corporate Trainer put forth the concept of The Myers-Briggs Personality Type (MBPT) before the students. He told that, "The Myers-Briggs Type Indicator" (MBTI) is an introspective self-report questionnaire indicating different psychological preferences.
Supply Chain Finance	Mr. Mayank Joshi Director, Cashinvoice	Mr. Mayank Joshi, Director, Cashinvoice, discussed the concept of Supply Chain Finance: Modern way of Working Capital Finance through examples taken from both the Indian and the world perspective. He told, Supply Chain Finance (SCF) is a huge amount of interest from organizations of all sizes.
Financial Management and Income Tax	Mr Sameer Sharma (IRS) Finance Officer, Jawaharlal Nehru University	Mr Sameer Sharma (IRS), Finance Officer, Jawaharlal Nehru University elaborated in detail about the "Financial Management and Income Tax". He briefly discussed all savings for Income Tax and supplemented it with many examples. He also pointed out India's tax system and its role in Economy.

Conferences/Workshops Organized by the School

ABVSME organized a day's national workshop on 'Managing Funds and Entrepreneurship' on 18 January, 2020. The workshop had lectures delivered by industry leaders as keynote speakers. The workshop was coordinated by Dr. Brajesh Kumar Tiwari, Associate Professor, with the guidance of Prof. Heeraman Tiwari, Dean, ABVSME, and with the assistance of Dr. Vikram Bansal, Assistant Professor. The first session was conducted by Dr. Anurag Mittal. Dr. Mittal is the in-charge of the Entrepreneurship Cell at Delhi University. The next session was on the topic 'Entrepreneurship Need of the Hour' given by Mr. Anoop Kaippalli who is the National Coordinator of Bharat Niti. This session was moderated by Dr. Sakshi Sharma of ABVSME. Next up was a session on 'Thriving among Giants' by Dr. Aman Dhall, Entrepreneur & Communications Head at Policy Bazaar. This session was moderated by Dr. Shachi Yadav of ABVSME. CA Anshul Kumar, founder of Start-up Bazaar, took a session on 'Managing Funds and Compliance.' This session was moderated by Dr. Vaniki Joshi Lohani of ABVSME.

The valedictory function was held in the presence Prof. R.P Singh, Rector, JNU, as the chief guest and Mr. Mohinder Singh Tonk, Chief General Manager HR at ONGC as the guest of honour. The chief guest and the guest of honour gave their perspective on the workshop. It was followed by the certificate distribution ceremony.

Accomplishment of Students

The following are the achievements of the students of ABVSME:

- Students of ABVSME, JNU visited SARAS Aajeevika Mela (October 10-23, 2019) organized by Ministry of Rural Development, Government of India (GOI) at Pragati Maidan. Under guidance of faculty member Dr. Brajesh Kumar Tiwari, the students used this special opportunity to interact with exhibitors from different states and inquired about their businesses as well as cultures and traditions of their respective states. As the students interacted with participants, they realized that how this initiative by the Government is making it easier for the exhibitors involved with the self-help groups to scale their business and reach out to a broader audience at national level. During this engagement, students also appraised exhibitors on various government schemes related to SHGs and entrepreneurs so that they can avail maximum benefit of government schemes.
- The students of ABVSME, JNU got an opportunity to have an industrial visit to India's oldest and leading ceramics-based company, Somany Ceramics at their Bahadurgarh base. In the presence of faculty Dr. Priya Gupta, the company's Corporate HR head Mrs. Archana Phogat, her team member Mr. Abhinav and Er. Yogesh from the manufacturing department of the company gave us more insight into the whole Tile manufacturing process and their HR offerings. After a short brief about what's going on in their company regarding the manufacturing part, we visited the plant where the actual manufacturing process takes place. This Industrial visit helped gain more information about the ceramics sector of India and what current industrial sector needs from us, as the next generation of leaders. In short, it was an enjoyable and nice learning experience for us.
- As part of a project, students of ABVSME, under guidance of Dr. Brajesh Kumar Tiwari, Coordinator Training and Placements, got the opportunity to visit the 'Hunar Haat' (February 13-23, 2020) organized by the Ministry of Minority Affairs at India Gate lawns in Delhi and engaged with exhibitors. Coming from different states of the country, the exhibitors represented different self-help groups.
- Vikrant Kala's article on 'Private Haste, Public Waste: Are Private Market valuations too ambitious and rosy?' published in IIM Bangalore's Finance Magazine.
- Saurav Jha, Vikas Bharti & Sachin S. Alavandi presented their business idea at 'E-Summit' organised at IIT Roorkee.
- Abhishek Singh & Rishabh Gambhir achieved the second position at 'Market-War', a marketing event hosted by IIM Sirmaur.
- Rishabh Rohilla, Riya Bharti & Vikrant Kala represented ABVSME at 'HR National Case Study Competition' hosted on 15 Feb. 2020 at IIT Delhi.
- Sachin S. Alavandi co-authored an article on 'Underlying Employee Motivation' published at UGC Care Journal (ISSN: 2394-3114).

Students Awarded Degrees (SPS)

School of Physical Sciences (SPS)

The School of Physical Sciences (SPS) is one of the leading departments in India both in terms of teaching and research. SPS has three major branches of science (Physics, Chemistry and Mathematics) in the same department and this provides a natural habitat for collaborative research in interdisciplinary areas. SPS offers Ph.D. and M.Sc. degree programmes in all the three disciplines (Physics, Chemistry and Mathematics). Very recently, the school has started M.Sc. program in Chemistry (in 2017) and Mathematics (in 2019). Since the inception of the School of Engineering, the faculty of SPS has been teaching the basic (theory and laboratory) courses in Physics, Chemistry and Mathematics in the B. Tech programme of the School of Engineering. Most of the laboratories are well equipped with state-of-the-art research instruments. The school has state-of-the-art computing facilities and well-equipped laboratories for Physics and Chemistry. SPS has a well-established Library with a good collection of books and journals in all the three subjects. In M.Sc. programmes, SPS offers traditional core courses in each subject; in addition, focus is given to offer specialized courses to students as elective courses to enrich their knowledge in specific domains. SPS offers well-designed M.Sc. laboratory courses including the traditional and modern experiments. In terms of research, SPS is one of the leading schools where the faculties have made noteworthy contributions to the traditional disciplines of Physics, Chemistry and Mathematics, as well as to the areas at the interface of these subjects.

The faculty of SPS continues to publish research papers in reputed journals and present their work in both national and international conferences and seminars. The faculty and students regularly publish research papers in top international journals and their publications have received extensive citations in the scientific literature. During the past year, **112** peer reviewed research papers, **6** chapters in books and **20** conference proceedings were published by SPS faculty and students.

The focus areas of research carried out by the Physics group at the SPS has been on topics in Chemical Physics, Computational Physics, Condensed Matter Physics, Quantum Dots, Material Science, Magnetism, Superconductivity, Nano-particle physics, Disordered Systems, Granular Materials, Mathematical Physics, Non-equilibrium Statistical Mechanics, Quantum Chaos, Statistical Nuclear Physics, High Energy Physics and String theory. The Chemistry group expertizes in the areas of Supra-molecular Chemistry, Spectroscopy, Synthetic Organic Chemistry, Organic-Inorganic hybrid materials, Polymers, Nano-chemistry, Ultrafast Photo-physical Processes in Bio- and Nano-materials, MOF and zeolite membranes and Bio-physical Chemistry ; and the Mathematics group has been working in areas of Algebra, Algebraic and Analytical Number theory, Elliptic Curves, Ergodic Theory and Dynamical Systems, Probability Theory and Operator Algebras.

The research and teaching contributions of SPS have been recognized and acknowledged. Many of the faculty members are invited as speakers/chairs of sessions at conferences, both at national and international levels. Some faculty members have received prestigious awards (Prof. Sanjay Puri received the Visitors award in 2019 and Prof. Debashis Ghoshal received the INSA teachers award in 2019) and been elected fellows of some reputed scientific academies as well. Many of our students have gone on to become faculty and scientists in leading institutions and laboratories within India and abroad.

In recognition of the excellence in the teaching and research programme at SPS, the UGC has been continuously supporting the SPS since 1994 through various schemes such as DRS-COSIST and DSA. Apart from the UGC support, SPS has also received major funding from the DST under the FIST programme in 2002, 2007 and 2013 which has been successfully implemented and completed. It is also worth mentioning that SPS faculty members have attracted considerable individual support through research projects from IFCPAR-CEFIPRA, CSIR, DST, DBT, NBHM (DAE), UGC, etc. SPS has received large amount of research funds from various funding agencies at national and international level.

A large number of eminent researchers across the country and world have visited the SPS and delivered many talks in concurrent subject areas of Physics, Chemistry and Mathematics.

New Courses

- M.Sc. program in Mathematics commenced in monsoon semester 2019.

Conferences organized by the School

SPS Soft Matter Meeting-2019

SPS, Jawaharlal Nehru University organized a one-day meeting on Soft Matter Science which was held on Wednesday, 13 November 2019 in the honor of the superannuating faculty member Prof. H. B. Bohidar. It was an occasion to discuss and deliberate on the recent trends in the areas of soft matter science, biophysics and their interfaces largely for the benefit of young students and researchers. Deliberations were invaluable to the students in particular in forming a balanced opinion made by Prof. R. Rajaraman (SPS). The inaugural talk was delivered by Dr. Shankar Ghosh (TIFR), recipient of S. S. Bhatnagar Award 2018 in Physics. Other external speakers included Prof. Rajesh Khanna (IIT Delhi), Dr. Ravikumar Pujala (IISER of the scientific importance of this field. Opening remarks were Tirupati), Dr. Amarnath Gupta (IIT Kharagpur), and Dr. Nisha Pawar (IIT Kharagpur). From SPS, Prof. Sanjay Puri, Prof. S. P. Das, Prof. Subir Sarkar, and Dr. Manoj Munde delivered talks on various contemporary and challenging problems of Soft Matter Science. The meeting was organized by Prof. Satyabrata Patnaik and Dr. Sobhan Sen of the School.

SPS Summer Training Program

The Summer Program ran from 1 June, 2019 - 15 July, 2019. It was co-ordinated by Prof. H. B. Bohidar. There were 14 trainees, 8 (in Physics) + 4 (in Chemistry) + 2 (in Mathematics). These students were from Delhi University (6), Central University Haryana (2), IISER Berhampur (1), Central University Jharkhand (2), Jamia Millia (2), DST-Inspire Student (1).

Visitors to the School

The School of Physical Sciences runs a regular and vibrant seminar program with around **50** talks in all during the academic year 2019-2020. Many eminent visitors were invited by the school who presented seminars on diverse topics in areas of Mathematics, Chemistry and Physics. Special mention must be made of Arup Kumar Raychaudhuri, Anuradha Jagannathan, B. Sriram Shastry, Parameswaran Ajith, Thomas A. Jung, Raju Roychowdhury, Alan S. Goldman, Tahei Tahara, Jean-Marc Deshouillers etc.

- Dr. Gaurav Bhatnagar, 15 January – 30 June, 2019 & 15 October – 15 December, 2019
- Dr. Keshab Chandra Bakshi, Chennai Mathematical Institute, 11 – 13 July, 2019
- Sen, S., host faculty for the visitor to School of Physical Sciences, Prof. Tahei Tahara, Chief Scientist,
- Molecular Spectroscopy Laboratory, RIKEN, Wako, Japan during 18 – 20 February, 2020. Prof. Tahara delivered the prestigious Muzushima-Raman Lecture, conducted by DST, India and JSPS, Japan, at School of Physical Sciences, JNU, 19 February, 2020

Detailed list of Seminars during 01 April, 2019 – 31 March, 2020:

- D. K. Aswal, “Understanding the Quality Infrastructure of India”, Director, NPL, 10 April, 2019
- Samridhi Shankar Ray, “Turbulent Transport of Extended and Interacting Particles: Beyond the Spherical Particle Approximation”, ICTS, TIFR, Bengaluru, 18 April, 2019

Accomplishment of Students:

Research students in SPS have been actively involved in the teaching and learning program of the school. The students are engaged as Teaching Assistants for various courses which helps them strengthen their base. The students are encouraged to participate in the schools/conferences/workshops which are relevant in their respective areas of study both at national and international levels. Some of the students have received fellowships/grants for participating in schools/conferences/workshops. Additionally, our students have been selected for postdoctoral and regular positions at some of the reputed institutions both in the country and abroad. The details under each category are given below:

Students awarded Ph.D. during the period April 2019 – March, 2020

- Mr. Yogendra Kumar, “Synthesis and Characterization of Highly Electron Deficient Arylenediimides and their Ambient Stable Radical Anions and Dianions: Opto-electronic, Semiconducting and Magnetic Properties”, Supervisor Dr. Pritam Mukhopadhyay, 9 April, 2019
- Mr. Alok Kumar Yadav, “Dynamics of Distal Actions on Certain Compact Spaces”, Supervisor Prof. Riddhi Shah, 10 April, 2019
- Ms. Renu Gupta, “Studies of Physical Properties in Doped Perovskite Based Ruthenates”, Supervisor Dr. Ashim Kr. Pramanik, 16 April, 2019

- **Rajdeep Palit**, Presented paper “Distal actions of automorphisms of nilpotent Groups G on Sub_G and applications to lattices in Lie groups”, at Indian Women and Mathematics Annual Conference 2019, IIT Bombay, 10 – 12 June, 2019
- **Rajdeep Palit**, Presented paper “Distal actions of automorphisms of nilpotent Groups G on Sub_G and applications to lattices in Lie groups”, at the 34th Annual Conference of the Ramanujan Mathematical Society, Pondicherry University, Pondicherry, 1 – 3 August, 2019
- **Rajdeep Palit**, Invited talk “Distal actions of automorphisms of nilpotent groups G on Sub_G and applications to lattices in Lie groups”, at IIIT Delhi, 6 March, 2020
- **Samir Sahoo**, Presented a talk on: “Ageing in mixed populations of Stuart–Landau oscillators: the role of diversity”, seminar in Dynamics Day Delhi - XIII, Indian Institute of Technology - Delhi, New Delhi, 16 November, 2019
- **Samir Sahoo**, Presented a seminar in the international conference in Nonlinear Systems and Dynamics (CNSD), Title of the talk: “Ageing in mixed populations of Stuart–Landau oscillators: the role of diversity”, Indian Institute of Technology - Kanpur, Kanpur, 12 – 15 December, 2019
- **Samir Sahoo**, Selected to participate in the Spring College on the Physics of Complex Systems, Abdus Salam International Centre for Theoretical Physics (AS-ICTP), Trieste, Italy 24 February – 20 March, 2020 (The school was cancelled due to the pandemic and he was sent back after reaching AS-ICTP).
- **Samir Sahoo**, Presented a lecture on “Ageing in mixed populations of Stuart–Landau oscillators: the role of diversity”, in Dynamics Day Delhi - XIII, Indian Institute of Technology - Delhi, New Delhi, 16 November, 2019
- **Samir Sahoo**, Presented a talk on “Ageing in mixed populations of Stuart–Landau oscillators: the role of diversity”, in the International Conference in Nonlinear Systems and Dynamics (CNSD), Indian Institute of Technology - Kanpur, Kanpur, 12 – 15 December, 2019
- **Sheeba Shafaq**, Presented a poster on “Role of second oscillation maximum at long baseline neutrino experiments”, work with J. Rout, M. Bishai and P. Mehta in the 12th International Neutrino Summer School, at Fermilab, USA, 5 – 16 August, 2019
- **Sheeba Shafaq**, Participated in the SPARC course on cosmic neutrinos held at IIT Kanpur, 16 – 23 December, 2019

Awards/Travel Fellowships received by students/postdocs:

- **Deepak Bansal**, (NPDF with Dr. Pritam Mukhopadhyay) was selected among top 15% in the DST-SERB-ACS poster competition in chemical sciences, 2020.
- **Deepika Sardana**, (Ph.D. student of Dr. Sobhan Sen) received BEST POSTER PRIZE at “ISCBSC – RSG India Student Symposium 2019”, held at Jawaharlal Nehru University, New Delhi, 24 November, 2019
- **Deepika Sardana**, (Ph.D. student of Dr. Sobhan Sen) received OWLS BEST POSTER PRIZE at “National Workshop on Fluorescence and Raman Spectroscopy (FCS-2019)”, held at Tata Institute of Fundamental Research Hyderabad, India, 16 – 21 December, 2019
- **Mohammad Firoz Khan**, (former Ph.D. student of Dr. Sobhan Sen) along with Dr. Pramod Kumar developed rapid COVID-19 laser testing technology based on “Diffractive Phase Interferometry (DPI) & AI-based analysis”, which is being implemented by UAE Govt. (<https://www.quantlaselab.com/>).
- **Pragya Naulakha**, (Ph.D. student of Dr. Supriya Sabbani) received financial support from IUPAC to participate in the 47th IUPAC 2019 World Chemistry Congress and the 50th General Assembly held at Palais des Congrès in Paris, 5 – 12 July, 2019
- **Sheeba Shafaq**, (Ph.D. student of Dr. Poonam Mehta) was awarded a grant under the International Travel Scheme of the Department of Science and Technology (DST), Government of India to participate in the 12th International Neutrino Summer School, at Fermilab, USA, 5 – 16 August, 2019

Any Other Information:

During the period of his visit at SPS, Dr. Gaurav Bhatnagar published research publications as per the details given below:

- Bhatnagar G. and Hartosh Singh Bal,” Prime number conjectures from the Shapiro class structure INTEGERS”, 20, A11, (2020), 23 pp.

- Bhatnagar G. and Michael Schlosser, “A partial theta function Borwein conjecture”, *Annals of Combinatorics*, 23, (2019), 561-572

Future Plans

The unique coexistence of three major science streams in SPS has facilitated collaborative and interdisciplinary research programs in the School. The primary focus would be to attract (both collective and individual-centric) research grants in interdisciplinary areas of science that resonate with the priority areas advertised by the funding agencies of the Government of India. After the successful implementation and completion of the FIST grant from DST, SPS will be applying for the next phase under FIST. SPS has requested for an extension of UGC-DSA for a period of one year.

In order to strengthen the existing academic programs (such as PhD and MSc in all the three branches of science at SPS), the immediate requirement is to enlarge the faculty strength of the school in a way that we have expertise in all major areas of science. The main focus would be to enrich the M.Sc. laboratories where students learn by performing experiments. The SPS has recently started M.Sc. programs in Chemistry and Mathematics, and we would like to expand those programs as well. The SPS also has a plan of expansion in terms of space and infrastructure in order to facilitate faculty to work for multiple research grants.

To keep the students engaged and motivated, more emphasis will be put on organizing focused Online Webinar Series in addition to Conferences and regular seminars on specialized topics and invite eminent speakers to deliver lectures.

SCHOOL OF SANSKRIT AND INDIC STUDIES

School of Sanskrit and Indic Studies (SS&IS)

The School of Sanskrit and Indic Studies (संस्कृतएवंप्राच्यविद्याअध्ययनसंस्थान) was created by upgrading the Special Centre for Sanskrit Studies to a full-fledged school on 18 December, 2017. The earlier special School was set up in 2001 with the following goals -

- Negotiate between, and bring together, through interactive projects, the traditional scholars/scholarship and the mainstream university scholars/scholarship
- Undertake maintenance and preservation of heritage texts and manuscripts
- Constitute and expound theoretical framework from the primary intellectual texts of the Sanskrit tradition, and
- Extend and validate the classical theories by applying them both to contemporary Indian reality (modern Indian languages, literature, etc.) and to contemporary European Languages and literature (to reverse the existing data-theory relationship between the Indian academy and the Western academy and to recover theory status for the Indian thought),
- Undertake comparative research in Indian and Western traditions of thought in linguistics, literary and cultural theory, philosophy including philosophy of language, metrics and prosody, sociological thought, polity, gender, and ethnic studies and culture.

The School of Sanskrit and Indic Studies (SSIS) currently has M.A., M.Phil., Ph.D. programs and five Certificate of Proficiency (CoP) courses in Sanskrit, Pali, Sanskrit Computational Linguistics, Yoga Philosophy and Vedic Culture. The school is planning to start several new courses and programs soon.

Centre for Philosophy

The Centre for Philosophy has been growing since the time M.A. programme was started in 2013. The Centre has already been effectively running its M.Phil/Ph.D. research programs since 2005-06. We have been able to consolidate our teaching program further by adding more optional courses for the students to choose from and thereby enabling them to build up their specialization in area of study of their choice. The programs of the Study have been so designed that they focus on engaging with problems and concerns of philosophy cutting across traditional and narrow disciplinary boundaries. There is a special emphasis on the methodological interface for generating new knowledge whether basic or applied. Besides Metaphysics, Epistemology, Ethics and Logic, new courses have been introduced on Culture and Multiculturalism, Justice, Philosophy of Mind, Philosophy of Language, Philosophy of Social Sciences, Phenomenology, Social & Political Philosophy, Cognitive Science and Contemporary Indian Philosophy.

In the last academic year, the centre has organized a large number of talks by renowned scholars of both national and international repute. The Centre has been endeavoring to promote teaching and research in philosophy with its distinct position as a foundational discipline keeping a close connection with other disciplines in the Humanities and the Social Sciences.

Centre for the Study of Regional Development

The Centre for the Study of Regional Development was established in 1971 with a mandate to focus on interdisciplinary programme of studies for teaching and research, placed in an overall framework of regional development in India. Over the years, an interdisciplinary team of scholars has been engaged in realizing this dream.

The Centre offers M. A. (Geography) and M. Phil/Ph.D. programmes in three major fields: Geography Economics, and Population Studies. In keeping with the interdisciplinary tenor and focus of the Centre, these programmes interface socio-economic, human, institutional, technological, infrastructural and environmental factors with issues of regional development in multi-farious and pluralistic manner. In doing so, research and teaching in the Centre over the years have evolved appropriate paradigms and tools of analyses including remote sensing and GIS.

The Centre for the Study of Regional Development was granted the status of *Centre of Advanced Studies' (CAS)* under the Special Assistance Program (SAP) of the UGC in April 2003. In view of the Centre having successfully completed the first phase, the support as CAS was renewed in April 2009 for a period of five years (2009-March 2014). Third phase of CAS is granted to the centre and money is received for the third phase. The CAS has enabled us to enhance our teaching and research activities in continuing as well as new research areas including building up of infrastructural facilities. The thrust areas identified for the current phase: Advanced Remote Sensing and GIS, Climate Change and Disaster Management, Natural Resource Management, Globalization/Urbanization/Population, and Regional Disparities and Social Exclusion. The Coordinator of the Program is Professor Sachidanand Sinha and the Deputy Coordinator is Professor Milap C Sharma.

The teaching and research activities of the Centre are supported by professional and technical staff and the centre is equipped with necessary infrastructure for this purpose. The Centre has a Documentation Centre and six laboratories. The Centre is maintaining the School's Computer Unit and has a laboratory for computer aided GIS and cartography.

Centre for Economic Studies and Planning

CESP has been a premier centre for teaching and research in Economics in India since its inception in 1973. The Centre's faculty actively engages in research both in the realms of abstract economic theory, development, and socio-economic history, and the formulation, evaluation and criticism of economic policy. Over the last four and half decades, the efforts of the faculty have been honoured with awards and recognition both from within the academic community and outside, in India and abroad. Yet the most eloquent testimonial to their efforts has been provided by the Centre's alumni, who have, by any yardstick of collective achievement, made meaningful and valuable contributions as part of a wide range of professions. Whether as members of faculty in some of the best known academic and research institutions in the country and abroad, as members of the administrative services and public sector organisations, as officers and economists in the financial and banking sector including the country's central bank and the World Bank, or as members of private sector

organisations including research organisations and the media, and as leaders in the country's politics, our alumni continue to serve society at large, and provide the Centre with the motivation to build on its past achievements and scale even greater heights in the future.

Centre for Media Studies

The Centre for Media Studies (CMS) is an inter-disciplinary centre for the study of media, its history, and its interface with contemporary society, polity, economy and culture.

New Courses

Centre for Women's Studies

Regular Courses:

1. Women's Movement & Gender Studies – WS 401 (MA Optional Course, 4 Credits)
2. Gender & Visual Culture – WS 402 (MA Optional Course, 4 Credits)
3. Gender and Political Economy – WS 404 (MA Optional Course, 4 Credits)
4. Feminist Theory and Social Research – WS 601 (MPhil Core Course, 4 Credits)
5. Research Methods in Women's Studies – WS 610 (MPhil Core Course, 4 Credits)
6. Gender, Political Violence and Development: South Asian Contexts – WS 602 (MPhil Optional Course, 4 Credits)
7. Themes in the Study of Gender, Labour and Work – WS 603 (MPhil Optional Course, 4 Credits)
8. Gender and the Nature of Faith: Feminist Perspectives – WS 604 (MPhil Optional Course, 4 Credits)
9. Gender, Violence and Visual Culture – WS 605 (MPhil Optional Course, 4 Credits)
10. Ethnography and Oral History – WS 606 (MPhil Optional Course, 4 Credits)
11. Rethinking Sexual Violence and the Constitution of Gendered Bodies – WS 607 (MPhil Optional Course, 4 Credits)
12. Public Formations of Sexuality – WS 608 (MPhil Optional Course, 4 Credits)
13. Women Performers in Colonial & Post-Colonial India: Revisiting Debates on Gender & Patriarchy – WS 609 (MPhil Optional Course, 4 Credits)

M.A. Optional Course Offered in Monsoon Semester 2019-2020

Centre for Women's Studies offered one MA Optional Course in the **Monsoon Semester 2019-2020**.

Monsoon Semester

Course Title: Women's Movement and Gender Studies (WS 401, 4 Credits)

Course Teacher: Dr. Papori Bora

M.Phil Core Course and Optional Courses Offered in Monsoon Semester 2019-2020

Centre for Women's Studies offered one MPhil Core Course and two MPhil Optional Courses in the **Monsoon Semester 2019-2020**.

Monsoon Semester

Course Title: Feminist Theory and Social Research (WS 601, MPhil Core Course)

Course Teacher: Prof. G. Arunima

Course Title: Public Formations of Sexuality (WS 608, MPhil Optional Course)

Course Teacher: Dr. Navaneetha Mokkil

Course Title: Gender, Political Violence and Development: South Asian Contexts (WS 602, MPhil Optional Course)

Course Teacher: Dr. Mallarika Sinha Roy

M.Phil Core Course and Optional Courses Offered in Winter Semester 2019-2020

Centre for Women's Studies offered one MPhil Core Course and two MPhil Optional Courses in the **Winter Semester 2019-2020**.

Winter Semester

Course Title: Research Methods in Women's Studies (WS 610, MPhil Core Course)

Course Teacher: Dr. Papori Bora and Dr. Mallarika Sinha Roy

Course Title: Women Performers in Colonial & Post-Colonial India: Revisiting Debates on Gender & Patriach (WS 609, MPhil Optional Course)

Course Teacher: Dr. Lata Singh

Course Title: Gender, Violence and Visual Culture (WS 605, MPhil Optional Course)

Course Teacher: Dr. Navaneetha Mokkil

Centre of Social Medicine and Community Health

The Centre of Social Medicine and Community Health had academically a successful year. The process for restructuring of courses has made considerable progress. All faculty members have published in leading international and national journals. Their papers have been accepted in prestigious peer reviewed conferences. Several faculty members have lectured extensively outside the University. New collaborative initiatives between York University, Foundation for Revitalisation of Local Health Traditions (FRLHT), and the University of Trans-Disciplinary Health Science and Technology, Bengaluru have been initiated. AoC with the Kaziranga University, Jorhat as become operational. Several students published their work, participated in conferences and were selected for exchange programmes. Besides the regular teaching and research activities, collaborative academic activities and research projects were undertaken by the faculty members. Several distinguished scholars visited the Centre several students' publications appeared in journals and books. The Centre's Documentation Unit was upgraded, with substantial addition of books and automation.

Centre for the Study of Regional Development

M.Phil/Ph.D Programme

M.Phil/Ph.D. is a continuous programme and students are admitted to the Ph.D programme after they successfully complete MPhil programme of study in accordance with the provisions of university ordinances. Direct admission to the Ph.D programme is also possible provided a student has M. Phil degree or equivalent research experience/publications. Students admitted to direct Ph.D are advised to credit or audit courses relevant to their research topics.

The M.Phil/PhD teaching and research programme broadly takes place under the following three streams:

- Geography
- Economics
- Population

In each stream, a number of courses are offered by the faculty and they are open to students across various streams. In tune with the Centre's overall approach of taking into account economic, geographical, demographic and other dimensions in dealing with issues of regional development, the courses are interdisciplinary in content. Accordingly, a number of faculty members are associated in teaching and research activities in more than one stream.

The courses that have been designed over the years for the M.Phil/Ph.D. Programme are listed below.

M.Phil./Ph.D.

S.N.	Course No	Course Title
1	RD 601	Introduction to Economic Development
2	RD 602	Regional Economic Analysis
3	RD 603	Elements of Indian Regional Structure
4	RD 604	Levels of Regional Development In India
5	RD 605	Fluvial Processes in Geomorphology
6	RD 606	Regional Hydrology
7	RD 607	Regional Geomorphology and Facies Analysis
8	RD 609	Social Factors in Indian Regionalism
9	RD 612	Agriculture in Regional Development
10	RD 613	Industry in Regional Development
11	RD 614	Urbanisation and Regional Development
12	RD 617	Quantitative Methods in Regional Analysis
13	RD 618	Advanced Quantitative Methods in Regional Analysis

14	RD 624	Institutions and Agricultural Development
15	RD 625	Introduction to Demographic Methods
16	RD 626	Advanced Methods in Demographic Analysis
17	RD 627	Census and Vital Statistics System
18	RD 628	Population Policies and Programmes
19	RD 629	Fertility, Mortality and Social Structure
20	RD 631	Population, Urbanization and Migration
21	RD 632	Population, Settlements and Human Ecology
22	RD 634	Labour Force, Employment and Manpower Planning
23	RD 637	Economic Growth, Population and Structural change
24	RD 640	Social Indicators of Development with Spl. Ref. to Health and Education
25	RD 641	GIS: Concepts and Methods
26	RD 645	Demographic Change - Mortality And Health
27	RD 646	Gender and Development: Regional Dimensions with Special Reference to India
28	RD 647	Agriculture and Natural Resource Management
29	RD 648	Economic Institutions and Development
30	RD 650	Applications in GIS
31	RD 651	Image Processing and Environmental Assessment
32	RD 652	Agricultural Trade and Trade Policy in a Regional Perspective
33	RD 663	Economics of Health
33	RD 667	Geography of Trade

Each M.Phil/Ph.D. student is assigned the optional courses by the faculty according to his/her research topic. However, some of the courses are compulsory. Each student is required to do at least one methodology course, particularly in quantitative research. The following courses in research methodology are offered by the Centre.

Research Methodology Courses

Sr. No.	Course No.	Course Title
1	RD 616	Introduction to Quantitative Methods in Social Science Research
2	RD 617	Quantitative Methods in Social Science Research
3	RD 618	Advanced Quantitative Techniques
4	RD 625	Introduction to Demographic Methods
5	RD 626	Advanced Methods in Demographic Analysis

M.A. Programme in Geography

The M.A programme in Geography consists of four semesters spread over two years. In addition to other compulsory and a few optional courses, the two compulsory physical and socio-economic field based courses are conducted during the summer and winter vacations respectively. The Centre offers specialization in the following major streams.

1. * Advanced Techniques
2. * Agricultural Geography
3. * Geography of Resources
4. Population and Settlement Geography
5. Regional Planning and Development
6. Social Geography
7. Geomorphology
8. Remote Sensing and GIS

Note: The * marked specialization streams were not offered during the year under the review.

Remedial Courses

The Centre for the Study of Regional Development offers remedial courses to bring those students who find themselves inadequately equipped to deal with course work at par with others. The remedial courses were conducted for two categories (a) remedial classes in the school of languages, (b) centre level remedial classes in quantitative techniques and economic geography. Four research scholars assisted in these courses. Out of these only one research student was paid while other three were fellowship holders.

Student Faculty Committee (SFC)

Student faculty committee is a forum for periodic joint discussions on issues of academic and other related concerns and resolutions, a democratic unit at grass-root level. Matters relating to evaluations are outside the purview of SFC. There

were elections for SFC and students were elected through voting using ballot paper. The SFC met periodically and discussed different issues related to academic functioning.

All MPhil and PhD Courses have been updated in the light of the UGC guidelines and submitted to the School for approval. All MPhil and PhD courses will have the same course numbers and will be offered to research candidate's relevant to their area of research.

Students Conference/ Seminar/ Workshop/Training Programme Attended:

- **Sreekumar.NC**, Participated in two day National Research Methodology workshop conducted by Indian Institute Dalit Studies, New Delhi, 1 – 2 April, 2019

Students' Award

- Madhurima Shukla was awarded Fox International Fellowship for the year 2018- 2019 at the Whitney and Betty MacMillan Center for International and Area Studies, Yale University.
- Rahul Rauny, Was awarded for Commonwealth Split-site Scholarship for 2019-20 at Institute of Development Studies (IDS), University of Sussex, UK.
- Rohini, R. Secured second prize in slogan contest conference organized by Association of Family Physicians and Primary Care (FMPC) during 2019.

Centre for Economic Studies and Planning

- Continuing a proud tradition, students of the Centre have had a variety of accomplishments to their credit in 2019-20.
- Several students in the research programmes of the Centre availed of UGC Junior Research Fellowship, UGC Senior Research Fellowship, Non-Net Fellowship, African Scholarship, Rajiv Gandhi National Fellowship, Maulana Azad National Fellowship, Post-Doctoral Fellowship during the year.
- Student publications in academic journals include multiple articles in the *Economic and Political Weekly*. Students participated in conferences and workshops. Several students of the Centre have received employment offers from a diverse set of organisations.

Exim Bank Library

The Exim Bank-JNU Economics Library has built up an important collection of books and journals over the past decade, enabled by generous grants from the Exim Bank of India. On the basis of an MOU signed on 30 October, 2013, the Exim Bank has also offered scholarships to M.A. students in CESP.

On 10 August, 2018, the said MOU was renewed for a period of five years, 2018-19 to 2022-23. As per the current MOU, the Exim Bank offers three scholarships to MA students in the second year of study. The scholarships are to be awarded to the two top meritorious students as well as to the topper among the students in the reserved categories (SC/ST/OBC/PWD) in MA at the end of the first year of MA. The scholarship amount is Rs. 81,250 per annum per student.

For the academic year July, 2018 – June, 2020, Ms. Nisha Chahal, Ms. Kamyia Singh, Mr. Vishal Aryan were recommended for the scholarships.

Panel discussions/Training programmes organized at CESP during 2019-20

- Dr. Debabrata Pal organized a panel discussion with Dr. Rathin Roy (Panelist), Dr. Abhijit Sen (Panelist), Dr. Pronab Sen (Panelist), Dr. Dipa Sinha (Panelist), Dr. Yamini Aiyar (Panelist), Dr. Praveen Jha (Panelist), 5 February, 2020

Departmental seminars organized during 2019-20

A number of departmental seminars were held in the Centre over the period 2019-20. The list of seminar is provided below:

Sl. No.	Name of the Seminar	Date
1.	Radical Ecological Democracy: Towards a Sustainable and Equitable Future	26.09.2019

Future Plans

Centre for Women's Studies

- The Centre is planning to develop an interdisciplinary M.A. programme that introduces students to both theoretical and empirical concepts in the field of study.
- Building the infrastructure of the Centre.
- Expanding as a Resource Centre in the field of Women's Studies in terms of books and films.
- Refresher Course
- Nodal Centre and Networking as a part of JNU, the CWS is very well placed for developing linkages and providing resources to colleagues in the city, but also within the northern region.

Centre for Informal Sector and Labour Studies

- To initiate collaboration with other University and trade unionist.

- To initiate internship programs for students.
- Training programs and capacity building for workers organizations
- Policy dialogues with and inputs for government.

Centre for Philosophy

- The Centre for Philosophy plans to apply for the UGC Special Assistance Programme (SAP) with a thrust in contemporary Indian Philosophy.
- Centre also plans to set up International collaborations with universities abroad in order to facilitate student and faculty exchange programs.
- With relation to development of syllabi the centre for philosophy plans to introduce new courses especially in the areas like Classical & Contemporary Indian Philosophy and Applied Philosophy which are not adequately represented in the Centre at present.
- The centre plans to explore possibilities of collaborations with Management and sealthcare Institutes with special reference to Moral Philosophy & Applied Ethics.

Centre for the Study of Social Exclusion and Inclusive Policy

- Once the regular finances are available for his scheme we wish to develop the Centre into a School which will combat the very idea of social exclusion.

Centre for Studies in Science Policy

- The Centre is in the process of setting up a ‘South Asia Hub on Frugal Innovation Research’, in collaboration with the Centre for Frugal Innovation in Africa (CFIA), and Erasmus-Leiden Delft Universities in the Netherland.
- The collaborative research in the areas of Responsible Research and Innovation (RRI) Framework, Sustainability Studies, UN Agenda 2030 (Sustainable Development Goals), has been given priority to align with the international research agendas.
- The Centre is planning to establish an Infographics Laboratory to promote information visualization and research data analytics; and also, to undertake advanced research in the areas of scientometrics, altmetrics, and new age research evaluation metrics. This Infographics Laboratory will be very unique within the Indian higher educational institutions. We are also very keen to collaborate with research institutions and research networks in the Global South to make use of this Lab for preparing various reports. The scientometric and altmetric studies will also be undertaken to measure national and regional progress in different branches of STEM (science, technology, engineering and mathematics) subjects as these are the foundations of the industrial and corporate world.

Centre for Economic Studies and Planning

CESP has established itself as a premier centre for teaching and research in Economics. In the coming years, the Centre plans to further strengthen its teaching and research programmes.

CESP has been recognised as a Centre for Advanced Studies by the UGC under its SAP/DSA scheme. The CAS funds are used for purchase of books and databases, for obtaining technical services, for fieldwork, for holding conferences and seminars, and for upgrading infrastructure.

CESP currently maintains a data repository. While datasets from major official sources like the Census, NSS and CSO are included in the repository, there are significant gaps. Also, subscription to other important databases for international trade and finance, corporate affairs etc, some of which are commercial databases, need to be obtained. All of this would require considerable resources.

Finally, in an increasingly integrated world, it is important to forge ties with other universities to facilitate programmes of research collaboration and faculty/student exchange. CESP has already initiated the process and hopes to accelerate progress on this front.

Center for the Study of Law and Governance (CSL&G)

The Centre for the Study of Law and Governance (CSLG) adopts a multidisciplinary approach to framing research and teaching on the relationship between law and governance. The study of governance, in its various forms and at different sites, is central to several contemporary issues: reforms of public institutions and public law; the creation and establishment of procedures and rules that lead to greater efficiency, transparency and accountability; and the challenge of making governance more inclusive and participatory through the strengthening of democracy and civil society. The programme's inter-disciplinary focus is distinct from mainstream social science approaches to governance or law in its attempt to explore how practices of law and governance are embedded in political, economic, social and historical process, how practices of governance are dispersed over various sites ranging from the government, bureaucracy, judiciary, community and family, the socio-legal processes that deter or provide access to justice; and notions of govern mentality, sovereignty and rights in specific politico-jural regimes.

While the Centre's academic programme produces scholarly research on law and governance, it also seeks to translate theory into practices of governance by initiating debate, sharing research and encouraging dialogue between the academia, government, civil society and NGOs at the local, national and global levels. In the decade since it came into existence, CSLG has developed at least three attributes that make it a distinctive part of the intellectual landscape. First, the Centre is explicitly inter-disciplinary. Second, the Centre has developed a reputation as a location where academic rigour can be meshed with reflection on policy and advocacy. Third, the Centre has become a focal point for understanding the links between the formal legal framework and governance in practice.

Since its inception, CSLG has initiated a renewed interest in looking at how practices of governance get stabilized through law and how these practices open law to further contestation. CSLG is the only academic space in India, and possibly one of the few academic spaces in the world, to have directed intellectual energy towards bringing together an inter-disciplinary focus on the relationship between law and governance.

The agenda of public policy through an examination of doctrinal law remains incomplete without interrogating the socio-legal processes that embed the practices of governance. CSLG has moved away from the conventional methods of looking at black letter law to using economic and sociological approaches to law in order to redress lacunae in legal research per se in India. The manifold agendas of legal reform and public policy in India remain impoverished in the absence of substantial socio-legal research in many areas of law that impact the everyday life of Indian citizens.

SPECIAL CENTRE FOR DISASTER RESEARCH

Special Centre for Disaster Research (SCDR)

A new academic research centre at JNU which is also the first transdisciplinary research Centre has finally arrived on the JNU turf. The academic environment at JNU is already multidisciplinary and interdisciplinary at every center but the new center which has been given the name 'Special Centre for Disaster Research' is transdisciplinary in nature. Transdisciplinarity suggests that the nature of research would not be confined to strict parent disciplines of social sciences or natural sciences but transcend their boundaries and limitations to absorb both the scientific findings which provoke decision making and social sciences sensitivities to decipher and direct these findings to communities and institutions of decision making. The three key functional areas are, first; natural sciences, GIS and satellite imagery, second; communities, institutions and legal framework of decision making, third; administration and government agencies in disaster management.

National Institute of Disaster Management (NIDM) signed a MoU with JNU on 6 August, 2015 in the presence of the Hon'ble Minister of State Shri Kiren Rijiju. The MoU suggested that the two institutions should strengthen academic institutions for a much-wanted research on disasters. The JNU team from six centers was already working on it after the Uttarakhand disaster in 2011. Under the 12th Plan, which mandates for universities to take up research in disasters, the study became a programme, but the wings to research came when this programme got the support of MHA.

Seminar/Symposium organized by School/Centre

- Special Centre for Disaster Research organized a Global Symposium on Disaster Resilient Smart Cities, ISID, New Delhi, 4 – 6 December, 2019.
- Special Centre for Disaster Research organized a Seminar on “Chernobyl Disaster – Revisiting Transdisciplinary Solutions”, SCDR-JNU, New Delhi, 2 May, 2019.

Special Centre for Molecular Medicine (SCMM)

Molecular medicine is an emerging area within biomedical sciences that aims to understand the molecular determinants of health and disease with the ultimate goal of applying this knowledge for the prevention, diagnosis and treatment of diseases. The Special Centre for Molecular Medicine (SCMM) at JNU has pioneered research and education in this field in India and is imparting Ph.D. level training in this field. The centre aims to accomplish its goal through innovative and collaborative basic and clinical research programs and has initiated many collaborative research activities with reputed national and international medical research institutes.

The objective of SCMM is to foster teaching and research activities in the study of human diseases using advanced tools of molecular and cell biology. SCMM conducts academic programs for the training of young scientists (clinical and non-clinical) who are keen to pursue a career in basic medical research. The academic programs have been designed for non-clinical biologists/chemists, with sufficient knowledge to deal with medical problems, to enable them to deliver product/processes to society and clinicians with a basic clinical degree, who understand modern biology and chemistry at the molecular level to enable them to apply this knowledge to drug development. For successful implementation of these objectives, SCMM offers the following programs of study.

To encourage students from basic sciences and medical graduates, the centre offers Ph.D. Programs in Molecular Medicine and is pursuing teaching & research activities in the following thrust areas:

1. Metabolic disorders such as cardiovascular diseases, role of iron in insulin resistance related pathogenesis, neurodegenerative disorders like Parkinsons and Alzheimers diseases, and endocrine-related cancers.
2. Nuclear receptors in health and diseases: to study underlying molecular mechanisms of nuclear receptors functions with specific reference to PXR, RXR, CAR, SHP. Involvement of PXR in drug metabolism and hepatic cancer.
3. Diseases associated with cell-cell junctions and modulation of cell-cell junctions by pathogens.
4. Infectious and non-infectious diseases: hepatitis C, Leishmaniasis, Helicobacter pathogenesis, Candidiasis, Inflammatory Bowel Disease, Pathobiology of innate immune dysfunction, DNA replication and cell cycle regulation of medically important pathogens: *Helicobacter pylori* and *Plasmodium falciparum*, application of codon-shuffling against *Mycobacterium tuberculosis* and *Plasmodium falciparum*, *Mycobacterium tuberculosis* and drug resistance.
5. Chemical biology, radiation biology and cell signaling; development of novel synthetic methodology for drug development and study of their mechanism of action based on genomics and proteomics against radiotherapy; cancer; development of antibiotics for gyrase resistant strains targeting topoisomerase 1A gene in bacteria.
6. Synthetic organic chemistry: Synthesis of biologically active heterocycles using novel methodology with transition metal catalyst.
7. Designing /Discovering codon shuffled de-novo peptide/protein inhibitors against essential/crucial proteins of pathogens. To study crucial host-pathogen interactions by designing codon shuffled de-novo peptide/protein inhibitors. Synthesis and selection of novel drug like de-novo peptide binders by codon shuffling method that may inhibit crucial host-pathogen interactions in Malaria and Tuberculosis diseases.
8. Diagnostics and medical proteomics, and mass spectrometry based metabolomics.

Selected students will have the option to choose their research area depending on their merit/aptitude and according to the vacancy available.

SCMM also offers **M.Sc. Programme in Molecular Medicine**. The goal of this program is to train students in modern areas and techniques of cell, molecular biology and organic chemistry in relation to human health and disease and the subsequent application of this training to identify new targets for the diagnosis and therapy of different diseases. The completion of the Human Genome project and various other genomes including pathogenic organisms has opened new opportunities for the understanding of the molecular mechanisms of diseases both from the host as well as pathogen's perspectives. Students will be trained to use the tools of modern biology including bioinformatics so as to understand, retrieve and exploit the wealth of information provided in the Genome projects to design modern and personalized medicines.

- **Dr. Ganesh Nagaraju**, from Dept. of Biochemistry; Indian Institute of Science, Bangalore visited the Centre and delivered a lecture entitled “RAD51 paralogs: unraveling the new roles in genome stability and tumor suppression”, 14 November, 2019.
- **Dr. Ya-Xiong Tao** from Department of Anatomy, Physiology and Pharmacology College of Veterinary Medicine, Auburn University, Auburn, USA visited the Centre and delivered a lecture entitled “Chaperoning G protein-coupled receptors: from cell biology to therapeutics”, 21 November, 2019.
- **Dr. Maxim Shevtsov** from Munich, Bavaria, Germany visited the Centre and delivered a lecture entitled “Membrane-associated heat shock protein: a theranostic target for cancer therapy”, 19 February, 2020.

Accomplishment of Students/Researchers

Ph.D. Degree Awarded: 03

- **Mr. Ajay Kumar** has been awarded Ph.D. degree in the topic “Role of hypothetical protein HP0897 in DNA replication of *Helicobacter pylori*” under the supervision of Prof. Suman Kumar Dhar, 29 April, 2019.
- **Mr. Krishanu Bhowmick** has been awarded Ph.D. degree in the topic “Role of histone acetyltransferases (HATs) in *Plasmodium falciparum* with emphasis on DNA replication” under the supervision of Prof. Suman Kumar Dhar, 17 June, 2019.
- **Ms. Poonam Gupta** has been awarded Ph.D. degree in the topic “Study on the Role of signaling pathways in cellular iron homeostasis” under the supervision of Prof. Chinmay Kumar Mukhopadhyay, 13 February, 2020.

M.Sc. Degree awarded: 06

- **Aayushi Kalra** has been awarded M.Sc. degree under the supervision of Dr. Shailja Singh, 21 July, 2019.
- **Meghna Chakraborty** has been awarded M.Sc. degree under the supervision of Prof. Suman K. Dhar, 21 July, 2019.
- **Ekta Kapoor** has been awarded M.Sc. degree under the supervision of Prof. Anand Ranganathan, 21 July, 2019
- **Chesta Jain** has been awarded M.Sc. degree under the supervision of Dr. Souvik Bhattacharjee, 21 July, 2019

- **Mohammad Ajaz Ansari** has been awarded M.Sc. degree under the supervision of Prof. Rakesh K. Tyagi, 21 July, 2019
- **Antra** has been awarded M.Sc. degree under the supervision of Prof. C. K. Mukhopadhyay, 21 July, 2019

Future Plan

Research: Special Centre for Molecular Medicine is planning to expand its scope in the frontier areas of ‘*Infectious Diseases, Metabolic Disorders, Radiation Biology, Cancer Biology, Drug Design and Drug Discovery*’ with an approach towards studies on *Molecular targets, Molecular Diagnostics and Translational Research*. The Centre offers Ph. D in Molecular Medicine.’

Teaching: The Centre moved to a new building with ample laboratory and class room space, and are in the process of expanding our infra structure and teaching faculty. The first batch of Integrated M.Sc.-Ph.D. Programme in 'Molecular Medicine' was started from academic year 2015-16. Presently we are offering M. Sc in Molecular Medicine SCMM has 11 faculties and there are provision for appointing five more faculties in the center. Our faculties are excelling in the different area of research and all of us collaborating with different research institutions and hospitals in the area of several major human diseases. The present and future research plans of faculties are given below.

Prof. Gauranga Mukhopadhyay

Prof. Mukhopadhyay's Laboratory is working on *H. Pylori* Cag type IV secretion system. The work revealed a novel CagI independent surface localization of Cag A. Since it has been established that CagX and CagT is surface exposed protein therefore they wanted to see whether CagX or CagT affecting surface localization of each other or not. Few in vivo experiments are also required to establish these facts. Following are the major objectives and future plans to ascertain all the facts:

- To find out the amino acid residue(s) responsible for the interaction of CagX and CagT.
- To find out the role of other region of CagX which is a matter of investigation. The biological significance of these new interactions may have the way for the development of new avenues of research in TFSS.
- Also it has been planned to define the role of other components of *H. pylori* TFSS to understand the specialized and well adapted functions in detail.

Prof. Chinmay K. Mukhopadhyay

This Research Group is working on ‘Infectious diseases and metabolic disorders’. Below are the main objectives for future research work:

- To study the role of iron in leishmania–macrophage interaction.
Objective: Iron is essential for survival and growth for both the host and pathogen. The objective of the current study is to understand the mechanism by which *Leishmania donovani* interferes with the iron homeostasis of host macrophages for its survival..
- To study the role of catecholamine stress hormones on cellular iron metabolism.
Objective: Adequate availability of iron is important for cellular energy metabolism. Catecholamines like epinephrine and norepinephrine promote energy expenditure to adapt to conditions that arose due to stress. To restore the energy balance epinephrine/ norepinephrine exposed cells may face higher iron demand. So far, no direct role of epinephrine/norepinephrine on cellular iron homeostasis has been reported. The objective of the current study was to explore the role of epinephrine/norepinephrine on cellular iron homeostasis.
- Brain iron homeostasis and neurodegenerative diseases
Objective: To study the regulation iron homeostasis in response to oxidative stress in neuronal and astroglial cells.

Prof. Rakesh K. Tyagi

This research group is primarily focused on investigation of ‘Nuclear receptors in Health and Diseases’.

The Nuclear Receptor super family is a large group of ligand-activated transcription factors with 48 members presently identified in the human genome. Members of this superfamily of transcription factors are involved in regulation of numerous physiological and patho-physiological processes and have immense potential as targets for the treatment of diseases such as cancer, diabetes, coronary heart disease, asthma etc. Research work in Prof. R.K. Tyagi's Laboratory is primarily focused on a ‘xenosensor’ Pregnane & Xenobiotic Receptor (PXR) along with initiation or continuing work with other receptors like Retinoid X Receptor (RXR), Androgen Receptor (AR) and Constitutive Androstane Receptor (CAR).

The major objectives and future plans of this research group are as follows:

- Studies on regulation of nuclear receptor Pregnane & Xenobiotic Receptor (PXR) gene
- Molecular characterization of nuclear receptor Pregnane & Xenobiotic Receptor: influence of polymorphism and receptor truncation on its cellular function
- Nuclear Receptors as Epigenetic Marks: Role Cellular Transcriptional Memory

Prof. Suman K. Dhar

The research group is primarily focused on investigation in the areas of 'Infectious diseases' related to understanding DNA replication and Cell cycle regulation in two medically important pathogens: *Helicobacter pylori* and *Plasmodium falciparum*. The major future plans and objectives are as below:

- Characterization of a putative helicase loader Hp0897 that interacts with and modulates the enzymatic activities of replicative helicase (DnaB) in *Helicobacter pylori* and studies on cell division protein FtsZ.
- Role of Histone H3K9 acetylation in gene expression and DNA replication in human malaria parasite *Plasmodium falciparum* with respect to HAT PfGCN5.

Prof. Vibha Tandon

This research group is primarily focused on 'Drug Discovery' and 'Cancer Biology'.

The major objectives and future plans are as below:

- Development of radio protectors for cancer therapy and elucidate their mechanisms of actions in normal tissues and cancerous tissues. The bisbenzimidazoles showed protection of normal cells and no effect on tumor in tumorbearing mice.
- Her group is trying to do the repurposing of drugs several. Drugs. She is trying to establish new small molecules as radiosensitizers.
- Design, Synthesis and Development of New Class of Antibacterials to Combat Multi Drug Resistance Mechanistic understanding. Her group has developed small molecules targeting topoisomerase IA a comparatively novel bacterial target to overcome the resistance generated due to mutations in gyrases and other DNA enzymes.

Prof. Gobardhan Das

The research group is primarily focused on 'Infectious diseases' related to understanding *M. tuberculosis* infections.

The major objectives and future plans are as below:

- To study the molecular mechanism of susceptibility and resistance in murine models of *M. tuberculosis* infection.
- To compare the immune-genecity of virulent strain H37Rv and its mutant in macrophages derived from susceptible (BALB/c) and resistant (C57BL/6) strains of mice.
- To compare the T cell responses of virulent strain H37Rv and its mutant during *M.tb* infection in mice model.
- To study the molecular mechanism of activation of T helper subsets.

Prof. Anand Ranganathan

Dr. Ranganathan's research Laboratory has invented the novel method of directed evolution of proteins called codon-shuffling. Using this pioneering method, our laboratory has discovered a completely *de novo* protein M5, that was able to disrupt the ICAM-1 dimer formation *in vivo*.

The major objectives of this research group are as follows:

- To study the mechanism of role of Host ICAMs in cell invasion by *Mycobacterium tuberculosis* and *Plasmodium falciparum*.
- To explore the possibility of an HCL2-attenuated *M. tuberculosis* strain as a viable vaccine candidate.
- To study the effect of a novel molecule on mycobacteria, and represents a viable starting point for developing potent peptidomimetics.
- To discover new molecules for TB therapy.

Dr. Souvik Bhattacharjee:

Plasmodium falciparum causes the majority of malaria morbidity and mortality worldwide, with an estimated 781,000 deaths and ~200 million confirmed cases annually (World Malaria Report, WHO, 2014). The current front line drugs are artemisinins that are used in combination with longer acting antimalarials (sulfadoxine/pyrimethamine) in artemisinin combination therapy (ACT). Currently there is no vaccine against malaria and the recent development of clinical resistance of *P. falciparum* to artemisinin derivatives threatens malaria control and eradication strategies in implementation worldwide.

The major challenges of this research group are as follows:

- To understand the cellular functions of kelch propeller domain containing protein PfKelch13.
- To study the artemisinin-resistance (reduced parasite clearance rate and increased survival half-life in peripheral blood following ACT) through the use of reverse genetics at the parasite level and host modification at the cellular level.

Dr. Shailja Singh

Our research focuses on understanding of the molecular signal and machinery involved in invasion and egress of *Plasmodium falciparum* merozoites from host erythrocytes, involving multidisciplinary approach such as live cell imaging, molecular biology, cell biology and protein chemistry. Real-time light microscopic visualization of in vitro blood-stage egress in live parasites has played a special role in studies on signals regulating these processes. We have demonstrated for the first time a role of intracellular Ca²⁺ in regulation of egress of *P. falciparum* merozoites from schizonts. A sharp rise in intracellular Ca²⁺ just before egress, observed by time-lapse video microscopy, suggested a role for intracellular Ca²⁺ in this process. Chelation of intracellular free Ca²⁺ with chelators such as BAPTA-AM or inhibition of Ca²⁺ release with phospholipase C (PLC) inhibitors blocks merozoite egress. Interestingly, chelation of intracellular Ca²⁺ in schizonts was found to block the discharge of a key protease PfSUB1 (subtilisin like protease1) and Perforin like proteins from apical organelles of *P. falciparum* merozoites to parasitophorous vacuole (PV) and host cell membranes. This leads to inhibition of processing of PfSERA5 (serine repeat antigen5); block in parasitophorous vacuolar membrane (PVM) rupture and permeabilization and merozoite egress. A complete understanding of the steps regulating egress and invasion of *P. falciparum* merozoites may provide novel targets for synthetic biology approaches that block invasion and egress and limit parasite growth. We are now studying the role of effectors on signaling cascades in invasion and egress of *P. falciparum* merozoites.

Research Interest

- Molecular signal and signaling machinery involved in invasion and egress of parasites

Dr. Saima Aijaz

This research group is primarily focused on investigations to study mechanism(s) of regulation of Epithelial Tight Junctions in pathobiology.

The major objectives and future plans are as below:

- To investigate the mechanism(s) of regulation of Epithelial Tight Junctions in pathobiology
- To characterize of EspF-mediated TJ disruption by calcium switch assays.
- Functional characterization of the role of actin cytoskeleton in EspF-mediated TJ disruption

Dr. Dipankar Ghosh

This research group is focused on ‘Infectious diseases’ is primarily involved in the investigations on ‘infectious biofilms’.

The major objectives and future plans are as below:

- To study the early host-microbe relationships in oral *Lichen Planus*
- To study the mechanism of pathobiology of MDR Nosocomial Bacterial Biofilm Infections.

Students Participations in conferences/meetings/workshops/symposiums

- **Ms. Palak Parashar**, a Ph.D. student, attended 4 day Workshop on “Data Science & Statistical Analysis using R Programming” at Indian Spinal Injuries Centre (ISIC), New Delhi, 25 – 28 September, 2019.
- **Ms. Jyoti Kashyap**, a Ph.D. student, attended national conference on “Changes in Lifestyle influencing Adolescent Health (CLIAH), meeting of Indian Society for the study of Reproduction and Fertility (ISSRF)” at Jaipur, Rajasthan, 28 – 29 September, 2019.
- **Mr. Mukesh Kumar Maurya**, a Ph.D. student, attended a conference “30th National Congress of Parasitology & Global Summit on Malaria Elimination” organized by Special Centre for Molecular Medicine, JNU, New Delhi, 26 – 28 September, 2019.
- **Ms. Preeti Yadav**, a Ph.D. student, attended a conference “30th National Congress of Parasitology & Global Summit on Malaria Elimination” organized by Special Centre for Molecular Medicine, JNU, New Delhi, 26 – 28 September, 2019
- **Ms. Priyanka Dubey**, a Ph.D. student, attended a national conference on “XLIII All India Cell Biology Conference 2019” at IISER Mohali, Punjab, 19 – 21 December, 2019.

- **Ms. Kirti Sad, and Ms. Pragya**, a Ph.D. student, attended 1 day Workshop and conference “5th Indian Genetics Conference and Workshop” organized by Tata Memorial Centre and Indian Society for cancer Genetics at ACTREC, Navi Mumbai, 11 – 15 December, 2019.
- **Ms. Samreen Fatima**, a Ph.D. student, attended international conference “Keystone Symposium: A2, Tuberculosis: Immunity and Immune Evasion” at Eldorado hotel & Spa in Santa Fe, New Mexico USA, 16 – 20 January, 2020.
- **Ms. Poonam Nagar**, a Ph.D. student, attended Hands on Workshop for Handling and Care of Laboratory Animals” organized at School of Life Sciences, JNU, and New Delhi, 15 – 19 February, 2020.
- **Mr. Imran Ansari**, a Ph. D. Student attended & received second prize for oral presentation in the International Conference on Biotechnology and Applied Microbiology held at the Institute of Applied Medicine and Research, Ghaziabad, UP, 7 – 8 February, 2020.

The candidates have completed summer training at SCMM.

- **Ms. Nimisha Roy** from Indian Institute of Information Technology, Allahabad completed 2 months training from 22 April, 2019 to 6 June, 2019 under Prof. Rakesh Kumar Tyagi at SCMM, JNU.
- **Mr. Jay Mohan Yadav** from University of Delhi completed 2 months training from 27 May, 2019 to 21 July, 2019 under Prof. Suman Kumar Dhar at SCMM, JNU.
- **Mr. Dhrubajyoti Mukherjee** from Banaras Hindu University completed 2 months training from 12 June, 2019 to 12 August, 2019 under Dr. Dipankar Ghosh at SCMM, JNU.
- **Ms. Surabhi Oberoi** from Shiv Nadar University completed 33 days training from 10 June, 2019 to 12 July, 2019 under Prof. Chinmay K. Mukhopadhyay at SCMM, JNU.
- **Ms. Ambalika Roy** from Kalinga Institute of Industrial Technology, Bhubaneswar has been pursuing 6 months training from January, 2020 to June, 2020 under Dr. Dipankar Ghosh at SCMM, JNU.
- **Mr. Amrit Raj Sagar** from Central University of Haryana has been pursuing 5 months training from January, 2020 to May, 2020 at SCMM, JNU.
- **Ms. Summaiya Khan** from Jamia Millia Islamia, has been pursuing 6 months training from January, 2020 to June, 2020 under Dr. Shailja Singh at SCMM, JNU.

SPECIAL CENTER FOR NANO SCIENCES

Special Centre for Nano Sciences (SCNS)

SCNS is an inter-disciplinary research and teaching centre at JNU. The Nanosciences-related research topics pursued currently include nanoscale interface, bio-sensors, spintronics, ferromagnetic nano-elements, ferroelectric materials, nano-composites, and hybrid nanomaterials to name a few. The Centre has faculty members with background in Physics, Electronics, Biology, Materials Sciences, etc.

The research agenda of SCNS involves synthesis, characterization and device development of nanomaterials. These include (i) magnetic nanostructures (nano-wires and nanoparticles) -based nano-devices (microwave monolithic nano-devices and magnetic sensors) fabrication, (ii) magnetic nanoparticles for target specific drug delivery by radio-frequency-hyperthermia, (iii) semiconductor quantum dots, nanoparticles and nanocomposites for solar cells and biosensors, (iv) multiferroic and ferroelectric nanomaterials for capacitors, UV sensors, wireless actuators, infra-red detectors, micro-electro-mechanical system (MEMS) devices, piezoelectric devices, ferroelectric nonvolatile random access memories (FeRAMs).. The fabricated signal processing devices are on-chip, light weight and hand held type use.

Sensors and biosensor are demanding for the clinical diagnosis and environmental contaminants detection. Different types of biosensors based on transducers and recognition elements can be fabricated for the desire analytes (mycotoxins cholesterol, glucose, LDL, urea, etc) detection. Electrochemical biosensors are promising techniques for early detection of diseases like cancer that can detect very low concentration (pg) of biomarkers. Microfluidic biosensors also have increasing interest to integrate advanced biosensors into lab-on-a chip for multi-analytes detection. Besides this, different nanomaterials are being used for water pollutants, pathogen detection and remediation of the heavy metals ions (lead and chromium) present in aqueous solution.

The central theme of thin-film and electron microscopy research group is “Nanostructure - Physical property correlation in technologically important nanostructures using Transmission Electron Microscopy (TEM) and Scanning Electron Microscopy (SEM)”. Thin-film and electron microscopy laboratory has installed an RF-DC magnetron sputtering system in September 2016. In addition, thin-films and bulk materials of functional oxides are being synthesized using sol-gel spin coating and solid state synthesis methods. Lead-free ferroelectrics and antibiofilms are currently being investigated. TEM investigations are an integral part of the research which is carried out at AIRF of the university. Anion milling machine for preparing TEM samples was installed at AIRF in November 2016.

Research on nanobiotechnology and nanomedicine are being carried out involving synthesis of nano-based drugs for infectious diseases and study of their molecular mechanisms of action, investigations on nano-based: drug delivery, therapy, toxicity and fluorescent bioimaging labels for study of infectious diseases.

Conferences organized by the School/Centre

- National conference on “Nano/Biotechnology”, jointly organized by JNU and NII, New Delhi 19 – 21 December, 2019

Visitors to the School/Centre (1)

- Dr. Ashish Chhaganlal Gandhi, National Dong Hwa University, Hualien, Taiwan, 20 January, 2020

Accomplishment of Students: (15)

- Smriti Sri, **Solanki Pratima R.**, A poster presented titled “Award presented in national conference on Nano/Biotechnology”, jointly organized by JNU and NII, New Delhi, 19 – 21 December, 2019
- Smriti Sri, **Solanki Pratima R.**, A poster presentation titled “Nano-biosensor based on MoS₂ nano flowers for early detection of cancer”, in World Congress on Cancer (WCC) 2020, at Mahatma Gandhi Hospital and Medical College, Jaipur, 3 – 5 February, 2020
- Smriti Sri, **Solanki Pratima R.**, Oral presentation on “An On-Off-On fluorescence sensor for the detection of tetracycline and levofloxacin antibiotics”, at 2nd World Congress on Biosensors and Bioelectronics”, at Singapore City, Singapore, 27 – 28 November, 2019

- Reena Sajwan, **Solanki Pratima R.**, Poster presented on “Study of pH-dependent fluorescent properties of antibiotics”, in National Conference of Nano/Bio Technology organized by JNU, New Delhi, 19 – 21 December, 2019
- Deepika Chauhan, **Solanki Pratima R.**, Oral presentation, “Electrospun cellulose acetate nanofibers decorated conducting paper as biosensing platform for 25-hydroxy Vitamin-D₃ detection”, at International Conference on Material Sciences and Nanomaterials (ICMSN-2019) at University of Oxford, U.K., 22 – 24 July, 2019
- Zimad Hassmi, **Solanki Pratima R.**, Poster presented on “Hydrothermal synthesis of L-Cysteine capped MgS quantum dots and their application in optical detection of levofloxacin antibiotic”, in National Conference on Nano/Bio-Technology (NanoBioTech-2019)”, in collaboration with National Institute of Immunology, New Delhi, at JNU, New Delhi, 19 – 21 December, 2019
- Avinash Kumar, Tarun Dhiman, Zimad Hassmi, **Solanki Pratima R.**, participated in International Workshop on Microfluidics, Shiv Nadar University, 24 – 28 February, 2020
- Amit K.Yadav, **Solanki Pratima R.**, poster presented entitled “A novel MoS₂ nanosheet based electrochemical immunosensor sensing platform for a label free detection of Ampicillin”, in “National Conference on Nano/Biotechnology (NanoBioTech-2019)”, in collaboration with National Institute of Immunology, New Delhi at Jawaharlal Nehru University, New Delhi, 19– 21 December, 2019
- Amit K.Yadav, **Solanki Pratima R.**, Poster presented entitled “A highly sensitive, label free and non-invasive molecularly imprinted polymer based electrochemical sensor for the detection of gut microbiome’s metabolite as cancer biomarker”, in “World Congress of Cancer”, organized by Mahatma Gandhi Medical College and Hospital, Jaipur, 3 – 5 February, 2020
- Avinash Kumar Singh **Solanki Pratima R.**, Student Poster presented on “Interaction of Aflatoxin B1 with manganese oxide *via* UV-visible titration route”, in National conference on Nano/Bio-Technology 2019, organized by Dr. Partima Solanki (JNU) and Dr. Anil Kumar (NII), 19 – 21 December, 2019
- Avinash Kumar Singh, **Solanki Pratima R.**, Oral presentation on “Temperature dependent structural transition in manganese oxide and its electrochemical study”, in International Conference on Ultrasonics and Materials Science for Advanced Technology, organized by Jaunpur University, 16 – 18 November, 2019
- Anam Rais, Research Scholar of **Prasad Tulika**, Selected at National Level and participated in B4 Bioimaging Workshop, a two-week residential and hands on 3orkshop organized by DBT-India, South Asia Institute, Harvard University and IISER Pune at IISER, Pune, 1 – 14 August, 2019
- Preeti, Ph.D. student of **Prasad Tulika**, Poster presentation titled “ZnO nanoparticles as broad spectrum microbial agents against multidrug resistant clinical isolates of *E.coli* and *C. albicans*” in National Conference on Nano/Bio-Technology Conference 2019, (NCNB 2019) organized by JNU and NII in JNU, New Delhi, 19 – 21 December, 2019
- Anam Rais, Research Scholar of **Prasad Tulika**, Poster presentation titled “Nano-based Strategy to Combat Multidrug Resistance (MDR) and Virulence in pathogenic yeast, *Candida*”, in National Conference on Nano/Bio-Technology Conference 2019, (NCNB 2019) organized by JNU and NII in JNU, New Delhi, 19 – 21 December, 2019
- Preeti, Megha and Anam Rais, Research Scholars of **Prasad Tulika**, Participated in the workshop on “Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013”, organized by JNU-Internal Complaint Committee, 24 – 25 February, 2020

Research Scholar awards in conferences:

- Smriti Sri and **Solanki Pratima R.**, Best poster award presented in national conference on “Nano/Biotechnology”, jointly organized by JNU and NII, New Delhi, 19 – 21 December, 2019
- Reena Sajwan, **Solanki Pratima R.**, Best poster presentation award for “Study of PH dependent fluorescent properties of antibiotics”, in national conference of Nano/Bio Technology at Jawaharlal Nehru University, New Delhi, 19 – 21 December, 2019

Any other information: (03)

- **Dr. Deepanshu Sharma**, (National Post-Doctoral fellowship) since 1 March, 2019
- **Dr. Roopam Gaur** (CSIR-Research Associateship) since 24 Mary, 2019
- **Dr. Deepti Chaudhary** - National Post-Doctoral fellowship) since 17 February, 2020

Future Plans:

SCNS future plan would be to fill all the vacant faculty positions where focus will be paid that most of the subject areas in these all subjects are covered by the faculties. More instruments will be arranged for M.Tech& Ph.D. laboratories for students. The SCNS has started M.Tech program in two disciplines (Nanoscience and Nano-electronics), and in future this program we will approach AICTE for its recognition and approval. Research proposals as well as to submit the proposals to organize the seminars/conferences of national and international level aiming to strengthen the academic programs, Internships programs and to establish the collaborative research programs in Centre.

**Special Centre for the Study of North East India
(SCSNEI)**

Special Centre for the Study of North East India (SCSNEI)

Special Centre for the Study of North East India (SCSNEI), Jawaharlal Nehru University, New Delhi, was set up in the year 2018, upgraded from its earlier status as a Programme called North East India Studies Programme (NEISP). SCSNEI encourages employing interdisciplinary approaches to study the northeastern region of India.

New Courses (optional) introduced by the Special Centre:

M.Phil. Courses:

- Course Title: 'Migration and Regional Economy in North East India', Course In-charge: Dr. Rakhee Bhattacharjee, Credit: 4
- Course Title: 'Comparative aesthetics with special reference to North East India', Course In -charge: Prof. Bhagat Oinam (to be taught with Prof. H.S. Shivaprakash), Credit: 4

M.A. Courses:

- Course Title: 'Political Ecology of North East India', Course In-charge: Dr. Rakhee Bhattacharjee & Dr. G. Amarjit Sharma, Credit: 4
- Course Title: 'Transnationalism and Borderland Economy in North East India', Course In charge: Dr. Rakhee Bhattacharjee, Credit: 4
- Course Title: 'Indigenous Aesthetics of North East India', Course In-charge: Prof. Bhagat Oinam (with Prof. H.S. Shivaprakash and Dr. Rojio Usham), Credit: 4

Total Courses offered during April 2019 to March 2020:

The Special Centre offered M.Phil. course work in the above academic year. Besides, it also offered MA optional courses and BA optional courses in the above academic year. The details are as below:

M.Phil Core Courses (4 credits each):

- Understanding North East India (Course Number NE 601), Course In-charge: All Faculties
- Research Methodology (Course Number NE 602), Course In-charge: Dr. Lipokmar Dzuwichu

M.Phil Optional Courses (4 credits each):

- Religion and Society in North East India (Course Number NE 651), Course In-charge: Dr. Kh. Bijoykumar Singh
- Tribe and Ethnicity in North East India (Course Number NE 656), Course In-charge: Dr. Kh. Bijoykumar Singh
- Government and Politics in North East India (Course Number NE 652), Course In-charge: Dr. G. Amarjit Sharma
- Politics of Resistance in North East India (Course Number NE 659), Course In-charge: Dr. G. Amarjit Sharma
- Economic Development in North East India (Course Number 653), Course In-charge: Dr. Rakhee Bhattacharya
- History of Frontiers and Borderlands in North East India (Course Number NE 654), Course In-charge: Dr. Lipokmar Dzuwichu
- Cultural Histories of North East India (Course Number NE 657), Course In-charge: Dr. Manjeet Baruah

M.A. Optional Courses (4 credits each):

- Politics of Development in North East India (Course Number NE 425), Course in-charge: Dr. G. Amarjit Sharma
- Interpreting Cultural History of North East India (Course Number NE 421), Course in-charge: Dr. Manjeet Baruah
- Frontier Making in North East India (Course Number NE 423), Course In-charge: Dr. Lipokmar Dzuwichu

B.A. Optional Courses (3 credits each):

- Introduction to History of North East India, 1826 – 1947 (Course Number NE 205), Course in-charge: Dr. Lipokmar Dzuwichu
- Introduction to Literatures of North East India (Course Number NE 206), Course in-charge: Dr. Manjeet Baruah
- Sociology of North East India (Course Number NE 202), Course in-charge: Dr. Kh. Bijoykumar Singh

Conferences organized by the Special Centre:

Monthly Seminar Series:

The Monthly Seminar Series is a fortnightly seminar series of the Centre. The series invites established scholars as well as research scholars to present their work. The following lectures and programmes were organised in the academic year 2019-2020 as part of the series.

- Seminar on “Locating the Economy of Human Trafficking: A Study on Trafficking of Women and Children from Manipur”, by Gaihoilu Gangmei, PhD Scholar, SCSNEI, JNU, 12 April, 2019
- Seminar on “Development Dilemma: The Plight of Downstream People of the Thoubal Multipurpose Project”, by Huidrom Renuka, Ph.D. Scholar, SCSNEI, JNU, 3 May, 2019
- Seminar on “Did Sarengla Marry a Japanese Soldier? Rethinking India-Japan relationship through World War II”, by Makiko Kimura, Associate Professor, Tsuda University, Tokyo, 30 August, 2019
- Seminar on “The Rise of the Invisible Publics Stardom and Visibility Infrastructures of Assam”, by Sagorika Singha, Doctoral Scholar, SAA/JNU, 27 September, 2019
- Seminar on “Health Infrastructure and Disease Burden in West Bengal with Special Reference to North Bengal”, by Farhat Hossain, Ph.D Scholar, SCSNEI/JNU, 11 October, 2019

Internship of Tribal Girls pursuing under-graduation in Telangana under Summer Undergraduate Research Fellowship: A *Novel Experiment*

Dr. R.S. Praveen Kumar, IPS, Secretary, Telangana Social Welfare Residential Educational Institutional Society (TSWREIS), met Hon’ble Vice Chancellor, JNU, and briefed him about the unique initiative of Government of Telangana which he was heading. TSWREIS runs over 260 institutions from Class V till Under-graduation to prepare students from underprivileged sections of society, to face the challenges of 21st century and be a global citizen. One of the major steps recently taken by TSWREIS was to espouse the cause of exposing girl students from SC and ST

communities to best practices in education and hence facilitate their Internship during summers in the best Universities, Institutions and Laboratories across India like JNU, DU, IITs, IISERs, and so on where they could later on pursue Post Graduation. At the behest of Vice Chancellor, JNU, Prof. Chander Mohan, Chair Professor, UGC Chair for Tribal Studies, took the lead and with active support of some colleagues and officials of TSWREIS conceptualized a month long Summer Undergraduate Research Fellowship (SURF). Accordingly, for the first time, a batch of 13 Tribal undergraduate girls from Telangana, joined JNU for a 4 weeks intensive Internship in various Schools/Centres.

The program was inaugurated on 13.08.2019 and several key functionaries of both the partner institutions addressed and encouraged the Interns to make the most of this one-of-its-kind opportunity. Besides managing this unique program right from initiation, Chair Professor enlisted assistance and support from faculty members who took these young girls under their wings. He himself also conducted multiple sessions spread over about 25 hours on various Life Skills including Soft Skills especially during the times when the trainees were not engaged in their respective Schools. This novel experiment, involving both the beneficiaries from Telangana as well as the faculty of JNU got successfully culminated on 12.09.2019. The participants shared their learning and exposure to state-of-the-art facilities which they had hitherto only heard of or read about. Hon'ble Vice Chancellor, JNU, delivered the valedictory address and also distributed Certificates of Participation to all the Interns. A WhatsApp Group and Email administered by Chair Professor has been created for continuing interactions amongst stakeholders.

Future Plans:

The future plans of SCSNEI include developing the Special Centre into a centre of excellence and resource hub. Initial steps have been taken in this direction, including developing its archival and documentation centre. Through institutional collaborations with other Centres within Jawaharlal Nehru University, as well as Universities and Research Institutions located in North East India, and in other parts of India and abroad, SCSNEI seeks to explore and engage with scholars and institutions working on North East India and its neighbouring areas.

International Collaboration

The International Collaboration Office (ICO) aims at meeting the University's objectives at the International level through coordinating and handling international relations activities. In line with international practices, the ICO has been working with University's faculty, staff and students as an innovative approach to ensure their engagement in the internationalization agenda by taking into consideration wide input received from them. Such an approach has helped the ICO in implementing the internationalization agenda of the higher education. In recent years, it has intensified its activities to build strong networking and connectivity at international level by not only dealing with matters relating to signing of Memorandum of Understanding (MoUs) and Agreement of Cooperation (AoCs) including Student Exchange Agreements with International Universities/Institutes but also looking after all activities related to mobility/exchange of faculty and students of the University under various other programmes. In addition, the ICO facilitates JNU's participation in joint projects with partner universities/institutions.

The current Director of International Collaboration is Prof. Sharad K. Soni.

UGC – Human Resource Development Centre

The Human Resource Development Centre (formerly Academic Staff College), JNU is India's premier institution for the up-gradation of knowledge and skills of college and university teachers. An intellectual nerve centre, the UGC - Human Resource Development Centre at the Jawaharlal Nehru University was started in the year 1989. *It has successfully completed 31 years and has emerged as a major meeting ground of teachers in the country.*

Drawing upon the faculty of JNU as well as other prestigious institutions in and around Delhi, the HRDC, and JNU brings to its participants the cream of Indian scholarship as resource faculty.

The following main target groups have been identified for capacity building, knowledge enhancement and similar other programmes with the objective of a holistic approach focused on transformation of our institutions of higher education to a more facilitating academic environment conducive to innovations, creativity and quality advanced learning and research.

- Faculty members in institutions of higher learning engaged in teaching and research
- Teacher Educators
- Key non-academic functionaries in institutions of higher learning for better governance and to facilitate efficient use of various fast growing ICT resources and applications
- Research Scholars

Web link: <http://www.jnu.ac.in/HRDC>

We receive hundreds of applications for Orientation Programme, Refresher Courses and Short Term Courses from all over the country. The selection of participants for the various courses is thoroughly done by the screening committee for equal representation from every State, reaching to different segments of the society and the deserving individuals. Inaugural and valedictory programmes are organised for every course by inviting renowned personalities, Vice chancellors, Rector, Directors of Institutes etc. Interactive sessions with the Faculty trainees are done throughout the course to get their feedback and suggestions on their needs and the required changes are incorporated in the curriculum accordingly.

The UGC-HRDC, JNU organizes yoga classes four times a week (Monday, Tuesday, Thursday and Friday) for the participants. We provide hostel accommodations to all outstation participants. There are 49 rooms and 8 fully furnished guest rooms for the participants and resource faculties at HRDC.

Internal Complaints Committee Activities and Programmes – 2019-2020

ICC has designed special posters, banners about Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 [SHWW(PPR)] adopted by JNU and fixed it in all over the academic area, shopping centres, near dhabas, near faculty housing, hostels, banks. The ICC has sent the copy of ICC Rules and University Grants Commission (Prevention, Prohibition and Redressal of Sexual Harassment of Women Employees and Students in Higher Educational Institutions) Regulations, 2015, to all Schools, Centres, Special Centres/Hostels/ Administrative Offices, Campus Development Committee, CSO office in order to inform everyone about ICC Rules. The ICC has also widely circulated the Zero Tolerance Policy of Sexual Harassment against women in campus. The ICC members have met several faculties, student, student representatives, staff, staff representatives and tried to understand women related problems at their workplace. The ICC has conducted the following events from 1 April, 2019 till 31 March, 2020 :-

Workshop on Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act 2013 (24 – 25 February, 2020)

A two-day workshop on Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013 was organised by Internal Complaints Committee (“ICC”), Jawaharlal Nehru University, New Delhi in collaboration with National Commission for Women (“NCW”) at Convention Centre, JNU, 24-25th February 2020. The workshop had seven sessions, preceded by an inaugural session. The Inaugural ceremony of the Workshop commenced with the lighting of lamp by Chief Guest Mrs. Rekha Sharma, Chairperson of NCW, Guest of Honour Prof. M. Jagadesh Kumar, the Vice-Chancellor of JNU, Prof. Chintamani Mahapatra, Rector I and Prof. S.C. Garkoti, Rector II, JNU. Dr. Tulika Prasad, Assistant Professor, SCNS & AIRF, JNU welcomed all the dignitaries present on the dais and participants from various parts of the country, colleagues & students. She explained the necessity of the workshop and gave a brief history of the POSH Act.

ICC had also invited few Resource persons namely, Ms. Priya Bhardwaj, Jr. Technical Expert, NCW; Ms. Tara Narula, Advocate Delhi High Court; Ms. Archana Pathak Dave, Advocate Supreme Court of India ; Ms. Kanchan Khattar, Sr. Coordinator, NCW; and Prof. Ritu Gupta National Law University (NLU), Dwarka, New Delhi.

In the inaugural session, the chairperson expressed her concern about the enormity of the problem of sexual harassment at the workplace. She said that women seldom report the sexual harassment which they have undergone. This is due to the fact that they fear retaliation, loss of employment, reputation and self-esteem. Sexual harassment causes mental trauma and creates a hostile and discriminatory work environment. It prevents women from working as per their potential. The chairperson, NCW underscored that such workshops are of tremendous importance as they sensitize the students, research scholars, faculty members to the system, rules and regulations in place and create awareness, ignorance is the biggest impediment, and such workshops demystify various concepts pertaining to the provisions of the Act. Further, they promote and foster a healthy, conducive and safe workplace for one and all. She underscored that prevention is better than cure. Further, the current mindset needs to change, and the women should not be stigmatized on the basis of sexual harassment against them. They should raise their voice if they feel some sexual harassment is perpetrated overtly or covertly.

The Vice-Chancellor alluded to National Education Policy draft, section 6.2, which focuses on minimizing the gender gap. Education is a great leveler which can empower women in particular and lead to the holistic development of the society. He gave references from the past wherein women had excelled and outshone in different pursuits. He also underlined that the number of women students exceeded the number of men students on the campus.

Prof. Chintamani Mahapatra, the Rector, very pertinently mentioned that women's security is of utmost importance. He underlined that such acts enable women to come forward, raise their voice and grievances, lodge their complaints and seek justice. The Acts and rules help arrest the rising tide of sexual harassment.

Prof. S. C. Garkoti, the Rector, very appropriately said that men and women contribute equally for the development and upliftment of the society. Prof Garkoti alluded to the concept of Ardhanareeshwara, fusion of Shiva and Shakti, one

complements and supplements the other. He elaborated on the Supreme Court order to grant permanent commission to women officers in the Army's non-combat support units on par with their male counterparts.

- Ms Priya Bharadwaj was the keynote speaker who highlighted the important judgments which led to Sexual Harassment of Women at Workplace Act 2013. She dwelt on the various provision and sections of the Act. She elaborated that SHWW 2013 was passed in 2013 to ensure protection of women against sexual harassment, promote and foster dignified workplace.
- Advocate Tara Narula spoke on the basic concepts, their definitions, the different Acts in place to ensure women safety at the workplace. She explained what constitutes sexual harassment as per POSH 2013. Advocate Tara Narula underscored that the constitution Of India guarantees equality and dignity to women in the country through articles 14, 15, 19 1(g) and 21. Further she highlighted that the Convention on Elimination of All Forms of Discrimination (CEDAW) makes it mandatory for the countries to ensure equality and eliminate disparity and discrimination against women in employment.
- Advocate Archana Pathak Dave highlighted the gender discrimination and discussed on the rules and acts which have come up to bridge the gap and eliminate the gender bias and discrimination. She applauded that more and more women in the country are exercising their right to vote. The developed countries like France, Germany, and Denmark lag behind India. She also mentioned that there are three sitting women judges , out of the total 34 judges in the Supreme court of India. She alluded to the verdict delivered by 5 judge consist bench, which allowed women of all age groups to visit the Lord Ayyappa temple at Sabarimala in Kerala.
- Ms Kanchan Khattar dwelt upon how the NCW functions through its various cells and units. She described the duties and responsibilities of NCW. Further, she elaborated on the relevance and functioning of ICC. She walked the audience through the various stages of redressal mechanism, filing of complaints, conciliation, interim measures, composition of IC, the conduct of enquiry, cross-examination, composition and responsibilities of IC, recommendations, and their implementation. She underscored that recommendation should be given in consonance with the service and conduct rules. Further, she elaborated on the various essential court judgments like the Vishakha Vs. state of Rajasthan, Shanta Kumar Vs. CSIR & Ors 2018, K. P. Anil Rajgopal and State of Kerala High Court.
- Prof. Ritu Gupta, National Law University dwelt on the UGC (Prevention, Prohibition and Redressal of Sexual Harassment of Women Employees and Students in Higher Educational Institutions) Regulations 2015. All Higher Educational Institutions and affiliated colleges must constitute ICC to handle and stem the problem of sexual harassment. The individual universities are supposed to send to UGC the annual return on cases of sexual harassment. The speaker explained the basic concepts and definitions of aggrieved women, campus, employees, executive authority, victimization. Further, she explained the responsibility of higher educational institutions in stemming the rising tide of sexual harassment; the process of filing complaint and conduct of inquiry by ICC. Dr. Gupta has pointed out few deficiencies in UGC guidelines saying that although title talks about Women but inside the Act, it is talking about all genders. She said that it is written in the Rule and Regulations that few men can also make the compliant. She was of opinion that now as five years are over to this Act, the revision of Act should be done in order to make it more appropriate

The workshop was attended by more than 260 delegates/participants approximately (200 from within and 60 from outside of the university) comprising faculties/staffs/students. Certificates were also issued to the participants who attended the workshop.

Formal Enquiry and Redressal of Complaints (Total complaints – 05)

ICC has received total 05 new complaints from 1 April, 2019 till 31 March, 2020. The ICC has disposed off 05 complaints (including the earlier complaints) and in the four cases enquiry is in process.

It is important to note that the Jawaharlal Nehru University was closed for almost 4 to 5 months i.e. from September, 2019 till January, 2020 due to protests by a section of students of JNU and after that due to Corona virus Pandemic, University was closed from 19 March, 2020 till date.

Linguistic Empowerment Cell (LEC)

Linguistic Empowerment Cell (LEC) is a unique capacity building system evolved by JNU to empower the students, a very heterogeneous population, coming from different sections of the society and remote regions of the country who get admission with deprivation points system of JNU. It caters to the linguistic needs of these students who may find it hard to cope with their regular programs in their respective schools and centers primarily for reasons of language. LEC runs courses in English, Hindi and Sanskrit languages to the Indian and foreign students. Indian Sign Language is again a new and notable programme offered by LEC.

Institutional Ethics Review Board (IERB)

Institutional Ethics Review Board is functioning since September 2008, it offers assistance and guidance to researchers of JNU who need to work on Human Subjects and intend to table their proposals for 'ethical clearances'. Even though the need for ethical clearances for the intricate science and social science JNU researches on human subjects should have been a key requirement but it is still not a mandatory one at IERB to let the supervisors/Centre and School level Committees feel responsible for this primary ethical evaluation. However, the number of proposals routed to IERB have seen an increase in recent times, due to which the expert evaluation meetings have increased per semester. The JNU – IERB is one of those regulatory mechanisms which builds capacities for a more meaningful interaction on the ground and facilitate international standards in research and publications. In fact, IERB, its constituent elements and all the panelists are aware of the fact that for the advancement of knowledge, real life experimentation-based research must go on, which may on most occasions involves living beings both human and non-human. It is both an individual as well as an institutional responsibility to protect the biosphere, cause no harm through experimentations to any of its constituents, be it a human being or any other form of life, or even the fine balance of the ecosystem. Besides this, the Constitution of the country has set up many institutions which have established laws and codes on data collection, data sharing, and information dissemination to protect national interests, intellectual property rights, creative copyrights and human dignity of marginalized and vulnerable communities and people. It is a collective responsibility of the researcher and the institution to balance the risk against benefits, try and minimize risk and maximize benefits through appropriate study design and appropriate research procedures and tools. This is where the institutional ethical committee plays a critical role, more as an advisory body with a multi-sectorial, multidisciplinary body of experts rather than just another administrative hurdle for the young enthusiastic scientists.

The Constitution of IERB for the year:

Chairperson: Prof. Dr. Shiv K. Sarin, Director, ILBS

Co-Chairperson: Prof. S.C. Malik, Former Prof. of Psychiatry, LHMC,

Member Secretary: Prof. Amita Singh (Centre for the Study of Law and Governance, JNU)

Co-Member Secretary: Dr. Sushil K. Jha (School of Life Sciences, JNU)

Mathematical & Computational Empowerment Cell

A fair degree of competence and skill in the application of mathematical, statistical and computational frameworks have become indispensable for pursuing advanced academic research in any discipline. Recognizing this fact, JNU established a Mathematical and Computational Empowerment Cell (a university- level programme) in Monsoon Semester 2012. The Cell works directly under the university's administrative control, like a facility. It is headed by a Coordinator, who is advised by a committee of members from different schools of the university.

The M&CEC will offer courses (Basic & Advance levels) on:

- (1) Mathematics
- (2) Probability & Statistics
- (3) Computational Techniques and Data Analysis

Including training in the use of appropriate software & packages for the benefit of students, faculty members & staff of JNU, who may be interested in acquiring basic domain knowledge and skills. Depending on the requirements and interest of candidates enrolled for the courses, it may be considered to offer more advanced topics. Some efforts would be taken in the direction of popularizing mathematics, statistics and Data Analysis amongst the university students and faculty members from diverse background.

Following courses were taught:

Public Relations Office

The Public Relations Office of the University issued a number of press releases on various activities, forwarded press clippings and other reports/information pertaining to JNU appearing in the press, as feedback to the University authorities. It also responded to public queries relating to academic as well as administrative matters and received important visitors and delegations to the University. Replies to written queries were sent to those who sought information regarding various aspects of the University functioning.

A bi-monthly journal *JNU News* is brought out by the Public Relations Officer. It is edited and published by the PRO on behalf of the University. The journal serves to bridge the information gap and tries to initiate and encourage a constant dialogue between various constituents of the University community as well as with the rest of the academic world. The Annual Report of the University was also prepared and published both in English and Hindi by the PRO Office.

During the year under review, the PRO office assisted the University in organizing functions regarding felicitation of the retired employees, faculty, and organizing various lectures of the University.

Guest House

JNU's three guest houses Gomti, Aravali and Aravali International provided accommodation to approximately 3376 guests during the year under review. They included teachers and research scholars from various universities and educational institution in India and abroad for collection of research material or other academic pursuits. Official guests of the University, guests of faculty/staff, parents of students and UGC guests were also provided with accommodation.

Rajbhasha Cell

For translation (Hindi to English and vice-versa) and various Hindi related services, Rajbhasha Cell was established in JNU. It is headed by Assistant Director (OL) and assisted by Senior Translator, Junior Translator, Stenographer, Computer Operator and others. Hindi Advisor, an honorary post to be deputed among Hindi teachers of the University, advises the Cell for better implementation of Official Language Hindi among the university units. Currently, Prof. Sudheer Pratap Singh, CIL/SLL&CS is the nominated Hindi Advisor.

Rajbhasha Cell acts under the administrative control of the Administration of JNU. It keeps on monitoring the implementation and the progressive use of official language of the union in the University & facilitates various schools/centres/sections/departments of the university to do office work in Hindi.

During the year under report, Rajbhasha Cell of the university undertook the following assignments/activities:

Quarterly Hindi Meetings:- Rajbhasha Cell convened three Official Language Implementation committee meetings. During the year, the 1st meeting was convened on 16 May, 2019. University authorities and Officers upto the level of Assistant Registrar are its members. Assistant Director (OL) is the member secretary of this meeting. The meeting was presided over, as usual, by its Chairperson Prof. Chintamani Mahapatra, Rector-I. Various important decisions regarding implementation and progressive use of Hindi were taken in the meeting.

The 2nd meeting of the Official Language implementation Committee (OLIC) was convened on 19 August, 2019. It was presided over by its Chairperson. A number of decisions were taken in the meeting for the implementation of official language Hindi in the workings of the university.

The 3rd meeting of the Official Language Implementation Committee (OLIC) was convened on 30 December, 2019. The meeting was presided over by its Chairperson. A number of important decisions were taken in the above meeting for implementation of official language Hindi.

Officials of MHRD and Regional Implementation Office (RIO), Department of Official Language, MHA also attended the meeting.

TOLIC Meetings:- JNU is also the member of Town Official Language Implementation Committee (TOLIC). Its meetings are regularly attended by the Head of the university or his nominee. Half yearly progress report of Hindi in respect of the University is regularly sent to TOLIC secretariat. The said committee nominated Assistant Director (OL) of the university as Nodal Officer for reviewing the quarterly progress report of Hindi relating to the member offices of TOLIC.

Hindi Workshops/Seminars/Trainings:- 1st Hindi Workshop of the year under report was conducted on 23 May, 2019. It was a one-day workshop. A total of 18 Section Officers/Senior Assistants participated in it. They were imparted training in connection with Hindi Noting/Drafting and use of Hindi in Information Technology (IT). They were imparted training in connection with Hindi Noting/Drafting and use of Hindi in Information Technology (IT). The faculty/Trainers/Speakers were invited from other offices located at Delhi.

3rd Hindi workshop was conducted on 21 February, 2020. It was a one-day workshop. A total of 22 officials took part in the workshop. The workshop was meant for Assistants. They were imparted training on the use of Hindi in computers (Unicode and various Hindi softwares).

Hindi Fortnight Celebration:- Hindi Fortnight was celebrated in the university from 1 – 14 September, 2019. Various Hindi competitions were organized for the employees and students of the university. A total of 09 Hindi Competitions were organized for the employees and students during the Hindi fortnight (5 Hindi competitions for employees and 04 for students). There were also 3 consolation prizes. The winners were distributed the prizes along with a citation on the occasion of Hindi Day Celebration. All the participants got benefitted from the same.

Hindi Day Celebration: Hindi Day Celebration was observed on 30 September, 2019 in the university. Shri Atul Kothari, National Secretary, Shiksha Sanskriti Utthan Nyas was invited as Chief Guest and Prof. Kumud Sharma, Delhi University as Special Guest. Three Hindi poets were also invited to the programme. Prof. S.C. Garkoti, Rector-2, presided over the function.

Prof. Sudhir Pratap Singh, Hindi Advisor and Dr. Pramod Kumar, Registrar also addressed the audience. Dr. Malkhan Singh, Assistant Professor anchored the programme. Many awards were distributed to the winners of the Hindi competitions held during the function. A lot of faculty members, students, officers and staff members of the university attended the function.

Publication of Hindi Magazine: Rajbhasha Cell of the university continues to publish its Hindi magazine *JNU Parisar*. It is the platform to air one's spontaneous overflows. The activities and achievements of the university also find a place in the magazine.

Hindi Incentive Schemes: Currently, there are a few Hindi incentive schemes in the University, namely – Mool Hindi Tippan/Alekhan Protsahan Yojna, Hindi Dictation Protsahan Yojna, and Hindi Monthly Allowance Incentive Scheme for stenographers and typists to do office work in Hindi, etc. In addition, a Special Scheme to promote Ph.D thesis writing in Hindi is also on the anvil.

Miscellaneous Activities: In addition, the Rajbhasha Cell helps to organize Flag Hoisting ceremony in the University Campus. It makes the arrangements for KV children to present patriotic songs and other cultural activities on the occasion of Independence Day (15 August) and Republic Day (26 January). The children were also awarded some gifts by the Vice Chancellor of the University.

Apart from the above, Rajbhasha Cell constantly strives to propagate official language Hindi among the staff members of the university. It collects the Quarterly Progress Report of Hindi from the various sections/schools/centres/ departments of the university and arranges to send the compiled report to the MHRD, UGC and Regional implementation office (RIO) of the Department of Official Language.

Rajbhasha Cell also undertakes various Hindi translation works of Annual Report of JNU, Annual Accounts, Audit Report, Academic Ordinance, Court Meeting Agenda and Minutes, Tender Notices, Admission Notices, advertisements for recruitment and other purposes and all the Documents covered under section 3(3) of the Official Language Act, i.e. routine orders, circulars, notices, memoranda, etc.

It also offers help/services to facilitate usage of Hindi on computers such as installing of Hindi software Unicode and in the E-Office. Rajbhasha Cell is a watchdog for Hindi implementation and Hindi related other services in the university.

Chief Proctor

Statute 32 of the Statutes of the University deals with maintenance of discipline among students of the University; all powers relating to discipline and disciplinary action in relation to students shall vest in the Vice-Chancellor. Statute 10(3) (a) states that there shall be a Chief Proctor appointed by the Executive Council of the University.

The Chief Proctor's Office has been in existence since 1986. The Proctorial Team consists at present of one Chief Proctor assisted by Seven Proctors (of which two is a woman Proctor). The Chief Proctor's office is responsible for maintaining discipline among the students of the University. In the execution of its duty of maintaining peace and harmony on the campus, it relies, by and large, on the philosophy of taking reformative measures rather than punitive steps. In cases involving violation of disciplinary norms, however, appropriate disciplinary action is taken.

Legal Cell

The Legal Cell was set up in J.N.U around the year 2007. Earlier, the existing cases against the University were being dealt with by their respective concerned branches. There were no inter-linkages among the departments *vis-à-vis* the legal issues. After the formation of the Legal Cell, all the pending legal issues/cases with different sections were clubbed together and consolidated functioning happened through the empanelled legal counsels of the University.

The Legal Cell therefore is a nodal point for all University related litigation, vetting of Memorandum of Understanding, tender documents and other legal documents.

The Legal Cell has been assisting all the stake-holders, viz. faculty, staff and students in the legal issues faced by them from time to time *vis-à-vis* providing legal advisory work like vetting of legal documents, draft agreements, MoUs, Tender documents and interpreting matters having potential of legal repercussions. The number of court cases dealt by the Cell from its inception are as under:-

S. No.	Particulars
1.	Total cases listed - 450
2.	No of cases Disposed of - 279
3.	No of cases Pending - 171

During the period under report, the number of fresh cases received and disposed of were as under:-

From 01.04.2019 TO 31.03.2020

S. No.	Particulars
1.	Total cases listed - 87
2.	No. of cases Disposed off - 43
3	No. of cases Pending- 44

171 cases are pending in the court as on 31.03.2020 including the 44 cases for the period 01-04-2019 to 31-03-2020.

The Legal Cell has been continuously monitoring the court cases and liaisoning with various departments of the University and legal counsels for legal compliances. It also continues to exercise constant liaisoning with Standing/Additional Standing Counsels of the University for feedback and compliance in matters of court cases and other issues also concerning interest of the University.

Security Department

During the period under review, the following important steps were taken by the Security Department for strengthening the Security system in the JNU Campus.

- Successful control & extinguishing of 20 nos. fires at different locations in the campus.

- Efforts are being made to make website interactive to all alumni.

Communications & Information Services (CIS)

JNU had initiated efforts for setting up a campus-wide computer network in the academic complex of the university in the year 1996. Keeping options in mind for future expansions, the network was carefully planned, using fiber-optic cabling to connect all the major Academic buildings. JNU decided that a separate centre was needed to look after Network Operations centrally and the Communication and Information Services (CIS) was created..

The Communications and Information Services Centre was set up in February 1997 as an independent Centre headed by the Director. By May 1997, the site was ready, and it started functioning with a small workforce of select persons drawn from different departments of the university. In 2001, CIS became part of the School of Information Technology (SIT).

In August 2011, The Vice-Chancellor approved the re-structuring of Communication and Information Services (CIS) by merging the Technical and Computer staff working in CIS, E-Governance and University Computer Maintenance Cell (UCMC) for smooth functioning of E-Governance and network related activities as a separate Service Center for central ICT facilities of JNU.

The bandwidth has been rising steadily right from the inception of CIS. In 2002, the Internet bandwidth of the campus was increased to 2 Mbps. This was doubled in 2003, and tripled in 2004, and like this usage of Intranet bandwidth of campus moved up to 1Gbps in 2005. JNU has 10 Gbps of Internet bandwidth of each link coming from two different ISPs and integrated at our end to give seamless access from two ISPs. Presently, the university has the bandwidth of 10Gbps through National Knowledge Network (NKN).

CIS at present has the following groups:

- **Network and ICT infrastructure group:**

At present, CIS had deployed about 44 km of Optical Fiber Cable (OFC) across the campus connecting all the academic complexes, including the new buildings, all the hostels and other facilities through fiber net connectivity. CIS also installed 2000 Nos. of Wireless Access Points for the campus WiFi connectivity. The Network group supports the operational management of the both active and passive components of Network and Wi-Fi services across the campus. The team also renders their service related to Firewall, Internet Service Provider and Internet management, network authentication system, Network Monitoring System, Domain name Control System, which are the backbone activities of the campus network.

The group also maintains the JNU Private Cloud, which hosts about 36 support software / servers hosted for JNU intranet usages.

CIS launched the official university website, www.jnu.ac.in in 1997. Website is the front interface for all the important academic and administration information for an Organization. JNU implemented Content Management System based website, which consists of 120 micro sites of the university. This group put their best efforts for updating the information and provide services logically in the 24 x 7 monitoring of website functionality.

- **eGovernance Group:**

The eGovernance Cell was formed in the year 2006 for the automation of administration and academic processes of the university. In 2011, the cell was merged with CIS. The following are the support service and operational management activities undertaken by this group:

1. Software Implemented through Government Sources:

- **eOffice Suite** of NIC: JNU has implemented successfully entire eOffice Suite since year 2015. This suite consists of eFile, eLeave, KMS, eTour, PIMS and SPARROW
- **eProcurement** and Central Public Procurement Portal by NIC: JNU has successfully implemented the eProcurement system for eTendering since 2015.
- **GEM** by GoI: JNU has successfully implemented the procurement process under GeM since 2017.

- **Online Consumable Request Management System:** JNU customized and implemented the software acquired from DoPT Computer Cell for automation of activities of the Central Stores and Health Center for their consumable items of the stores. The software is running smoothly and adding value to the departments since year 2016.
- **Online RTIMS:** JNU has implemented the Online RTIMS system developed and implemented by the DoPT. This system has been functioning in JNU since year 2014.

2. In-house Developed Software:

- Student Registration Software (Post Admissions, Semester Registration, Hostel Allotment, No Dues Clearance, Result Processing etc.) under JNU EduERP initiatives
- Digital tracking and Management Software for thesis tracking and online thesis submission process.
- Health Centre Pharmacy Inventory Management Software for the Students Health Center
- Research Project Management Software.
- Helpdesk Management Software – Implemented for CIS and the Engineering Branch
- Implemented Online Recruitment software for Teaching and Non Teaching Posts (ORMS)
- University House Allotment System
- Health Centre OPD Appointments
- Online Minutes of Executive Management
- Unified Payment Gateway System (JNU Cashless Campus)

3. Central Data compilation and preparing MIS reports, other data related activities at the level of University to support the administration:

- All ranking schemes (NIRF, ARIIA, QS, WUR, ACU, THE WEEK - HANSA, TOI, etc.)
- Monitoring and updating the data for 18 eSchemes of MHRD/UGC from time to time basis.
- National Academic Depository – uploading of the NAD portal data of JNU in coordination with CDSL

• University Computer Hardware Maintenance Group:

University Computer Maintenance Cell (UCMC) under Communication and Information Services, Jawaharlal Nehru University has been established to provide hardware and software support to the end users of the University. This cell is also rendering and monitoring the end point solutions for various virus and malware threats.

Technical support is available between 09:00am and 05:30pm from Monday to Friday (except holidays).

• Learning Management System, Video Conference and other related infrastructure Management group:

- Operations Management for Online Learning Management System (MOOCS)
- Operations Management of Video Conference facilities deployed at various locations of the campus
- Operations Management of Net Meeting System, Online Viva Voce of M.Phil / PhD, Dissertation / Thesis
- Smart Card based Biometric Attendance System of JNU
- Deployment of Surveillance System at the critical entry points of the University and CCTV Camera, and its operational Management and monitoring.

Major activities performed by CIS for the period of Year 2019-2020:

- Capacity Building and ICT training to JNU community
- Strengthening and deployment of new software in the University
- Deployment of CCTV cameras in the hostels
- Deployment of Central UPS in high availability mode in CIS Data Centre
- Upgrade of central facility Software and Hardware deployed in CIS Data Centre

Research and Information Support Services

- Access to Language Learning Tools, i.e. Grammarly
- Access to plagiarism detection tools like Turnitin
- Electronic document delivery system
- Training on reference management tools like Mendeley, Endnote and Zotero
- Organisation of workshops on plagiarism.

- Organisation of author workshops how to write and get published in academic journals and books

Cyber Library

Cyber Library is located at the ground floor and has 145 computers for the students community to access OPAC and the subscribed online resources.

Remote Access

Ezproxy-remote access has been provided to all registered users. It is an advanced authentication system which facilitates remote access to subscription-based content through single sign on facility.

Single Window Search

Central Library, JNU has implemented Web-scale Discovery Services (WDS), Ebsco Discovery services (EDS) which is known as single window search. This service integrates a number of resources and facilitates the users in accessing required information through a single search interface.

Turnitin

To check plagiarism, all JNU faculty and M.Phil./PhD students have been provided Turnitin accounts. The account for JNU faculty is created by Central Library. The faculty members are responsible for creating accounts for their research scholars. This facility is also available for the affiliated institutions of the university.

Urkund

Central Library, JNU with support of INFLIBNET also provided access to URKUND-anti plagiarism tool for the JNU Faculty and Students.

Drilbit Software

The Central Library, JNU is providing access to Drillbit software (Anti-plagiarism software) for the JNU faculty and students. It supports checking of document written in Non English Languages (Regional).

Grammarly:

Central Library has subscribed to the Grammarly@edu Software/ Tool. It is an automated grammar tutor and revision support tool and works one-on-one with students to develop essential writing skills, reinforce proper revision habits and prevent plagiarism. One may upload drafts of one's writing assignments to Grammarly to receive immediate instructional feedback on over 250 points of grammar. An algorithmic and structured approach to text revision ensures that valuable learning moments are seized upon when proofreading. It is accessible through <http://www.grammarly.com> or a link given on website.

Access to Online Newspapers and Press Clippings:

Library has an indigenous database of about 8 lakh newspaper clippings which can be accessed through OPAC (Online Public Access Catalog). These news clippings which are from 21 newspapers, from 1974 onwards, have been categorized under 72 subject categories.

Pest Control

Comprehensive pest control treatment was done 4 times to protect the library material from termites and other insects during the period.

Display of JNU Faculty Books at Word Book Fair 2019

Central Library organized a display of books at World Book Fair-2020 at Pragati Maidan, New Delhi, 4 – 12 January, 2020.

Users Attendance System

Library has designed and developed system using Open Source Software for tracking entry of authentic users at the entrance. (<http://10.107.16.102/libatten>)

Digital Notice Board

Library has a Digital Notice Board which displays information pertaining to the university, forthcoming holidays, events, Library opening and closing timings.

Document Delivery Services

Library also provides research papers/articles on demand to the users. Around 300 research papers were provided to faculty members/students.

Electronic Theses and Dissertations Collection

The collection has 26,688 theses and dissertations. During 2019-20, it received 507, 45 and one CD of PhD., MPhil and Post Doc respectively.

University Science Instrumentation Centre

During the period of report the staff of the Centre participated in the teaching of mechanical workshop course for the School of Engineering students of 1st and 2nd year and also executed jobs related to the design, fabrication and repair of scientific equipment/ instruments of various science schools. Most of these jobs were of mechanical nature. Since November 2019 to March 31st the University faced the closure due to student agitations and Corona pandemic.

Patents Filed

- Indian patent: Fabric with self-cleaning property, Provisional Indian Patent No.: 201911014025 filed, 8 April, 2019, E-101/28388/2019/DEL
- Indian patent: “An antimicrobial face mask using nano-particle coating”, Provisional specifications filed for Indian Patent, 25 April, 2020, CRN3998

Advanced Instrumentation Research Facility (AIRF)

Advanced Instrumentation Research Facility (AIRF) is operational since 2008 and at present running more than 30 sophisticated state-of-the-art instruments (Annexure-1) with supporting sample processing facilities to support research scholars. It caters to the interdisciplinary applications in research not only to all the JNU Science Schools which includes School of Biotechnology (SBT), School of Environmental Sciences (SES), School of Life Sciences (SLS), School of Physical Sciences (SPS), Special Centre for Molecular Medicine (SCMM) and Special Centre for Nanosciences (SCNS) but also to other academic research institutes and private companies/industries within and outside Delhi. AIRF supports inter-disciplinary academic and research activities by conducting regular workshops and trainings programmes. AIRF is presently headed by the Director - Dr. Shailja Singh, Special Centre of Molecular Medicine (SCMM), JNU and Associate Director- Dr. Usha Mina, School of Environmental Science (SES), JNU. AIRF has two permanent faculty, nine permanent staff and five temporary staff under DBT project to carry out day to day activities.

Objectives:

- To become an internationally recognized Centre for Excellence in quality and innovative scientific service solutions in the field of inter-disciplinary research & development using state-of-the-art cutting-edge advance scientific instrumentation.
- To generate highly skilled manpower at postgraduate/doctorate level on high-end analytical instruments through peer interaction and direct instrument usages.
- To be a source of ideas, innovation, research and development in the field of different high-end instrumentation techniques.
- To organize short intensive courses, conferences and seminars on sophisticated analytical equipment to develop the skills related to different instrumentation techniques which will be benefited to scientific community.

Major Advance Instrument at AIRF for research purpose, instrument incharge and core faculty members.

Achievements

Workshops and Training programmes

During April 2019 - March 2020, five workshops and training programmes have been conducted to create awareness among the research community for the effective utilization of research facility leading to the substantial increase in the number of efficient users. The workshops and training programmes are conducted to provide efficient and trained professionals to maintain a pace in the development of research in the country. The increased manpower has helped in maintaining the smooth functioning of facility. During the past year the number of publications came out after usage of advance instruments of AIRF has improved substantially. The support through DBT-fund towards the maintenance of the sophisticated instruments has brought about a marked reduction in down time of the instruments and has henceforth substantially boosted the qualitative use of the facility. These efforts have motivated researchers to explore the facility and get benefitted by it

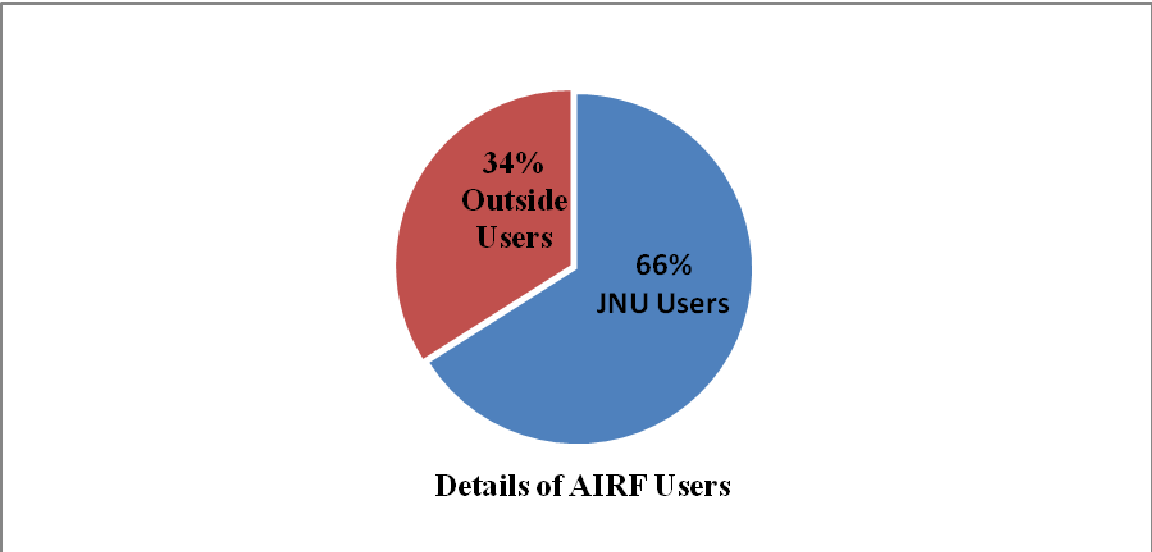

Details:

S. No.	Training programme	Coordinators	Number of Participants	Achievement
1.	Advanced in flow cytometry Technology and Its Applications 27 – 28 June, 2019	1. Dr. Smita Sundaram, AIRF, JNU 2. Mr. Parveen Kumar, AIRF, JNU 3. Mr. Shanker Dutt, AIRF, JNU	20	1. Participants learnt about the flow cytometry techniques and its different applications. 2. Demonstration of flow cytometer equipment.
2.	Advanced Spectrometry Techniques for FTIR & FTNIR 25 – 26 July, 2019	1. Dr. Manoj Pratap Singh, AIRF, JNU 2. Mr. Saroj Kumar Jha, AIRF, JNU 3. Mr. Parveen Kumar, AIRF, JNU 4. Mr. Shanker Dutt, AIRF, JNU	20	1. Participants have gone through different aspects of Advanced Spectrometry techniques for FTIR and FTNIR 2. Demonstration of FT-IR and FT-NIR and analysis of the samples on the equipment.
3.	Field Emission Scanning Electron Microscope based Lithography 5 – 6 September, 2019	1. Dr. Ruchita Pal, AIRF, JNU 2. Mr. Saroj Kumar Jha, AIRF, JNU 3. Mr. Parveen Kumar, AIRF, JNU 4. Mr. Shanker Dutt, AIRF, JNU	20	1. Participants exposed to Introduction to Lithography Techniques, (EBL) and (FIB) 2. Application of Field Scanning Electron Microscope (FE-SEM) 3. Application and analysis through FIB and EBL
4.	Clinical Flow Cytometry : Principal and Applications in Parasitology 26 – 27 September, 2019	1. Dr. Smita Sundaram, AIRF, JNU 2. Mr. Parveen Kumar, AIRF, JNU 3. Mr. Shanker Dutt, AIRF, JNU	20	1. Participants have gone through the principal of flow cytometry and applications in the field of Parasitology.
5.	Time Resolved Fluorescence Spectroscopy & Femtosecond up-conversion laser facility and its research applications 27 February, 2020	1. Dr. Neetu Singh, AIRF, JNU 2. Mr. Saroj Kumar Jha, AIRF, JNU 3. Mr. Parveen Kumar, AIRF, JNU 4. Mr. Shanker Dutt, AIRF, JNU	20	1. Participants learnt 'Basics of Time-Correlated Single Photon Counting and its Applications' 2. Basics of Time Resolved Fluorescence and Fluorescence up-Conversion' 3. Demonstration of TRFS usage Demonstration of Femtosecond Fluorescence Up-Conversion use and analysis

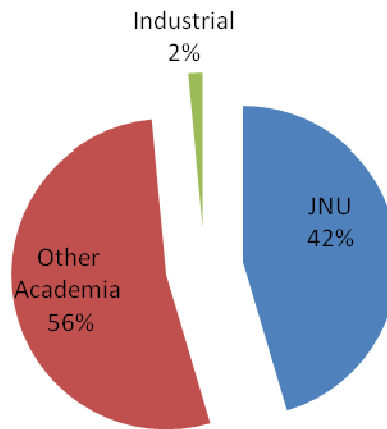

AIRF stakeholders and revenue

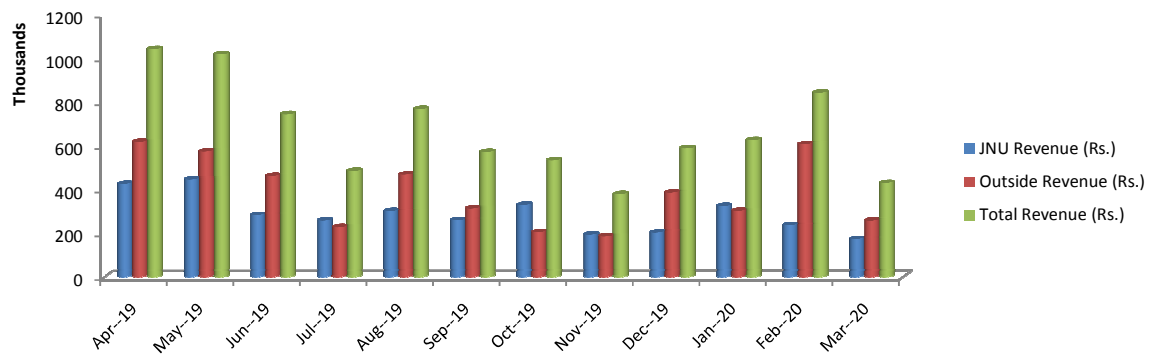

AIRF provided services to more than 3,000 users across India that includes JNU users. Among research scholars users are of postgraduate, Ph.D and post doc research fellows. Outside JNU users are from the different government organization and institutes like IITs, IISERs, different CSIR labs, different central universities like Delhi University, Jamia Millia Islamia, Aligarh Muslim University, BHU etc and private research organization like Amity, Shiv Nadar University, etc. This facility is also used by the researchers from the different section of industry like pharmaceuticals industry, food industry, and industry from the different manufacturing as like automotive industry etc. Approximately Rs. 80 Lakhs revenue was generated.

Capacity Building

Training provided on different equipments to in-house staff. Instrument In charges are allowed to attend the training programme organized by company and different research institution.

Visitors

AIRF model has been visited by national and international visitors

National Visitors:

- Faculty and students of Department of Botany, RGU, Guwahati visited on 8 April, 2019
- Kashmiri students with 53 Rajasthan Rifle "Sadbhawna Tour", Budgam, Jammu & Kashmir, visited on 5 July, 2019
- Faculty participants of the 3rd Refresher Course in Environmental Studies (Interdisciplinary) organized by HRDC, 24 July, 2019
- Mr. R. Kamalakannan, Minister of Education, Govt. of Puducherry with delegates visited on 30 July, 2019
- Faculty and students of Sri Aurobindo College, Delhi University, visited on 2 August, 2019
- Faculty and students from Bhaskaracharya College of Applied Sciences, Dwarka visited on 24 September, 2019
- Dr. Suman Tapryal, Central University of Rajasthan, visited on 27 September, 2019
- Faculty and students of M Sc. Biochemistry, Amity University, Gurgaon, visited on 5 November, 2019
- Faculty and Students of CMS College, Kottayam, Kerala, visited on 27 November, 2019
- 38 Faculty representing different state and Central Universities and institutes as participants of the refresher course organized by Human Resource Development Centre (HRDC) visited on 28 November, 2019
- 35 Faculty representing different state and central universities and institutes as participants of the Orientation Programme organized by Human Resource Development Centre (HRDC) visited on 4 December, 2019
- Officials of DST PURSE from Department of Science & Technology, visited on 10 December, 2019

International Visitors:

- Shastra Pratibhas and Science India Forum Qatar (SIFQ) volunteers visited on 3 August, 2019

New advance instruments installed:

Following major and minor equipments procured during 2019-2020

Major Equipment:

- Tripple Quadrupole Gas Chromatography Mass Spectrometry (GC-TQD)

Minor Equipments or supporting setup:

- X-Ray Generator for EDXRF
- Quartet Holder for TEM
- Auto sampler for NMR
- Power Meter for Raman

Grants

AIRF facility is supported by inhouse grants from JNU as well as external grants from DST and DBT.

Accomplishments of Research Fellows/ PhD students of Dr. Tulika Prasad (6):

- V. S. Radhakrishnan; Ph.D. Degree Awarded in 2019 Convocation; Thesis Title: "Developing antifungal agents and characterizing their mechanism of action in opportunistic pathogenic yeast, *Candida albicans*".
- Dr. Azhar Ali; M.D.S. Degree Awarded in 2019 Convocation at Department of Conservative Dentistry & Endocrinology, Centre for Dental Education and Research, AIIMS, New Delhi; Thesis title: "Efficacy of Silver Diamine Fluoride and Fluor Protector N-varnish mineralizing agents on demineralized enamel lesions: An *ex-vivo* quantitative energy dispersive X-ray analysis (EDX)".

Courses Taught in 2019-20:

M. Tech. (NNST 182)

- Nanobiotechnology & Nanomedicine (NS 660) -Theory
- Design and Synthesis of Nanostructures (NS 663)-Theory
- Research Methodology and IPR (NS 654) -Theory
- Practical courses (NS 655 & NS671)

Ph.D. (NNSH 908)

- Nanobiotechnology & Nanomedicine (NS 619)-Theory
- Design and Synthesis of Nanostructures (NS 663)-Theory
- Research Methods for Study of Nano-Bio Interactions [NS 626]-Theory

Research Guidance (2019-2020):

Year	Ongoing Ph. D. Students	Post doctoral fellow	Ph.D. Degree Awarded
2019-20	Four	One	One

- **Ph.D. Degree Awarded in Convocation:** V. S. Radhakrishnan; Thesis Title: “Developing antifungal agents and characterizing their mechanism of action in opportunistic pathogenic yeast, *Candida albicans*”
- **M.D.S. Degree Awarded in Convocation:** Dr. Azhar Ali: Department of Conservative Dentistry & Endocrinology, Centre for Dental Education and Research, AIIMS, New Delhi; Thesis title: “Efficacy of Silver Diamine Fluoride and Fluor Protector N-varnish mineralizing agents on demineralized enamel lesions: An *ex-vivo* quantitative energy dispersive X-ray analysis (EDX)”

Conferences/Workshops etc

- **Tulika Prasad**, Compered and presented Introduction Note for the Inaugural session and Moderator of Session-III of the Workshop on Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 organized by JNU-Internal Complaint Committee, 24 – 25 February, 2020
- **Tulika Prasad**, External Examiner for M.Tech. Dissertation of some students of Department of Biotechnology, Delhi Technological University in 2019
- **Tulika Prasad**, Paper Setter for B.Sc. (Biotechnology) Even Semester Examination for 2019-20 in Subject- Nanobiotechnology of Lucknow Integral University.
- **Tulika Prasad**, NTA Observer for NEET 2019.
- **Tulika Prasad**, External Expert for M.Sc. Dissertation Project (Bio Group) evaluation (2019) of School of Environmental Sciences, JNU.
- **Tulika Prasad**, Designed JNU-DST-PURSE Brochure in June, 2019 for the Progress Report of JNU of last ten years (2009-19).
- **Tulika Prasad**, Designing of Annual Academic Activity Calendar for Nano Molecular Society being a Joint Secretary of Nano Molecular Society (Since Nov, 2016 till date i.e. 2020);
- **Tulika Prasad**, Member of Organizing Committee of National Conference on Nano/Bio-Technology Conference 2019 (NCNB 2019) organized by JNU and NII held in JNU, New Delhi, 19 – 21 December, 2019.

Faculty Research Projects

School of Arts and Aesthetics : (20)

- **Bhaskar Ira**, Jointly received with her Cinema Studies colleagues an EQUIP – ICSSR (EU – India Social Sciences and Humanities Platform) Research Project ‘FilmInd: The Indian film industry as a driver of new socio – economic connections between India and Europe’. This is a joint collaboration between Cinema Studies (CNS), School of Arts and Aesthetics, JNU, India; University of Basel, Switzerland; Novia University of Applied Sciences, Finland; the Slovenian Academy of Sciences and Arts and Adam Mickiewicz University, Poznan, Poland. A Workshop with all partners was planned in Mumbai in March 2020 and had to be cancelled because of Covid and the announcement of the Lockdown. The partners were all in Mumbai for research but the Workshop had to be cancelled because the European partners had to leave suddenly. Ira conducted field research in Mumbai for her part of the project, 14 – 20 March, 2020
- **Bhaumik Kaushik**, Jointly received with her Cinema Studies colleagues an EQUIP – ICSSR (EU – India Social Sciences and Humanities Platform) Research Project ‘FilmInd: The Indian film industry as a driver of new socio – economic connections between India and Europe’. This is a joint collaboration between Cinema Studies (CNS), School of Arts and Aesthetics, JNU, India; University of Basel, Switzerland; Novia University of Applied Sciences, Finland; the Slovenian Academy of Sciences and Arts and Adam Mickiewicz University, Poznan, Poland, 2019 – 2022.
- **Bhaumik Kaushik**, Fieldwork involving interviewing top executives of all the leading production houses of the Bengali film industry based in Kolkata was carried out in November, 2019
- **Dutt Bishnupriya**, Led British Academy sponsored collaborative project between JNU and University of Warwick, ‘Cultures of Left: Performance and Manifestations’ (2017 – 2019) to its final conclusion.
- **Dutt Bishnupriya**, Led the UGC – DAAD project of Indo German Partnership in Higher Education (2016 – 2020) as the main PI. In the collaborative project between Freie Universitat and JNU
- **Dutt Bishnupriya**, Nominated in the advisory board of the Cluster of Excellence Project, Building Temporal Communities, between Freie University and JNU, 2019 onwards
- **Hariharan Veena**, Cluster of Excellence “Temporal Communities”, International Partners Workshop, Freie University, Berlin, 15 – 31 May, 2019
- **Hariharan Veena**, Jointly received with her Cinema Studies colleagues an EQUIP – ICSSR (EU – India Social Sciences and Humanities Platform) Research Project ‘FilmInd: The Indian film industry as a driver of new socio – economic connections between India and Europe’. This is a joint collaboration between Cinema Studies (CNS), School of Arts and Aesthetics, JNU, India; University of Basel, Switzerland; Novia University of Applied Sciences, Finland; the Slovenian Academy of Sciences and Arts and Adam Mickiewicz University, Poznan, Poland, PI: Ranjani Mazumdar, 2019 – 2022
- **Dave Mukherji Parul**, Gender and Intersectionality on India and its Diapora’s GRID Heritage; by ICHR/AHRC, UKRI, Indo – British, 2020 – 2021
- **Sawant S.V.**, Museum of Modern Art, New York/Asia Art Archive, South Asia Primary Documents book (Ongoing)
- **Jhingan, Shikha**, Jointly received with her Cinema Studies colleagues an EQUIP – ICSSR (EU – India Social Sciences and Humanities Platform) Research Project ‘FilmInd: The Indian film industry as a driver of new socio – economic connections between India and Europe’. This is a joint collaboration between Cinema Studies (CNS), School of Arts and Aesthetics, JNU, India; University of Basel, Switzerland; Novia University of Applied Sciences, Finland; the Slovenian Academy of Sciences and Arts and Adam Mickiewicz University, Poznan, Poland. PI: Ranjani Mazumdar Field Trip undertaken by Shikha Jhingan from March 1 – March 4 and March 8 to March 14 2010 to Bombay to meet Directors, Scriptwriters, Executive Producers and Line Producers.
- **Mazumdar Ranjani**, Is the Indian Principal Investigator of the EQUIP – ICSSR (EU – India Social Sciences and Humanities Platform) Research Project ‘FilmInd: The Indian film industry as a driver of new socio – economic connections between India and Europe’. This is a joint collaboration between Cinema Studies (CNS), School of Arts and Aesthetics, JNU, India; University of Basel, Switzerland; Novia University of Applied Sciences, Finland; the Slovenian Academy of Sciences and Arts and Adam Mickiewicz University, Poznan, Poland, 2019 – 2022.
- **Mazumdar Ranjani**, Went to Bombay for field research related to the Equip Grant from 1 to 15 March, 2020. The scheduled workshop with the European Partners to be held in Bombay on the 14 – 15 March, 2020 was cancelled as the Europeans were suddenly asked to return due to the pandemic

- **Narain Suryanandini**, IGP – DAAD fellowship at Freie University, Berlin to undertake international research on Photography and Popular Culture in June 2019
- **Parameswaran Ameet**, Fellow in Research Area 2 "Travelling Matters" in the Cluster of Excellence Project, Travelling Matters: Doing Literature in a Global Perspective, Freie University, Berlin. Topic of Research: "Globality and the Aesthetics of the Left in Germany and India", May – June 2019
- **Parameswaran Ameet**, Erasmus+ Programme Swagata I (Staff Mobility for Teaching) at the University of Cologne Duration: 9 days. July, 2019
- **Sarkar Munsu Urmimala**, International project "Cultures of the Left: Manifestations and Performances", Warwick University and Jawaharlal Nehru University, and funded by Project funded by British Academy. 2017 – 2019
- **Sarkar Munsu Urmimala**, International Project "Crisis of Democracy and Cultural Trauma", Consortium of Humanities Centres and Institute and Melon Foundation. 2018 – 2019
- **Prakash Brahma**, "The Epical Subalterns", supported by the Centre for the Research in the Arts, Social Sciences and Humanities, CRASSH, Cambridge University, UK, (2019 – 2020)
- **Prakash Brahma**, "The Musical Mediation: Competitive and Collaborative Lives of Popular Music in North India" (Ref: IMPRESS/ P683/ 2018 – 19/ ICSSR, Amount 15 Lakhs), supported by the IMPRESS – ICSSR, New Delhi (2019 – 21) Ongoing

School of Biotechnology: (39)

- **Dhar Pawan K**, "Marine Synthetic Biology: Building National Capacity and Human Resource", 3 years. Rs.1,67,36,08, with Prof IS Bright Singh, CUSAT, Cochin Prof. Joseph Selvin, Pondicherry University, Pondicherry
- **Dhar Pawan K**, UGC –UKIERI "The molecular Mechanism of angiogenesis and neurogenesis in multicellular 3 D culture of tumour cells using PHA based in vitro 3 D models. (*Project transferred from Prof. Uttam Pati after his retirement*)
- **Dhar Pawan K**, Designing next generation platforms for recombinant protein production by genome engineering of Ecoli. Funding agency: DBT, Duration: 2017-2020 (*Project transferred from Prof. KJ Mukherjee, after his resignation*)
- **Dhar Pawan K**, Policy and Research Planning for Synthetic Biology, DBT funded Project (Dec 2019 to Nov 2020), Rs 30,10,992.
- **Bharadwaj D.**, Mechanistic insight of novel KLB locus for Chronic Pancreatitis pathophysiology in Indian population", funded by DST SERB, Rs. 5022696/- Duration 2019 – 2021.
- **Bharadwaj D.**, Non coding Variants and Fine Tuning of Childhood Obesity Genes, Funded by ICMR, Rs. 9120300/- Duration 2019 – 2021.
- **Bharadwaj D.**, Functional Genomics approach to Elucidate Genes Implicated in Indian Patients with Chronic Pancreatitis, Funded by ICMR, Rs. 75 lakhs, Duration 2019 – 2024. (collaborative with AIIMS, Prof. D. Bharadwaj is Co-PI)
- **Kateriya S.**, Development of optogenetic tools for studying cAMP and di-cAMP modulated survival and pathogenicity of the bacteria. SERB (2019-2022)-32.99 Lakhs.
- **Kateriya S.**, "First molecular characterization of the intraflagellar transport (IFT) interactome of a flagellated fungus. SERB (2018-2021) Rs.41 lakh
- **Kateriya S.**, Development of optogenetic tools for deciphering the role of cGMP in ciliogenesis, maintenance of the cilium and its importance in the ciliopathies. (2017-2020). DBT-IYBA-50lakh
- **Kateriya S.**, Decipher mechanistic basis of the intracellular trafficking of the optically active nanoparticles using super resolution microscopy. (2018-2021)-88 Lakhs. Nanomission-DST-India
- **Kateriya S.**, Development of Single cell derived clonal spheroids as a tool for drug discovery in cancer research. (2018-2021) Rs. 594.71 lakh. DPRP and DST-India
- **Gaur Deepak**, Develop a receptor blocking malaria vaccine against *Plasmodium falciparum* based on a novel combination of three blood stage antigens DBT,GOI Rs 1,25,00,000.00. Duration:2017-2020
- **Gaur Deepak**, Structure-Function analysis of a major adhesion complex (PfrH5/Ripr/CyRPA) essential for *P. falciparum* erythrocyte invasion SERB (DST), GOI, Rs 44,00,000.00. Duration:2017-2020
- **Gaur Deepak**, Functional Characterization of a Major Adhesion Protein Complex in *Plasmodium vivax* National Bioscience Award for Career Development DBT,GOI Rs. 15,00,000.00. Duration: 2016-2020
- **Kushwaha Hemant**, Systems Biology approach to delineate molecular signatures of Prakriti in healthy humans funded by Central Council for Research In Ayurvedic Sciences, Ministry of Ayush, GOI2020 – 2022 (Rs. 437.83 lakh)

- **Bhattacharya J.**, Fabrication of the portable low cost point-of-care optical device for the screening of thalassemic carrier; Rs.36.0 lakh; Role: Principal Investigator; Funding Agency: DST-BDTD
- **Arya R.**, Effect of manipulating Sialic acid levels on cell adhesion process, BRNS, DAE, No. 37(1)/14/31/2018-BRNS/37237 dated 24-9-2018 amount Rs. 21,26,250/-.
- **Arya R.**, Mohanty, D. and Vishwakarma, R., Genotype-phenotype relationship in rare genetic disorders: Physicochemical analysis of mutations in GNE myopathy and phenotypic modulation by small molecule effectors , DBT BT/PR22409/MED/12/746/2016-dated 1-6-2018 . Amt. Rs. 7790978/- (Rs 4110978/- JNU Share)
- **Arya R.**, B, Jayaram and Prof. HK Das, A fresh look at sigma 70 promoter of Escherichia coli, DBT; BT/PR16398/BRB/10/1489/2016 dated 9-3-2017, Sanction Order 21-3-2018. Amt: Rs.66,62,944/- (Rs. 5022544/-, JNU Share)
- **Arya R.**, Analysis of protein aggregation insialic acid deficient cells. 2020-3314. F. No. 2020-3314/CMB/ADHOC-BMS. Technically Approved
- **Tiwari Swati**, “Delineating the molecular basis of Rho GTPase mediated actin degradation and its implication in amoebic encystation” Scheme for Transformational and Advanced Research in Sciences (STARS) Ministry of Human Resource Development, GOI
- **Tiwari Swati**, (Participating faculty) “National Centre for Screening of Natural Products for Parasitic diseases.” Department of Science and Technology, 2019-2022
- **Tiwari Swati**, “Studies on the folding and stability of an alternatively spliced form of APC/Cco-activator Fzr1” Department of Science and Technology, 2016-2019
- **Tiwari Swati**, “Investigations on differential expression of ubiquitin proteasome pathway genes during stage conversion in Entamoeba species,” ICMR, 2017-20
- **Tiwari Swati**, “Enzymatic glycomics and its role in regulation of mammalian cell dynamics” UPE-II, 2015-2020
- **S.M. Rajala**, “Role of influenza A virus structural proteins; Nucleoprotein and Matrix protein in the regulation of host cell glycolysis.” ICMR Ref No. 2019-1286), 2019-2022
- **Rajala S.M.**, “A study on host cellular nucleolin and virus nucleoprotein interplay in influenza A virus infection” (DBT: BT/PR28269/MED/29/1289/2018) 2018-2021
- **Grover A.**, New promising approaches for synergistic blocking of anthrax toxins at Protective Antigen interacting domains of the Lethal Factor and the Edema Factor 2016 – 20 funded by DHR.
- **Grover A.**, Drug repurposing hyperlayer: Scalable multiparadigm omics enabled drug repositioning workbench 2016-20 funded by DBT.
- **Grover A.**, “Novel keratinase guided repurposing technology to clear beta amyloid plaques funded by ICMR
- **Grover A.**, “Keratinase fingerprints guided drug repurposing to clear prion amyloid plaques” 2018 – 2021 funded by SERB

Completed Projects: (01)

- **Arya R.**: Functional analysis of UDP-N-acetylglucosamine 2-epimerase/N-acetyl Mannosamine kinase (GNE) in cytoskeletal organization” SERB, DST, File No. EMR/2015/001798 dated: 27-4-2016

Un-sponsored Projects (06)

- **Dixit Aparna**, Differentiation inducing ability of *M. charantia*.
- **Dixit Aparna**, Anti-cancer and anti-diabetic potential of phytochemicals and their mechanism of action
- **Dixit Aparna**, Vaccine development against *Aeromonas hydrophila*, *Clostridium perfringens* and *Vibrio parahaemolyticus*.
- **Bhat Rajiv**, Stability, folding, and aggregation studies of recombinant human α -, β -, and γ -synucleins and the effect of polyphenols and neurotransmitters on their aggregation and amyloid formation.
- **Bhat Rajiv**, Prevention of amyloid fibril formation in proteins by using structure stabilizing compounds using human recombinant lysozyme and human insulin.
- **Rajala S.M.**, Oncolytic potential of recombinant measles virus in breast cancer cells.

School of Computational and Integrative Sciences (SCIS): (26)

- **Ahmad Shandar**, Rupesh Chaturvedi and Rakesh Bhanagar, Ministry of HRD funded Scheme for Promotion of Academic and Research Collaboration (SPARC), India (Collaboration with University of Manchester, UK), December, 2019 – December, 2021
- **Ahmad Shandar**, Rupesh Chaturvedi and Rakesh Bhanagar, DST-SERB, Department of Science and Technology, India, 8 December, 2018 – 7 December, 2021
- **Ahmad Shandar**, and Rupesh Chaturvedi, Department of Biotechnology, India, September, 2018 – September, 2021
- **Ahmad Shandar**, Interdisciplinary Cyber Physical Systems (ICPS), Department of Science and Technology, India, January, 2019 – January, 2022
- **Ahmad Shandar**, Council of Scientific and Industrial Research (CSIR), India, 2018 – 2022
- **Arora K.**, DRDO-ARDB funded project on “Development of novel epoxy resin/ graphene nanocomposite coating material for aircraft structures”, 2019 – 2021
- **Arora K.**, JNU-DST PURSE phase II 2015-2020 entitled “Method Development for Clinical Diagnosis of Major Depressive Disorder”, (completed March 2020).
- **Arora K.**, JNU-UPE-II (University Potential of Excellence-UGC), sponsored project entitled ‘Immuno-functionalized Nano-composites for Cancer Diagnosis’, 2014 – 2019 (completed July, 2019)
- **Arora K.**, JNU-UPE-II (University Potential of Excellence-UGC), sponsored project entitled ‘Studies on elucidating Ag Nanoparticle as potent inhibitor of hyphal morphogenesis and drug resistance in opportunistic fungal pathogen, Candida and potential host cell toxicity’, 2014 – 2019 (completed July, 2019)

- **Jain M.**, “Regulatory impact and biotechnological implications of RNA architecture on drought stress response”, as *Principal Investigator* by the Department of Biotechnology, Government of India, New Delhi under the National Bioscience Award for Career Development scheme, (July, 2018 – July, 2021)
- **Jain M.**, “Challenge Programme on Chickpea Functional Genomics”, as *Coordinator and Principal Investigator* (Exploring transcriptome dynamics of chickpea development for candidate gene discovery and defining regulatory elements/modules) by the Department of Biotechnology, Government of India, New Delhi, (November, 2015 – November, 2020)

- **Naidu Subbarao**, 10 member Group Project PI Prof R.P. Singh SLS, DST DPRP project on Development of Single-cell derived clonal spheroids as a tool for drug discovery in cancer research (Rs 513 lakh from 2018 – 2021)
- **Naidu Subbarao**, A study on host cellular nucleolin and virus nucleoprotein interplay in influenza a virus infection" Dr M.S.Rajala SBT Principle investigator and Naidu Subbarao Co-PI(37 lakh) 2018 – 2021 (DBT project)
- **Ratan Shah Sapna**, "Mathematical Modeling of blood flow through diseased blood vessels with the suspension of nanoparticles" sanctioned the grant of Rs. 11,0000/- from UPOE, JNU, New Delhi, 2016 – 2019, (completed in 2019)
- **Ratan Shah Sapna**, "Rheological study of sickle cell diseases: Biomathematical and Biomechanical approach", sanctioned grant of Rs. 32,15,500/- from DST, New Delhi, WOSA, Project ID: SR/WOS-A/PM-94/2017. (Ongoing)
- **Singh Gajendra Pratap**, "Mathematical modelling of multi drug resistance mechanism in tuberculosis using Petri Nets," by Science and Engineering Research Board, DST, Govt. of India, (Research grant Rs. 2108480, file no. ECR/2017/003480), in progress

School of Computer and Systems Sciences (SC&SS): (03)

- **Minz, S.**, Trends Analysis based on Spatio-Temporal Patterns from Text and Multidimensional Data using Machine Learning, UGC (UPE-II), 2014-2019
- **Singh, Karan**, (with Lobiyal D. K), Development of Intelligent Device for Security Enhancement (iEYE), Sponsored by DST, 2019-2020
- **Gayen Tirthankar**, Achievement of the desired reliability value for Real Time Safety Critical Software through Reliability Assessment and Fault Tolerance, by UGC (UPE-II), 2015-2020

School of Engineering: (01)

- **Mukherjee, Prerana**, IIITS Seed Grant Accepted on Human Behaviour Understanding in Videos by IIIT Sri City, Andhra Pradesh, 2019-2021

School of Environmental Sciences: (27)

- **N.J. Raju**, Unravelling Submarine Groundwater Discharge (SGD) zones along the Indian subcontinent and its islands (Mission SGD) – Pilot Study, March 2019 – March 2020. Principal Investigator.
- **Thakur I.S.**, Production of biofuel by carbon dioxide concentrating bacterium: A pilot scale demonstration; by DBT, Govt. of India, 2016 – 2019.
- **S. Muherjee**, Study of the identification of the unique morphological features on the polar lunar surfaces. Funded by ISRO Department of Space Government of India (2017 – 2020)
- **S. Mukherjee**, Rock types and morphological signature detection of Mars to infer natural Resources. By ISRO Department of Space Government of India. (2017 – 2020).

The MANDU project is an Indo-French interdisciplinary project focusing on society-environment interaction in relation to water management, climatic variability and the making of the built environment in both urban and rural contexts during the medieval period, with a particular focus on late medieval-early modern times. This project has received a grant from the French National Research Agency (ANR) to carry out a four year research programme, June 2019 – May, 2023, see <https://anr.fr/Project-ANR-18-CE03-0006>
- **Varma Supriya**, Investigations are being carried out from a landscape archaeological perspective in and around Mandu in Central India (Dhar District, Madhya Pradesh), a famous site known as the capital of the Malwa Sultanate from c. 1400 CE. Spared from recent urbanisation, the archaeological landscapes of Mandu encompass rich archaeological records and signatures of long-term human occupation, activities, and society-nature interaction. Apart from the best-preserved monuments, these records and signatures have never been studied. The main objective of the 2019-2020 field season is to document and map the built environment and landscape, particularly in relation to water.
