**Jawaharlal Nehru University** is pleased to release its Annual Report for the year 2022-2023. Jawaharlal Nehru University is proud to have produced the greatest talent in a variety of subjects and is routinely ranked among the best universities in the nation. The nation's top students are still drawn to the university. At every level, we have a very strict selection process. We have seen the impacts of our ideas and research on society and have been successful in obtaining extremely competitive research money.

Our academic members are among the top in the country and are highly esteemed for the level of their teaching, research, and curriculum creation. Additionally, they play a major role in the development of the nation by participating in a number of decision-making bodies and providing crucial guidance and counsel on matters pertaining to both technology and policy. Various of them have won awards and recognition in the last year, and various national and international professional groups have chosen them as Fellows. University has made noteworthy and commendable improvements in its national and international rankings. Our University has been granted Graded Autonomy, secured ranked #2 by NIRF 2023, and NAAC Accredited A++ grade (the highest grade by NAAC).

During the year 2022-2023, our academic members have published 170 books, 351 chapters in books, 1111 papers/articles in Journals and 1878 participation in seminars/conferences/workshops, 1393 Lectures delivered (Outside JNU), awarded 290 Research Projects.

JNU has granted recognition and accreditation to 08 Special Centres, 06 Defence Institutions and 23 Research and Development Institutions across the country over the years. JNU faculty also participate in the academic bodies of these Institutions.

The report provides many activities and achievements undertaken by the University.

We thank the Ministry of Education for its generous support. We personally thank the Chancellor, members of the Academic and Executive councils, deans, chairpersons of various centres, and all of our colleagues for their support and encouragement. We also thank the students for their excellent behaviour and their efforts to improve campus life..

We look forward to working with our stakeholders to accomplish the University's goals of excellence in teaching and research as well as societal impact.

Jai Hind!

## HIGHLIGHTS

Jawaharlal Nehru University, established in 1966, is a fitting National Memorial to Pandit Jawaharlal Nehru, a great statesman and visionary, and the first Prime Minister of India. Formally inaugurated on 14 November 1969 by Shri V. V. Giri, the then President of India, the University laid down the following objectives for itself:

*to disseminate and advance knowledge, wisdom and understanding by teaching and research; and by the example and influence of its corporate life to promote the study of the principles for which Jawaharlal Nehru worked during his life-time, namely national integration, social justice, secularism, a democratic way of life, international understanding and a scientific approach to the problems of society.*

Towards this end, the University was entrusted with the task of:

- fostering the composite culture of India through the establishment of such departments or institutions as may be required for the study and development of the languages, arts and culture of India;
- taking special measures to encourage students and teachers from all over India to join the University and participate in its academic programmes;
- promoting awareness and understanding of the social needs of the country in the students and teachers and prepare them for fulfilling such needs;
- making special provision for integrated courses in humanities, social science and science and technology in the educational programmes of the University;
- taking appropriate measures for promoting interdisciplinary studies in the University;
- establishing such departments or institutions as may be necessary for the study of languages, literature and life of foreign countries with a view to inculcating an international understanding and holistic perspective amongst students; and
- providing facilities for students and teachers from various countries to participate in the academic programmes and activities of the University.

Given below are details of activities of Schools, Centres and other bodies of the University from 1 April 2022 to 31 March, 2023.

### **THE SCHOOLS**

The University was envisioned as an institution essentially for post-graduate teaching and research. The Academic Advisory Committee of the University had originally planned that the University would be broadly structured into Schools, each with constituent Centres. Today the University has fourteen Schools:

- School of Arts & Aesthetics
- School of Biotechnology
- School of Computational and Integrative Sciences
- School of Computer and Systems Sciences
- School of Engineering
- School of Environmental Sciences
- School of International Studies
- School of Language Literature and Culture Studies
- School of Life Sciences
- Atal Bihari Vajpayee School of Management and Entrepreneurship
- School of Physical Sciences
- School of Sanskrit and Indic Studies
- School of Social Sciences
- School of Indian Traditional Music and Dance

It also has the following eight Special Centres:

- Special Centre for the Study of North East India
- Centre for the Study of Law and Governance
- Special Centre for Disaster Research
- Special Centre for E-Learning
- Special Centre for Molecular Medicine
- Special Centre for Nanoscience
- Special Centre for the National Security Studies
- Special Centre for Systems Medicine

## **DEFENCE RESEARCH AND DEVELOPMENT INSTITUTIONS**

JNU has granted recognition and accreditation to the following prestigious institutions across the country. This has added to the true national character of the University. Representatives of these institutions serve on various academic and statutory bodies of JNU. Similarly, JNU faculty also participate in the academic bodies of these Institutions.

## ADMISSIONS

The University admits students through an entrance examination which is conducted at 116 Cities in various parts of the country. Admissions are made against a fixed number of seats in each programme of study, on the basis of merit in the admission test.

Given below are the graphs comparing admission 2020, 2021 and 2022

\* 2022-23 admission based on the CUET exam conducted by the NTA for UG and PG admissions.

## **UNIVERSITY LIBRARY**

One of the indispensable infrastructural supports for an academic community is the library. The library is under major renovation and has become an intellectual hub for the campus. The library procured 1550 printed books and 10 e-Books worth Rs. 42,45,854/- and Rs. 73,427/- respectively. The library received 718 books worth Rs. 2,47,968/- as Gifts/Gratis. The library subscribed to 37 Print Magazines, 32 Print Newspapers and 36 Online Databases. Besides, it got access to 13 databases from UGC eSS- Consortia.

## **UGC – HUMAN RESOURCE DEVELOPMENT CENTRE**

Established in 1989, the Academic Staff College (renamed as the Human Resource Development Centre) has been conducting specific Refresher Courses for college and university teachers in International Relations, Social Sciences, Language & Literature Studies, Computer Sciences, Life Sciences, Environmental Sciences, Physics and Biotechnology. It also conducts Orientation Courses in Social and Natural Sciences.

Senior faculty members act as Course Coordinators and scholars from JNU and other institutes act as resource persons. 18 Refresher and 04 Faculty Induction Programme were held during the current year.

## **ADVANCED INSTRUMENTATION RESEARCH FACILITY (AIRF)**

The Advanced Instrumentation Research Facility (AIRF) was set up by the university with the state of the art analytical equipments for research in Physical, Biological, Chemical and Environmental Sciences. The Time Resolved Luminescence/ Fluorescence Spectrometer that is one of the analytical equipments of AIRF was installed in the facility in the reporting period and is in regular operation.

The instruments housed in the AIRF are Transmission Electron Microscope (TEM), Scanning Electron Microscope (SEM), Gas Chromatograph Mass Spectrometer (GCMS), Flow Cytometer and Cell Sorter, Circular Dichroism (CD) Spectrometer with Stop Flow, X-ray Diffraction (XRD), Surface Plasmon Resonance (SRR), Liquid Nitrogen Plant, TEM & SEM Sample Preparation Laboratory, Inverted Research Fluorescence Microscope, Manual Hydraulic Press for FTIR, Muffle Furnace, Mixed Signal Oscilloscope, Critical point Dryer, Turbo Freeze Dryer with liquid nitrogen fed cold stage etc.

## **UNIVERSITY BODIES**

The regulating bodies responsible for the functioning of the University are the University Court, the Executive Council, the Academic Council and Statutory Committees such as the Finance Committee.

### **University Court**

The Court is the supreme authority of the University and meets once a year, on a date fixed by the Executive Council, to consider a report on the working of the University during the previous year together with a statement on the receipts and expenditure, the balance sheet as audited and the budget for the next financial year. The Court is vested with the powers to review the acts of the Executive Council and Academic Council (save when these authorities have not acted in accordance with the powers conferred upon them under the Act, the Statutes and the Ordinances) and to exercise the powers of the University not otherwise provided in the Act or the Statutes.

### **University Court Meeting - 7 December, 2022**

The University Court in its meeting on 7 December, 2022 received the Annual Report on the working of the University for the period 1 April, 2021 to 31 March, 2022 with a statement of receipt and expenditure and statement of assets and liabilities as audited for the financial year 2021-2022 and also the budget for the financial year 2022 – 2023.

## **Executive Council**

The Executive Council is the executive body and is inter alia vested with the powers to make appointments of the members of the faculty and other group 'A' officers on the recommendations of the Selection Committees, fix their emoluments and define their duties. The Executive Council is also vested with the powers to maintain discipline amongst the teaching and non-teaching employees in accordance with the provisions of Statutes and Ordinances and manage and regulate the finances, accounts and other administrative affairs of the University.

	-	<b>3 February, 2023</b>
	-	<b>3 March, 2023</b>
	-	<b>17 March, 2023</b>

During the year under review the Executive Council deliberated upon various administrative and academic matters and took important decisions. It also considered and approved action taken by the Vice-Chancellor on matters of urgent nature in exercise of the powers conferred upon him in terms of the Statutes/Ordinances. The Council also approved the action taken by the Vice-Chancellor in approving the recommendations of various Selection Committees for faculty and non-teaching appointments.

## **Academic Council**

The Academic Council is the top academic body of the University and is inter alia vested with the powers to propose establishment of Departments, Special Centres and specialized laboratories to the Executive Council. The Academic Council is also vested with the powers to recommend to the Executive Council the creation and abolition of teaching posts, their classifications, draft ordinances on admissions and examinations, appointment of examiners and fixation of their fees, conferment of honorary degrees and proposals for instituting fellowships, scholarships etc. The Academic Council is further vested with the power to recognize diplomas and degrees of other Universities/Institutions, appoint Committees for admission to the University, make arrangements for the conduct of examinations, fixing dates for holding them and declaring results of various University exams etc.

<b>Academic Council Meetings</b>	-	<b>21 June, 2022</b>
	-	<b>20 January, 2023</b>

During the year under review, the Academic Council in its meetings co-opted members from various institutions, nominated faculty members/experts on the Boards of Studies/ Special Committees of various Schools / Special Centres and received factual data for admissions in 2019-2020.

## **FINANCE COMMITTEE**

The Finance Committee is a statutory body of the University. It considers the Budget and Expenditure proposals, all proposals for new/additional posts, accounts of the University, the Audit Report and all other financial and accounting matters. Its recommendations go for approval of the Executive Council.

<b>Finance Committee Meetings</b>	-	<b>17 December, 2021</b>

## The Legend

*A university stands for humanism, for tolerance, for reason, for the adventure of ideas and for the search of truth. It stands for the onward march of the human race towards ever higher objectives. If the universities discharge their duties adequately, then it is well with the Nation and the People.*

This visionary statement by the first Prime Minister of Independent India on the occasion of the diamond jubilee celebration of Allahabad University on 13 December, 1947, reflects the great importance that Jawaharlal Nehru attached to university education in India. He firmly believed that universities could play a crucial role in shaping and strengthening the life of a nation by inculcating in their students the cardinal values in which he believed.

As a fitting tribute to his vision, Jawaharlal Nehru University was established in 1966 under the JNU Act, 1966 (53 of 1966). As a further mark of respect, the University was formally inaugurated by the late Sh. V. V. Giri, the then President of India, on the birthday of Panditji on 14 November 1969, which also coincided with the birth centenary year of Mahatma Gandhi.

The University's objectives are:

*to disseminate and advance knowledge wisdom and understanding, by teaching and research; and by the example and influence of its corporate life to promote the study of the principles for which Jawaharlal Nehru worked during his life-time, namely national integration, social justice, secularism, democratic way of life, international understanding and a scientific approach to the problems of society.*

The uniqueness of JNU is evident from its basic philosophy, policies and programmes which are spelt out and embodied in the University Act. Accordingly, the University has always striven to evolve such policies and programmes of study as would be a qualitative and distinct addition to the national resource base in higher education instead of reflecting mere quantitative expansions of the existing facilities. The University thus has been concentrating on programmes that are of relevance to national progress and development. In this regard, the University has taken the following initiatives:

- A conscious effort has been made to promote ideas of national integration, secularism, scientific outlook, cosmopolitan and humanistic approach towards life.
- The national character of the University has been maintained by selecting students and faculty from all regions of the country.
- An interdisciplinary approach to teaching and research has been promoted in recognition of the fact that knowledge is indivisible and, accordingly, a structure of Schools and Centres of teaching has been established.
- The emphasis on teaching and research in non-conventional areas has ensured that duplication of facilities available in other universities is avoided as far as possible.
- Care has been taken to establish a model School of Language Teaching and Research in Indian as well as foreign languages with well-equipped language laboratories and Centres, where the study of the literature, culture and civilization of the countries concerned becomes feasible and effective.
- A system has been evolved whereby main academic decisions, such as the courses to be taught, their content and the methods of evaluation, are taken by the teachers themselves.
- Admissions are made entirely on merit through an open all-India Entrance Examination, conducted by NTA across the country.
- In accordance with the policy of the Government of India, the University provides reservations in both students' admissions.
- There is a liberal provision for merit-cum-means scholarships/fellowships. Students as well as faculty members are provided with financial support to undertake field trips in connection with their research both within the country and abroad.
- Participation in exchange programmes with universities/institutes abroad is encouraged to promote international understanding. The University has signed Memoranda of Understanding with a large number of foreign universities and institutions.

- A Grievance Redressal Committee has been set up to promote cordial relations between the students and the University administration.

The University was envisioned as essentially a post-graduate teaching and research institution. Presently, the University is structured into fourteen Schools:

1. School of Arts and Aesthetics
2. School of Biotechnology
3. School of Computer and Systems Sciences
4. School of Computational and Integrative Sciences (earlier School of Information Technology)
5. School of Engineering
6. School of Environmental Sciences
7. School of International Studies
8. School of Language, Literature and Culture Studies (earlier the School of Languages)
9. Atal Bihari Vajpayee School of Management and Entrepreneurship
10. School of Life Sciences
11. School of Physical Sciences
12. School of Sanskrit and Indic Studies (earlier the Special Centre for Sanskrit Studies)
13. School of Social Sciences
14. School of Indian Traditional Music and Dance

Over the years, the following Centres have been created and assigned to the respective Schools:

1. School of Arts and Aesthetics	-
2. School of Biotechnology	-
3. School of Computer and Systems Sciences	-
4. School of Computational and Integrative Sciences	- Centre for Computational Biology and Bio-informatics - High Performance Computing Centre - Centre for Complex Systems Study
5. School of Engineering	-
6. School of Environmental Sciences	-
7. ## ADMISSION PROCESS

Admission to various programmes of study is regulated by policy and procedure approved by the Academic Council of the University from time to time.

The approximate number of seats available in each programme of study is decided by the Academic Council on the recommendations of the Centres/Schools concerned.

**Reservation in admissions:** The University provides (15% for SC and 7.5% for ST,) 27% for OBC 10% for EWS category and 5% for the person with disability. Over and above the intake fixed for each programme, 15% of seats are also reserved for foreign nationals, (except Ph.D. programme). Of this quota of 15%, upto 7.5% of seats are reserved for those appearing in the entrance examination and the remaining 7.5% for candidates applying from abroad whose cases are considered in Absentia. The ratio is interchangeable if necessary.

**Admission Notice:** The Admission Announcement for admission to various programmes of study at UG/COP, PG & Ph.D. level is published separately in appropriate media by JNU/NTA for information of prospective candidates.

**Computer Based Test (CBT):** The CBT test for admission to various programmes of study is held at various centres all over the country conducted by NTA. Admission is made purely on merit, taking into account the candidate's performance in the CBT and the viva-voce, wherever prescribed.

**Eligibility requirements for appearing in the entrance test:** The eligibility criteria (for both general and reserved category candidates) for appearing in the entrance examination are formulated as per the guidelines laid down by the University in this regard. Candidates who are appearing in their respective qualifying examinations are also permitted to appear in the CBT. In the event of selection, however, their admission is subject to their passing and securing the prescribed percentage of marks in the qualifying examination and submission of all documents, including the final marksheet of the qualifying examination at the time of admission.

**Viva-voce examination:** Candidates seeking admission to Ph.D., programmes are required to appear for a viva-voce examination which is assigned 30% marks for Ph.D, all candidates who have secured a minimum of 50% marks for General & EWS Category and 45% marks for SC, ST, PWD and OBC Category Candidates in the written examination are invited for viva voce.

**Selection of candidates:** Separate merit lists are prepared for General, EWS, SC, ST, PWD and OBC candidates and foreign nationals for each course/programme of study. Final selection of candidates is made on the basis of their *inter se* merit in their respective categories based on their performance in the written test and viva-voce examination (wherever prescribed) and the score of deprivation points (wherever applicable).

**Registration:** The candidates who are selected for admission are required to complete all registration formalities within the time schedule drawn up by the university.

## **University Bodies**

The University has certain regulatory bodies responsible for its functioning. These include the University Court, the Executive Council, the Academic Council and the Finance Committee.

### **University Court**

The annual meeting of the JNU Court, the supreme authority of the University, was held on 07.12.2022.

### **Academic Council**

The Academic Council had its meeting on 21.06.2022 and 20.01.2023 and took several important decisions, including those to be placed before the Executive Council.

**SCHOOL OF ARTS AND  
AESTHETICS  
(SA&A)**

### SCHOOL OF ARTS AND AESTHETICS

## School of Arts and Aesthetics (SA&A)

The School of Arts and Aesthetics offers post -graduate degree courses (MA, M Phil and PhD) in the theoretical and critical study of cinema, visual and the performing arts. Unlike other schools of fine art, theatre, dance and media studies that teach the practice of the arts (painting, dancing, filmmaking) this is a Humanities School that offers an advanced – level of training in history and criticism of the arts, producing a cadre of scholars, critics and historians of the arts.

The School's pedagogy and research takes into account new ways of thinking about culture using a wide array of critical and theoretical approaches. Students are introduced to a range of research methods that combine archival, ethnographic, theoretical and cultural approaches and are encouraged to explore the interface between theory and practice. For this, the faculty encourages students to visit museums, exhibitions, and monuments and to attend festivals of theatre, film, dance and music. The school frequently hosts interactive sessions with eminent scholars and practitioners from within the country as well as from overseas. It leads research oriented field – trips to and site – seminars at archaeological sites and monuments as well as to document rituals and performances. The school has a number of media labs in which classes are held.

In general the MA course offered by the School is cross – disciplinary. A range of core courses first offer an introduction to the visual, cinematic and performing arts, which are followed by core courses that focus on the history of these fields in India. Optional courses allow for a more intense engagement within the MA with particular areas or methods. The Ph.D programme offers a specialized focus in each of the three disciplines viz. Cinema Studies, Theatre and Performance Studies, and Art History and Visual Studies.

However, the lockdowns on account of the pandemic and the inability to be able to teach classes physically has been exceptionally challenging for disciplines in which the very basis is a physical interaction with rituals, spaces, artworks and performers. The faculty modified its pedagogy in all sorts of ways to compensate for this loss and the Board of Studies recommended its innovative strategies to tide over the exigencies.

Over the years the School has also built up a valuable and expanding library and archive of photographs, audio and video recordings. This proved to be an invaluable back-up during the period when online instruction was the norm. Almost all teaching is multi – media to help students maintain live contact with performance, visual art and film. Students are encouraged to undertake their own field trips, and for this they are taught documentation methods, they are taught to curate exhibitions in the art gallery, to organize film festivals on specific themes and observe performance practices. The School continues to enrich the cultural environment of the University and the larger cause of the art studies. Through its degree programmes, research output, conferences, seminars, popular and scholarly publications, curatorial and performative projects and its alumni who are working in innumerable arts institutions and centres of learning, the School of Arts and Aesthetics has made a mark in the fields both in India and abroad.

## School of Biotechnology (SBT)

The School of Biotechnology (SBT) was founded in 1985 as the first resource centre of biotechnology by the Department of Biotechnology (DBT), Government of India. The SBT imparts the Masters and Ph. D. Programmes rooted in multidisciplinary skills of biotechnology, which prepare students to fulfill their careers in biotechnology and develop their innovations in bioentrepreneurship. The availability of elective courses in the curriculum enables the students to specialize in subjects of their interest. The SBT academic and research programs also have basic to advanced biotechnology infrastructure and facilities, allowing students to enhance their research and innovation skills. The SBT is home to academicians and researchers with diverse and interdisciplinary backgrounds, helping to drive national strategic developments toward educational policies and their demands. The SBT faculty members continue to receive funding from different funding agencies, including DBT, DST, ICMR, CSIR, and DRDO, etc., and some of them also spin out biobusiness incubated at JNU. Our alumni hold academic/scientific positions in many reputed national and international universities/institutes and also work in prominent biotechnology companies in India or abroad. The school has been awarded UGC-SAP, DST-FIST, and DBT-BUILDER programs in participation with other schools of the university. The SBT's mission is to expand the reach and uses of biotechnology through education, professional development, and advancements in biotechnology knowledge.

### New Courses

#### M.Sc (Biotechnology)

- Bioprocess engineering (core course) from 2<sup>nd</sup> semester, Credit 3 (**Kashyap Kumar Dubey and Abhinav Grover**)

#### Ph.D Programme

- BT659-Advanced Cellular Immunology, Credit-3 (**Dr. Ravi Tandon**)
- BT626A-Classical and Current Trends in Cancer Biology, Credit-3, (**Dr. Virendra Singh**)
- BT658, Advanced Agricultural Biotechnology, Credit-3 (**Dr. Manoj Sharma**)

#### Conferences organized by the School/Centre: (01)

- **Arya Ranjana**, Organized a national conference and Expo “STREE 2020 (Science Technology Research and Entrepreneurship Enhancement)”, on the Role of Women in Science and Technology For Sustainable Development of Atmanirbhar Bharat, under in collaboration with SHAKTI (National Movement for Women), 24 – 26 November, 2022

#### Visitors to the School

- Prof. Siddappa Byrareddy (Vice Chair of Research, Department of Pharmacology and Experimental Neuroscience, Nebraska Medical Center Omaha) delivered a lecture on the Evolution of SARS-CoV2 Variants of Concern and Development of Antivirals at SBT, JNU, 14 March, 2023
- Prof. Dipali Sharma (The Johns Hopkins University, School of Medicine, Department of Oncology and Sidney Kimmel Comprehensive Cancer Center) delivered a lecture on Unravelling the mechanistic connections between Microbiome and Breast Cancer: an ever-evolving story” at SBT, JNU, 10 January, 2023
- Prof. Indranil Biswas (Microbiology, Molecular Genetics, and Immunology, University of Kansas, USA) delivered a lecture on “Developing novel antimicrobials against Acinetobacter baumannii”, an unusual ESKAPE pathogen at SBT, JNU, 14 November, 2022
- Dr. Neeraj Kumar Mishra (Department of Biotechnology GITAM Institute of Science GITAM (Deemed to be University) Visakhapatnam) delivered a lecture on “Exploration and Exploitation of Weak Interactions in Nature”, at SBT, JNU, 2 November, 2022
- Dr. Satya Prakash (Research Fellow, Department of Life Sciences Imperial College London) delivered a lecture on “De-novo engineering of the regulatory system in E. coli”, SBT, JNU, 29 July, 2022

## Accomplishment of Students

### Following Students (M.Sc Biotechnology, Batch 2021-2023) Qualified National Level Examinations

- Ayushi Gajender Singh- CSIR NET, DBT-JRF, GATE-XL, GATE-BT, TIFR
- Mohd Fahad- CSIR JRF, DBT-JRF, TIFR, GATE-BT, GATE-XL
- Rajarshi Sarkar- DBT-JRF, GATE-XL, GATE-BT, TIFR
- Anjali- DBT-JRF
- Arjit Das- TIFR, NCBS, GATE-BT, GATE-XL
- Sudip- DBT-JRF, GATE-BT
- Shivani- DBT- JRF (Category 2)
- Soumyajit- DBT-JRF (Category 2), GATE-BT, GATE-XL
- Pijush Bera- GATE XL
- Sagar Chauhan- GATE-XL, Gate- BT
- Pushpa Shah- GATE-BT, Gate-XL
- Mohd. Ahmad- Gate-XL, DBT-JRF
- Pallavi Dutta- TIFR, GATE-XL, GATE-BT, DBT-JRF
- Jennifer Darrimawi- GATE-XL, GATE-BT, DBT-JRF

### Any Other Information

Dushyant Kumar Garg who is working as DBT Research Associate with **Rajiv Bhatt**, secured a European Molecular Biology Organization (EMBO) scientific exchange grant award

### Future Plans

- Campus-wide electives: In the future, SBT launch a few new campus-wide courses for JNU students of other disciplines to learn biotechnology. For example, a JNU student of humanities may take an elective course in biotechnology.
- Outreach Program: SBT faculty members would continue to reach out to the grassroots
- Level (various schools and colleges) and offer lectures, hands-on sessions, and group discussions.
- Establish Academia and Industry Chair.
- Encourage spin-offs to generate revenue and novel avenues of employment.
- The new building of SBT has been planned

## School of Computational and Integrative Sciences (SCIS)

The **School of Computational and Integrative Sciences (SCIS)**, Jawaharlal Nehru University, presently has two academic groups dedicated to the areas of *Computational Biology and Bioinformatics* study and **Complex Systems**. The overarching objective of the School is to develop and apply computational methods, and techniques in different subject domain cutting disciplines, with a special interest in the broad area of life sciences. Research investigations are carried out in theoretical, experimental and translational aspects of the chosen problem. This mission is reflected in the diverse faculty profile of the school which comprises researchers from the fields as varied as Genomics, Computational Biology, Plant Biology, Complex Systems, Bioenergy, Statistical Data Analysis and Modelling, pattern recognition, machine learning and AI, Theoretical and Computational Chemistry, Petri nets and Graph Theory, Mathematical Biology, Computational Radio Frequency and Microwave, Antenna applications for Biomedical application. The current faculty strength is sixteen and further expansion is in progress. The integrative and interdisciplinary mode of teaching and research of the school is unique in the University system and SCIS, JNU has been identified and funded as “Centre of Excellence (CoE) by Deptt. of Biotechnology, Govt. of India.

### Academic programmes of the School:

- Ph.D. programme in Computational and Integrative Sciences
- M.Sc. programme in Computational and Integrative Sciences
- Post-Graduate Diploma in Big Data Analytics (Biological big data)

### Conferences organized by the School: (06)

- Scientegration-2022, Ph.D. Student’s Symposium for the students--of the students--by the students, organized by SC&IS Ph.D. students, 12 – 13 May, 2022
- Workshop on “Basic concepts of "R" and Hands-on-Training”, organized by SC&IS, 8 – 10 June, 2022
- 5<sup>th</sup> International Conference on “Recent Advances in Mathematical Sciences with Applications in Engineering and Technology”, IC-RA-MSA-ET-2022, (<http://ccbb.jnu.ac.in/rams22>) organized by Dr. Gajendra Pratap Singh, 16-18 June, 2022
- Online symposium on “Computational Science in action from Biology to Physics” organized by Prof. Pradipta Bandyopadhyay, , 9 July, 2022
- Symposium on “Scientists and Engineers in the Literary Arts' (SELA)”, <http://sciwhylab.org/index.php/sela>, organized by Prof. Shandar Ahmad, 2 December, 2022
- Jain Mukesh, and Krishnamachari A., Workshop on “Tools for High-throughput Gene Expression Analysis: pyrpipeline is a python library”, 27 January 2023

### Visitors to the School/Centre

- **Prof. Marin Dacos**, French Ministry of Higher Education and Research (MESR), 27 March, 2023
- **Dr. Urminder Singh**, Ph.D Senior Bioinformatics Scientist at Illumina, 16& 27 January, 2023
- **Prof. Pascal Gantet**, Université de Montpellier, 11 January, 2023
- **Prof. Milan Stehlík**, Johannes Kepler University Linz JKU Institute of Applied Statistics, 13 December, 2022
- Honorary **Prof. D.S. Hooda**, Guru Jambheshwar University of Science & Technology, Hisar, 13 December, 2022
- **Dr. Vijay Tiwari**, College of Agriculture and Natural Resources, University of Maryland, USA, 1 August, 2022
- **Dr. Melissa Reneaux**, Department of Bioengineering, Imperial College London, 3 August, 2022

## School of Computer and Systems Sciences (SC&SS)

Ever since its inception in 1974, the School of Computer and Systems Sciences has been evolving itself with a focus on the latest trends in research in the area of Computer and Systems Sciences. The School offers programmes such as Master of Computer Applications (MCA), Master in Technology (M.Tech) in Computer Science and Technology, M.Tech in Data Science and PhD programmes in Computer Science and in Microsystems. These programmes are designed to provide the necessary theoretical background, practical experience and research orientation in the area of Computer and Systems Sciences. The research level work is carried out by the students in the form of a dissertation in the M.Tech programme and a thesis in the PhD programme of the School. The in-house projects carried out by MCA students also focus on real-life research problems in addition to meeting the growing manpower requirements of the Global Software and Hardware Industry.

The School focuses on five thrust areas for research namely, Data Communication and Computer Networks, Parallel and Distributed Systems, Software Systems and Engineering, VLSI and MEMS Technology and Artificial Intelligence and Data Science.

The research in Data Communication and Computer Networks focuses on Wireless Sensor Networks, Wireless Communication, Adhoc Networks, Vehicular Adhoc Networks, Software-defined Networking, Intelligent Transport Systems, Information Security, Network Security and Cryptography, Network attacks Prevention and Detection, Adaptive security, Energy Harvesting in IoT etc.

The research in Parallel and Distributed Systems focuses on parallel and distributed simulation, agent-based and data-driven modelling and simulation, Collaborative Technologies and Applications, IoT and Blockchains, Resource Provisioning and Allocation, Efficient and Reliable Cloud Storage, Cloud Virtualization, Fog and Mist Computing, Cloud Security, Cloud economics etc.

The research in Software Systems and Engineering focuses on Distributed and Green Software Development, Software Design Patterns, Fault-tolerant Systems, Software Dependency Modelling, Software Testing, Software Reliability and Availability, Software Performability, Fault Identification and Analysis, Software Maintenance and Evolution.

The research in VLSI and MEMS technology focuses on VLSI design and verification, Nano-electronics, IoT Systems-sensors and Memory, Microwave Biosensors, Triboelectric Energy Harvester, Pollution Monitoring and Healthcare System, MEMS Fabrication, Polymer MEMS, RF MEMS etc.

The research in Artificial Intelligence (AI) and Data Science focuses on Distributed Databases, and Query Language, Data Warehousing and Materialized Views, Information Retrieval, Ontology and Semantic Web, Natural Language Processing, Machine Learning, applications of AI to healthcare, Biotechnology, Genetics, Agriculture, Education, Smart Mobility and Transportation, Energy, Climatology, Disaster Management, Business and E-Commerce, Social Networks in addition to its applications to the above-mentioned thrust areas.

In addition to the above, the School's objective is to evolve its research and focus area in accordance with the rapidly changing trends in Computer Science and Technology.

## School of Engineering (SoE)

School of Engineering (SoE), established in 2018 at Jawaharlal Nehru University, takes pride in offering dynamic and innovative engineering programs focused on cutting-edge engineering and technology.

In today's rapidly evolving world, engineering plays a pivotal role in shaping the future. School is dedicated in providing students a comprehensive education that equips them with the skills and knowledge needed to thrive in the ever-changing technological landscape. It believes in the power of engineering to solve complex problems and drive progress. The faculty comprises of leading experts who bring their vast industry experience and cutting-edge research into the classroom. They mentor and guide students to develop a deep understanding of engineering principles and cultivate a problem-solving mindset.

The School of Engineering represents a vibrant and diverse community of aspiring engineers, where collaboration and teamwork are emphasized. The School of Engineering at Jawaharlal Nehru University is where excellence, innovation, and cutting-edge technology converge to create the engineers of tomorrow.

Currently, the following programmes are running in the school:

- 5 years dual degree program, B.Tech. in Computer Science and Engineering and M.S/M.Tech. in Social Sciences/Management/Humanities/ Science/Technology
- 5 years dual degree program, B.Tech. in Electronics and Communication Engineering and M.S/M. Tech. in Social Sciences/Management/Humanities/Science/Technology
- 4 Years B.Tech. in Computer Science and Engineering from A.Y. 2023-24.
- 4 Years B.Tech. in Electronics and Communication Engineering from A.Y. 2023-24.
- Ph.D. in Computer Science and Engineering
- Ph. D. in Electronics and Communication Engineering
- Ph.D. in Mechanical Engineering

### **New Courses (regular or remedial) introduced by the School/Centre.**

- “Introduction to non-linear Dynamics” (3 credits- regular course) introduced by Dr. Varun Saxena (Assistant Professor, SOE) for UG/PG students of B.Tech/Dual Degree M.Tech.
- “Introduction to Cyber Threats” (3 credits- regular course) introduced by Dr. Ankit Chaudhary (Associate Professor, SOE) for UG/PG students of B.Tech/Dual Degree M.Tech.
- “Intrusion Detection and Malware Analysis” (4 credits- regular course) introduced by Dr. Ankit Chaudhary (Associate Professor, SOE) for UG/PG students of B.Tech/Dual Degree M.Tech.
- “Cyber Space and National Security” (4 credits- regular course) introduced by Dr. Ankit Chaudhary (Associate Professor, SOE) for UG/PG students of B.Tech/Dual Degree M.Tech.
- “Introduction to 5G Networks and Technologies” (3 Credits- regular course) introduced by Dr. Mukesh Kumar Giluka (Assistant Professor, SOE) for UG/PG students of B.Tech/Dual Degree M.Tech.
- “Metamaterials and Metasurfaces: Fundamental Principles and Applications” (3 Credits- regular course) introduced by Dr. Ashwani Kumar (Assistant Professor, SOE) for UG/PG students of B.Tech/Dual Degree M.Tech.

### **Visitors to the School**

- Dr. Jyoti, Scientist at Sony Research Lab, Bangalore, convenor- Dr. Ankit Chaudhary (Associate Professor, SOE)
- Dr. Ajay Lele, MPIDSA New Delhi, convenor- Dr. Ankit Chaudhary (Associate Professor, SOE)
- Dr. Lipika Dey, Chief Scientist, TCS, convenor – Dr. Mukesh Kumar Giluka (Assistant Professor, SOE)
- Mr. Gursaurabh Singh, Founder, Dhruv Vidyut, convenor – Dr. Mukesh Kumar Giluka (Assistant Professor, SOE)
- Ms. Purna Prasad, Founder Ecoplore, convenor – Dr. Mukesh Kumar Giluka (Assistant Professor, SOE)
- Mr. Ashutosh Singh, Senior Principal Architect, Comviva, convenor – Dr. Mukesh Kumar Giluka (Assistant Professor, SOE)

- Mr. Atul Dhingra, Engineering Manager, Standard AI, convenor – Dr. Krishnan Rajkumar (Assistant Professor, SOE)

### **Accomplishment of students:**

- Divyansh Pandey, (ECE, 3<sup>rd</sup> Year, 20/11/EE/053) got Research Internship at Tata Research Design and Development Center.
- Isha (ECE, 1<sup>st</sup> Year, 22/11/EE/026) got university Rank 1, City (South Delhi) Champion in NICE 23 (National Inter-College Crossword Expedition), will represent the North Zone in the Grand Finale.
- Isha (ECE, 1<sup>st</sup> Year, 22/11/EE/026) got selected for Codess. Cafe Open Source Cohort.
- Isha (ECE, 1<sup>st</sup> Year, 22/11/EE/026) got selected for Microsoft #include<her> 2.0 AI Cohort.
- Isha (ECE, 1<sup>st</sup> Year, 22/11/EE/026) was Grand Finalist in Murugappa Good Quiz 2023.
- Rishik Ashili (ECE, 1<sup>st</sup> Year, 22/11/EE/019) got marketing internship, unpaid internship at IDYLL. (3 months).
- Mihir Verma (ECE, 1<sup>st</sup> Year, 22/11/EE/041) got prequalified for the Amazon AWS AI&ML scholarship.
- Mihir Verma (ECE, 1<sup>st</sup> Year, 22/11/EE/041) will represent the North Zone in the Grand Finale of NICE 23 (National Inter-College Crossword Expedition).
- Vaibhav Singh (ECE, 2<sup>nd</sup> Year, 21/11/EE/030) secured paid internship by the end of 1<sup>st</sup> year and funding his tuition fee from 3<sup>rd</sup> semester and onwards.
- Divyannshi Singh (CSE, 2<sup>nd</sup> year, 22/11/EC/017) got an unpaid internship at IDYLL.

### **Any Other Information**

- 15 companies visited JNU to recruit the students of School of Engineering who graduated in June, 2023.
- The highest package offered is 16 Lakhs per annum.
- Lowest package offered is 6 Lakhs per annum.

### **Future Plans**

- Commencement of B.Tech in Mechanical Engineering.
- Proposal of new M.Tech programs in CSE, ECE, and ME.

**SCHOOL OF ENVIRONMENTAL  
SCIENCES  
(SES)**

## School of Environmental Sciences (SES)

The School of Environmental Sciences was established in the year 1974 and was the first of its kind in India to impart education and initiate research in environmental sciences. The school has been offering the M.Phil./Ph.D. Program since 1975 and the Master of Science (M.Sc.) Program since 1987 successfully. Ever since its inception, the school has been engaged in multidisciplinary research in different areas of environmental sciences such as environmental biology, ecology, environmental pollution, earth sciences, environmental modelling, climate dynamics, and atmospheric science. With the diverse academic and research background of its faculty, the school is uniquely placed to conduct path breaking research in environmental sciences. Many of the current and past faculty members are known internationally for their significant contributions in different fields of environmental sciences. Its faculty members have received various awards, have been the members of different Science Academies and have provided academic leadership in different educational and research institutions.

The school's faculty has been engaged in several national and international collaborative research projects, drawing financial resources from leading national and international funding agencies. This has immensely contributed to the development of laboratory infrastructure in the school. Not surprisingly, the school has performed very well in research during the last 10 years, having published several hundred research articles in leading peer reviewed journals of international repute. During this period, more than 200 students have successfully completed their doctoral degree from the school and the school's alumni have found placement in different educational, research and other institutions of the country and abroad. Currently, the school is ranked between 301-350 in QS World ranking by subject with IIT Bombay, IIT Kharagpur and Indian Institute of Science (IISc) Bangalore being the only Indian educational institutions ranked above it.

In addition, the School is having various co-curriculum activities and is recognised as one of the Environmental Information, Awareness, Capacity Building and Livelihood Programme-Resource Partner (EIACP-RP) by Ministry of Environment, Forest & Climate Change (MoEF&CC), GoI.

### Future Vision

With India's bold approach recently at COP26 at Glasgow, UK on updating and enhancing its climate targets earlier proposed while submitting India's Intended **Nationally Determined Contribution (NDC)** under the Paris Agreement of 2015, the stage is now well set for the School of Environmental Sciences to actively contribute towards the national commitment of treading on a low carbon emission pathway while striving to achieve the **sustainable development goals(SDG's)** at the same time in line with honourable Prime Minister's philosophy of '**Panchamrit**'. Among the 17 SDG's, several of them pertain directly to the environmental challenges posed by climate change, environmental pollution and emerging diseases.

With ever increasing reports of extreme events such as heat waves, forest fires, thunderstorms and flooding coupled with alarming mortality rates induced by environmental pollution and emergence of new disease variants, it has become all the more relevant to tackle the challenges posed by these environmental problems.

While the school intends to further intensify its existing contribution in the areas of Earth & Climate Science and Environmental Pollution & Waste Management, it also plans to diversify its research efforts in the areas of Environmental Health & Epidemiology and Energy Studies.

The School aims to break into top 200 QS World ranking in the subject of Environmental Sciences in the next 15 years.

**SCHOOL OF INTERNATIONAL  
STUDIES  
(SIS)**

## School of International Studies (SIS)

The School of International Studies is engaged in teaching and research of international relations, international politics, international trade, international law and area studies. It offers three post-graduate-level courses, and Ph.D programmes. The three M.A. programmes are administered at the School level, while those who wish to pursue their Ph.D can join any of the thirteen Centres and two programmes within the School. Admission to these programmes is based on a rigorous entrance test and selection process.

The School has a highly qualified faculty that specializes in various fields. The faculty draws its inspiration from the highest traditions of scholarship set by the School and the JNU at large. Recently, the SIS has opened two new programmes like Energy Studies and Human Rights.

The SIS was established in 1955 and is one of the oldest schools of the University. The School is highly multi-disciplinary in its approach. The SIS has been a pioneer in establishing international relations as a distinct academic discipline and advancing knowledge of other regions as part of Area Studies, to Indian and foreign students. The SIS has acquired national and international reputation as a centre of advanced learning.

In its very early years, the School focused exclusively on research with the PhD programme being at the core of its academic activities. However, subsequently after becoming a part of JNU in 1971-72, the School added M.Phil curriculum to its academic programme. Later in 1973-74, the School started offering a two year MA (Politics: International Studies) programme, which was further strengthened by offering an MA programme in Economics (with specialization on World Economy) at the Economic Division of the Centre for Studies in Diplomacy, International Law & Economics in 1995-96. The School started offering two year MA (International Relations and Area Studies Programme) from Monsoon Semester 2015-16.

Over the years, admissions have become fiercely competitive with the School attracting the brightest minds from India and abroad. The School has awarded 1997 Ph.D and 4623 M.Phil degrees as on 31 March 2023.

Admissions to various academic programmes at the School are supplemented by financial assistance (details available at JNU website). Further, a number of our M.Phil/PhD students also qualify the UGC/JRF, RGF, MANF fellowships.

Presently, the School has 114 faculty members: 39 Professors, 35 Associate Professors and 40 Assistant Professors, one Emeritus Professor, two Documentation Officers and one Archival Superintendent. The faculty strength is further supplemented by several prestigious Chairs being instituted at the School (Appadorai Chair, Nelson Mandela Chair at CAS, Jean Monet Chair at CES and Chairs in Environmental Law and Space Law). The faculty of the School, by advancing pedagogical and applied knowledge, has established a global reputation in their respective areas of expertise. It is also a matter of pride that several of our faculty members are on important government and non-government bodies and famous think-tanks while others constantly engage with public discourses and civil society issues.

The School also engages with issues of contemporary relevance by organizing regular national and international seminars, workshops and symposia on various aspects of area studies, bilateral relations and themes relating to study of international relations.

The School also publishes a referred quarterly journal, *International Studies*, which publishes original research articles on international relations and area studies. The journal, from its inception in 1959, has been publishing original research articles and has received international recognition. The School is known for the large number of seminars and workshops that all the Centres organize on multiple issues and themes. A large number of dignitaries, academics and others visit the School regularly.

The '*SIS Blog*' is an initiative of the School of International Studies (SIS), Jawaharlal Nehru University to disseminate contemporary debates, comments and opinions related to international relations. It publishes posts written by faculty members, students, alumni of SIS and invited contributors. The Blog is managed by Editorial Collective consisting of eight faculty members of SIS—Dr. Sheetal Sharma (CES), Dr. Sakti Prasad Srichandan (CES), Dr. Sneha Bhagat (CCU&LAS), Dr. Rashmini Anil Koparkar (CR&CAS), Dr. Sameena Hameed (CWAS), Dr. Ravi Rameshchandra

Shukla (CCP&PT), Dr. Saurabh (CSAS), Dr. Ankita Dutta (CES) and a PhD Scholar Ms. Aarshiya Chowdhary (CES) as Blog Assistant. Apart from regular blog posts on contemporary international issues, the Blog also features 'Lecture Series' like Distinguished Lectures, Exclusive Lectures, Special Lectures, Scholar's Lecture, Ambassador's Lecture. Another section 'Expert Speaks' posts the views of faculty members shared at different audio-visual and digital platforms. The 'Resources' section showcases the recent book and journal publications by faculty members of SIS, JNU and index of International Studies, the journal of SIS. The Blog has also an 'Event' section which informs the blog visitors about forthcoming talks, lecture and conferences. The Blog has also presence in social media like in Twitter and Facebook.

The School had UGC sponsored/ funded Area Studies Programmes like Gulf Studies in CWAS, Centre for Russian & Central Asian Area Studies Programme, European Area Studies Programme in CES, Francophone Area Studies Programme in Centre for African Studies and Centre for Inner-Asian Studies. Foreign languages like Arabic, Japanese, German, Russian and others are taught in the various Centres.

**The School has 13 Centres and 2 special programmes and offers the following M.A./M.Phil/Ph.D. programmes**

- American, Latin American and Canadian Studies
- European Studies
- International Legal Studies
- International Trade and Development
- Chinese, Japanese and Korean Studies
- Centre for International Politics, Organization and Disarmament
- Comparative Politics and Political Theory
- Russian and Central Asian Studies
- South Asian Studies
- Indo Pacific Studies
- Inner Asian Studies
- West Asian Studies and
- African Studies
- Energy Studies Programme
- Human Rights Studies Programme

The profiles of the Centres contain a detailed description of the M.Phil/Ph.D programmes and other academic activities being undertaken at the respective Centres

- M.A. Politics (International Studies): The M.A. in Politics (with specialization in International Studies) at the School remains one of its flagship and most popular programmes, offering core and optional courses based on discipline and areas studies. Presently, with an intake capacity of 124 students [68 male and 56 female], the programme is being run by faculty from all the Centres of the School.
- M.A. Economics (with specialisation on World Economy): Male: 28, Female: 20, this programme is run by the Centre for International Trade and Development (CITD). A detailed description of this programme of study is given under the profile of CITD.
- M.A. (International Relations and Area Studies) started from Academic Session 2022-23. Student admitted- Male: 24, Female: 30: Total: 54. This programme offers core courses in IR and Courses on Area Studies offered by all Centres/ programme of the School. This is the first full- fledged Area Studies Masters programme offered in India.

**Conferences organized by the School: (15)**

- Topic: "Russian Invasion of Ukraine and Global Responses", Speaker: Prof. Peter Rutland Professor of government and the Colin and Nancy Campbell chair for Global Issues and Democratic Thought, Wesleyan University, Connecticut, held Online, 28 March, 2022

- Topic: "Importance of 21<sup>st</sup> Century Skills for Knowledge Economy", Speaker: Hon'ble Dr. Abdulla Rasheed, Minister of State for Education, Government of Maldives, Conventional Hall, Convention Centre, JNU, 11 July, 2022
- Topic: Emerging India - The Maritime Dimension, Speaker: Prof Adluri Subramanyam Raju, Dean, International Relations, Pondicherry University, 30 August, 2022
- Topic: "India-Japan Relations and Quad", Speaker: Dr. Tomoko Kiyota, Associate Professor at the Office for Global Relations, Nagasaki University and an Adjunct Fellow at Pacific Forum, SIS, JNU, 20 September, 2022
- Topic: Japan's New Security Strategy, Speaker: Prof. Hosoya Yuichi Managing Director, Research Director Professor, Faculty of Law, Keio University Visiting Fellow, Downing College, University of Cambridge, 10 October, 2022
- Topic: Book discussion on the Game Behind Saffron Terror, Speaker : Col. Kunwar Singh Khetana, 18 October, 2022
- Workshop on Indo-Pacific Region and India-Taiwan Relations jointly organized by Taipei Economics and Cultural Centre in India, New Delhi, at India International Centre, New Delhi, 21 November, 2022
- Topic: Global Minority Index, Speaker : Dr Durga Nand Jha, Head of Centre for Policy Research, Patna, 6 December, 2022
- Topic: One China Policy and its Implications, Speaker : Mr Chiang Chun-nan Long-time Journalist & Member of the National Security Council, 20 December, 2022
- Topic: The Changes of US-led Alliance System in the Indo-Pacific : Examining the Quad and AUKUS", Speaker: Dr. Ping-Kuei Chen, 21 December, 2022
- Topic: China And The Indo-Pacific, Speaker : Dr Leszek Buszynski Honorary Professor with the Strategic and Defence Studies Centre at the Australian National University, Canberra Australia, 21 February, 2023
- Topic: China and the Emerging World Order, Speaker: Mr Reinhard Hans Bütikofer, German politician who has been serving as a member of the European Parliament since 2009. He is a member of the Alliance 90/The Greens, part of the European Green Party. He was the co-chair of Alliance 90/The Greens from 2002 to 2008 and of the European Green Party from 2012 to 2019. He was the first vice-chair of the European Parliament's delegation for relations with the People's Republic of China, 3 March, 2023
- Topic: The Changing Security Architecture of Sino-Japanese Relations: Considering Possible Impacts of China's Technological Development, Speaker: Prof Chisako Masuo, Professor at the Faculty of Social and Cultural Studies, Kyushu University And and Adjunct Fellow at the Japan Institute of International Affairs (JIJA), 15 March, 2023
- MoD, Course on China training programme, 13 – 17 March, 2023
- Topic: China-Russia-Japan relations, including China-Russia negotiations and final compromise on their border issue (post WW II - 2004 period), Speaker: Amb IDE Keiji, (Lecturer, Graduate school, Rikkyo University), 21 March, 2023

## **About the Centres:**

### ***Centre for African Studies***

The Centre for African Studies is an interdisciplinary centre for study of Africa. It aims at promoting African studies as an academic discipline for advancing knowledge and understanding of African affairs through inter-disciplinary perspective. It brings together scholars having an active interest in Africa from all over the country and abroad. The Centre has two major programme of studies- M. Phil. and Ph.D. It also offers courses for the M.A. programme offered by the School of International Studies. The teaching and research programme of the Centre has been designed to cover both the traditional as well the contemporary issues relating to the region.

The current academic curriculum of the Centre focuses on the following thrust areas: regional organizations, government and politics, state and civil societies, ideologies, governance, Diasporas, bilateral relations, issues of development and foreign policy of major African countries. Besides this the Centre has its own research focus on Global engagement with Africa.

To facilitate the development of research, training and interaction with scholars from abroad, the Centre holds a Nelson Mandela Chair, funded by ICCR, through which visiting faculty from African countries are invited every semester. The visiting faculty participates in various programmes and activities of the Centre.

Seminars and conferences are organized regularly by the Centre in order to strengthen its academic programmes by facilitating exchange of views among scholars. In pursuance of its aim, the Centre is involved in several academic outreach programmes on African affairs involving Indian academic institutions. It hosts the permanent secretariat of African Studies Association of India ([www.africanstudies.in](http://www.africanstudies.in)), which is an apex academic association of Indian Africanist coming from all disciplines and from all Indian Universities and academic institutions.

### **UGC Area Studies Centre on African Studies (UGC-CAS)**

The Centre had a UGC Area Studies Programme on Africa. It provided funding support to faculty for field visits to Africa and supports academic activities like research seminars, and publications.

### ***Centre for Canadian, US & Latin American Studies***

The Centre for Canadian, US & Latin American Studies (CCUS&LAS), consists of three programmes on Canada, United States and Latin America. The Centre offers these three Ph.D. programmes in addition to several elective courses for the Masters' programmes of the School. The evolution of the Centre can be traced as far back as 1955 when the Department of American History and Institutions was established as part of the Indian School of International Studies intended to stimulate interest in the North American affairs. It became a part of Jawaharlal Nehru University in 1970. Along with studies on the United States of America, Latin American Studies started as a full-fledged programme in 1971 and Canadian Studies was formally launched in 2001.

All teaching faculty are engaged in teaching, research, guidance, participation in conferences and seminars both in India and abroad, organizing special lectures, round tables and discussions. They give lectures at various government institutions, such as Foreign Services Institute, New Delhi, Army War College, Indore, and Academic Staff Colleges of various other universities in India. The Centre has several activities involving the students including academic discussions on their research areas and seminars.

### ***Centre for Comparative Politics and Political Theory***

The Centre, which began as a Programme with a faculty of two, was recognized as a full Centre for Comparative Politics and Political Theory, in the School of International Studies, in 2008. CCPPT currently has 7 faculty members – 1 Professors, 3 Associate Professor and 3 Assistant Professors.

In 2016, Centre for Comparative Politics and Political Theory began an M. Phil. programme with 10 students. The Centre offers Six M. Phil/Ph.D. Courses including the course on Research Methodology. CCPPT regularly holds 2 Research Workshops (in Monsoon & Winter semester) each for Ph.D. and M.Phil. Students annually. Currently the Centre in the 2022-23 academic years has thirty one (31) Ph.D. Students.

### ***Centre for East Asian Studies***

The Centre for East Asian Studies was initially established as a Centre for Chinese and Japanese Studies; it subsequently grew to include Korean Studies as well. The students of the Centre are drawn from various social sciences and humanities such as History, Political Science, Economics, Sociology, International Relations and Chinese, Japanese and Korean languages. The key objective is to impart an interdisciplinary knowledge and understanding of the foreign policy, government and politics, society and culture and political economy of the respective areas. Students can explore new and emerging themes such as East Asian regionalism, the evolving East Asian Community, the rise of China, resurgence of Japan and the prospects for reunification of the Korean peninsula. Additionally, the Centre lays great emphasis on enhancing language skills. The academic curriculum covers various dimensions of modern and contemporary East Asia - China, Japan and Korea – one of the most dynamic and significant regions of the world today.

Scholars in the doctoral programme of the Centre specialise in the areas of their interest related to the East Asian region. Several students of the Centre have been recipients of prestigious research fellowships awarded by the Chinese, Taiwanese, Japanese and Korean Governments. Besides, the research scholars of the Centre also avail scholarships offered by the Japan Foundation, Nippon Foundation, Korea Foundation and the Academy of Korean Studies. The fellowships offered by the Nehru Memorial Museum and Library and the Indian Council of Cultural Relations also enable scholars of the Centre to conduct their field works and research in the East Asian countries. Over the years, the Centre has considerably expanded its international collaborations and networks and is well positioned to promote multidisciplinary studies and research on East Asia.

There are nine faculty members in the Centre. Each faculty member specializes and teaches courses in an area of his/her interest in the region. Dr. Sudhakar Vaddi has joined the Centre in January 2020. Several distinguished faculty who taught and mentored the young research scholars include late Prof. Gargi Dutt, late Prof. P.A.N. Murthy, late Prof. G. P. Deshpande, late Prof. Naranarayan Das and late Prof. R.R. Krishnan and late Prof. K.V. Kesavan. Besides, Dr. Madhu Bhalla, Prof. H.S. Prabhakar, Prof. Lalima Varma taught at the Centre in the Korean, Chinese and Japanese Programmes during 1994-2019.

Several students of the Centre have been recipients of prestigious research fellowships awarded by Japan Foundation, Mombusho (Ministry of Education, Government of Japan), Saburo Okita Memorial fellowship, Nippon Foundation, Korea Foundation, Korean Government Scholarship (up to 4 years) under the India-Korea Cultural Cooperation Agreement, Academy of Korean Studies Scholarship, Nehru Memorial Fellowship, China Government Scholarship (up to 4 years) under the India-China Cultural Cooperation Agreement, and Fellowship from the Chinese and Taiwanese Governments. Besides, students receive fellowships from the Indian Council of Cultural Relations. Apart from the scholarships for higher studies and research available at the University level, offered by the University Grants Commission, (Government of India) the Rajiv Gandhi Foundation and the Nehru Memorial Fund, there are a number of scholarships are available specifically for area studies research.

### ***Centre for European Studies***

The Centre for European Studies is a multi-disciplinary department in the School of International Studies which aims to promote teaching, research, and outreach activities that improve the understanding of Europe, the European Union and Indo-European/India-EU affairs. The Centre became functional in 2005. It was an outcome of the larger restructuring exercise initiated by the School in 2004 following which it came into existence by merging the West European Division of the erstwhile Centre for American and West European Studies (CAWES) and the East European Division of the erstwhile Centre for Russian, Central Asian and East European Studies (CRCA&EES). The Centre for European Studies aims to develop a pool of experts on Europe. Every year, the students are pursuing research on wide ranging issues of security, economy, European integration, society and politics. The main objective of the programme is to prepare candidates for inter-disciplinary doctoral research on Europe. The M.Phil./Ph.D. research in the Centre is of high-quality, both in academic rigour and relevance. Since the research in the Centre is interdisciplinary in nature, efforts are made to expose students to other social science subjects which go beyond their parent disciplines. Learning of at least one European language (apart from English) is a critical component of the research programme of the Centre. A one year language course is compulsory for all students. From July 2014 the Centre has introduced French language course in addition to German which had been offered since 2005. In the newly emerging globalizing international environment, the emphasis is given to broad social science concepts along with specific European issues. Apart from empirical research on Europe, students are also encouraged to develop skills in broader theoretical research and analysis. The Centre has also identified the Nordic region as a focus area of research/teaching and a joint course on Contemporary Issues in the Nordic Region is being offered along with two new focus areas: the Baltic region and the Mediterranean region. The Centre has got recognition from the European Union and has been awarded 3 Jean Monnet Chairs held by Prof. Gulshan Sachdeva, Prof. Ummu Salma Bava and Prof. Bhaswati Sarkar. It also has been awarded two Jean Monnet modules held by Dr. Sheetal Sharma and Prof. Bhaswati Sarkar. The Centre was awarded the Jean Monnet Centre of Excellence 2018-2021 making it the Second Centre in India to get this distinction.

### ***Centre for Indo-Pacific Studies***

The Centre for Indo-Pacific Studies (CIPS) was established in 2013, emerging from the previous Center for South, Central, Southeast Asia and the Southwest Pacific Studies. While the traditionally it focused on Southeast Asian countries, Australia, New Zealand and the Pacific Island Countries; the Southwest Pacific, it was felt that the emerging larger Indo-Pacific region needed to be extensively studied. The Centre had a number of distinguished faculty members such as Prof. Vishal Singh, Prof. P K Das, Prof B D Arora, Prof. Baladas Ghoshal, Prof. Manmouni Kaul, Prof. Ganganath Jha and Prof. G V C Naidu who are now retired.

The objective of the Centre for Indo-Pacific Studies is to cover historical and contemporary facets of Southeast Asian and Pacific Island countries, with an interdisciplinary approach. Each scholar can choose his/her topic of interest from within the region. The academic programme of the Centre provides Ph. D courses with two semesters of classes and six/eight semesters for the completion of their dissertation respectively. The Centre tries to bring together the issues thus researched and attempts for an intervention into the Indian policy making structures through seminars by calling distinguished delegates from academia and the governments from the region.

The introduction of many issues of importance was done by the faculty from time to time to make the Centre deal with significant aspects of IR, both as a discipline and as practice. The vibrancy of the Centre is due to the intermingling of issues and challenges on the one hand and the history, politics and diplomacy, traditional and non-traditional security on the other. The very fact that the Indian and the Pacific Oceans have become the centre of gravity for trade and balance of power that the methods of cooperation, confrontation, conflict and engagements has brought in the interplay of bilateral, trilateral, multilateral and interestingly the minilateral arrangements to the fore. Colonial and post-colonial issues entangled with security and diplomacy brought in various new topics of study to the Centre.

The Centre has students from many Southeast Asian countries in regular courses of Ph.D programme from Cambodia, Thailand, Vietnam, Indonesia. The students also participate in national and international seminars and have been the recipients of national and international scholarships to Japan, Australia, and to the ASEAN (Association of Southeast Asian Nations) countries and participated in think tank delegations. Some of the past students have been placed in think tanks across India and abroad; in various teaching positions and have been actively researching and promoting the scope of the Centre's core discipline.

### ***Centre for Inner Asian Studies (CIAS)***

The Centre for Inner Asian Studies is engaged in teaching and research on the five Central Asian Republics of Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan; Inner Mongolia, Tibet and Xinjiang autonomous regions of China, Mongolia and Afghanistan. All the academic activities at the Centre, including teaching and interdisciplinary research, have been designed to study and analyze history, society, politics, economy and security in addition to the contemporary developments in different regions/countries covered by the Centre and relates them to Indian experience and policy. The Centre has two Professors, one Associate Professor and two Assistant Professors. It has a regular Ph.D programme that attracts bright students having diverse background from across the country. Currently, the total number of students enrolled in the Centre stand at 44. All the faculty members' offer courses to Ph.D scholars and two M.A. programmes of the School. The Centre has an in-house library developed through its Area Studies grant by the UGC.

The faculty members have contributed immensely to the Centre's academic pursuit through high quality publications in the form of articles, research papers and chapters in edited volumes, both at national and international level. They have Participated in various national and international seminars, conferences and workshops and Presented papers, chaired sessions and acted as resource persons, panelists and moderators. They have also occupied positions as members of boards and committees in national and international academic institutions, organizations etc., besides being on the Editorial Board of reputed journals. Students of the Centre have been active in publishing research papers and participating in national and international seminars and conferences. Among the students who have completed their studies from the Centre, a large number of them have joined premier academic and research institutions as well as national and state civil services.

The Centre has, thus, made successful efforts to carry out research and academic mandate of the University.

### ***Centre for International Legal Studies***

The Centre for International Legal Studies conducts advanced studies and research on a vast compass of issues and challenges in the various sub-disciplines of public international law: Theories of International Law, International Human Rights Law, International Humanitarian Law, International Criminal Law, International Refugee Law, International Environmental Law, International Dispute Settlement, International Courts and Tribunals, International Trade Law, International Economic Law, International Energy Law, Intellectual Property Rights, Law of the Sea, International Water Law, International Maritime Law, International Air and Space Law, International Institutional Law. Legal research at the Centre has contributed to the articulation of the Indian approaches to International Law and also to the concerns of developing countries. It has also contributed to the development of the Third World Approaches to International Law. Through its critical engagement with mainstream scholarship and theoretical frameworks, the Centre aspires to contribute to a deeper understanding of the theoretical premises and biases of International Law today.

### ***Centre for International Politics, Organisation and Disarmament***

The Centre for International Politics, Organization and Disarmament (CIPOD) is one of the oldest as well as largest Centres of the School of International Studies (SIS). The Centre came into existence when the Indian School of International Studies (ISIS) merged with JNU in 1970. Its core was an amalgamation of International Relations and the Commonwealth studies departments at ISIS. The functional core of the department became the International Organization programme at JNU and was integrated into newly created CIPO - rechristened later as CIPOD. The specialized focus of the Centre's programmes has evolved over the years and represents the emerging priorities in the academic world as well as a certain vision about the world that needs to be nurtured for the benefit of future generations of scholars.

There are four distinct but interlinked programmes of study within CIPOD:

- International Politics (INP)
- International Organization (ORG)
- Diplomacy and Disarmament (DAD)
- Political Geography (POG)

These programmes of study are unique in their nature and achievements by focusing on politics, theory, organizations, diplomacy, disarmament, security, and geopolitics.

CIPOD has a large pool of expertise in international relations and is one of the leading Centres of teaching and research in the discipline. It works diligently and collectively with the aim of setting new pedagogic standard in the discipline. CIPOD faculty members have earned wide recognition in their respective areas of expertise through publications and teaching both within and outside India, memberships of editorial boards of reputed journals and other academic bodies, and participation in international conferences and seminars.

The Centre has an illustrious set of alumni, working in universities, academic institutions, think tanks, civil services, media, international organizations and the voluntary sector, spread across India and abroad, bringing laurels to the Centre and the University.

In the reporting year, the Centre had 124 M.Phil. and Ph.D. students. During the year, the Centre admitted into the Centre's Ph. D. Programme: 07 in INP, 05 in ORG, 08 in DAD and 04 in POG.

### ***Centre for International Trade and Development***

The Centre for International Trade and Development (CITD) is a premier economics department in India with special focus on International Economics and Economic Development in its teaching and research. The Centre offers two academic programs: MA in Economics (with specialization in World Economy) and PhD in Economics. The wide range of courses offered at CITD on emerging global economic issues like trade, development, open economy

macroeconomics, technology, environment and natural resources, finance, law and economics, public finance, labour and human capital make it unique, and distinct from conventional M.A. programmes in economics offered elsewhere in India.

Our distinguished faculties trained at top ranking universities of the world strive to maintain highest academic standards in teaching and keep the courses abreast with the advancements in the field. The faculty produces high quality cutting edge research and regularly publishes articles in the leading academic journals of their field. Faculty members have been conferred with various honours, awards and distinctions, and are recognized for their outstanding academic and professional contributions. They have secured highly competitive research funds, are invited to visit well reputed economic departments, are editorial board members of high ranked journals, and serve as experts on various government committees contributing to academics and policy making.

Our graduates are well established in the academic world in India and abroad, holding positions of great responsibility in the government, international organizations, and the corporate world.

The Centre runs a discussion paper series for early dissemination of research results, which is recognised by Ideas/Repec. To expose students to recent developments in the discipline of economics and provide a stimulating research environment, the Centre also conducts weekly seminars and organizes Conferences on select themes.

The Centre received an endowment from the Ford Foundation in 1993. This enabled the centre to provide scholarships to students, to maintain its own library, and to provide small research funding to faculty members. The centre also has an Econometrics Lab funded by UGC through its UPOE program facilitating teaching and research in applied economics.

CITD was established as an independent Centre in the School of International Studies, Jawaharlal Nehru University in July 2005. Prior to this the Centre was known as the International Trade and Development (ITD) division as part of the erstwhile Indian School of International Studies, which integrated with the newly established Jawaharlal Nehru University in the early 1970s as the School of International Studies.

Over the last 50 years ITD has created a niche for its teaching and research in international economics and economic development. The first head of ITD was the renowned economist, the late Professor A K Dasgupta. He was succeeded by our distinguished colleague Professor Ashok Guha, who was the guiding force of ITD since 1963, until his retirement. Former distinguished faculty include B.S. Minhas, Subimal Mukherji, Partha Dasgupta and others. Stalwarts in the field of economics such as Nobel Laureates Sir John Hicks and James Meade, Robert Baldwin, and Richard Baldwin have visited the division to deliver lecture-series.

Initially ITD was primarily geared towards research, running very successful M.Phil and Ph.D programmes for several decades. In 1995, we introduced a unique MA programme in Economics (with specialisation in the world economy), keeping in mind the changing economic environment of India and its integration with the world economy, which proved to be a highly successful and popular MA programme.

### ***Centre for Russian, Central Asian Studies***

The Centre for Russian and Central Asian Studies, is the leading Centre in the country engaged in teaching and research on the Eurasian region which includes Russia, the Central Asian Republics, states in South Caucasus, Baltic countries, Ukraine, Belarus and Moldova. India has strong ties with the states of the region historically, strategically and for economic and geopolitical interests.

The Centre since its inception in 1975 has been fostering interdisciplinary research on issues pertaining to the Eurasian region by bringing together scholars, trained in diverse social science disciplines. The Centre has an excellent community of scholars specializing in disciplines ranging from Political Science, International Relations, History, Economics, Sociology, Russian Language and Literature. The Centre encourages interdisciplinary thinking and promotes opportunities for interaction and exchange of views with scholars from India and abroad. Towards this objective, the Centre regularly organizes international/national seminars, round table discussions, talks and lectures. The academic networks that have been build in the process has resulted in valuable linkages between the Centre and leading academic institutions in the former Soviet space

The Centre has a regular Ph.D programme and also offers specialized courses for the two M.A. programmes of the School of International Studies, JNU. The Centre faculty has produced a significant number of research publications that add to the generation of Indian perspectives on various issues relating to politics, society, economy and foreign policy of the states in the Eurasian region. It has fulfilled the original ideas inherent in the creation of Area Studies Programmes in the country i.e. promoting interdisciplinary research, and development of knowledge based on independent and in-depth research in the field of Area Studies. Through field-works and interaction with scholars and policy makers in post-Soviet countries, the faculty members and research scholars have provided diverse perspectives on various aspects of post-Soviet political and economic processes.

The Centre has a library-cum-reading room created entirely out of its own resources and those of individual faculty member's contributions. It has a collection of about 1,200 books and journals, including some rare ones. The books mainly relate to Russia and the Central Asian Republics and are available in the reference section of the main Library of the university.

The Centre has also been inviting foreign scholars as visiting faculty from post-Soviet countries, some of whom have spent a month each as visiting professors, while others have come for shorter duration and have delivered lectures in the Centre.

### ***Centre for South Asian Studies***

The Centre for South Asian Studies is one of the oldest centres of the School of International Studies, Jawaharlal Nehru University (JNU), New Delhi, India. The importance of the centre is self-evident by the fact that lies in the South Asian region. The centre has the privilege of having widely known faculty members. The centre also takes pride in the fact that it has directly participated in the foreign policy making exercise in the country as two of its former faculty members Late Prof Bimal Prasad and Prof Emeritus Sukh Deo Muni served as Ambassadors to Nepal and Laos respectively. The centre has organised a range of national and international seminars, round tables, symposia and workshops with regional and international experts, policy makers, academicians and civil society members. The centre has hosted and conducted projects for various Ministries, Indian Council for Social Science Research, University Grants Commission, Asian Development Bank, Ford Foundation, International Development Research Centre, Regional Centre for Strategic Studies, USAID, United Nations High Commissioner for Refugees, UNESCAP and many other national and international bodies. The Centre for South Asian Studies covers studies and research on a range of aspects of 8 countries. All the academic activities including teaching and interdisciplinary research have been designed to objectively study and analyse history, politics, foreign policy, security, societies, economies, environment, regional cooperation/integration and contemporary affairs in different regions/countries covered by the Centre. The Centre has focused on academic pursuits that have strong intellectual value, deeper social relevance and wider national and international utilities and policy dynamics. Its programme of studies has attracted bright students having diverse background from various parts of India and also from other countries. It has evolved into a full-fledged institute of academic excellence, much admired by students, frequently consulted by the national governments and eagerly sought after by international organizations and other academic institutions. The profile of the students who have completed their studies from the Centre does show that a large number of them have joined premier academic and research institutions and equally handsome numbers are in the national and state civil services. Many of the students have done exceedingly well in media and non-governmental organizations, other tertiary sector activities and national and regional politics. The importance of the Centre has become more critical and vital both in the context of large scale transformation in the global scenario and also within the countries that have been traditionally covered and studied by the Centre. There are immense opportunities for academic inquiry triggered by these new developments.

### ***Centre for West Asian Studies***

The Centre encourages inter-disciplinary research on a wide range of themes and issues pertaining to history and culture of the region, political, economic and social systems, foreign policy-making and behaviour, inter-and intra-state conflicts, geo-political changes and challenges, terrorism and national/regime security, social movements including feminism, role of religion in politics and ethnic/sectarian assertions, Indian diaspora and India's West Asia policy. Given its embedded complexity, the region provides a unique setting wherein the disciplinary boundaries of International Relations (IR) and

Area Studies (AS) overlap. It is, indeed, the testing ground for positivist as well as post-positivist theories and approaches. Apart from offering BA and MA Courses, the Centre also organizes regular seminars, conferences, special lectures and workshops.

- The CWAS continues to be an active centre for research and teaching. A total of 66 students were registered for the various teaching programmes in this period, 66 for the Ph.D. programme of the Centre during the period of the annual Report.  
Students admitted to various programmes of the study and awarded degrees
  - Students admitted for Ph.D. 66
  - M.Phil. dissertations submitted 08
  - Ph.D. Thesis submitted 19
  - M.Phil. Degree awarded 08
  - Ph.D. Degree awarded 19
- In the M.Phil. programme (which involves one year of course work), one compulsory course and 18 optional courses were offered.
- The faculty strength was 11 during this period (that is, until April 2023).
- The following annual prizes were awarded to various students during this period: Fellowship awarded – Nil.
- Research activities continued to be strong, and there were many publications of books and articles by CWAS faculty and research students. The list of publications by faculty is provided in Appendix-I below.

### **Human Rights Studies Programme**

The Human Rights Studies Programme (HRSP) is engaged in teaching and research in human rights with the objective of identifying the newer claims /conflicts in the sphere of human rights, and the determination of new rationalities/approaches to sustaining a peaceful co-existence of all life forms. Through its Ph.D. Programme, the HRSP promotes critical and interdisciplinary research on human rights topics of domestic, regional, and international importance. It offers introductory and advanced level courses to students under the Ph.D., M.A., and B.A. Programmes. These include Theory and Practice of Human Rights, Disability Human Rights Law and Policy, Globalization of Human Rights, Foundation Course on Human Rights, Cross-cutting Themes and Concepts in Human Rights, and International Human Rights Law and Vulnerable Groups. The Programme also organizes an Annual Human Rights Day Seminar/Webinar for young scholars engaged in research on human rights and related agendas.

### **Energy Studies Programme**

The Energy Studies Programme in the School of International Studies (SIS) at the Jawaharlal Nehru University (JNU) aims to foster excellence in teaching and research on issues related to international and domestic energy politics and policies. With an interdisciplinary approach being one of the cardinal elements, the Programme promotes the integration of academic and policy research expertise on international relations, geopolitics, international economics, international law and area studies. The Energy programme began in 2014 and is still in its infancy with two core faculty members and seven adjunct faculty members from other centres with proven area expertise in energy and international relations. Faculty members with a wide range of expertise in academic areas pertaining to international studies enrich the curriculum of the Programme.

As a flagship programme of the legacy of the School of International Studies of Jawaharlal Nehru University, Energy Studies aims to be recognized as a leading institution among the global academic community through furthering excellence in teaching and research in the areas of energy. The faculty members of the programme contribute regularly to academic research and current affairs on energy. Apart from regular academic and research activities, the faculty members are involved in a wide range of media and public policy activities on both domestic and international platforms to facilitate better knowledge sharing and informed policy-making.

### **Future Plans**

#### ***Centre for Canadian, US & Latin American Studies***

Addition of new MA and PhD courses is planned. Three new courses are in the pipeline which will be taught in the academic year 2023-2024:

- Contemporary Issues in Latin America and the Caribbean (PhD course at the Centre approved)
- Global Politics since the Cold War (MA core course for IRAS) to be approved
- Religion, State and Politics (MA optional course) to be approved by CASR
- Society and Politics in Canada (MA optional course) being drafted

The Centre has been organising several seminars, discussions and lectures in this semester. An international conference on energy politics in the Americas is planned in July 2023. A workshop on Research Methodology is being planned for Centre for Land Warfare Studies, New Delhi. Weekly webinars amongst faculty and students within the Centre will continue to be held. Centre faculty expects to engage with the media and other universities as subject experts and resource persons in order to engage public opinion. A research project with multiple faculty participants is planned. Several outreach lectures, television programs and interviews as well as newspaper writings will continue to be carried out by faculty. Collaborations with national and international universities/think tanks/research institutes in Canada, US and Latin America is planned. Fulbright Professor John Portz from North Eastern University, US will be visiting from January- April 2024 and will be affiliated with the Centre. A Young scholars' conference is planned for November 2023. A publication in newspapers and journals is being targeted for outreach to the larger community.

#### ***Centre for African Studies***

Apart from continuing high level of research and teaching on African Studies, the centre plans to expand its global engagement and outreach.

### ***Centre for Comparative Politics and Political Theory***

The Centre for Comparative Politics and Political Theory offers researchers the opportunity to specialize in Global Political Thoughts and Practices. The unique vision of Comparing Western political theory with political thoughts and practices from the Non-western world (global south) makes CCPPT a pioneering Centre for research in South Asia.

Training its researchers to compare and analyze political practices in the global south from the perspectives of Non western philosophies, is one definitive future research-plans of the Centre.

Keeping in mind the imperatives of ‘blended-modules’ of teaching and research, CCPPT has specific plans to operationalize its Seminar room as a ‘future-venue for combining offline and online mode of conferencing’ and for holding of workshops with external and international academics. In this regard the Centre will have to depend on the Dean of the School for allocating the required budget for installing Audio-visual and hi-speed internet facilities in the seminar room.

### ***Centre for Indo-Pacific Studies***

The Centre for Indo-Pacific Studies, is a niche centre that offers MA students at the SIS and the research scholars at CIPS the opportunity to understand and do research on the areas of Southeast Asia and the Pacific. While the centre has taken the new name of Indo-Pacific nomenclature, its main focus areas relate to Southeast Asia and the Pacific, locating these crucial areas within the heart of the Indo-Pacific region. The nature of geopolitical change in this vast region places immense pressure and importance on these smaller nation states that are critically facing the brunt of geopolitical shifts.

The Centre focuses on a comprehensive approach to both teaching and research, bringing the focus on area studies as the core of its focus, with a deep look at the regional history, politics, security and economic issues which are critical to understand the region. The methodology of teaching and research reflects multidisciplinary as the core of understanding area studies in its various nuances.

The Centre has faculty strength of eight and seeks to expand teaching and research in these vital areas. The Centre has held several seminars and webinars to promote the study of Southeast Asia and the Pacific. The Centre plans to have weekly seminars from the 2024 Academic year as the faculty strength and student strength will increase. Moreover, the Centre also seeks to have collaboration with other universities in Southeast Asia and the Oceania to increase the scope for international collaborations.

### ***Centre for Russian, Central Asian Studies***

- Drawing on the best practices of the online teaching platforms across the world, the Centre endeavours to make digital engagement an important component of the teaching mode in the Centre as an additional tool supplementing class room teaching practices.
- Digital engagement has opened a floodgate of opportunities, one of which is to organize lectures of retired senior teachers of the Centre and School, on a regular basis, on themes of international relations and other related disciplines. The profound scholarship of the stalwarts in the field will be tapped through this mode and students would thus gain valuable exposure and knowledge in the process.
- Create an online resource base specific to the specialization of the Centre. The resource base would draw upon, not just the resources available globally on Eurasian studies but would also include the Centre’s own contribution in the field through time bound quality publication of articles, books, monographs and commentaries.
- Introduce New Courses in the Area Studies field in alignment with the overall Foreign Policy vision of the country. India’s approach to the Eurasian region and to the individual countries in the region will be an important component of the new courses. The idea clearly is to be pioneers in the field through credible research and publications.
- To introduce specialized courses in areas such as: Energy Security, Gender studies, Environment, Migration and Demographic issues, with special focus on the Eurasian region.
- Ensure high standard publication showcasing the original contribution of the Centre in the field of Eurasian Studies through primary data generated from extensive field studies.

## School of Language, Literature & Culture Studies (SLL&CS)

Established in 1969, it is one of the founding blocks of the University, the School of Language, Literature and Culture Studies (SLL&CS). It is one of the premier institutions in the country in the field of learning languages and pursuing higher studies and research in linguistics, literatures in various languages, and culture studies. Its global reputation has earned it place as one of the five degree-awarding partners of the prestigious Erasmus Mundus Joint Doctorate in “Cultural Studies in Literary Interzones” of the European Union, and one of its constituents, the Centre for English Studies, has been repeatedly adjudged as one of the top 100 departments of literary studies in the world. Furthermore, all the Centres of the School, and the School itself, have active international collaborations with leading universities of the world through AoC-s and MoU-s. SLL&CS has twelve centers: Centre of Arabic and African Studies (CAAS), Centre for Chinese and South-East Asian Studies (CCSEAS), Centre for English Studies (CES), Centre for French and Francophone Studies (CFFS), Centre of German Studies (CGS), Centre of Indian Languages (CIL), Centre for Japanese Studies (CJS), Centre for Korean Studies (CKS), Centre for Linguistics (CL), Centre of Persian and Central Asian Studies (CPCAS), Centre of Russian Studies (CRS), and Centre of Spanish, Portuguese, Italian and Latin American Studies (CSPILAS). Besides, the School also has a well-equipped Language Lab and Multimedia Complex (LLC). The different units of the School offer a variety of programmes in diverse subjects. There are Certificate, Diploma, and Advanced Diploma of Proficiency programmes in foreign languages like Bahasa Indonesia, Italian (currently not on offer), Mongolian, Portuguese and Pushtu, and also in Urdu language and Mass Media in Urdu. The School offers BA (Hons.), MA and MPhil/PhD programmes in foreign languages like Arabic, Chinese, French, German, Japanese, Korean, Persian, Russian and Spanish. The School also offers MA and MPhil/PhD programmes in English, Hindi and Urdu literature, and in Linguistics. Apart from these, SLL&CS offers MPhil in Portuguese, and MPhil/PhD in Hindi Translation, and in Tamil. Besides, the School also offers optional courses in Greek, Hebrew and Turkish languages. Over and above these existing programmes, the School has a Kannada Chair, and currently vacant professorial positions in Bengali, Assamese and Marathi, and there are concrete developments towards establishing a Chair of Odiya. Besides these formal programmes, a variety of Tool/Optional courses are offered within the School, which promote interdisciplinarity. The School also is at the spearhead of the highly successful Remedial Course in English under the Linguistic Empowerment Cell to all students of the University who need to increase their competence in the language for academic purposes. Besides teaching and research activities, the School also publishes its own journal, Journal of the School of Languages (JSL), which started publication in the seventies and has over the years published significant research on literatures, languages, culture studies, comparative studies, and translation that cut across language boundaries. Besides, some constituent units of the School have their own publications, like the CRS has its journal Critic, and the CSPILAS has its journal Hispanic Horizon. SLL&CS produces the very best scholars in the fields of language teaching, linguistics, literature and culture studies, as well as internationally acclaimed translators and interpreters. Members of the School, while providing directions and visions to their respective Centres and the School in general, have also distinguished themselves nationally and internationally by the quality and range of their individual research, publications and other achievements. Many faculty members of the school have won international awards from the respective countries of the foreign languages and have been granted fellowship and membership of prestigious international academies and institutions.

#### ***Centre for English Studies:***

**The Centre maintained its excellence and eminence in global rankings** in spite of the pandemic, through the gradual opening of hybrid and in-person classes and events.

In realizing how unprepared it initially was during the pandemic, the Centre's future plans include investing more in online teaching learning resources, to be able to excel even more in the future, with the changing circumstances.

Given the nature and range of academic engagements at CES, we envision becoming a Special Centre for English and Cultural Studies, with autonomous and interdisciplinary linkages with foreign and Indian languages as well as other disciplines in the humanities and social sciences.

We see the further strengthening of our research programmes as an important priority. Our plans include (a) strengthening the dissertation component at the MA level through the introduction of courses and training modules in research methods and academic writing, (b) organizing research workshops for MPhil and PhD students at regular intervals to introduce them to new areas and methods of research, and (c) creating a forum for regular presentations by PhD students to peers and faculty on their work in progress, to which specialists in their areas may be invited. This will give them valuable feedback and also allow them to share their work, and for the Centre to be apprised of the range of research being carried out.

We also look forward to further international collaborations with adequate students' mobility, so that our researchers can get exposed to the international best practices of research in their field. We also have plans of promoting and subsidizing students' publications through funds received by the Centre, to make the massive and path-breaking research output of the Centre more visible.

The pages that follow list the achievements of individual faculty members of the Centre from 01 April 2022 to 31 March 2023, as reported by the faculty members, as per the prescribed format.

## Future Plan of Adikabi Sarala Das Chair of Odia Studies

Odia is one of the most ancient Languages of India. It was granted the status Sixth Indian language and the first in the Indo – Aryangroup of languages of the country by the Union Government of India on 20 February, 2014. NEP- 2020 highlights to promote all Indian Languages.

Adikabi Sarala Das Chair of Odia Studies started functioning at the Jawaharlal Nehru University (JNU) with the financial support of Govt. of Odisha under the Department of Odia Language, Literature & Culture. It is part of Centre of Indian Languages (CIL) in the School of Language, Literature and Culture Studies (SLL&CS), JNU. The Chair started its activities on 26 December, 2017

At present Centre of Indian Languages, Jawaharlal Nehru University has the following Hindi Stream, Urdu Stream, Hindi translation stream, Kannada Language Chair, Odia Language Chair and Bangla Chair respectively. Tamil Stream was part of the Centre of Indian Languages, but it has been granted of Special Centre of Tamil Studies.

If the proposed Odia Chair will become as a Special Centre of Odia Studies, it will be expanded in the following aspects:

The JNU has proposed to establish a Centre as *Biju Pattanaik Special Centre for Odia Studies* which will include maritime, South-East Asia, Diaspora Studies, and Odishan Culture such as Odishi Music, Dance, Pattachitra and art. We hope it will be a great tribute to the sacred memory of Biju Patnaik, the all-time tallest leader of Odisha and the '*Bhoomi Putra*' of Indonesia. Besides, the Centre will work for the promotion of the maritime and cultural relationship between Odisha and South-east Asia that has existed for centuries in the past.

## Objectives of the Special Centre of Odia Studies

- To promote teaching and research programmes in Odia Language, Culture & Civilization.
- To establish linkages with other Universities and Institutions in Odia Language in order to promote teaching and research in its literary and cultural traditions.
- To carry out research projects in Odia Language, Literature, Culture and folk traditions and archaeological heritage.
- To introduce and expose the history, traditions and distinctive features of Odia Language, Literature and Culture to Non-Odia Speakers.
- To acquaint the students with the theory of comparative language studies and comparative literature in relation to Odia Language and Literature.

## **Need for a separate Centre**

- To seek global attention towards the Odia Language, Literature and Culture with global perspective.
- To provide pace to Odia Studies.
- To expand Odia Studies.
- It will be the first Special Centre being established in the North India.
- It will work as independent and separate unit like Sanskrit School, Tamil Special Centre in JNU.

## **Functions**

### **Teaching:**

- To prepare an inclusive curriculum and syllabus for M.A. in Odia and Tool and Optional Courses (Odia) for beginners as well as the students of other Centers.
- The outcome of the master's degree will facilitate the comparative study of Odia and other Indian Languages and Literature for a better understanding.

### **Scope and Areas of Ph.D. Program:**

- Odia studies and research programmes in collaboration with Indian & Foreign Universities will expand the scope of research in Odia Language and Literature.
- The programme will focus on exploring Kalinga Heritage & Maritime studies.

- To invite writers, experts from different fields like Folklore, Culture, Films, Theatre, Media studies, etc. for lectures, interactions with the university community.
- To collaborate with various foreign Institutes/Universities to conduct programmes in advance skill development for Teachers and scholars.
- To facilitate student exchange programmes under various MoUs.
- To undertake to approach the concerned authorities with a request to provide a native language expert(s) to teach in the Centre.
- To acquire/ make a request for New Russian books and research material.

### ***Centre for Spanish, Portuguese, Italian and Latin American Studies:***

- The Centre has plans to implement the NEP in the upcoming year 2024-25. The Centre has restructured the B.A Hons. courses according to the format of the NEP. Soon, the same exercise shall be undertaken to complete the M.A courses as well.
- The Centre intends to revive the Italian course which were earlier offered but stopped last decade because on unavailability of faculty.
- The Centre shall revive the visiting faculty position from Spain and will also from the Spanish Embassy.
- International Conference on Lorca to be organized in this year 2023.
- In 2024, the Centre intends to organize the Hispanism conference.
- The Centre shall also has plans to organize other seminars, conferences and special invited lectures in the upcoming year.
- The Centre plans to develop COP, DOP course to be delivered both in regular and online format.

### ***Greek Chair:***

COP, DOP, ADOP and Ph.D. Degree Programmes to be offered after due approval from the Academic Council of the University

### SCHOOL OF LIFE SCIENCES

## School of Life Sciences (SLS)

The School of Life Sciences (SLS) is a prestigious and well-established department with a strong emphasis on interdisciplinary research and teaching in the field of Life Sciences. Founded during the 1970-71 academic year, SLS has been at the forefront of education and research in this domain. The school lays great emphasis on comprehensive approach to student engagement, utilizing various methods to communicate and impart knowledge effectively.

To ensure effective communication and knowledge transfer, the School has employed a range of techniques such as class-room interactions, examinations, quizzes, seminar presentations, reading and summarizing research papers, conducting original research projects, and organizing conferences on current topics in the field. These diverse methods cater to different learning styles and help ensure that students receive information in various ways. This approach demonstrates the department's commitment to providing a well-rounded education. The consistent student-teacher interactions, classes, presentations, and meetings conducted throughout the academic session show the dedication of the faculty and staff to the educational process. This commitment ensures that students have regular opportunities to engage with their instructors and peers, enhancing their learning experience. Furthermore, the School's emphasis on '*Cell And Molecular Biology*' is notable. This field is crucial in understanding the fundamental processes of life at the cellular and molecular levels. By employing various model systems including microbes, plants, and animals, SLS showcases its commitment to comprehensive research programs that span across different branches of life sciences.

Overall, the School of Life Sciences seems to have a strong foundation in providing high-quality education and research opportunities in the field of Life Sciences. Its focus on interdisciplinary approaches and innovative teaching methods contributes to its reputation as a premier department in the country.

### List of Faculty Members and their Specific Research Specializations

S.No.	Name of the Faculty	Research Specialization(s)
1.	Dr. Abhisheka Bansal	Cellular & Molecular Parasitology
2.	Prof. Ajay K. Saxena	Macromolecular crystallography on human disease related proteins, Rational structure-based Drug Design and Vaccine Development
3.	Prof. Alok K. Mondal	Yeast Molecular and Cell Biology
4.	Prof. Amal C. Mondal	Alzheimer's Disease, Parkinson's Disease, Depression and its molecular mechanism & Therapeutic Strategies
5.	Prof. Ananda K. Sarkar	Plant Developmental Biology
6.	Prof. Arun S. Kharat	Applied Microbiology/Antimicrobial Agents/ Medicinal Plants & Anticancer Potential
7.	Prof. Ashis K. Nandi	Molecular Plant Physiology, Plant pathogen interaction, systemic acquired resistance in plants
8.	Dr. Ashu BhanTiku	Radiation and Cancer Therapeutics
9.	Prof. Ashwani Pareek	Crop Biotechnology, Functional Genomics Of Abiotic Stresses.
10.	Prof. Atul K. Johri	Vaccine development for Group A & B Streptococcus and other infectious agents using reverse vaccinology approach. Membrane proteins functional characterization and structure, Antibiotic resistance. Antibody engineering. Microbiome as therapeutics.
11.	Prof. Deepak Sharma (now superannuated)	Brain ageing and Mechanism of Action of Anti-ageing Drug in Rats
12.	Prof. K. Natarajan	Transcription, chromatin and gene regulation, Nutrient stress regulation of <i>Candida albicans</i> pathogenesis, skin biology and melanogenesis
13.	Dr. Karunakar Kar	Protein aggregation and prevention by selected natural compounds and engineered nanoformulations. Development of novel biomaterials for biomedical applications.

14.	Dr. Neelima Mondal	Regulation of p53 and related genes in cancer cells. Effect of synthetic compounds/drugs/phytochemicals on cell cycle regulation of cancerous and non-cancerous cells. How to overcome tamoxifen resistance in breast cancer cells?
15.	Prof. Nirala Ramchiary	Genetics and Genomics of Capsicum species
16.	Dr. Niti Puri	Molecular mechanisms of Mast Cells; effector responses in infectious and non-infectious diseases
17.	Prof. Pramod C. Rath	Genomic Biology of Repetitive DNA and Noncoding RNAs, Cytokines, Transcription Factors, Cell signaling and Disease; Mesenchymal Stem Cells from Bone Marrow and Regenerative Medicine; Molecular Aging
18.	Prof. Praveen K. Verma	Plant Molecular Biology and Fungal Genetics
19.	Prof. Rana P. Singh	Modulatory Effects of Phytochemicals on Carcinogenesis and Genotoxicity in mammalian cell culture and Mouse Models, Tumor Angiogenesis
20.	Prof. Rohini Muthuswami	Chromatin Remodeling, Epigenetics
21.	Prof. Samudrala Gourinath	Structural and functional studies of crucial pathway proteins from gastric infections organisms ( <i>E. histolytica</i> and <i>H. pylori</i> ).
22.	Prof. Shweta Saran	Developmental programmed cell death in <i>Dictyostelium discoideum</i> with emphasis on starvation-induced autophagy.
23.	Dr. Sneha Lata Panwar	Role of mitochondria and GPCR-like proteins in <i>Candida albicans</i>
24.	Prof. Sneha S. Komath	GPI anchor biosynthesis, regulation, and function in <i>Candida albicans</i>
25.	Prof. Supriya Chakraborty	Epigenetic regulation of geminivirus pathogenesis, Molecular basis of plant-virus interactions
26.	Dr. Sushil K. Jha	Neurophysiology of Sleep, Learning and Memory
27.	Dr. Vikas Yadav	Cell and Molecular Biology; Nuclear Receptors and Transcriptional Regulations of Metabolic Vascular Syndrome
28.	Dr. Devinder Kaur	Data mining and Data analysis, Bioinformatics, Genomics, Transcriptomics

## Brief on the Annual Report

During the reporting period, the School of Life Sciences has achieved significant progress in both teaching and research endeavors. Specifically:

- **Student Achievements:** This year, a total of 21 students successfully completed their Ph.D. degrees, reflecting the dedication and academic excellence of both students and faculty. Additionally, a number of 31 students obtained their M.Sc. degrees, demonstrating the successful completion of their Master's programs.
- **Research Output:** The collaborative efforts of the students and faculty have resulted in the publication of 82 research papers in peer-reviewed journals. This showcases the impactful contributions made by the School to the field of Life Sciences. Additionally, the publication of 17 book chapters further highlights the depth and breadth of the department's research.
- **Academic Engagement:** Faculty members have actively participated in international and national conferences, seminars, and workshops, reinforcing their commitment to staying updated with the latest developments in their respective fields. The delivery of 14 international and 34 national lectures beyond the university demonstrates the faculty's engagement in disseminating knowledge beyond their immediate academic community.
- **Research Funding:** The School's faculty members are currently involved in 42 ongoing research projects funded by various government agencies of India. This substantial number of projects signifies the recognition and support the department receives for its research initiatives.

In addition, the School's competitive grant proposal to the Department of Biotechnology (DBT), Government of India, was approved as part of the DBT-BUILDER program. This approval secured financial support that has been utilized to enhance the teaching and research infrastructure of the School. Also, the School received a second grant release from the Department of Science & Technology (DST), Government of India, under the DST-FIST-II program. This funding has been utilized to acquire advanced equipment and facilities for the Central Instrument Facility of the School.

- **New Student Admissions:** In the academic year 2022-23, the School welcomed 34 and 23 students into its M.Sc. and Ph.D. programs respectively, further contributing to the growth and diversity of the academic community.
- **Ph.D. Research Groups:** The Ph.D. program within the School is structured around **Five Research Groups** (Table below), which serve as focal points for the admission of Ph.D. students. These groups not only facilitate targeted research but also play a crucial role in attracting talented students, imparting quality training in the areas and funding opportunities to the School.

Overall, the School of Life Sciences has demonstrated remarkable progress in various facets of its operations, from research output and student achievements to securing grants and advancing its teaching and research infrastructure. The dedication of faculty and students alike is evident in these achievements, positioning the School as a notable contributor to the field of Life Sciences.

Research Groups		Topics (For a detailed list, see SLS website <a href="http://www.jnu.ac.in/sls">www.jnu.ac.in/sls</a> )
No. Code	Group Name	
<b>I GONH</b>	Plant Biology; Virology; Biotechnology	Epigenetic regulation of geminivirus pathogenesis, Molecular basis of plant-virus interactions; Molecular Plant Physiology, Plant pathogen interaction, systemic acquired resistance in plants; Crop biotechnology, Functional genomics of abiotic stresses; Plant immunity, Genomics-assisted genetics and breeding, Fungal effectors and their host targets; Plant developmental biology; Comparative and functional genomics, Metabolic engineering and System Biology of plants.
<b>II GTWH</b>	Microbiology; Infectology	Yeast Molecular and Cell Biology; Membrane transporters and drug discovery; Antibiotic resistance; Microbiome as therapeutics; ESBL and AMR among the Gram negative ESKAPE members; Stress adaptation pathways, cell wall and adhesion processes in <i>Candida albicans</i> , screening of compound libraries for antifungal therapy; Molecular Parasitology, Vaccine development against human pathogens, Antibody engineering. Membrane proteins functional characterization and structure.
<b>III GTRH</b>	Genetics; Cell & Molecular Biology; Developmental Biology; Immunology	Genomic Biology of Repetitive DNA and Noncoding RNAs, Cytokines, Transcription Factors, Cell signaling and Disease; Mesenchymal Stem Cells from Bone Marrow and Regenerative Medicine; Molecular Aging; Transcription, chromatin and gene regulation, Nutrient stress regulation of <i>Candida albicans</i> pathogenesis, skin biology and melanogenesis; Developmental programmed cell death in <i>Dictyostelium discoideum</i> with emphasis on starvation-induced autophagy; Epigenetics and Chromatin remodeling; Gene Regulation; Nuclear Receptor signaling in human physiology and diseases. Molecular mechanisms of Intracellular protein traffic during mast cell inflammatory responses in allergies, pathogen challenge and cancer
<b>IV GFOH</b>	Animal Physiology; Neurosciences and Systems Biology; Radiation and Cancer Biology	Brain ageing and Mechanism of Action of Anti-ageing Drug in Rats; Modulatory Effects of Phytochemicals on Carcinogenesis and Genotoxicity in mammalian cell culture and Mouse Models, Tumor Angiogenesis; Regulation of p53 and related genes in cancer cells. Effect of synthetic compounds/drugs/phytochemicals on cell cycle regulation of cancerous and non-cancerous cells. How to overcome tamoxifen resistance in breast cancer cells? Molecular mechanisms and targeting therapeutic strategies on Alzheimer's, Parkinson's Disease & Depression; Therapeutic strategy on Parkinson's Disease; Neural and Molecular Mechanisms of sleep and its function. Learning and memory and Synaptic plasticity; Radiation and cancer therapy

<b>V GFIH</b>	Biochemistry; Biophysics; Bioinformatics; Nanobiology	Macromolecular crystallography on human disease related proteins, Rational structure-based Drug Design and Vaccine Development; Structural and functional studies of novel <i>E. histolytica</i> proteins, Plant-virus protein interactions and their structural studies; Biochemistry of GPI anchor biosynthesis, regulation and function in <i>Candida albicans</i> ; Protein aggregation and prevention by selected natural compounds and engineered nanoformulations, Development of novel biomaterials for biomedical applications; Understanding rare genetic disorders.
-------------------	--	--

It's evident that the School of Life Sciences is dedicated to maintaining and enhancing the quality of its teaching and research activities across its five research groups. One way the school accomplishes this is through a continuous effort to strengthen its curriculum and courses for both M.Sc. and Ph.D. programs. This is achieved by incorporating new and emerging areas of biology into the existing academic framework. This proactive approach ensures that students have access to the latest developments in the field and are equipped with the knowledge and skills required for cutting-edge research and academic pursuits.

By introducing newer areas of biology into the curriculum, the School not only keeps up with the dynamic nature of the field but also offers students a well-rounded and up-to-date education. This approach aligns with the School's commitment to interdisciplinary research and education, enabling students to explore diverse aspects of life sciences and engage with a broader range of topics. Furthermore, the fact that the School implements these curriculum updates as a regular feature reflects its responsiveness to the evolving landscape of biological research and its dedication to providing the best possible education to its students. As scientific knowledge expands and new areas of study emerge, the School's approach ensures that students are prepared to address current and future challenges in the field.

Overall, the School's initiative to incorporate newer areas of biology into its curriculum showcases its commitment to academic excellence, research innovation, and staying at the forefront of biological sciences. This approach not only benefits the students but also contributes to the advancement of scientific knowledge and understanding.

## New Courses

A new course on **Research and Publication Ethics** (02 Credits) was introduced for the Ph.D. students.

## Conferences/Workshops Organized: (05)

- **Chakraborty Supriya**, ACS interactions on Scientific Communications, Effective Manuscript Writing & Ethics in Publishing, 20 March, 2023
- **Singh R.P.**, International symposium on Mitochondria, Cell Death and Human Diseases, JNU, 18 – 19 February, 2023
- **Singh R.P.**, 16<sup>th</sup> International Cancer Symposium on Translational Chemoprevention & Brain Storming, JNU, 18 – 19 November, 2022
- **Singh R.P.**, Hands-on Workshop on Handling and Care of Laboratory Animals at SLS, JNU, 20 – 24 February, 2023
- **Singh R.P.**, Workshop on Handling and Care of Laboratory Animals at SLS, JNU, 14 – 17 November, 2022

## Visitors to the School

- **Ms. Laura L McConnell**, Bayer Science Fellow, Bayer Crop Science, St. Louis, USA visited the School and delivered a lecture, 20 March, 2023
- **Prof. Christan Betzel**, Department of Chemistry, Institute of Biochemistry and Molecular Biology, Hamburg University visited the School, March, 2023
- **Dr. Anil Kumar Pasupulati**, Department of Biochemistry, SLS, Central University of Hyderabad visited the School and delivered a lecture, 23 September, 2022

- **Dr. Divyank Mahajan**, Product Manager & Application Scientist– Genomics, Redcliff Lifetech Pvt. Ltd., visited the School and delivered a lecture, 26 July, 2022
- **Mr. Navajeet Chakravartty**, Senior Scientist & Team Leader - Bioinformatics and Data Science, Redcliff Lifetech Pvt. Ltd., visited the School and delivered a lecture, 26 July, 2022

### **Accomplishment of Students**

- **Suneeta Devi**, Awarded with Ratna Phadke Lecture award at 44<sup>th</sup> IndianBiophysical Society Meeting, 2022, Name of Supervisor- Prof. S. Gourinath
- **Monika Yadav**, Awarded with Prof. A.R. Rao Young Researcher Award for best oral presentation, on ‘Fisetin induces apoptosis and suppresses stemness and EMT in human head and neck squamous cell carcinoma’ at 16th International Cancer Symposium on Translational Chemoprevention and Brain Storming, Jawaharlal Nehru University, New Delhi, India. 18 – 19 November, 2022, Name of Supervisor- Prof. R.P. Singh
- **Deepali Sharma**, UGC-SRF/ 13 March, 2023, Name of Supervisor- Prof. R.P. Singh
- **Satyabrata Nayak**, ICMR- SRF/ 1 March, 2023, Name of Supervisor- Prof. R.P. Singh
- **Navneendra Singh**, ICMR- SRF/ 2 December, 2023, Name of Supervisor- Prof. R.P. Singh
- **Dr. Ritish Shyanti**, Post-doctoral fellowship, USA, 22 December, 2023, Name of Supervisor- Prof. R.P. Singh
- **Dr. Moit Rajput**, Post-doctoral fellowship, USA, 13 December, 2023, Name of Supervisor- Prof. R.P. Singh
- **Fayaz A. Mir**, Appointed as Post-Doctoral Fellow, Massachusetts General Hospital, Harvard Medical School, Harvard University, Boston, Massachusetts, USA, 6 October, 2022, Name of Supervisor- Prof. Sushil Kr. Jha
- **Shweta Tripathi**, Appointed as Assistant Professor, SGT University, Gururgram, Haryana, 25 May, 2022, Name of Supervisor- Prof. Sushil Kr. Jha

### **Future Plans**

The School's continuous efforts to strengthen its teaching and research activities across its five research groups are noteworthy. By making continuous changes to the curriculum and courses for M.Sc. and Ph.D. programs to include newer areas of biology, the School fulfils its commitment to staying up-to-date in the field. Additionally, the recent initiative to restructure the M.Sc. program in alignment with the National Education Policy (NEP) of 2020 is a significant move. This alignment likely involves incorporating interdisciplinary approaches, offering flexible curriculum options, emphasizing practical experience and research, promoting innovation and entrepreneurship, and potentially incorporating multilingual education to provide a comprehensive and modern educational experience.

From next academic sessions, the School envisions expanding its research initiatives by exploring emerging areas within life sciences. This will involve establishing new research groups or forging collaborations with institutions to delve into cutting-edge subjects. Further, emphasizing global partnerships is a priority, with a focus on fostering collaborations with esteemed international institutions. These partnerships could encompass joint research projects, student exchanges, and shared resources, enhancing the overall academic experience.

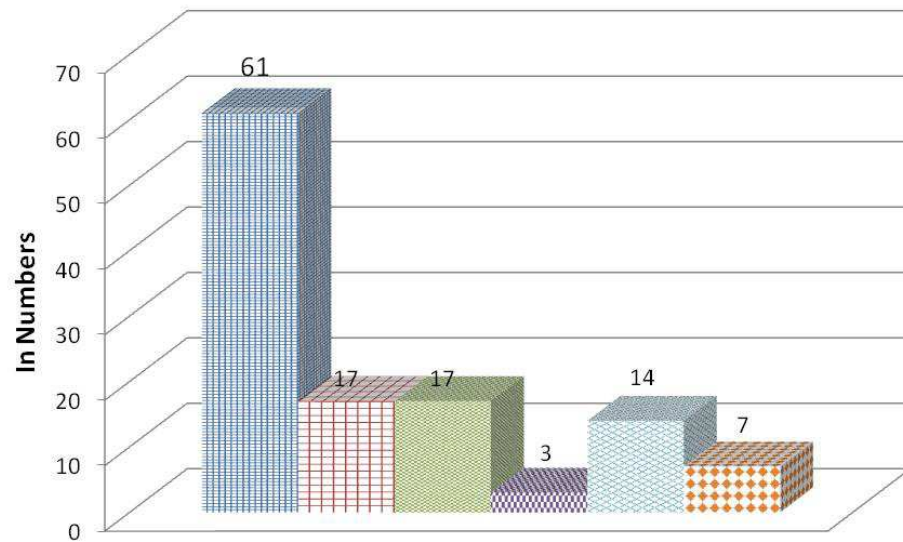

The School also plans to integrate innovative teaching methods into its pedagogical approach. This includes leveraging modern educational technologies, interactive learning platforms, and digital resources to enhance the educational journey for students. Adopting a student-centric approach is on the horizon, with a focus on tailoring programs to align with students' needs and aspirations. This involves offering comprehensive development, career guidance, and mentoring to prepare students for future challenges. To extend its impact beyond its academic community, the School also aims to strengthen its outreach efforts. This could involve organizing science communication events, public lectures, and workshops to engage with the local community and raise awareness about the significance of life sciences.

Through these anticipated future plans, the School will continue shaping aspiring life scientists, contributing to scientific progress, and upholding its esteemed position as a leader in interdisciplinary research and education.

## **Atal Bihari Vajpayee School of Management and Entrepreneurship (ABVSME)**

Management education plays a key role in most of the systems and institutions, whether related to education, health, hospitality, or manufacturing. In the fast-moving and technology-driven world of today, even religious and family affairs need management consultation on various occasions. However, to meet the existing and emerging challenges, management education has to be designed innovatively and in consonance with the dynamics of the field.

Today when our nation is putting every effort to empower its youth, management skills and entrepreneurship assume immense significance. The Atal Bihari Vajpayee School of Management and Entrepreneurship (ABVSME), JNU aims to carve out a niche for itself and provide opportunities to our youth to get quality education and training and offering a more comprehensive understanding of management and entrepreneurial principles. JNU has strong national and international credentials and an enviable brand image; it has also earned its reputation for its multidisciplinary tradition of teaching and research. The addition of ABVSME to its existing schools has further enhanced its image as a centre of excellence.

ABVSME began its journey in 2018, and in July 2019 the first batch of Master of Business Administration (MBA) students joined the School. The teachers and the students have made their unique contribution to this first step of ABVSME, and the School's foundation has been soundly built. The School has welcomed its fourth batch of MBA as well as the second batch of PhD students for the year 2022-2023.

### **Pedagogy**

- Computational Thinking
- Structured lectures and teaching, with high modern methodology
- Guest lectures by the master in the field
- Panel discussions involving eminent academics and industry leaders
- Workshops & seminars
- Case studies & hands-on training sessions
- Project assignments
- Role playing
- Business games
- Industry visits

### **Industry Interface**

A paradigm shift that is now underway seeks to promote new patterns of collaboration among industry consortia and university. At ABVSME we would like to bridge the gap between business school and industry. With the competent faculty we would be able to remove barriers for the interaction and the possible conditions for sustainable interaction from both academic and industry perspectives.

### **Global Collaboration**

The changing global landscape of management education indicates that the future will demand much more if business schools are to support development goals, increase access to management education, develop more innovative curricula, share in the development of instructional resources and monitor and project the emerging needs of business organizations. At ABVSME we wish to weave the core tenets of collaboration and innovation, facilitated through a quality-focused program and strategy.

**Conferences/Workshops Organized by the School: (02)**

- ABVSME organized a one-day online workshop on “Advance Data Visualization Using Tableau”, by Mr. Lakshay Sharma, Assistant Manager at KPMG. The workshop was coordinated by Dr. Priya Gupta. The objective of this workshop was for the students to gain needed skills to analyze real time data and build dashboards, 1 November, 2022
- ABVSME organized a one-day online workshop on “Organizational Transformation in Enterprise Asset Management”, by Mr Rishabh Gambhir (Consultant, Deloitte USI) & Mr Mohd Faizan Shahid (Consultant, Deloitte USI)The workshop was coordinated by Dr. Priya Gupta. The objective of this workshop was to make students familiar with the SAP ERP system and its significance in various domains of the business, 23 November, 2022

## School of Physical Sciences (SPS)

The School of Physical Sciences (SPS) is one of the leading departments in India both in terms of teaching and research. SPS has three major branches of science (Physics, Chemistry and Mathematics) in the same department and this provides a natural habitat for collaborative research in interdisciplinary areas. SPS offers Ph.D. and M.Sc. degree programs in all the three disciplines (Physics, Chemistry and Mathematics). Very recently, the school has started M.Sc. program in Chemistry (in 2017) and Mathematics (in 2019). Since the inception of School of Engineering, the faculty of SPS has been teaching the basic (theory and laboratory) courses in Physics, Chemistry and Mathematics in the B. Tech program of the School of Engineering. Most of the laboratories are well equipped with state-of-the-art research instruments. The school has state of the art computing facilities and well-equipped laboratories for Physics and Chemistry. SPS has a well-established Library with good collection of books and journals in all the three subjects. In M.Sc. programs, SPS offers traditional core courses in each subject, in addition, focus is given to offer specialized courses to students as elective courses to enrich their knowledge in specific domains. SPS offers well-designed M.Sc. laboratory courses including the traditional and modern experiments. In terms of research, SPS is one of the leading Schools where the faculties have made noteworthy contributions to the traditional disciplines of Physics, Chemistry and Mathematics, as well as to the areas at the interface of these subjects.

The faculty of SPS continues to publish research papers in reputed journals and present their work in both national and international conferences and seminars. The faculty and students regularly publish research papers in top international journals and their publications have received extensive citations in the scientific literature. During the past year, **97** peer reviewed research papers, **11** chapters in books, and **06** conference proceedings were published by SPS faculty and students.

The research emphasis of the Physics group has been on topics in Condensed Matter Physics, Chemical Physics, Disordered Systems, High Energy Physics, Mathematical Physics, Laser Physics, Neutrino Physics, Non-equilibrium Statistical Mechanics, Nonlinear Dynamics, Statistical Biophysics, Quantum Chaos and String Theory. Active research is also being carried out in the areas of Complex Fluids, Superconductivity, Magnetism, Semiconductors, Spintronic Materials, Thermoelectrics, Photovoltaics, Plasma Astrophysics, Quantum Optics, Quantum Information Science, Mesoscopic Systems, Polymers, Bio and Nano Materials, Thin Films, Quantum Dots, Strongly Correlated and Frustrated systems, Topological Materials, High entropy alloys, Magnetocaloric Materials and Materials for Nuclear energy applications.

The Chemistry group is active in the areas of Synthetic Organic Chemistry, Inorganic Chemistry, Physical Chemistry Especially Supramolecular Chemistry, Glycochemistry, Crystal Engineering, Ultrafast Spectroscopy, Materials Chemistry, Biophysical Chemistry, Bio-inorganic, Bio-organic Chemistry, Medicinal Chemistry, Peptide Chemistry and Structure Based Drug Design.

The Mathematics group has been working in Number Theory (Algebraic and Analytic), Elliptic Curves, Ergodic Theory and Dynamical Systems, Probabilities on Groups and Operator Algebras.

The research and teaching contributions of SPS have been recognized and acknowledged. Many of the faculty members are invited as speakers/chairs of sessions at conferences, both at national and international levels. Many of our students have gone on to become faculty and scientists in leading institutions and laboratories within India and abroad. The faculty and students regularly publish research articles in top international journals and their publications have received extensive citations in the scientific literature. Some faculty members have received prestigious awards and been elected fellows of reputed scientific academies. A large number of eminent researchers across the country and world have visited the SPS and delivered many talks in concurrent subject areas of Physics, Chemistry and Mathematics.

In recognition of the excellence in the teaching and research program at SPS, the UGC has been continuously supporting the SPS since 1994 through various schemes such as DRS-COSIST and DSA. Apart from the UGC support, SPS has also received major funding from the DST under the FIST program in 2002, 2007 and 2013 which has been successfully implemented and completed. It is also worth mentioning that SPS faculty members have attracted considerable individual support through research projects from IFCPAR-CEFIPRA, CSIR, DST, DBT, NBHM (DAE), UGC, etc. SPS has received large amount of research funds from various funding agencies at national and international level.

A large number of eminent researchers across the country and world have delivered many talks in concurrent subject areas of Physics, Chemistry and Mathematics.

### **Conferences Organized by the School: (03)**

- SPS, JNU organized one week DST-STUTI Workshop “Techniques for advanced materials characterization and spectroscopy”, 10 – 16 November, 2022
- A 1-day event on “Symposium in Mathematics”, was organized at SPS on the occasion of National Mathematics Day, 22 December, 2022
- A half-day event on “May 12 initiative 2023: Celebrating Women in Mathematics”, 19 May, 2023

### **Visitors to the School**

The School of Physical Sciences runs a regular and vibrant seminar program with around **19** talks in all during the academic year 2022-2023. Many eminent visitors were invited by the school who presented seminars on diverse topics in areas of Mathematics, Chemistry and Physics.

### **Detailed list of Seminars during 01 April, 2022 – 31 March, 2023:**

- Dr. Biswarup Mukhopadhyaya, Indian Institute of Science Education & Research Kolkata, from answers to questions in fundamental physics, 30 May, 2022
- Dr. Jitendra Singh, CSIR-CEERI Pilani, Nano-electronic Materials and Devices: Design, Fabrication and Characterization by, 1 June, 2022
- Dr. Praveen Kumar, Indian Association for the Cultivation of Science Kolkata, Materials Innovations for Hydrogen Fuel Generation from Waste, 15 June, 2022
- Dr Shiv J. Singh, Polish Academy of Sciences, Warsaw Poland, Recent progress of high Tc iron-based superconductors: 1111 and 1144 by Institute of High-Pressure Physics, 21 July, 2022
- Dr. Mrityunjay Guha Majumdar, Indian Institute of Science, Bangalore, Harnessing Entanglement within and across Transverse Degrees-of-Freedom for Quantum Information Processing, 26 July, 2022
- Dr. Yogeshwar Prasad SINP, Kolkata, Many-body localization in presence of random long-range interaction, 10 August, 2022
- Prof. Debashis Ghoshal, SPS, JNU, General seminar on Ethics and Plagiarism in Science, 24 August, 2022
- Prof. Rajiv Singh, Quantum Phase Transitions and Singular Behavior in Spin-Glasses, 2 September, 2022
- Dr. Thomas A. Jung, Paul Scherrer Institute, University of Basel, Switzerland, Molecular Lego for functional 2D Materials: Designing ultra-stable and highly crystalline two-dimensional organic networks, 31 October, 2022
- Dr. Ronny Thomale, University of Wuerzburg, Germany, Electric Circuits: A Tunable Platform for Topological Matter, 16 November, 2022
- Prof. Yogendra Kumar Mishra, University of Southern, Sonderborg, Denmark, Alsion, Tetrapods based Smart Materials for Advanced Technologies, 17 November, 2022
- Dr. Yasir Iqbal, IIT Madras, Quantum Spin Liquid Physics of a Novel Shuriken Lattice Based Material, 17 November, 2022.
- Sanjeev Kumar, IISER Mohali, Discontinuous Topological Phase Transitions and Disorder Induced Majorana Modes in Interacting Fermion Chains, 30 November, 2022
- Dr. Tanay Nag, Uppsala University, Dynamical construction of Quadrupolar and Octupolar topological superconductors, 7 December, 2022
- Dr. Suprabh Prakash, The Institute of Mathematical Sciences, Chennai, Addressing the short-baseline anomalies via a decaying sterile-neutrino, 2 January, 2023
- Prof. Debashish Chowdhury, Indian Institute of Technology, Kanpur, Length control of long cell protrusions: rulers, timers and transport, 17 January, 2023
- Dr Alok Kumar Yadav, University of Delhi, Mathematics Seminar on An Introduction to Dynamical Systems and certain Dynamical behaviours of Affine Maps on Spheres and Torus, 7 February, 2023

- Prof. Srubabati Goswami, Physical Research Laboratory, Ahmedabad, from an impossible dream to the unreachable stars: the story of the neutrino, 20 February, 2023
- Prof. Fabien Trihan, Sophia University, Japan, Mathematics seminar on the Tamagawa number conjecture in characteristic  $p > 0$ , 21 February, 2023

## Accomplishment of Students

Research students in SPS have been actively involved in the teaching and learning program of the school. The students are engaged as Teaching Assistants for various courses which helps them strengthen their base. The students are encouraged to participate in the schools/conferences/workshops which are relevant in their respective areas of study both at national and international levels. Some of the students have received fellowships/grants for participating in schools/conferences/workshops. Additionally, our students have been selected for postdoctoral and regular positions at some of the reputed institutions both in the country and abroad. The details under each category are given below:

### Schools/Conferences/Workshops/Seminars attended by the students:

- **Debamita Chatterjee**, Poster presentation on STREE-2020 Title: “Characterization of Automorphism of connected Lie group which act distally on the class of one parameter subgroups”, at JNU, 24 – 26 November, 2022
- **Debamita Chatterjee**, International Congress of Mathematicians (Online), 6 – 14 July, 2022
- **Debamita Chatterjee**, A conference on “Ergodic Theory and Dynamical Systems”, at ICTS Bangalore, 5 – 16 December, 2022
- **Debamita Chatterjee**, IWM Annual Conference, at IISER Pune, 27 – 29 December, 2022
- **Deepika Sharma**, Poster presentation on STREE-2020, Title: “Values of interior angle between intermediate  $C^*$ -subalgebras”, at JNU, 24 – 26 November, 2022
- **Deepika Sharma**, Contributory Talk at Symposium in Mathematics on the occasion of “National Mathematics Day”, Title : “Values of interior angle between intermediate  $C^*$ -subalgebras”, at SPS, JNU, 22 December, 2022
- **Deepika Sharma**, Contributory talk at IWM Annual Conference on Title: “Values of interior angle between intermediate  $C^*$ - subalgebras”, at IISER Pune, 27 – 29 December, 2022
- **Deepika Sharma**, International Congress of Mathematicians (Online), 6 – 14 July, 2022
- **Himanshu Lekharu**, A conference on “Ergodic Theory and Dynamical Systems”, at ICTS Bangalore, 5 – 16 December, 2022
- **Himanshu Lekharu**, IWM Annual Conference, at IISER Pune, 27 – 29 December, 2022
- **Himanshu Lekharu**, A lecture series on “Random Lattices and their Applications in Number Theory, Geometry and Statistical Mechanics”, by Prof. Jens Marklof at TIFR, Mumbai, 22 – 24 February, 2023
- **Priyanka Bisht**, Poster Presentation entitled “Structural and Magnetic studies of doped nanocrystalline  $\text{La}_{0.656}\text{Ca}_{0.344}\text{MnO}_3$ ”, in STREE 2020 national conference and Expo jointly conducted by JNU and SHAKTI 24 – 26 November, 2022
- **Priyanka Bisht**, Poster presentation in the international conference on “Nanotechnology: Opportunities & Challenges (ICNOC-2022)”, in online mode, organized by Department of Applied Sciences & Humanities, Faculty of Engineering & Technology, Jamia Millia Islamia, New Delhi, 28 – 30 November, 2022
- **Priyanka Bisht**, Poster presentation in and presented a paper entitled “Griffith Phase and Magneto-transport Properties of Doped Manganite”, in the 7<sup>th</sup> International Conference on “Nanoscience and Nanotechnology (ICONN-2023)”, organized by Department of Physics and Nanotechnology, SRM IST, India, 27 – 29 March, 2023
- **Ravi Prakash**, International Congress of Mathematicians (Online), 6 – 14 July, 2022
- **Ravi Prakash**, A conference on “Ergodic Theory and Dynamical Systems”, at ICTS Bangalore, 5 – 16 December, 2022
- **Ravi Prakash**, IWM Annual Conference, at IISER Pune, 27 – 29 December, 2022
- **Sabila Parveen**, Poster presentation on XXX International Conference in Neutrino Physics and Astrophysics (Neutrino 2022) held (online) on Title: “Sterile sector impacting the correlations and degeneracies among mixing parameters at DUNE and the role of high energy beam”, at Institute of Basic Science, Korea, 30 May – 4 June, 2022
- **Sabila Parveen**, Attended a school on Summer School on Cosmology 2022 held (online) at International Centre for Theoretical Physics (ICTP), Italy, 4 – 15 July, 2022

- **Sabila Parveen**, Attended a school on PHD Summer School on Neutrino held (online) at Niels Bohr Institute, Copenhagen, 11 – 15 July, 2022
- **Sabila Parveen**, Participated in a one day conference on “Theoretical Perspectives a Decade after Higgs Boson Discovery”, (online) at Indian Institute of Science (IISc), Bangalore, 24 September, 2022
- **Sabila Parveen**, Poster presentation on “Science Technology Research and Entrepreneurship Enhancement (STREE-2020)”, held at JNU, Title: “Sterile sector impacting the correlations and degeneracies among mixing parameters at DUNE and the role of high energy beams, 24 – 26 November, 2022
- **Sabila Parveen**, Poster presentation on XXV DAE-BRNS High Energy Symposium (DAE-HEP 2022), Title: “Sterile sector impacting the correlations and degeneracies among mixing parameters at DUNE and the role of high energy beams”, at IISER Mohali, Panjab, 12 – 16 December, 2022
- **Sabila Parveen**, Poster presentation on 2<sup>nd</sup> International Meeting on High Energy Physics (IMHEP 2022), Title: “Role of near and far detectors in probing active-sterile mixing at DUNE”, at Institute of Physics (IOP), Bhubaneswar, 16 – 22 February, 2023
- **Sabila Parveen**, Delivered a talk in workshop on “Particle Physics, Astrophysics and Cosmology”, Title: “Probing active-sterile mixing at Deep Underground Neutrino Experiment”, at Shiv Nadar University, Delhi NCR, 21 – 22 March, 2023
- **Sumit Kumar**, International Congress of Mathematicians (Online), 6 – 14 July, 2022
- **Sumit Kumar**, IWM Annual Conference, at IISER Pune, 27 – 29 December, 2022
- **Umesh Chand Garnaik**, Attended workshop on “Advanced Confocal Microscopy and its Applications”, organized by AIRF, JNU New Delhi, 25 – 30 July, 2022
- **Umesh Chand Garnaik**, Attended DST-STUTI program workshop organized by IIT Jodhpur, 8 – 14 August, 2022
- **Umesh Chand Garnaik**, Poster presentation and presented a paper entitled, “Raman Spectroscopy as Potential Tool To Analyze Alzheimer's Disease Progression”, in the international conference on Nanotechnology: Opportunities & Challenges (ICNOC-2022) in online mode, organized by Department of Applied Sciences & Humanities, Faculty of Engineering & Technology, Jamia Millia Islamia, New Delhi, 28 – 30 November, 2022
- **Umesh Chand Garnaik**, Poster presentation and presented a paper entitled, “Fluorescence/surface Enhanced Raman Scattering Co-functionalized Silver Nanoparticles for Early Detection of Alzheimer's Disease”, in the 2<sup>nd</sup> International conference on “Integrative chemistry, Biology & Translational Medicine”, (ICBTM-2022), organized by University of Delhi and INMAS DRDO, 6 – 8 December, 2022
- **Nidhi**, Poster presentation and presented a paper entitled, “Analysis of Medicinal Properties of Azadirachta Indica (Neem) Leaves by FTIR Spectroscopy”, in the international conference on Nanotechnology: Opportunities & Challenges (ICNOC-2022) in online mode, organized by Department of Applied Sciences & Humanities, Faculty of Engineering & Technology, Jamia Millia Islamia, New Delhi, India, 28 – 30 November, 2022

### **Awards/Travel Fellowships received by students/postdocs:**

- **Umesh Chand Garnaik**, Best poster presentation award for the paper titled “Raman Spectroscopy as Potential Tool to Analyze Alzheimer's Disease Progression”, at the international conference on Nanotechnology: Opportunities & Challenges (ICNOC-2022), 28 – 30 November, 2022
- **Umesh Chand Garnaik**, Best poster presentation award for the paper titled “Fluorescence/surface Enhanced Raman Scattering Co-functionalized Silver Nanoparticles for Early Detection of Alzheimer's Disease”, at the 2<sup>nd</sup> International conference on Integrative chemistry, Biology & Translational Medicine (ICBTM-2022), 6 – 8 December, 2022

### **Future Plans**

The unique coexistence of three major science streams in SPS has facilitated collaborative and interdisciplinary research programs in the School. The primary focus would be to attract (both collective and individual-centric) research grants in interdisciplinary areas of science that resonate with the priority areas advertised by the funding agencies of the Government of India. After the successful implementation and completion of the FIST grant from DST, SPS will be applying for the next phase under FIST. SPS had requested for an extension of UGC-DSA for a period of one year.

Several new colleagues have joined SPS during the past two years. The immediate requirement would be expansion in terms of space and infrastructure. This will facilitate faculty to host multiple research grants in their respective areas of expertise. In order to strengthen the existing academic programs (such as PhD and MSc in all the three branches of science at SPS), the main focus would also be to enrich the M.Sc. laboratories where students learn by performing experiments. The SPS has recently started M.Sc. programs in Chemistry and Mathematics, and we would like to expand those programs as well.

One of our major goals would be to strengthen academic collaborations with institutes within the country and abroad. In this direction, we are requesting for an extension of the MoU between Homi-Bhabha National Institute (HBNI) and JNU for a period of five years beginning this year. This will allow for enhancing the collaborative activities (via visits of faculty members and research staff and joint supervision) between any of the research institutes in the country funded by Department of Atomic Energy (DAE) and our university. We wish to highlight that with the implementation of New Education Policy (NEP) 2020 and accessibility to online programs, the MoU between HBNI and JNU naturally allows for credit transfer for courses taken by students and can play a significant role in enhancing the cooperation and collaboration between any of the research institutes (which are constituent institutions of the HBNI) in the country funded by Department of Atomic Energy (DAE) and our university. Moreover, the Dean, SPS is in discussion with the Director of CSIR National Physical Laboratory, Prof. Achanta Venugopal for formalizing an MoU which could allow collaboration between JNU and NPL. We have had preliminary discussions on the possible topics where both institutions can benefit from this collaboration.

To keep the students engaged and motivated, more emphasis will be laid on organizing focused Online Webinar Series in addition to Conferences and regular seminars on specialized topics and invite eminent speakers to deliver the lectures.

### SCHOOL OF SANSKRIT AND INDIC STUDIES

## School of Sanskrit and Indic Studies (SS&IS)

The School of Sanskrit and Indic Studies (संस्कृत एवं प्राच्यविद्या अध्ययन संस्थान) was created by upgrading the Special Centre for Sanskrit Studies to a full-fledged school on 18/12/2017. The earlier special centre was set up in 2001 with the following goals -

- Negotiate between, and bring together, through interactive projects, the traditional scholars/scholarship and the mainstream university scholars/scholarship
- Undertake maintenance and preservation of heritage texts and manuscripts
- Constitute and expound theoretical framework from the primary intellectual texts of the Sanskrit tradition, and
- Extend and validate the classical theories by applying them both to contemporary Indian reality (modern Indian languages, literature, etc.) and to contemporary European Languages and literature (to reverse the existing data-theory relationship between the Indian academy and the Western academy and to recover theory status for the Indian thought),
- Undertake comparative research in Indian and Western traditions of thought in linguistics, literary and cultural theory, philosophy including philosophy of language, metrics and prosody, sociological thought, polity, gender, and ethnic studies and culture.
- **The School of Sanskrit and Indic Studies (SSIS)** currently has M.A., Ph.D. programs and five Certificate of Proficiency (CoP) courses in Sanskrit, Pali, Sanskrit Computational Linguistics, Yoga Philosophy and Vedic Culture and **B.Sc. & M.Sc. in Ayurveda**  
The school is planning to start several new courses and programs soon.

### About the Centre

#### *Centre of Social Medicine and Community Health*

The Centre of Social Medicine and Community Health had academically a successful year. The process for restructuring of courses has made considerable progress. The proposal to introduce a new course i.e., DrPH has been placed before the UGC for notification. All faculty members have published in leading international and national journals. Their papers have been accepted in prestigious peer reviewed conferences. Several faculty members have lectured extensively outside the University. The AROYGAM collaboration has facilitated exchange of students and faculty between its Partners University i.e. Achutha Menon Centre for Health Services Studies at the Shri Chitra Tirunal Institute for Medical Sciences and Technology, Trivandrum; the School of Social and Political Science, University of Edinburgh; and the Südasiens-Institut-Ruprecht-Karls-Universität Heidelberg. New collaborative initiatives between York University, Foundation for Revitalisation of Local Health Traditions (FRLHT), the University of Trans-Disciplinary Health Science and Technology, Bengaluru and Kaziranga University, Jorhat are being initiated. Several students published their work, participated in conferences and were selected for exchange programmes. Besides the regular teaching and research activities, collaborative academic activities and research projects were undertaken by the faculty members. Several distinguished scholars visited the Centre several students' publications appeared in journals and books. The Centre's Documentation Unit was upgraded, with substantial addition of books and automation.

#### *Centre for Philosophy*

The Centre for Philosophy has been growing since the time we started our M.A. programme in 2013. In 2018-2019 we received the sixth batch of M.A. students. The Centre has already been effectively running its M.Phil/Ph.D. research programs since 2005-06. We have been able to consolidate our teaching program further by adding more optional courses for the students to choose from and thereby enabling them to build up their specialization in area of study of their choice. The programs of the Study have been so designed that they focus on engaging with problems and concerns of philosophy cutting across traditional and narrow disciplinary boundaries. There is a special emphasis on the methodological interface for generating new knowledge whether basic or applied. Besides Metaphysics, Epistemology, Ethics and Logic, we have introduced courses on Culture and Multiculturalism, Justice, Philosophy of Mind, Philosophy of Language, Philosophy of Social Sciences, Phenomenology, Social & Political Philosophy, Cognitive Science and Contemporary Indian Philosophy. We have had several visiting faculties in the Centre, who have contributed immensely to the academic activities of the Centre. In the last academic session, there were many foreign scholars who visited the centre. The Centre had one visiting professor and one guest faculty in the last year.

In the last academic year, the centre has organized a large number of talks by renowned scholars of both national and international repute. The Centre has been endeavoring to promote teaching and research in philosophy with its distinct position as a foundational discipline keeping a close connection with other disciplines in the Humanities and the Social Sciences.

### New Courses

#### *Centre for the Study of Social Exclusion and Inclusive Policy*

Research and Publication Ethics, Compulsory Course, 2 Credits

#### *Centre for Studies in Science Policy*

A 2-credit Course titled "Research and Publication Ethics" (SP611P) was introduced for the doctoral students during the Winter Semester (Course Coordinator: Madhav Govind & Saradindu Bhaduri).

## ***Zakir Husain Centre for Educational Studies***

The Centre is proposing a new multidisciplinary programme, “Masters in Education” with four streams of specializations namely, Psychology of Education, Sociology of Education, History of Education and Economics of Education. Most of the courses are inter- or transdisciplinary in nature. These courses take a fresh look at the artefactually mediated classroom and pedagogy and reflect historically on new symbolic and material contexts of school and higher education. Following the lead from NEP 2020, several courses focus on the question of equity and inclusion. This programme aims at exposing students to new concepts and theories of educational studies and developing reflexive skills to look at Indian education more critically. It will be offered from the academic calendar year 2024-2025. Following are the new courses that the faculty at the centre has developed collaboratively:

- History of Education: Understanding Sources and Interpretations
- Sociology of Education: Themes and Perspectives
- Psychological Foundation of Education
- Economic Principles of Education
- Education and Conceptual change: A Philosophical Approach
- Research Methodology and Ethics
- Knowledge, Curriculum and Pedagogy
- History of School Education in India 1780-1947
- Sociology of Education II
- Social and Developmental Perspectives on Psychology and Education
- Economics of Education
- Research Methods and Techniques (Quantitative)
- Research Methods and Techniques (Qualitative)
- Sociology of Education (Advanced)
- New Theoretical Developments in Psychology and Education
- Advanced Theories of Economic Growth and Development
- Changing conceptions of the University
- Theorizing technological and social change
- Critical and Cultural-Historical Psychology
- Culture, Knowledge and Mathematics
- Coloniality of language, power and education: Multilingual Pedagogy and Epistemic Justice
- Sociology of Educational organizations
- Urban Education
- Social Context of Academic Achievement and Learning Crisis

### ***Centre for Studies in Science Policy***

- The Centre is listed as one of the Top Science and Technology Think Tanks in "2020 Global Go to ThinkTank Index Report" (of the TTCSP, University of Pennsylvania, USA). CSSP secured 10th global rank in the category of Top S&T Think Tanks in 2021. CSSP also secured 65th rank in the category of Best University Affiliated Think Tanks, and 65th rank in the category of Best Use of Social-Media and Networks.
- The Centre has set up a 'South Asia Hub on Frugal Innovation Research', in collaboration with the Centre for Frugal Innovation in Africa (CFIA), and Erasmus-Leiden Delft Universities in the Netherlands

### ***Centre for the Study of Social Systems***

- The 2022-23 batch of GSP consisting of 25 students arrived in January 2023. They represent 10 different countries such as India, Bangladesh, Germany, Lebanon, Slovenia, Belgium, USA, Great Britain, Netherland, Chile, South Africa.

## **Future Plans**

### ***Centre of Social Medicine and Community Health***

- Hold Seminars and workshops relevant to the focus areas of the Centre
- Research methodology & Ethics Workshops
- Public Health Today- Challenges and Way forward

### ***Centre for Philosophy***

- The Centre for Philosophy plans to apply for the UGC Special Assistance Programme (SAP) with a thrust in contemporary Indian Philosophy.
- The Centre also plans to set up international collaborations with universities abroad in order to facilitate student and faculty exchange programs.
- With relation to development of syllabi the centre for philosophy plans to introduce new courses especially in the areas like Classical & Contemporary Indian Philosophy and Applied Philosophy which are not adequately represented in the Centre at present.
- The centre plans to explore possibilities of collaborations with Management and health care Institutes with special reference to Moral Philosophy & Applied Ethics.

### ***Centre for Political Studies***

## **Introducing Online courses**

### ***Centre for the Study of Social Exclusion and Inclusive Policy***

- Once the regular finances are available for this scheme we wish to develop the Centre into School which will combat the very idea of Social Exclusion.

### ***Centre for Studies in Science Policy***

- The collaborative research in the areas of Responsible Research and Innovation (RRI) Framework, Sustainability Studies, UN Agenda 2030 (Sustainable Development Goals), has been given priority to align with the international research agendas.
- The Centre is planning to establish an Infographics Laboratory to promote information visualization and research data analytics; and also, to undertake advanced research in the areas of scientometrics, altmetrics, and new age research evaluation metrics. This Infographics Laboratory will be very unique within the Indian higher educational institutions. We are also very keen to collaborate with research institutions and research networks in the Global South to make use of this Lab for preparing various reports. The scientometric and altmetric studies will also be undertaken to measure national and regional progress in different branches of STEM (science, technology, engineering and mathematics) subjects as these are the foundations of the industrial and corporate world.

### ***Zakir Husain Centre for Educational Studies***

- National Sharing/Feedback workshop with education experts on the proposed multidisciplinary M. A. programme in Education with several advanced level inter- and transdisciplinary courses in knowledge and pedagogy, new research in Psychology of Education, Sociology of Education, History of Education, Economics of Education, Politics of Education, Philosophy of Education, Mathematics and Education, Science Education,
- The first international conference (blended mode) on “NEW PSYCHOLOGY” will be held in February 2023 (Convener: Minati Panda) JNU. This is an attempt to decolonize intellectual discourse in psychology and chalk out a new epistemic vision for Psychology in India through an inter- and intra-disciplinary deliberative process.
- Educational Policies and Public Debates in India, February 2024 (Conveners: Dr. Parimala V. Rao in collaboration with Marcelo Caruso, Institute of Educational Studies, Humboldt-Universität zu Berlin, Germany, Dr Sebastian Schwecke, Director, Max Weber Forum for South Asian Studies, New Delhi)
- The fourth International Conference on Multilingual Education will be held in February 2023 to celebrate the International Mother language Day (Conveners: Minati Panda in collaboration with Kathleen Heugh, South Australia University and Shelley Taylor, University of Western Ontario, Canada). The title of the congress is “Decolonising School and Higher Education: the Question of Language and Epistemic Justice”.
- Graduate Seminar on “The Future of Education in India” will be held on March 2023 (Conver: Pradeep Kumar Chaudhury)
- The centre will start a “New Psychology” lecture series (Convener: Minati Panda)
- One Day Seminar on “Mental Health of Students in Higher Education” in October 2023 (Convener: Minati Panda in collaboration with AUD)

**CENTRE FOR THE STUDY OF LAW  
& GOVERNANCE  
(CSLG)**

### CENTRE FOR THE STUDY OF LAW AND GOVERNANCE

## Centre for the Study of Law & Governance (CSL&G)

The Centre for the Study of Law and Governance (CSLG) adopts a multidisciplinary approach to framing research and teaching on the relationship between law and governance. The study of governance, in its various forms and at different sites, is central to several contemporary issues: reforms of public institutions and public law; the creation and establishment of procedures and rules that lead to greater efficiency, transparency and accountability; and the challenge of making governance more inclusive and participatory through the strengthening of democracy and civil society. The programme's inter-disciplinary focus is distinct from mainstream social science approaches to governance or law in its attempt to explore how practices of law and governance are embedded in political, economic, social and historical process, how practices of governance are dispersed over various sites ranging from the government, bureaucracy, judiciary, community and family, the socio-legal processes that deter or provide access to justice; and notions of govern mentality, sovereignty and rights in specific politico-jural regimes.

While the Centre's academic programme produces scholarly research on law and governance, it also seeks to translate theory into practices of governance by initiating debate, sharing research and encouraging dialogue between the academia, government, civil society and NGOs at the local, national and global levels. In the decade since it came into existence, CSLG has developed at least three attributes that make it a distinctive part of the intellectual landscape. First, the Centre is explicitly inter-disciplinary. Second, the Centre has developed a reputation as a location where academic rigour can be meshed with reflection on policy and advocacy. Third, the Centre has become a focal point for understanding the links between the formal legal framework and governance in practice.

Since its inception, CSLG has initiated a renewed interest in looking at how practices of governance get stabilized through law and how these practices open law to further contestation. CSLG is the only academic space in India, and possibly one of the few academic spaces in the world, to have directed intellectual energy towards bringing together an inter-disciplinary focus on the relationship between law and governance.

The agenda of public policy through an examination of doctrinal law remains incomplete without interrogating the socio-legal processes that embed the practices of governance. CSLG has moved away from the conventional methods of looking at black letter law to using economic and sociological approaches to law in order to redress lacunae in legal research per se in India. The manifold agendas of legal reform and public policy in India remain impoverished in the absence of substantial socio-legal research in many areas of law that impact the everyday life of Indian citizens.

(SCE-L)**

## **Special Centre for E-Learning (SCEL)**

The 'Special Centre for E-Learning (SCEL)' at Jawaharlal Nehru University aims to develop and offer online courses with an aim to bring its expertise and high-quality education system to those who miss out for the university's competitive entrance examination, and because of its limited on-campus space. The online courses are planned to be offered in large numbers and multiple disciplines, ranging from Certificate to Undergraduate and Post-graduate degrees, where interested students from even the remote regions of the country will get an opportunity to virtually attend the classes taught by the best faculty; access JNU's vast intellectual resources; participate in the discussion forums; take test and earn a JNU degree.

In order to fulfill the laid down conditions and the quality parameters specified under the University Grants Commission (Online Courses or Programmes) Regulations, 2018, SCEL plans to develop the infrastructure, appoint academic and administrative staffs, maintain and administer the Centralised Data Base of all the online Courses or Programmes, work for effective coordination among the faculty members offering online courses, admission branch, evaluation branch and Communication and Information Services at JNU.

### **New Courses:**

SCEL is working on the following courses with the faculty members of the concerned school. The process is on.

- Online MBA (proposed)
- Online M.A. (International Relations) (proposed)

### **Any Other Information**

- Various Committees formed to operationalize SCEL
- UGC regulations 2020 and subsequent amendments for online programmes has been approved by the Academic Council and Adopted by the university
- Several meetings conducted with CPWD and engineering section for the construction of new building of SCEL from HEFA fund.
- Final architectural design of the school building has been prepared.

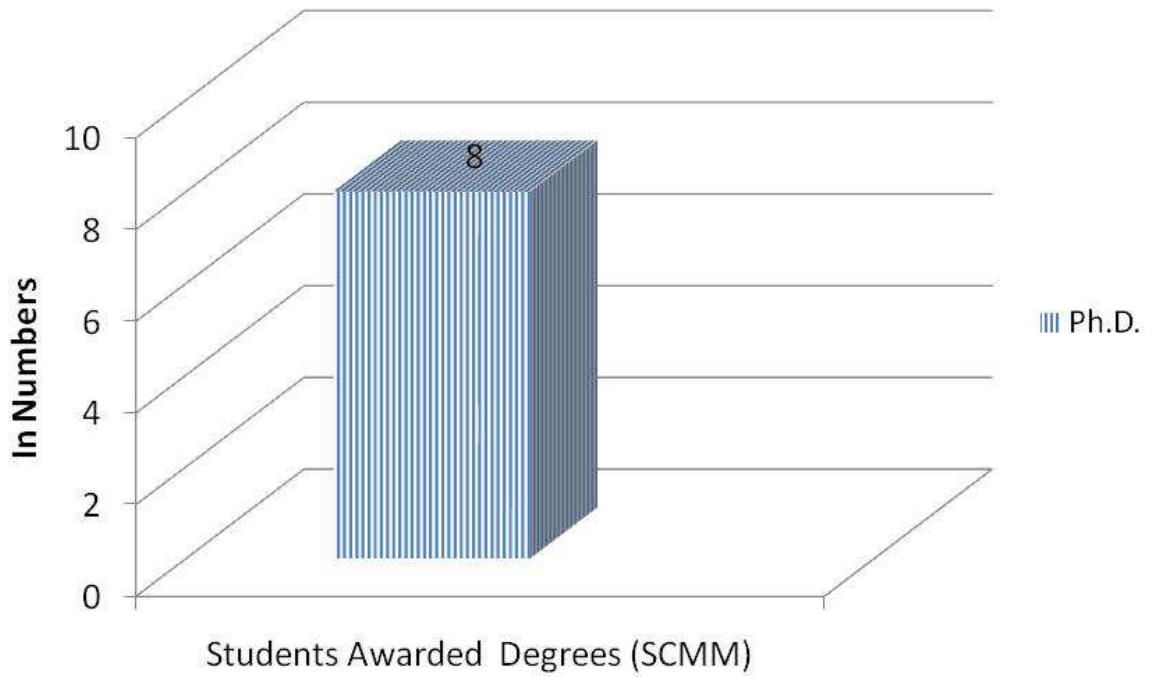

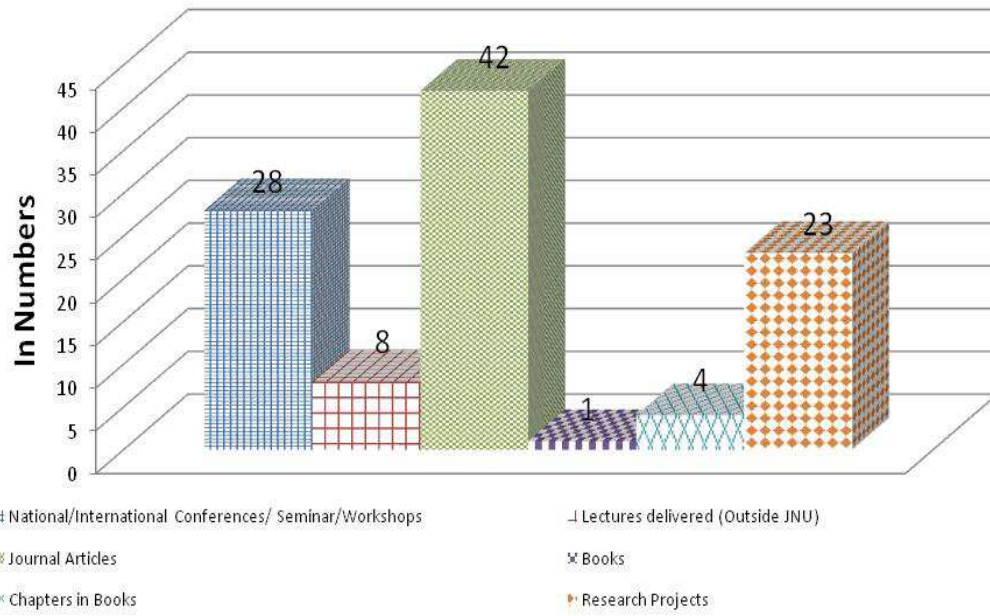

### **Future Plans**

- To start new online courses
- Collaborate with other partners to create an Industry-Academia interface.
- To ensure early start of construction of new building of SCEL
- To prepare revenue sharing model of the course promoter, mentor, faculty, course co-ordinator, SCEL & the JNU.

**SPECIAL CENTRE FOR  
MOLECULAR MEDICINE  
(SCMM)**

### SPECIAL CENTER FOR MOLECULAR MEDICINE

## Special Centre for Molecular Medicine (SCMM)

Molecular medicine is a promising area of biomedical sciences that aims to understand the molecular determinants of human health and diseases and apply this knowledge for the prevention, diagnosis and treatment of the diseases. The Special Centre for Molecular Medicine (SCMM), established in 1999 at JNU, has pioneered research and education in India and is imparting Master (Post-Graduate) and Ph.D. (Doctoral) level training in various fields of molecular medicine. The centre aims to accomplish its goal through offering innovative and collaborative basic and clinical research programmes. Ever since its inception, the Centre has undertaken many collaborative research activities with reputed national and international medical research institutions.

The objective of SCMM is to foster teaching and research activities in the study of human diseases using advanced tools of biochemistry and molecular and cell biology. SCMM conducts academic programmes for the training of young scientists (both clinical and non-clinical) who are keen to pursue a career in basic medical research. The academic programmes have been designed for non-clinical biologists/chemists, with sufficient knowledge to deal with medical problems, to enable them to develop and deliver product/processes to the society; and for clinicians with a basic clinical degree, who are keen to understand modern biology and chemistry at the molecular level, to enable them to apply this knowledge for drug development. For successful implementation of these objectives, SCMM offers M.Sc. and Ph.D. programmes of study.

The faculty members of the centre are pursuing teaching & research activities in the following thrust areas of molecular medicine in which the Centre offers the basic and clinical sciences students opportunities to pursue Ph.D. degree:

- Metabolic disorders such as cardiovascular diseases, role of iron in insulin resistance related pathogenesis, neuro degenerative disorders like Parkinson and Alzheimer diseases, and endocrine-related cancers.
- Nuclear receptors in health and diseases: to study underlying molecular mechanisms of nuclear receptors functions with special reference to VDR, THR, RXR, ER and AR. Involvement of PXR and CAR in drug metabolism and hepatic cancer. Role of nuclear receptors as drug targets in metabolic disorders and endocrine-related cancer.
- Cell adhesion and signaling, Cell polarity and tissue patterning, Diseases associated with cell-cell junctions including rare diseases like Retinitis pigmentosa type 12 and modulation of cellular junctions by pathogens.
- Infectious and non-infectious diseases: hepatitis C, Leishmaniasis, Helicobacter pathogenesis, Candidiasis, Inflammatory Bowel Disease, Pathobiology of innate immune dysfunction, DNA replication and cell cycle regulation of medically important pathogens: *Helicobacter pylori* and *Plasmodium falciparum*, application of codon-shuffling against *Mycobacterium tuberculosis* and *Plasmodium falciparum*, *Mycobacterium tuberculosis* and drug resistance, Enteropathogenic *E.coli*.
- Chemical biology, radiation biology and cell signaling; development of novel synthetic methodology for drug development and study of their mechanism of action based on genomics and proteomics against radiotherapy; cancer; development of antibiotics for gyrase resistant strains targeting topoisomerase 1A gene in bacteria.
- Synthetic organic chemistry: Synthesis of biologically active heterocycles using novel methodology with transition metal catalyst.
- Designing /discovering codon shuffled de-novo peptide/protein inhibitors against essential/crucial proteins of pathogens. To study crucial host-pathogen interactions by designing codon shuffled de-novo peptide/protein inhibitors. Synthesis and selection of novel drug like de-novo peptide binders by codon shuffling method that may inhibit crucial host-pathogen interactions in Malaria and Tuberculosis diseases.
- Tuberculosis: Mechanism of latency and re-activation of TB disease. Immunotherapy of TB and immune mechanism of host evasion, mechanism of drug resistance. Drug discovery for the therapy of regular drug resistant TB, vaccine discovery.
- Diagnostics and medical proteomics, and mass spectrometry-based metabolomics. Selected students will have the option to choose their research area depending on their merit/aptitude and according to the vacancy available.
- The biochemical and molecular mechanism(s) of metabolic disorder-induced chronic inflammatory diseases including diabetic and cardiovascular complications, cancer, asthma and COPD through cutting edge research and discover and develop potential mechanism-based molecular medicine for clinical intervention and therapy.
- Cancer, cancer stem cell and noncoding RNA: characterizing the functional role of cancer-patient-specific genetic/epigenetic alteration, hemeobox genes and small non-coding RNA in cancer initiation and progression.

Investigating the functional role of epigenetic factors and epigenetic marks in cancer, cancer stem cell, and adult stem cell ageing. Identification of cancer stem cell/cancer initiating cell. To discover the novel drug targets for cancer treatment.

- Ms. Poonam Nagar, a Ph.D. student, attended “44<sup>th</sup> All India Cell Biology Conference” held at University of Kashmir, 2– 3 September, 2022
- Mr. Praveen Kumar, a Ph.D. student, attended “6<sup>th</sup> Hands on Workshop on “Handling and Care of Laboratory Animals” held at SLS (JNU), 14– 17 November, 2022
- Ms. Komal Rani, a Ph.D. student, attended “6<sup>th</sup> Hands on Workshop on “Handling and Care of Laboratory Animals” held at SLS (JNU), 14 – 17 November, 2022
- Ms. Vaishnavi Vishwas, a Ph.D. student, attended “6<sup>th</sup> Hands on Workshop on “Handling and Care of Laboratory Animals” held at SLS (JNU), 14 – 17 November, 2022
- Ms. Antra, a Ph.D. student, attended “6<sup>th</sup> Hands on Workshop on “Handling and Care of Laboratory Animals” held at SLS (JNU), 14 – 17 November, 2022
- Mr. Tohasib Yusub Chaudhari, a Ph.D. student, attended a “30<sup>th</sup> CRSI-NSC & 16<sup>th</sup> CRSI-RSC Symposium Series in Chemistry held at JNU, 2 – 5 February, 2023
- Ms. Stephy A. Varghese, a Ph.D. student, attended a “Workshop on “Handling and Care of Laboratory Animals” held at CLAR (JNU), 20 – 24 February, 2023
- Ms. Fatima Akhtar, a Ph.D. student, attended a “Workshop on “Handling and Care of Laboratory Animals” held at CLAR (JNU), 20 – 24 February, 2023
- Ms. Anjali Yadav, a Ph.D. student, attended a “International Conference “22<sup>nd</sup> International Congress of the International Society for Ethno pharmacology (ISE) & the 10<sup>th</sup> International Congress of the Society for Ethno pharmacology (SFE), held at Imphal, Manipur, 24 – 26 February, 2023
- Ms. Ghausiya Rehman, a Ph.D. student, attended a “National Science Festival on “Future of STI (Science Technology and Innovation)- Impacts on Education, Skills & Work” held at SMS Medical College, Jaipur, 27 – 28 February, 2023
- Ms. Neha Kumari, a Ph.D. student, attended a “Short-Term Course on “Computer-Aided Drug Design and Structural Bioinformatics (CADD SB-2023) held at IIT (BHU), Varanasi, 13 – 17 March, 2023
- Ms. Sheeba, a Ph.D. student, attended a “Short-Term Course on “Computer-Aided Drug Design and Structural Bioinformatics (CADD SB-2023) held at IIT (BHU), Varanasi, 13 – 17 March, 2023
- Anupam Mandal gave an oral talk on ‘Role of the modulation of Rho GTPases by the EPEC effector Map in the disruption of host tight junctions’ in the International Conference on Biomolecules to Biome, organized online by Department Life Sciences, Presidency University, Kolkata, West Bengal, 24 – 25 August, 2022

- Pangertoshi Walling presented a poster ‘Tapping the role of claudins in the maintenance of epithelial tight junctions’ in the international conference on Biomolecules to Biome, organized online by Department Life Sciences, Presidency University, Kolkata, West Bengal, 24 – 25 August, 2022

### **Future Plan**

We hereby propose to convert Special Centre for Molecular Medicine to the School for Molecular Medicine. The centre is successfully running research and teaching programs in molecular medicine for more than 20 years. The quality and impact of the research allow SCMM the faculties to successfully compete for high prestigious grants in this period including but not limited to international grants and fellowships like the Wellcome Trust, the Indo-EU research grants and many national grants from the Department of Biotechnology, Department of Science and Technology, Indian Council of Medical Research and major industries like the ITC Ltd. Due to its high quality research the centre was selected as a Centre for Excellence as denoted by the “Centre for Advanced Research” grant from ICMR. The centre has published more than 350 peer reviewed papers, 15 national patents and 04 international patents. The research of the centre has repeatedly found place in national and international news. During this period the centre trained more than 300 young students in either degree or non-degree courses. Many faculties from the centre have received national and international recognitions and served in many leading committees and helped Govt. of India in formulating new policies related to Science & Technologies. Currently SCMM stands as a “model” that is emulated by new institutions of this type. Therefore, the centre enjoys all qualities as a “Centre of Eminence”.

### **Proposed Expansion of Research Program**

Under this umbrella, the Centre wish to continue to it's unique programmes and also introduce new research programs contemporary to present day requirement of human society.

- Infectious Diseases
- Metabolic Disorders
- Cancer Biology and Therapeutics
- Natural Products as Drug
- Therapeutic program under Ayush system

### **Increase in Number of Faculty**

We propose to increase the number of faculty up to 35, in order to meet the challenge of teaching of M.Sc. subjects and starting new research program.

### **Increase in Student Intake**

We would like to increase the intake of M.Sc. students up to 50 students. This is a unique course where we teach students 16 different subjects starting from Basic Biochemistry to Bioinformatics, Biostatistics, Anatomy, Physiology, Pathology, Pharmacology, Drug design and therapeutics, Nutrition, Metabolic Disorders, Host pathogen interaction, Nuclear Receptors, Genomics, Proteomics, Metabolomics, and Immunology. We are inviting guest lecturers from nearby institutions to teach Anatomy, Physiology, Bioinformatics, Biostatistics, and Pathology. Currently, we do not have in house expertise for these subjects, however we would like to hire experts during our expansion. Nevertheless, we are collaborating with nearby medical institutions. In future, we will also collaborate with forthcoming medical school at JNU. In addition to it we want to start MD-Ph.D. program with 10 students initially. These students will mostly focus on the carrying out clinical sciences and put forward our leads generated by basic scientists.

### **Details of Post-graduate Teaching & Research Profile/Plans of the Department for next 5 years**

The goal of Molecular Medicine programme is to expose and train students in most basic and advanced techniques of cell biology, molecular biology and biotechnology related to diseases process, diagnostics and therapy. The completion of the Human Genome Project, Human Cancer Genome Project, Human Transcriptomes Project and various other genomes including pathogenic organisms opens up the door for understanding the molecular mechanisms of diseases both from the host as well as pathogens perspectives. This will lead to the finding new targets for diagnostics and therapy

of human diseases. In this programme, students will also be trained to use the tools of bioinformatics as well, as wet laboratory techniques so that they can play a major role in understanding, use and exploit the wealth of information provided in the Human Genome Project and Transcriptomes Projects to design modern molecular medicines.

## The Teaching Plan for Next FIVE Years

### Proposed courses of teaching

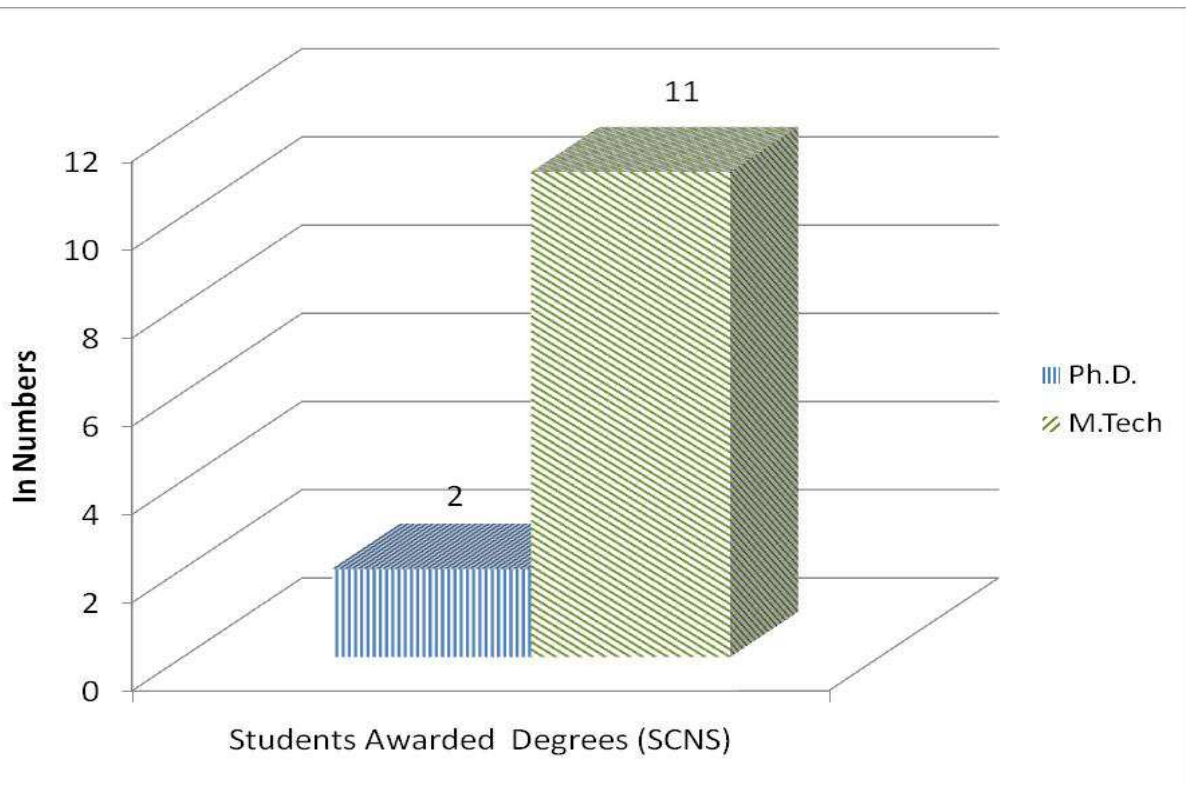

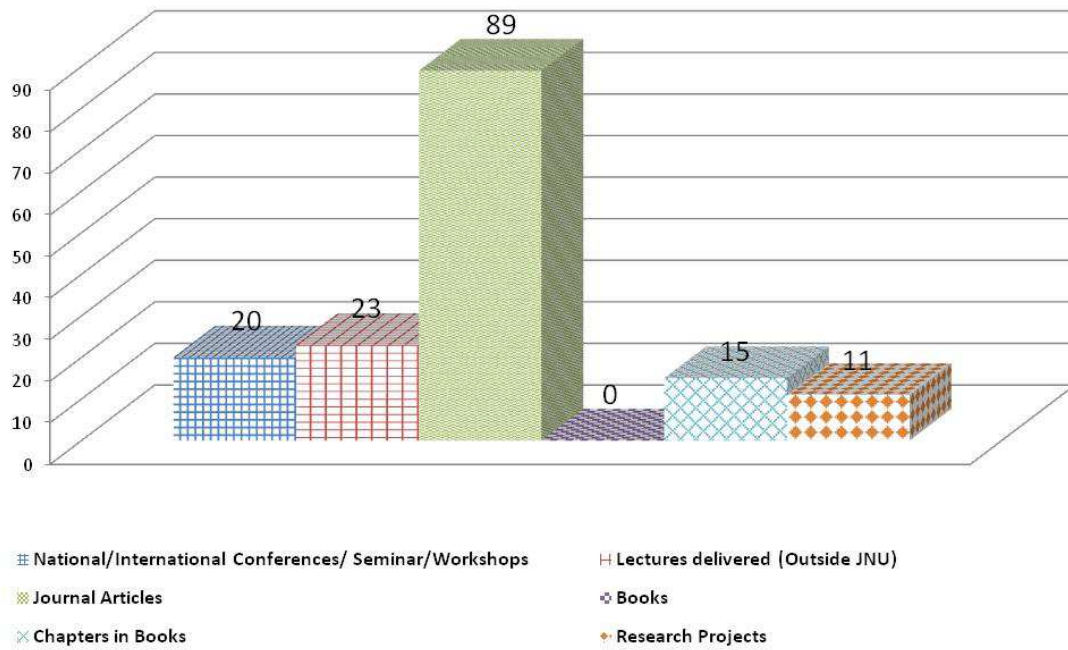

- **M.Sc. Programme:** Special Centre for Molecular Medicine (SCMM) has introduced a unique M.Sc. programme in Molecular Medicine, which provides a broad range basic science, pre-clinical, and translational aspect. This programme is uniquely designed to connect basic science with clinical aspects. Modern aspects of infectious and non-infectious diseases, biochemistry, molecular biology, biomedical genomics, immunobiology and stem cell biology are being taught extensively. This course has been well appreciated nationally and internationally. Our students are professionally well placed in nationally and internationally reputed research institutes. The goal of this program is to expose and train students in modern areas and techniques of cell and molecular biology in relation to human health and disease and the subsequent application of this training to find innovative targets for the diagnosis and therapy of different diseases. Students are trained to use the tools of modern biology and drug design. Most importantly, students are trained for various animal models of human diseases. These students are ready for the take up challenge for drug discovery. As this was a unique idea, SCMM started with an intake of 6 students. Currently the intake is 10 students per year that will be increased to 50 students per year over the next few years. We are in the process of revising our M. Sc. course structure and we will include some of the emerging areas of Molecular Medicine in near future.
- **Ph.D. Programme:** SCMM faculties are engaged with cutting edge research and already more than 100 students have been awarded Ph.D. Currently, 65 students are enrolled for Ph.D. in current academic year. The students of SCMM are placed throughout the world and enlightening JNU. Currently, our capacity of intake is 15-20 students per year. However, SCMM is in the process of hiring several more faculties and therefore we will increase our intake to ~30 pre-Ph.D. students per year. Our students undergo a rigorous course work for one year in the relevant areas of Molecular Medicine. Some of the courses taught that includes but are not limited to Molecular Basis of Infectious Diseases, Host-Pathogen interaction, Cancer Biology, Immunology etc. The course work is designed in synchronous with the areas of research of the faculties and their expertise. Currently, multiple-domain research is being done by the SCMM faculties. SCMM faculties are engaged in cutting edge research of infectious, non-infectious, metabolic, and oncological diseases. Faculties are also doing cutting edge stem cell research. Some of the future areas of course work will include Stem Cell Biology, Epigenetics and Diseases, Chemical Biology etc.
- **Integrated MSc-Ph.D. Programme:** SCMM is proposing unique MSc-Ph.D. integrated course. In this Course students from various academic background will join and will learn modern biology. These students will be trained for various aspects of biology, biochemistry, molecular biology, immunology, advanced instrumentation, bio physics, and disease mechanism. They will also learn research methodology, and project designing. Hands on training on target discovery and various disease models will be provided. Students will be ready for identifying and validate specific targets for the intervention of a disease. These students will make a bridge between clinician and the basic scientists. This course was introduced earlier but discontinued in between due to technical reasons. We are planning to revive this course again.
- **MD-Ph.D. Programme:** SCMM is planning to introduce unique MD-Ph.D. programme with the aim that to train medicos for research. M.Sc.-Ph.D. will work on basic aspects and discover targets and therapeutic entities. On the other hand, MD-Ph.D. will work on validation and implementation of these targets and chemical entities. MD-Ph.D. programme will be in close collaboration with nearby hospitals. JNU is also establishing medical college and hospital within the campus. This program will make a bridge between basic research and therapeutics. Students will be more engaged with clinical research and clinical trials. Therefore, together M.Sc.-Ph.D. and MD-Ph.D. programmes will proceed hand to hand for the successful discovery and implementation, a successful programme for bench to bedside implications.

**SPECIAL CENTRE FOR NANO  
SCIENCES  
(SCNS)**

### SPECIAL CENTER FOR NANO SCIENCES

## Special Centre for Nano Sciences (SCNS)

SCNS is an inter-disciplinary research and teaching centre at JNU. The Nanosciences related research topics pursued currently include nanoscale interface, bio-sensors, spintronic, ferromagnetic nano-elements, ferroelectric materials, nanocomposites, hybrid nanomaterials to name a few. The Centre has faculty members with background in Physics, chemistry, Electronics, Biology, Materials Sciences, etc.

The research agenda of SCNS involves synthesis, characterization and device development of nanomaterials. These include (i) magnetic nanostructures (nano-wires and nano-particles) based nano-devices (microwave monolithic nano-devices and magnetic sensors) fabrication, (ii) magnetic nano-particles for target specific drug delivery by radio-frequency-hyperthermia, (iii) semiconductor quantum dots, nanoparticles and nanocomposites for solar cells and biosensors, (iv) multiferroic and ferroelectric nanomaterials for capacitors, UV sensors, wireless actuators, infra-red detectors, micro-electro-mechanical system (MEMS) devices, piezoelectric devices, ferroelectric nonvolatile random access memories (FeRAMs). The fabricated signal processing devices are on-chip, light weight and hand-held type use.

SCNS is profoundly engaged in crafting engineered nanomaterials while exploring intricate physicochemical attributes, with a focus on their pertinence in environmental realms. Dedicated to establish interdisciplinary collaborations that contribute to advancement of sustainable nanomaterial synthesis. There is persistent endeavor to combat global environmental quandaries, particularly in water treatment, encompassing effective elimination and degradation of dye effluents, heavy metals, pharmaceuticals, pesticides, antibiotics, and microplastic through economically viable methods such as photocatalytic degradation and adsorption.

The central instrumentation facility of the SCNS has following important major instruments: SEM-EDX, XRD, DLS, AFM, UV-VIS spectrometer, Fluorescence spectrometer, Raman spectrometer and zeta potential instrument.

Sensors and biosensor are demanding for the clinical diagnosis and environmental contaminants detection. Different types of biosensors based on transducers and recognition elements can be fabricated for the desire analytes (mycotoxins cholesterol, glucose, LDL, urea etc.) detection. Electrochemical biosensors are promising techniques for early detection of diseases like cancer that can detect very low concentration (pg.) of biomarkers. Microfluidic biosensors also have increasing interest to integrate advanced biosensors into lab-on-a chip for multi-analytes detection. Besides these different nanomaterials are being used for water pollutants, pathogen detection and remediation of the heavy metals ions (lead and chromium) present in aqueous solution.

The central theme of Thin-film and electron microscopy research group is “Nanostructure - Physical property correlation in technologically important nanostructures using Transmission Electron Microscopy (TEM) and Scanning Electron Microscopy (SEM)”. Thin-film and electron microscopy laboratory has installed an RF-DC magnetron sputtering system in September 2016. In addition, thin-films and bulk materials of functional oxides are being synthesized using sol-gel spin coating and solid-state synthesis methods. Lead-free ferroelectrics and ant biofilms are currently being investigated. TEM investigations are an integral part of the research which is carried out at AIRF of the university. Ion milling machine for preparing TEM samples has been installed at AIRF in November of 2016.

Research on Nano biotechnology and Nano medicine are being carried out involving synthesis of nano-based drugs for infectious diseases and study of their molecular mechanisms of action, investigations on nano-based: drug delivery, therapy, toxicity and fluorescent bio imaging labels for study of infectious diseases.

### Conferences Organized by the School/Centre: (06)

- **Solanki Pratima R.**, Faculty Adviser of The ECS- JNU Student Chapter organized 1<sup>st</sup> one day symposium on “Sensor for Society” at Convention Center, JNU, 23 April, 2022
- **Solanki Pratima R.**, Faculty Adviser of The ECS- JNU Student Chapter organized 2<sup>nd</sup> one day symposium on “Sensor for Society” at Special Center for Nanoscience, JNU, 12 October, 2022
- **Solanki Pratima R.**, Faculty Adviser of The ECS- JNU Student Chapter organized 3<sup>rd</sup> one day symposium on “Sensor for Society” at Convention Center, JNU, 12 January, 2023
- **Kumar Vinod**, Organised a special lecture by Dr. Vikram Singh, Research Assistant Professor, KAIST South Korea delivered a talk on “Design of Organic Electrode Materials for Li-Ion Battery”, 5 April, 2022
- **Kumar Vinod**, Organised a special lecture by Dr. Prakash Chandra Mondal, Assistant Professor at the Department of Chemistry, IIT Kanpur delivered a talk on “Nanofabrication of Molecular Electronic Devices: Strategies, Challenges, and Opportunities”, 17 June, 2022
- **Kumar Vinod**, Organised a special lecture by Dr. Deepak Sharma, School of Engineering, JNU delivered a talk on “Nanofabrication of Devices and rupture”, 24 June, 2022

### Accomplishment of Students: (38)

- **Solanki Pratima R.**, Student’s AMIT K. YADAV received Oral Presentation Award in the International Conference on Nanotechnology: Opportunities & Challenges (ICNOC-2022) in online mode, organized by Department of Applied Sciences & Humanities, Faculty of Engineering & Technology, Jamia Millia Islamia, New Delhi, India on November 28-30, 2022.
- **Solanki Pratima R.**, Student’s Amit K. Yadav received Young Scientist Prize in 3<sup>rd</sup> International Conference on Entrepreneurship, Research and Innovations for Environmental Sustainability and Planetary Health, Organized by University of Delhi, India, April, 2022
- **Solanki Pratima R.**, Student’s Amit K. Yadav selected for the IWAM 2023 Student Travel Grant by the Ras Al Khaimah Center for Advanced Materials (RAK CAM) to attend the International Workshop on Advanced Materials (IWAM) 2023 that will be held in Ras Al Khaimah, Dubai, United Arab Emirates, 19 – 21 February, 2023.
- **Solanki Pratima R.**, Student’s Reena Sajwan, received Young Research Award 2022, of Institute of Scholars (InSc) for the research work “A hybrid optical strategy based on graphene quantum dots and gold nanoparticles for selective determination of gentamicin in the milk and egg samples” published in journal of food chemistry with impact factor 8.8. 23 December, 2022
- **Solanki Pratima R.**, Student’s Amit K. Yadav presented oral talk on “Highly Efficient Nano structured MoS<sub>2</sub> Based Biosensor for Detection of Ampicillin Antibiotics in Food Samples”, in the international conference on Nanotechnology: Opportunities & Challenges (ICNOC-2022) in online mode, organized by Department of Applied Sciences & Humanities, Faculty of Engineering & Technology, Jamia Millia Islamia, New Delhi, 28 – 30 November, 2022
- **Solanki Pratima R.**, Student’s Amit K. Yadav presented oral talk on “Fabrication of disposable and sensitive electrochemical biosensor based on (3- Aminopropyl) trimethoxysilane for new cancer biomarker detection, sperm protein 17”, in the 27<sup>th</sup> ISCB International Conference (ISCB-2022), Organized by Indian Society of Chemists & Biologists (ISCB) and Department of Chemistry, Birla Institute of Technology, Mesra, Ranchi, Jharkhand, India, 16 – 19 November, 2022
- **Solanki Pratima R.**, Student’s Amit K. Yadav presented Oral talk on “Amine functionalized transition metal dichalcogenides based nanoparticles towards label-free immunosensing platform for antibiotics detection in food samples” in 3<sup>rd</sup> International Conference on “Entrepreneurship, Research and Innovations for Environmental Sustainability and Planetary Health”, organized by Research Cell, Bhagini Nivedita College, University of Delhi, 7 – 8 April, 2022
- **Solanki Pratima R.**, Student’s Reena Sajwan presented oral talk on “A Dual Mode Optical Sensor for Antibiotic Detection in Food Samples”, in e-Workshop on “Advances in Science and Technology of Graphene-2022” organized by Indian Carbon Society in collaboration with CSIR-NPL, New Delhi, 1 – 2 November, 2022

- **Solanki Pratima R.**, Student's Awadhesh Kumar Verma, presented oral talk on "Polymer functionalized zinc oxide quantum dots as a selective probe for specific detection of antibiotics", 30<sup>th</sup> CRSI-NSC & 16<sup>th</sup> CRSI-RSC Symposium Series in Chemistry, organized by SCMM & SPS, JNU, 3 – 5 February, 2023
- **Solanki Pratima R.**, Student's Awadhesh Kumar Verma, presented oral talk on "Green Synthesis and Biophysical Characterization of Fluorescent ZnO Quantum Dots as Nano Probe", Global conference on Nanoscience, Nanotechnology & Advanced Materials, organized by Conference Mind, 18 – 19 April, 2022
- **Solanki Pratima R.**, Student's Awadhesh Kumar Verma, presented oral talk "In silico Approach to study the Interaction between Trimethyl amine (TMA) and Bovine Serum Albumin (BSA)", One day Symposium on Sensors for Society, organized by Special Centre for Nano Sciences, JNU, 27 April, 2022
- **Solanki Pratima R.**, Student's Reena Sajwan, presented poster on "Mercaptopropionic acid capped zinc sulfide (MZnS) quantum dots (QDs) based Optical Sensor for Antibiotics Detection in Food Samples", in Science Technology Research & Entrepreneurship Enhancement (STREE-2020) a national conference and Expo on the role of the Women in "Science and Technology for Sustainable Development of Atmanirbhar Bharat jointly conducted by JNU, and SHAKTI, 24 - 26 November, 2022
- **Solanki Pratima R.**, Student's Amit K. Yadav, presented poster on "Electrochemical biosensing approach for SP17 cancer biomarker detection based on MoS<sub>2</sub> nanosheet@reduced graphene oxide interface", on 14<sup>th</sup> Annual International Workshop on Advanced Materials (IWAM) 2023, organized and sponsored by the Ras Al Khaimah Center for Advanced Materials (RAK CAM) at Ras Al Khaimah, United Arab Emirates, 19 – 21 February, 2023
- **Solanki Pratima R.**, Student's Amit K. Yadav, presented poster on "Electrochemical detection of SP17 cancer biomarker in human serum using self-assembled monolayers of biocompatible polymer modified disposable ITO electrode", on 3<sup>rd</sup> World Congress on Translational Cancer Research and Immunotherapy, 2023 organized by Mahatma Gandhi university of Medical Sciences and Technology, Jaipur, India, 3 – 5 February, 2023
- **Solanki Pratima R.**, Student's Archana, presented a poster entitled "Fabrication of Molecularly Imprinted Polymer based Electrochemical Sensor for Gut Microbiota Derived Metabolites Detection". In Attended 30<sup>th</sup> CRSI National Symposium in Chemistry & 16<sup>th</sup> CRSI-RSC Joint Symposium, 2 – 5 February, 2023
- **Solanki Pratima R.**, Student's Amit Ahlawat, presented poster in international conference on Advanced Developments in Chemistry and Allied Sciences, ADCAS-23, DCRUST, 17 – 19 January, 2023
- **Solanki Pratima R.**, Student's Ashab Noumani, presented poster in 30<sup>th</sup> CRSI-NSC and 16<sup>th</sup> CRSI-RSC symposium series in chemistry, 2023
- **Solanki Pratima R.**, Student's Amit K. Yadav, participate in one day symposium on "Sensor for Society" organized by Electrochemical Society (ECS)- JNU Student Chapter, at Special Centre for Nanoscience, JNU, 27 April, 2022
- **Solanki Pratima R.**, Student's Amit K. Yadav, participate in 3<sup>rd</sup> One day symposium on "Sensor for Society" organized by Electrochemical Society (ECS)- JNU Student Chapter, at Special Centre for Nanoscience, JNU, 12 January, 2023

- **Solanki Pratima R.**, Student's Ashab Noumani, participated in Science Technology Research and Entrepreneurship Enhancement (STREE-2020), jointly conducted by JNU, and SHAKTI, 24 – 26 November, 2022

- **Solanki Pratima R.**, Student's Ashab Noumani, participated in ACS Science Talks on topic of Bioinspired, Engineering Materials and their Interactions with Microorganisms, 2023 (online)
- **Solanki Pratima R.**, Student's Ashab Noumani, participated in 'Sensors for Society' of ECS (The Electrochemical Society), 23 April, 2022
- Richa Singh (student of **Prasad Tulika**) won Best Poster Award for poster titled "Clinical resistant isolates of *Mycobacterium tuberculosis* exhibit enhanced cell envelope fluidity due to altered fatty acid composition" in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first National Conference on "Role of Women in Science and Technology for Sustainable Development", 24 – 26 November, 2022
- Preeti (student of **Prasad Tulika**) presented poster titled "Microbicidal potential of 5-6 nm ZnO NPs against multi drug resistant microbes", in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first National Conference on "Role of Women in Science and Technology for Sustainable Development", 24 – 26 November, 2022
- Anam Rais (student of **Prasad Tulika**) presented poster titled "Biocompatible fluorescent carbon dots for *in vitro* bioimaging", in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first National Conference on "Role of Women in Science and Technology for Sustainable Development", 24 – 26 November, 2022
- Megha (student of **Prasad Tulika**) presented Poster titled "Nano-based Approach for combating Multidrug Resistance (MDR) and Virulence in opportunistic fungal pathogen, *Candida*", in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first National Conference on "Role of Women in Science and Technology for Sustainable Development", 24 – 26 November, 2022
- Fareen Zaidi (student of **Prasad Tulika**) titled "Synthesis and Characterization of Fluorescent Zein Nanoparticles for Biomedical Applications", in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first National Conference on "Role of Women in Science and Technology for Sustainable Development", 24 – 26 November, 2022
- Surbhi Yadav (Ph.D. student of **Birajdar Balaji**), won best oral presentation award in 2<sup>nd</sup> International Conference on Advanced Materials and Nanotechnology (ICAMN2022) organized by the Department of Physics and Materials Science and Engineering, Jaypee Institute of Information Technology, Noida, Uttar Pradesh, 22 – 24 December, 2022

### Any Other Information

- **Dr. GBVS Lakshmi** from **Solanki R. Pratima**, research group selected for DST women Scientist A (WOS-A) device platform development for the detection of environmental toxin such as pesticide and joined, 29 December, 2022
- **Dr. Hema Bhardwaj** form **Solanki R. Pratima**, research group selected for DBT-Research Associate and joined, 27 January, 2023
- **Ms. Reena Sajwan** from **Solanki R. Pratima**, research group awarded Women Scientist- A Fellowship for the project titled "Smart Fluorescent Aptasensor for antibiotic detection", given by Department of Science and Technology (DST) and joined, 27 December, 2022
- **Kumar Vinod**, Guest editor in special issue "Emerging Materials for Sustainable Energy, Environment and Health", at Applied Chemical Engineering (Scopus Indexed), 2022 – 2023

### Future Plans

SCNS future plan would be to fill all the vacant faculty positions where focus will be paid that most of the subject areas in these all subjects are covered by the faculties. More instruments will be arranged for M.Tech & Ph.D. laboratories for students. Since last three years SCNS is running successfully M.Tech program in two disciplines (Nanoscience and nano-electronics), and in future SCNS will approach AICTE for its recognition and approval. Research proposals as well as to submit the proposals to organize the seminars/conferences of national and international level aiming to strengthen the academic programs, Internships programs and to establish the collaborative research programs in Centre. More patents will be filed.

## Special Centre for National Security Studies (SCNSS)

The Special Centre for National Security Studies (SCNSS), established in 2018, is one of the newest centres of the Jawaharlal Nehru University (JNU). The Centre is dedicated to studying national security issues in a comprehensive and holistic manner. It has a prime focus on analysing, comparing and theorising all security issues that concern India. As a super speciality hub of national importance on the domestic and external security issues of India, the Centre's core expertise revolves around examining, reflecting on and providing policy inputs and alternative policies to relevant government and security agencies of India. In dealing with national security issues, the Centre inclines towards examining them through the prism of Indian civilizational knowledge and its security traditions, with the sole objective of protecting India's vital national security interests and its territorial integrity and promoting world peace. The Centre is an interdisciplinary body combining social sciences and civilizational/cultural insights of India with latest emerging technologies in cyber, space, chemical, biological, nuclear, Artificial Intelligence (AI) and other related disciplines.

The Centre is currently located at Annex building of Jawaharlal Nehru Institute of Advanced Studies, Birsa Munda Marg, JNU New Campus. Presently it is offering Ph.D. programme in National Security and plans to offer Masters programme in the near future. Presently there are 14 Ph.D. students are registered in the Centre. 02 Post Doctoral Students are registered in the centre.

### SPECIAL CENTRE FOR THE STUDY OF NORTH EAST INDIA

## Special Centre for the Study of North East India (SCSNEI)

Special Centre for the Study of North East India (SCSNEI) at JNU was established in the year 2018.

This was upgraded from a Programme of research and teaching called North East India Studies Programme (NEISP) which was introduced in JNU in the year 2011.

In its new form, as it has acquired special centre status, SCSNEI aims at expanding the horizons of research and teaching on North East India and its neighbouring nations and areas for larger dissemination of knowledge and understanding of this complex region of India. In this regard, the Special Centre is conceived with a purpose to build corpus of academic works on north-eastern region of India and aims at holistic understanding of the region by bringing together different epistemic perspectives with strong commitment to inter-disciplinary research. While there are several researches already undertaken on the region in different Schools and Centres of the University, the unique experiment initiated by SCSNEI is the 'coming together' of people and ideas for a better comprehension of this complex region, which is a cluster of eight state units and is territorialized with 98 percent of international border with Bangladesh, Myanmar, Tibetan region of (China) and Bhutan and Nepal.

As this area studies programme was conceptualised under special circumstances to understand such complex and significant region of India, it owns added responsibility of locating North East India in the national and broader regional frames of reference. To bring the region in the centre of national discourses, SCSNEI has taken up multiple activities of research, teaching and interactions that will not only familiarise a diverse North East India to the young academics, but also work towards positive intervention on the region and its people with expectations for rich dividend. The Special Centre also aims to play the role of a catalyst towards policy intervention by creating new methods and approaches for development and holistic growth of this region and its people. To fulfill these objectives, SCSNEI is committed to work closely with state institutions, corporate bodies, civil society organizations and discerning scholars. In the current context, when the region is under immense policy focus for development, engagement and integration programme, this Centre especially looks for a niche in creating an interface of academia and policy circle.

### **Seminar organised by Center: (07)**

- Monthly Seminar Lecture by Dr. Deepak Naorem, Daulat Ram College, University of Delhi, on the topic, "Which sounds matter to the Empires? Linguistic Survey of India and making gramophone records of Tibeto-Burman languages, 6 May, 2022
- Monthly Seminar Lecture by Dr. Bitopi Dutta, Assistant Professor, School of Liberal Studies, University of Petroleum and Energy Studies (UPES), Dehradun, on the topic, "Growing Up In A Mining Area: Gendering Labour, Leisure and Mobility", 24 June, 2022
- Monthly Seminar Lecture Dr. Mitul Baruah, Assistant Professor, Sociology and Anthropology and Environmental Studies, Ashoka University, on the topic, "Slow disaster: Political ecology of the Brahmaputra Valley Hazardscape", 29 July, 2022
- SCSNEI had organized 2 days national conference on "Participation of Poorvottar Bharat in the Bharatiya Swadhinata Sangram", at IIT Guwahati, 20 – 21 September, 2022
- SCSNEI had jointly organized with University of Bergen (Centre for the Study of Sciences and the Humanities and Department of Social Anthropology) and University of Oslo (Department of Philosophy), the seminar on "Silent Whispers: Cosmologies, Nature-Human Relationship and Ecological Distress in Northeast India", in SIS-II, JNU, 13 – 14 December, 2022
- SCSNEI had organised a 3-Day National Seminar at Gontse Gadeng Rabgye Ling Monastery, Arunachal Pradesh. the seminar on "Development and Promotion of Non-Scheduled Languages: Challenges and Opportunities in North East India", 1 – 3 February, 2023
- SCSNEI had organised a 3-Day National Seminar at Department of Linguistics, Manipur University, Imphal. The seminar on "Languages and Knowledge System: Distinctiveness and Prosperous Features of Texts and Oratures in North East India", 1 – 3 March, 2023.

## **Future Plans**

The Centre has begun to work on compulsory MA course, and by coming Semester, this will be introduced. It also aims to introduce two certificate courses on North East India Studies for professionals outside the campus.

A Further step towards fulfilling the objective of the Centre is to expand the collaborative works outside the confines of JNU – with other academic and research institutions in the country and abroad. SCSNEI seeks to explore and engage with scholars and institutions working on North East India and its neighboring areas.

## Special Center for Systems Medicine (SCSM)

Systems Medicine, an offshoot of biological sciences, includes computational biology, metabolomics, transcriptomics, phenomics, pharmacogenomics, integrated with biobanking, data analytics, and animal studies to provide a highly sophisticated delivery of diagnostic and prognostic technologies for improved health care.

The Special Center for Systems Medicine (SCSM) primarily focuses:

- On a joint Ph.D. program with Indian institutions and abroad.
- On a postgraduate Diploma “short-term Certificate” and Master’s programs in the area of Systems Medicine.
- On systems medicine research, products, and services relevant to academia and industry.
- In organizing events, including training, workshops, conferences, and symposia for wider knowledge dissemination.

**Research:** At the SCSM, based on multidimensional molecular network presentations, novel and practical solutions will be generated for improved patient care for many diseases, including cancer. The critical unmet need is to connect molecular descriptors with their multidimensional correlations using large patient datasets to understand diagnosis and treatment outcomes better.

**Teaching:** Given that Systems Medicine is emerging as a frontline area, there is a timely need to keep pace with developing customized and effective therapeutic solutions for complex diseases. At SCSM, the training program will comprise the following components :

- Advances in systems biology and bioinformatics
- Molecular basis of human diseases,
- Advances in genomics and transcriptomics, proteomics, metabolomics, immunomics, pathomics, etc.
- We will also focus on research ethics, regulatory compliance, I.P.R. and entrepreneurship, research methodology, lab techniques, manuscript writing and editing, critical analysis and presentation of research articles, and writing and defense of research proposal.

It is planned that, over time, the Special Center for Systems Medicine (SCSM) will become a vehicle and a national hub for the development of India-specific clinical, molecular data and its integration and applications.

### Profile of the Center

The SCSM is taking an interdisciplinary research teaching approach in the field of systems medicine. Currently, there are seventy concurrent faculties and nine adjunct faculties in the center. The name of the faculties and their area of research are listed in the Table.

#### Faculty-wise list of concurrent Faculties and their areas of research:

S. No.	Faculty Name	Main Affiliation & Position	Area of Research Interest /Specialization
1.	Prof. Rana Pratap Singh	S.L.S.	Carcinogenesis, Cancer Chemoprevention, and Therapeutics
2.	Prof. Rakesh K Tyagi	SCMM	Molecular and Cellular Endocrinology, Nuclear Receptors in Health and Disease
3.	Prof. Rupesh Chaturvedi	S.B.T.	Host-Pathogen interaction/ Infection Biology
4.	Prof. Suneel Kateriya	S.B.T.	Optogenetics, Channelopathies & Ciliopathies
5.	Prof. Unnat P. Pandit	I.P.M. Cell	Medicinal Chemistry, Intellectual Property
6.	Prof. Umesh C.S. Yadav	SCMM	Metabolic disorder-induced chronic inflammatory diseases - Diabetes, CVDs, Cancer & Lung diseases
7.	Prof. Binay R. Panda	S.B.T.	Cancer Genomics, Computational Biology, and Biological Big Data Analysis
8.	Prof. Ruchir Gupta	SE	Networks, Game Theory
9.	Dr. Ranjana Arya	S.B.T.	Cell Biology of Rare genetic disorders
10.	Dr. Gajendra P. Singh	SCIS	Graph Theory, Operational Research

11.	Dr.Hemant Ritturaj Kushwaha	S.B.T.	Computational and Systems Biology, Evolutionary Biology
12.	Dr.Pallavi Somvanshi	SCIS	Bioinformatics; Integrative Sciences
13.	Dr.Ravi Tandon	S.B.T.	Viral immunology, Retrovirology, Infectious Disease Biology
14.	Dr.Prerana Mukherjee	SE	Image Processing, Machine Learning
15.	Dr.Anamika Gulati	CSSP, SSS	Waste Management, Clinical Trials
16.	Dr. Sushil K Jha	S.L.S.	Neuroscience

**Faculty-wise list of Adjunct Facilities and their areas of research:**

S. No.	Faculty Name	Main Affiliation & Position	Area of Research Interest /Specialization
1.	Dr. Harpreet Singh	Indian Council of Medical Research, New Delhi	Genome-wide association studies (GWAS), De novo genome assembly
2.	Dr. Prafulla Kumar B. Tailor	National Institute of Immunology, New Delhi	Dendritic cell Biology, Applied Immunology
3.	Dr. Anil Tripathi	King George's Medical University, Lucknow	Cellular and molecular biology of Chronic Myeloid Leukemia, Molecular and clinical heterogeneity in I.T.P.
4.	Dr. Anil Mishra	Institute of Nuclear Medicine and Allied Sciences (INMAS), Timarpur, Delhi	Molecular Imaging agents, Radiochemistry & Radiopharmaceuticals
5.	Dr. Anil Koul	London School of Hygiene & Tropical Medicine, United Kingdom	Bacterial energy metabolism, virus-host interaction mechanisms.
6.	Dr. Neel Sarovar Bhavesh	International Centre for Genetic Engineering and Biotechnology, New Delhi	Metabolomics, Structural Biology
7.	Dr. Hitesh Verma	Otolaryngology & Head Neck Surgery, AIIMS, New Delhi	Ear, Nose, and throat diseases and surgery
8.	Dr. Anurag Varshney	Drug Discovery and Development, Patanjali Research Institute, Haridwar, Uttarakhand	Drug discovery-development, project management, and resource planning
9.	Dr. S Dhanalakshmi	Jubilant Therapeutics India Limited, Bengaluru	Drug discovery, Oncology, and autoimmune disorders

## Special Centre for Disaster Research (SCDR)

Social Science is growing into and developing an understanding of technology and natural science which can bring human safety and sustainable development. This objective requires transdisciplinary interaction, understanding and knowledge. The universe is one holistic habitat for humanity to survive. It may also be man's last habitat if we continue to allow the magnitude, frequency and recurrence of disasters to increase. In consideration of this objective the Special Centre for Disaster Research aims to build upon an appropriate relationship between social sciences, ICT and geospatial sciences on one hand and between the government and academic research on the other hand. The objective of teaching and research in disaster studies is to understand how disasters affect development, national resources and human and nonhuman lives. It also highlights the need for ecologically sensitive land use policies through GIS mapping and demarcation of fragile ecological areas. The centre looks into the new areas of information and communication research (ICT), Artificial Intelligence and preparedness to disasters, ecosystem and communities, smart cities and urban development. The research would also define the parameters of scientific preparedness, technology of mitigation and institutional accountability. Much of disaster prevention is about transparency, accountability, constitutional and environmental law which are helped through a basic understanding of geospatial sciences, Computational intelligence and community resilience. Those who are ready for a more versatile and contemporary thought processes are encouraged to apply.

### New Courses

- MA (Disaster Studies) program was revised in the Centre
- Health and Disasters – MA and PhD – 4 credits – Dr. Nikunj Makwana
- Disaster Epidemiology and Public Health Emergencies – MA and PhD – 4 credits – Dr. Nikunj Makwana
- Environment, Climate Change and Occupational Health - MA and PhD – 4 credits – Dr. Nikunj Makwana
- Community Based Disaster Management Health - MA and PhD – 4 credits – Dr. Deep Naryan Pandey

### Conferences organized by the School/Centre: (01)

- **Dwivedi Abhijeet, Makwana Nikunj**, Co-ordinators, National conference on “Transforming India: Risk to resilience”, organized by Special Centre for Disaster Research, JNU in collaboration with DMICS, at Convention Centre, JNU, 15 – 17 March, 2023

**SPECIAL CENTRE FOR TAMIL  
STUDIES  
(SCTS)**

## Special Centre for Tamil Studies (SCTS)

**Who lack the power of subtle, large, and penetrating sense,  
Like puppet, decked with ornaments of clay, their beauty's vain pretence.  
(Tiru Kuraḷ 407)**

Tamil is one of the six ancient classical languages in the world, which is still in public and academic use. Tolkāppiyam (5<sup>th</sup> Century BCE) is known as the oldest grammar of Tamil. Starting from Sangam literature to date it has 3000 years of unbroken literary tradition which continues as Didactic, Kavya, Bhakthi, Prabandha, and Modern literature genres. The development of these genres is not unrelated to each other; it is in such a way that even the youngsters of this generation can understand. Based on the carbon dating results of the materials found during the recent excavations in Kīḷaṭi and Porunthal sites, scholars determined that they are from the 6<sup>th</sup> – 5<sup>th</sup> century BCE respectively. Pulimāṅkōmpai menhir is considered to be of the 4<sup>th</sup> century BCE. Studying such a great literary, grammatical, cultural, and art history of Tamil and finding their values can pave the way to uplift the future society.

Accordingly, an attempt was made to start a Tamil Chair in the year 2000 at the Centre for Indian Languages, SLL&CS, JNU, New Delhi. Officially it began in 2007; gradually it was developed as a Tamil Stream providing Master of Philosophy (M.Phil.) and Doctoral Degree (Ph.D.) courses in 2008.

The Tamil Stream which has been performing excellently for 15 years has further developed into a *Special Centre for Tamil Studies (SCTS)* in 21<sup>st</sup> March 2023. Concerning the multi-lingual milieu of the University campus, SCTS primarily aims to do a comparative study of Tamil with various classical languages. These studies can help find the commonalities and their reason among Tamil and various other languages. The current faculty strength is two and further expansion is in progress.

SCTS will start the MA program in upcoming academic year (2024 – 2025)

### **Mission**

Learning the languages and keenly studying Literature, Grammar, Culture, History, Art, etc. traditions of classical Tamil, comparing them with Indian/global traditions, and transferring the ideas for the integrated Social Upliftment towards the younger generation.

### **Vision**

Bringing the human societies that differ in terms of language and culture under the common term “Humanity” through literary and cultural studies.

## International Collaboration

The International Collaboration Office (ICO) aims to meet the University's objectives at the international level by coordinating and handling international relations activities. In line with international practices, the ICO has been working with University's faculty, staff and students to ensure their engagement in the internationalization agenda through their wide-ranging inputs. This approach has enabled the ICO to pursue the internationalization agenda of higher education, also a focus area of the National Education Policy (NEP) 2020. In recent years, the ICO has intensified its activities to build strong networking and connectivity at the international level by signing of Memorandums of Understanding (MoUs), Agreements of Cooperation (AoCs) and Student Exchange Agreements with international universities and institutes. It also looking after all activities related to mobility/exchange of faculty and students of the university under various programmes. In addition, the ICO facilitates JNU's participation in joint projects with partner universities/institutions.

International Collaboration Office has carried out the following activities from 1 April 2022 to 31 March 2023.

### New MoUs

- Tama University, Japan (August 2022)
- Almaty Humanitarian-Economic University, Almaty, Kazakhstan (October 2022)
- Kainar Academy, Almaty, Kazakhstan (October 2022)
- International University of Tourism and Entrepreneurship of Tajikistan, Dushanbe, Republic of Tajikistan (October 2022)
- Federal State-funded Educational Institution of Higher Education "Financial University under the Government of the Russia Federation" (February 2023)
- JNU-Springer Nature Framework Agreement (February 2023)

### Renewed MoUs

- The Institute Cervantes, Universidad Autonoma de Madrid, Alliance of 4 Universities (A\_4U), Spain (June 2022)
- Korea Foundation, Korea (September 2022)
- University of Florence, Italy (December 2022)

### Renewed AoC

- Bergische Universität Wuppertal, Germany (July 2022)
- Shinryo-EN, Tachikawa, Tokyo, Japan (November 2022)

### Inter-institutional Agreement between JNU and foreign Universities under Erasmus + mobility programme

- University of Cologne, Germany (2018-2023) signed in March 2023
- Freie Universität Berlin, Germany (2022-2023) signed in March 2023

### SPARC Programme:

JNU continues to be the Nodal Institution for Norway under MoE (formerly MHRD) initiated Scheme for Promotion of Academic and Research Collaboration (SPARC) (XXXXff)

### Activities under Partnership in Projects initiated by Partner Universities:

- **NAMASTE+ Mobility Project:** JNU is a partner institution in this project (2019-2023), an initiative of DAAD within the Indo-German Partnership in Higher Education Cooperation. The project involves the two-way mobility of students and academic staff between JNU and Georg-August Universität, Göttingen (UGOE).

- **SWAGATA ERASMUS+ Mobility Project:** JNU continues to be a partner Institution in this project initiated by three comprehensive German Universities—University of Cologne, University of Göttingen and Heidelberg University. The project involves the two-way motility of students and academic staff between JNU and each of the three German Universities.
- **Tuning Academy (DITA) Erasmus+ Project on “Resources for Internationalization of Higher Education Institutions in India (RISHII)”:**JNU is one of the 19 partner Institutions participating in this project since 15 January, 2020. This European Union-funded project (2020-2024)is being coordinated by the University of Deusto, Bilbao, Spain.

The following events were organized by Prof. Sharad K Soni, the then Director IC, along with other JNU Team Members of the RISHII Project:

- RISHII Project Team of JNU organized two Workshops entitled “Internationalized Degree Profiles: Relevance of Global Competences and Learning Outcomes”, 7 and 16 May, 2022.
- RISHII Project Team of JNU organized two Workshops entitled “Internationalization of Curriculum: Relevance of International Open Teaching and Learning”, 5 and 22 November, 2022.
- The RISHII Project Team of JNU organized a Workshop entitled “Global Assessment Strategies and Practices for Internationalized Curriculum”, 30 December, 2022.

## **Jawaharlal Nehru Institute of Advanced Studies (JNIAS)**

The Jawaharlal Nehru Institute of Advanced Studies (JNIAS) was set up nearly sixteen years ago and it is unique that for the first time in India, such an institute has been incorporated as part of a public university. As JNIAS completes over 16 years to expand its outreach and visibility and emerges as a distinct Institute at global level, around 202 scholars from all over the world have come to the Institute as Fellows.

The fellows are selected by the JNIAS and are integrated into the academic community of the University. The JNIAS has also collaborated in organizing number of workshops and seminars.

The current Director of the JNIAS is Professor Amit Kumar Sharma.

### **Seminars/Symposiums/Conferences organized by JNIAS**

- “Symposium on Indian Diaspora: A Millennial Overview”, at JNIAS, jointly organized by Centre for African Studies (CAS) and JNIAS, 2 August, 2022
- The Round Table titled the “Future of JNIAS” under the 3 day JNIAS Baithak was opened and chaired by Prof. S. Garkoti, at K.R. Narayanan Committee Room, 22 March, 2023
- Workshop on “India in Contemporary Global Village: Challenges and Possibilities”, at JNIAS, 23 – 24 March, 2023
- Wider Consultations about Future of JNIAS at Conference Room of JNIAS from 25 March – 30 May, 2023 in which more than 300 people attended. It was sponsored by International Institute of Cosmic sciences Dehradun and Kautilya Institute of Development Studies Delhi. We provided space; they jointly took care of logistics and travel expenses.

## UGC- Human Resource Development Centre

The Human Resource Development Centre (formerly Academic Staff College), JNU is India's premier institution for the up-gradation of knowledge and skills of college and university teachers. An intellectual nerve centre, the UGC - Human Resource Development Centre at the Jawaharlal Nehru University was started in the year 1989. *It has successfully completed 34 years and has emerged as a major meeting ground of teachers in the country.*

Drawing upon the faculty of JNU as well as other prestigious institutions in and around Delhi, the HRDC, and JNU brings to its participants the cream of Indian scholarship as resource faculty.

The following main target groups have been identified for capacity building, knowledge enhancement and similar other programmes with the objective of a holistic approach focused on transformation of our institutions of higher education to a more facilitating academic environment conducive to innovations, creativity and quality advanced learning and research.

- Faculty members in institutions of higher learning engaged in teaching and research
- Teacher Educators
- Key non-academic functionaries in institutions of higher learning for better governance and to facilitate efficient use of various fast growing ICT resources and applications
- Researchscholars

Web link: <http://www.jnu.ac.in/HRDC>

As per UGC notification letter D.O.No F.12-12/2020(HRDC) dated 1 July, 2020 and UGC guidelines minutes 2022-23 Annexure I, this year all the courses were conducted through online mode only. We received hundreds of applications for Faculty Induction Programme, Refresher Courses and Short Term Courses from all over the country. The selection of participants for the various courses was thoroughly done by the screening committee for equal representation from every State, reaching to different segments of the society and the deserving individuals. Inaugural and valedictory programmes were organised for every course by inviting renowned personalities, Vice chancellors, Rector, Directors of Institutes etc. Interactive sessions with the Faculty trainees were done throughout the course to get their feedback and suggestions on their needs.

## Equal Opportunity Office

Jawaharlal Nehru University has been established by an Act of Parliament (53 of 1966). In order to ensure equal opportunity, the University has an Equal Opportunity Office (EOO), which was set up, perhaps, as the first of its kind in the country to aid and advise the students belonging to marginalized sections including the scheduled castes, scheduled tribes, other backward communities, minority communities, persons with disabilities, etc. pursuing various programmes of study at the University.

The terms of reference wherein the Equal Opportunity Office at the University may undertake activities are *inter alia* as under:

- To work out suitable programmes/schemes, including Remedial Courses, for improving performance of students from marginalized sections (whether at undergraduate, postgraduate, M.Phil, Ph.D. or other levels) and/ or to monitor the implementation of such programmes/schemes;
- To establish co-ordination with Government and other funding agencies (including Public Sector Undertakings/ Public Sector Banks) with a view to mobilizing financial and other resources required for educational empowerment of the students from marginalized sections;
- To provide information and act as a counseling-cum-guidance centre for students belonging to the marginalized sections, especially with regard to academic, financial and other matters;
- To help and create a socially conducive atmosphere for the growth of healthy inter-personal relations among students from marginalized sections and from various social backgrounds;

- To help and develop cordial inter-personal relationships between teachers and the students from marginalized sections for academic interaction and extra-curricular activities;
- To extend help/support to the students from marginalized sections to overcome problems and barriers emanating from discrimination at any level within its mandate;
- To organize or conduct seminars/ symposia/workshops/conferences/exhibitions, etc. from time-to-time on issues of contemporary significance for empowering, educationally and culturally, students belonging to the marginalized sections.

### **Access-Audit for Barrier Free Campus**

An Access Audit of the entire campus had been carried out so as to make the academic, administrative and residential buildings and public places in the University campus accessible for the wheel-chair users and the visually impaired persons.

The University has been identified as a model higher education institution by the Department of Disability Affairs, Ministry of Social Justice and Empowerment, Government of India under the Scheme for Implementation of Persons with Disabilities Act (SIPDA) along with a grant-in-aid of Rs 8.51 Crores approx. for the execution of the first phase of work for creating a barrier-free environment, facilitating the University to make the requisite structural and other changes on the campus. Wherever possible, the Equal Opportunity Office has been assisting the University in the activities which are underway for creating such changes.

### **Steps Towards Creation of A Barrier-Free Environment**

Though certain measures (such as putting special ramps, disabled-friendly toilets, etc.) have been taken earlier in order to facilitate persons with disabilities, there were areas which necessitate further attention and improvement to make the University accessible for disabled persons. The ongoing activity under SIPDA to make the campus barrier-free is a major effort in this direction, making facilities for persons with disabilities which *inter alia* include the following:

#### **Ramps**

- (i) Ramps have been provided in following hostels for physically challenged students:

a	Kaveri	b	Godavari
c	Periyar	d	Jhelum
e	Sutlej	f	Ganga
g	Koyna	h	Shipra
i	Brahmaputra	j	Yamuna
k	Narmada	l	Sabarmati
m	Damodar		

- (ii) Ramps with tactile paving have been provided for physically challenged students:  
In the following places/ areas:
- a. In all academic complex, School Buildings, Kaveri, Godavari, Periyar Hostels,
  - b. Pavement from North Gate to Admin. T-Point
  - c. Aravali Guest House, Aravali International Guest House, 24X7 Dhaba, Main Shopping Complex, Health Centre etc.

#### **Lifts**

Lifts have already been installed in various buildings of the University for facilitating the independence and mobility of the persons with disabilities. While certain measures have been taken in the past to make the lifts accessible to persons

with disabilities, further steps, such as, installation of Braille Systems, voice systems, etc., were undertaken to make the lifts more disabled friendly.

Installation of lift(s):

- (i) Lift installation completed in:  
Admin building, SSS-I, SSS-II, SSS-III, SES, SIS-I and SIS-II, SLL&CS-I, SLL&CS-II, Library Building, SLS, SC&SS.
- (ii) Lift installation completed in:  
Kaveri hostel, Godavari hostel, Periyar hostel, Brahmaputra hostel, Sutlej hostel, Damodar hostel, School of Physical Sciences, Centre for Law and Governance, School of Sanskrit and Indic Studies.
- (iii) Lifts proposed:  
HRDC (Old Academic Staff College) and JNIAS New Building.

## **Toilets**

A special measure has been taken to provide adequate lights in the toilets in the Schools and the Library to assist the students with low vision. Construction was carried out in the toilets on the ground floors in Koyana and Shipra hostels to make them more disabled-friendly. However, certain problems which are still being faced by students have been identified and efforts are underway to rectify such problems under the SIPDA scheme. Structural modifications in toilets in other areas of the campus are also underway for improved accessibility to persons with disabilities.

Construction of specially designed toilets for physically challenged students:

i.	Kaveri Hostel	ii.	Godavari Hostel
iii.	Periyar Hostel	iv.	Brahmaputra Hostel
v.	School of Life Sciences (East & West Wing)	vi.	Admin. Building
vii.	Social Science-I & III	viii.	SES Building
ix.	SLL&CS-I & II	x.	SIS- I &II
xi.	Centre for Sanskrit	xii.	Centre for Law and Governance
xiii.	SC&IS	xiv.	SPS
xv.	SCMM	xvi.	JNIAS New Building
xvii.	Central Library		

## **ATMs**

Two ATMs, touted as the State Bank of India's first 'real' disabled-friendly ATMs, have been installed at the University; one in the Poorvanchal Complex and the other near the Dr. B. R. Ambedkar Central Library building.

Most of ATMs are available with Ramp in the campus.

Work in progress

- (i) Creation of Barrier free Campus including installation of barrier free lifts in Academic & Hostel Buildings.
- (ii) Construction of tactile footpath on right hand side from East Gate to Admin. Block at JNU.

The library is also a member of the Daisy Forum of India (DFI) and Bookshare.org to provide the e-text facilities to visually impaired students of the University.

### Remedial Classes

The Centres/Schools conduct Remedial Classes for SC/ST/OBC (NC) minority community students as per UGC Scheme. The Centres/Schools have designated conveners. Students who need Remedial Classes are identified by conveners. The main objective of these classes is to make up the deficiency in the core subjects and optional subjects; improve academic skills; raise level of comprehension of basic subjects as well as to provide stronger foundation for further academic work; to strengthen their knowledge skills in such subjects where quantitative and qualitative and laboratory activities are involved, so that the necessary guidance and training provided under the programme may enable the students to come up to the level necessary for pursuing higher studies efficiently and to reduce their failure and dropout rate. Time table for Remedial Classes is displayed on the notice boards of Centres/Schools from time to time.

## **Welfare Activities for Students**

## Linguistic Empowerment Cell (LEC)

Linguistic Empowerment Cell (LEC) is a unique capacity-building system evolved by JNU to empower the students, a very heterogeneous population, coming from different sections of society and remote regions of the country. It caters to the linguistic needs of these students who may find it hard to cope with their regular programs in their respective schools and centers primarily for reasons of language. LEC currently runs graded courses in 'Basic Communication Skills in English' and 'English for Academic Writing'. Hindi, Sanskrit, and Indian Sign Language for the Indian and foreign students were earlier courses taught at LEC.

## **Institutional Ethics Review Board (IERB)**

Institutional Ethics Review Board has been functioning since September, 2008. It offers assistance and guidance to researchers of JNU who need to work on Human Subjects and intend to table their proposals for ethical clearances. The research scholars working on human subjects remain mandatory to obtain ethical approval from the IERB. However, it is yet to be made compulsory. The supervisors/centers at the school level Committees must feel that it should be the primary duty to obtain ethical approval. However, the number of proposals routed to IERB has seen an increase in recent times, due to which the expert evaluation meetings have increased per semester. The JNU – IERB is one of those regulatory mechanisms which builds capacities for a more meaningful interaction on the ground and facilitates international standards in research and publications. All the panelists in the IERB are aware that for the advancement of knowledge, the real-life experimentation-based study must go on, which may occur on most occasions, involving living beings, both human and non-human. It is both an individual and an institutional responsibility to protect the biosphere and cause no harm through experimentations to its constituents, human beings, or any other form of life. Besides this, the country's Constitution has set up many institutions that have established laws and Codes on data collection, data sharing, and information dissemination to protect national interests, intellectual property rights, creative copyrights, and human dignity of marginalized and vulnerable communities and people. It is a collective responsibility of the researcher and the institution to balance the risk against benefits, try and minimize risk and maximize benefits through appropriate study design and appropriate research procedures and tools. It is where the institutional ethical committee plays a critical role, more as an advisory body with a multi-sectorial, multidisciplinary body of experts rather than just another administrative hurdle for the enthusiastic young scientists.

- **Hindi Day Celebration:-**Hindi Day Celebration was observed on 30 September, 2022 in the University. Prof. Kumud Sharma from University of Delhi was the chief guest. Prof. Shantishree Dhulipudi Pandit, Vice Chancellor, JNU presided over the function. Prof. Sudhir Pratap Singh, Hindi Advisor also addressed the audience. Many prize were also distributed to the winners among Hindi Competitions during the function. Many faculty members, students, officers and staff members of the university attended the function.
- **Hindi Incentive Schemes:-** Currently, there are a few Hindi incentive schemes in the University namely – Mool Hindi Tippan/Alekhan Protsahan Yojna, Hindi Dictation Protsahan Yojna, Hindi Monthly Allowance Incentive Scheme for Stenographers and Typists to do office work in Hindi, etc. In addition. Some of the employees get benefitted by the above schemes.
- **Miscellaneous Activities:-**In addition, Rajbhasha Cell helps to organize Flag Hoisting Ceremony in the University Campus. It makes the arrangements for the KV children to present their Patriotic songs and other cultural activities on the occasion of Independence Day (15 August) and Republic Day (26 January). The Children are awarded some gifts by the Vice Chancellor of the University

Apart from the above, Rajbhasha Cell constantly strives to propagate official language Hindi among the staff members of the university. It collects the **Quarterly Progress Report** of Hindi from the various sections/schools/centres/ departments of the university and arranges to send the compiled report to the Ministry of Education, UGC and Regional implementation office (RIO) of the Department of Official Language. The above report is filled online portal of DOL, Ministry of Home Affairs.

Rajbhasha Cell does undertake various Hindi translation works of Annual Report of JNU, Annual Accounts, Audit Report, Academic Ordinance, Court Meeting Agenda and Minutes, Tender Notices, Admission Notices, advertisements for recruitment and other purposes and all the Documents covered under section 3(3) of the Official Language Act i.e. routine orders, Circulars, Notices, memoranda etc. Annual Programme of Hindi as prepared & circulated by DOL, MHA is also circulated annually among all JNU officers & staff for information & further action at their end. In addition, Check-points for effective compliance of Official Language in the University have been setup. A circular in this regard is circulated on annual basis.

Hindi Translation Services and its implementation is the main job-work of the Cell. It also offers help/services to facilitate usage of Hindi on computers such as installing of Hindi software Unicode and in the E-Office. Rajbhasha Cell is a watchdog for Hindi implementation & other Hindi related services in the University

## **Chief Proctor**

Statute 32 of the Statutes of the University deals with maintenance of discipline among students of the University; all powers relating to discipline and disciplinary action in relation to students shall vest in the Vice-Chancellor. Statute 10(3) (a) states that there shall be a Chief Proctor appointed by the Executive Council of the University.

The Chief Proctor's Office has been in existence since 1986. The Proctorial Team consists at present of one Chief Proctor assisted by seven Proctors (of which four is a woman Proctor). The Chief Proctor's office is responsible for maintaining discipline among the students of the University. In the execution of its duty of maintaining peace and harmony on the campus,

it relies, by and large, on the philosophy of taking reformatory measures rather than punitive steps. In cases involving violation of disciplinary norms, however, appropriate disciplinary action is taken.

## Legal Cell

The Legal Cell was set up in J.N.U around the year 2007. Earlier, the existing cases against the University were being dealt with by their respective concerned branches. There were no inter-linkages among the departments *vis-à-vis* the legal issues. After the formation of the Legal Cell, all the pending legal issues/cases with different sections were clubbed together and consolidated functioning happened through the empanelled legal counsels of the University. The Legal Cell therefore is a nodal point for all University related litigation, vetting of Memorandum of Understanding, tender documents and other legal documents.

The Legal Cell has been assisting all the stake-holders, viz. faculty, staff and students in the legal issues faced by them from time to time *vis-à-vis* providing legal advisory work like vetting of legal documents, draft agreements, MoUs, Tender documents and interpreting matters having potential of legal repercussions. The number of court cases dealt by the Cell from its inception are as under:-

S. No.	Particulars
1.	Total cases listed - 598
2.	No of cases Disposed of - 421
3.	<b>No of cases Pending - 177</b>

During the period under report, the number of fresh cases received and disposed of were as under:-

### **From 01.04.2022 TO 31.03.2023**

S. No.	Particulars
1.	Total cases listed - 63
2.	No. of cases Disposed off - 30
3	No. of cases Pending- 33

**177 cases are pending in the court as on 31.03.2023 including the 33 cases for the period 01-04-2022 to 31-03-2023.**

The Legal Cell has been continuously monitoring the court cases and liaising with various departments of the University and legal counsels for legal compliances. It also continues to exercise constant liaisoning with Standing/Additional Counsels of the University for feedback and compliance in matters of court cases and other issues also concerning interest of the University.

## **Inter-Hall-Administration**

### **Mission**

*Comprehensive approach to student support:* The Dean of Students Office recognizes that student success is not just about academic achievement. It also encompasses the student's social, emotional, and physical well-being. The office provides a variety of services and resources to address these needs, including hostel facility, academic advising, counseling, and health services.

*Intentional and practical interventions:* The Dean of Students Office does not take a one-size-fits-all approach to student support. Instead, the office's interventions are designed to be intentional and practical, and they are tailored to the specific needs of the JNU community.

*Principles of education, collaboration, and inclusion:* The Dean of Students Office is committed to the principles of education, collaboration, and inclusion. The office believes that all students have the potential to succeed, and it works to create a supportive environment where all students feel welcome and valued. The office also partners with other campus departments and community organizations to provide comprehensive student support.

### **Values**

*Community:* We support a community that develops relationships through empathy, compassion and respect.

*Learning:* We seek greater knowledge and promote the diversity of ideas through experiences.

*Responsibility:* We value an environment where we are all accountable for our actions and recognize the impact we have on ourselves and the community.

*Equity:* We promote an environment that fosters the opportunity for students of all identities and backgrounds to succeed.

### **Purpose**

The Office of the Dean of Students works to advocate, support, and develop students as they navigate their time at JNU and during their stay in the hostels of the university. We create and offer educational and leadership experiences that help students thrive in a communal environment. We actively engage in conversations that promote compassionate, welcoming, and safe campus communities. In working with students, we are responsive to their needs and assist them in their academic and personal endeavors. In addition to these core principles, the DoS office serves as an advocate for students facing challenges to their success as students and work to empower students to know and understand their rights and responsibilities as members of our community.

### **Highlights of the actions taken by IHA**

*Communication with the students:* Communication between IHA employees and students was highlighted as being important, specifically with regard to building meaningful relationships. This point has been a focus point of IHA soon after the University reopening post-Covid. Residents overwhelmingly indicated that meetings and communication with the IHA were an effective form of sharing information and an efficient way of resolving the hostel-related issues.

*A generally welcoming environment:* IHA office has worked immensely to provide an environment which is welcoming to all the students by providing them the support during hostel allotment of newly admitted students and during the hostel clearance at the time of course completion. IHA, with a strong team headed by DoS along with ADoS, Provosts, and Wardens have provided a warm environment during the safe stay at hostels.

*Maintenance of the hostels:* Sustainability of the facilities and safety of the students is the concern of the DoS office and maintenance of the hostels was a long awaited process and the conditions of the few hostels were debilitating. For this, a comprehensive survey was conducted by the DoS and Associate DoS and a budget was proposed. After strong persuasions from the Honorable Vice Chancellor Ma'am, the funds (56 Crore) were approved by the Ministry to renovate the hostels that focuses to upgrade the mess facilities of majority of the hostels, washroom renovation, structural repair, water proofing. Now, the works under this project are being undertaken by the CPWD in various hostels.

***Addition of new hostel facility:*** With the introduction of new courses and opening of number of new centers and schools in the University lead to increase in intake of students; thus, increasing the demand of hostel facilities. To meet the increasing demands, a new facility construction project was undertaken, i.e., Barak hostel, which will be ready for allotment within next few months.

***Streamlining the hostel allotment process:*** To avoid any hassle for the students, the hostel allotment process has been streamlined where the complete list of the students under allotment category are published online with the exact dates for the allotment. The IHA team has worked in apposite direction to control the illegal residents from the hostels and making these illegally occupied rooms available to the legal students. Even though, for the past few years, there has been scarcity of vacant seats in the hostels, the office of the Dean of Students has always assured that the students admitted under PwD category gets the hostel seat on the spot without any waiting time.

***Up-gradation of the Software for hostel allotment and hostel management:*** IHA team and the CIS team has worked in close collaboration to make the hostel allotment software more user friendly and more student data incorporated into the software. Further up-gradation is going on to make changes like room number allotment from IHA office, inventory control for the hostel, linking dorm data with the hostel data, etc.

***Reduction the time for file processing:*** By deploying a new file management system and having a clear flow of file movement, IHA staff had made it easier to find and access the routine student files. Further, this has reduced the time of file processing to 3 working days with an efficient system of work distribution in the office environment.

***Align financial and human resources to operate more effectively and efficiently:*** The IHA team has worked tirelessly to align the financial and human resources to operate in an efficient manner to benefit the students in terms of better facilities at the hostel levels. The IHA, through the establishment funds and resources, has supplied 36 water filters and coolers to the hostels, repaired the beds, tables and chairs of the hostels. Now IHA is working with the authorities to procure new beds, tables, chairs, water filters and coolers to further upgrade the facilities of the hostels in the University.

***Improve diversity and inclusion efforts to provide a safe and inclusive environment for students:*** IHA team, ADoS, Provosts, and wardens, under the supervision of DoS, has provided safe and inclusive environment to all the students. The team has made themselves available 24 X 7 for the students in case of any issues or problems with the students.

***New tenders for hostel staff:*** The long-awaited tenders for the service providers providing the manpower for hostel and mess staff has been awarded and working in a well-coordinated manner among all the hostels under IHA.

***Promoting health of the students:*** IHA office, in close collaboration with the health center, has depicted a commitment of helping students living a healthy and disease free life. In such cases, not only the students are impacted of their ill health, their families are also the equal stakeholders who are affected due to the poor health of these students, so by providing a support system for the students' health, IHA has shown the strong sense of assurance to the families that the students are in safe hands of the university authorities.

***Encourage student development, engagement, and leadership:*** Through the continuous discussion with the IHA officials and engagement of the students, IHA organized various motivational lecture and events by inviting the speakers from various fields of life including speakers and sessions from Iskcon temple and Brahmakumaris. The speakers shared their experiences and insights with the students, and they provided inspiration and motivation. The IHA also encourages student engagement by providing opportunities for students to get involved in the community. The IHA has a number of student clubs such as music club, dance club, etc., which helped students to participate in the events as teams and promoted teamwork.

***Strengthen student-friendly operations at IHA office:*** This involved providing help to students during extended hours, sending out regular updates, involve simplifying the process for filing a complaint, providing more resources on the website, or making it easier to get in touch with staff members, and being more transparent about policies and procedures. By taking these steps, the Dean of Students Office has created a more student-friendly environment where students feel comfortable getting the help they need.

**Responses to imminent threats, disruptions or violence** - Each response is tailored to ensure that it is appropriate and proportionate to the incident at hand, given the information available at the time. While it applies to all members of the University Community, a team led by the Vice Chancellor, Security Officers, Provost, Wardens, ADoS and Dean of Students addresses cases in impartial manners. It primarily considers the safety of individuals and/or the community and is not disciplinary. It does not result in findings of responsibility or sanctions. By doing this, Dean of Students office employs the strategic, evidence-based, fair, and inclusive approaches to resolving problems.

## **Communication & Information Services (CIS)**

JNU initiated efforts for setting up a campus-wide computer network in the academic complex of the university in the year 1996. Keeping options in mind for future expansions, the network was carefully planned, using fiber-optic cabling to connect all the major Academic buildings of the University. JNU decided that a separate centre was needed to look after Network Operations centrally and the Center was created in the name of Communication and Information Services (CIS) in the University.

The Communications and Information Services Centre was set up in February 1997 as an independent Centre headed by the Director. By May 1997, the site was ready, and it started functioning with a small workforce of select persons drawn from different departments of the Universities. In 2001, CIS became part of the School of Information Technology (SIT).

In August 2014, The Vice-Chancellor approved the re-structuring of Communication and Information Services (CIS) by merging the Technical and Computer staff working in CIS, E-Governance and University Computer Maintenance Cell (UCMC) for smooth functioning of E-Governance and network related activities as a separate Service Center for central ICT facilities of JNU.

The bandwidth has been rising gradually since right from the inception of CIS. In 2002, the Internet bandwidth of the campus was increased to 2 Mbps. This was made doubled in 2003, and tripled in 2004, and like this usage of Intranet bandwidth of campus moved up to 1Gbps in 2005. JNU has 10 Gbps of Internet bandwidth of each link coming from two different ISPs and integrated at our end to give seamless access from two ISPs. Presently, the University has the bandwidth of 10Gbps through National Knowledge Network (NKN).

CIS have the following groups:

### **Network and ICT infrastructure group:**

At present, CIS had deployed about 44 km of Optical Fiber Cable (OFC) across the campus connecting all the academic complexes including the new buildings, all the hostels and other facilities through the optical fiber network connectivity. CIS also installed 2000 Nos. of Wireless Access Points for establishing the campus wide WiFi connectivity. The Network group supports the operational management services of both active and passive components of Network and Wi-Fi Services across the campus. The team also renders their service related to Firewall, Internet Service Provider and Internet management, network authentication system, Network Monitoring System, Domain Name System, which are the backbone activities of the campus network.

The group also maintains the VMs and Servers, which hosts about 36 support software / servers hosted for JNU intranet usages.

CIS launched the official website of the University, [www.jnu.ac.in](http://www.jnu.ac.in) in 1997. Website is the front interface for all the important academic and administration information of the University. JNU implemented Content Management System based website, which consists of 120 micro sites of the University. This group put their best efforts for updating the information and provides services logically in the 24 x 7 monitoring of website functionality.

### **eGovernance Group:**

The eGovernance Cell is formed in the year 2006 for the automation of administration and academic processes of the University. In the year 2011, the cell is merged with CIS. This group does the following software automation services and operational management activities:

The existing technical staff of the USIC have also been for providing the technical support for conducting the lab session for the students of School Engineering of the University.

## **Advanced Instrumentation Research Facility (AIRF)**

Advanced Instrumentation Research Facility (AIRF) is operational since 2008 and at present running more than 30 sophisticated state-of-the-art instruments (Annexure-1) with supporting sample processing facilities to support research scholars. It caters to the interdisciplinary applications in research not only to all the JNU Science Schools which includes-School of Biotechnology (SBT), School of Environmental Sciences (SES), School of Life Sciences (SLS), School of Physical Sciences (SPS), Special Centre for Molecular Medicine (SCMM) and Special Centre for Nanosciences (SCNS) but also to other academic research institutes and private companies/industries within and outside Delhi. AIRF supports

inter-disciplinary academic and research activities by conducting regular workshops/webinars and trainings programmes. AIRF is presently headed by the Director - Prof. Sandeep Saxena, School of Biotechnology (SBT), JNU and Associate Director- Dr. Usha Mina, School of Environmental Science (SES), JNU. AIRF has two permanent faculty, eleven permanent staff and three temporary staff under DBT project to carry out day to day activities.

### **Objectives:**

- To become internationally recognized Centre for Excellence in quality and innovative scientific service solutions in the field of inter-disciplinary research & development using state-of-the-art cutting-edge advance scientific instrumentation.
- To generate highly skilled manpower at postgraduate/doctorate level on high-end analytical instruments through peer interaction and direct instrument usages.
- To be source of ideas, innovation, research and development in the field of different high-end instrumentation techniques.
- To organize short intensive courses, conferences and seminars on sophisticated analytical equipments to develop the skill related to different instrumentation techniques which will be benefited to scientific community.

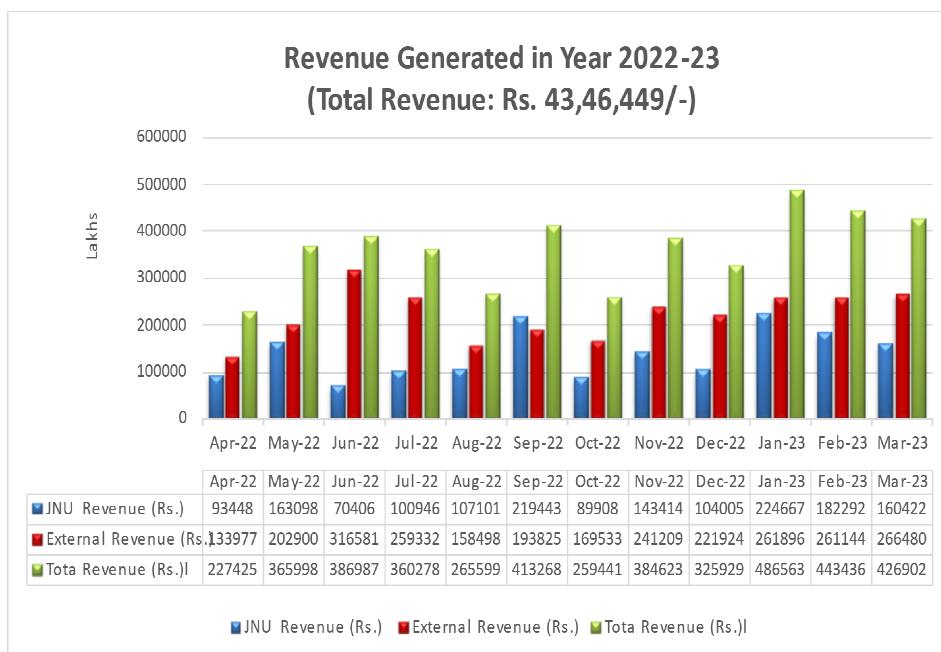

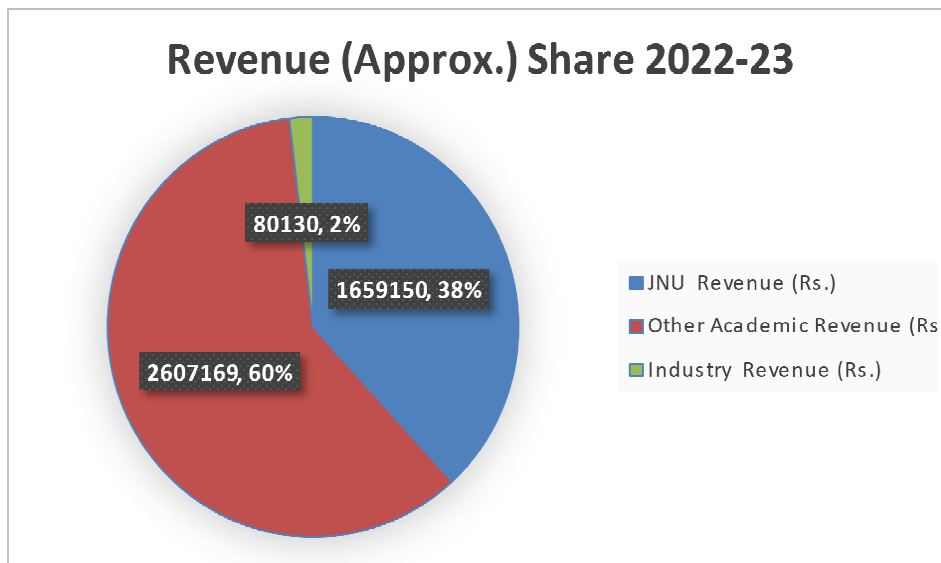

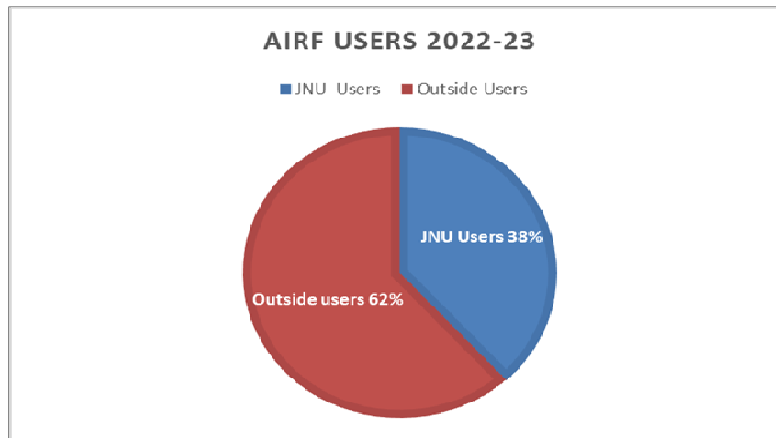

### **Achievements**

#### **Virtual Workshops and Training programmes**

Workshops and training programmes have been conducted to create awareness among the research community for the effective utilization of research facility leading to the substantial increase in the number of efficient users. The virtual and physical workshops and training programmes are conducted to provide efficient and trained professionals to maintain a pace in the development of research in the country. The increased manpower has helped in maintaining the smooth functioning of facility. During the past year the number of publications came out after usage of advance instruments of AIRF has improved substantially. The support through DBT-fund towards the maintenance of the sophisticated instruments has brought about a marked reduction in down time of the instruments and has henceforth substantially boosted the qualitative use of the facility. These efforts have motivated researchers to explore the facility and get benefitted by it during the pandemic time as well.

#### **AIRF stakeholders and revenue**

AIRF provided services to more than 3000 users across India that includes JNU users. Among research scholars users are of postgraduate, Ph.D. and postdoc research fellows. Outside JNU users are from the different government organization and institutes like IITs, IISERs, different CSIR labs, different central universities like Delhi University, Jamia Milia Islamia, Aligarh Muslim University, BHU etc. and private research organization like Amity, Shiv Nadar University, etc. This facility is also used by the researchers from the different section of industry like pharmaceuticals industry, food industry, and industry from the different manufacturing as like automotive industry etc. Approximately Rs. 62 Lakhs revenue was generated.

## Capacity Building

Training provided on different equipments to in-house staff. Instrument In charges are allowed to attend the training programme organized by company and different research institution.

## Visitors

AIRF model has been visited by national and international visitors (restricted due to COVID- pandemic guidelines)

## Grants

AIRF facility is supported by inhouse grants from JNU and DBT: JNU-DBT national training facility for state of the Art equipment used in biotechnology research.

## Minor Equipments/Laboratory Facilities

- TEM & SEM Sample Preparation Laboratory
- Inverted Research Fluorescence Microscope
- Two Sample Preparation Laboratories with some Basic Facilities' equipped with refrigerated and non-refrigerated, micro-centrifuges, pH meters, weighing balances, ice machines, vortex mixers etc.
- Manual and Automatic Hydraulic Press for FTIR
- Semi Automatic 40Ton Hydraulic Press for XRF sample preparation
- Muffle Furnace (1400°C working temperature)
- Critical point Dryer
- Turbo Freeze Dryer with liquid nitrogen fed cold stage
- -80°C Deep Freezer
- -20°C Deep Freezer
- MQ Plant
- Incubator and Shakers
- Laminar flow benches
- Chemical hoods
- Speed Vac
- Sputter Coater
- Sonicator/Ultrasonic Water Bath
- Lyophilizer

## Accomplishments of Research Fellows/ PhD students of Dr. Tulika Prasad (12):

- Richa Singh (Student of **Tulika Prasad**), received Best Poster Award for poster presentation titled "Enhanced cell envelope fluidity due to altered fatty acid composition in clinical resistant isolates of *Mycobacterium tuberculosis*", in 3<sup>rd</sup> one day symposium on "Sensors for Society" organized by Electro Chemical Society - Student Chapter, JNU, 12 January, 2023

- Vimal Kumar (Student of **Tulika Prasad**), attended and presented poster titled “One-Step Green Synthesis of Lysine Carbon Quantum Dots for Versatile Imaging Applications”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- Richa Singh (student of **Tulika Prasad**), attended and presented poster titled “Insights into factors for Drug Resistance in *Mycobacterium tuberculosis*: Modulations in Cell Envelope Thickness, Fluidity and Fatty acid Composition” in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- Preeti (student of **Tulika Prasad**), attended and presented poster “Mechanistic Insight on Antifungal activity of Zinc Oxide Quantum Dots (ZnO QDs): Effect on growth, cell morphology, ultra structure and drug resistance using pathogenic yeast, *Candida*”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- Megha (student of **Tulika Prasad**), attended and presented poster “Use of Microscopy for understanding mode of action of AgNps against Opportunistic Pathogen, *Candida albicans*”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- Itika Varshney (student of **Tulika Prasad**), attended and presented poster “Understanding Microbial Drug Resistance: Is Microbial Cell Envelope Thickening Responsible for Drug Resistance?”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- Vimal Kumar (student of **Tulika Prasad**), attended and presented poster “Non-toxic Nitrogen doped amino acid-based Carbon Quantum Dots: Microwave assisted Facile synthesis, Characterization and Applications in Cellular Imaging”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- Anam Rais (student of **Tulika Prasad**), attended and presented poster “Development of Multifunctional Fluorescent Carbon-Based Quantum Dots for Biomedical Applications: Targeted Bioimaging and Tracking Agent”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- Vimal Kumar (student of **Tulika Prasad**), attended and presented poster “Nitrogen Doped Carbon Quantum Dots for Bioimaging and Tracking Applications”, in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first national conference on “Role of Women in Science and Technology for Sustainable Development”, 24 – 26 November, 2022
- Danish Hussain (student of **Tulika Prasad**), attended and presented poster “Non-Toxic Amino Acid-based Carbon Quantum Dots for Bioimaging”, in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first National Conference on “Role of Women in Science and Technology for Sustainable Development”, 24 – 26 November, 2022
- Itika Varshney (student of **Tulika Prasad**), attended and presented poster “Thickened Cell Envelope: An adaptation in drug resistant *Mycobacterium tuberculosis* to restrict drug entry”, in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first national conference on “Role of Women in Science and Technology for Sustainable Development”, 24 – 26 November, 2022

### Research Guidance (2022-2023):

Year	Ongoing Ph. D. Students	Post doctoral fellow	Ongoing M. Tech.
2022-23	Four	One	One

- **Ph.D. Degree Awarded:** Preeti Chand; Thesis Title: “Systematic Investigation on ZnO Quantum Dots as antimicrobials and their molecular mechanism of action against fungal pathogen, *Candida albicans*”

- **M.Tech. (Nanoscience) Awarded:** Saurabh Kumar; Dissertation Title: “Development of Biocompatible, Fluorescent Carbon Dots to Combat Infectious Diseases”

### Other Scientific and Academic Contributions:

- **Tulika Prasad**, Teaching and Research Supervision of M.Tech. and Ph.D. students of Special Centre for Nano Sciences (SCNS), JNU as Concurrent Faculty.
- **Tulika Prasad**, Courses Taught in 2022-23:

#### M. Tech.

- Nanobiotechnology & Nanomedicine (NS 660) -*Theory*
- Design and Synthesis of Nanostructures (NS 663) -*Theory*
- Research Methodology and IPR (NS 654) -*Theory*
- Practical courses (NS 655 & NS 671)

#### Ph.D.

- Nanobiotechnology & Nanomedicine (NS 619) -*Theory*
- Design and Synthesis of Nanostructures (NS 663) -*Theory*
- Research Methods for Study of Nano-Bio Interactions [NS 626] -*Theory*
- **Prasad Tulika**, As Member of Panel of Experts for question paper setting of Special Centre for Nano Science (PhD- Nanoscience and M.Tech.- Nanoscience) for JNU Entrance Exam 2022
- **Prasad Tulika**, As Member of Panel of Experts for question paper setting of CUET 2022
- **Prasad Tulika**, As Member of Organizing Team of STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first National Conference on “Role of Women in Science and Technology for Sustainable Development”, 24 – 26 November, 2022
- **Prasad Tulika**, As Internal/ External Expert for Research Advisory Committee (RAC) of some students of School of Biotechnology, School of Environmental Science, School of Computer and Systems Sciences and Special Centre for Nano Science, JNU and in Department of Biotechnology, Delhi Technological University, 2022
- **Prasad Tulika**, As External Examiner for M.Tech. Dissertation of some students of Department of Biotechnology, Delhi Technological University in 2022.
- **Prasad Tulika**, As part of team of Core faculty member for Live Imaging, Confocal and Fluorescent Microscopy, Gas Chromatograph Mass Spectrometer and Flow Cytometer Cell Sorter Laboratories, AIRF, 2022
- **Prasad Tulika**, As Joint Secretary of Nano Molecular Society (Since November, 2016 till date i.e. 2023); Designing Annual Academic Activity Calendar for Nano Molecular Society.

- **Prasad Tulika**, “One-Step Green Synthesis of Lysine Carbon Quantum Dots for Versatile Imaging Applications”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- **Prasad Tulika**, “Insights into factors for Drug Resistance in *Mycobacterium tuberculosis*: Modulations in Cell Envelope Thickness, Fluidity and Fatty acid Composition”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- **Prasad Tulika**, “Mechanistic Insight on Antifungal activity of Zinc Oxide Quantum Dots (ZnO QDs): Effect on growth, cell morphology, ultrastructure and drug resistance using pathogenic yeast, *Candida*”, in Workshop and International Conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU between 6-10 February, 2023.

- **Prasad Tulika**, “Use of Microscopy for understanding mode of action of AgNps against Opportunistic Pathogen, *Candida albicans*”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- **Prasad Tulika**, “Understanding Microbial Drug Resistance: Is Microbial Cell Envelope Thickening Responsible for Drug Resistance?”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- **Prasad Tulika**, “Non-toxic Nitrogen doped amino acid-based Carbon Quantum Dots: Microwave assisted Facile synthesis, Characterization and Applications in Cellular Imaging”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- **Prasad Tulika**, “Development of Multifunctional Fluorescent Carbon-Based Quantum Dots for Biomedical Applications: Targeted Bioimaging and Tracking Agent”, in workshop and international conference on Electron Microscopy & XLI Annual Meetings of Electron Microscope Society of India (EMSI-2023) jointly organized by University of Delhi, CSIR-NPL, CSIR-AMPRI and JNU, 6 – 10 February, 2023
- **Prasad Tulika**, “Nitrogen Doped Carbon Quantum Dots for Bioimaging and Tracking Applications”, in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first national conference on “Role of Women in Science and Technology for Sustainable Development”, 24 – 26 November, 2022
- **Prasad Tulika**, “Non-Toxic Amino Acid-based Carbon Quantum Dots for Bioimaging”, in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first national conference on “Role of Women in Science and Technology for Sustainable Development”, 24 – 26 November, 2022
- **Prasad Tulika**, “Thickened Cell Envelope: An adaptation in drug resistant *Mycobacterium tuberculosis* to restrict drug entry”, in STREE 2020 (Science Technology Research and Entrepreneurship Enhancement), the first national conference on “Role of Women in Science and Technology for Sustainable Development”, 24 – 26 November, 2022
- **Arora Kavita**, Served as organizing team member in “National conference and Expo on Role of women in science and technology for sustainable development of Atma Nirbhar Bharat in Science Technology Research and Entrepreneurship Enhancement (STREE 2020) held at Convention Centre JNU, 24 – 26 November, 2022
- **Arora Kavita**, Served as member organizing committee member from JNU on “Yuva Sangam and Youth Exchange program an Initiative by the Government of India under the aegis of Ek Bharat Shreshtha Bharat”, JNU, 28 February, 2023 – 6 March, 2023

### Chapters in Books: (01)

- Devi Shivani, Babu Ashik, **Arora Kavita**, “Chapter 14: Challenges, Significance, and Prospects of Nanomaterials Based Next Generation Biosensors”, in “Smart and Intelligent Nanostructured Materials for Next-Generation Biosensors”, Singh RP (Ed), Elsevier, 2023

### Research Projects: (01)

- **Prasad Tulika**, Principal Investigator for “Lipid based characterization of drug resistance in *Mycobacterium tuberculosis*” ICMR grant, 2022- 2023

### Participation in National/ International Conferences/Seminars/Workshops: (03)

#### International: (01)

- **Arora Kavita**, Participated in “5th International Conference and Golden Jubilee Celebrations of Vijnana Parishad of India (Society for Applications of Mathematics) on Recent Advances in Mathematical Sciences with Applications in Engineering and Technology (IC-RA\_MSA-2022)”, in offline mode at JNU convention centre by School of Computational and Integrative Sciences, JNU, 16 – 18 October, 2022

**National: (02)**

- **Arora Kavita**, Participated and Chaired as Session in “3<sup>rd</sup> One day symposium on “Sensors for Society”, ECS-JNU Student Chapter, Special Centre for Nanoscience, JNU, 12 January, 2023
- **Arora Kavita**, Participated and served as Jury member “National conference and Expo on Role of women in science and technology for sustainable development of Atma Nirbhar Bharat in Science Technology Research and Entrepreneurship Enhancement (STREE 2020) held at Convention Centre JNU, 24 – 26 November, 2022

**Memberships of Boards/ Committees (Outside JNU): (19)**

- **Prasad Tulika**, Member of American Society for Microbiology; Member of American Chemical Society; Life Member of The Cytometry Society, India; Life Member of The Indian Society of Chemists & Biologists; Life Member of Biotech Research Society of India (BRSI); Life Member of Indian Nanoscience Society (INS); Life Member of Electron Microscope Society of India (EMSI); Life Member of Nano Molecular Society (NMS) and Joint Secretary Elect for the Society, Designing Annual Academic Activity Calendar for Nano Molecular Society; Life Member of Association of Microbiologists of India (AMI); Joint Secretary of The Indian Society of Chemists & Biologists, Delhi Chapter; Life Member of Society of Biological Chemists (SBC, India); External expert member in the Student Review Committee of Department of Biotechnology, Delhi Technological University, New Delhi; Among Approved list of Paper Setters for Masters Level in various departments of Lucknow Integral University for Biotechnology, Bioengineering, Industrial Microbiology & Fermentation Technology, Microbiology, Genetics, Environmental Microbiology and Nanobiotechnology; External examiner of M. Tech. (Biotechnology) and external expert for Student Review Committee for PhD in Department of Biotechnology, Delhi Technological University, New Delhi; External Expert of Project Appointment Committee of School of Chemical and Life Sciences, Jamia Hamdard; and Member of Organizing Committee of Webinars of Nano Molecular Society in 2022-23.
- **Arora Kavita**, External Member Expert of SRC committee of two PhD students at Dept. of Applied Sci. & Humanities (Biotechnology), NSIT, Dwarka, New Delhi, India; Founder member of the Executive committee and Regional Director, Delhi Region Nano and Molecular Society of India; and Paper setter for M. Sc. Biotechnology Examination (CBCS) Istsem, Department of Biotechnology Himachal Pradesh University, Academic year 2022-23.

- **Singh S.**, JNU researchers develop sugar candies that could treat malaria in children. Developed a unique medicine to treat malaria sugar candies. Natural sugar alcohol candies have been found effective against malaria and could be used among children below five years of age. The researchers have identified Erythritol, which is commonly used, as a sweetener, and as a potent antimalarial. Erythritol, the sugar alcohol, is an organic compound that is used as a food additive and sugar substitute. India Today – 23 May, 2022. ## Faculty Research Projects

### School of Arts and Aesthetics (SA&A): (09)

- **Bhaskar, Ira**, Jointly received with her Cinema Studies colleagues an EQUIP-ICSSR (EU-India Social Sciences and Humanities Platform) Research Project ‘FilmInd: The Indian film industry as a driver of new socio-economic connections between India and Europe’. This is a joint collaboration between Cinema Studies (CNS), School of Arts and Aesthetics, JNU, India; University of Basel, Switzerland; Novia University of Applied Sciences, Finland; the Slovenian Academy of Sciences and Arts and Adam Mickiewicz University, Poznan, Poland, 2019 – 2022
- **Bhaumik, Kaushik**, Indian Co-Investigator of the EQUIP-ICSSR (EU-India Social Sciences and Humanities Platform) Research Project ‘FilmInd: The Indian film industry as a driver of new socio-economic connections between India and Europe’. This is a collaboration between Cinema Studies (CNS), School of Arts and Aesthetics, JNU, India; University of Basel, Switzerland; Novia University of Applied Sciences, Finland; the Slovenian Academy of Sciences and Arts and Adam Mickiewicz University, Poznan, Poland. The Project ended, 31 March, 2023
- **Dave, Mukherji, Parul**, Gender and Intersectionality on India and its Diapora’s GRID Heritage; by ICHR/AHRC, Indo-British, 2022-2023
- **Dutt, Bishnupriya**, Travelling Matters, Materiality and Mediality, RA 2# Temporal communities, Freie University Berlin, 2018 – 2025
- **Hariharan, Veena**, EQUIP-ICSSR research project ‘FilmInd: The Indian film industry as a driver of new socio-economic connections between India and Europe’ at Cinema Studies (CNS), School of Arts and Aesthetics, JNU. (This project is jointly co- helmed by JNU, India; University of Basel, Switzerland; Novia University of Applied Sciences, Finland; the Slovenian Academy of Sciences and Arts and Adam Mickiewicz University, Poznan, Poland, PI: Ranjani Mazumdar), The Project ended, 31 March, 2023
- **Jhingan Shikha**, Jointly received with her Cinema Studies colleagues an EQUIP-ICSSR (EU-India Social Sciences and Humanities Platform) Research Project ‘FilmInd: The Indian film industry as a driver of new socio-economic connections between India and Europe’. This is a joint collaboration between Cinema Studies (CNS), School of Arts and Aesthetics, JNU, India; University of Basel, Switzerland; Novia University of Applied Sciences, Finland; the Slovenian Academy of Sciences and Arts and Adam Mickiewicz University, Poland, 2022 – 2023
- **Mazumdar, Ranjani**, Indian Principal Investigator of the EQUIP-ICSSR (EU-India Social Sciences and Humanities Platform) Research Project ‘FilmInd: The Indian film industry as a driver of new socio-economic connections between India and Europe’. This is a collaboration between Cinema Studies (CNS), School of Arts and Aesthetics, JNU, India; University of Basel, Switzerland; Novia University of Applied Sciences, Finland; the Slovenian Academy of Sciences and Arts and Adam Mickiewicz University, Poznan, Poland. The Project ended, 31 March, 2023
- **Narain, Suryanandini**, Research project ‘Visualising Home: Domestic Visual Cultures in India’, supported by India Foundation for the Arts (IFA), Bangalore, March, 2023 – September, 2024
- **Sawant S.V.**, Ongoing research for co-edited volume on Primary Documents on Modernism co-edited with Sharmini Pereira, Iftikhar Dadi and Tanzim Wahaab, for Museum of Modern Art, New York, (ongoing)

## School of Computational and Integrative Sciences (SCIS): (43)

### International: (12)

- **Ahmad Shandar**, Plenary lecture on “Data-driven Biology for understanding genome, phenome and transcriptome”, at the 8<sup>th</sup> International Symposium on “Current Progress in Mathematics and Sciences (ISCPMS) 2022”, Faculty of Mathematics and Natural Science, Universitas Indonesia, Indonesia, 24 – 25 August, 2022
- **Ahmad Shandar**, Invited talk at outreach webinar on “Data accessibility, integration and management challenges for a bio informatics research lab in India”, at accessing and using ELIXIR services, Data management, human data and infectious diseases: Opportunities for engagement, Online in collaboration with ELIXIR, European Union, 17 August, 2022
- **Ahmad Shandar**, Tutorial lecture on “Genetic Algorithm based feature selection and model training for biological systems”, at 19<sup>th</sup> IEEE Conference on “Computational Intelligence in Bioinformatics and Computational Biology”, Ottawa, on, Canada (online mode), 15 – 17 August, 2022
- **Bandyopadhyay Pradipta**, Invited talk on “Crust water: An analytical statistical mechanical model to study solvation in water”, at the Asia-Pacific Association for Theoretical and Computational Chemists (APATCC-10) meeting held at Qui Nhon, Vietnam, 19 – 23 February, 2023
- **Bhattacharjee, Arnab**, Poster presentation on “Unraveling the molecular basis of protein search on ssDNA track and Binding Specificity of the ssDNA sequences”, in international annual meeting “Biophysical Society Annual Meeting 2023”, San Diego, USA, 18 – 22 February, 2023
- **Bhattacharjee, Arnab**, Talk and poster presentation on “How Multiple Transcription Factors binds to Nucleosomal DNA?”, in international program “Protein-DNA Interactions: from Biophysics to Cell Biology”, Weizmann Institute of Science, Israel, 18 – 20 October, 2022
- **Bhattacharjee, Arnab**, Invited lecture on “Nuclear Traffic and Transport: How proteins search their target sites?”, in international seminar on “Statistical Biological Physics: From Single Molecule to Cell”, ICTS Bangalore, 11 – 22 October, 2022
- **Bhattacharjee, Arnab**, Short talk on “Investigating the binding of human Replication Protein A to ssDNA- the role of interdomain flexibility”, in international seminar on “Statistical Biological Physics: From Single Molecule to Cell”, ICTS Bangalore, 11 – 22 October, 2022
- **Jain Mukesh**, Talk on “Integrated multi-omics for unraveling candidate genes associated with drought stress tolerance in chickpea”, in international conference on “Pulses: Smart crops for agricultural sustainability and nutritional security”, ICPulses2023.”NAAS Complex, New Delhi, 10 – 12 February, 2023
- **Jain Mukesh**, Talk on “Multi-omics for divulging molecular signatures associated with seed size/weight for crop improvement”, in international conference on “Food and Nutritional Security 2023”, (iFANS2023), NABI, Mohali, 6 – 9 January, 2023
- **Jain Mukesh**, Talk on “Genomics approaches for investigating the candidate gene/s for genome editing: Hitting the nail on the head”, in international conference on “Plant Genetic Engineering and Genome Editing (PGEGE)”, Central University of Kerala, Kasaragod, 27 – 29 October, 2022
- **Jain Mukesh**, Talk on “Integrated multi-omics approach for dissecting the regulatory aspects and molecular signature associated with drought stress response/adaptation”, In IGSTC-Indo-German Joint workshop on Sustainable stress management in aquatic plants versus terrestrial plants (IGW-SSMAT), Friedrich Schiller University, Jena, Germany, 25 – 27 July, 2022

### National: (31)

- **Ahmad Shandar**, Invited talk on “Artificial Intelligence techniques for functional genomics”, at symposium on “Innovations in Artificial Intelligence in Biotechnology & Healthcare”, Jaipur National University, Jaipur, 24 – 26 March, 2023
- **Ahmad Shandar**, Invited talk on “Artificial Intelligence, Protein-DNA Interactions and Drug Discovery”, at workshop on “Applications of Artificial Intelligence in Drug Discovery (A2ID2)”, Indian Institute of Technology (BHU), Varanasi, 9 – 13 March, 2023

- **Ahmad Shandar**, Special lecture on “Machine learning for modeling genomics and transcriptomics data”, at national conference on “Recent Trends in Genetic Engineering and Biotechnology”, Department of Genetic Engineering (RTGEB), SRM Institute of Science and Technology, Chennai, 23 – 24 February, 2023
- **Ahmad Shandar**, Invited talk/ session on “Data Analytics”, at “Capacity Building Programme on Secondary Data Sources”, at The Department of Development Studies in RGNIYD Regional Centre, Chandigarh, 7 – 8 February, 2023
- **Ahmad Shandar**, Invited lecture on “Structural genomics with machine learning and data driven biology”, at workshop on “Data Science in Drug Discovery”, Bioinformatics Facility, National Center for Cell Science (NCCS), Pune, 2 – 6 February, 2023
- **Ahmad Shandar**, Invited talk on “Topical and Methodological trends in Biomedical Data Analysis”, at DST-STUTI Sponsored Hands-on Training Program on recent trends and innovations in computer science and engineering, Jamia Hamdard, New Delhi, 28 November – 5December, 2022
- **Ahmad Shandar**, Invited talk on “Topical and Methodological Trends in Biomedical Data Analysis”, at workshop on “Bioinformatics in Computational Biology, Software Applications in Drug Discovery”, at The CSIR-North East Institute of Science & Technology (CSIR-NEIST), Jorhat, Assam, 12 – 17 December, 2022
- **Ahmad Shandar**, Invited talk on “Data-driven modeling of host-pathogen protein-nucleic acid interactions: role of sequence, evolutionary profiles and nucleic acid shape”, at 2<sup>nd</sup> International conference cum workshop on “Recent Trends in Structural Bioinformatics and Computer Aided Drug Design”, (ICSBCADD’2022), Alagappa University, Karaikudi, Tamil Nadu, India, 21 – 25 November, 2022
- **Ahmad Shandar**, Invited talk on “Creating Collaborative Ecologies of Creative Laboratories of Science, Research, and Life in South Asia and the World” by Swadhyaya Sahachakra dialogue of Vishwanedam Center for Asian Blossoming, Online, 30 October, 2022
- **Ahmad Shandar**, Invited talk on “Tools and algorithms for data-driven biology at SciWhyLab”, at national conference cum workshop on “Machine learning in Biological and medical sciences”, Pondicherry University, 27 – 28 October, 2022
- **Ahmad Shandar**, Invited lecture on “Data Science and Machine Learning: Current Trends in Research and Modelling”, at Training and Capacity Building Programme, GD Goenka University, Gurugram, 28 July, 2022
- **Ahmad Shandar**, Invited talk on “Protein-DNA interactions in drug design, in the High-End workshop (KARYASHALA)”, at “Artificial Intelligence In Drug Discovery: Quickening The Pace From Bench To Bedside”, (Accelerate Vigyan scheme of SERB), Indian Institute of Technology (IIT-BHU), Varanasi, India, 26 May, 2022
- **Ahmad Shandar**, Invited talk on “Data Science and Machine Learning: Current Trends in research and modeling”, at Faculty Development Programme on “Emerging Perspectives in Research Methodology: A Way Forward”, at GD Goenka University, 22 April, 2022
- **Bandyopadhyay Pradipta**, Invited talk on “An analytical statistical mechanical model to study solvation in water: The Crust water model for hydrophobic solvation”, at the Theoretical Chemistry Meeting: Structure and dynamics held at Indian Association for the Cultivation of Science (IACS), Kolkata, India, 26 – 29 May, 2022
- **Bhattacharjee, Arnab**, Flash talk and poster presentation on “Investigating the binding of human Replication Protein A to ssDNA- the role of interdomain flexibility”, in INDIA-EMBO Lecture Course “Functional nucleic acids: Recent landscapes and therapeutic applications-ielc2022-05”, RCB Faridabad, 16 – 19 August, 2022
- **Bhattacharjee, Arnab**, Invited lecture on “Understanding Proteins Searchfor their Target Sites on Genomic DNA using Coarse-Grained Molecular Simulations ” in national symposium on “Symposium-Molecular Simulation: Focus on Method”, TIFR Hyderabad, 13-14 December, 2022.
- **Bhattacharjee, Arnab**, Invited lecture on “Nuclear Traffic and Transport: Rule of Faster Protein Communication on DNA”, SMCB seminar series, SC&IS, JNU, 4 March, 2023 (online)
- **Jain Mukesh**, Talk on “RNA sequencing for understanding the biology of agronomic traits in plants”, in “Hands-on Bioinformatics Workshop on Plant and Microbial Genomics”, University of Jammu, Jammu, 23 – 30 January, 2023
- **Shah, Sapna Ratan**, Delivered online lecture on “Heat transfer between skin and core with the help of mathematical modelling”, in 3<sup>rd</sup> 2-Week Refresher Course in Basic Sciencesin online mode organized by the UGC-Human Resource Development Centre, Jamia Millia Islamia, New Delhi, 2 – 18 August, 2022 (online)
- **Shah, Sapna Ratan**, Delivered online lecture on “Biomathematical study of biological systems”, in the refresher course in Life Sciences, (Interdisciplinary) organized byUGC Human Resource Development Centre, Bharathiar University, Coimbatore, Tamilnadu, 7 – 20 September, 2022 (online)

- **Gourinath, S.**, Delivered a lecture on “Revelation of a new pathways in the cysteine biosynthetic pathway of pathogenic bacteria”, at National Institute of Biomedical Genomics, Kalyani, 22 March, 2023
- **Gourinath, S.**, Delivered a lecture on “SVM based estimation of Ca<sup>2+</sup>-binding affinity in EF-hand proteins, Prediction and Validation”, at Virtual workshop on “Phylogenomics and Network Biology in the era of Machine Learning”, organised by Bioinformatics Facility, NCCS Pune, 16 March, 2023
- **Gourinath, S.**, Investigation into the role of FP10, a usual GEF in phagocytic cup formation of *Entamoeba histolytica* at UGC-SAP (DRS-II) sponsored national symposium on “Stress Biology: Recent Advances in Biochemical and Biophysical Research”, by Department of Biophysics and Biochemistry, University of Kalyani, 22 – 24 March, 2023
- **Jha, SK.**, Invited lecture on “Phantom in the brain”, Department of Paramedical Sciences, Faculty of Allied Health Sciences, SGTU, Gurugram, Haryana, 10 December, 2022
- **Jha, SK.**, Invited talk on “Sleep, Sleep-disorders and Cognition”, DIPAS, New Delhi, 26 – 28 July, 2022
- **Jha, SK.**, Invited talk on “The habit of sleeping less: A fashion or an invite for Cognitive and Neurophysiological disorders”, Department of Neurophysiology National Institute of Mental Health and Neuro Sciences, Bengaluru, 17 September, 2022
- **Jha, SK.**, Keynote talk, “Phantom limbs and virtual rehabilitation therapy”, NeuroEunoia-2022, Gargi College, Delhi University, New Delhi, 7 – 10 October, 2022
- **Kar, K.**, Invited lecture in “Refresher course in Zoology”, on the theme “Recent Advances in Zoology”, UGC-HRDC NEHU, Shillong, 21 – 5 January, 2023
- **Muthuswami, Rohini**, Epigenetics of host-pathogen interaction, lecture given via online mode, Refresher course in Life Sciences, UGC-HRDC Sant Gadge Baba Amravati University, 22 October, 2022
- **Natarajan, K.**, Invited seminar “In Black and White: Novel Regulatory Networks controlling Melanogenesis Uncovered by Chemo-genomic Profiling”, delivered at the Amity Institute of Biotechnology & Amity Institute of Integrative Sciences and Health, Amity University, Haryana, 10 January, 2023
- **Panwar, S.L.**, Invited lecture at the “Yeast India 2023” at IISER Mohali on “The unfolded protein response interaction network in *Candida albicans*”, 10 – 13 March, 2023
- **Puri N.**, Talk on “A Proteomics approach for regulating protein traffic in mast cells to tackle allergic diseases”, in national conference on “Biotechnology for Sustainable Development and Human Welfare”, Department of Biotechnology, School of Chemical and Life Sciences, Jamia Hamdard, New Delhi, 24 November, 2022
- **Puri N.**, Talk on “Utilizing Flowcytometry to study cellular responses of innate immune cells to allergens and pathogens”, in Summer Undergraduate Research Programme (SURP), Dr. B. R. Ambedkar Center for Biomedical Research, University of Delhi, Delhi, 6 June, 2022
- **Ramchiary, Nirala**, Invited lecture delivered on the topic “Differential gene Expression in plants”, in the DST Sponsored workshop on “Advance techniques in Plant Stress Biology”, at Department of Botany, Gauhati University, Assam, 7 – 13 November, 2022
- **Saran, Shweta**, Invited talk on “Alternative experimental models in Biological Research”, Tiruchirapalli, Tamilnadu, India, 13 May, 2022
- **Sarkar, A.K.**, Invited talk, “Plant Stem Cells and Architecture”, at UGC-HRDC Bharathi Dasan University, Tiruchirapalli, India, 11 August, 2022
- **Saxena, Ajay**, Keynote lecture, Title-Structure based drug/vaccine development, Workshop on Bioinformatics: Basic of Bioinformatics with research orientation” Institute of Biological Science, SAGE University, Indore, India, 29 August, 2022
- **Singh, R.P.**, Invited talk on “Targeting DNA repair for radiosensitization of cancer cell”, at Chittaranjan National Cancer Institute, Hazra Campus, Kolkata, India, 25 November, 2022
- **Singh, R.P.**, Invited talk, UGC–Human Resource Development Centre Sant Gadge Baba Amravati University, Amravati, India, Refresher Course – Life Sciences, 12 October, 2022
- **Verma, P.K.**, Invited talk, national symposium, Microbiome in climate change & food security at Amity Institute of Microbial Technology, Noida, India, 1 – 3 March, 2023

- **Mohan Dinesh**, Clarivate Analytics highly cited Researcher 2022, 'highly cited researchers' list published by Clarivate Analytics for the **NINTH** consecutive year, 15 November, 2022  
Prof. Dinesh Mohan included in the 2022 'highly cited researchers' list published by Clarivate Analytics for the **NINTH** consecutive year (15 Nov 2022). Highly Cited Researchers 2022 have demonstrated significant and broad influence reflected in their publication of multiple highly cited papers over the last decade.  
These highly cited papers rank in the top 1% by citations for a field or fields and publication year in the Web of Science™.
