54<sup>th</sup> Annual Report  
(1 April 2023 to 31 March 2024)

## Hon'ble VC Message:

**By**  
**Prof. Santishree Dhulipudi Pandit**  
**Vice Chancellor**

**J**awaharlal Nehru University, a premier University in India and a world renowned for its cutting-edge research and academic excellence, has successfully released its Annual Report for the year 2023-2024. I am profoundly gratified for the remarkable strides we have made collectively. Our steadfast commitment to scholarly excellence, pioneering research, and profound community engagement has not only fortified our institution but has also significantly enriched the lives of our students and the wider society.

**The National Institutional Ranking Framework (NIRF) of the Ministry of Education has consistently ranked JNU in the top two for the last eight years in the University Category.**

The University was envisioned as an institution essentially for post-graduate teaching and research. The Academic Advisory Committee of the University had originally planned that the University would be broadly structured into Schools, each with constituent Centres. Currently, the University has 14 Schools, 38 Centres, and 9 Special Centres.

Further, JNU has granted recognition/accreditation to 6 Defence Institutions, and 25 Research Institutions over the years.

Our academic members published 159 books, 351 book chapters, and 1171 papers/articles in journals, took part in 2095 seminars, conferences, and workshops, gave 1641 lectures outside of JNU, and granted 380 research projects in 2023–2024.

Our esteemed faculty have continued to inspire and cultivate an environment wherein intellectual curiosity flourishes and critical inquiry is paramount. The unwavering dedication of our staff has ensured that we provide the necessary support for every member of our university family, thereby upholding our mission of inclusive and transformative education. Moreover, our unwavering commitment to diversity, equity, and inclusion remains central to our ethos. We have instituted initiatives that foster a welcoming and inclusive environment, ensuring that every individual feels valued and heard. It is through our diverse community that we derive both strength and perspective, enriching our collective experience.

We thank the Ministry of Education for its generous support. We personally thank the Chancellor, members of the Academic and Executive Councils, Deans, Chairpersons of various Centres, and all of our colleagues for their support and encouragement. We also thank the students for their excellent behaviour and their efforts to improve campus.

We look forward to working with our stakeholders to accomplish the University's goals of excellence in teaching and research as well as societal impact.

Jai Hind!

# **HIGHLIGHTS**

## HIGHLIGHTS

Jawaharlal Nehru University, established in 1966, serves as a worthy National Memorial to Pandit Jawaharlal Nehru, a great statesman and visionary, and the first Prime Minister of India. Formally inaugurated on 14 November 1969 by Shri V. V. Giri, the then President of India, the University laid down the following objectives for itself:

*to disseminate and advance knowledge, wisdom and understanding by teaching and research; and by the example and influence of its corporate life to promote the study of the principles for which Jawaharlal Nehru worked during his life-time, namely national integration, social justice, secularism, a democratic way of life, international understanding and a scientific approach to the problems of society.*

Towards this end, the University was entrusted with the task of:

- fostering the composite culture of India through the establishment of such institutions or departments as may be required for the study and development of the languages, arts and culture of India;
- taking special measures to encourage students and teachers from all over India to join the University and participate in its academic programmes;
- promoting awareness and understanding of the social needs of the country in the students and teachers and prepare them for fulfilling such needs;
- making special provision for integrated courses in humanities, social science and science and technology in the educational programmes of the University;
- taking appropriate measures for promoting interdisciplinary studies in the University;
- establishing such departments or institutions as may be necessary for the study of languages, literature and life of foreign countries with a view to inculcating an international understanding and holistic perspective amongst students; and
- providing facilities for students and teachers from various countries to participate in the academic programmes and activities of the University.

Given below are details of activities of Schools, Centres and other bodies of the University from 1 April 2023 to 31 March, 2024.

The Time Resolved Luminescence/ Fluorescence Spectrometer that is one of the analytical equipments of AIRF was installed in the facility in the reporting period and is in regular operation.

The instruments housed in the AIRF are Transmission Electron Microscope (TEM), Scanning Electron Microscope (SEM), Gas Chromatograph Mass Spectrometer (GCMS), Flow Cytometer and Cell Sorter, Circular Dichroism (CD) Spectrometer with Stop Flow, X-ray Diffraction (XRD), Surface Plasmon Resonance (SPR), Liquid Nitrogen Plant, TEM & SEM Sample Preparation Laboratory, Inverted Research Fluorescence Microscope, Manual Hydraulic Press for FTIR, Muffle Furnace, Mixed Signal Oscilloscope, Critical point Dryer, Turbo Freeze Dryer with liquid nitrogen fed cold stage etc.

## **UNIVERSITY BODIES**

The regulating bodies responsible for the functioning of the University are the University Court, the Executive Council, the Academic Council and Statutory Committees such as the Finance Committee.

### **University Court**

The Court is the supreme authority of the University and meets once a year, on a date fixed by the Executive Council, to consider a report on the working of the University during the previous year together with a statement on the receipts and expenditure, the balance sheet as audited and the budget for the next financial year. The Court is vested with the powers to review the acts of the Executive Council and Academic Council (save when these authorities have not acted in accordance with the powers conferred upon them under the Act, the Statutes and the Ordinances) and to exercise the powers of the University not otherwise provided in the Act or the Statutes.

### **University Court Meeting - 4 December, 2023**

The University Court in its meeting on 4 December, 2023 received the Annual Report on the working of the University for the period 1 April, 2022 to 31 March, 2023 with a statement of receipt and expenditure and statement of assets and liabilities as audited for the financial year 2022-2023 and also the budget for the financial year 2023 – 2024.

## **Executive Council**

The Executive Council is the executive body and is inter alia vested with the powers to make appointments of the members of the faculty and other group 'A' officers on the recommendations of the Selection Committees, fix their emoluments and define their duties. The Executive Council is also vested with the powers to maintain discipline amongst the teaching and non-teaching employees in accordance with the provisions of Statutes and Ordinances and manage and regulate the finances, accounts and other administrative affairs of the University.

The Executive Council deliberated upon various administrative and academic matters and took important decisions. It also considered and approved action taken by the Vice-Chancellor on matters of urgent nature in exercise of the powers conferred upon him in terms of the Statutes/Organances. The Council also approved the action taken by the Vice-Chancellor in approving the recommendations of various Selection Committees for faculty and non-teaching appointments.

## **Academic Council**

The Academic Council is the top academic body of the University and is inter alia vested with the powers to propose establishment of Departments, Special Centres and specialized laboratories to the Executive Council. The Academic Council is also vested with the powers to recommend to the Executive Council the creation and abolition of teaching posts, their classifications, draft ordinances on admissions and examinations, appointment of examiners and fixation of their fees, conferment of honorary degrees and proposals for instituting fellowships, scholarships etc. The Academic Council is further vested with the power to recognize diplomas and degrees of other Universities/Institutions, appoint Committees for admission to the University, make arrangements for the conduct of examinations, fixing dates for holding them and declaring results of various University exams etc.

<b>Academic Council Meetings</b>	-	<b>16 May, 2023</b>
	-	<b>12 September, 2023</b>
	-	<b>28 March, 2024</b>

The Academic Council in its meetings co-opted members from various institutions, nominated faculty members/experts on the Boards of Studies/ Special Committees of various Schools / Special Centres and received factual data for admissions in 2023-2024.

## ***FINANCE COMMITTEE***

The Finance Committee is a statutory body of the University. It considers the Budget and Expenditure Proposals, all proposals for new/additional posts, accounts of the University, the Audit Report and all other financial and accounting matters. Its recommendations are placed before the Executive Council for approval.

<b>Finance Committee Meetings</b>	-	<b>27 June, 2023</b>

## The Legend

*A university stands for humanism, for tolerance, for reason, for the adventure of ideas and for the search of truth. It stands for the onward march of the human race towards ever higher objectives. If the universities discharge their duties adequately, then it is well with the Nation and the People.*

This visionary statement by the first Prime Minister of Independent India on the occasion of the diamond jubilee celebration of Allahabad University on 13 December, 1947, reflects the great importance that Jawaharlal Nehru attached to university education in India. He firmly believed that universities could play a crucial role in shaping and strengthening the life of a nation by inculcating in their students the cardinal values in which he believed.

As a fitting tribute to his vision, Jawaharlal Nehru University was established in 1966 under the JNU Act, 1966 (53 of 1966). As a further mark of respect, the University was formally inaugurated by the late Sh. V. V. Giri, the then President of India, on the birthday of Panditji on 14 November 1969, which also coincided with the birth centenary year of Mahatma Gandhi.

The University's objectives are:

*to disseminate and advance knowledge wisdom and understanding, by teaching and research; and by the example and influence of its corporate life to promote the study of the principles for which Jawaharlal Nehru worked during his life-time, namely national integration, social justice, secularism, democratic way of life, international understanding and a scientific approach to the problems of society.*

The uniqueness of JNU is evident from its basic philosophy, policies and programmes which are spelt out and embodied in the University Act. Accordingly, the University has always striven to evolve such policies and programmes of study as would be a qualitative and distinct addition to the national resource base in higher education instead of reflecting mere quantitative expansions of the existing facilities. The University thus has been concentrating on programmes that are of relevance to national progress and development. In this regard, the University has taken the following initiatives:

- A conscious effort has been made to promote ideas of national integration, secularism, scientific outlook, cosmopolitan and humanistic approach towards life.
- The national character of the University has been maintained by selecting students and faculty from all regions of the country.
- An interdisciplinary approach to teaching and research has been promoted in recognition of the fact that knowledge is indivisible and, accordingly, a structure of Schools and Centres of teaching has been established.
- The emphasis on teaching and research in non-conventional areas has ensured that duplication of facilities available in other universities is avoided as far as possible.
- Care has been taken to establish a model School of Language Teaching and Research in Indian as well as foreign languages with well-equipped language laboratories and Centres, where the study of the literature, culture and civilization of the countries concerned becomes feasible and effective.
- A system has been evolved whereby main academic decisions, such as the courses to be taught, their content and the methods of evaluation, are taken by the teachers themselves.
- Admissions are made entirely on merit through an open all-India Entrance Examination, conducted by NTA across the country.
- In accordance with the policy of the Government of India, the University provides reservations in both students' admissions.
- There is a liberal provision for merit-cum-means scholarships/fellowships. Students as well as faculty members are provided with financial support to undertake field trips in connection with their research both within the country and abroad.
- Participation in exchange programmes with universities/institutes abroad is encouraged to promote international understanding. The University has signed Memoranda of Understanding with a large number of foreign universities and institutions.
- A Grievance Redressal Committee has been set up to promote cordial relations between the students and the University administration.

The University was envisioned as essentially a post-graduate teaching and research institution. Presently, the University is structured into fourteen Schools and nine Special Centres:

1. School of Arts and Aesthetics
2. School of Biotechnology
3. School of Computer and Systems Sciences
4. School of Computational and Integrative Sciences (earlier School of Information Technology)
5. School of Engineering
6. School of Environmental Sciences
7. School of International Studies
8. School of Language, Literature and Culture Studies (earlier the School of Languages)
9. Atal Bihari Vajpayee School of Management and Entrepreneurship
10. School of Life Sciences

## ADMISSION PROCESS

Admission to various programmes of study is regulated by policy and procedure approved by the Academic Council of the University from time to time.

The approximate number of seats available in each programme of study is decided by the Academic Council on the recommendations of the concerned Centres/Schools.

**Reservation in admissions:** The University provides (15% for SC and 7.5% for ST,) 27% for OBC 10% for EWS category and 5% for the person with disability. Over and above the intake fixed for each programme, 20% of seats are also reserved for foreign nationals, (except Ph.D. programme). Of this quota of 20%, upto 10% of seats are reserved for those appearing in the entrance examination and the remaining 10% for candidates applying from abroad whose cases are considered in Absentia. The ratio is interchangeable if necessary.

**Admission Notice:** The Admission Announcement for admission to various programmes of study at UG/COP, PG & Ph.D. level is published separately in appropriate media by JNU/NTA for information of prospective candidates.

**Computer Based Test (CBT):** The CBT test for admission to various programmes of study is held at various centres all over the country conducted by NTA. Admission is made purely on merit, taking into account the candidate's performance in the CBT and the viva-voce, wherever prescribed.

**Eligibility requirements for appearing in the entrance test:** The eligibility criteria (for both general and reserved category candidates) for appearing in the entrance examination are formulated as per the guidelines laid down by the University in this regard. Candidates who are appearing in their respective qualifying examinations are also permitted to appear in the CBT. In the event of selection, however, their admission is subject to their passing and securing the prescribed percentage of marks in the qualifying examination and submission of all documents, including the final marksheet of the qualifying examination at the time of admission.

**Viva-voce examination:** Candidates seeking admission to Ph.D., programmes are required to appear for a viva-voce examination which is assigned 30% marks for Ph.D, all candidates who have secured a minimum of 50% marks for

General & EWS Category and 45% marks for SC, ST, PWD and OBC Category Candidates in the written examination are invited for viva voce.

**Selection of candidates:** Separate merit lists are prepared for General, EWS, SC, ST, PWD and OBC candidates and foreign nationals for each course/programme of study. Final selection of candidates is made on the basis of their *inter se* merit in their respective categories based on their performance in the written test and viva-voce examination (wherever prescribed) and the score of deprivation points (wherever applicable).

**Registration:** The candidates who are selected for admission are required to complete all registration formalities within the time schedule drawn up by the university.

## **University Bodies**

The University has certain regulatory bodies responsible for its functioning. These include the University Court, the Executive Council, the Academic Council and the Finance Committee.

### **Academic Council**

The Academic Council had its meeting on 16.05.2023; 12.09.2023; and 28.03.2024 and took several important decisions, including those to be placed before the Executive Council.

**SCHOOL OF ARTS &  
AESTHETICS  
(SAA)**

### SCHOOL OF ARTS AND AESTHETICS

## School of Arts and Aesthetics (SAA)

The School of Arts and Aesthetics offers post -graduate degree courses (MA and PhD) in the theoretical and critical study of cinema, visual and the performing arts. Unlike other schools of fine art, theatre, dance and media studies that teach the practice of the arts (painting, dancing, film making) this is a Humanities School that offers an advanced – level of training in history and criticism of the arts, producing a cadre of scholars, critics and historians of the arts.

The School's pedagogy and research takes into account new ways of thinking about culture using a wide array of critical and theoretical approaches. Students are introduced to a range of research methods that combine archival, ethnographic, theoretical and cultural approaches and are encouraged to explore the interface between theory and practice. For this, the faculty encourages students to visit museums, exhibitions, and monuments and to attend festivals of theatre, film, dance and music. The school frequently hosts interactive sessions with eminent scholars and practitioners from within the country as well as from overseas. It leads research oriented field – trips to and site – seminars at archaeological sites and monuments as well as to document rituals and performances. The school has a number of media labs in which classes are held.

In general the MA course offered by the School is cross – disciplinary. A range of core courses first offer an introduction to the visual, cinematic and performing arts, which are followed by core courses that focus on the history of these fields in India. Optional courses allow for a more intense engagement within the MA with particular areas or methods. The Ph.D programme offers a specialized focus in each of the three disciplines viz. Cinema Studies, Theatre and Performance Studies, and Art History and Visual Studies.

However, the lockdowns on account of the pandemic and the inability to be able to teach classes physically has been exceptionally challenging for disciplines in which the very basis is a physical interaction with rituals, spaces, artworks and performers. The faculty modified its pedagogy in all sorts of ways to compensate for this loss and the Board of Studies recommended its innovative strategies to tide over the exigencies.

Over the years the School has also built up a valuable and expanding library and archive of photographs, audio and video recordings. This proved to be an invaluable back-up during the period when online instruction was the norm. Almost all teaching is multi – media to help students maintain live contact with performance, visual art and film. Students are encouraged to undertake their own field trips, and for this they are taught documentation methods, they are taught to curate exhibitions in the art gallery, to organize film festivals on specific themes and observe performance practices. The School continues to enrich the cultural environment of the University and the larger cause of the art studies. Through its degree programmes, research output, conferences, seminars, popular and scholarly publications, curatorial and performative projects and its alumni who are working in innumerable arts institutions and centres of learning, the School of Arts and Aesthetics has made a mark in the fields both in India and abroad.

**SCHOOL OF BIOTECHNOLOGY  
(SBT)**

## SCHOOL OF BIOTECHNOLOGY (SBT)

The School of Biotechnology (SBT) was founded in 1985 as the first resource centre of biotechnology by the Department of Biotechnology (DBT), Government of India. The SBT imparts the Masters and Ph. D. Programmes rooted in multidisciplinary skills of biotechnology, which prepare students to fulfil their careers in biotechnology and develop their innovations in bioentrepreneurship. The availability of elective courses in the curriculum enables the students to specialize in subjects of their interest. The SBT academic and research programs also have basic to advanced biotechnology infrastructure and facilities, allowing students to enhance their research and innovation skills. The SBT is home to academicians and researchers with diverse and interdisciplinary backgrounds, helping to drive national strategic developments toward educational policies and their demands. The SBT faculty members continue to receive funding from different funding agencies, including DBT, DST, ICMR, CSIR, and DRDO, etc., and some of them also spin out biobusiness incubated at JNU. Our alumni hold academic/scientific positions in many reputed national and international universities/institutes and also work in prominent biotechnology companies in India or abroad. The school has been awarded UGC-SAP, DST-FIST, and DBT-BUILDER programs in participation with other schools of the university. The SBT's mission is to expand the reach and uses of biotechnology through education, professional development, and advancements in biotechnology knowledge.

### New Courses

#### M.Sc (Biotechnology)

- Molecular and Cell Biology of Rare Diseases (Credit-02) by Dr. Ranjana Arya
- Microbiome Biotechnology (Credit-02) by Dr. Arvind Pratap Singh

#### PhD Programme

- Microbiome Therapeutics and Diagnostic (Credit-03) by Dr. Arvind Pratap Singh

#### Conferences organized by the School: (07)

- 12<sup>th</sup> Annual Conference “BIOEPOCH” of SBT organized by Prof. Kashyap Kumar Dubey and Dr Jaydepp Bhattacharya, 28 March, 2024
- SBT-JNU Alumni Conference “ Pratibimb” organized by Prof. Kashyap Kumar Dubey and Dr Ravi Tandon, 25 January, 2024
- Hands-on workshop on 3D Spheroid and Organoid Culture-Tools for Human Health Research, by Prof. Rupesh Chaturvedi (SBT) and Prof. Rana P. Singh (SLS), 23-25 November, 2023
- One Day Workshop, Musculoskeletal Problems and Ergonomics: Post COVID, Keynote Speaker, Prof. Uma Kumar, AIIMS, New Delhi By Prof. Kashyap Kumar Dubey and Dr Ranjana Arya, 28 August, 2023
- One day Workshop entitled “Research opportunities and Higher Study in Germany” followed by a Scientific session “Recent advances in Biological Sciences” by Dr. Jaydepp Bhattacharya, 28 July, 2023
- Prof. Deepak Gaur Memorial Lecture, organized by Prof. Kashyap K. Dubay and Dr. Ranjana Arya, Executive Director, Regional Centre for Biotechnology, Faridabad, delivered a lecture on Virus-Complement Tango: A Molecular Perspective, 18 September, 2023
- One-Day Seminar, organized by Prof. Kashyap K. Dubay and Dr. Ranjana Arya Donaka Rajashekar, The Azrieli Faculty of Medicine, Bar-Ilan University, Israel, delivered a talk on The Role of srebf1 and sox6 on Musculoskeletal Health in Zebrafish Genetic Model, 5 January, 2024

#### Visitors to the School

- Prof. Rajvir Dahiya, School of Medicine, UCSF, University of California, San Francisco, USA, visited SBT and delivered a lecture on A Novel mRNA Genome Technology for Precision Medicine and Oncology, 1 November, 2023
- Prof. Amar Singh, University of Nebraska Medical Centre, USA, visited SBT and delivered a lecture on Inflammatory Bowel Disease and Mucosal Healing: A Molecular Perspective, 4 October, 2023

- Dr. Kamiya Mehla, College of Medicine, University of Oklahoma, USA, visited SBT and delivered a talk on Vitamin B6 limitation induces NK cell dysfunction in Pancreatic cancer, 20 November, 2023
- Prof. Bal Ram Singh, President, Institute of Advanced Science, Massachusetts, USA, visited SBT and delivered an Invited Talk on The Biotechnology of Three Billion-Year-Old Bacteria Helping in COVID Care, 22 January, 2024

## **Accomplishment of students**

### **Following Students (M.Sc. Biotechnology, Batch 2022-2024) Qualified National Level Examinations or Ph.D offers**

- Ankish Kumar (220510000558): BARC (DBT-JRF/TIFR EXAM)
- Gourav Maharia (220510000565): DBT BET JRF 2024, CSIR-NET 2023, PhD offer: Department of, Biological Sciences, TIFR, Mumbai
- Pathik Raja (220510000262): CSIR- JRF/BARC
- Pranshu Tyagi (220510000056):GATE XL/TIFR DBT JRF
- Ramon Boro (220510000214): CSIR-UGC JRF, 2023, PhD offer: Department of Biochemistry, IISc, Bangalore & Department of MCB,IISER, Pune
- Rohan Alag (220510000346): DBT- JRF/ TIFR FOR PH.D
- Thayalan A (220510000708): CSIR- NET JRF, LS/DBT-JRF, GATE 2024
- Waliya Fatima USMANI (220510000758): DBT BET JRF, GATE 2024, PhD offer: Department of Biological Sciences, TIFR, Mumbai
- Mandeep (220510000742): DBT- JRF
- Aberam Nagarajan (2022074): GATE BT-XL, 2024

## **Any other information**

- National Science Day-24 celebration by Prof. Rajiv Bhatt, Dr. Arvind P Singh, Dr. Virendra, Prof. Dinakar M. Salunke, Former Director, ICGEB, New Delhi, delivered a talk on Indigenous Technology for Viksit Bharat followed by Science Activities, 28 February, 2024
- Prof. Kashyap K. Dubey, Dean, SBT, started a Lecture Series on Biomanufacturing and an Inaugural Lecture delivered by Dr. Jitendra Kumar, Managing Director Biotechnology Industry Research Assistance Council, BIRAC, 24 January, 2024
- Dr Amit Kumar Rai, Scientist D, National Agri-Food Biotechnology Institute, Mohali, Punjab, delivered a talk on the Translation of Traditional Fermented Food as Functional Foods Enriched with Bioactive Molecules Using Foodomics Approaches under Lecture Series on Biomanufacturing, 29 February, 2024
- M.Sc students (71) from RPS Degree College, Haryana, visited SBT to provide students with insights into the cutting-edge research and facilities available at the SBT, as well as to foster interaction with SBT faculty members. 27 February, 2024
- On the occasion of Internation Women's Day, SBT organized a Seminar by Prof. Kashyap K. Dubay and Dr Ranjana Arya, Dr. Geetha Vani Rayasam, Scientist, CSIR-HRDG, who delivered a talk on Encouraging Women in Stem, 8 March, 2024.

## **Future Plans**

- Campus-wide electives: In the future, SBT launch a few new campus-wide courses for JNU students of other disciplines to learn biotechnology. For example, a JNU student of humanities may take an elective course in biotechnology.
- Outreach Program: SBT faculty members would continue to reach out to the grassroots
- Level (various schools and colleges) and offer lectures, hands-on sessions, and group discussions.
- Establish Academia and Industry Chair.
- Encourage spin-offs to generate revenue and novel avenues of employment.
- The new building of SBT has been planned

## School of Computational and Integrative Sciences (SC&IS)

The **School of Computational and Integrative Sciences (SC&IS)**, Jawaharlal Nehru University, presently has two academic groups dedicated to the areas of *Computational Biology and Bioinformatics* study and **Complex Systems**. The overarching objective of the School is to develop and apply computational methods, and techniques in different subject domain cutting disciplines, with a special interest in the broad area of life sciences. Research investigations are carried out in theoretical, experimental and translational aspects of the chosen problem. This mission is reflected in the diverse faculty profile of the school which comprises researchers from the fields as varied as Genomics, Computational Biology, Plant Biology, Complex Systems, Bioenergy, Statistical Data Analysis and Modelling, pattern recognition, machine learning and AI, Theoretical and Computational Chemistry, Petri nets and Graph Theory, Mathematical Biology, Computational Radio Frequency and Microwave, Antenna applications for Biomedical application. The current faculty strength is sixteen and further expansion is in progress. The integrative and interdisciplinary mode of teaching and research of the school is unique in the University system and SCIS, JNU has been identified and funded as “Centre of Excellence (CoE) by Deptt. of Biotechnology, Govt. of India.

### Academic programmes of the School:

- Ph.D. programme in Computational and Integrative Sciences
- M.Sc. programme in Computational and Integrative Sciences
- Post-Graduate Diploma in Big Data Analytics (Biological big data)

### Visitors to the School/Centre

- **Prof. Vijay Tiwari**, Professor and Chair Wellcome-Wolfson Institute for Experimental Medicine, QUB, UK & Institute of Molecular Medicine, SDU, Denmark, 3 April, 2023
- **Prof. H.A. Nagarajaram**, University of Hyderabad, Hyderabad, 25 December, 2023
- **Dr. Sudin Bhattacharya**, Department of Biomedical Engineering, Department of Pharmacology and Toxicology, Institute for Quantitative Health Science & Engineering, Michigan State University, 16 May, 2023
- **Dr. Rajdeep Singh Payal**, Physics Division SASL, VIT Bhopal, Kothrikalan, Sehore Madhya Pradesh, 26 June, 2023
- **Prof. Rajib Kumar Mitra**, Department of Chemical and Biological Sciences, S.N. Bose National Centre for Basic Sciences, Block JD, Sector III, Salt Lake, Kolkata, 10 August, 2023
- **Prof. D.S. Hooda**, (Former PVC Kurukshetra University), Honorary Prof. in Mathematics, GJ University of Science and Technology, Hisar, Haryana, 14 September, 2023
- **Prof. Ramakrishna Ramaswamy**, Visiting Professor, Department of Chemistry, IIT Delhi, 27 September, 2023
- **Dr. Dharmendra Kr. Yadav**, National Institute of Health & Family Welfare (NIHFW), New Delhi, 31 October, 2023

- **Dr. Dipika Bansal**, Associate Professor, Clinical Research Unit, NIPER, Mohali, 2 February, 2024
- **Prof. Seyed Ehtesham Hasnain**, National Science Chair at IIT, Delhi and Distinguished Professor, Sharda University, Greater Noida, 3 February, 2024
- **Prof. Prasad V. Bharatam**, Department of Medicinal Chemistry, National Institute of Pharmaceutical, Education and Research, NIPER, Mohali, 10 February, 2024
- **Prof. Debnath Pal**, Dept. of Computational and Data Sciences, Indian Institute of Science, Bangalore, 17 February, 2024
- **Prof. Saurabh Raghuvanshi**, Department of Plant Molecular Biology, University of Delhi South Campus, New Delhi, 24 February, 2024
- **Dr. Dipak Datta**, CSIR-Central Drug Research Institute, Lucknow, 2 March, 2024

### Accomplishment of students

- **Ms. Anuja Jain**, Ph.D. student to attend 22<sup>nd</sup> International conference on Bioinformatics (INCOB- 2023) at the Translation Research Institute (TRI) Brisbane, Australia, 12 – 15 November, 2023
- **Ms. Harbinder Kaur**, Ph.D. student to attend international conference for Computational Biology (ISCB), RSGDREAM 2023 at The University of California, Los Angeles, USA, 20 November – 4 December, 2023
- **Mr. Sujeet Kumar Mishra**, Ph.D. student to attend 9<sup>th</sup> International conference on Signal Processing and Communication (ICSC 2023), at Department of Electronics and Communication Engineering at the JIIT, Noida, Uttar Pradesh, 21 – 23 December, 2023
- **Mr. Ajeet Kumar Yadav**, and **Mr. Vikas Yadav**, Ph.D. students to attend conference on Theoretical Chemistry Symposium (TCS- 2023) Department of Chemistry, at the Indian Institute of Technology, Madras, 7 – 10 December, 2023
- **Ms. Pooja Singh**, Ph.D. student to attend conference on 4<sup>th</sup> Science Conclave cum National Biomedical Research Competition (NBRCOM), at the ESIC Medical College MIA, Alwar, Rajasthan, 9 – 10 December, 2023
- **Mr. Shrawan Kumar Choudhary**, Ph.D. student to attend conference on JNCASR-CECAM MD@60 at Bangalore, India, 25 – 29 February, 2024
- **Ms. Pooja**, Ph.D. student to attend Conference on 46<sup>th</sup> Indian Biophysical Society Meeting, at the TIFR, Hyderabad, India, 15 – 17 March, 2024

### The school's students having the following fellowships:

- UGC-JRF = 05
- CSIR-JRF = 04
- CSIR-SRF = 04
- ICMR-SRF = 03
- NFOBC-JRF = 01
- PMRF = 01
- NFSC = 03
- DBT-JRF = 01

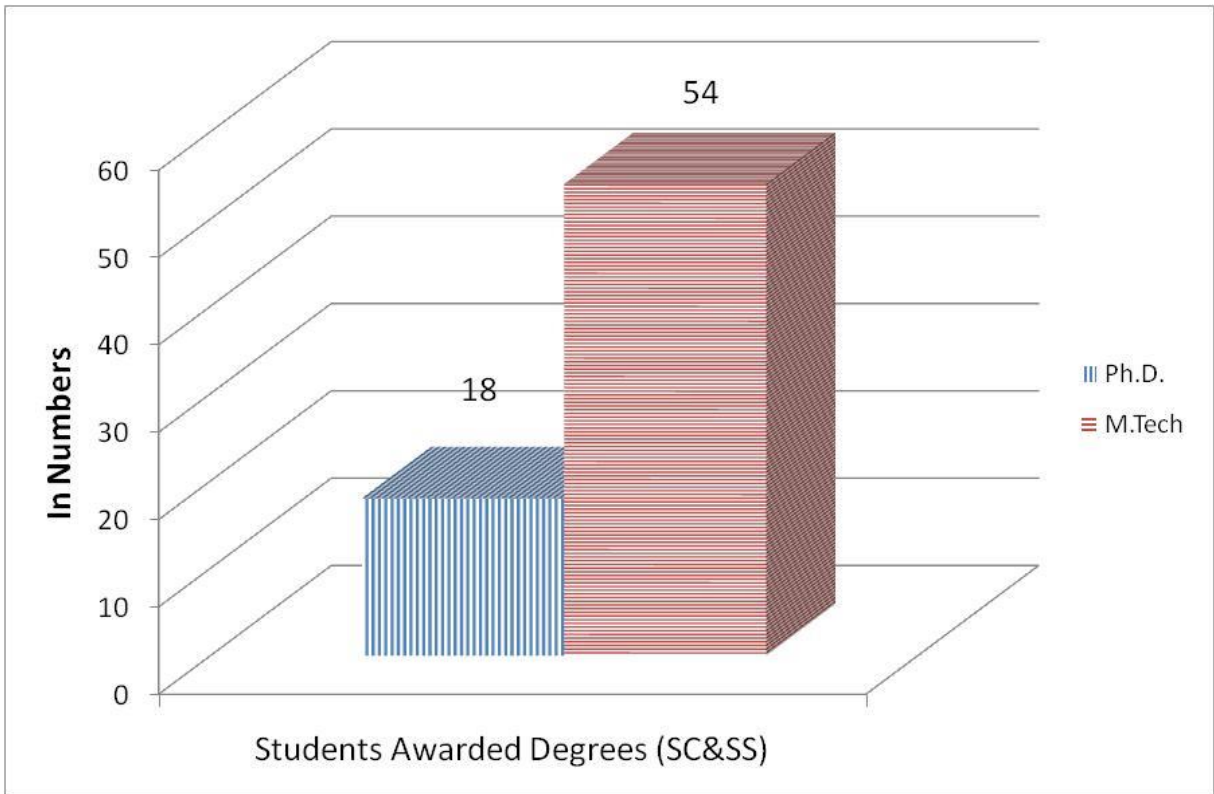

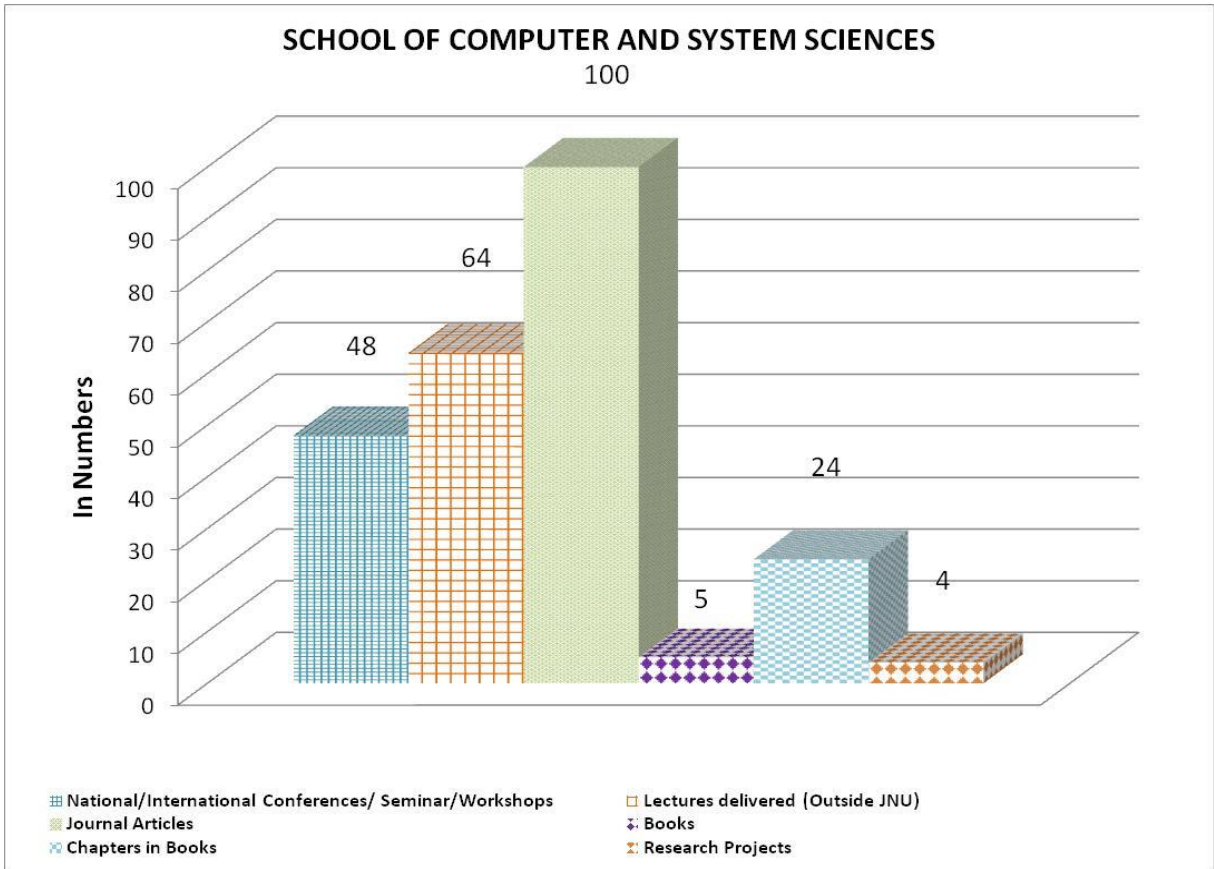

### Future plans

- Expansion of space for faculty lab and high performance computing systems infrastructure.
- Set-up theme labs for inter disciplinary research collaboration.
- To enhance the thrust areas of research with other institutions also.
- To facilitate academic - industry link and interactions.

**SCHOOL OF COMPUTER AND  
SYSTEMS SCIENCES  
(SC&SS)**

## SCHOOL OF COMPUTER AND SYSTEMS SCIENCES (SC&SS)

Ever since its inception in 1974, the School of Computer and Systems Sciences has been evolving itself with a focus on the latest trends in research in the area of Computer and Systems Sciences. The School offers programmes such as Master of Computer Applications (MCA), Master in Technology (MTech) in Computer Science and Technology, MTech in Data Science and PhD programmes in Computer Science and in Microsystems. These programmes are designed to provide the necessary theoretical background, practical experience and research orientation in the area of Computer and Systems Sciences. The research level work is carried out by the students in the form of a dissertation in the MTech programme and a thesis in the PhD programme of the School. The in-house projects carried out by MCA students also focus on real-life research problems in addition to meeting the growing manpower requirements of the Global Software and Hardware Industry.

The School focuses on five thrust areas for research namely, Data Communication and Computer Networks, Parallel and Distributed Systems, Software Systems and Engineering, VLSI and MEMS Technology and Artificial Intelligence and Data Science.

The research in Data Communication and Computer Networks focuses on Wireless Sensor Networks, Wireless Communication, Adhoc Networks, Vehicular Adhoc Networks, Software-defined Networking, Intelligent Transport Systems, Information Security, Network Security and Cryptography, Network attacks Prevention and Detection, Adaptive security, Energy Harvesting in IoT etc.

The research in Parallel and Distributed Systems focuses on parallel and distributed simulation, agent-based and data-driven modelling and simulation, Collaborative Technologies and Applications, IoT and Blockchains, Resource Provisioning and Allocation, Efficient and Reliable Cloud Storage, Cloud Virtualization, Fog and Mist Computing, Cloud Security, Cloud economics etc.

The research in Software Systems and Engineering focuses on Distributed and Green Software Development, Software Design Patterns, Fault-tolerant Systems, Software Dependency Modelling, Software Testing, Software Reliability and Availability, Software Performability, Fault Identification and Analysis, Software Maintenance and Evolution.

The research in VLSI and MEMS technology focuses on VLSI design and verification, Nano-electronics, IoT Systems-sensors and Memory, Microwave Biosensors, Triboelectric Energy Harvester, Pollution Monitoring and Healthcare System, MEMS Fabrication, Polymer MEMS, RF MEMS etc.

The research in Artificial Intelligence (AI) and Data Science focuses on Distributed Databases, and Query Language, Data Warehousing and Materialized Views, Information Retrieval, Ontology and Semantic Web, Natural Language Processing, Machine Learning, applications of AI to healthcare, Biotechnology, Genetics, Agriculture, Education, Smart Mobility and Transportation, Energy, Climatology, Disaster Management, Business and E-Commerce, Social Networks in addition to its applications to the above-mentioned thrust areas.

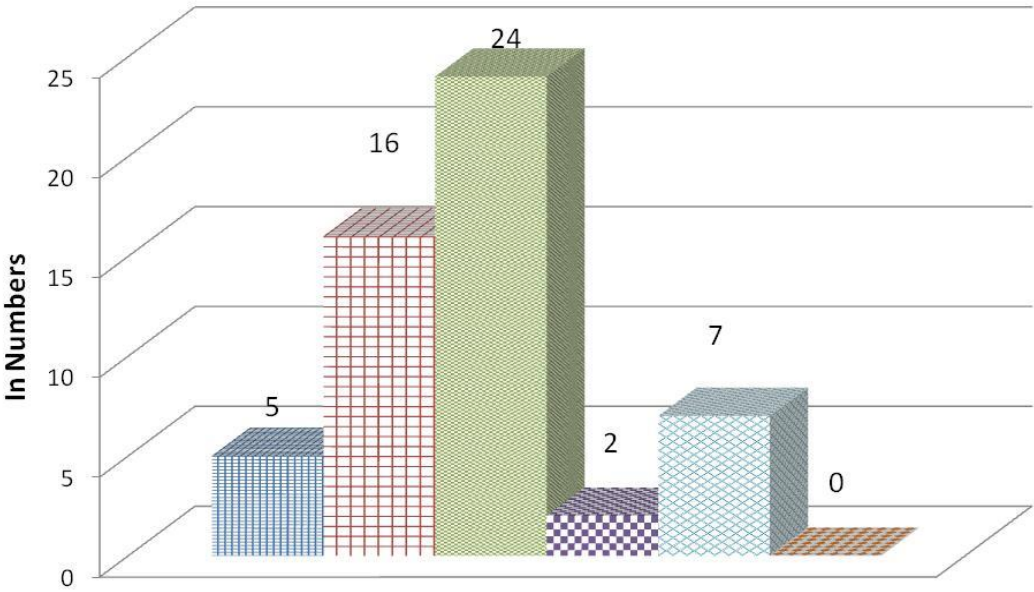

In addition to the above, the School's objective is to evolve its research and focus area in accordance with the rapidly changing trends in Computer Science and Technology.

## School of Engineering (SoE)

School of Engineering founded in year 2018, is the youngest and the most promising School of the University, attracting young and brilliant minds from across the country. The first batch, i.e. 2018-23, comprises students who are among the top 0.02% percent of total eligible students with ranks opening at AIR 1636 in JEE Mains. The dual degree programme, in the School of Engineering, is one of the few programmes in the country that teaches students about technology and how to apply it to society's long-term growth. Apart from the departmental requirements in the core engineering discipline, students take mandatory foundation courses in basic sciences, humanities, social sciences, and engineering sciences throughout the first half of the programme. The School has been offering five years dual degree programme comprising B. Tech. programme in Computer Science and Engineering and B.Tech programme in Electronics and Communication Engineering with M.Tech programme in Computer Science and Engineering, VLSI and RF and Microwave Engineering, and M.S. programme in Computational Biology, International Relations, Korean Studies, Management and Economics. Since 2023, the School has started four year B.Tech programme in Computer Science and Engineering and B.Tech programme in Electronics and Communication Engineering. From 2025 onwards, the School will offer admission to the three new M.Tech programmes in Computer Science and Engineering, Electronics and Communication Engineering, and Materials Science and Technology. The School aspires to be at the forefront in offering interdisciplinary research - a goal in JNU's charter.

### New Courses

- “Introduction to quantum computing” (3 credits- elective course) introduced for UG/PG students of B.Tech/M.Tech.
- “Digital Signal Processing” (4 credits- elective course) introduced for UG students of B.Tech ECE.
- “Applied Antenna Theory” (3 credits- elective course) introduced for UG/PG students of B.Tech/M.Tech ECE.
- “Mathematics of Programming” (3 credits- elective course) introduced for UG/PG students of B.Tech/M.Tech.
- “Mobile Application Development” (3 Credits- elective course) introduced for UG/PG students of B.Tech/M.Tech CSE.
- “Operational Research” (3 Credits- elective course) introduced for UG/PG students of B.Tech/M.Tech ME.
- “Time Series Analysis” (3 credits – regular course) introduced for UG/PG students of B.Tech/M.Tech and Ph.D.

### Visitors to the School

- Mr. Subash Koritepati, Indian Revenue Services, was the resource person for Career Guidance Session conducted, 2 November, 2023
- Dr. Madhusudan Pal, Scientist G – DRDO Director – CoEs FDDI, delivered a lecture on “Concept of Ergonomics and Biomechanics in Footwear Design and Development” organized, 2 November, 2023
- Mr. Ramveer Tanwar, Founder, SayEarth, delivered a special talk on “Environment, 28 November, 2023
- Dr. Kalpana Johari, Associate Director, CDAC Noida, conducted a Bootcamp on “UAS, Simulators and Sensors” 17 – 22 January, 2024

## School of Environmental Sciences (SES)

The School of Environmental Sciences (SES) The School of Environmental Sciences was established in the year 1974 and was the first of its kind in India to impart education and initiate research in environmental sciences. The school has been offering the Ph.D. Program since 1975 and the Master of Science (M.Sc.) Program since 1987 successfully. Ever since its inception, the school has been engaged in multidisciplinary research in different areas of environmental sciences such as environmental biology, ecology, environmental pollution, earth sciences, environmental modelling, climate dynamics, and atmospheric science. With the diverse academic and research background of its faculty, the school is uniquely placed to conduct path breaking research in environmental sciences. Many of the current and past faculty members are known internationally for their significant contributions in different fields of environmental sciences. Its faculty members have received various awards, have been the members of different Science Academies and have provided academic leadership in different educational and research institutions.

The school's faculty has been engaged in several national and international collaborative research projects, drawing financial resources from leading national and international funding agencies. This has immensely contributed to the development of laboratory infrastructure in the school. Not surprisingly, the school has performed very well in research during the last 10 years, having published several hundred research articles in leading peer reviewed journals of international repute. During this period, more than 200 students have successfully completed their doctoral degree from the school and the school's alumni have found placement in different educational, research and other institutions of the country and abroad. Currently, the school is ranked between 301-350 in QS World ranking by subject with IIT Bombay, IIT Kharagpur and Indian Institute of Science (IISc) Bangalore being the only Indian educational institutions ranked above it.

In addition, the School is having various co-curriculum activities and is recognised as one of the Environmental Information, Awareness, Capacity Building and Livelihood Programme-Resource Partner (EIACP-RP) by Ministry of Environment, Forest & Climate Change (MoEF&CC), GoI.

**SCHOOL OF INTERNATIONAL  
STUDIES (SIS)**

## School of International Studies (SIS)

The School of International Studies (SIS) is engaged in teaching and research of international relations, international politics, international trade, international law and area studies. It offers three post-graduate-level courses, and Ph.D. programmes. The three M.A. programmes are administered at the School level, while those who wish to pursue their Ph.D. can join any of the thirteen Centres and two programmes within the School. Admission to these programmes is based on a rigorous entrance test and selection process.

The School has a highly qualified faculty that specializes in various fields. The faculty draws its inspiration from the highest traditions of scholarship set by the School and the JNU at large. Recently, the SIS has opened two new programmes like Energy Studies and Human Rights.

The SIS was established in 1955 and is one of the oldest schools of the University. The School is highly multi-disciplinary in its approach. The SIS has been a pioneer in establishing international relations as a distinct academic discipline and advancing knowledge of other regions as part of Area Studies, to Indian and foreign students. The SIS has acquired national and international reputation as a centre of advanced learning.

In its early years, the only degree awarded by the School was the Ph.D. Soon after the School became a part of JNU, the M.Phil. Curriculum was introduced in 1971-72. In the following academic year (1973-74), the School started offering a two-year M.A. programme in Master of Arts in Politics (Specialization in International Relations). In 1995-96, a new and unique M.A. programme Master of Arts in Economics (Specialization in World Economy) was introduced by the erstwhile Economics Division of the Centre for Studies in Diplomacy, International Law & Economics – now the Centre for International Trade and Development (CITD). A third M.A. programme Master of Arts in International Relations and Area Studies was introduced in the academic year 2016-17, with a specialized focus on Area Studies

Over the years, admissions have become fiercely competitive with the School attracting the brightest minds from India and abroad. The School has awarded 2156 Ph.D. and 4639 M.Phil degrees as on 31 March, 2024.

Admissions to various academic programmes at the School are supplemented by financial assistance (details available at JNU website). Further, a number of our M.Phil./Ph.D. students also qualify the UGC/JRF, RGF, MANF fellowships.

Presently, the School has 124 faculty members: 45 Professors, 42 Associate Professors and 37 Assistant Professors, one Emeritus Professor, two Documentation Officers and one Archival Superintendent. The faculty strength is further supplemented by several prestigious Chairs being instituted at the School (Appadorai Chair, Nelson Mandela Chair at CAS, Jean Monet Chair at CES and Chairs in Environmental Law and Space Law). The faculty of the School, by advancing pedagogical and applied knowledge, has established a global reputation in their respective areas of expertise. It is also a matter of pride that several of our faculty members are on important government and non-government bodies and famous think-tanks while others constantly engage with public discourses and civil society issues.

The School also engages with issues of contemporary relevance by organizing regular national and international seminars, workshops and symposia on various aspects of area studies, bilateral relations and themes relating to study of international relations.

The School also publishes a refereed quarterly journal, *International Studies*, which publishes original research articles on international relations and area studies. The journal, from its inception in 1959, has been publishing original research articles and has received international recognition. The School is known for the large number of seminars and workshops that all the Centres organize on multiple issues and themes. A large number of dignitaries, academics and others visit the School regularly.

The '*SIS Blog*' is an initiative of the School of International Studies (SIS), Jawaharlal Nehru University to disseminate contemporary debates, comments and opinions related to international relations. It publishes posts written by faculty members, students, alumni of SIS and invited contributors. The Blog is managed by Editorial Collective consisting of eight faculty members of SIS—Dr. Sheetal Sharma (CES), Dr. Sakti Prasad Srichandan (CES), Dr. Sneha Bhagat (CCU&LAS), Dr. Rashmini Anil Koparkar (CR&CAS), Dr. Sameena Hameed (CWAS), Dr. Ravi Rameshchandra Shukla (CCP&PT), Dr. Saurabh (CSAS), Dr. Ankita Dutta (CES) and a PhD Scholar Ms.Aarshiya Chowdhary (CES) as Blog Assistant. Apart from regular blog posts on contemporary international issues, the Blog also features 'Lecture

Series'like Distinguished Lectures, Exclusive Lectures, Special Lectures, Scholar's Lecture, Ambassador's Lecture. Another section 'Expert Speaks' posts the views of faculty members shared at different audio-visual and digital platforms. The 'Resources' section showcases the recent book and journal publications by faculty members of SIS, JNU and index of International Studies, the journal of SIS. The Blog has also an 'Event' section which informs the blog visitors about forthcoming talks, lectures and conferences. The Blog also has a presence in social media like in Twitter and Facebook.

The School had UGC sponsored/ funded Area Studies Programmes like Gulf Studies in CWAS, Centre for Russian & Central Asian Area Studies Programme, European Area Studies Programme in CES, Francophone Area Studies Programme in Centre for African Studies and Centre for Inner-Asian Studies. Foreign languages like Arabic, Japanese, German, Russian and others are taught in the various Centres.

### **The School has 13 Centres and 2 special programmes and offers the following M.A./Ph.D. programmes**

- American, Latin American and Canadian Studies
- European Studies
- International Legal Studies
- International Trade and Development
- Chinese, Japanese and Korean Studies
- International Politics, Organization and Disarmament

The profiles of the Centres contain a detailed description of the Ph.D. programmes and other academic activities being undertaken at the respective Centres

- M.A. Politics (International Studies): The M.A. in Politics (with specialization in International Studies) at the School remains one of its flagships and most popular programmes, offering core and optional courses based on discipline and areas studies. Presently, with an intake capacity of 124 students [68 male and 56 female], the programme is being run by faculty from all the Centres of the School.
- M.A. Economics (with specialisation on World Economy): Male: 15, Female: 22, this programme is run by the Centre for International Trade and Development (CITD). A detailed description of this programme of study is given under the profile of CITD.
- M.A. (International Relations and Area Studies) started from Academic Session 2016-17. The total number of Students admitted in 2023-24- Male: 32, Female: 30: Total: 62. This programme offers core courses in IR and Courses on Area Studies offered by all Centres/ programme of the School. This is the first full- fledged Area Studies Masters programme offered in India.

### **About the Centres:**

#### ***Centre for African Studies***

The Centre for African Studies is an interdisciplinary centre for study of Africa. It aims at promoting African studies as an academic discipline for advancing knowledge and understanding of African affairs through inter-disciplinary perspective. It brings together scholars having an active interest in Africa from all over the country and abroad. The Centre has a major programme of studies-Ph.D. It also offers courses for the M.A. programme offered by the School of International Studies. The teaching and research programme of the Centre has been designed to cover both the traditional as well the contemporary issues relating to the region.

The current academic curriculum of the Centre focuses on the following thrust areas: regional organizations, government and politics, state and civil societies, ideologies, governance, Diasporas, bilateral relations, issues of development and foreign policy of major African countries. Besides this the Centre has its own research focus on Global engagement with Africa.

To facilitate the development of research, training and interaction with scholars from abroad, the Centre holds a Nelson Mandela Chair, funded by ICCR, through which visiting faculty from African countries are invited every semester. The visiting faculty participates in various programmes and activities of the Centre.

Seminars and conferences are organized regularly by the Centre in order to strengthen its academic programmes by facilitating exchange of views among scholars. In pursuance of its aim, the Centre is involved in several academic outreach programmes on African affairs involving Indian academic institutions. It hosts the permanent secretariat of African Studies Association of India ([www.africanstudies.in](http://www.africanstudies.in)), which is an apex academic association of Indian Africanist coming from all disciplines and from all Indian Universities and academic institutions.

### ***UGC Area Studies Centre on African Studies (UGC-CAS)***

The Centre had a UGC Area Studies Programme on Africa. It provided funding support to faculty for field visits to Africa and supports academic activities like research seminars, and publications. The Scheme has since been discontinued.

### ***Centre for Canadian, US & Latin American Studies***

The Centre for Canadian, US & Latin American Studies (CCUS&LAS), consists of three programmes on Canada, United States and Latin America. The Centre offers these three Ph.D. programmes in addition to several elective courses for the Masters' programmes of the School. The evolution of the Centre can be traced as far back as 1955 when the Department of American History and Institutions was established as part of the Indian School of International Studies intended to stimulate interest in North American affairs. It became a part of Jawaharlal Nehru University in 1970. Along with studies on the United States of America, Latin American Studies started as a full-fledged programme in 1971 and Canadian Studies was formally launched in 2001.

All teaching faculty are engaged in teaching, research, guidance, participation in conferences and seminars both in India and abroad, organizing special lectures, round tables and discussions.

They give lectures at various government institutions, such as Foreign Services Institute, New Delhi, Army War College, Indore, Centre for Land Warfare Studies, Delhi) and Academic Staff Colleges of various universities in India. The Centre has several activities involving the students including academic discussions on their research areas and seminars.

### ***Centre for Comparative Politics and Political Theory***

The Centre, which began as a Programme with a faculty of two, was recognized as a full Centre for Comparative Politics and Political Theory, in the School of International Studies, in 2008. CCPPT currently has 7 faculty members – 1 Professors, 3 Associate Professor and 3 Assistant Professors.

The Centre offers Six Ph.D. Courses including the course on Research Methodology. CCPPT regularly holds 2 Research Workshops (in Monsoon & Winter semester) for Ph.D. students annually. Currently the Centre in the 2022-23 academic years has thirty (30) Ph.D. Students.

### ***Centre for East Asian Studies***

The Centre for East Asian Studies was initially established as a Centre for Chinese and Japanese Studies; it subsequently grew to include Korean Studies as well. The students of the Centre are drawn from various social sciences and humanities such as History, Political Science, Economics, Sociology, International Relations and Chinese, Japanese and Korean languages. The key objective is to impart an interdisciplinary knowledge and understanding of the foreign policy, government and politics, society and culture and political economy of the respective areas. Students can explore new and

emerging themes such as East Asian regionalism, the evolving East Asian Community, the rise of China, resurgence of Japan and the prospects for reunification of the Korean peninsula. Additionally, the Centre lays great emphasis on enhancing language skills. The academic curriculum covers various dimensions of modern and contemporary East Asia - China, Japan and Korea – one of the most dynamic and significant regions of the world today.

Scholars in the doctoral programme of the Centre specialise in the areas of their interest related to the East Asian region. Several students of the Centre have been recipients of prestigious research fellowships awarded by the Chinese, Taiwanese, Japanese and Korean Governments. Besides, the research scholars of the Centre also avail scholarships offered by the Japan Foundation, Nippon Foundation, Korea Foundation and the Academy of Korean Studies. The fellowships offered by the Nehru Memorial Museum and Library and the Indian Council of Cultural Relations also enable scholars of the Centre to conduct their field works and research in the East Asian countries. Over the years, the Centre has considerably expanded its international collaborations and networks and is well positioned to promote multidisciplinary studies and research on East Asia.

There are nine faculty members in the Centre. Each faculty member specializes and teaches courses in an area of his/her interest in the region. Dr.SudhakarVaddi has joined the Centre in January 2020. Several distinguished faculty who taught and mentored the young research scholars include late Prof. Gargi Dutt, late Prof. P.A.N. Murthy, late Prof. G. P. Deshpande, late Prof. Naranarayan Das and late Prof. R.R. Krishnan and late Prof. K.V. Kesavan. Besides, Dr. Madhu Bhalla, Prof. H.S. Prabhakar, Prof. Lalima Varma taught at the Centre in the Korean, Chinese and Japanese Programmes during 1994-2019.

Several students of the Centre have been recipients of prestigious research fellowships awarded by Japan Foundation, Mombusho (Ministry of Education, Government of Japan), Saburo Okita Memorial fellowship, Nippon Foundation, Korea Foundation, Korean Government Scholarship (up to 4 years) under the India-Korea Cultural Cooperation Agreement, Academy of Korean Studies Scholarship, Nehru Memorial Fellowship, China Government Scholarship (up to 4 years) under the India-China Cultural Cooperation Agreement, and Fellowship from the Chinese and Taiwanese Governments. Besides, students receive fellowships from the Indian Council of Cultural Relations. Apart from the scholarships for higher studies and research available at the University level, offered by the University Grants Commission, (Government of India) the Rajiv Gandhi Foundation and the Nehru Memorial Fund, there are a number of scholarships available specifically for area studies research.

### ***Centre for European Studies***

The Centre for European Studies is a multi-disciplinary department in the School of International Studies that aims to promote teaching, research, and outreach activities that improve the understanding of Europe, the European Union and Indo-European/India-EU affairs. The Centre became functional in 2005. It was an outcome of the larger restructuring exercise initiated by the School in 2004 following which it came into existence by merging the West European Division of the erstwhile Centre for American and West European Studies (CAWES) and the East European Division of the erstwhile Centre for Russian, Central Asian and East European Studies (CRCA&EES). The Centre for European Studies aims to develop a pool of experts in Europe. Every year, the students pursue research on wide-ranging issues of security, economy, European integration, society, and politics. The programme's main objective is to prepare candidates for interdisciplinary doctoral research on Europe. The M.Phil./Ph.D. research in the Centre is of high-quality, both in academic rigour and relevance. Since the research in the Centre is interdisciplinary in nature, efforts are made to expose students to other social science subjects which go beyond their parent disciplines. Learning of at least one European language (apart from English) is a critical component of the research programme of the Centre. A one year language course is compulsory for all students. From July 2014 the Centre has introduced a French language course in addition to German which had been offered since 2005. In the newly emerging globalizing international environment, the emphasis is given to broad social science concepts along with specific European issues. Apart from empirical research on Europe, students are also encouraged to develop skills in broader theoretical research and analysis. The Centre has also identified the Nordic region as a focus area of research/teaching and a joint course on Contemporary Issues in the Nordic region is being offered along with two new focus areas: the Baltic region and the Mediterranean region. The Centre has got recognition from the European Union and has been awarded 3 Jean Monnet Chairs held by Prof. Gulshan Sachdeva, Prof. Ummu Salma Bava and Prof. Bhaswati Sarkar. It also has been awarded two Jean Monnet modules held by Dr. Sheetal Sharma and Prof. Bhaswati Sarkar. The Centre was awarded the Jean Monnet Centre of Excellence 2018-2021 making it the Second Centre in India to get this distinction.

## **Centre Library**

The Centre also has an in-house library called the Erasmus Collection which was started by the generous gift of € 50,000 by the Prime Minister of The Netherlands, H.E. Dr. Mr. Jan Peter Balkenende when he visited JNU as part of his state visit to India in 2006. Prof. Ummu Salma Bava coordinated the visit and library. Since then, many more volumes have been added through special Area Study grant by the UGC.

## **UGC Europe Area Study Programme**

In view of the growing importance of European Studies in India, the University Grants Commission (UGC) had recognised the Centre for European Studies as the centre of advance studies and research on Europe by granting special assistance under its Area Studies Programme

## ***Centre for Indo-Pacific Studies***

The Centre for Indo-Pacific Studies (CIPS) was established in 2013, emerging from the previous Center for South, Central, Southeast Asia and the Southwest Pacific Studies. While traditionally it focused on Southeast Asian countries, Australia, New Zealand and the Pacific Island Countries; the Southwest Pacific, it was felt that the emerging larger Indo-Pacific region needed to be extensively studied. The Centre had a number of distinguished faculty members such as Prof. P K Das, Prof B D Arora, Prof. Baladas Ghoshal, Prof.Manmouni Kaul, Prof.Ganganath Jha and Prof. G V C Naidu.

The objective of the Centre for Indo-Pacific Studies is to cover historical and contemporary facets of Southeast Asian and Pacific Island countries, with an interdisciplinary approach. Each scholar can choose his/her topic of interest from within the region. The academic calendar of the Centre provides Ph.D. courses with two semesters of classes and two/six semesters for the completion of their dissertation respectively. The Centre tries to coagulate the issues thus researched and attempts for an intervention into the Indian policy making structures through seminars by calling distinguished delegates from academia and the government from the region.

The introduction of many issues of importance was done by the faculty from time to time to make the Centre deal with significant aspects of IR, both as a discipline and as practice. The vibrancy of the Centre is due to the intermingling of issues and challenges on the one hand and the history, politics and diplomacy, traditional and non-traditional security on the other. The very fact that the Indian and the Pacific Oceans have become the centre of gravity for trade and balance of power that the methods of cooperation, confrontation, conflict and engagements has brought in the interplay of bilateral, trilateral, multilateral and interestingly the minilateral arrangements to the fore. Colonial and post-colonial issues entangled with security and diplomacy brought in various new topics of study to the Centre.

The Centre has students from many Southeast Asian countries in regular courses of Ph.D., i.e., from Cambodia, Thailand, Vietnam, Indonesia. The students also participate in national and international seminars and have been the recipients of national and international scholarships to Japan, Australia, and to the ASEAN (Association of Southeast Asian Nations) countries and Participated in think tank delegations with India Foundation to China, National Maritime Foundation to Thailand to name just a few.

The Centre has recruited four new faculty positions since May, 2023. Three faculties have joined at the level of Associate Professors and one at the level of Assistant Professor. Two of them have introduced two new MA courses at the school level.

## ***Centre for Inner Asian Studies***

The Centre for Inner Asian Studies (CIAS) was established as an independent Centre in 2013. Prior to this the Centre was known as the Central Asian Studies Division of Centre for South, Central, South East Asian and South West Pacific Studies. The Centre is engaged in teaching and research on the Inner Asian region focussing mainly on five Central Asian Republics of Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan; Inner Mongolia, Tibet and Xinjiang autonomous regions of China, Mongolia and Afghanistan. The region holds historical, strategic, economic and geopolitical importance for India All the academic activities at the Centre, including teaching and interdisciplinary research, have been designed to study and analyse history, society, politics, economy and security in addition to the

contemporary developments in different regions/countries covered by the Centre and relates them to Indian experience and policy.

The Centre has currently three Professors, one Associate Professor and one Assistant Professor. A number of distinguished faculty members such as Prof. Ram Rahul, Prof. Dawa Norbu, Prof. K. Warikoo and Prof. Mondira Dutta had earlier served the Centre. It has a regular Ph.D programme that attracts bright students having diverse backgrounds from across the country. Currently, the total number of students enrolled in the Centre stands at 47. All the faculty members offer courses to the PhD programme of the Centre as well as M.A. programmes (PISM and IRAS) of the School. The Centre had a UGC Area Studies Programme known as UGC-CIAS. The UGC provided funding support to faculty and research scholars for field visits to Inner Asian region in addition to supporting academic activities like research, seminars, and publications. The Centre has an in-house library-cum-reading room developed through its Area Studies grant by the UGC.

The faculty members have contributed immensely to the Centre's academic pursuit through high quality publications in the form of articles, research papers and chapters in edited volumes, both at national and international level. They have participated in various national and international seminars, conferences and workshops and presented papers, chaired sessions and acted as resource persons, panelists and moderators. They have also occupied positions as members of boards and committees in national and international academic institutions, organizations etc., besides being on the Editorial Board of reputed journals. Students of the Centre have been active in publishing research papers and participating in national and international seminars and conferences. Among the students who have completed their studies from the Centre, a large number of them have joined premier academic and research institutions, universities, think tanks as well as national and state civil services. The Centre has, thus, made successful efforts to carry out research and academic mandate of the University.

The Centre has, thus, made successful efforts to carry out research and academic mandate of the University.

### ***Centre for International Legal Studies***

The Centre for International Legal Studies (CILS) is a pioneer institution dedicated for the promotion of teaching and research in International Law. The history of CILS goes back to the Indian School of International Studies that was registered by the Indian Council of World Affairs (ICWA) at Sapru House on 25 May 1956. Several renowned International Law scholars of time such as Prof. Quincy Wright, Prof. Percy Corbett and Prof. Julius Stone, contributed in laying a strong foundation for the study of International Law at postgraduate and doctoral levels within a unique architecture of ISIS. Thus, the International Law program became a 'spinal cord' in the larger school of advanced learning that came to be popularly known as International Studies. It reflected the vision of the early founders of the School to make International Law indispensable in the conduct of foreign policy and international relations. With the establishment of Jawaharlal Nehru University, the ISIS merged with it (1970) and was re-designated as School of International Studies.

CILS offers specialized Ph.D. Program as well as three MA Core Courses (International Law of Peace, Legal Controls of International Conflict as well as International Law & Organization) for the School's M.A. (PISM) and MA (IRAS) programs, respectively. The Centre is engaged in cutting-edge research on International Law issues of historical, contemporary and future global relevance. Over the years, the faculty of the Centre has laid special emphasis on a perspective of the developing countries (now called the Global South) and contributed in shaping the global discourses in various areas of International Law, international law-making and institution building processes as well as study of the Indian practice in joining treaties and international organizations in furtherance of vital national interests. The Centre has been instrumental in promoting the usage of International Law language (such as 'respect'; 'commitment'; 'at work'; 'taking it seriously'; 'making it work') both within India and the world at large. The study areas of the Centre include International Law, International Trade Law, International Economic Law, Law of International Organization, International Environmental Law, Settlement of International Disputes, International Human Rights Law, International Humanitarian Law, International Criminal Law, International Law of the Sea, Intellectual Property Law, International Air & Space Law, Gender in International Law.

## ***Centre for International Politics, Organisation and Disarmament***

The Centre for International Politics, Organization and Disarmament (CIPOD) is one of the oldest as well as largest Centres of the School of International Studies (SIS). The Centre came into existence when the Indian School of International Studies (ISIS) merged with JNU in 1970. Its core was an amalgamation of International Relations and the Commonwealth studies departments at ISIS. The functional core of the department became the International Organization programme at JNU and was integrated into newly created CIPO - rechristened later as CIPOD. The specialized focus of the Centre's programmes has evolved over the years and represents the emerging priorities in the academic world as well as a certain vision about the world that needs to be nurtured for the benefit of future generations of scholars.

There are four distinct but interlinked programmes of study within CIPOD:

- International Politics (INP)
- International Organization (ORG)
- Diplomacy and Disarmament (DAD)
- Political Geography (POG)

These programmes of study are unique in their nature and achievements by focusing on politics, theory, organizations, diplomacy, disarmament, security, and geopolitics.

CIPOD has a large pool of expertise in international relations and is one of the leading Centres of teaching and research in the discipline. It works diligently and collectively with the aim of setting new pedagogic standard in the discipline. CIPOD faculty members have earned wide recognition in their respective areas of expertise through publications and teaching both within and outside India, memberships of editorial boards of reputed journals and other academic bodies, and participation in international conferences and seminars.

The Centre has an illustrious set of alumni, working in universities, academic institutions, think tanks, civil services, media, international organizations and the voluntary sector, spread across India and abroad, bringing laurels to the Centre and the University.

In the reporting year, the Centre had 98 M.Phil. and Ph.D. students. During the year, the Centre admitted into the Centre's Ph. D. Programme: 01 in ORG, 05 in DAD and 01 in POG.

## ***Centre for International Trade and Development***

The Centre for International Trade and Development (CITD) is a premier economics department in India with special focus on International Economics and Economic Development in its teaching and research. The Centre offers two academic programs: MA in Economics (with specialization in World Economy) and a Ph.D. in Economics. Both programs aim to equip students with the skills, knowledge, and economic tools to analyze, comprehend, and address complex global economic issues. The wide range of courses offered at CITD like international trade, development economics, open economy macroeconomics, technology, environment and natural resources, finance, law and economics, public finance, labour and human capital make it unique, and distinct from conventional M.A. programs in economics offered elsewhere in India.

Our distinguished faculties trained at top ranking universities of the world strive to maintain highest academic standards in teaching and keep the courses abreast with the advancements in the field. The faculty produces high-quality cutting-edge research and regularly publishes articles in the leading academic journals of their field. Faculty members have been conferred with various honours, awards and distinctions, and are recognized for their outstanding academic and professional contributions. They have secured highly competitive research funds, are invited to visit well reputed economic departments, are editorial board members of high ranked journals, and serve as experts on various government committees contributing to academics and policy making.

Our graduates are well established in the academic world in India and abroad, holding positions of great responsibility in the government, international organizations, and the corporate world.

The Centre runs a discussion paper series for early dissemination of research results, which is recognised by Ideas/Repec. To expose students to recent developments in the discipline of economics and provide a stimulating research environment, the Centre also conducts weekly seminars and organizes Conferences on select themes.

The Centre received an endowment from the Ford Foundation in 1993. This enabled the centre to provide scholarships to students, to maintain its own library, and to provide small research funding to faculty members. The centre also has an Econometrics Lab funded by UGC through its UPOE program facilitating teaching and research in applied economics.

The centre was born as the International Trade and Development Division at the Indian School of International Studies, around 1955 at Sapru House. Its faculty in the initial years included Subimal Mukherjee, later Executive Director of the IMF, B.S. Minhas and A.K. Dasgupta, well known Indian economists at the time. The ITD division was integrated with the newly established Jawaharlal Nehru University in the early 1970s at the School of International Studies, and CITD was established as an independent Centre in July 2005.

Over the last 50 years ITD has created a niche for its teaching and research in international economics and economic development. Initially ITD was primarily geared towards research, running very successful M.Phil. and Ph.D. programmes for several decades. In 1995, ITD introduced a unique MA program in Economics (with specialisation in the world economy), keeping in mind the changing economic environment of India and its integration with the world economy, which has proved to be a highly successful and popular MA program.

### ***Centre for Russian & Central Asian Studies***

The Centre for Russian and Central Asian Studies (CRCAS) is the premier department in the country engaged in teaching and research of the Eurasian region which includes Russia, Central Asia, states in South Caucasus, Baltic countries, Ukraine, Belarus and Moldova. The region is important because it lies in India's extended neighborhood and has become strategically very important in recent times. The Centre, previously known as the Centre for Soviet and East European Studies, was the largest Area Studies centre in the country. Since its inception in 1975, the primary aim of the Centre has been to foster interdisciplinary research on issues pertaining to Eurasia by bringing together scholars, trained in diverse social science disciplines. The Centre has an excellent community of scholars specializing in disciplines ranging from Political Science, International Relations, History, Economics, Sociology and Russian Language and Literature. In terms of facilitating academic interaction, the Centre regularly organizes international/national seminars, round table discussions, talks and lectures. The academic networks that have been built in the process has resulted in valuable linkages between the Centre and several leading institutions in the Eurasian region.

In consonance with the declared vision of the CRCAS to establish itself globally as a Centre for Excellence in the area of post-Soviet studies, the CRCAS offers specialized courses highlighting the significance and the unique trajectory of each post-Soviet state/region in regard to their location, political significance, economic, natural and demographic resources, cultural connectivity and transcontinental linkages. The Centre has a regular Ph.D programme and also offers specialized courses in the M.A. programmes of the School of International Studies. The Centre aims at promoting alternative paradigms to the study of the post-Soviet space through high teaching standards, research and publications that showcases the original contribution of the CRCAS. Central to this, is the vision to develop an Indian perspective about developments in the Eurasian space. Currently, the Centre has a strength of 15 faculty members.

### ***Centre for South Asian Studies***

The Centre for South Asian Studies is one of the oldest centres of the School of International Studies, Jawaharlal Nehru University (JNU), New Delhi, India. The importance of the centre is self-evident by the fact that it lies in the South Asian region. The centre has the privilege of having widely known faculty members. The centre also takes pride in the fact that it has directly Participated in the foreign policy making exercise in the country as two of its former faculty members Late Prof Bimal Prasad and Prof Emeritus Sukh Deo Muni served as Ambassadors to Nepal and Laos respectively. The centre has organised a range of national and international seminars, round tables, symposia and workshops with regional and international experts, policy makers, academicians and civil society members. The centre has hosted and conducted projects for various Ministries, Indian Council for Social Science Research, University Grants Commission, Asian Development Bank, Ford Foundation, International Development Research Centre, Regional Centre for Strategic Studies, USAID, United Nations High Commissioner for Refugees, UNESCAP and many other national and international bodies. The Centre for South Asian Studies covers studies and research on a range of aspects of 8 countries. All the academic

activities including teaching and interdisciplinary research have been designed to objectively study and analyse history, politics, foreign policy, security, societies, economies, environment, regional cooperation/integration and contemporary affairs in different regions/countries covered by the Centre. The Centre has focused on academic pursuits that have strong intellectual value, deeper social relevance and wider national and international utilities and policy dynamics. Its programme of studies has attracted bright students having diverse backgrounds from various parts of India and also from other countries. It has evolved into a full-fledged institute of academic excellence, much admired by students, frequently consulted by the national governments and eagerly sought after by international organizations and other academic institutions. The profile of the students who have completed their studies at the Centre shows that a large number of them have joined premier academic and research institutions and equally handsome numbers are in the national and state civil services. Many of the students have done exceedingly well in media and non-governmental organizations, other tertiary sector activities and national and regional politics. The importance of the Centre has become more critical and vital both in the context of large-scale transformation in the global scenario and also within the countries that have been traditionally covered and studied by the Centre. There are immense opportunities for academic inquiry triggered by these new developments.

### ***Centre for West Asian Studies***

The Centre encourages inter-disciplinary research on a wide range of themes and issues pertaining to history and culture of the region, political, economic and social systems, foreign policy-making and behaviour, inter-and intra-state conflicts, geo-political changes and challenges, terrorism and national/regime security, social movements including feminism, role of religion in politics and ethnic/sectarian assertions, Indian diaspora and India's West Asia policy. Given its embedded complexity, the region provides a unique setting wherein the disciplinary boundaries of International Relations (IR) and Area Studies (AS) overlap. It is, indeed, the testing ground for positivist as well as post-positivist theories and approaches. Apart from offering BA and MA Courses, the Centre also organizes regular seminars, conferences, special lectures and workshops.

- The CWAS continues to be an active centre for research and teaching. A total of 10 students were registered in the Ph.D. programme of the Centre during the period of the Annual Report.

Students admitted to various programmes of the study and awarded degrees

• Students admitted for Ph.D.	10
• Ph.D. Thesis submitted	18
• Ph.D. Degree awarded	20

- The faculty strength was 11 during this period (that is, until April 2024).
- Research activities continued to be strong, and there were many publications of books and articles by CWAS faculty and research students.

### ***Human Rights Studies Programme***

The Human Rights Studies Programme (HRSP) is engaged in teaching and research in human rights with the objective of identifying the newer claims /conflicts in the sphere of human rights, and the determination of new rationalities/approaches to sustaining a peaceful co-existence of all life forms. Through its Ph.D. Programme, the HRSP promotes critical and interdisciplinary research on human rights topics of domestic, regional, and international importance. It offers introductory and advanced level courses to students under the Ph.D., M.A., and B.A. Programmes. These include Theory and Practice of Human Rights, Disability Human Rights Law and Policy, Globalization of Human Rights, Foundation Course on Human Rights, Cross-cutting Themes and Concepts in Human Rights, and International Human Rights Law and Vulnerable Groups. The Programme also organizes an Annual Human Rights Day Seminar/Webinar for young scholars engaged in research on human rights and related agendas.

### ***Energy Studies Programme***

The Energy Studies Programme in the School of International Studies (SIS) at the Jawaharlal Nehru University (JNU) aims to foster excellence in teaching and research on issues related to international and domestic energy politics and policies. With an interdisciplinary approach being one of the cardinal elements, the Programme promotes the integration of academic and policy research expertise on international relations, geopolitics, international economics, international

law and area studies. The Energy programme began in 2014 and is still in its infancy with two core faculty members and seven adjunct faculty members from other centres with proven area expertise in energy and international relations. Faculty members with a wide range of expertise in academic areas pertaining to international studies enrich the curriculum of the Programme.

As a flagship programme of the legacy of the School of International Studies of Jawaharlal Nehru University, Energy Studies aims to be recognized as a leading institution among the global academic community through furthering excellence in teaching and research in the areas of energy. The faculty members of the programme contribute regularly to academic research and current affairs on energy. Apart from regular academic and research activities, the faculty members are involved in a wide range of media and public policy activities on both domestic and international platforms to facilitate better knowledge sharing and informed policy-making.

### ***Centre for International Trade and Development***

In the academic year 2023-24, the faculty members published 19 research papers, including some in high impact factor journals, 1 book, 6 book chapters/media articles. The faculty members secured highly competitive research funding for 10 research projects. The faculty members and students also presented research papers at over 64 national and international conferences.

In the academic year 2023-24, five students were awarded PhD degrees and have been placed in various academic positions in India and abroad.

In addition, CITD organized a two day International Conference on Recent Developments in Economics Research: Theory and Evidence on March 7-8, 2024, that was attended by a large number of participants from different parts of India and the world. Besides, 10 seminars were held in the Centre where speakers from India and abroad delivered lectures on various economic issues.

## **Future Plans**

### ***Centre for African Studies***

Apart from continuing a high level of research and teaching on African Studies, the centre plans to expand its global engagement and outreach.

### ***Centre for Canadian, US & Latin American Studies***

The Centre has been considering several new initiatives. While the Centre will continue to hold international and national seminars (online and offline) including one annually for research scholars, Centre faculty will engage with the media and other universities as subject experts and resource persons.

Interaction with Ambassadors from the Americas to India has already been planned as well as with retired and active Indian Ambassadors to some of the countries in the Americas.

Committed to upholding highest standards of research, the Faculty of the Centre have been updating their course content regularly and new courses will be introduced.

Internship to students of other Universities is being planned to expose them to International and Area studies.

Centre also plans to renew the Memorandum of Understanding/ Agreement of Cooperation with Universities in Canada, US and Latin America and establish new ones with identified universities in these areas. Discussions are on with National University of Quilmes, Argentina; Queens University, Canada;

Centre will also invite experts for discussions from major strategic and academic institutions of India. Publications in newspapers and journals are being targeted for outreach to the larger community.

### ***Centre for Comparative Politics and Political Theory***

The Centre for Comparative Politics and Political Theory offers researchers the opportunity to specialize in Global Political Thoughts and Practices. The unique vision of Comparing Western political theory with political thoughts and practices from the Non-western world (global south) makes CCPPT a pioneering Centre for research in South Asia.

Training its researchers to compare and analyze political practices in the global south from the perspectives of Non western philosophies is one definitive future research-plans of the Centre.

Keeping in mind the imperatives of ‘blended-modules’ of teaching and research, CCPPT has specific plans to operationalize its Seminar room as a ‘future-venue for combining offline and online mode of conferencing’ and for holding of workshops with external and international academics. In this regard the Centre will have to depend on the Dean of the School for allocating the required budget for installing Audio-visual and hi-speed internet facilities in the seminar room.

### ***Centre for East Asian Studies***

The Centre has been considering several new initiatives in future as given below in the table:-

### ***Centre for Russian, Central Asian Studies***

- **New courses** in the Area Studies field, in alignment with the overall Foreign Policy vision of the country.
- Create an **online resource base** specific to the specialization of the Centre. The resource base would draw upon, not just the resources available globally on Eurasian studies but would also include the Centre’s own contribution in the field through time bound quality publication of articles, books, monographs and commentaries.
- To introduce specialized courses in areas such as: Energy Security, Gender studies, Environment, Migration and Demographic issues, with special focus on the Eurasian region.
- Ensure high standard publication showcasing the original contribution of the Centre in the field of Eurasian Studies through primary data generated from extensive field studies.

### ***Centre for South Asian Studies***

- Intends to introduce more courses for M.A and Ph.D students
- Plans to organize 2-3 national seminars

## **School of Language, Literature & Culture Studies (SLL&CS)**

Established in 1969, it is one of the founding blocks of the University, the School of Language, Literature and Culture Studies (SLL&CS). It is one of the premier institutions in the country in the field of learning languages and pursuing higher studies and research in linguistics, literatures in various languages, and culture studies. Its global reputation has earned it place as one of the five degree-awarding partners of the prestigious Erasmus Mundus Joint Doctorate in “Cultural Studies in Literary Inter zones” of the European Union, and one of its constituents, the Centre for English Studies, has been repeatedly adjudged as one of the top 100 departments of literary studies in the world. Furthermore, all the Centers of the School, and the School itself, have active international collaborations with leading universities of the world through AoCs and MoUs. SLL&CS has twelve centers: Centre of Arabic and African Studies (CAAS), Centre for Chinese and South-East Asian Studies (CCSEAS), Centre for English Studies (CES), Centre for French and Francophone Studies (CFFS), Centre of German Studies (CGS), Centre of Indian Languages (CIL), Centre for Japanese Studies (CJS), Centre for Korean Studies (CKS), Centre for Linguistics (CL), Centre of Persian and Central Asian Studies (CPCAS), Centre of Russian Studies (CRS), and Centre of Spanish, Portuguese, Italian and Latin American Studies (CSPILAS). Besides, the School also has a well-equipped Language Lab and Multimedia Complex (LLC). The different units of the School offer a variety of programmes in diverse subjects. There are Certificate, Diploma, and Advanced Diploma of Proficiency programmes in foreign languages like Bahasa Indonesia, Italian (currently not on offer), Mongolian, Portuguese and Pashtu, and also in Urdu language and Mass Media in Urdu. The School offers B.A. (Hons.), MA and MPhil/PhD programmes in foreign languages like Arabic, Chinese, French, German, Japanese, Korean, Persian, Russian and Spanish. The School also offers MA and PhD programmes in English, Hindi and Urdu literature, and in Linguistics. Apart from these, SLL&CS offers MPhil in Portuguese, and MPhil/PhD in Hindi Translation, and in Tamil. Besides, the School also offers optional courses in Greek, Hebrew and Turkish languages.

Over and above these existing programmes, the School has a Kannada Chair, and currently vacant professorial positions in Bengali, Assamese and Marathi, and there are concrete developments towards establishing a Chair of Odiya. Besides these formal programmes, a variety of Tool/Optional courses are offered within the School, which promote interdisciplinary. The School also is at the spearhead of the highly successful Remedial Course in English under the Linguistic Empowerment Cell to all students of the University who need to increase their competence in the language for academic purposes. Besides teaching and research activities, the School also publishes its own journal, Journal of the School of Languages (JSL), which started publication in the seventies and has over the years published significant research on literatures, languages, culture studies, comparative studies, and translation that cut across language boundaries. Besides, some constituent units of the School have their own publications, like the CRS has its journal *Critic*, and the CSPILAS has its journal *Hispanic Horizon*. CAAS has its own journal *Dirasat Arabia*. SLL&CS produces the very best scholars in the fields of language teaching, linguistics, literature and culture studies, as well as internationally acclaimed translators and interpreters.

The faculty members of the School have not only provided direction and vision to their respective Centers and the School as a whole but have also gained national and international recognition through their exceptional research, publications, and other accomplishments. Many have received prestigious international awards from the countries of the languages they specialize in, and have been granted fellowships and memberships in esteemed international academies and institutions. In line with the New Education Policy, the School of Language, Literature, and Culture Studies (SLL&CS) introduced a four-year B.A. program in 2024. SLL&CS continually seeks to expand its scope and reach through MoUs and cooperation agreements with international institutions.

### ***Center of Arabic and African Studies***

The Center of Arabic and African Studies (CAAS), part of the prestigious School of Language, Literature, and Culture Studies (SLL&CS), offers comprehensive programs in Arabic language, literature, culture, and history, as well as optional courses in Hebrew. It attracts students from across India and internationally, including from China, Japan, Turkey, Egypt, and Yemen. The center provides specialized training in Arabic communication skills, translation, and interpretation, while also offering deep insights into Arab cultural and literary heritage. CAAS offers B.A., M.A., and Ph.D. programs in Arabic and, starting in 2024, has introduced a four-year B.A. program under the National Education Policy (NEP). Recognized as a leading center for modern Arabic studies in India, CAAS excels in research on modern Arabic language, literature, culture, and advanced communication and translation skills.

- A lecture by Prof. Andrei Golovnev, Director, Kunstkamera, on the 'Northernness of Russia' was held in hybrid mode, 23 January, 2024
- A Departmental lecture by Prof. Ranjana Banerjee, was held on 28 February, 2024 in the room no. 110, SLL&CS-II
- Centre of Russian Studies, School of Language, Literature and Culture Studies organized a lecture by Dr. Abhay Kumar of Delhi University, the topic "BARANNIKOV& TULSIDAS". Organizing Committee: Chairperson –Prof. Richa Sawant, Coordinators: Prof. Arunim Bandyopadhyay, Dr. Meenu Bhatnagar, Dr. Ashutosh Anand, 1 March, 2024
- Centre of Russian Studies, School of Language, Literature and Culture Studies organized a lecture by Elena Korshuk of Belarussian University, 12 March, 2024
- A lecture by Galina V. Alekseeva, Head of Research at the State Tolstoy Museum at Yasnaya Polyana on the topic 'Tolstoy and Yasnaya Polyana' was organised by the Centre of Russian Studies, 15 March, 2024

#### **Future Plans:**

#### *Center for Chinese and South-East Asian Studies*

Proceedings of the National Conference *CCSEAS @50: A Call for Commemoration* titled "Honouring the Past Celebrating the Present and Envisioning the Future", organized by CCSEAS in collaboration with ICSSR and held on 19 – 20 January, 2024, will be published as a commemorative volume in the academic year 2024-25.

#### *Centre for English Studies*

**The Centre maintained its excellence and eminence in global rankings** as in previous years, and will continue to maintain its high standards in the future.

In realizing how unprepared it initially was during the pandemic, the Centre's future plans include investing more in online teaching learning resources, to be able to excel even more in the future, with the changing circumstances.

Given the nature and range of academic engagements at CES, we envision becoming a Special Centre for English and Cultural Studies, with autonomous and interdisciplinary linkages with foreign and Indian languages as well as other disciplines in the humanities and social sciences.

We see the further strengthening of our research programmes as an important priority. Our plans include (a) strengthening the dissertation component at the MA level through the introduction of courses and training modules in research methods and academic writing, (b) organizing research workshops for PhD students at regular intervals to introduce them to new areas and methods of research, and (c) creating a forum for regular presentations by PhD students to peers and faculty on their work in progress, to which specialists in their areas may be invited. This will give them valuable feedback and also allow them to share their work, and for the Centre to be apprised of the range of research being carried out.

We also look forward to further international collaborations with adequate students' mobility, so that our researchers can get exposed to the international best practices of research in their field. We also have plans of promoting and subsidising students' publications through funds received by the Centre, to make the massive and path-breaking research output of the Centre more visible.

The pages that follow list the achievements of individual faculty members of the Centre from 01 April 2023 to 31 March 2024, as reported by the faculty members, as per the prescribed format:

### ***Centre for French and Francophone Studies***

- To develop further the sub-Saharan francophone component in the courses offered at Postgraduate level.
- To develop courses on subtitling & dubbing in films.
- To promote interdisciplinary research at M.Phil/Ph.D level.
- To promote interdisciplinary research in collaboration with other departments in the University and outside.
- To develop a translation data base in collaboration with the end users.
- To promote intercultural studies.
- To develop courses related to Indic studies in French and Francophone countries.
- To develop courses as per the NEP 2020.

### ***Centre for German Studies:***

The Centre of German Studies is planning a series of conferences in the near future. One would be on August 2024 in memory of Professor Anil Bhatti, the founder faculty member of CGS who passed away recently. The Centre would like to engage more with Europe, particularly universities in Germany, Austria and Switzerland. More lectures, workshops and conferences are planned as collaborations.

### ***Centre of Indian Languages:***

- To upgrade M.A. program according to the syllabus of NEP.
- To fill up the pending faculty positions
- To promote inter-disciplinary research
- To have better infrastructure at the center.

### ***Centre for Japanese Studies:***

- Up gradation and development of new courses.
- Introduction of online courses.
- Introduction of course on Business Japanese.
- Introduction of new courses on Japanese Culture, History, Society, Soft culture diplomacy, Indo-Japan relations etc.
- Implementation of NEP from 2024-2025.
- Developing Elective Courses relevant to NEP.

### ***Centre of Persian and Central Asian Studies:***

The Centre plans to enhance Research Works/projects at the Centre Level, organize seminars on Indo-Persian and Central Asian Literature and Culture, progress of teaching in Pashto and Uzbek Languages besides the Persian and Central Asian Studies.

### ***Centre of Russian Studies:***

#### **MoU with the following universities in Russia signed:**

- Minini State Pedagogical University
- Irkutsk State University
- Moscow State Linguistic University
- Moscow State Institute of International Relation

#### **MoU renewed with following university:**

- Tomsk State University
- MoU in Process of renewal
- Moscow State University

### ***Centre of Spanish, Portuguese, Italian and Latin American Studies***

- Center is going to have conference in collaboration with embassy of Guatemala.
- The Play “Ek Seedhi ki Kahani” will be show cased to other places of Delhi with involvement of our Spanish students.
- There will be some new intendments to conduct in this year.

### ***Greek Chair***

- Ph.D. level Research Degree Course is to be introduced from next academic year.

## School of Life Sciences (SLS)

The School of Life Sciences (SLS) is a prestigious and well-established department with a strong emphasis on interdisciplinary research and teaching in the field of Life Sciences. Founded during the 1970-71 academic year, SLS has been at the forefront of education and research in this domain. The department has a comprehensive approach to student engagement, utilizing various methods to communicate and impart knowledge effectively.

To ensure effective communication and knowledge transfer, the School has employed a range of techniques such as classroom interactions, examinations, quizzes, seminar presentations, reading and summarizing research papers, conducting original research projects, and organizing conferences on current topics in the field. These diverse methods cater to different learning styles and help ensure that students receive information in various ways. This approach demonstrates the department's commitment to providing a well-rounded education. The consistent student-teacher interactions, classes, presentations, and meetings conducted throughout the academic session demonstrate the dedication of the faculty and staff to the educational process. This commitment ensures that students have regular opportunities to engage with their instructors and peers, enhancing their learning experience. Furthermore, the School's emphasis on '*Cell and Molecular Biology*' is notable. This field is crucial in understanding the fundamental processes of life at the cellular and molecular levels. By employing various model systems including microbes, plants, and animals, SLS showcases its commitment to comprehensive research programs that span across different branches of life sciences.

Overall, the School of Life Sciences has laid a strong foundation in providing high-quality education and research opportunities in the field of Life Sciences. Its focus on interdisciplinary approaches and innovative teaching methods contributes to its reputation as a premier department in the country.

### List of Faculty Members and their Specific Research Specializations

S. No.	Name of the Faculty	Research Specialization(s)
1.	Dr. Abhisheka Bansal	Cellular and Molecular parasitology
2.	Prof. Ajay K. Saxena	Structural and functional analysis of human infections and cancer-related proteins
3.	Prof. Amal C. Mondal	Neurodegenerative Diseases: Molecular Mechanisms and Therapeutic Interventions
4.	Prof. Ananda K. Sarkar	Plant developmental biology, Plant small RNAs, and genome editing
5.	Prof. Arun S. Kharat	Microbiology; Cancer remedies
6.	Prof. Ashis K. Nandi	Plant Immunology
7.	Dr. Ashu Bhan Tiku	Radiation and Cancer therapy
8.	Prof. Ashwani Pareek	Stress Physiology
9.	Prof. Atul K. Johri	Antimicrobial resistance and membrane transporters
10.	Dr. Amarjeet Singh	Functional genomics of abiotic stress & Nutrient use efficiency in crop plants
11.	Dr. Bhupendra Chaudhary	Plant Molecular Biology and Evolution; Plant Fungal Interactions; Gene Editing
12.	Dr. Devinder Kaur	Computational Study of Rare Genetic Diseases
13.	Dr. Ekta Rai	Genetics & Genomics: Genetic predisposition of human diseases
14.	Prof. K. Natarajan	Transcription, chromatin, and gene regulation
15.	Dr. Karunakar Kar	Molecular mechanism of amyloid diseases & prevention strategies; Metabolite self-assembly & In-born metabolic disorders; Genesis of biologically relevant Nano-structures using single molecule building blocks.
16.	Dr. Neelima Mondal	Epigenetic changes and cellular signaling in cell cycle regulation
17.	Prof. Nirala Ramchiary	Comparative genomics, computational and systems biology of crop plants
18.	Dr. Niti Puri	Innate immune mechanisms in infectious and non-infectious diseases
19.	Prof. Pramod C. Rath	Noncoding RNAs, and Stem Cells
20.	Prof. Praveen K. Verma	Genomics-assisted breeding, Fungal effectors, and their host targets
21.	Prof. Rana P. Singh	Cancer research

22.	Prof. Rohini Muthuswami	Chromatin remodeling and epigenetics
23.	Prof. Samudrala Gourinath	Understanding the phagocytosis in <i>E. histolytica</i> ; Structural studies of crucial targets in pathogens and inhibitor development
24.	Prof. Shilpee Dutt	Cancer Biology, DNA repair & epigenetics
25.	Prof. Shweta Saran	Animal Developmental Biology
26.	Prof. Sneha Lata Panwar	Molecular biology of drug resistance and virulence in emerging fungal pathogens ( <i>Candida</i> spp.)
27.	Prof. Sneha S. Komath	Biochemistry of GPI anchor biosynthesis, regulation, and function in <i>Candida albicans</i>
28.	Prof. Supriya Chakraborty	Regulation of geminivirus pathogenesis and gene editing for plant virus tolerance
29.	Dr. Sushil K. Jha	Sleep and Cognitive Science
30.	Dr. Vikas Yadav	Nuclear Receptor signaling in human physiology and diseases

## Brief on the Annual Report

During the reporting period, the School of Life Sciences has achieved significant progress in both teaching and research endeavors. Specifically:

- **Student Achievements:** This year, a total of 15 students completed their Ph.D. degrees, reflecting the dedication and academic excellence of both students and faculty. Additionally, 29 students obtained their M.Sc. degrees, demonstrating the successful completion of their Master's programs.
- **Research Output:** The collaborative efforts of the students and faculty have resulted in the publication of 79 research papers in peer-reviewed journals. This showcases the impactful contributions made by the School to the field of Life Sciences. Additionally, the publication of 09 book chapters further highlights the depth and breadth of the department's research.
- **Academic Engagement:** Faculty members have actively participated in international and national conferences, seminars, and workshops, reinforcing their commitment to staying updated with the latest developments in their respective fields. The delivery of 13 international and 38 national lectures outside the university demonstrates the faculty's engagement in disseminating knowledge beyond their immediate academic community.
- **Capacity Building:** The School is actively engaged in capacity building programs and aims at developing and strengthening the skills, abilities, and resources that scientific community need to thrive in a rapidly changing world. It encompasses a range of activities which includes International Conferences, National Symposia, Hands-on training and skilling, Workshops, Summer & Winter Research Workshops, National Science Day celebration, and Annual Science Fest of Doctoral Students designed to enhance knowledge, improve practices, and foster sustainable academic growth. During this year, seven capacity building events were organized which has trained more than 200 participants selected from different institutions. In addition, individual faculty members impart quality training at their respective laboratories to UG and PG students.
- **Lecture Series:** To provide opportunities for students and faculty members, the school regularly organizes expert talks from faculty members, alumni, and other lead area experts from academia and industry of repute. Such interaction is highly useful to gain new insights, promote networking, interdisciplinary collaboration, and enhancing the institution's reputation. A total of 25 lectures were organized to augment knowledge of SLS students and researchers.
- **Golden Jubilee Conference at the School:**  
To celebrate five decades of excellence in teaching and research, the School of Life Sciences, JNU organised “Vistas in Life Sciences 2024” [VLS2024], an International Conference on Frontiers of Life Sciences: From Molecules, Organisms & Diseases during 21-24 January 2024. VLS-2024 provided a platform for our alumni and faculty- both former and current, and the students to reconnect. The multidisciplinary conference has served as a platform for exchange of cutting-edge research, ideas, and insights in life sciences. VLS2024 has brought esteemed experts, researchers and scholars from around the world and facilitated collaboration, shared knowledge, and explored the latest advancements in the diverse and dynamic field of life sciences.

This conference was meticulously crafted with a central focus on unraveling the intricate interplay between molecules, organisms, and their direct implications on human health. During the four days, the conference had 51 talks by eminent invited scientists and young scientists, 02 panel discussions and 125 poster presentations by

students and post-doctoral young scientists. This conference served as an invaluable platform for scientists, researchers, and scholars to explore into the depths of molecular biology, genomics, proteomics, and their profound impacts on living organisms and human well-being. This conference provided a platform for scientists, researchers, and experts from around the world to share their latest findings, research methodologies, and innovations. This helped in disseminating knowledge and keeping the scientific community updated with the latest advancements. This global perspective was essential for understanding and tackling health challenges that transcend borders, such as emerging infectious diseases, genetic disorders, and complex diseases with multi-factorial origins.

- **Research Funding:** The School's faculty members are currently involved in 46 ongoing research projects funded by various government agencies in India. This substantial number of projects signifies the recognition and support that the faculty generates from extramural funding agencies for execution of research activities. In addition, the School's competitive grant proposal to the Department of Biotechnology (DBT), Government of India, was approved as part of the DBT-BUILDER program. This approval secured financial support that has been utilized to enhance the teaching and research infrastructure of the School. Further, this funding has been utilized to acquire advanced equipment and facilities for the Central Instrument Facility of the School.
- **New Student Admissions:** In the academic year 2023-24, the School welcomed 33 and 19 students into its M.Sc. and Ph.D. programs respectively, further contributing to the growth and vitality of the academic community.
- **Ph.D. Research Groups:** The Ph.D. program within the School is structured around **Five Research Groups** (Table below), which serve as thematic points for the admission of Ph.D. students. These groups not only facilitate targeted research but also play a crucial role in attracting talented students and funding opportunities to the School.

Overall, the School of Life Sciences has demonstrated remarkable progress in various facets of its operations, from research output and student achievements to securing grants and advancing its teaching and research infrastructure. The dedication of faculty and students alike is evident in these achievements, positioning the School as a notable contributor to the field of Life Sciences.

The School of Life Sciences is dedicated to maintaining and enhancing the quality of its teaching and research activities across its five research groups. One way it achieves this is through a continuous effort to strengthen its curriculum and courses for both M.Sc. and Ph.D. programs. This is achieved by incorporating new and emerging areas of biology into the existing academic framework. This proactive approach ensures that students have access to the latest developments in the field and are equipped with the knowledge and skills required for cutting-edge research and academic pursuits.

By introducing newer areas of biology into the curriculum, the School not only keeps up with the dynamic nature of the field but also offers students a well-rounded and up-to-date education. This approach aligns with the School's commitment to interdisciplinary research and education, enabling students to explore diverse aspects of life sciences and engage with a broader range of topics. Furthermore, the fact that the School implements these curriculum updates as a regular feature reflects its responsiveness to the evolving landscape of biological research and its dedication to providing the best possible education to its students. As scientific knowledge expands and new areas of study emerge, the School's approach ensures that students are prepared to address current and future challenges in the field.

Overall, the School's initiative to incorporate newer areas of biology into its curriculum showcases its commitment to academic excellence, research innovation, and staying at the forefront of biological sciences. This approach not only benefits the students but also contributes to the advancement of scientific knowledge and understanding.

### **New Courses (regular or remedial) introduced by the School**

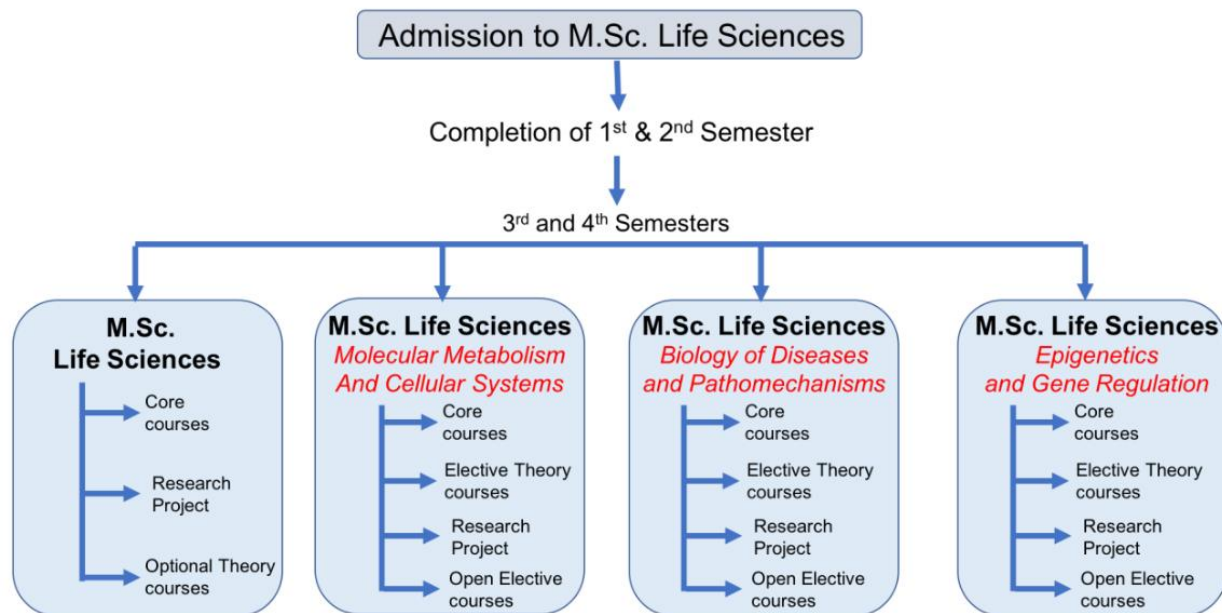

The School of Life Sciences (SLS) was established in the year 1970 and has been at the forefront of life sciences teaching and research in India. The MSc (Life Sciences) teaching programme was the first teaching programme of its kind in the country and was introduced in 1975-76 transcending the boundaries of classical subjects such as botany, zoology etc. The M. Sc. course lays strong emphasis on research and has continued to offer students the choice of a wide range of research fields. Indeed, our M.Sc. alumni have gone to do phenomenally well in academia, industry etc. within India and abroad. The faculty members of the School have continuously revised, updated their courses and several new courses have also been introduced to keep abreast of the latest developments in the field of life sciences. A unique feature of the MSc Life Sciences teaching programme has been to provide a wide array of subject/ courses in the broad field of life sciences. This has empowered the students to take up research career in chosen disciplines in India after qualifying national tests for fellowships and undertake research career abroad. Over the years, the School has recognized that the MSc Life Sciences programme ought to be restructured, and at the same time to offer specializations for desirous students in contemporary and upcoming disciplines in life sciences. The course restructuring committee of the School examined the current MSc programme and identified the following aspects for restructuring and rationalization of the MSc programme: (1) Increase weightage (credits) for practicals/ project commensurate to the load and the time spent by students; (2) Align practical courses with theory courses; (3) Introduce new practicals subjects; (4) Remove any significant overlaps between different practical modules; (5) Compact and redistribute core courses, and (6) Offer additional optional courses in thematic areas.

Over the years, the School has given emphasis on hands-on training/skill development for students in M Sc Life Sciences. The restructured practical courses would further augment skill development of our students, and align with the mandate of NEP2020. Furthermore, the School had proposed to introduce three new MSc programmes by offering specializations in the following disciplines: (1) Molecular Metabolism and Cellular Systems (2) Biology of Disease and Pathomechanisms (3) Epigenetics and Gene Regulation The three new programmes were approved for funding and funding received as part of the DBT-Boost to University Interdisciplinary Life science Departments for Education and Research (DBT-BUILDER) programme. Accordingly, the faculty committee of the School deliberated and recommended the revised MSc Life Sciences degree programme, and the three new programmes offering MSc Life Sciences with Specializations were approved by the SLS Special Committee held on Aug 16, 2023.

### **Salient Features of the new MSc Life Sciences Programmes**

Students after completion of 1st and 2nd semesters, would opt for one of the four streams- MSc Life Sciences, MSc Life Sciences with one of the three specializations. Each student has to exercise the option at the end of the 2nd semester. Based on the student's choice, a maximum of 30-40% students would be assigned to any of the four streams, with the GPA at the end of 2<sup>nd</sup> semester being a criteria for stream allotment.

## Flow of Academic Programme in MSc Life Sciences

### Key aspects:

- Students can opt for MSc Life Sciences, or one of the three specializations at the end of the second semester.
- Specialization is a focused high-intense, thematic programme comprised of research project carried out over two semesters, and the prescribed elective courses in one of the three specializations.
- A total of 88 credits must be completed successfully to obtain MSc Life Sciences degree.
- The Graduate Advisory Committee of the SLS will advise students in the choice of streams, and the requisite courses, and would guide the students through their academic stay in SLS.

### Conferences/Workshops Organized: (10)

- Natarajan K., Vistas in Life Sciences 2024 (VLS2024), an International Conference on Frontiers of Life Sciences: From Molecules, Organisms and Diseases, 21 – 24 January, 2024

- Manish Sharma, Poster presentation at the EMBL Conference: BioMalPar XVIII: biology and pathology of the malaria parasite 2023, 23 – 25 May, 2023
- Manish Sharma, CSIR travel grant to attend BioMalPar XVIII: biology and pathology of the malaria parasite 2023, 23 – 25 May, 2023
- Himashree Choudhury, Selected to present research work at MAM2024, Molecular Approaches to Malaria conference in Lorne, Victoria, Australia. Travel Fellowship was provided to her for attending the conference, 18 – 22 February, 2024
- Himashree Choudhury, Best poster award in Vistas in Life Sciences 2024 (VLS2024) International Conference held at JNU in 2024, 24 January, 2024
- Rhea Subba, Awarded International travel grants from SNC'2023 to attend SiNAPSA Neuroscience Conference 2023 (SNC'23), Ljubljana, Slovenia, 28-30 September, 2023.
- Shikha Bharti, Awarded Best oral presentation on “The Role of Exosomes in Mediating radioresistance in Cancer” in “18th Annual Science Fest BIOSPARKS "Igniting Innovation in Life Sciences”, SLS, JNU, New Delhi, 20-21 March 2024
- Mohd. Suleman, Best Poster award in International Seminar on Recent Advancements In Chemical And Life Sciences, Jamia Hamdard, Delhi, 26 October, 2023
- Surbhi Badhwar, Awarded Senior Research Fellowship by the Department of Biotechnology, Government of India, 8 March, 2024

## Future Plans:

The School's continuous efforts to strengthen its teaching and research activities across its five research groups are noteworthy. By making minor changes to the curriculum and courses for M.Sc. and Ph.D. programs to include newer areas of biology, the School demonstrates its commitment to staying up-to-date in the field. Additionally, the recent

initiative to restructure the M.Sc. program in alignment with the National Education Policy (NEP) of 2020 is a significant move. This alignment likely involves incorporating interdisciplinary approaches, offering flexible curriculum options, emphasizing practical experience and research, promoting innovation and entrepreneurship, and potentially incorporating multilingual education to provide a comprehensive and modern educational experience.

To align its teaching programme to the National Education Policy 2020, SLS intends to introduce an exit option for students completing 1<sup>st</sup> year Life Sciences called “*Post-graduate diploma in Life Sciences*”, and a new teaching programme called “*M.Sc. (Research) in Life Sciences*” from the academic session 2024-2025. In addition, the School envisions to expand its research initiatives in the coming academic sessions by exploring emerging areas within the domain of life sciences. This could involve establishing new research groups or forging collaborations with institutions to delve into cutting-edge subjects. Further, emphasizing global partnerships is a priority, with a focus on fostering collaborations with esteemed international institutions. These partnerships could encompass joint research projects, student exchanges, and shared resources, enhancing the overall academic experience.

The School also plans to integrate innovative teaching methods into its pedagogical approach. This includes leveraging modern educational technologies, interactive learning platforms, and digital resources to enhance the educational journey for students. Adopting a student-centric approach is on the horizon, with a focus on tailoring programs to align with students' needs and aspirations. This involves offering comprehensive development, career guidance, and mentoring to prepare students for future challenges. To extend its impact beyond its academic community, the School also aims to strengthen its outreach efforts. This could involve organizing science communication events, public lectures, and workshops to engage with the local community and raise awareness about the significance of life sciences.

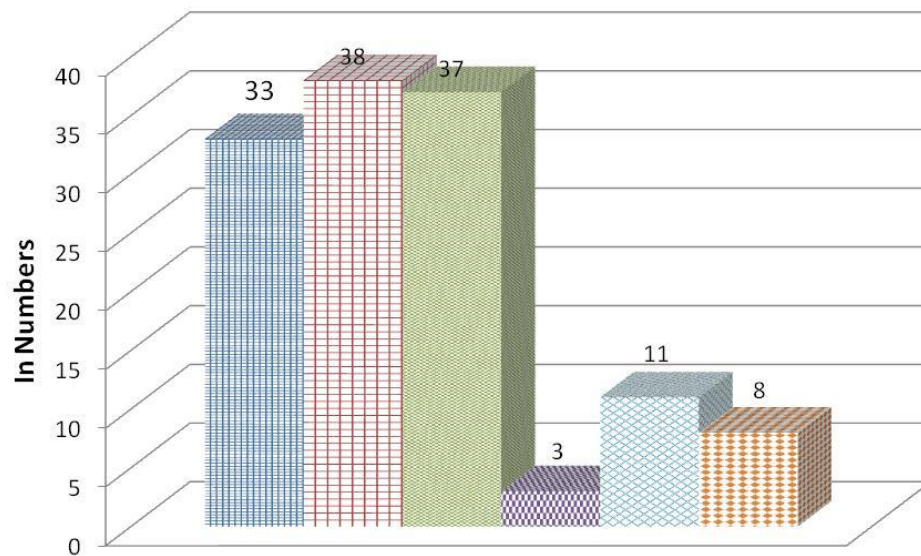

Through these anticipated future plans, the School will continue shaping aspiring life scientists, contributing to scientific progress, and upholding its esteemed position as a leader in interdisciplinary research and education.

## **Atal Bihari Vajpayee School of Management and Entrepreneurship (ABVSME)**

Management education plays a key role in most of the systems and institutions, whether related to education, health, hospitality, or manufacturing. In the fast-moving and technology-driven world of today, even religious and family affairs need management consultation on various occasions. However, to meet the existing and emerging challenges, management education has to be designed innovatively and in consonance with the dynamics of the field.

Today when our nation is putting every effort to empower its youth, management skills and entrepreneurship assume immense significance. The Atal Bihari Vajpayee School of Management and Entrepreneurship (ABVSME), JNU aims to carve out a niche for itself and provide opportunities to our youth to get quality education and training and offering a more comprehensive understanding of management and entrepreneurial principles. JNU has strong national and international credentials and an enviable brand image; it has also earned its reputation for its multidisciplinary tradition of teaching and research. The addition of ABVSME to its existing schools has further enhanced its image as a centre of excellence.

ABVSME began its journey in 2018, and in July 2019 the first batch of Master of Business Administration (MBA) students joined the School. The teachers and the students have made their unique contribution to this first step of ABVSME, and the School's foundation has been soundly built. The School has welcomed its fourth batch of MBA as well as the second batch of PhD students for the year 2022-2023.

### **Pedagogy**

- Computational Thinking
- Structured lectures and teaching, with high modern methodology
- Guest lectures by the master in the field
- Panel discussions involving eminent academics and industry leaders
- Workshops & seminars
- Case studies & hands-on training sessions
- Project assignments
- Role playing
- Business games
- Industry visits

### **Future Plans**

#### **Industry Interface**

A paradigm shift that is now underway seeks to promote new patterns of collaboration among industry consortia and university. At ABVSME we would like to bridge the gap between business school and industry. With the competent faculty we would be able to remove barriers for the interaction and the possible conditions for sustainable interaction from both academic and industry perspectives.

#### **Global Collaboration**

The changing global landscape of management education indicates that the future will demand much more if business schools are to support development goals, increase access to management education, develop more innovative curricula, share in the development of instructional resources and monitor and project the emerging needs of business organizations. At ABVSME we wish to weave the core tenets of collaboration and innovation, facilitated through a quality-focused program and strategy.

## School of Physical Sciences (SPS)

The School of Physical Sciences (SPS) is one of the leading departments in India both in terms of teaching and research. SPS has three major branches of science (Physics, Chemistry and Mathematics) in the same school, and this provides a natural habitat for collaborative research in the interdisciplinary areas. SPS offers Ph.D. and M.Sc. degree programs in all the three disciplines (Physics, Chemistry and Mathematics). Since the inception of School of Engineering, the faculty of SPS has been engaged in teaching their basic (theory and laboratory) courses in Physics, Chemistry and Mathematics in the B. Tech program of the School of Engineering. Most of the laboratories of SPS are well equipped with state-of-the-art research instruments. The school has state of the art computing facilities and well-equipped laboratories for Physics and Chemistry. SPS has a well-established Library with good collection of books and journals in all the three subjects. In M.Sc. programs, SPS offers traditional core courses in each subject; in addition, focus is given to offer specialized courses to students as elective courses to enrich their knowledge in specific domains. SPS offers well-designed M.Sc. laboratory courses including the traditional and modern experiments. In terms of research, SPS is one of the leading Schools where the faculties have made noteworthy contributions to the traditional disciplines of Physics, Chemistry and Mathematics, as well as to the areas at the interface of these subjects.

The faculty of SPS continues to publish research papers in reputed journals with high impacts and present their work in both national and international conferences and seminars. The faculty and students regularly publish research papers in top international journals and their publications have received extensive citations in the scientific literature. *During the past year (2023-24), a total of 135 peer reviewed research papers, 9 chapters in books, 25 conference proceedings and 2 Other/media articles were published by SPS faculty and students.*

The research emphasis of the Physics group has been on topics in Condensed Matter Physics, Chemical Physics, Disordered Systems, High Energy Physics, Mathematical Physics, Laser Physics, Neutrino Physics, Non-equilibrium Statistical Mechanics, Nonlinear Dynamics, Statistical Biophysics, Quantum Chaos and String Theory. Active research is also being carried out in the areas of Complex Fluids, Superconductivity, Magnetism, Semiconductors, Spintronic Materials, Thermoelectrics, Photovoltaics, Plasma Astrophysics, Quantum Optics, Quantum Information Science, Mesoscopic Systems, Polymers, Bio and Nano Materials, Thin Films, Quantum Dots, Strongly Correlated and Frustrated systems, Topological Materials, High entropy alloys, Magnetocaloric Materials and Materials for Nuclear energy applications.

The Chemistry group is active in the areas of Synthetic Organic Chemistry, Inorganic Chemistry, Physical Chemistry, especially Supramolecular Chemistry, Glycochemistry, Crystal Engineering, Ultrafast and Single Molecule Spectroscopy, Computational Chemistry, Materials Chemistry, Biophysical Chemistry, Bio-inorganic, Bio-organic Chemistry, Medicinal Chemistry, Peptide Chemistry and Structure Based Drug Design, Asymmetric Synthesis, Coordination Chemistry, Polyoxometalate, etc.

The Mathematics group has been working in Number Theory (Algebraic and Analytic), Elliptic Curves, Ergodic Theory and Dynamical Systems, Probabilities on Groups and Operator Algebras, Operations Research, Queueing Theory, Reliability Theory, Computational Fluid Dynamics, Numerical Simulations, Heat and Mass Transfer, Flow through Porous Media, Fourier Approximation, Summability Theory, Functional Analysis, operator theory and Wavelets.

The research and teaching contributions of SPS have been recognized and acknowledged all across world. Many of the faculty members are invited as speakers/chairs of sessions at conferences, both at national and international levels. Many of our students have gone on to become faculty and scientists in leading institutions and laboratories within India and abroad. The faculty and students regularly publish research articles in top international journals and their publications have received extensive citations in the scientific literature. Some faculty members have received prestigious awards and been elected fellows of reputed scientific academies. A large number of eminent researchers across the country and world have visited the SPS and delivered many talks in concurrent subject areas of Physics, Chemistry and Mathematics.

In recognition of the excellence in the teaching and research program at SPS, the School has attracted generous funding from several agencies: to name a few, DRS (1994 – 2009), DSA-I (2009—2014) and DSA-II (2015 -2020) from the University Grants Commission, and FIST-I (2002 – 2007), FIST-II (2008 – 2013), FIST-III (2014-2019), FIST-IV (2023-28), COSIST (2000 – 2005) and PURSE (since 2009) from the Department of Science and Technology. In addition, faculty members have many individual research projects sponsored by Department of Science & Technology, Council of Scientific & Industrial Research, Department of Atomic Energy, National Board for Higher Mathematics, University

Grants Commission, Department of Biotechnology, Department of Information Technology, STARS, as well as collaborative Indo-French and Indo-US research projects. SPS has received large amount of research funds from various funding agencies at national and international level.

A large number of eminent researchers across the country and world have delivered many talks in concurrent subject areas of Physics, Chemistry and Mathematics.

### **Conferences organized by the School: (05)**

- SPS, JNU organized 3<sup>rd</sup> international conference on “Plasma Theory and Simulations (PTS-2023)”, 21 – 23 September, 2023
- SPS, JNU organized international conference on “Materials for Energy & Sustainable Development (MESD-2023)”, 27 – 29 October, 2023
- SPS, JNU organized SPS March Meeting 2024 focussed on “Recent progress in Quantum Technologies”, 14 – 15 March, 2024
- A half-day event on “May 12 initiative 2023: Celebrating Women in Mathematics”, 19 May, 2023
- School of Physical Sciences, JNU organized one day symposium to celebrate 162<sup>th</sup> Birth Anniversary of Acharya Sir Prafulla Chandra Ray (2 August, 1861 – 16 June, 1944). The coordinator of this event was Prof. Ram Sagar. The theme of the symposium was “Contribution of Acharya Sir Prafulla Chandra Ray to Chemical Sciences” and keynote speaker of this event was Prof. Sourav Pal, Ashoka University (Former- Director, IISER Kolkata, CSIR-NCL & Professor IIT Bombay, 2 August 2023

### **Visitors to the School**

The School of Physical Sciences runs a regular and vibrant seminar program with around **19** talks in all during the academic year 2022-2023. Many eminent visitors were invited by the school who presented seminars on diverse topics in areas of Mathematics, Chemistry and Physics.

### **Detailed list of Seminars/ Journal Club talks 1 April, 2023 – 31 March, 2024:**

- Dr. Newton Nath, INFN Bari, Italy, “Forging New Pathways: Harnessing Neutrino Experiments”, 14 July, 2023
- Prof. Manas Kulkarni, ICTS Bangalore, Bengaluru, “Collective Behaviour of a Family of Power Law Models”, 8 May, 2023
- Dr Rajiv Singh, University of California at Davis, “Spin-echo in Thulium Vanadates”, 8 September, 2023
- Dr Vikrant Chaudhary, Department of Chemistry, IIT Roorkee, “Design and Modelling of Materials for Thermoelectrics”, 25 September, 2023
- Dr Satoshi Nihonyanagi, RIKEN, Wako, Japan, “Frontier of Interface Science by means of Interface-selective Nonlinear Spectroscopy”, 25 October, 2023
- Prof. Annapurni Subramaniam, Director, Indian Institute of Astrophysics, Bangalore, “Why, what and how of Chandrayaan-3 and Aditya L1 mission”, 11 October, 2023
- Dr. Ritesh Agarwal, Department of Materials Science and Engineering, University of Pennsylvania, Philadelphia, USA, “Utilizing Geometry and Topology for Designing On-Chip Chiral Photonic Infrastructure”, 24 November, 2023
- Prof. Francesco Stellacci, Institute of Materials, Bioengineering Institute, and Global Health Institute, Ecole Polytechnique Fédérale de Lausanne (EPFL), Switzerland, “Nature Inspired Circular Recycling for Soft Materials (NaCRe)”, 22 December, 2023

- Prof. Martin Weigel, Institute of Physics, Chemnitz University of Technology, Germany, “Computer simulation studies of disordered magnets”, 23 February, 2024
- Prof. Anukul Jana, Department of Chemistry, TIFR, Hyderabad, “Redox Mediated Synthesis of Main-Group Based Open-Shell Compounds”, 4 March, 2024 (Journal Club Seminar)
- Prof. Mohammad Amin Sofi, JKIMS - University of Kashmir, Srinagar, “On the Bartle Graves theorem in the Lipschitz Category”, 5 March, 2024
- Dr. Nilanjana Kumar, CCSP, SGT University, Gurgaon, “LHC and Beyond: Decoding the Mysteries of the Universe”, 6 March, 2024
- Prof. Debashree Ghosh, School of Chemical Sciences, Indian Association for the Cultivation of Science, “Quantum chemistry methods to study strongly correlated systems from variational to machine learning approaches”, 28 March, 2024

### Accomplishment of Students:

The Ph.D. students in SPS have been actively involved in the teaching and learning program of the school. The students are engaged as Teaching Assistants for various courses which helps them strengthen their base. The students participated in the schools/conferences/workshops, relevant in their respective areas of study both at national and international levels. Some of the students have received fellowships/grants for participating in schools/conferences/workshops. Our M.Sc. students also secured Ph.D. positions in various eminent Institutes and Universities in India and abroad. Additionally, our students have been selected for postdoctoral and regular positions at some of the reputed institutions both in the country and abroad.

### Schools/Conferences/Workshops/Seminars attended by the students:

- **Ajay Gupta**, Poster presentation in the 20<sup>th</sup> International Conference on “Modern Trends in Inorganic Chemistry” (MTIC-XX), IISc Bangalore, 14 – 17 December, 2023 (Title: Multifunctional Iridium(III)–Platinum(IV) Conjugates as Potent Anticancer Theranostic Agents).
- **Ajay Gupta**, Oral presentation on Recent Advances in Biological Sciences, organized by School of Biotechnology, JNU, New Delhi, 28 July, 2023 (Title: Mitochondria Targeted Heterobimetallic Iridium(III)-Platinum(IV) Conjugate as Potent Anticancer Theranostic Agent).
- **Ajay Kumar Chand**, Joint Ph.D. student of Prof. Sanjay Puri and Prof. Sobhan Sen, received Best Poster Prize in Ultrafast Sciences conference held in NPL Delhi, November, 2023
- **Ajay Kumar Chand**, Joint Ph.D. student of Prof. Sanjay Puri and Prof. Sobhan Sen, received Best Poster Prize in BIOSPARKS-2024 conference held in SLS JNU, March, 2024
- **Ajay Kumar Chand**, Joint Ph.D. student of Prof. Sanjay Puri and Prof. Sobhan Sen, received Best Poster Prize in Nano Bio Interface-2024 conference held in SBT JNU, February, 2024
- **Ajay Kumar Chand**, Joint Ph.D. student of Prof. Sanjay Puri and Prof. Sobhan Sen, received Best Poster Prize in March Meeting-2024 held in SPS JNU, March, 2024
- **Akanksha Pandey**, and Mohanty Tanuja, ‘Bandgap modulation in chemically synthesized BQDs/ZnO nanocomposite’ at 34<sup>th</sup> Annual General Meeting and 5<sup>th</sup> Indian Materials Conclave in collaboration with Materials Research Society of India (MRSI) organized at IIT BHU, Varanasi, 12 – 15 December, 2023
- **Akanksha Pandey**, Kumawat Manoj kumar, and Mohanty Tanuja, ‘Effect of Thermal Annealing on Structural and Optical Properties of MoS<sub>2</sub> Quantum Dots Decorated Graphene Oxide Thin Films’ at 67<sup>th</sup> DAE Solid State Physics Symposium (DAE-SSPS 2023) at Gandhi Institute of Technology and Management (GITAM), Visakhapatnam, Andhra Pradesh, 20 – 24 December, 2023
- **Akanksha Pandey**, and Mohanty Tanuja, ‘Bandgap modulation in Borophene/TiO<sub>2</sub> Quantum dot nanocomposite’ at international conference on Materials for Energy & Sustainable Development (MESD-2023), organized at Jawaharlal Nehru University, New Delhi, 27 – 29 October, 2023
- **Ankan Das Roy**, 9<sup>th</sup> Topical Conference on Ultrafast Photonics and Quantum Science (TC-2024). Physical Research Laboratory, Ahmedabad, 15 – 17 February, 2024

- **Arnav Pushkar**, Attended the international conference on "Fractionalization and Emergent Gauge Fields in Quantum Matter" at ICTP, Trieste, Italy and presented a poster on "Low-temperature theory of inversion and quantum oscillation in Kondo Insulators", 4 – 8 December, 2023
- **Arnav Pushkar**, Attended the international conference on "Highly Frustrated Magnetism (HFM)" held at IIT Madras, Chennai, and also presented a poster on "Low-temperature theory of inversion and quantum oscillation in Kondo Insulators" at the conference, 8 – 13 January, 2024
- **Aryan Gautam**, Poster presentation in the 60<sup>th</sup> Annual Convention of Chemists (ACC 2023), organized by Indian Chemical Society (ICS) at IIT Delhi, (Title: AIE-Active Cyclometalated Iridium(III) Complexes for Detection of Endotoxin and Wash-Free Bacterial Imaging), 20 – 21 December, 2023
- **Aryan Gautam**, Poster presentation in the 20<sup>th</sup> International Conference on "Modern Trends in Inorganic Chemistry" (MTIC-XX), IISc Bangalore (Title: AIE-Active Cyclometalated Iridium(III) Complexes for Detection of Endotoxin and Wash-Free Bacterial Imaging) , 14 – 17 December, 2023
- **Aryan Gautam**, Poster presentation on Recent Advances in Biological Sciences, organized by School of Biotechnology, JNU, New Delhi, (Title: Visible and NIR-Light Photoactivatable *o*-Hydroxycinnamate System for Efficient Drug Release with Fluorescence Monitoring), 28 July, 2023
- **Debamita Chatterjee**, Talk "Characterisation of distal actions of automorphisms of a Lie group on the space of one-parameter subgroups" at the 4th Conference on Algebra, Analysis and Applications, Dr. B.R. Ambedkar University, New Delhi, 9 December, 2023.
- **Debamita Chatterjee**, Presented a poster at the "Indian Women and Mathematics (IWM) Annual Conference" at IISER Bhopal, 13 – 15 July, 2023
- **Debamita Chatterjee**, Attended international conference on "Mathematics and Applications", at Mata Sundri College for Women, University of Delhi, 10 – 12 January, 2024
- **Deepak**, and **Prajapati, R. P.**, "Effect of Compressibility on the Rayleigh-Taylor Instability in Strongly Coupled Dusty Plasmas", 3<sup>rd</sup> International Conference on Plasma Theory and Simulations (PTS-2023), JNU, New Delhi, 21-23 September, 2023
- **Deepak**, and **Prajapati, R. P.**, "Internal Waves and Rayleigh-Taylor Instability in Magnetized Compressible Strongly Coupled Dusty Plasmas", 38<sup>th</sup> National Symposium on Plasma Science and Technology (PLASMA-2023), UPES, Dehradun, 4 – 8 December, 2023
- **Deepak**, Workshop on Computational MHD with the PLUTO code, at IISc Bangalore, 10 – 14 July, 2023
- **Deepak**, Interaction Session on Current and Future Trends in Plasma Science and Technologies, at IIT Delhi, 3 October, 2023
- **Divya Rani**, 3<sup>rd</sup> International Conference on "Plasma Theory and Simulation (PTS-2023)" Held at SPS, JNU, 21 – 23 September, 2023
- **Divya Rani**, International conference on "Materials For Energy and Sustainable Development (MESD-2023)" Held at SPS, JNU, 27 – 29 October, 2023
- **Divya Rani**, SPS March Meeting on "Recent Progress in Quantum Technologies" Held at SPS, JNU, 14 – 15 March, 2024
- **Divya Rani**, "3 Days Workshop on Advanced Materials for Batteries (WAMB-2024)" Held at IIIT, Noida U.P.), 19 – 21 February, 2024
- **Gurmeet Singh**, Attended, 3<sup>rd</sup> International Convention on Sustainable Trade and Standards (ICSTS), New Delhi, India, 2 – 3 November, 2023
- **Gurmeet Singh**, International conference on Advanced Functional Materials and Devices (AFMD-2024) (SRM Chennai) 26 – 29 February, 2024 (Poster presentation)
- **Gurmeet Singh**, "Physical Property Measurement System and its Applications" organized by AIRF, JNU, India, 1 June, 2023
- **Gurmeet Singh**, "Experiments using Electron beam facility" one day workshop organized by Inter-University Accelerator Centre, New Delhi, India, 27 December, 2023
- **Harendra Sheshma**, International conference and workshop on Twelve Principles of Green Chemistry and UN-SDGs; held at Hindu College, University of Delhi.; Presented Poster and got the Best poster award.; Author- Harendra Sheshma, & Dr. Ankita Rai (Supervisor); Graphitic Carbon Nitride as Responsive Photocatalyst for Expedient C-H activation/Oxidative Dearomatization in Organic Synthesis, 9 – 10 November, 2023
- **Harendra Sheshma**, Fostering Catalysis for Societal Benefit (FCSB-2024); held at Department of Chemistry, University of Hyderabad; Presented – Poster; Author- Harendra Sheshma & Dr. Ankita Rai (Supervisor); Oxidized Graphitic Carbon Nitride as an Adaptive Visible -light Photocatalyst for Facile C-H Activation and Oxidative Dearomatization in Organic Synthesis, 15 – 17 January, 2024

- **Harsh Sahu**, Joint Ph.D. student of Prof. Sanjay Puri and Prof. Sobhan Sen, received Best Poster Prize in JNCASR-CECAM Conference: MD@60 held in JNCASR Bangalore, February, 2024
- **Himanshu Lekharu**, Attended 4<sup>th</sup> Conference on Algebra, Analysis and Applications, Dr. B.R. Ambedkar University, New Delhi, 9 December, 2023
- **Jyoti Bisht**, Attended the International Conference on "Highly Frustrated Magnetism (HFM)" held at IIT Madras, Chennai, 8 – 13 January, 2024
- **Kavita Singh**, Received Best Poster prize in the International Conference on “Crossroads of Chemistry, Biology and Atmospheric Environment: A Modern Prospective”, at University of Delhi (Title: Organo catalyzed synthesis of  $\alpha$ ,  $\beta$ -unsaturated carbohydrate enals...), 26 – 28 February, 2024
- **Kavita Singh**, Poster presentation in the 3<sup>rd</sup> International Conference on Integrative Chemistry, Biology and Translational Medicine (ICBTM-2024), at Udaipur, Rajasthan, India. (Title: Efficient Synthesis of 2,3-dideoxy alpha-beta unsaturated carbohydrate enals (Perlin’s aldehyde), 8 – 10 March, 2024
- **Kritika Rushiya**, Attended a workshop on HSF-India HEP Software, at NISER, Bhubaneswar, 18 – 22 December, 2023
- **Kritika Rushiya**, Attended the SPS March Meeting on “Recent Progress in Quantum Technologies” at SPS, Jawaharlal Nehru University, Delhi, 14 – 15 March, 2024
- **Kumawat Manoj Kumar**, Yadav Vidyotma and Mohanty Tanuja, ‘A novel synthesis technique of ternary BCN and modulation of its bandgap’ at Recent Progress in Graphene and 2D materials Research (RPGR-2023), Bengaluru, 20 – 23 November, 2023.
- **Mahinshi**, Attended NCM Workshop on Elliptic Curves, IISER TVM, 3 – 11 April, 2023
- **Mahinshi**, Attended Workshop on Rational Points on Modular Curves, ICTS Bengaluru, 11 – 22 September, 2023
- **Mahinshi**, Attended 4<sup>th</sup> Conference on Algebra, Analysis and Applications, Dr. B.R. Ambedkar University, New Delhi, 9 December, 2023
- **Mahinshi**, Attended international conference on Mathematics and Applications at Mata Sundri College for Women, University of Delhi, 10 – 12 January, 2024
- **Rajdeep Tyagi**, Poster presented in the international conference on Basic, Analytical and Allied Sciences at the Interface of Carbohydrates and Biomass Valorisation (CARBOXXXVII), at Delhi Technological University, Delhi, (Title: Efficient Synthesis of Indole-chalcones based Glycohybrids and their Anticancer Activity), 30 November – 2 December, 2023
- **Ravi Prakash**, Attended 4<sup>th</sup> Conference on Algebra, Analysis and Applications, Dr. B.R. Ambedkar University, New Delhi, 9 December, 2023
- **Ravi Prakash**, Attended international conference on Mathematics and Applications at Mata Sundri College for Women, University of Delhi, 10 – 12 January, 2024
- **Sabila Parveen**, Delivered a talk in an international conference on Current Trends in Cosmology and High Energy Physics (COSMO@CCSP-2) at SGT University, Gurgaon. (Title: CP and T violation effects in presence of an eV scale sterile neutrino at long baseline neutrino experiments), 29 November – 1 December, 2023
- **Sabila Parveen**, Attended a workshop on HSF-India HEP Software, at NISER, Bhubaneswar, 18 – 22 December, 2023
- **Sabila Parveen**, Delivered a talk in international conference on Future Prospects in Neutrino and Astroparticle Physics (ICFPNAP 2024) at Assam Don Bosco University, Assam (Title: Impact of eV scale sterile neutrino in CP/T violation searches at long baseline neutrino experiments), 23 – 24 January, 2024
- **Sabila Parveen**, Presented a poster on “Sterile sector impacting the correlations and degeneracies among mixing parameters at DUNE and the role of high energy beam” in SPS March Meeting on “Recent Progress in Quantum Technologies” at SPS, Jawaharlal Nehru University, Delhi, 14 – 15 March, 2024
- **Shubham**, Attended Workshop on Elliptic Curves, IISER TVM, April, 2023
- **Shubham**, Attended ISI Delhi Number Theory Meeting: Analytic & Diophantine Aspects, ISI, New Delhi, 15 September, 2023
- **Shubham**, Attended 4<sup>th</sup> Conference on Algebra, Analysis and Applications, Dr. B.R. Ambedkar University, New Delhi, 9 December, 2023
- **Shubham**, Published paper “The 2-adic valuation of the general degree-2 polynomial in 2 variables,” Notes on Number Theory and Discrete Mathematics, 29(4), 737-751, 26 November, 2023
- **Sumit Kumar**, Attended 4<sup>th</sup> Conference on Algebra, Analysis and Applications, Dr. B.R. Ambedkar University, New Delhi, 9 December, 2023

- **Nidhi**, Poster presentation FiO LS 2023, with the paper titled ‘FTIR Spectroscopic Analysis of Pharmacological Importance of *Tinospora Cordifolia* (Giloy)’, in Tacoma (Greater Seattle Area), Washington, USA, 9 – 12 October, 2023
- **Nidhi**, Poster presentation at FiO LS 2023, with the paper titled ‘Analysis of Aromatic and Terpenic constituents of Black and White Pepper using Fourier Transform Infrared Spectroscopy’, in Tacoma (Greater Seattle Area), Washington, USA, 9 – 12 October, 2023
- **Nidhi**, Poster presentation at TechPRO-2023 (Technical Poster Presentation) with the poster titled ‘Development of Raman technology for Controlled Environment Agriculture and increasing crop productivity’ during ICCSAI-2023, organized by Galgotias University in Greater Noida, India, 23 – 25 November, 2023
- **Nidhi**, U. C. Garnaik and S. Agarwal, Harnessing Light for Food Security using Raman Technology, March Meeting SPS JNU, 14 – 16 March, 2024
- **Pallab Boro**, and Prajapati, R. P., “Effect of Dust Charge Fluctuation on Cosmic Ray Driven Magnetohydrodynamic Waves”, 3<sup>rd</sup> International Conference on Plasma Theory and Simulations (PTS-2023), JNU, 21-23 September 2023
- **Pallab Boro**, and Prajapati, R. P. , “Cosmic Ray Driven Magnetohydrodynamic Waves in Magnetized Self-Gravitating Dusty Molecular Clouds”, 38<sup>th</sup> National Symposium on Plasma Science and Technology (PLASMA-2023), UPES, Dehradun, 4 – 8 December, 2023
- **Pallab Boro**, Workshop on Computational MHD with the PLUTO code, at IISc Bangalore, 10 – 14 July, 2023
- **Ravinder**, and **R. P. Prajapati**, “Rayleigh-Taylor instability in compressible ultra-relativistic degenerate strongly coupled plasma, 3<sup>rd</sup> International Conference on Plasma Theory and Simulations (PTS-2023), JNU, 21-23 September 2023
- **Ravinder**, **Prajapati, R. P.** “Radiation pressure driven Rayleigh-Taylor instability in compressible ultra-relativistic degenerate magnetized plasmas”, 38<sup>th</sup> National Symposium on Plasma Science and Technology (PLASMA-2023), UPES, Dehradun, 4 – 8 December, 2023
- **Ravinder**, Interaction session on Current and Future Trends in Plasma Science and Technologies, at IIT Delhi, 3 October, 2023
- International conference and workshop on Twelve Principles of Green Chemistry and UN-SDGs; held at Hindu College, University of Delhi; Presented Poster; **Sanju**, & Dr. Ankita Rai (Supervisor); Carbo-catalyzed Furan activation for inverse electron demand ADAR with Benzyne generating stereoselective 1,4-dihydroquinolines, 9 – 10 November, 2023
- CRSI NSC- 32 & 17<sup>th</sup> CRSI- RSC; at BITS Pilani; Presented – Poster; Author- **Sanju**, & Dr. Ankita Rai (Supervisor); Novel Route to Synthesize 1,4- Dihydroquinoline Derivatives by Nitrene Insertion Using Five Membered Heterocyclic Rings as Diene Precursor for [4+2] Cycloaddition with Benzyne, 2 – 5 February, 2024
- **Umesh Chand Garnaik**, National Workshop on Material Design and Processing, organized by SPS, JNU New Delhi and IAPT (RC1), 8 – 10 May, 2023
- **Umesh Chand Garnaik**, Optica Sensing Congress 2023 (AIS, FTS, HISE, Sensors, ES), Optical Sensors 2023, Munich Germany, 30 July–3 August, 2023
- **Umesh Chand Garnaik**, 3<sup>rd</sup> International Conference on Plasma Theory and Simulations - PTS-2023, JNU Convention Centre, 21 – 23 September, 2023
- **Umesh Chand Garnaik**, Global Partnership on Artificial Intelligence (GPAI) India Summit 2023, Bharat Mandapam, New Delhi, 12 – 14 December, 2023
- **Nidhi**, U. C. **Garnaik**, and S. Agarwal, Harnessing Light for Food Security using Raman Technology, March Meeting SPS JNU, 14 – 16 March, 2024
- **Yadav Vidyotma**, Kumar Arvind, and Mohanty Tanuja, ‘Investigating the feno-asymmetry in hBN nanosheets annealed at various temperatures’ at 67<sup>th</sup> DAE Solid State Physics Symposium (DAE-SSPS 2023) at Gandhi Institute of Technology and Management (GITAM), Visakhapatnam, Andhra Pradesh, 20 – 24 December, 2022
- **Yadav Vidyotma**, Kumawat Manoj Kumar, and Mohanty Tanuja, ‘Concentration dependent modification of structural and surface electronic properties of GO-hBN nanocomposites’ at Recent Progress in Graphene and 2D materials Research (RPGR-2023) Bengaluru, 202 – 23 November, 2023
- **Vinesh**, and **Prajapati, R. P.** “Effects of Intrinsic Magnetization on Jeans Instability of Anisotropic Rotating Quantum Plasmas Including Ohmic Diffusion”, 3<sup>rd</sup> International Conference on Plasma Theory and Simulations (PTS-2023), JNU, 21 – 23 September, 2023
- **Yogesh Yadav**, Poster presentation in the 32<sup>nd</sup> CRSI National Symposium in Chemistry (CRSI-NSC-32) at BITS Pilani campus, Rajasthan (Title: Base-mediated Efficient Synthesis of Tri-substituted Chirally-enriched Triazole-linked Glycoconjugates)., 2 – 4 February, 2024

## Awards/Travel Fellowships received by students/postdocs:

- **Ajay Gupta**, Best poster presentation award for the paper titled “Multifunctional Iridium(III)–Platinum(IV) Conjugates as Potent Anticancer Theranostic Agents” at the 20<sup>th</sup> International Conference on “Modern Trends in Inorganic Chemistry” (MTIC-XX), IISc Bangalore, 14 – 17 December, 2023
- **Ajay Kumar Chand**, Joint Ph.D. student of Prof. Sanjay Puri and Prof. Sobhan Sen, received Best Poster Prize in Ultrafast Sciences conference held in NPL Delhi, November, 2023
- **Ajay Kumar Chand**, Joint Ph.D. student of Prof. Sanjay Puri and Prof. Sobhan Sen, received Best Poster Prize in BIOSPARKS-2024 conference held in SLS JNU, March, 2024
- **Ajay Kumar Chand**, Joint Ph.D. student of Prof. Sanjay Puri and Prof. Sobhan Sen, received Best Poster Prize in Nano Bio Interface-2024 conference held in SBT JNU, February, 2024
- **Ajay Kumar Chand**, Joint Ph.D. student of Prof. Sanjay Puri and Prof. Sobhan Sen, received Best Poster Prize in March Meeting-2024 held in SPS JNU, March, 2024
- **Divya Rani**, Divya Qualified CSIR-NET-JRF (July, 2023)
- **Divya Rani**, Received First Prize in 3 days workshop on advanced materials for batteries (WAMB-2024) Held at IIIT, 19 – 21 February, 2024
- **Harendra Sheshma**, International conference and workshop on Twelve Principles of Green Chemistry and UN-SDGs; held at Hindu College, University of Delhi.; Presented Poster and got the Best poster award; Author-Harendra Sheshma, & Dr. Ankita Rai (Supervisor); Graphitic Carbon Nitride as Responsive Photocatalyst for Expedient C-H activation/Oxidative Dearomatization in Organic Synthesis, 9 – 10 November, 2023
- **Harsh Sahu**, Joint Ph.D. student of Prof. Sanjay Puri and Prof. Sobhan Sen, received Best Poster Prize in JNCASR-CECAM Conference: MD@60 held in JNCASR Bangalore, February, 2024
- **Kavita Yadav**, Received Best Poster prize in the International Conference on “Crossroads of Chemistry, Biology and Atmospheric Environment: A Modern Prospective” at University of Delhi (Title: Organo catalyzed synthesis of  $\alpha$ ,  $\beta$ -unsaturated carbohydrate enals...), 26 – 28 February, 2024
- **Kunal Yadav**, Best poster award in DAE Solid State Physics Symposium (Vishakhapatnam 2023), 24 December, 2023
- **Mainpal Singh**, Best poster award in DAE Solid State Physics Symposium (Ranchi 2022), 22 December, 2023
- **Nidhi**, 1<sup>st</sup> Prize in Technology development presentation at TechPRO-2023 (Technical Poster Presentation) with the poster titled ‘Development of Raman technology for Controlled Environment Agriculture and increasing crop productivity’ during ICCSAI-2023, organized by Galgotias University in Greater Noida, India, 23 – 25 November, 2023
- **Nidhi**, Best poster presentation award for the paper “Harnessing Light for Food Security using Raman Technology” at SPS March Meeting, by SPS JNU, 14 – 16 March, 2024
- **Pallab Boro**, Buti Young Scientist Award by Plasma Science Society of India (PSSI), at PLASMA-2023 Conference, UPES Dehradun, 4 – 8 December, 2023
- **Sabila Parveen**, Best poster presentation award for the paper titled "Sterile sector impacting the correlations and degeneracies among mixing parameters at DUNE and the role of high energy beam" at the in SPS March Meeting on “Recent Progress in Quantum Technologies” at Jawaharlal Nehru University, Delhi, 14 – 15 March, 2024
- **Shweta**, Full funding under International Travel Scheme (ITS) supported by SERB, Govt. of India, New Delhi for attending APS March Meeting at Minneapolis, USA, and presenting a poster on "Stability enhancement in FAPbI<sub>3</sub> perovskite absorbers via Guanidinium doping for photovoltaic applications", 3 – 8 March, 2024
- **Smaranika Patra**, Best poster presentation award in AFMSA-2024, SNU, Greater Noida, 9 – 10 February, 2024
- **Umesh Chand Garnaik**, Best poster presentation award for the paper titled A Vibrational Spectroscopic Method for Detection of Rheumatoid Arthritis using Bodily Fluidsat NW-MDP 2023, 8 – 10 May, 2023
- **Umesh Chand Garnaik**, Best poster presentation award for the paper Harnessing Light for Food Security using Raman Technology at March Meeting by SPS JNU, 14 – 16 March, 2024
- **Umesh Chand Garnaik**, 1<sup>st</sup> Prize in Technology development presentation at TechPRO-2023 (Technical Poster Presentation) with the poster titled ‘Development of Raman technology for Controlled Environment Agriculture and increasing crop productivity’ during ICCSAI-2023, organized by Galgotias University in Greater Noida, India, 23 – 25 November, 2023

## Future Plans:

The unique coexistence of three major science streams in SPS has facilitated collaborative and interdisciplinary research programs in the School. The primary focus would be to attract (both collective and individual-centric) research grants in interdisciplinary areas of science that resonate with the priority areas advertised by the funding agencies of the Government of India. After the successful implementation and completion of the FIST grant from DST, SPS applied for the next phase (phase-IV) under FIST. SPS had requested for an extension of UGC-DSA for a period of one year also.

Several new colleagues have joined SPS during the past two years. The immediate requirement would be expansion in terms of space and infrastructure. This will facilitate faculty to host multiple research grants in their respective areas of expertise. In order to strengthen the existing academic programs (such as Ph.D. and M.Sc. in all the three branches of science at SPS), the main focus would also be to enrich the M.Sc. laboratories where students learn by performing experiments. The SPS has recently started M.Sc. programs in Chemistry and Mathematics, and we would like to expand those programs as well.

One of our major goals would be to strengthen academic collaborations with institutes within the country and abroad. In this direction, the MoU between Homi-Bhabha National Institute (HBNI) and JNU has been extended for another term of five years beginning 2023. This will allow for enhancing the collaborative activities (via visits of faculty members and research staff and joint supervision) between any of the research institutes in the country funded by Department of Atomic Energy (DAE) and our university. We wish to highlight that with the implementation of New Education Policy (NEP) 2020 and accessibility to online programs, the MoU between HBNI and JNU naturally allows for credit transfer for courses taken by students and can play a significant role in enhancing the cooperation and collaboration between any of the research institutes (which are constituent institutions of the HBNI) in the country funded by Department of Atomic Energy (DAE) and our university. Moreover, the Dean, SPS is in discussion with the Director of CSIR-National Physical Laboratory, Prof. Achanta Venugopal for formalizing the MoU which could allow collaboration between JNU and NPL. We have had preliminary discussions on the possible topics where both institutions can benefit from this collaboration.

To keep the students engaged and motivated, more emphasis will be laid on organizing focused lecture series in addition to Conferences and regular seminars on specialized topics and invite eminent speakers to deliver the lectures, as well as reviving the “SPS Journal Club” platform for the students.

**SCHOOL OF SANSKRIT AND INDIC  
STUDIES (SSIS)**

### SCHOOL OF SANSKRIT AND INDIC STUDIES

## School of Sanskrit and Indic Studies (SSIS)

### The School of Sanskrit and Indic Studies (संस्कृत एवं प्राच्य विद्या अध्ययन संस्थान):

- Initially, a Special Centre for Sanskrit Studies was established in 2001 to fill an obvious gap in JNU's teaching and research eco-system where Sanskrit had been missing since the inception of the university
- Prof. Kapil Kapoor (Padma Bhushan), the then Rector of the university played a major role in establishing the special centre.
- The special centre was upgraded as a full fledged school in the year 2017.
- Introduced a unique 5-Year Integrated B.Sc.-M.Sc. in Ayurveda Biology program in the year 2020.
- Aims and objectives of the school:
  - Negotiate between, and bring together, through interactive projects, the traditional scholars/scholarship and the mainstream university scholars/scholarship.
  - Undertake maintenance and preservation of heritage texts and manuscripts.
  - Constitute and expound theoretical framework from the primary intellectual texts of the Sanskrit tradition.
  - Extend and validate the classical theories by applying them both to contemporary Indian reality (modern Indian languages, literature, etc.) and to contemporary European Languages and literature (to reverse the existing data-theory relationship between the Indian academy and the Western academy and to recover theory status for the Indian thought).
  - Undertake comparative research in Indian and Western traditions of thought in linguistics, literary and cultural theory, and philosophy including philosophy of language, metrics and prosody, sociological thought, polity, gender, and ethnic studies and culture.

### The School of Sanskrit and Indic Studies (SSIS) currently has the following programs:

- Ph.D
- M.A.
- 5-Year Integrated B.Sc.-M.Sc. in Ayurveda Biology
- Diploma of Proficiency (DoP) in Pali
- Five Certificate of Proficiency (CoP) courses in Sanskrit, Pali, Sanskrit Computational Linguistics, Yoga Philosophy and Vedic Culture.
- The School offers a range of tools/optional courses for undergraduate-B.A. students of School of Language, Literature and Cultural Studies.

The school is planning to start several new courses and programs soon.

### New Courses / Programme

- DoP Program

### Contribution to course development

- **Meena Gopal Lal**, New courses of Certificate Proficiency in Health Awareness and Wellness have been prepared.

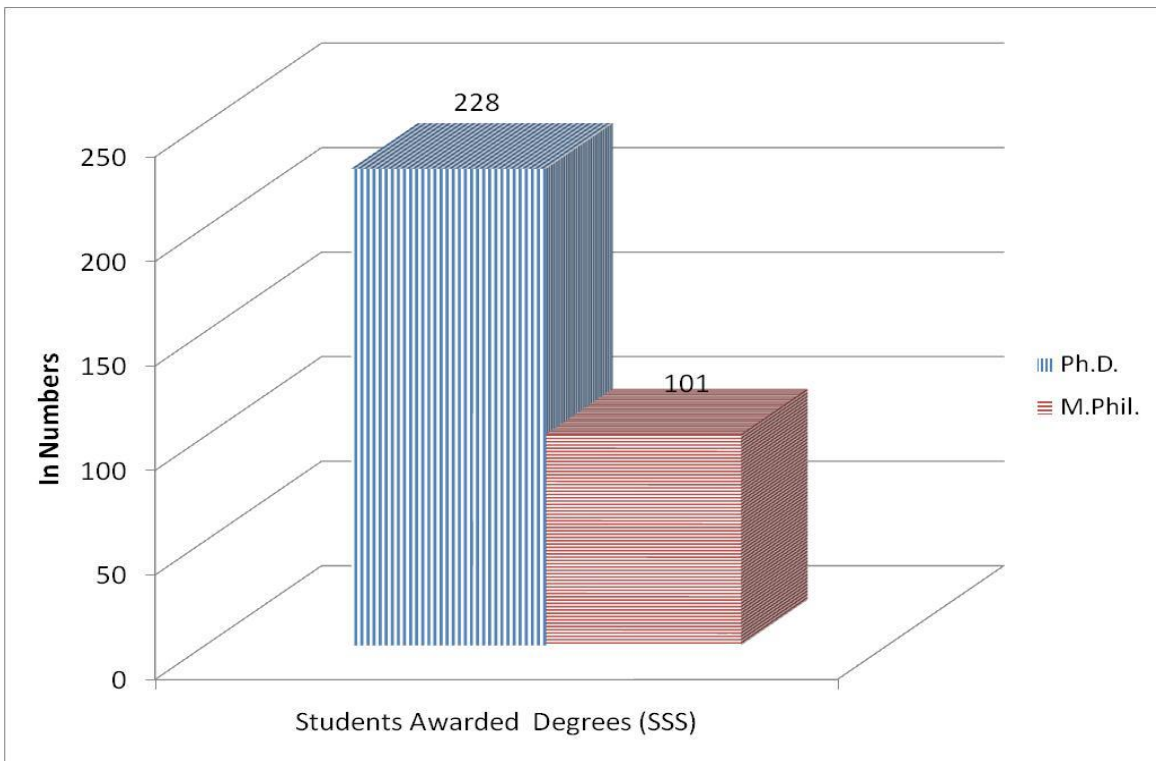

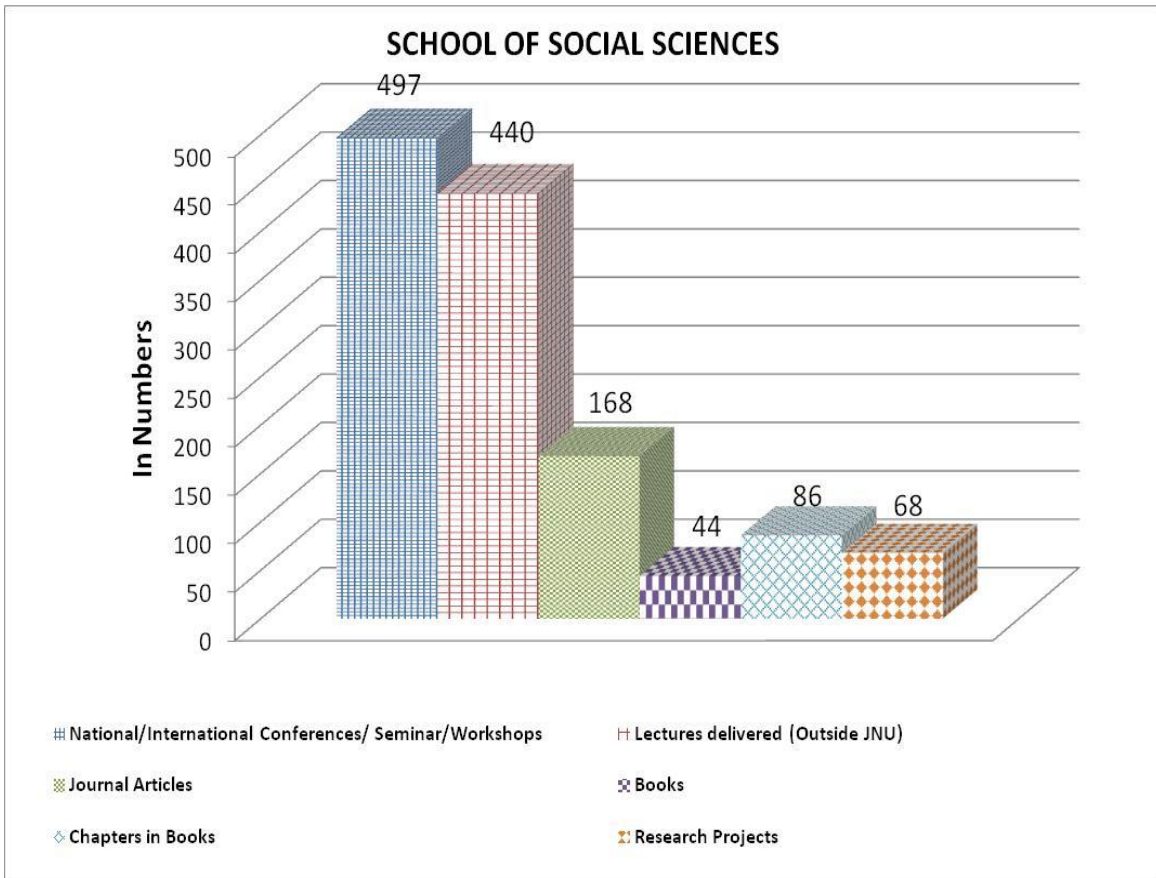

### Thesis evaluation and oral examination of research students:

**SCHOOL OF SOCIAL SCIENCES  
(SSS)**

## School of Social Sciences (SSS)

### About the Centre:

#### *Centre of Social Medicine and Community Health*

The Centre of Social Medicine and Community Health had academically a successful year. The process for restructuring of courses has made considerable progress. The proposal to introduce a new course i.e., Dr PH has been placed before the UGC for notification. All faculty members have published in leading international and national journals. Their papers have been accepted in prestigious peer reviewed conferences. Several faculty members have lectured extensively outside the University. The AROYGAM collaboration has facilitated exchange of students and faculty between its Partners University i.e. Achutha Menon Centre for Health Services Studies at the Shri Chitra Tirunal Institute for Medical Sciences and Technology, Trivandrum; the School of Social and Political Science, University of Edinburgh; and the Südasien-Institut-Ruprecht-Karls-Universität Heidelberg. **New collaborative initiatives between York University, Foundation for Revitalisation of Local Health Traditions (FRLHT), the University of Trans-Disciplinary Health Science and Technology, Bengaluru and Kaziranga University, Jorhat are being initiated.** Several students published their work, participated in conferences and were selected for exchange programmes. Besides the regular teaching and research activities, collaborative academic activities and research projects were undertaken by the faculty members. Several distinguished scholars visited the Centre several students' publications appeared in journals and books. The Centre's Documentation Unit was upgraded, with substantial addition of books and automation.

#### *Centre for Philosophy*

The Centre for Philosophy has been growing since the time we started our M.A. programme in 2013. In 2018-2019 we received the sixth batch of M.A. students. The Centre has already been effectively running its M.Phil/Ph.D. research programs since 2005-06. We have been able to consolidate our teaching program further by adding more optional courses for the students to choose from and thereby enabling them to build up their specialization in area of study of their choice. The programs of the Study have been so designed that they focus on engaging with problems and concerns of philosophy cutting across traditional and narrow disciplinary boundaries. There is a special emphasis on the methodological interface for generating new knowledge whether basic or applied. Besides Metaphysics, Epistemology, Ethics and Logic, we have introduced courses on Culture and Multiculturalism, Justice, Philosophy of Mind, Philosophy of Language, Philosophy of Social Sciences, Phenomenology, Social & Political Philosophy, Cognitive Science and Contemporary Indian Philosophy. We have had several visiting faculties in the Centre, who have contributed immensely to the academic activities of the Centre. In the last academic session, there were many foreign scholars who visited the centre. The Centre had one visiting professor and one guest faculty in the last year.

In the last academic year, the centre has organized a large number of talks by renowned scholars of both national and international repute. The Centre has been endeavoring to promote teaching and research in philosophy with its distinct position as a foundational discipline keeping a close connection with other disciplines in the Humanities and the Social Sciences.

### New Courses

#### *Centre for Historical Studies*

Course Instructor	Course Name	Course Code	Credits
Prof. Shonaleeka Kaul	History, Myth and Memory in Early India (MA Course)	M22412	4
Prof. Shonaleeka Kaul	Aspects of Cultural History: Early India (MA Course)	M21432	4
Prof. Shonaleeka Kaul	History, Myth and Memory in Early India (PhD Course)	D22419	4

Dr. Nonica Datta	Colonial Mapping and the Redefinition of Spaces in South Asia (MA Course)	M41430	4
Dr. Nonica Datta	History, Memory and The Archive: Alternative Histories and Popular Narratives of South Asia (MA Course)	M41431	4
Dr. Nonica Datta	Memory, Testimony, History: Writing Histories of South Asia (MA Course)	M42418	4
Dr. Nonica Datta	Memory, Testimony, History: Writing Histories of South Asia (PhD Course)	D42422	4
Dr. Navendu Shekhar	Interconnected Histories: Trade, Communities and Urban Dynamics in Colonial India (MA Course)	M41429	4

### *Centre for Studies in Science Policy*

#### **New Course**

- A 2-credit Course titled “*Research and Publication Ethics*” (SP611P) was introduced for the doctoral students during the Winter Semester (Course Coordinator: Madhav Govind & Saradindu Bhaduri)

#### **Conferences organized by the School/Centres: (58)**

#### ***Centre of Social Medicine and Community Health: (02)***

- **Reddy Sunita**, National Conference on Ethics in Human Science Research and Publication, organised by CSM&CH, JNU in JNU Convention Centre, 21 – 24 September, 2023
- **Priya Ritu**, An NHRSC-CSMCH National Consultation on Conceptual and Methodological Contours of Health Systems Research in India, organised by CSM&CH, JNU in JNU Convention Centre, 3 – 4 October, 2023

#### ***Centre for Political Studies: (03)***

- **Bijukumar, V.**, Round table discussion on Bringing back the philosophical Conception of Indian Civilization in Social Sciences, by Centre for Political Studies, JNU, 13 March, 2024
- **Roy, Himanshu**, and Preeti, Ten Days Capacity Building Programme for Political Science Teachers Organised by UGC-Malaviya Mission Teacher Training Centre (formerly Human Resource Development Centre), JNU, 9 – 17 February, 2024
- **Suthar Sudhir Kumar**, National seminar on Looking Beyond Income Paradigms: Brining Rural Dignity in India’s Policy Discourse, 11 March, 2024

#### ***Centre for Women’s Studies: (08)***

- **Roy Mallarika Sinha, Bora Papori, Mokkil Navaneetha, Jeevanandam S.**, Lecture on “The Shaky Grounds of Surrender and Subversion: Refugee Dancers of Postcolonial Bengal” by Aishika Chakraborty, Professor and Director, School of Women’s Studies, Jadavpur University, 19 October, 2023
- **Roy Mallarika Sinha, Bora Papori, Mokkil Navaneetha, Jeevanandam S.**, Lecture on ‘Governed Body, Ungoverned Sex and Gender Performativity: A Case of Hijra in Bangladesh’ by Rezwana Karim Snigdha, Associate Professor, Department of Anthropology, Jahangirnagar University, Dhaka, 14 December, 2023
- **Roy Mallarika Sinha, Bora Papori, Mokkil Navaneetha, Jeevanandam S.**, Presentation of the research projects by the outgoing batch of MPhil Students at CWS, JNU, 30 January, 2023

- **Roy Mallarika Sinha, Bora Papori, Mokkil Navaneetha, Jeevanandam S.,** Lecture on “Writing Sisterhood: Women, Gender and Labor in the Folk Performance of Kobigaan” by Priyanka Basu, Lecturer in Performing Arts, King’s College, London, 3 November, 2023

- The Centre also plans to set up International collaborations with universities abroad in order to facilitate student and faculty exchange programs.
- With relation to development of syllabi the centre for philosophy plans to introduce new courses especially in the areas like Classical & Contemporary Indian Philosophy and Applied Philosophy which are not adequately represented in the Centre at present.
- The centre plans to explore possibilities of collaborations with Management and health care Institutes with special reference to Moral Philosophy & Applied Ethics.

### ***Centre for Studies in Science Policy***

- The collaborative research in the areas of Responsible Research and Innovation (RRI) Framework, Sustainability Studies, UN Agenda 2030 (Sustainable Development Goals), has been given priority to align with the international research agendas.
- The Centre is planning to establish an Infographics Laboratory to promote information visualization and research data analytics; and also, to undertake advanced research in the areas of scientometrics, altmetrics, and new age research evaluation metrics. This Infographics Laboratory will be very unique within the Indian higher educational institutions. We are also very keen to collaborate with research institutions and research networks in the Global South to make use of this Lab for preparing various reports. The scientometric and altmetric studies will also be undertaken to measure national and regional progress in different branches of STEM (science, technology, engineering and mathematics) subjects as these are the foundations of the industrial and corporate world.

## Special Centre for the Study of North East India (SCSNEI)

Special Centre for the Study of North East India (SCSNEI) was established in the year 2018. Earlier it was a University-level Programme under the name, North East India Studies Programme, established in 2006. The Centre aims at a holistic understanding of the region by bringing together different epistemic perspectives with a strong commitment to interdisciplinary research. The focus of the Centre covers humanities, social and environmental sciences, and other allied disciplines, that are linked to studies on North East India and its neighbouring areas.

The main thrust of the Center is to undertake critical research on the diverse and complex issues of the region and build up a body of scholarly works on the region including its wider historical and contemporary global contexts and connections. At present, SCSNEI focuses on areas of study, such as social change, religion and statecraft, economic development and livelihood practices, conflict, peace and human security studies, frontier and borderland studies, history of infrastructure, visual history, history of goods and circulation, cultural studies, literature, cultural history, resistance studies, traditional knowledge system, political ecology and environmental studies, transnational and migration studies, borderland and regional economy, print culture, ancient Indian culture and archaeology, aesthetics and performance studies, biodiversity, traditional medicinal practices, performing arts and folklores, and oral traditions.

SCSNEI promotes active interaction between JNU and various Universities and institutions at the regional, national and global levels. This is being done through the exchange of scholars, workshops, seminars, symposia, research, etc., on themes pertinent to the region. SCSNEI also engages in comparative research which covers themes connecting local and global issues and their wider implications. It aims to develop into a Centre of Excellence which would serve as a resource hub for scholars from diverse parts of the country and abroad and be a platform that brings academics, administrators, policy makers, civil society actors and activists interested in the region and its neighbouring areas to dialogue on its various challenges and prospects, develop new methods and approaches for holistic growth and development of the region, and locate the region in national discourse and policy intervention.

### Any Other Information

A new Faculty Prof. Vimal Khawas had joined the center. Prof. Vimal Khawas came from Sikkim University. His Areas of Interest/Specialization is South Asian Borderlands with particular focus on the Himalaya and North-East India, Environmental Security with emphasis on Water Resource Management, Climate Change Studies with focus on Community Vulnerability, Resilience and Adaptation/Mitigation, Disaster Management with particular interest on the Application of Traditional Knowledge in Disaster Risk Reduction, Human Security, Regional Planning and Development.

### Future Plans

The Centre has begun to work on compulsory MA course, and by coming year (2024-2025), this will be introduced. Prof. Rakhee Bhattacharjee is the convener of this task.

It also aims to introduce two certificate courses on North East India Studies for professionals outside the campus.

A Further step towards fulfilling the objective of the Centre is to expand the collaborative works outside the confines of JNU – with other academic and research institutions in the country and abroad. SCSNEI seeks to explore and engage with scholars and institutions working on North East India and its neighboring areas.

## Centre for the Study of Law & Governance (CSLG)

The Centre for the Study of Law and Governance (CSLG) adopts a multidisciplinary approach to framing research and teaching on the relationship between law and governance. The study of governance, in its various forms and at different sites, is central to several contemporary issues: reforms of public institutions and public law; the creation and establishment of procedures and rules that lead to greater efficiency, transparency and accountability; and the challenge of making governance more inclusive and participatory through the strengthening of democracy and civil society. The programme's inter-disciplinary focus is distinct from mainstream social science approaches to governance or law in its attempt to explore how practices of law and governance are embedded in political, economic, social and historical process, how practices of governance are dispersed over various sites ranging from the government, bureaucracy, judiciary, community and family, the socio-legal processes that deter or provide access to justice; and notions of govern mentality, sovereignty and rights in specific politico-jural regimes.

While the Centre's academic programme produces scholarly research on law and governance, it also seeks to translate theory into practices of governance by initiating debate, sharing research and encouraging dialogue between the academia, government, civil society and NGOs at the local, national and global levels. In the decade since it came into existence, CSLG has developed at least three attributes that make it a distinctive part of the intellectual landscape. First, the Centre is explicitly inter-disciplinary. Second, the Centre has developed a reputation as a location where academic rigour can be meshed with reflection on policy and advocacy. Third, the Centre has become a focal point for understanding the links between the formal legal framework and governance in practice.

Since its inception, CSLG has initiated a renewed interest in looking at how practices of governance get stabilized through law and how these practices open law to further contestation. CSLG is the only academic space in India, and possibly one of the few academic spaces in the world, to have directed intellectual energy towards bringing together an inter-disciplinary focus on the relationship between law and governance.

The agenda of public policy through an examination of doctrinal law remains incomplete without interrogating the socio-legal processes that embed the practices of governance. CSLG has moved away from the conventional methods of looking at black letter law to using economic and sociological approaches to law in order to redress lacunae in legal research per se in India. The manifold agendas of legal reform and public policy in India remain impoverished in the absence of substantial socio-legal research in many areas of law that impact the everyday life of Indian citizens.

## Special Centre for Disaster Research (SCDR)

Social Science is growing into and developing an understanding of technology and natural science which can bring human safety and sustainable development. This objective requires transdisciplinary interaction, understanding and knowledge. The universe is one holistic habitat for humanity to survive. It may also be man's last habitat if we continue to allow the magnitude, frequency and recurrence of disasters to increase. In consideration of this objective the Special Centre for Disaster Research aims to build upon an appropriate relationship between social sciences, ICT and geospatial sciences on one hand and between the government and academic research on the other hand. The objective of teaching and research in disaster studies is to understand how disasters affect development, national resources and human and nonhuman lives. It also highlights the need for ecologically sensitive land use policies through GIS mapping and demarcation of fragile ecological areas. The centre looks into the new areas of information and communication research (ICT), Artificial Intelligence and preparedness to disasters, ecosystem and communities, smart cities and urban development. The research would also define the parameters of scientific preparedness, technology of mitigation and institutional accountability. Much of disaster prevention is about transparency, accountability, constitutional and environmental law which are helped through a basic understanding of geospatial sciences, Computational intelligence and community resilience. Those who are ready for a more versatile and contemporary thought processes are encouraged to apply.

**SPECIAL CENTRE FOR  
E-LEARNING (SCEL)**

## Special Centre for E-Learning (SCEL)

The newly created 'Special Centre for E-Learning (SCEL)' at Jawaharlal Nehru University aims to develop and offer online courses with an aim to bring its expertise and high quality education system to those who miss out for the university's competitive entrance examination, and because of its limited on-campus space. The online courses are planned to be offered in large numbers and multiple disciplines, ranging from Certificate to Undergraduate and Post-graduate degrees, where interested students from even the remote regions of the country will get an opportunity to virtually attend the classes taught by the best faculty; access JNU's vast intellectual resources; participate in the discussion forums; take test and earn a JNU degree.

In order to fulfill the laid down conditions and the quality parameters specified under the University Grants Commission (Online Courses or Programmes) Regulations, 2018, SCEL plans to develop the infrastructure, appoint academic and administrative staffs, maintain and administer the Centralised Data Base of all the online Courses or Programmes, work for effective coordination among the faculty members offering online courses, admission branch, evaluation branch and Communication and Information Services at JNU.

**SCEL is working on the following courses with the faculty members of the concerned school. The process is on.**

- Online MBA (proposed)
- Online M.A. (International Relations) (proposed)

### **Conferences organized by the School/Centre: (01)**

- G20 University Connect Lectures on the theme Pathways and Paradigms for India's G20 Presidency organized by the SIS and SCEL, JNU, 21 August – 8 September, 2023

### **Any Other Information**

- The building and infrastructure development is under progress.
- Various Committees formed to operationalize SCEL
- UGC regulations 2020 and subsequent amendments for online programmes has been approved by the Academic Council and Adopted by the university
- Several meetings conducted with CPWD and engineering section for the construction of new building of SCEL from HEFA fund.
- Final architectural design of the school building has been prepared and finalized.
- Bid document is ready. It is vetted by the legal department of JNU.

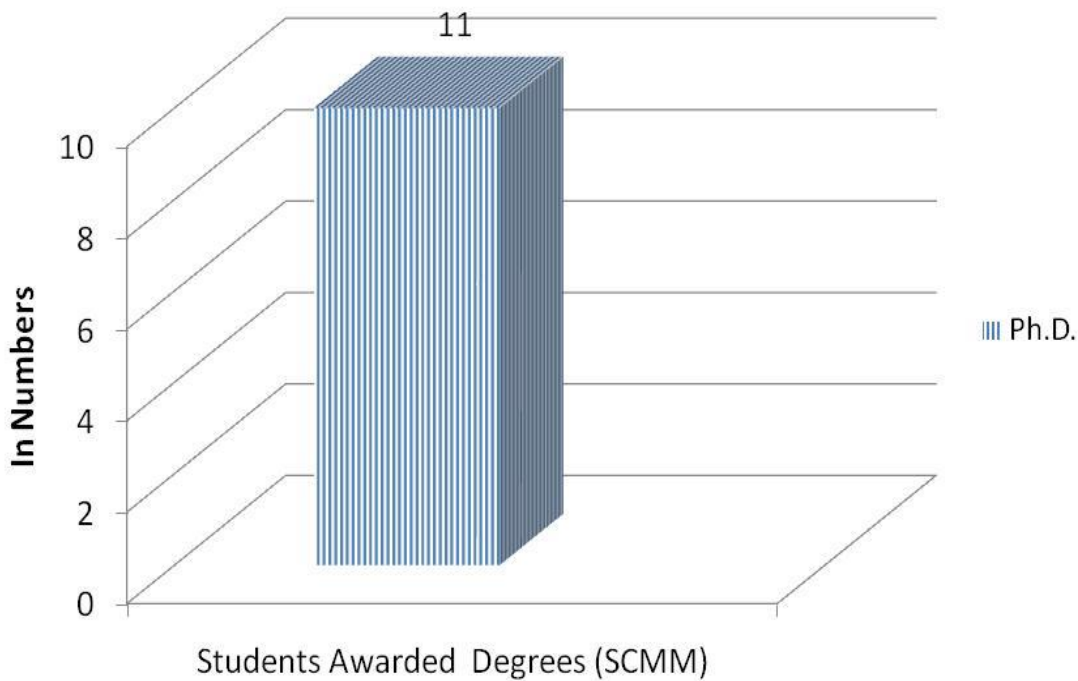

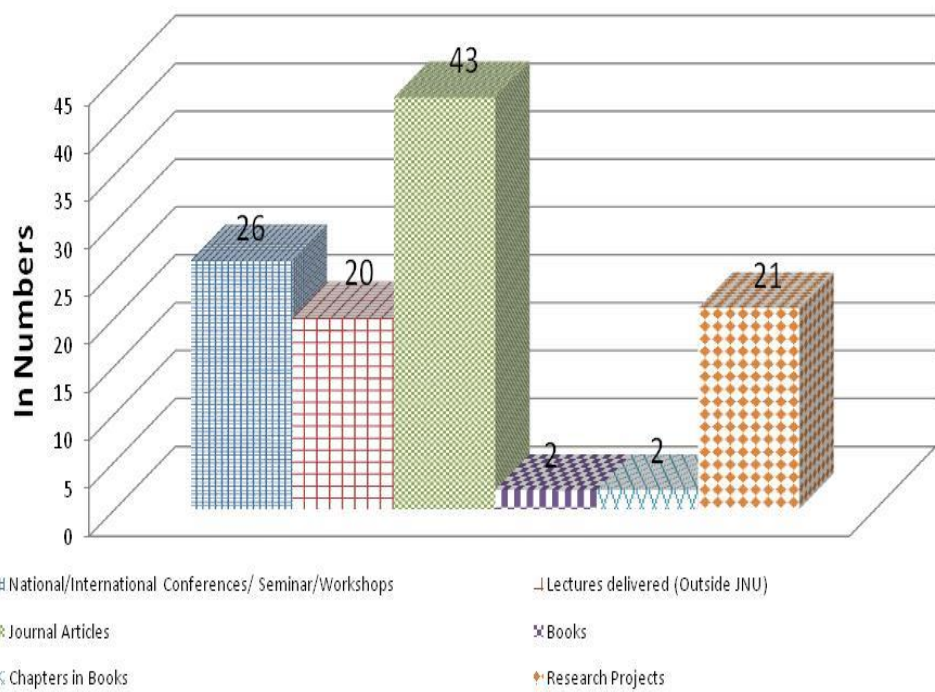

### **Future plans**

- Creation of Centre's website
- Creating awareness about e-learning
  - For faculty members
  - For students
- Developing Training Modules (Types)
  - Stand – alone demonstrations
  - Live demonstration
  - Hand-holding sessions
  - For PMRF students
  - For Ph.D students
  - For postgraduate students
- Development of e-learning courses
  - Identifying course coordinators
  - Development of Courses
  - Academic Council approval
  - Launching of courses

- Conducting workshop
  - For faculty members
  - For students
  - In collaboration with UGC-HRDC, other school/centers
- Development of a policy for revenue sharing model

**SPECIAL CENTRE FOR  
MOLECULAR MEDICINE (SCMM)**

### SPECIAL CENTER FOR MOLECULAR MEDICINE

## Special Centre For Molecular Medicine (SCMM)

Molecular medicine is a promising area of biomedical sciences that aims to understand the molecular determinants of human health and diseases by applying knowledge to the prevention, diagnosis, and treatment of diseases. The Special Centre for Molecular Medicine (SCMM), established in 1999 at JNU, has pioneered research and education in India and is imparting Master's (Post-Graduate) and PhD (Doctoral) level training in various fields of molecular medicine. The centre aims to accomplish its goal through offering innovative and collaborative basic and clinical research programmes. Ever since its inception, the Centre has undertaken many collaborative research activities with reputed national and international medical research institutions.

The objective of SCMM is to foster teaching and research activities in the study of human diseases using advanced tools of biochemistry, molecular and cell biology. SCMM conducts academic programmes for the training of young scientists (both clinical and non-clinical) who are keen to pursue a career in basic medical research. The academic programmes have been designed for non-clinical biologists/chemists, with sufficient knowledge to deal with medical problems, to enable them to develop and deliver products/processes to society; and for clinicians with a basic clinical degree, who are keen to understand modern biology and chemistry at the molecular level, to enable them to apply this knowledge for drug development. For the successful implementation of these objectives, SCMM offers M.Sc. and Ph.D. programmes of study.

The faculty members of the centre are pursuing teaching & research activities in the following thrust areas of molecular medicine in which the Centre offers the basic and clinical sciences opportunities to students for pursuing Ph.D. degrees:

- Metabolic disorders such as cardiovascular diseases, the role of iron in insulin resistance-related pathogenesis, neuro-degenerative disorders like Parkinson's and Alzheimer's diseases, and endocrine-related cancers.
- Nuclear receptors in health and diseases: to study underlying molecular mechanisms of nuclear receptor functions. Nuclear receptors as drug targets in metabolic disorders and endocrine-related cancer.
- Cell adhesion and signalling, Cell polarity and tissue patterning, Diseases associated with cell-cell junctions including rare diseases like Retinitis pigmentosa type 12, and modulation of cellular junctions by pathogens.
- Infectious and non-infectious diseases: hepatitis C, Leishmaniasis, Helicobacter pathogenesis, Candidiasis, Inflammatory Bowel Disease, Pathobiology of innate immune dysfunction, DNA replication and cell cycle regulation of medically important pathogens: *Helicobacter pylori* and *Plasmodium falciparum*, application of codon-shuffling against *Mycobacterium tuberculosis* and *Plasmodium falciparum*, *Mycobacterium tuberculosis* and drug resistance, Enteropathogenic *E. coli*.
- Epigenetics and genetics of cancer and cancer stem cells, non-coding RNA in cancer and cancer stem cells. Study the role of Homeobox genes in cancer and normal hematopoiesis. Identifying the novel targets playing a role in leukemia initiation and development. Drug discovery for cancer treatment and targeting cancer stem cells. Normal hematopoiesis. Chemical biology and cell signaling approaches to the development of novel methodology for drug development.
- Designing /discovering codon shuffled de-novo peptide/protein inhibitors against essential/crucial proteins of pathogens. To study crucial host-pathogen interactions by designing codon shuffled de-novo peptide/protein inhibitors. Synthesis and selection of novel drugs like de-novo peptide binders by codon shuffling method that may inhibit crucial host-pathogen interactions in Malaria and Tuberculosis diseases.
- Tuberculosis: Mechanism of latency and re-activation of TB disease. Immunotherapy of TB and immune mechanism of host evasion, mechanism of drug resistance. Drug discovery for the therapy of regular drug-resistant TB, vaccine discovery.
- Diagnostics and medical proteomics, and mass spectrometry-based metabolomics. Selected students will have the option to choose their research area depending on their merit/aptitude and according to the vacancy available.
- The biochemical and molecular mechanism(s) of metabolic disorder-induced chronic inflammatory diseases including diabetic and cardiovascular complications, cancer, asthma and COPD through cutting-edge research and discover and develop potential mechanism-based molecular medicine for clinical intervention and therapy.

## Conferences organized by the School/Centre: (01)

- **Singh S., and Ranganathan A.**, jointly organized a conference-cum-workshop on “Advanced Cell Sorting Using Beckman Next Generation Cell Sorter Cytotflex SRT” (supported by Beckman Coulter, Inc.), at Special Centre for Molecular Medicine, Jawaharlal Nehru University, New Delhi, 2-3 November, 2023

## Invited Lectures by Visitors/Experts in the School/Centre

- **Dr. Ipsita Pal Bhowmick**, ICMR delivered a lecture entitled “Parasitological, entomological and epidemiological studies in a highly malaria-endemic area of Dhalai District, Tripura on Diseases of National Importance (CM453)”, 2 June, 2023
- **Dr. Soumya Pati**, Shiv Nadar Institute of Eminence, Gautam Buddha Nagar delivered a lecture entitled “Integrated System Biology Based Detection of Novel Biomarkers” on Diseases of National Importance (CM453)”, 13 June, 2023.
- **Dr. Shailendra Mani**, Translational Health Science and Technology Institute delivered a lecture entitled “Assessing Immune Response and Therapeutic Potential of SARS-CoV-2 virus on Diseases of National Importance (CM453), 15 June, 2023
- **Dr. Sivaprakash Ramalingam**, CSIR- IGIB delivered a lecture entitled “Targeted genome-editing of human hematopoietic stem cells for the treatment of beta-hemoglobinopathies”, 16 June, 2023
- **Dr. Naseem A. Gaur**, ICgeb delivered a lecture entitled “Human fungal pathogens and Mechanisms of drug resistance” on Diseases of National Importance (CM453)”, 20 June, 2023
- **Dr. Debjit Khan**, Cardiovascular and Metabolic Sciences Cleveland Clinic Lerner Research Institute delivered a lecture entitled “New Molecular Regulations in Glutamyl-Prolyl-tRNA Synthetase Biology”, 26 September, 2023
- **Dr. Amitabh C. Pandey**, University of School of Medicine, New Orleans, USA delivered a lecture entitled “Senescence Associated Secretory Phenotype (SASP) Promotes Risk of Atherosclerosis due to lack of SIRT1”, 5 December, 2023
- **Dr. Sheikh Abdul Rahman**, Emory School of Medicine, delivered a lecture, 8 January, 2024
- Prof. Ravindra Singh, Iowa State University, Ames, USA delivered a lecture entitled “Employment of a super minigene to understand transcription-coupled splicing and translation regulation”, 16 January, 2024
- **Dr. Sanal M.G.**, ILBS, New Delhi delivered a lecture entitled “PCOS: A String of Problems” in the Lecture Series on Diseases of National Importance (CM453)”, 9 February 2024
- **Dr. Ayushi Aggarwal**, Biotech Consortium India Limited (BCIL), Delhi delivered a lecture entitled “Understanding patentability in Biotechnology” and she also gave hands-on training on Open Source Patent Databases in a workshop on “Intellectual Property Rights”, 16 February, 2024
- **Dr. Arindam Mukherjee**, Kolkata Heart and Lung Centre Santoshpur Kolkata delivered a lecture entitled “Diseases of National Importance (CM453)”, 29 February, 2024

## Accomplishments of Students/Researchers:

### Paper/participating in academic conferences/seminars/workshops/symposia

- **Ms. Neha Kumari**, Participated in the “International Conference on Molecular Medicine, Reproduction and Endocrinology 2023 (ICMMRE 2023)” held at Navrachana University, Vadodara, 14 -16 September, 2023
- **Ms. Palak Parashar** participated in the “7<sup>th</sup> International Conference on Translational Research” held at AIIMS, Delhi, 23 October, 2023
- **Ms. Somya Asthana**, Participated in the “XLI Annual Meeting of the Indian Academy of Neurosciences and International Conference on Brain: Chemistry to Cognition” held at Jiwaji University, Gwalior, 4-6 October, 2023
- **Ms. Poonam Nagar**, Participated in the “International Conference ASCB-2023” held in Boston, MA, USA, 2-6 December, 2023
- **Ms. Ayushi Chhabra**, Participated in the “4<sup>th</sup> National Biomedical Research Competition 2023” held at Alwar, Rajasthan, 9-10 December, 2023
- **Ms. Sakshi Anand**, Participated in the “4<sup>th</sup> Science Conclave Cum National Biomedical Research Competition)” held at ESIC Medical College, Alwar, 9-10 December, 2023
- **Ms. Shaily Rubina Tirkey**, Participated “4<sup>th</sup> Science Conclave Cum National Biomedical Research Competition)” held at ESIC Medical College, Alwar, 9-10 December, 2023

- **Ms. Nidha Parveen**, Participated in the “4<sup>th</sup> Science Conclave Cum National Biomedical Research Competition)” held at ESIC Medical College, Alwar, 9-10 December, 2023
- **Ms. Neha Rawat**, Participated in the “4<sup>th</sup> Science Conclave Cum National Biomedical Research Competition)” held at ESIC Medical College, Alwar, 9-10 December, 2023
- **Ms. Prerna Joshi**, Participated in the “4<sup>th</sup> Science Conclave Cum National Biomedical Research Competition)” held at ESIC Medical College, Alwar, 9-10 December, 2023
- **Ms. Sabahat Tamseel**, Participated in the “92<sup>nd</sup> Annual Meet of the Society of Biological Chemists (SBC-2023)” held at BITS-Pilani, Goa, 18-20 December, 2023
- **Ms. Stephy A. Varghese**, Participated in the “92<sup>nd</sup> Annual Meet of the Society of Biological Chemists (SBC-2023)” held at BITS-Pilani, Goa, 18-20 December, 2023
- **Kritika Kansal**, Presented a poster titled ‘Role of CRB1 in the phagocytosis of photoreceptors’ in the 92<sup>nd</sup> Annual Meeting of the Society of Biological Chemists, Goa, India, 18-20 December, 2023
- **Ms. Pragya Mishra**, Participated in the “92<sup>nd</sup> Annual Meet of the Society of Biological Chemists (SBC-2023)” held at BITS-Pilani, Goa, 18-20 December, 2023
- **Ms. Pragya Mishra**, Participated in the “Global Immunology Summit-2024, Emerging Frontiers of Immunobiology and Immunotherapy” held at THSTI, Faridabad, 15-17 January, 2024
- **Mr. Krishnaraj S.**, Participated in “Vistas in Life Sciences 2024” held at SLS, JNU, 21–24 January, 2024
- **Ms. Praveen Kumar**, Participated in the “9<sup>th</sup> International Conference on Molecular Signalling” held at SLS, University of Hyderabad, 1–3 February, 2024

#### **Any other information: Post-Doctoral/SRA’s paper/participating in academic conferences/ seminars/ workshops/ symposia**

- **Dr. Amandeep Kahlon**, Participated in the international symposium on "Mitochondria, Cell Death and Human Disease" 2023 held at the School of Life Sciences, JNU, New Delhi, India. She received the best poster award, 18-19 February, 2023
- **Dr. Amandeep Kahlon**, Gave an oral presentation entitled "Identification of Host Erythrocytic Cytoskeleton Protein Ankyrin-1 Interactions with *Plasmodium falciparum* Secretome for the Development of Therapeutic Intervention" at the 3rd International Conference on “Antimicrobial Resistance Novel Drug Discovery and Vaccine Development: Challenges and Opportunities” organized by SRM University Delhi-NCR, 18-20 March, 2024
- **Dr Ankita Behl**, Participated in the "Fourth Science Conclave cum National Biomedical Research Competition (NBRCOM) 2023 held at ESIC Medical College and Hospital, MIA, Alwar, She received the eighth rank in an oral presentation, 9-10 December, 2023
- **Dr. Ankita Behl**, Gave an oral presentation entitled "Inhibition of a novel cold shock protein ‘PfCoSP’ by LI71 delivers blood stage, and transmission-blocking antiplasmodial activity" at the 3rd International Conference on “Antimicrobial Resistance Novel Drug Discovery and Vaccine Development: Challenges and Opportunities” organized by SRM University Delhi-NCR, 18-20 March, 2024
- **Dr. Swati Garg**, Gave an Oral presentation entitled "ABA-LANCL2 signaling nexus in erythrocytes determines host tropism for malaria infection and can be blocked by a clinical drug" at the 3rd International Conference on “Antimicrobial Resistance, Novel Drug Discovery and Vaccine Development: Challenges and Opportunities” organized by SRM University, Delhi-NCR, 18-20 March, 2024
- **Dr. Evanka Madan**, Participated in the "Fourth Science Conclave cum National Biomedical Research Competition (NBRCOM) 2023 held at ESIC Medical College and Hospital, MIA, Alwar, She received the Best Young Researcher Award. SYBS India has recognized her for life membership, 9-10 December, 2023

#### **Future Plans**

#### **Mission and Progress of SCMM**

Molecular Medicine is defined as “a science that seeks to comprehend disease causes and mechanisms at the molecular level and to apply this basic research to the prevention, diagnosis and treatment of diseases and disorders” (U.S. National Library of Medicine). The subject is still an emerging area within biomedical sciences that aims to understand the molecular determinants of health and disease with an ultimate goal of applying the knowledge for the prevention; diagnosis and treatment of diseases.

**The Special Centre for Molecular Medicine (SCMM)** was established in the year 1999 under the auspices of Jawaharlal Nehru University to achieve the above-mentioned goal. The inherent motivation of the University for establishing SCMM was to develop research and teaching that can bridge the gap between basic scientists and clinicians. The vast majority of clinical doctors from human and veterinary medicine in India have rare access to concepts and training in modern molecular and cell biology related to pathologies. Similarly, only a few basic scientists have a chance to collaborate with clinical establishments. These collaborations are extremely important to investigate and develop knowledge in the molecular basis of diseases that can be translated to novel concepts, drugs, diagnostics and devices for improvement of public health. The university pioneered this concept in India through SCMM.

SCMM was established with the vision to provide quality teaching and research training in basic biology with special emphasis to human diseases. The aim was to produce quality professionals in modern biology and allied fields who would engage in addressing country's challenges by advancing the discovery in biology and applying the knowledge that can help to increase the quality of life of the citizens of India. Since last twenty five years, SCMM is pursuing with the spirit of "Swastha Bharat" mission of Government of India.

Over the last two and a half decades SCMM has continued to excel in research in molecular and cell biology with specific emphasis on finding novel targets to combat infectious and non-infectious diseases. During this period the centre enjoyed many credits including the *first* national centre to design and offer Ph.D. degree in molecular medicine to the basic scientists and medical doctors. The centre also initiated an integrated M.Sc.-Ph.D program in molecular medicine that is being replicated in several academic institutions in India. The centre successfully established research collaborations with reputed national and international medical research institutes. Within this period, SCMM faculties have published more than 350 peer reviewed articles in reputed journals. Many of them were highlighted by national and international news agencies due to profound content in basic understanding of diseases as well as for their translational potentials. In this regard, a handful patents have also been filed.

Befittingly, SCMM researchers attracted funding from major national and international agencies including the The Wellcome Trust, UK, Indo-South Africa-Brazil Science bridge program, Indo-Swiss Collaboration, Indo-US NIH R29, DBT, DST, CSIR, DAE, ICMR, and DRDO.

The faculty of SCMM have received many prestigious awards and continue to serve in many critical decision making committees in the government of India. Till date more than 110 Ph.D has been awarded and more than 70 scholars are currently working towards their Ph.D degree. Our PhD awardees and postdoctoral trainees are well placed in many academic institutions within and outside of India and also engaged in top notch biomedical industries (national and international). The centre also takes pride that the first PhD recipient Dr. Nivedita Gupta contributed enormously being a part of ICMR for scaling up Covid-19 testing and vaccination program. Several other SCMM alumni also significantly contributed in different temporary Covid-19 diagnostic centres in India. All these were possible due to high class state-of-the-art training at SCMM despite facing challenges of required infrastructure.

## **Future Plan of SCMM for Next Five Years**

- **Expansion of the Special Centre to the School of Molecular Medicine**

Due to its outstanding contribution in academia, biomedical industries and in developing state-of-the-art manpower to contribute to the advancement of basic biological science and health sciences of modern India and at the international level, SCMM would like to be converted from a special centre to a school, as the School of Molecular Medicine sooner. It will help in expanding the reach of this unique academic centre to realize its full potential at the earliest and in contributing to reach the dream of 'Swastha Bharat', 'Atma-Nirbhar Bharat' and 'Viksit Bharat'. The centre has already submitted a proposal along with all the required documents in this regard and is looking eagerly for the favourable outcome.

- **Re-initiation of the integrated M.Sc-PhD or program of its kind at SCMM**

SCMM initiated the M.Sc.-Ph.D. Integrated Course, a unique concept that explicitly bridges young students to research in a seamless manner. Intriguingly, the new education policy of GOI actually supported the idea of bringing fresh and younger students in the research-front. The integrated M.Sc.-Ph.D program after first two year was curtailed to only a Masters course (M.Sc.) in molecular medicine. Interestingly, several other important academic

institutions started the integrated MSc-PhD program citing the example of SCMM. The talented and well trained students after completing M.Sc. in Molecular Medicine are establishing themselves in many well-reputed national and international research institutions by winning prestigious fellowships/awards including Indo-US Fogarty award, MEXT scholarship in Japan, by earning fellowships in US Universities to pursue Ph.D. program. In retaining these highly talented and motivated students JNU would significantly gain in bolstering its already coveted repute as one of the best academic institutes in India. There is a strong demand among student community for the re-initiation of this course. Thus, considering the students' demand and in view of newly adopted NEP the centre is striving to reinstate integrated M.Sc-Ph.D program or a bridging program of its kind in coming years.

- **Expansion of Research Program**

SCMM wishes to continue areas of research in the following fields and also likes to expand within the field emphasizing mainly on diagnostics and therapeutics.

**Infectious Diseases**

The recent catastrophe by SARS-CoV2 virus causing Covid-19 underscores the importance of related research in virology and immune-opportune fungus (like black fungus). With emerging environmental threat the likelihood of attacks by unknown microorganisms are getting higher. SCMM would like to build research and manpower in related areas. Research in the areas of TB, Malaria, diarrheal and parasitic diseases will also continue.

**Metabolic Disorders**

India has emerged as capital of diabetes and cardiovascular diseases. The association of these life threatening diseases with Covid-19 is also very high. Childhood obesity and general visceral obesity are also very high in Indian population. The centre continues to explore the better understanding of these areas of research.

**Cancer Biology and Therapeutics**

Several laboratories are involved in frontier areas of cancer. Centre will continue to expand the horizon particularly in detecting biomarkers, finding novel targets and therapeutics in different cancers.

**Neurodegenerative Diseases**

The number of patients of Alzheimer, Parkinson and other neurodegenerative diseases are increasing by leaps and bounds in India and all over the world. SCMM would like to expand the research this area in next five years.

**Synthetic Biology**

SCMM has a unique blend of biologists and chemists working in several areas of diseases that are causing burden of the society. The centre has the potential to exploit the strength of synthetic biology to design novel therapeutics and identifying natural molecules to combat these diseases. The centre will increase its capacity in this area in next five years.

**Bioinformatics and Systems Medicine**

The Centre is consistently exploring the newer areas of advance technology to explore and understand the disease biology, diagnosis, and therapeutics. In this endeavour, bioinformatics and systems medicine are the latest tools to focus on molecular, cellular, and organ level understanding of human diseases and the biological systems SCMM would strive to expand its research capabilities in this area as well.

- **Introduction of online courses**

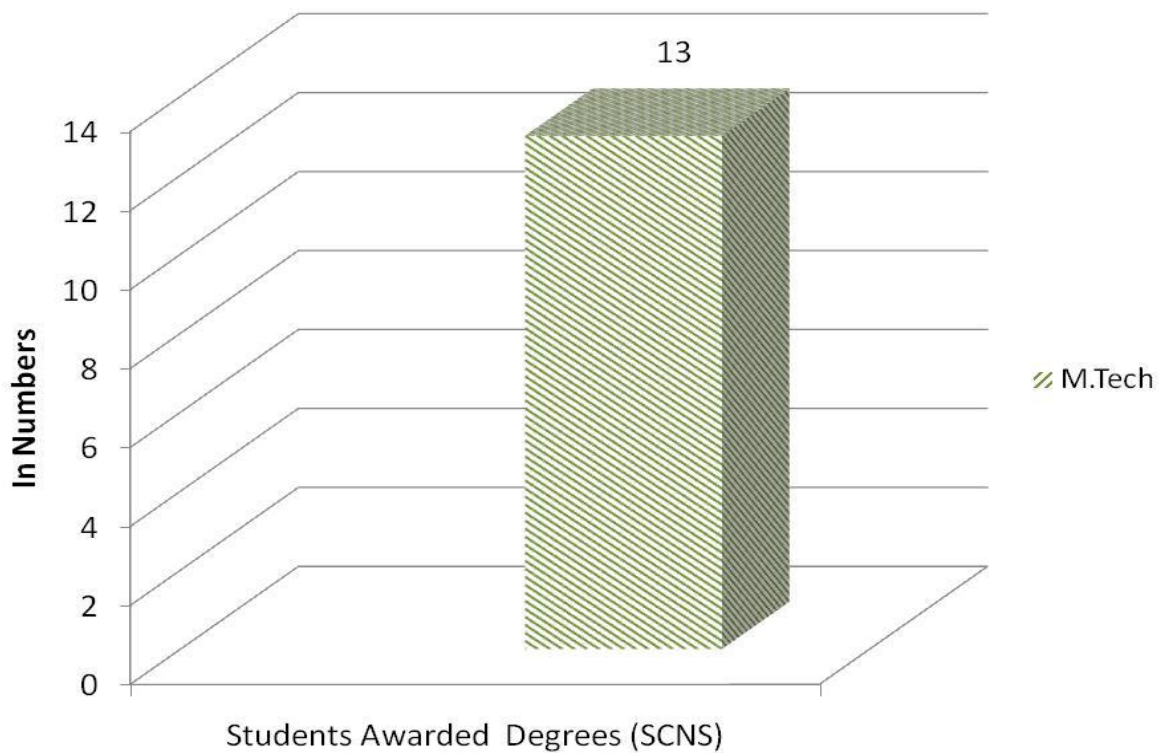

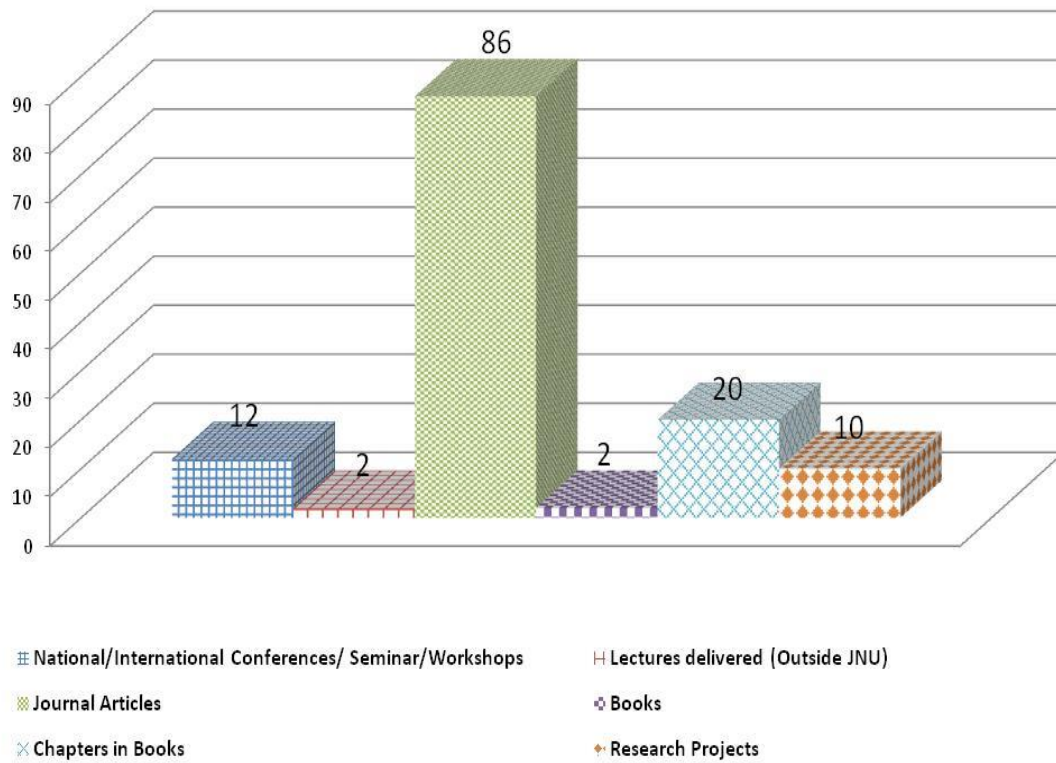

Once centre is converted in to a school, its administrative, infrastructural capacity, faculty strength and diversity will be expanded. The National Education Policy (NEP) 2020 by MHRD, Govt. of India emphasises the significance of maximising technology's benefits to be reached to group of students by online/digital education. In this regard, once centre becomes a school it will design the appropriate on-line courses to cater the advancement in knowledge and technology within next five years.

The faculties also discussed and recommended on the possibility of initiating 1yr M.Sc/2 yr M. Sc (by research) in Molecular Medicine as per the provision in NEP 2020 in future. It will be deliberated later in details to finalize the modalities.

**SPECIAL CENTRE FOR  
NANOSCIENCE (SCNS)**

### SPECIAL CENTER FOR NANO SCIENCES

## Special Centre for Nanoscience (SCNS)

SCNS is an interdisciplinary research and teaching center at JNU. The Nanosciences related research topics pursued currently include nanoscale interface, bio-sensors, spintronic, ferromagnetic nano-elements, ferroelectric materials, nanocomposites, hybrid nanomaterials to name a few. The Centre has faculty members with backgrounds in Physics, Chemistry, Electronics, Biology, Materials Sciences, etc.

The research agenda of SCNS involves synthesis, characterization and device development of nanomaterials. These include (i) magnetic nanostructures (nano-wires and nano-particles) based nano-devices (microwave monolithic nano-devices and magnetic sensors) fabrication, (ii) magnetic nano-particles for target specific drug delivery by radio-frequency-hyperthermia, (iii) semiconductor quantum dots, nanoparticles and nanocomposites for solar cells and biosensors, (iv) multiferroic and ferroelectric nanomaterials for capacitors, UV sensors, wireless actuators, infra-red detectors, micro-electro-mechanical system (MEMS) devices, piezoelectric devices, ferroelectric nonvolatile random access memories (FeRAMs).. The fabricated signal processing devices are on-chip, light weight and hand held type.

The central instrumentation facility of the SCNS has the following important major instruments: SEM-EDX, XRD, DLS, AFM, UV-VIS spectrometer, Fluorescence spectrometer, Raman spectrometer and zeta potential.

Sensors and biosensors are demanding for the clinical diagnosis and environmental contaminants detection. Different types of biosensors based on transducers and recognition elements can be fabricated for the desired analytes (mycotoxins cholesterol, glucose, LDL, urea etc.) detection. Electrochemical biosensors are promising techniques for early detection of diseases like cancer that can detect very low concentration (pg.) of biomarkers. Microfluidic biosensors also have increasing interest to integrate advanced biosensors into lab-on-a chip for multi-analytes detection. Besides these different nanomaterials are being used for water pollutants, pathogen detection and remediation of the heavy metals ions (lead and chromium) present in aqueous solution.

The central theme of Thin-film and electron microscopy research group is “Nanostructure - Physical property correlation in technologically important nanostructures using Transmission Electron Microscopy (TEM) and Scanning Electron Microscopy (SEM)”. Thin-film and electron microscopy laboratory installed an RF-DC magnetron sputtering system in September 2016. In addition, thin-films and bulk materials of functional oxides are being synthesized using sol-gel spin coating and solid state synthesis methods. Lead-free ferroelectrics and semiconductor/metal films are currently being investigated. TEM investigations are an integral part of the research which is carried out at AIRF of the university or at IUAC. Ion milling machine for preparing TEM samples was installed at AIRF in November of 2016. LCR meter for dielectric constant measurement, and metallurgical light microscope are available

Research on Nanotechnology and Nanomedicine are being carried out involving synthesis of nano-based drugs for infectious diseases and study of their molecular mechanisms of action, investigations on nano-based: drug delivery, therapy, toxicity and fluorescent bioimaging labels for study of infectious diseases.

Design, synthesis, characterization and study of functionalities of porous materials as well as study of performance of poorly soluble and permeable active pharmaceutical ingredients (APIs) are the thrust areas of Dr. Prakash Kanoo's research group in the centre. Development of new materials, to be precise novel metal-organic frameworks or porous coordination polymers and its use towards catalytic performance in various organic transformations and hydrogen and oxygen evolving reactions (HER and OER) are some of the future challenges that will be addressed in this group. On the other hand the group will also put effort in improving the performance of APIs through (i) co-crystal strategy and (ii) loading the APIs in nanoporous platforms.

### New Courses

- New elective regular courses to be offered for M.Tech/ Ph. D. Students Course title is Nanotechnology in Manufacturing, Level -03 Credits, offering the course Dr. Vinod Kumar and Dr. Pankaj Thakur

### Any Other Information:

- **Dr. Neha Paras**, Joined SCNS, JNU dated 01-05-2023 as an Assistant Professor.
- **Dr. Prakash Kanoo**, Joined SCNS, JNU dated 27-02-2024 (F/N) as an Associate Professor.

- **Dr. Roopam Gaur**, from Dr. Satyendra Singh research group selected for DST-Women Scientist -A (WOS-A) Project Title “Synthesis of lead - free ferroelectric ceramics for energy harvesting and energy storage application” given by Department of Science and Technology (DST) and joined on 01-05-2023.

### **Future Plans:**

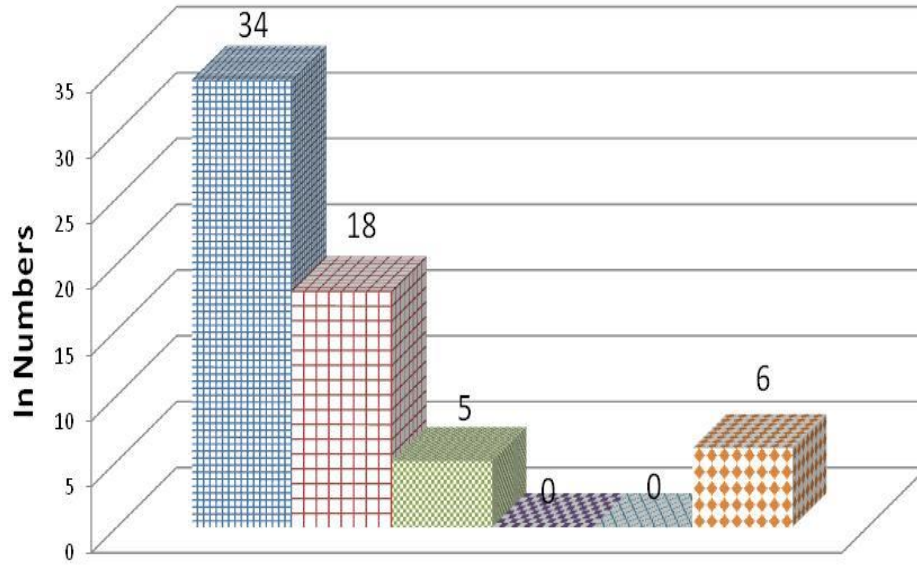

SCNS future plan would be to fill all the vacant faculty positions where focus will be paid so that most of the subject areas in these subjects are covered by the faculties. More instruments will be arranged for M.Tech & Ph.D. laboratories for students. Since the last three years, SCNS has been running an M.Tech program in two disciplines (Nanoscience and Nano-electronics), and in future SCNS will approach AICTE for its recognition and approval. Research proposals as well as to submit the proposals to organize the seminars/conferences of national and international level aiming to strengthen the academic programs, Internships programs and to establish the collaborative research programs in Centre.

## **Special Centre for National Security Studies (SCNSS)**

The Special Centre for National Security Studies (SCNSS), established in 2018, is one of the newest centres of the Jawaharlal Nehru University (JNU). The Centre is dedicated to studying national security issues in a comprehensive and holistic manner. It has a prime focus on analysing, comparing and theorising all security issues that concern India. As a hub of national importance on the domestic and external security issues of India, the Centre's core expertise revolves around examining, reflecting on and providing policy inputs to relevant government and security agencies of India. In dealing with national security issues, the Centre inclines towards examining them through the prism of Indian civilizational knowledge and its security traditions, with the objective of protecting India's vital national security interests and its territorial integrity and promoting world peace. The Centre is an interdisciplinary body combining social sciences and civilizational/cultural insights of India with latest emerging technologies in cyber, space, chemical, biological, nuclear, Artificial Intelligence (AI) and other related disciplines. It is offering Ph.D. programme in National Security and plans to offer Masters programme in the near future.

## Special Center for Systems Medicine (SCSM)

Systems Medicine, a biological sciences branch, encompasses computational biology, metabolomics, transcriptomics, phenomics, and pharmacogenomics. It merges these disciplines with biobanking, data analytics, and animal studies to offer advanced diagnostic and prognostic technologies to enhance healthcare delivery.

The Special Center for Systems Medicine (SCSM) primarily focuses on:

- a joint Ph.D. program with Indian institutions and abroad.
- a postgraduate diploma “short-term Certificate” and Master’s programs in Systems Medicine.
- basic and translational research in systems medicine, which may bring some innovative products and services relevant to academia and industry.
- skill development by organizing training events, workshops, conferences, and symposia for wider knowledge dissemination.

**Research:** At the SCSM, based on multidimensional molecular network presentations, novel and practical solutions will be generated for improved patient care for many diseases, including cancer. The pressing challenge lies in linking molecular characteristics with complex interrelations through extensive patient datasets to gain deeper insights into diagnosis and treatment effectiveness.

**Teaching:** Given that Systems Medicine is emerging as a frontline area, there is a timely need to keep pace with developing customized and effective therapeutic solutions for complex diseases. At SCSM, the training program will comprise the following components :

- Advances in systems biology and bioinformatics
- Molecular basis of human diseases,
- Advances in genomics, transcriptomics, proteomics, metabolomics, immunomics, pathomics, etc.
- We will also focus on research ethics, regulatory compliance, I.P.R. and entrepreneurship, research methodology, lab techniques, manuscript writing and editing, critical analysis and presentation of research articles, and writing and defence of research proposal.

It is planned that, over time, the Special Center for Systems Medicine (SCSM) will become a vehicle and national hub for developing India-specific clinical molecular data and its integration and applications.

### Profile of the Center

The SCSM is taking an interdisciplinary research teaching approach in the field of systems medicine. Currently, the centre has sixteen concurrent faculties and nine adjunct faculties. The facilities’ names and areas of research are listed in the Table.

#### Faculty-wise list of concurrent Facilities and their areas of research:

S. No.	Faculty Name	Main Affiliation & Position	Area of Research Interest /Specialization
1.	Prof. Rana Pratap Singh	S.L.S.	Carcinogenesis, Cancer Chemoprevention, and Therapeutics
2.	Prof. Rakesh K Tyagi	SCMM	Molecular and Cellular Endocrinology, Nuclear Receptors in Health and Disease
3.	Prof. Rupesh Chaturvedi	S.B.T.	Host-Pathogen Interaction/ Infection Biology
4.	Prof. Suneel Kateriya	S.B.T.	Optogenetics, Channelopathies & Ciliopathies
5.	Prof. Unnat P. Pandit	I.P.M. Cell	Medicinal Chemistry, Intellectual Property
6.	Prof. Umesh C.S. Yadav	SCMM	Metabolic disorder-induced chronic inflammatory diseases - Diabetes, CVDs, Cancer & Lung diseases
7.	Prof. Binay R. Panda	S.B.T.	Cancer Genomics, Computational Biology, and Biological Big Data Analysis
8.	Prof. Ruchir Gupta	SE	Networks, Game Theory
9.	Dr. Ranjana Arya	S.B.T.	Cell Biology of Rare genetic disorders

10.	Dr. Gajendra P. Singh	SCIS	Graph Theory, Operational Research
11.	Dr. Hemant Ritturaj Kushwaha	S.B.T.	Computational and Systems Biology, Evolutionary Biology
12.	Dr. Pallavi Somvanshi	SCIS	Bioinformatics; Integrative Sciences
13.	Dr. Ravi Tandon	S.B.T.	Viral immunology, Retrovirology, Infectious Disease Biology
14.	Dr. Prerana Mukherjee	SE	Image Processing, Machine Learning
15.	Dr. Anamika Gulati	CSSP, SSS	Waste Management, Clinical Trials
16.	Dr. Sushil K Jha	S.L.S.	Neuroscience

**Faculty-wise list of Adjunct Facilities and their areas of research:**

S. No.	Faculty Name	Main Affiliation & Position	Area of Research Interest /Specialization
1.	Dr. Harpreet Singh	Indian Council of Medical Research, New Delhi	Genome-wide association studies (GWAS), De novo genome assembly
2.	Dr. Prafulla Kumar B. Tailor	National Institute of Immunology, New Delhi	Dendritic cell Biology, Applied Immunology
3.	Dr. Anil Tripathi	King George's Medical University, Lucknow	Cellular and molecular biology of Chronic Myeloid Leukemia, Molecular and clinical heterogeneity in I.T.P.
4.	Dr. Anil Mishra	Institute of Nuclear Medicine and Allied Sciences (INMAS), Timarpur, Delhi	Molecular Imaging agents, Radiochemistry & Radiopharmaceuticals
5.	Dr. Anil Koul	London School of Hygiene & Tropical Medicine, United Kingdom	Bacterial energy metabolism, virus-host interaction mechanisms.
6.	Dr. Neel Sarovar Bhavesh	International Centre for Genetic Engineering and Biotechnology, New Delhi	Metabolomics, Structural Biology
7.	Dr. Hitesh Verma	Otolaryngology & Head Neck Surgery, AIIMS, New Delhi	Ear, Nose and throat diseases and surgery
8.	Dr. Anurag Varshney	Drug Discovery and Development, Patanjali Research Institute, Haridwar, Utrakhand	Drug discovery-development, project management and resource planning
9.	Dr. S Dhanalakshmi	Jubilant Therapeutics India Limited, Bengaluru	Drug discovery, Oncology and autoimmune disorders

## Special Centre for Tamil Studies (SCTS)

Tamil is one of the six ancient classical languages in the world, which is still in public and academic use. Tolkāppiyam (5th century BCE) is known as the oldest grammar of Tamil. Starting from Sangam literature to date it has 3000 years of unbroken literary tradition which continues as Didactic, Kavya, Bhakthi, Prabandha, and Modern literature genres. The development of these genres is not unrelated to each other; it is in such a way that even the youngsters of this generation can understand. Based on the carbon dating results of the materials found during the recent excavations in Kīḷaṭi and Porunthal sites, scholars determined that they are from the 6th – 5th century BCE respectively. Pulimāṇ kōmpai menhir is considered to be of the 4th century BCE. Studying such a great literary, grammatical, cultural, and art history of Tamil and finding their values can pave the way to uplift the future society.

Accordingly, an attempt was made to start a Tamil Chair in the year 2000 at the Centre for Indian Languages, SLL&CS, JNU, New Delhi. Officially it began in 2007; gradually it was developed as a Tamil Stream providing Master of Philosophy (M.Phil.) and Doctoral Degree (Ph.D.) courses in 2008.

The Tamil Stream which has been performing excellently for 15 years has further developed into a Special Centre for Tamil Studies (SCTS) in 21st March 2023. Concerning the multi-lingual milieu of the University campus, SCTS primarily aims to do a comparative study of Tamil with various classical languages. These studies can help find the commonalities and their reason among Tamil and various other languages. The current faculty strength is two and further expansion is in progress.

SCTS will start the MA program in upcoming academic year(2024 – 2025).

### Mission

Learning the languages and keenly studying Literature, Grammar, Culture, History, Art, etc. traditions of classical Tamil, comparing them with Indian/global traditions, and transferring the ideas for the integrated Social Upliftment towards the younger generation.

### Vision

Bringing the human societies that differ in terms of language and culture under the common term “Humanity” through literary and cultural studies.

### New Courses introduced by the SCTS

- SCTS will start its M.A. Programme. in the coming academic year. It will consist of a total of 19 papers, amounting to 80 credits, spread over 4 semesters. Additionally, there will be a 04-credit optional course, Introduction to Tamil Language, available for P.G. students.

### Conference/Webinars organized by SCTS: (05)

#### International: (02)

- A Seminar on Contributions of Professors A. Shanmugas and Manonmani Shanmugas to Tamilology through Google meet, organised by Prof. R. Thamocharan. Various Speakers from Various Educational Institutions delivered talks about the contributions of the professors on Tamil-Japan Cultural relationship, Grammatical Contributions, etc. Both joined the Event all the three days and gave his thoughts about the talks on the final day. Prof. Santishree Pandit, Honourable Vice Chancellor of JNU delivered the Presidential Address on the first day and released the Proceedings of the Webinar edited by a Scholar of SCTS, 29 – 31 January, 2024
- An International online webinar commemorating the renowned Russian Tamil Prof. Alexander M. Dubianski was organised by Prof. R. Thamocharan through google meet. During this webinar prof. R. Thamocharan delivered the welcome address. Dr. Sonu Saini, Asst. Professor, Centre of Russian Studies JNU and Dr. Tatiana Dubyanskaya (the daughter of Prof. Dubianski) Associate Professor, Institute of Oriental and Classical Studies, HSE delivered felicitation Addresses respectively. Dr. Nikolai Gordiychuk Research Fellow, University of Hamburg delivered the

Keynote address about “Prof. Dubianski and Tamil studies in Russia”. During this session Mr. P. Kamalakannan, Research Scholar from SCTS JNU reviewed the book of Prof. Alexander Dubianski titled “Ritual and Mythological Sources of the Early Tamil poetry”. Tamil Bharathan TK research scholar SCTS JNU delivered vote of thanks. Scholars and Professors, from various universities were present in the event, 18 November, 2023

### **National: (03)**

- A Seminar on ‘Contributions of Prof.N. Kumaraswamy Raja to Tamil Philology’ through Google meet, organised by Prof. R. Thamotharan. Dr. T. Mohanraj, Software Engineer, Tamil Indo – European Comparative Etymological Dictionary Project, Chennai introduced and explained the NPP theory of Prof. N. Kumaraswamy Raja. Senior Linguistic Professor R. Kothandaraman also joined the event all the three days and expressed his thoughts about the contribution of Prof. N. Kumaraswamy Raja and explained the importance of his theory, 2 – 4 June, 2023
- A Seminar on Contributions of Prof. S. Rajaram to Tamil Philology through Google meet, organised by Prof. R. Thamotharan. Various Speakers from Various Educational Institutions delivered talks about the multifaceted contributions of the eminent Tamil Linguist and Grammar Researcher Prof. S. Rajaram. He too joined the Event all the three days and gave his thoughts about the talks on the final day. Prof. Santishree Pandit, Honourable Vice Chancellor of JNU delivered the Presidential Address on the first day and released the book ‘Su. Rasaraam enum mee ilakkanar’ edited by the Scholars of SCTS, 6 – 8 November, 2023
- An online book review session through google meet was organised by Prof. R. Thamotharan. A book titled “Karunkundram” – which won the Sakitya Akademy’s translation award of the year 2023, was reviewed by Mr. Thanjavur Kavirayar. Mr. Kannaiyan Dhakshinamoorthy, the Tamil translator of the book participated in the event and delivered the guest note. Scholars of JNU and various participants were also present in the event, 28 March, 2024

### **Special Lectures organised by SCTS: (08)**

- A Commemoration Lecture of Prof. Alexander Dubianski, an eminent Russian Scholar of Tamil was organized by Prof. R. Thamotharan. Dr. Sonu Saini (Assistant Professor at Centre of Russian Studies, JNU) gave the Felicitation Address. Dr. Tatiana DUBYANSKAYA, (Associate Professor, Institute of Oriental and Classical Studies, HSE, Moscow) spoke on the Topic Prof. Alexander Dubianski and Tamil Studies in Russia. Dr. Nikolai Gordiychuk (Research Fellow at University of Hamburg) gave the keynote address on the topic Prof. Alexander Dubianski and Tamil Studies in Russia. Mr. P. Kamalakannan (Research Scholar, SCTS, JNU) reviewed the book of Prof. Alexander Dubianski, Ritual and Mythological Sources of Early Tamil Poetry, 18 November 2023
- A Special Lecture on the Topic The Sri Lankan Ramayana Tradition: The Interface of Sinhala and Tamil Literature and Folklore by Dr. Justin Henry (Assistant Professor, Department of Religious Studies, University of South Florida) was organized by Prof. R. Thamotharan, SCTS, 20 June, 2023.
- Special Centre for Tamil Studies, JNU organized a Special Lecture on the Topics Unknown Temples of the Cholas and Evolution of Sculptures from Pallavas to Vijayanagar Empire by Mr. S. Gurumurthy (Heritage Enthusiast, Coimbatore), 21 – 22 September, 2023
- Special Centre for Tamil Studies, JNU organized a Special Lecture on the Topic Contemporary Trends in Tamil Children Literature by Mr. Udhayasankar (Winner of Sahitya Akademi Bal Puraskar), 9 November, 2023
- Special Centre for Tamil Studies, JNU organized a Special Lecture on the Topic Musical Elements in Paripadal by Dr. Sivaraman (Research of Musical Tamil). Dr. R. Prasanna Kumari (Assistant Professor, Vocal Musical Department, KalaiKaveri Finearts College, Trichy) gave the interpretation of the Music, 24 November, 2023
- Special Centre for Tamil Studies, JNU coordinated the Bharathiyar Birthday Celebration and Indian Languages Day, Justice V. Ramasubramanian, (Hon’ble Former Judge, Supreme Court of India) delivered the Keynote Address. Thiru R. Venkataramani (Attorney General of India) delivered the Guest note. Honourable Vice Chancellor of JNU Prof. Santishree D Pandit delivered the Presidential Address. Prof. Shoba Sivasankaran and Prof. R. Thamotharan delivered the Welcome address and the Vote of Thanks respectively, 11 December, 2023
- Special Centre for Tamil Studies, JNU organized a Special Lecture on the Topic From Imagination to Truth by Maruthan (Writer, Tamil Nadu). He talked about the Historiography in India across the time, 14 February, 2024
- On the occasion of Festival of Letters organized by Sahitya Akademi, New Delhi, JNU’s Special Centre for Tamil Studies arranged Lecture and Discussion sessions with the Tamil writers from 13 – 18 March, 2024. Some of them happened at the Sahitya Akademi campus while the others took place in Thiruvalluvar Hall of SCTS, JNU. The following are the details of those sessions:

- 13 March, 2024 - Imayam, (Writer, Sahithya Akademi Awardee, Tamil Nadu). Prof. G.J.V. Prasad (Translator), Prof. Shobha Sivasangaran, (Translator) and Mr. Sridharanbalan, (Publisher).
- 13 March, 2024 - Joe D Cruz (Writer, Sahithya Akademi Awardee, Tamil Nadu).
- 14 March, 2024 - Mozhi – Ilakkiyam – Perunmaigal - Velmurugan Ilango, (Writer, Tamil Nadu).
- 16 March, 2024 - Ilakkiyathin Vazhi Dalit Panpaattu Arasiyal – Sivakami I.A.S. (Writer, Sahithya Akademi Awardee, Tamil Nadu).
- 18 March, 2024 - Devi Bharathi (Writer, Sahithya Akademi Awardee for 2023, Tamil Nadu).
- SCTS organized a Book review event on 28 March, 2024. The translated Novel ‘Karungundram’ which won the 2023 Sahitya Akademi award for Translation was reviewed by Tamil writer Thanjavur Kavirayar. Kannaiyan Dhakshinamoorthi, Translator of the book who won the award also shared his thoughts about translating the novel.

### Visits of Foreign Scholars

- Special Centre for Tamil Studies, JNU arranged a Knowledge sharing Session on the Topic Contemporary Indian Literary Studies in Russia with Dr. Tatiana Dubyanskaya (Associate Professor, Institute of Oriental and Classical Studies, HSE, Moscow) who Visited Special Centre for Tamil Studies, 24 November, 2023

### Accomplishment of Students

SCTS PhD scholars presented papers at international seminars. One student travelled abroad for his research work and returned. Details are below:

### Article Presentation in Conferences

- **Ajaisundar E S.,** Porulatikaram of Tolkappiyam and Ars Poetica of Horace (In Tamil titled 'தொல்காப்பியப்பொருள்திகாரமும்ஹோரசின்கவிதைக்கலையும்') 11<sup>th</sup> International Conference on Tamil Studies, Institute of Asian Studies, Chennai, 10 July, 2023
- **Ajaisundar E S.,** Friendship in Ancient Tamil and Latin Tradition: A Comparative Study (In English). International Young Researchers' Conference 2024, Jawaharlal Nehru University, New Delhi, 29 February, 2024
- **Pragaladhan A.,** Tolkappiyam's Pre-Marital Mindscap (Every Object Remaining Beloved) Reflection in Contemporary Tamil Cinema Songs, International Young Researchers' Conference (IYRC) 2024, Jawaharlal Nehru University, New Delhi, 1 March, 2024
- **Kamalakkanan P.,** Role of Rituals in the formation of Ancient Tamil Literary theory, International Young Researchers' Conference (IYRC) 2024, Jawaharlal Nehru University, New Delhi, 29 February, 2024
- **Tamil Bharathan T K.,** Presented a research article titled “*Ancient Tamil Sources and Greek (Aristotle) Thought in Comparative Perspective*” at the First Workshop of Project Udbhav, which centered on the theme “Comparative Perspectives on Ancient Greek and Ancient Indian Strategic Thought across West Asian Bridges” and took place at The United Service Institution of India, New Delhi, 18 May, 2023
- **Tamil Bharathan T K.,** Presented a paper entitled “*Tolkāppiya Marabiyal and Aristotle's History of Animals in Comparative Perspective*” at the International Conference on “Sevviyal Ilakkiyangalil Vaazhviyal Vizumiyangal”, held at Sri Parasakthi Women's College, Kutralam, Tamil Nadu, 6 October, 2023
- **Tamil Bharathan T K.,** Presented a paper titled “*A Comparative Study of Tolkāppiya and Aristotelicum (Introduction to Tamil-Greek Comparative Research)*” at the Research Forum of Aristotle University of Thessaloniki, Greece, 27 March, 2024

### Book Release at Venice

- On 28 July, 2023, “Aristotle's Physics Conceptual Tamil Translation,” translated by Tamil Bharathan T K, a PhD Scholar at the Special Centre for Tamil Studies (SCTS), Jawaharlal Nehru University (JNU), was launched at The Hellenic Institute of Byzantine and Post-Byzantine Studies in Venice, Italy. The formal launch was officiated by Mr. Anastasios Theophiliogiannakos, the General Secretary of The Hellenic Institute Byzantine and Post Byzantine Studies. The first copy of the book was received by Prof. Georgios Pitsinelis from the Faculty of Philology at the National and Kapodistrian University of Athens, Greece.

## Book Launch of a Research Scholar

The book titled 'Noorum Sadhagamum' written by Research scholar Mr. K. Vignesh of the Special Centre for Tamil Studies was launched in the New Delhi World Book Fair, Dr. R. Tamilselvan, Assistant Professor of Tamil, Aligarh Muslim University released the book and Kamalakannan P., research scholar of the Special Centre for Tamil Studies, JNU received the maiden copy of the book, 18 February, 2024

## Discussion with Scholars

- On 11 July, 2023, Tamil Bharathan T K convened with Prof. Vasileios Koukousas, President of the Hellenic Institute of Byzantine and Post-Byzantine Studies in Italy, for a discussion concerning Greek Paleography.
- On 13 July, 2023, Tamil Bharathan T K met Prof. Dr. Theodora Antonopoulou, Professor of Byzantine Literature and Chair of the Faculty of Philology at the National and Kapodistrian University of Athens, Greece. The discussion focusing on Koine Greek (Ancient Greek) learning and Greek Paleography
- On 18 July, 2023, Tamil Bharathan T K engaged in a discussion with Prof. Tudor Dinu from the Faculty of Foreign Language Literature at the University of Bucharest, Romania. He has conversed particularly on Greek Studies abroad.
- On 21 July, 2023, Tamil Bharathan T K convened with Prof. Georgios Pitsinelis from the Faculty of Philology at the National and Kapodistrian University of Athens, Greece, to delve into discussions pertaining to codicology and Greek Philology.
- On 11 February, 2024, Tamil Bharathan T K conversed with Prof. Christos Arampatzis, the President of the International Educational Programs Committee of Aristotle University, Thessaloniki, Greece, to discuss collective research opportunities focusing on Tamil & Greek Comparative Study, emphasizing the exploration of two ancient civilizations.
- On 15 February to 29 March, 2024, Tamil Bharathan T K learnt Modern Greek language from Prof. Athina Ralli at Aristotle University, Thessaloniki, Greece.
- On 22 February, 2024, Tamil Bharathan T K engaged in a scholarly discourse with Dr. Betsakos Vassilios, a distinguished member of the Specialized Teaching Staff within the esteemed School of Political Science at Aristotle University, Thessaloniki, Greece. The focus of their discussion pertained to the profound influence exerted by Aristotle's ethical and political treatises on the governance and societal framework of ancient Greece.
- On 7 March, 2024, Tamil Bharathan T K met with Dr. Uthaya Velupillai, an Associate Professor of Tamil in the South Asian Department at INALCO (Institut national des langues et civilisations orientales), France, to explore avenues of Tamil Research Studies, aiming to enrich the understanding and appreciation of Tamil Language and culture in France.
- On 19 March, 2024, Tamil Bharathan T K met Prof. Demetra Sfondoni-Mentzou, the President of the Interdisciplinary Center for Aristotle Studies at Aristotle University, Thessaloniki, Greece to discuss the profound impact of eminent research works on Aristotle and Aristotelian philosophy across centuries, seeking to unravel their lasting significance and relevance in contemporary scholarship.
- On 31 March, 2024, Tamil Bharathan T K met with Mr. Konstantinos Kalaitzis, an Independent Researcher focusing on Indo-Greek Music Tradition in Athens, Greece to deepen understanding and scholarly works in the field of Indo-Greek Music tradition.

## Palm Manuscript Discovery

- On July 29, 2023, Tamil Bharathan T K, a Ph.D. Scholar from the Special Centre for Tamil Studies at JNU, made a significant palm manuscript discovery at the Armenian Monastery Mechitarist in San Lazzaro, Venice, Italy. The discovery unveiled a manuscript titled "Gnana Muyarchi," authored by Gnanaprakasa Swami in the 18<sup>th</sup> century. This text, written entirely in Tamil Language, originates from Aavur, Pudukottai, Tamil Nadu, India. Comprising over 170 Palm Manuscript Leaves inscribed on both sides, this find enriches our understanding of Tamil historical and cultural heritage, offering insights into the wisdom of bygone eras. More details: <https://ddinews.gov.in/international/18th-century-tamil-manuscripts-discovered-italy>

## Foreign Visits

- Mr. Tamil Bharathan T K, a Research Scholar from SCTS, was invited by The Hellenic Institute of Byzantine & Post Byzantine Studies in Venice to participate in the Greek Palaeography Summer Seminar, 10 – 31 July, 2023
- Mr. Tamil Bharathan T K, a Research Scholar from SCTS, was invited by Aristotle University of Thessaloniki in Greece for his PhD research project titled "A Comparative Study of Tolkappiyam and Aristotelicum". During his visit, he actively participated in Modern Greek classes on a regular basis, 10 February – 30 March, 2024

## International Collaboration Office

The International Collaboration Office (ICO) aims to meet the University's objectives at the international level by coordinating and facilitating international relations activities. In line with international practices, the ICO has been working with the University's faculty, staff and students to ensure their engagement in the internationalization agenda through their wide-ranging inputs. This approach has enabled the ICO to pursue the internationalization agenda of higher education, also a focus area of the National Education Policy (NEP) 2020. In recent years, the ICO has intensified its activities to build strong networking and connectivity at the international level by signing Memorandums of Understanding (MoUs), Agreements of Cooperation (AoCs) and Student Exchange Agreements with international universities and academic institutions. It also looks after all activities related to mobility/exchange of faculty and students of the University under various programmes. In addition, the ICO facilitates JNU's participation in joint projects with partner universities/institutions.

ICO has carried out the following activities from 1 April 2023 to 31 March 2024.

## UGC- Malaviya Mission Teacher Training Centre

With reference to UGC letter D.O.NO. F.1-512022 (CBC/Faculties) Pt. File dt. 5<sup>th</sup>October 2023, Hon'ble Union Minister for Education, Skill Development, and Entrepreneurship, Shri Dharmendra Pradhan ji launched the Malaviya Mission-Teacher Training Programme (MM-TTP) on the occasion of Teachers' Day on 1<sup>st</sup> September, 2023 following which, The UGC-Human Resource Development Centre, JNU was renamed to UGC-Malaviya Mission Teacher Training Centre, JNU (MM-TTC).

The UGC-MMTTC (formerly HRDC), JNU is India's premier institution for the up-gradation of knowledge and skills of college and university teachers. An intellectual nerve centre, the UGC - MMTTC at the Jawaharlal Nehru University was started in the year 1989, then as Academic Staff College. *It has successfully completed 35 years and has emerged as a major meeting ground of teachers in the country.*

Drawing upon the faculty of JNU as well as other prestigious institutions in and around Delhi, the MMTTC, and JNU brings to its participants the cream of Indian scholarship as resource faculty.

The following main target groups have been identified for capacity building, knowledge enhancement and similar other programmes with the objective of a holistic approach focused on transformation of our institutions of higher education to a more facilitating academic environment conducive to innovations, creativity and quality advanced learning and research.

- Faculty members in institutions of higher learning engaged in teaching and research
- Teacher Educators
- Key non-academic functionaries in institutions of higher learning for better governance and to facilitate efficient use of various fast growing ICT resources and applications
- Researchscholars

## Equal Opportunity Office

Jawaharlal Nehru University has been established by an Act of Parliament (53 of 1966). In order to ensure equal opportunity, the University has an Equal Opportunity Office (EOO), which was set up, perhaps, as the first of its kind in the country to aid and advise the students belonging to marginalized sections including the scheduled castes, scheduled tribes, other backward communities, minority communities, persons with disabilities, etc. pursuing various programmes of study at the University.

The terms of reference wherein the Equal Opportunity Office at the University may undertake activities are *inter alia* as under:

- To work out suitable programmes/schemes, including Remedial Courses, for improving performance of students from marginalized sections (whether at undergraduate, postgraduate, M.Phil, Ph.D. or other levels) and/ or to monitor the implementation of such programmes/schemes;
- To establish co-ordination with Government and other funding agencies (including Public Sector Undertakings/ Public Sector Banks) with a view to mobilizing financial and other resources required for educational empowerment of the students from marginalized sections;
- To provide information and act as a counseling-cum-guidance centre for students belonging to the marginalized sections, especially with regard to academic, financial and other matters;
- To help and create a socially conducive atmosphere for the growth of healthy inter-personal relations among students from marginalized sections and from various social backgrounds;
- To help and develop cordial inter-personal relationships between teachers and the students from marginalized sections for academic interaction and extra-curricular activities;
- To extend help/support to the students from marginalized sections to overcome problems and barriers emanating from discrimination at any level within its mandate;
- To organize or conduct seminars/ symposia/workshops/conferences/exhibitions, etc. from time-to-time on issues of contemporary significance for empowering, educationally and culturally, students belonging to the marginalized sections.

### Access-Audit for Barrier Free Campus

An Access Audit of the entire campus had been carried out to make the academic, administrative and residential buildings and public places in the University campus accessible for the wheel-chair users and the visually impaired persons. Wherever possible, the Equal Opportunity Office has been assisting the University in the activities which are underway for creating such changes.

### Lecture/ Inspection of JNU / Panel Discussion

The following Lecture/ Inspection of JNU / Panel Discussion lecture were conducted (under the auspices of the Equal Opportunity Office, JNU) in various Schools and Centres of the University during the period from 1 April 2023 to 30 Mar 2024). The details of such activities are as hereunder:

Sl. No.	Organisers	Name of the Convenor	Lecture/ Inspection of JNU / Panel Discussion

It will explore the various aspects of tactile signing, its challenges, innovations, and the impact it has on the lives of those who rely on it for effective communication and connection with the world around them

## Steps towards Creation of A Barrier-Free Environment

Though certain measures (such as putting special ramps, disabled-friendly toilets, etc.) have been taken earlier to facilitate persons with disabilities, there were areas which necessitate further attention and improvement to make the University accessible for disabled persons. Following are the actions initiated and taken by the University:

### Ramps

(i) Ramps have been provided in following hostels for physically challenged students:

a	Kaveri	b	Godavari
c	Periyar	d	Jhelum
e	Sutlej	f	Ganga
g	Koyna	h	Shipra
i	Brahmaputra	j	Yamuna
k	Narmada	l	Sabarmati
m	Damodar		

(ii) Ramps with tactile paving have been provided for physically challenged students:

In the following places/ areas:

- In all academic complex, School Buildings, Kaveri, Godavari, Periyar Hostels,
- Pavement from North Gate to Admin. T-Point
- Aravali Guest House, Aravali International Guest House, 24X7 Dhaba, Main Shopping Complex, Health Centre etc.

### Lifts

Lifts have already been installed in various buildings of the University for facilitating the independence and mobility of the persons with disabilities. While certain measures have been taken in the past to make the lifts accessible to persons with disabilities, further steps, such as, installation of Braille Systems, voice systems, etc., were undertaken to make the lifts more disabled friendly.

Installation of lift(s):

- (i) Lift installation completed in:  
Admin building, SSS-I, SSS-II, SSS-III, SES, SIS-I and SIS-II, SLL&CS-I, SLL&CS-II, Library Building, SLS, SC&SS.
- (ii) Lift installation completed in:  
Kaveri hostel, Godavari hostel, Periyar hostel, Brahmaputra hostel, Sutlej hostel, Damodar hostel, School of Physical Sciences, Centre for Law and Governance, School of Sanskrit and Indic Studies.
- (iii) Lifts proposed:  
HRDC (Old Academic Staff College) and JNIAS New Building.

## Toilets

A special measure has been taken to provide adequate lights in the toilets in the Schools and the Library to assist the students with low vision. Construction was carried out in the toilets on the ground floors in Koyna and Shipra hostels to make them more disabled-friendly. However, certain problems which are still being faced by students have been identified and efforts are underway to rectify such problems under the SIPDA scheme. Structural modifications in toilets in other areas of the campus are also underway for improved accessibility to persons with disabilities.

Construction of specially designed toilets for physically challenged students:

i.	Kaveri Hostel	ii.	Godavari Hostel
iii.	Periyar Hostel	iv.	Brahmaputra Hostel
v.	School of Life Sciences (East & West Wing)	vi.	Admin. Building
vii.	Social Science-I & III	viii.	SES Building
ix.	SLL&CS-I & II	x.	SIS- I &II
xi.	Centre for Sanskrit	xii.	Centre for Law and Governance
xiii.	SC&IS	xiv.	SPS
xv.	SCMM	xvi.	JNIAS New Building
xvii.	Central Library		

## ATMs

Two ATMs, touted as the State Bank of India's first 'real' disabled-friendly ATMs, have been installed at the University; one in the Poorvanchal Complex and the other near the Dr. B. R. Ambedkar Central Library building.

Most of ATMs are available with Ramp in the campus.

## Work in progress

- Creation of Barrier free Campus including installation of barrier free lifts in Academic & Hostel Buildings.
- Construction of tactile footpath on right hand side from East Gate to Admin. Block at JNU.
- Construction of footpaths and repair of all the roads in the Campus.

## Wheelchairs

Wheel Chairs are being provided by Equal Opportunity Office to required students.

## Blind Sticks for Visually Impaired Students

A significant proportion of visually impaired students pursuing various programs of studies at the University suffer from total blindness. As visually impaired students typically use blind-sticks for their mobility on the campus and in negotiating their way outside the campus, the Equal Opportunity Office purchased fifty good quality blind-sticks from SAKSHAM disability (New Delhi) and were distributed to the needy students (Visually impaired) of the University, those who are admitted newly.

## Dr. B.R. Ambedkar Central Library & Helen Keller Unit

To meet the special needs of the visually impaired students the following facilities have been put in place at the Dr. B.R. Ambedkar Central Library of the University in collaboration with the Equal Opportunity Office.

- a. A Unit named after Helen Keller (Equipped with 20 Desktop installed with screen reading software, CD Rack & Book Rack) is instituted at the ground floor of the Central Library building. It also provides special services using assistive technologies to the visually impaired students/ researchers of the university by providing E-Books, E-journals, online databases, books, apart from providing scanning facilities on demand. The MAGIC software has also been installed on 5 Desktops for the low vision students/ researchers. Two Braille Embossers are capable of printing Hindi, English text, graphics and maps into Braille.
- b. The Helen Keller Unit is equipped with the following assistive technologies:
  - **Desktop Computers** **30**
  - **JAWS** **30 on each computer**
  - **Kurzweil 1000** **30 on each computer**
  - **Computer headphones** **30 to each Computer**
  - **HP flatbed scanners** **20 to each computer**
  - **LexCam Scanners** **02**
  - **Refreshable Braille Display** **02**
  - **Braille Embossors** **02**

This unit has been extended to different Schools/ Centres like. SSS-I, SSS-II, SIS, CSL&G and Sanskrit Centre. These software support features enabling the user to hear the e-text in different European languages, English and Hindi Language. The EOO has been working in collaboration with the Central Library to provide further support to the facilities at the library.

Certain additional facilities made available to Visually Impaired students include the following:

Angle Daisy Player	90 to all Visually Impaired Students
Laptops	90 to all Visually Impaired Students
Wheelchairs	15 (for Physically challenged students)

Locker facility to all visually / physically challenged students on demand

The library organizes training and orientation programmes on the uses of assistive technology for the benefit of students to encourage the use of the technologies in day to day studies. The library is also a member of the Daisy Forum of India (DFI) and Bookshare.org to provide the e-text facilities to visually impaired students of the University.

## Remedial Classes

The Centres/Schools conduct Remedial Classes for SC/ST/OBC (NC) minority community students as per UGC Scheme. The Centres/Schools have designated conveners. Students who need Remedial Classes are identified by conveners. The main objective of these classes is to make up the deficiency in the core subjects and optional subjects; improve academic skills; raise level of comprehension of basic subjects as well as to provide stronger foundation for further academic work; to strengthen their knowledge skills in such subjects where quantitative and qualitative and laboratory activities are involved, so that the necessary guidance and training provided under the programme may enable the students to come up to the level necessary for pursuing higher studies efficiently and to reduce their failure and dropout rate. Time table for Remedial Classes is displayed on the notice boards of Centres/Schools from time to time.

## Welfare activities for students

Besides this, Equal Opportunity has many books for the students, preparing for civil services, staff selection commission and UGC NET examination etc.

**Equal Opportunity Office provides the space facility for SC/ST/OBC disable person for free coaching/lectures Audio/Video/Desktop (12) with projector facility in SC&IS building from 5 pm to 9 pm as per rule.**

### **Equal Opportunity Office As Complaints Redressal Mechanism**

The Equal Opportunity Office has been committed to fulfilling its mandate of maintaining social harmony among various sections of the University community. Whenever any case of social discrimination is brought before the Equal Opportunity Office, it is thoroughly investigated and examined and suitable action is recommended. Addressing of issues related to any social discrimination faced by students or staff at any level is amongst the principal objectives of the Equal Opportunity Office.

It is always available for assistance at the following address:

Equal Opportunity Office  
Room No 134-135, Admin Block  
Jawaharlal Nehru University,  
Phone No. 26704014 Mobile No 9811004244

**Complaints: During the period mentioned a total of 10 complaints were received by EOO office 8 complaints were resolved and the remaining 2 are under process.**

### **Prof. G. K. Chadha Memorial Fellowship for Differently Abled Students**

The University has created an endowment fund of Rs. 5 lakhs donated by the family of the late Prof. G. K. Chadha, former Vice-Chancellor of JNU, for award of 2-3 fellowships to Master's level students with the highest percentage of marks.

Notice has been circulated to all Dean/ Chairpersons/ Special Centre for inviting nomination for the award.

## Linguistic Empowerment Cell (LEC)

Linguistic Empowerment Cell (LEC) is a unique capacity building system evolved by JNU to empower the students, a very heterogeneous population, coming from different sections of the society and remote regions of the country. It caters to the linguistic needs of these students who may find it hard to cope with their regular programs in their respective schools and centres primarily for reasons of language. During this assessment period LEC taught courses in English (English for academic writing & Basic Communication Skills) and Indian Sign Language to the Indian and foreign students.

## **Institutional Ethics Review Board (IERB)**

The Institutional Ethics Review Board (IERB), JNU reviews and oversees research studies involving human participants to ensure they comply with ethical standards and regulations. The primary goal of an IERB is to protect the rights, safety, and well-being of research participants. The IERB JNU only reviews and approves projects of JNU faculties and students.

The board evaluate research protocols to assess factors such as:

- **Informed Consent:** Ensuring that participants are fully informed about the study's purpose, procedures, risks, and benefits before agreeing to participate.
- **Risks and Benefits:** Assessing the potential risks to participants and whether the potential benefits of the research justify them.
- **Confidentiality:** Ensuring that participants' privacy and confidentiality are protected.
- **Recruitment and Selection:** Evaluating the methods used to recruit and select participants to ensure fairness and transparency.
- **Monitoring:** Overseeing the conduct of the study to ensure ongoing compliance with ethical standards.
- **Vulnerable Populations:** Paying particular attention to the inclusion of vulnerable populations, such as children, individuals with cognitive impairments, human patients & elderly suffering from chronic illness, prisoners, etc., to ensure additional protections are in place.

Researchers typically submit their study protocols to the IERB for review and approval before recruiting participants or collecting data. The board sometimes requests modifications to the protocol to address ethical concerns or ensure compliance with regulations. Overall, the role of the IERB, JNU, is crucial in upholding ethical standards in research involving human participants and ensuring that research is conducted with integrity and respect for the rights and welfare of participants.

The institutional ethical committee is an advisory body with a multi-sectorial, multidisciplinary body of experts who help our researchers shape their research work and data collection.

**As per the Govt notification, the Institutional Ethics Review Board, JNU is registered with the DHR w.e.f. Date 10 January, 2024 (Ref no. EC/NEW/Inst/2023/3849).**

**Training and Education:** Dr. Sushil Jha, Member Secretary, conducted training and education for board members to stay updated on ethical principles, regulations, and best practices in human subjects research during in the 49<sup>th</sup> Meeting of the IERB, JNU, 10 July, 2023

**Future plan:** The future plans of an Institutional Ethics Review Board (IERB) typically revolve around enhancing its effectiveness in ensuring ethical standards in research involving human participants while adapting to the evolving landscape of research practices and regulations. Some potential plans for an IERB may include:

**Training and Education:** Providing ongoing training and education for board members, researchers, and research staff to stay updated on ethical principles, regulations, and best practices in human subjects research.

**Community Engagement:** Enhancing community engagement efforts to raise awareness about the importance of ethical research practices, solicit feedback from diverse stakeholders, and involve the community in decision-making processes related to research.

**Transparency and Accountability:** Promoting transparency in the review process by providing clear guidelines, standard operating procedures, and decision rationale. The Chairman and the Member Secretary will implement accountability mechanisms to ensure that the board operates with integrity and impartiality.

**Quality Improvement:** Implementing mechanisms for continuous quality improvement, such as regular evaluations of the review process, feedback mechanisms from stakeholders, and benchmarking against national and international standards.  
**Adapting to Emerging Issues:** Anticipating and addressing ethical issues in research, such as those related to emerging technologies (e.g., artificial intelligence, gene editing), global health crises, or cultural considerations.

By implementing these plans, an IERB can strengthen its role in safeguarding the rights and welfare of research participants, promoting ethical research practices, and contributing to the advancement of knowledge for the benefit of society.

## Chief Proctor

Statute 32 of the Statutes of the University deals with maintenance of discipline among students of the University; all powers relating to discipline and disciplinary action in relation to students shall vest in the Chief Proctor. Statute 10(3) (a) states that there shall be a Chief Proctor appointed by the Executive Council of the University. The Chief Proctor's Office has been in existence since 1986. At present, the Proctorial Team consists at present of one Chief Proctor assisted by seven Proctors (out of which three are women Proctors). The Chief Proctor's office is responsible for maintaining discipline among the students of the University. In the execution of its duty of maintaining peace and harmony on the campus, it relies, by and large, on the philosophy of taking reformatory measures rather than punitive steps. In cases involving violation of disciplinary norms, however, appropriate disciplinary action is taken.

The Proctorial Team consists of the following :

Prof. Sudhir Kumar	-	Chief Proctor
Prof. Elumalai Kannan	-	Proctor
Prof. Ubaidur Rahman	-	Proctor
Dr. Sneha Bhagat	-	Proctor
Dr. Uma Purushothaman	-	Proctor
Dr. Vaishali Krishna	-	Proctor
Dr. S Jeevanandam	-	Proctor
Dr. Sandip Kumar Singh	-	Proctor

## Legal Cell

The Legal Cell was set up in J.N.U around the year 2007. Earlier, the existing cases against the University were being dealt with by their respective concerned branches. There were no inter-linkages among the departments *vis-à-vis* the legal issues. After the formation of the Legal Cell, all the pending legal issues/cases with different sections were clubbed together and consolidated functioning happened through the empanelled legal counsels of the University. The Legal Cell therefore is a nodal point for all University related litigation, vetting of Memorandum of Understanding, tender documents and other legal documents.

The Legal Cell has been assisting all the stake-holders, viz. faculty, staff and students in the legal issues faced by them from time to time *vis-à-vis* providing legal advisory work like vetting of legal documents, draft agreements, MoUs, Tender documents and interpreting matters having potential of legal repercussions. The number of court cases dealt by the Cell from its inception are as under:-

S. No.	Particulars
1.	Total cases listed - 656

## Inter-Hall Administration

### Mission

*Comprehensive approach to student support:* The Dean of Students Office recognizes that student success is not just about academic achievement. It also encompasses the student's social, emotional, and physical well-being. The office provides a variety of services and resources to address these needs, including hostel facility, academic advising, counseling, and health services.

*Intentional and practical interventions:* The Dean of Students Office does not take a one-size-fits-all approach to student support. Instead, the office's interventions are designed to be intentional and practical, and they are tailored to the specific needs of the JNU community.

*Principles of education, collaboration, and inclusion:* The Dean of Students Office is committed to the principles of education, collaboration, and inclusion. The office believes that all students have the potential to succeed, and it works to create a supportive environment where all students feel welcome and valued. The office also partners with other campus departments and community organizations to provide comprehensive student support.

## **Highlights of the action taken by IHA**

*Communication with the students:* Communication between IHA employees and students was highlighted as being important, specifically with regard to building meaningful relationships.

*A generally welcoming environment:* IHA office has worked immensely to provide an environment which is welcoming to all the students by providing them the support during hostel allotment of newly admitted students and during the hostel clearance at the time of course completion. IHA, with a strong team headed by DoS along with ADoS, Provosts, and Wardens have provided a warm environment during the safe stay at hostels.

*Maintenance of the hostels:* Sustainability of the facilities and safety of the students is the concern of the DoS office and maintenance of the hostels was a long awaited process and the conditions of the few hostels were debilitating. For this, a comprehensive survey was conducted by the DoS and Associate DoS along with the Engineering department and a budget was proposed. After strong persuasions from the Honorable Vice Chancellor Ma'am, the funds (56 Crore) were approved by the Ministry to renovate the hostels focusing towards the upgradation of the mess facilities of hostels, washroom renovation, structural repair and water proofing. Now, the works under this project are being undertaken by the CPWD in various hostels.

*Addition of new hostel facility:* With the introduction of new courses and opening of number of new centers and schools in the University there has been an increase in intake of students; thus, increasing the demand of hostel facilities. To meet the increasing demands, a new facility construction project was undertaken, i.e., Barak hostel, which will be ready for allotment within next few months.

*Streamlining the hostel allotment process:* To avoid any hassle for the students, the hostel allotment process has been streamlined where the complete list of the students under allotment category are published online with the exact dates for the allotment. The IHA team has worked in a positive direction to control the illegal residents from the hostels and making these illegally occupied rooms available to the legal students. Even though, for the past few years, there has been scarcity of vacant seats in the hostels, the office of the Dean of Students has always assured that the students admitted under PwD category gets the hostel seat on the spot without any waiting time.

*Up-gradation of the Software for hostel allotment and hostel management:* IHA team has worked in close collaboration with CIS team to make the hostel allotment software more user friendly and more student data incorporated into the software. Further up-gradation is going on to make changes like room number allotment from IHA office, inventory control for the hostel, linking dorm data with the hostel data, etc.

*Improve diversity and inclusion efforts to provide a safe and inclusive environment for students:* IHA team, ADoS, Provosts, and wardens, under the supervision of DoS, has provided safe and inclusive environment to all the students. The team has made themselves available 24 X 7 for the students in case of any issues or problems with the students.

*New tenders for hostel staff:* The long-awaited tenders for the service providers providing the manpower for hostel and mess staff has been awarded and working in a well-coordinated manner among all the hostels under IHA.

*Strengthen student-friendly operations at IHA office:* This involved providing help to students during extended hours, sending out regular updates, involve simplifying the process for filing a complaint, providing more resources on the website, or making it easier to get in touch with staff members, and being more transparent about policies and procedures. By taking these steps, the Dean of Students Office has created a more student-friendly environment where students feel comfortable getting the help they need

**JNU Students' Union Elections:** Dean of Students office successfully conducted student union elections without any major hiccups or disputes, ensuring a fair and transparent process. A significant percentage of students participated in the elections, indicating active engagement & interest in student governance. During the elections, organized debates and forums allowed candidates to show their visions and engaged with students fostering a more informed electorate. Strong partnerships with student organizations & election committee helped promote the elections and encourage participation; strict adherence to election rules and regulations maintained the integrity of the process. The Dean of Students office gathered feedback after elections and identified areas of improvement, ensuring future elections build on this success.

- Specialized OPDs in field of Cardiology, Skin, Psychiatry, Eye, ENT, Gynecology & General surgery run at the Health Centre. Besides this, Dental & Homeopathy OPD also functions at the Health Centre.
- Students, Retired Employees and their dependents are provided medicines free of cost as per rules.
- Most of the Allopathic Medicinal need of students is met from the pharmacy of the Health Centre. Medicines which are not available at the Health Centre are provided through local purchase from University authorized chemists. Basic need of the patients is taken care of at the Health Centre and if required they are referred to hospitals.

- Psychological counseling is provided by one part time clinical psychologist at the Health Centre to help the patients to cope up with stress.
- Prevention of disease is also an important aspect which is taken care of by the Health Centre. Anti-malaria and control of mosquito borne diseases is done periodically.
- Health Centre takes active part in Integrated Pulse Polio Immunization Programme which is run by Govt. of NCT of Delhi, by immunizing children below the age of 05 years.
- A 24x7 hours Ambulance service is also provided to the community. An Advanced Life Support Ambulance with life support equipment & a Patient Transport Vehicle is kept at the old wing of Health centre which is managed by paramedics provided by the ambulance service provider. At night a doctor with paramedic is also available from the ambulance service provider.
- Homeopathic Medicines, Injections, Dressing, ECG and Lab tests are free of cost for Students, Retired Employees and their dependents. In . For serving employees and their dependants, homeopathy medicines, administration of injections, dressing and ECG are free of cost.
- Store and Pharmacies of Health centre are computerized.
- Specialized OPDs in field of Cardiology, Skin, Psychiatry, Eye, ENT and Gynecology, General Surgery and Dental & Homeopathy OPDs, in all **59450** total numbers of patients inclusive of Students/Retired Employees/Faculty /staff and others visited the morning and evening OPD at the Health Centre during the year 2023 – 2024.
- The work of the doctors of the University Health Centre includes;
- Attending O.P.D patients (Students/faculty/staff /Retired beneficiaries/Employees etc.)
- Attending emergencies in Room No. 207.
- Visiting bed ridden patients in emergency in the campus.
- Attending psychological problems in different schools and hostels.
- Supervising purchase of medicines and verification of stores in store and pharmacies.
- Attending RTI queries.
- Verifying & forwarding bills of Part Time doctors, Counselors, contractual workers etc.
- Supervision of functioning of labs.
- Attending meetings of different committees like Zero Semester Committee, Health Advisory Committee, Campus Development Committee, Committee for control of Vector borne diseases, Committee for quality check of medicines of M/S Madan Chemist, Survey Boards, Tender opening Committees etc.
- Preparation of Indents of medicines and their submission within the stipulated time frame.
- Visiting sports events being organized in the university and supervise the provision of first aid to them.
- Accompanying critical patients to Safdarjung hospital/AIIMS during duty hours in the Health Centre.
- Liaison with South MCD for control of Vector borne diseases in the campus.
- Any other official work.

## **Communication & Information Services (CIS)**

JNU initiated significant efforts for setting up a campus-wide computer network in the academic complexes of the university in the year 1996. Keeping various options in mind for future expansions, the network was carefully planned, using the fiber-optic cabling to connect all the major Academic buildings of the University. JNU decided that a separate centre was needed to look after Network Operations centrally across the campus of area spread approximately 1100 Acre and the Center was created in the name of Communication and Information Services (CIS) in the University.

The Communications and Information Services Centre was set up in February 1997 as an independent Centre headed by the Director. By May 1997, the site was ready, and it started functioning with a small workforce of select persons deputed from different existing departments of the Universities. In 2001, CIS became part of the School of Information Technology (SIT).

In August 2014, The Vice-Chancellor approved the re-structuring of Communication and Information Services (CIS) by merging the Technical and Computer staff working in CIS, E-Governance and University Computer Maintenance Cell (UCMC) for smooth functioning of E-Governance and network related activities as a separate Service Center for providing central ICT facilities to the JNU.

The bandwidth has been rising gradually since right from the inception of CIS. In 2002, the Internet bandwidth of the campus was increased to 2 Mbps. This was made double in 2003, and triple in 2004, and like this usage of Intranet bandwidth of campus moved up to 1Gbps in 2005. Now, JNU has two 10 Gbps of Internet bandwidth of each link coming from two different ISPs and integrated at our end to give seamless access from two ISPs. Presently, the University has the bandwidth of 2X10Gbps through National Knowledge Network (NKN).

CIS have the following groups:

### **I. Network and ICT infrastructure group:**

At present, CIS had deployed about 44 km of Optical Fiber Cable (OFC) across the campus connecting all the academic complexes including the new buildings, all the hostels and other facilities through the optical fiber network connectivity. CIS also installed 2000 Nos. of Wireless Access Points for establishing the campus wide WiFi connectivity. The Network group supports the operational management services of both active and passive components of Network and Wi-Fi Services across the campus. The team also renders their service related to Firewall, Internet Service Provider and Internet management, network authentication system, Network Monitoring System, Domain Name System, which are the backbone activities of the campus network.

The group also maintains the VMs and Servers, which hosts about 36 support software / servers hosted for JNU intranet usages.

CIS launched the official website of the University, [www.jnu.ac.in](http://www.jnu.ac.in) in 1997. Website is the front interface for all the important academic and administration information of the University. JNU implemented Content Management System based website in 2017, which consists of 126 micro websites of the University. This group put their best efforts for updating the information and provides services logically in the 24 x 7 monitoring of website functionality and updating the contents of the JNU website. The role-based access has been provided to the schools/centre and various faculty members to update their school/centre web contents.

### **II. eGovernance Group:**

The eGovernance Cell is formed in the year 2006 for automating the administrative and academic processes of the University. In the year 2011, the Cell was merged with CIS. This group does the following software automation services and operational management of the arranged/acquired softwares:

#### **Software Implemented through Government Sources:**

- **eOffice Suite** of NIC: JNU has implemented successfully entire eOffice Suite since year 2015. This suite consists of eFile, eLeave, KMS, eTour, PIMS and SPARROW

- **eProcurement** – eProcurement-CPPP of NIC has successfully implemented for eTendering since the year 2015. In between other eProcurement system of MoE was used for 3 years but now as per the Directions of the MoE, the eProcurement of NIC - eTendering system is re-implemented since year 2023.
- **GEM** by GoI: JNU has successfully implemented the procurement process under GeM since 2017. All users/departments are using the eGeM system in the University.
- **Online Consumable Request Management System:** JNU customized and implemented the software acquired from DoPT , Computer Cell for automation of activities of the Central Stores and Health Center for their consumable items of the stores. The software is running smoothly and adding value to the departments since year 2016.
- **Online RTIMS:** JNU has implemented the Online RTIMS system developed and implemented by the DoPT. This system has been functioning in JNU since year 2014.
- **SAMARTH Portal:** JNU has implemented SAMARTH modules as per the directions of the MoE with effective from the year 2024. The implementation of the SAMARTH is in progress and CIS is the nodal department providing technical support services across the University users/departments in coordination with SAMARTH.

### **In-house Developed Software:**

- **Student Registration Software** (Post Admissions, Semester Registration, Hostel Allotment, No Dues Clearance, Result Processing etc.) under JNU EduERP initiatives
- **Digital tracking and Management Software** for the thesis tracking and online thesis submission process.
- **Health Centre Pharmacy Inventory Management Software** for the Students Health Center
- **Research Project Management Software.**
- **Helpdesk Management Software** – Implemented for CIS and Engineering Branch
- Implemented **Online Recruitment Management Software for** Teaching and Non-Teaching Posts (ORMS)
- University **House Allotment System**
- **Health Centre OPD Appointments**
- **Online Minutes, Agenda dissemination and management of Executive Council** members of the University
- Implemented **Unified Payment Gateway System (JNU Cashless Campus)**
- Implementation of **Telephone Directory Software** of the University

### **Central Data compilation and preparing MIS Reports, other data related activities at the level of University to support the administration:**

- All ranking schemes (NIRF, ARIIA, QS, WUR, ACU, THE WEEK - HANSA, TOI, etc..)
- Monitoring and updating the data for around 20 eSchemes of MHRD/UGC from time to time basis.
- National Academic Depository and Digilocker – uploading of the NAD portal data of JNU in coordination with CDSL till year 2019. JNU implemented NAD-Digilocker from the year 2021 as per the directions of MoE and UGC. Also implemented the ABC compliance of the NAD-Digilocker platform.

### **III. University Computer Hardware Maintenance Group:**

University Computer Maintenance Cell (UCMC) under Communication and Information Services, Jawaharlal Nehru University has been established to provide hardware and software support to the end users of the University. This Cell is also rendering and monitoring the end point solutions to protect the data from various virus and malware threats.

Technical support is available between 09:00am - 05:30pm from Monday to Friday (except holidays).

### **IV. Learning Management System (LMS), Video Conferencing and other related infrastructure Management group:**

- Operations Management for Online Learning Management System based on Moodle open source framework.
- Operations Management of Video Conference facilities deployed at various locations of the campus.
- Operations Management of Net Meeting System, Online Viva Voce of M.Phil / PhD, Dissertation / Thesis.
- Providing support for Audio-Video tools and online meetings of the University. This group has also taken care webcasting, streaming and recording of various events of the University.

- This group also provides technical support for conducting various online meetings, interviews, Viva Voce and development eContents for online teaching and learning process.

### **The major activities performed by CIS during the period of Year 2023-2024:**

- JNU Online Admission Process, Students Registration, Assessment, Evaluation and Online Convocation of the University.
- Capacity Building and ICT Training to JNU community
- Strengthening and deployment of new Software in the University to meet its online requirements to manage the administrative and academic activities of the University.
- Deployment and maintenance of CCTV Cameras in the Hostels and academic complexes.
- Smart Card based Biometric Attendance System of JNU
- Deployment and Maintenance of Central UPS in high availability mode in CIS Data Centre
- Upgrade of central facility Software and Hardware deployed in CIS Data Centre
- Initiative taken for deployment of Unified EduERP across the University as single suite with integrated dashboard.
- Deployed Perimeter Firewall along with activation other cyber security utilities to protect university data.
- Deployed Fiber to the Home (FTTH) technologies in the limited residential complexes to expand JNU WiFi Services at Dakshinapuram and Utrakhand residential blocks of the University.
- Data compiling and uploading for Ranking Schemes like NIRF, ARIIA, QS, WUR, ACU, THE WEEK - HANSA, TOI, especial technical assistance provided in NAAC (3<sup>rd</sup> Cycle) accreditation.
- Implementation of eAPAR system for the University employees including the faculty members of the University.
- Expansion of wired and wireless network in the new academic complexes of the University.
- Implemented Core Firewall and Core Network Switch in the System to have better scalable and robust core ICT backbone network Infrastructure.

# **CENTRAL FACILITIES**

**DR. B. R. AMBEDKAR CENTRAL LIBRARY**

**UNIVERSITY SCIENCE  
INSTRUMENTATION CENTRE**

**ADVANCED INSTRUMENTATION  
RESEARCH FACILITY**

## Central Facilities

### Dr. B.R Ambedkar Central Library

The Dr. B.R Ambedkar Central Library stands tall as a nine-storey building, covering a sprawling area of approximately one lakh square feet. Nestled within the heart of the university's academic complex, it serves as the nucleus for all scholarly endeavors. Each of its reading halls is equipped with air conditioning, ensuring a comfortable environment for readers.

The library is seamlessly connected through both LAN and WI-FI networks, fostering easy access to a wealth of resources. Further, it is linked to all schools, centers, and offices of the university via an intranet system, promoting efficient sharing of information.

With a seating capacity accommodating up to 1000 individuals, the Central Library offers ample space for study and research. Patrons are encouraged to utilize laptops and reading tables to enhance their learning experience. Further, a dedicated reading hall operates around the clock, granting readers the flexibility to access personal books at any hour.

Throughout the reporting period, the library welcomed 2629 new members, comprising faculty, +staff, and trainees from the UGC-Malaviya Mission Teacher Training Centre (MMTTC). A total of 5976 users were granted No Dues Certificates, ensuring smooth transactions for borrowers. The library facilitated 23152 circulation transactions, providing access to a diverse range of materials.

Library distributed 3194 library cards to students and faculty members, issued 28 consultation certificates, and efficiently allocated 700 steel and 70 wooden lockers to students, enhancing accessibility and convenience for all users.

Resource Sharing/Interlibrary Loan (ILL) The library facilitated 106 outgoing and received 200 incoming books through Interlibrary Loan via DELNET, enhancing access to a broader range of resources for our users.

**Procurement of Electronic and Print Books:** During the fiscal year 2023-24, the library acquired 1627 print books and 36 e-books, valued at Rs. 30,80,846.60 and Rs. 3,26,872.34 respectively. Additionally, it received 91 books valued at Rs. 1,14,636.00 as gifts. As of now, the library has a total collection of 5,16,243 print books. Furthermore, the library houses a collection of 29,779 theses and dissertations, which are easily accessible through the Online Public Access Catalog (OPAC).

**Technical Processing of Books:** During the fiscal year 2023-24, the library processed a total of 1718 books, including 91 gifted and 1627 purchased volumes. Among these, 339 books were in Hindi, 11 in Tamil, 128 in Arabic, and 36 in Sanskrit, specifically added to enrich the language collection. The remaining books encompassed collections in social sciences, arts and humanities, and sciences.

**Subscription to Periodicals and Electronic Databases:** Library subscribed to 1 print journal, 32 print newspapers, and 37 print magazines, along with 29 online databases. It granted access to 13 databases through the UGC eSS-Consortian. The total expenditure for the subscription of print/online journals and online databases for the fiscal year 2023-2024 amounted to 208 lakhs approximately.

#### Online Databases Subscribed by Dr. B.R. Ambedkar Central Library for 2023-2024:

- CNKI - CAJ – Web Series F, G, H, I
- Brill Humanities and Social Science Package
- Science Online (1997 - current issue) (AAAS)
- Emerald eJournals Premier
- Harvard Business Review Collection Fee and Simulations Fee
- Grammarly for Education
- IEEE Electronic Library (IEL Online) Tier-2
- PNAS Tier-4
- Prowess for Interactive Querying (IP)

- Supreme Court Cases Online Web Edition – Platinum Plus Academic
- ACM Digital Library
- IOP Science Collection – ESS License Package
- Royal Society of Chemistry Journals Gold Minus Archive
- CAS Scifinder – Academic Unlimited Access Plan
- Sage Management and Organization Studies Subject Collection
- Statista
- CEIC – Global DB + India Premium DB
- Consumer Pyramids Household Survey DX
- EPWRF India Time Series
- Historical Newspaper Archives – The Times of India Continuing Service Fee
- SIAM Locus One Time Maintenance Fee
- EBSCO Discovery Service
- Press Reader (Newspaper Direct)
- American Chemical Society All Publications
- Prime Database.com
- Indiadistricts.com
- Indiastat.com
- Capitaline AWS – IP & Domain
- United Nations Library.

**Online Databases available through INFLIBNET eSS Consortia during the year:**

- American Institute of Physics (AIP)
- American Physical Society
- Annual Reviews
- Economic & Political Weekly
- Institute for Studies in Industrial Development (ISID)
- J-Gate Plus
- JSTOR
- MathSciNet
- Oxford University Press
- Project Muse
- Springer Link 1700 Collection and Nature Journal
- Taylor and Francis
- Web of Science.

The Exim Bank Economics Library, established in July 2000, is a specialized library houses a comprehensive collection of books, journals, and bound volumes focused primarily on Economics.

Operating hours are from Monday to Friday, 9:00 am to 8:00 pm, and on Saturdays, Sundays, and holidays from 9:00 am to 5:30 pm, excluding national holidays and the Holi festival. The library has a substantial collection comprising approximately 13,137 books and 3,331 back volumes. It is equipped with Wi-Fi connectivity and offers automated library services, including book lending facilities, reference services, online information browsing, and a comfortable, air-conditioned reading area for users.

**Digital Library System and Services:** The library utilizes KOHA (Open Source), an Integrated Library Management Software, for various housekeeping tasks across different sections, including Processing, Periodicals, Reader Services, Humanities, Science Division, and Circulation for Issue/Return. This Open Source software has been customized and maintained by library staff to suit specific requirements.

Users have the convenience of checking the availability of all library resources and downloading full-text e-resources such as theses and newspaper clippings. The library database comprises a total of 5,49,403 bibliographical records encompassing print books, e-books, and theses/dissertations.

To enhance the digital library system, the following improvements have been implemented:

- Total bibliographical records in Library Database: 5,49,403
- Number of data CDs in the collection: 1412
- Total number of Desktops: 253
- Total Number of Servers: 04
- In-Out Management System The Central Library has implemented an In-Out Management System to track user attendance within the library premises.
- Helen Keller Unit Dr. B.R. Ambedkar Central Library is dedicated to ensuring inclusive access to information for all its user. The Helen Keller unit is equipped with 20 computers installed with JAWS and Kurzweil software, facilitating visually challenged students in accessing computers and online resources. Additionally, headphones, scanners, and 2 Braille embossers are available for use. Hindi OCR software is installed on 2 computers to aid in text conversion for Indic languages.
- The unit also provides manpower to assist visually impaired students in scanning reading materials. To further support accessibility, the library has subscribed to KIBO Online Software for converting text into Indic languages. Moreover, 95 laptops and 85 digital voice recorders have been distributed to visually impaired students across the University.
- To promote user awareness and enhance skills, the library organizes sessions for visually impaired students on library services, internet usage, and Hindi typing.

**Remote Access:** Ezproxy remote access has been provided to all registered users. Library provides OpenAthens Remote Access facility alongside Ezproxy. These advanced authentication systems facilitate remote access to subscription-based content through a single sign-on facility. Library has integrated IDS services from INFLIBNET (SAML) for remote access to resources extended through INFLIBNET.

**Single Window Search:** The Central Library at JNU has implemented Web-scale Discovery Services (WDS), such as Ebsco Discovery Services (EDS), which provide a single window search experience. This service integrates various resources, enabling users to access required information through a unified search interface. The Library is currently in the process of implementing Open Source software for Single Window Search and is actively involved in designing and customizing this solution.

**e-Procurement & GeM:** During the fiscal year 2023-24, Library utilized online bidding via GeM for various services and supplies, including the annual maintenance contract (AMC) for online UPS, pest control services, as well as the procurement of wall fans, ceiling fans, and dry washing of chairs. All hardware, civil equipments, and stationery purchases were made through the GeM Portal.

**Electronic Theses & Dissertations:** The ETD Section of the Central Library uploaded 7230 Ph.D. theses to the Shodhganga national repository, accessible at <https://shodhganga.inflibnet.ac.in/handle/10603/60>. Furthermore, 42 hard copies of these theses were scanned, digitized, and updated on the OPAC and Shodhganga repository. The OPAC currently hosts 29,779 Ph.D. theses and M.Phil. dissertations, available to scholars. Moreover, the ETD Section downloaded 1397 Ph.D. theses submitted to the university and uploaded them onto the Digital Theses Tracking system, before forwarding them to the Evaluation Branch for further processing.

The Central Library employs two Plagiarism Detection Software to review scholarly materials, including assignments, reviews, tutorials, etc., submitted by scholars and others.

**TURNITIN:** To address plagiarism concerns, all JNU faculty members and PhD students have been granted access to Turnitin accounts. The Central Library initiates the account creation process for JNU faculty, while faculty members are responsible for creating accounts for their respective research scholars. Central Library has scrutinized 1004 scholarly documents and provided scholars with the similarity reports generated through the software.

**DRILLBIT:** Central Library, JNU, in collaboration with INFLIBNET, facilitates access to the Drillbit anti-plagiarism software for JNU faculty and students. Library has generated 2960 similarity reports using this software and has distributed them to scholars.

**GRAMMARLY:** Dr. B R Ambedkar Central Library has subscribed to Grammarly@edu software/tool. It serves as an automated grammar tutor and revision support tool, fostering students' writing skills and promoting proper revision practices while preventing plagiarism. Users can upload drafts of their writing assignments to Grammarly to receive immediate instructional feedback on over 250 grammar points. Its algorithmic and structured approach to text revision ensures optimal learning opportunities during proofreading. Grammarly is accessible through <http://www.grammarly.com> or via a link provided on the library's website.

**Online Newspapers and Press Clippings Access:** The Research Support Service Section has processed approximately 2,700 clippings from the Hindustan Times Newspaper (Delhi Edition) and The Asian Age Newspaper. These clippings cover a wide array of topics including international and bilateral relations, politics, economics, socio-cultural issues, environmental concerns, the National Education Policy, the G20 Summit, terrorism, higher education, UGC-related matters, elections, foreign policy, conflicts, border issues, democracy, political parties, and global warming. These resources are readily accessible to users through the Library Management Software System (Koha).

**User Attendance System:** The library has developed a system using Open Source Software to track the entry of authenticated users at the entrance. You can access it through this link: <http://10.107.16.102/libatten>.

**Digital Notice Board:** Library boasts a Digital Notice Board that displays information related to the university, upcoming holidays, events, and library opening and closing times.

**Document Delivery Services:** Library offers document delivery services, providing research papers and articles on demand to faculty members and students. Around 300 research papers were provided to users during the reported period.

**Archives on Contemporary History:** Established on December 1st, 1970, the Archives on Contemporary History serves as a repository of materials documenting radical trends in the Indian National Movement and the contemporary history of India. It commenced with the personal collections of the late Shri P.C. Joshi and has since been significantly augmented by contributions from various sources. Currently, the Archives houses 25,000 documents in its collections and is situated on the sixth floor. It acquired 87 new books and served the needs of 410 students during the reporting period.

New Initiatives: Several new initiatives have been introduced:

- Introduction of "Monday Display," a monthly exhibition showcasing new arrivals.
- Offered internships to library trainees from IGNOU, DU, SOL, Gwalior University, Central University of Gujarat, and Pondicherry University.
- Organization of book exhibitions on themes such "Ambedkar Jayanti," "Women's Day," "G20," and "New Hindi Collections."

### **Events Organized during 2023-2024**

- Three-Day Workshop on Research Methods and Tools: Held from 2 – 4 May, 2023
- User Awareness Training Workshop on EBSCO Databases/Services: Conducted, 8 May, 2023
- User Awareness Training Workshop on Consumer Pyramid Household Survey and PRIME database: Conducted, 18 May, 2023
- Library Orientation Program: 26 – 27 October, 2023
- Three-Day Workshop on Research Tools: 6 – 8 November, 2023
- Three-Day Workshop on Research and Publication Ethics, 5 – 7 February, 2024

### **University Science Instrumentation Centre (USIC)**

The basic facility of design, repair and fabrication of the USIC was used by the researchers and faculty members of the Science Schools and Centres of the University. USIC executed the jobs related to design, fabrication and repair of the Scientific Equipment/Instruments being used by the Science Schools and Centres.

The work of USIC has not remained confined to the design but also provided the fabrication, repair work services to the end users. The number of job requests for fabrication and repairs have diminished considerably due to the shortage of technical manpower and inadequate funds for deploying the equipments. USIC is in the process to resume its electrical and carpentry services quickly.

The existing technical staff of the USIC have also been used for providing the technical support for conducting the lab sessions for the students of School of Engineering. USIC has also revived the basic instrumentation facility and services to all users of the University during the year. All inventory of tools, instruments, list of files/records, submission of various reports, details of equipments in functioning condition and require repairs have been created for smooth functioning of the centre and resume its basic instrumentation facility to the University researchers.

USIC has setup a roadmap to revive and expand the basic instrumentation facility in the University and also formed an USIC Advisory Committee to brainstorm and implement the sustainable services model over a period in the Centre.

USIC has formed four small subgroups or sub committees of the researchers named as **Physical Sciences Group, Life Sciences Group, Mechatronics Group, and ICT & Cyber Security Group** for dedicatedly working on the sub domains of USIC.

USIC is in process to submit proposals for conducting workshops, skill development trainings, hands-on facilities with Ministry/ Govt. Agencies/ Industry/ Technical Institutes to have maximum associations/collaborations with USIC. The centre has established Co2 Laser cutting machine last year to meet the basic needs of the students, researchers and faculty members of the University.

## **Advanced Instrumentation Research Facility**

Advanced Instrumentation Research Facility (AIRF) is operational since 2008 and at present runs more than 30 sophisticated state-of-the-art instruments (Annexure-1) with supporting sample processing facilities to support research scholars. It caters to the interdisciplinary applications in research not only to all the JNU Science Schools which includes School of Biotechnology (SBT), School of Environmental Sciences (SES), School of Life Sciences (SLS), School of Physical Sciences (SPS), Special Centre for Molecular Medicine (SCMM) and Special Centre for Nanosciences (SCNS) but also to other academic research institutes and private companies/industries within and outside Delhi. AIRF supports interdisciplinary academic and research activities by conducting regular workshops/webinars and training programs. AIRF is presently headed by the Director - Prof. Kedar Singh, School of Physical Sciences (SPS), JNU and Associate Director - Prof. Pawan Kulriya, School of Physical Sciences (SPS), JNU. AIRF has two permanent faculty, eleven permanent staff and five temporary staff under DBT project to carry out day-to-day activities.

### **Objectives:**

- To become an internationally recognized Centre for Excellence in quality and innovative scientific service solutions in the field of inter-disciplinary research & development using state-of-the-art cutting-edge advanced scientific instrumentation.
- To generate highly skilled manpower at the postgraduate/doctorate level on high-end analytical instruments through peer interaction and direct instrument usage.
- To be the source of ideas, innovation, research and development in the field of different high-end instrumentation techniques.
- To organize short intensive courses, conferences and seminars on sophisticated analytical equipments to develop the skill related to different instrumentation techniques which will be benefited to scientific community.

### **Achievements**

- AIRF has more than 3,000 users coming from different parts of India.
- AIRF is involved in assisting the research activity of around 600 students from different Science Schools of JNU.
- Approximately Rs. 74 Lakhs revenue was generated during the said period
- Flow Cytometer instrument installed in March 2024
- Nitrogen Gas Generator for LCMS instrument installed in March 2024
- Four Workshops and Training programs have been conducted during this period.

## Workshops and training programmes

Workshops and training programmes have been conducted to create awareness among the research community for the effective utilization of research facilities leading to a substantial increase in the number of efficient users. The virtual and physical workshops and training programmes are conducted to provide efficient and trained professionals to maintain a pace in the development of research in the country. The increased manpower has helped in maintaining the smooth functioning of the facility. During the past year, the number of publications that came out after the usage of advanced instruments of AIRF has improved substantially. The support through the DBT fund towards the maintenance of the sophisticated instruments has brought about a marked reduction in downtime of the instruments and has henceforth substantially boosted the qualitative use of the facility. These efforts have motivated researchers to explore the facility and benefit from it during the pandemic time as well.

### Details:

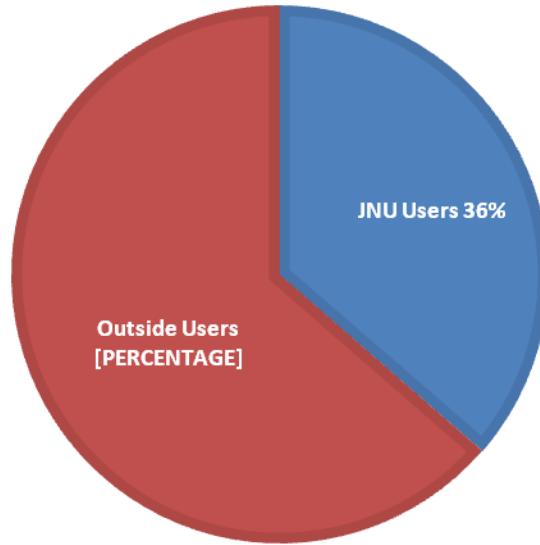

#### AIRF stakeholders and revenue

AIRF provided services to more than 3000 users across India includes JNU users. Among research scholars users are postgraduate, Ph.D., and postdoc research fellows. Outside JNU users are from different government organizations and institutes like IITs, IISERs, different CSIR labs, different central universities like Delhi University, Jamia Millia Islamia, Aligarh Muslim University, BHU etc., and private research organizations like Amity, Shiv Nadar University, etc. This facility is also used by researchers from different sections of industry like the pharmaceuticals industry, food industry, and industry from different manufacturing as like automotive industry etc. Approximately Rs. 73.80 Lakhs revenue was generated.

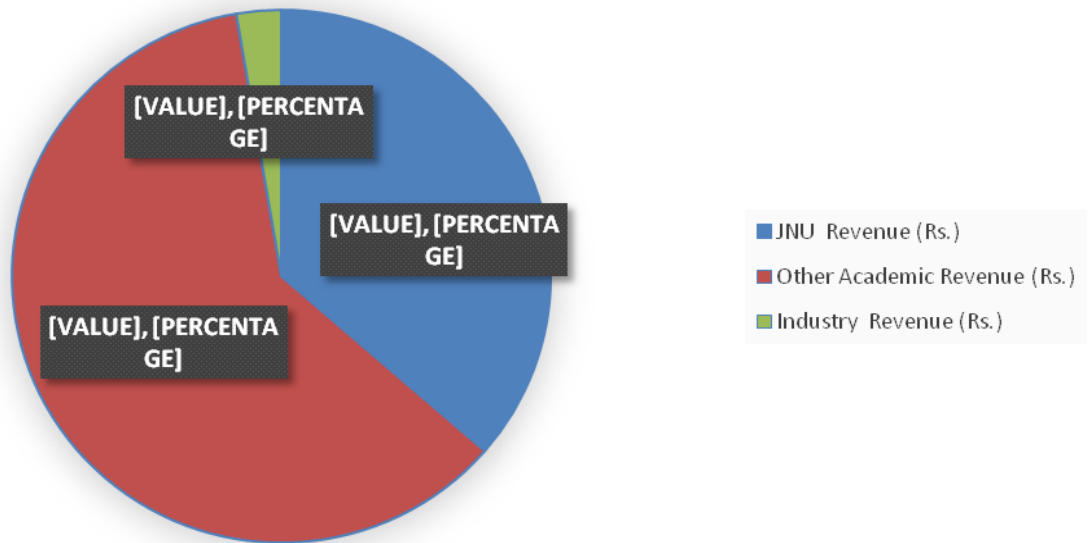

S. No.	Title of Workshop	Dates
01	Physical Property Measurement System and its Applications	01 June, 2023
02	Mass Spectrometry on Metabolomics	22 – 23 June, 2023
03	Gas Chromatography Mass Spectrometry & Its Applications	06 September, 2023
04	Digital Polymerase Chain Reaction & Its Applications	27 October, 2023

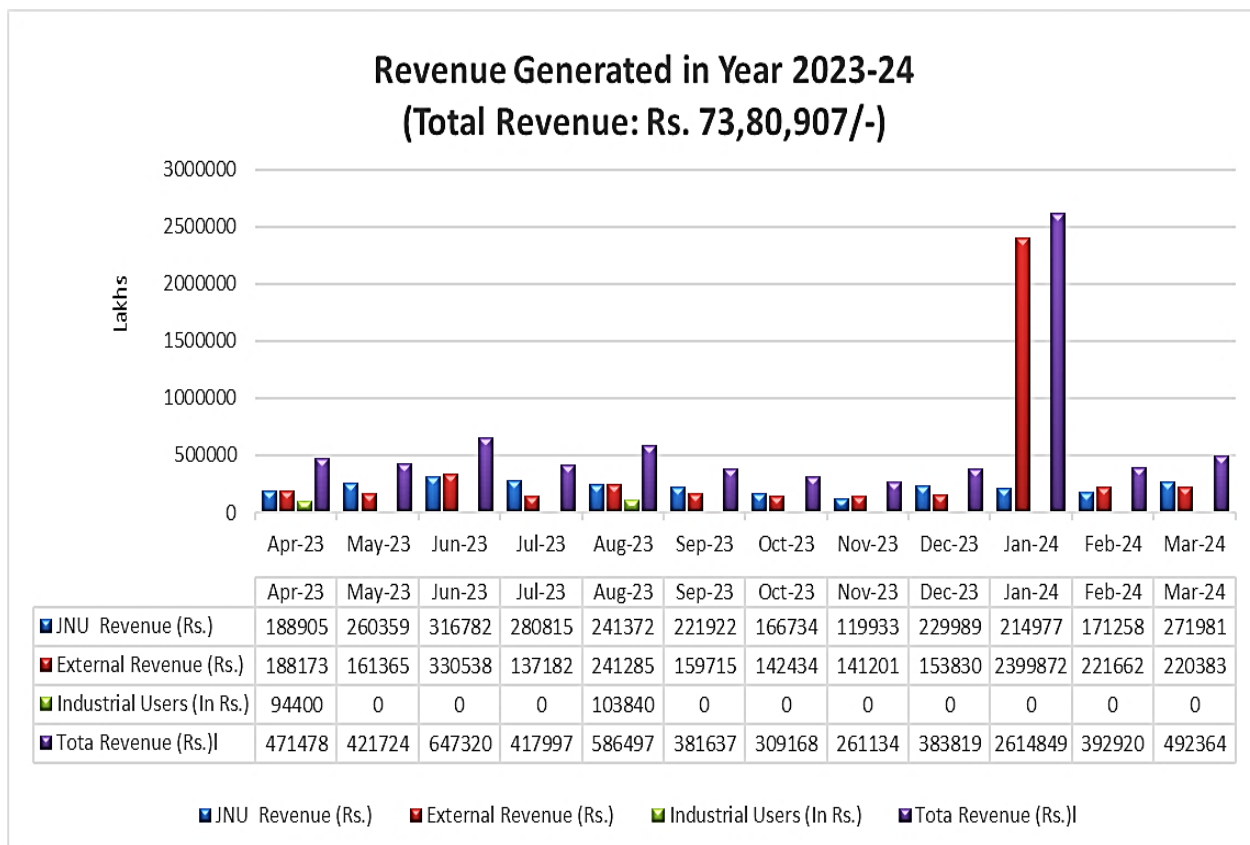

### AIRF USERS 2023-24

■ JNU Users ■ Outside Users

### Revenue (Approx.) Share 2023-24

## Grants

AIRF facility is supported by in-house grants from JNU and DBT project entitled “JNU-DBT National Training and Skill Development Facility for State-of-the-Art Equipment Used in Industry and Academics”, BT/INF/22/SP27315/2018.

## Capacity Building

Training provided on different types of equipment to in-house staff. Instrument Incharges are allowed to attend the training program organized by the company and different research institutions.

### **Accomplishments of Research Fellows/ PhD students of Dr. Tulika Prasad (5):**

- Preeti awarded DST WISE Post Doctoral Fellowship in 2024 for project titled "Rational designing and development of hybrid antimicrobial peptide nanostructure inspired by plant peptides and unleashing their therapeutic potential against drug resistant fungal pathogens".
- Best Poster Award to collaborative student, Aishwarya Soni for poster presentation titled "Diagnosis of pleural tuberculosis by magnetic bead coupled-gold nanoparticle-PCR-amplified immunoassay: detection of mycobacterial MPT-64 (Rv1980c) and Ag85B (Rv1886c) secreted proteins" DOI: 10.13140/RG.2.2.23354.61129 in 2<sup>nd</sup> International Conference of Indian National Science Congress Association - Rohtak Chapter on Science and Technology for Sustainable Future-ICSTS-2024 organized by University Institute of Engineering & Technology, MDU, Rohtak between 7-8 February, 2024.

- Best Poster Award for Ph.D. student Fareen Zaidi for poster presentation titled “NH<sub>2</sub> Functionalized Carbon Quantum Dots: Fluorescent Bioimaging Agent” in International Conference on Recent Advancement in Sustainable Nano-Science and Technology jointly organized by Nano Molecular Society India and IIS University, Jaipur at IIS University, Jaipur between 30-31 January, 2024.
- Poster presentation titled “Study on Nitrogen and Sulphur doped Carbon Quantum Dots: Microwave-assisted Synthesis, Characterization and Applications” in International Conference on Recent Advancement in Sustainable Nano-Science and Technology jointly organized by Nano Molecular Society India and IIS University, Jaipur at IIS University, Jaipur between 30-31 January, 2024 by Aman Jamwal.
- Poster presentation titled “One-Step Synthesis of Lysine Carbon Quantum Dots For Biomedical Applications” in International Conference on Recent Advancement in Sustainable Nano-Science and Technology jointly organized by Nano Molecular Society India and IIS University, Jaipur at IIS University, Jaipur between 30-31 January, 2024 by Vimal Kumar.

### Research Guidance (2023-2024):

Year	Ongoing Ph. D. Students	Post doctoral fellow	Ongoing M. Tech.
2023-24	Four	Two	One

- **Ph.D. Degree Awarded in JNU Convocation:** Preeti Chand; Thesis Title: “Systematic Investigation on ZnO Quantum Dots as antimicrobials and their molecular mechanism of action against fungal pathogen, *Candida albicans*”
- **M.Tech. (Nanoscience):** Aman Jamwal; Dissertation Title: “Study on Amino-terminated Nitrogen and Sulphur-doped Carbon Quantum dots for Theranostic Applications”

### Other Scientific and Academic Contributions:

- **Tulika Prasad**, Teaching and Research Supervision of M.Tech. and Ph.D. students of Special Centre for Nano Sciences (SCNS), JNU as Concurrent Faculty.
- **Tulika Prasad**, Courses Taught in 2023-24:

#### M. Tech.

- Nanobiotechnology & Nanomedicine (NS 660) -Theory
- Design and Synthesis of Nanostructures (NS 663) -Theory
- Research Methodology and IPR (NS 654) -Theory
- Practical courses (NS 655 & NS 671)

#### Ph.D.

- Nanobiotechnology & Nanomedicine (NS 619) -Theory
- Design and Synthesis of Nanostructures (NS 663) -Theory
- Research Methods for Study of Nano-Bio Interactions [NS 626] -Theory
- **Tulika Prasad**, As Member of Panel of Experts for question paper setting of Special Centre for Nano Science (PhD-Nanoscience and M.Tech.- Nanoscience) for JNU Entrance Exam 2023.
- **Tulika Prasad**, As Member of Panel of Experts for question paper setting of CUET 2023.
- **Tulika Prasad**, As Internal/ External Expert for Research Advisory Committee (RAC) of some students of School of Biotechnology, School of Environmental Science, School of Computer and Systems Sciences and Special Centre for Nano Science, JNU and in Department of Biotechnology, Delhi Technological University.
- **Tulika Prasad**, As External Examiner for M.Tech. Dissertation of some students of Department of Biotechnology, Delhi Technological University in 2022.
- **Tulika Prasad**, As part of team of Core faculty member for Live Imaging, Confocal and Fluorescent Microscopy, Gas Chromatograph Mass Spectrometer and Flow Cytometer Cell Sorter Laboratories, AIRF.
- **Tulika Prasad**, As Joint Secretary of Nano Molecular Society (Since Nov, 2016 till date i.e. 2024); Designing Annual Academic Activity Calendar for Nano Molecular Society.

**Number of students enrolled for Research Degrees under (Arora Kavita) supervision (specify degree):**

- Three Phdstudents (Mr. Ravi Shankar (2020-21), Mr. Ashik Babu (2021-22) and Seeema Jaiswal (2023-24), (Arora Kavita)

**Research Projects: (02) Funding received during 2023-24**

- **Prasad Tulika**, Principal Investigator for “Lipid based characterization of drug resistance in *Mycobacterium tuberculosis*” ICMR grant.
- **Prasad Tulika**, Principal Investigator for “Fluorescent Multipurpose Bio-Dots-drug Nanoconjugate as Antifungal Drug Tracker” by ICMR.

**Participation in National/International Conferences/Seminars/Workshops: (05)**

**International: (02)**

- **Arora Kavita**, Participated in the international conference on “Environment and Society: Traditional and Contemporary Perspectives”, at JNU, New Delhi, 29 – 30 January, 2024
- **Arora Kavita**, Participated in international conference on “Recent Advances in Sustainable Nano Science and Technology”, held at IIS deemed to be University), Jaipur, 30-31 January, 2024

**National: (03)**

- **Arora Kavita**, Participated in NEP 2020 Orientation & Sensitization Programme under Malaviya Mission Teacher Training Programme (MM-TTP) of University Grants Commission (UGC) Organised by UGC-Malaviya Mission Teacher Training Centre, Jawaharlal Nehru University, New Delhi, 3 – 12 January, 2024
- **Arora Kavita**, Invited talk in international conference on “Recent Advances in Sustainable Nano Science and Technology”, held at IIS deemed to be University, Jaipur, 30 – 31 January, 2024
- **Arora Kavita**, Keynote speech in international conference on “Environment and Society: Traditional and Contemporary Perspectives”, at JNU, 29-30 January, 2024

**Memberships of Boards/Committees (Outside JNU): (20)**

- **Arora Kavita**, Founder member of the Executive committee and Regional Director, Delhi Region Nano and Molecular Society of India; Paper setter for M. Sc. Biotechnology Examination (CBCS) Istsem, Department of Biotechnology Himachal Pradesh University, Academic year 2022-23; Life member (LM-07) Biosensor Society (India) since 2004; Life member (LMB-1018) Material Research Society of India (MRSI) since 2005; Life member (LM 1765) of Biotechnology Research Society of India (BRSI) since 2014; Life member of Indian Nanoscience Society (INS) since 2014; Life member (4209-2015) of Association of Microbiologists of India (AMI) since 2015; Life member (4015-2017) Society of Biological Chemists (SBC) India since 2017; and Life member of (2018/111) of Indian Nano Biologists Association (INBA) since 2018.
- **Prasad Tulika**, Member Of American Society For Microbiology; Member Of American Chemical Society; Life Member of The Cytometry Society, India; Life Member of The Indian Society of Chemists & Biologists; Life Member of Biotech Research Society of India (BRSI); Life Member of Indian Nanoscience Society (INS); Life Member of Electron Microscope Society of India (EMSI); Life Member of Nano Molecular Society (NMS) and Joint Secretary Elect for the Society; Designing Annual Academic Activity Calendar for Nano Molecular Society; Life Member of Association of Microbiologists of India (AMI); Joint Secretary of The Indian Society of Chemists & Biologists, Delhi Chapter; Life Member of Society of Biological Chemists (SBC, India); External expert member in the Student Review Committee of Department of Biotechnology, Delhi Technological University, New Delhi; Among Approved list of Paper Setters for Masters Level in various departments of Lucknow Integral University for Biotechnology, Bioengineering, Industrial Microbiology & Fermentation Technology, Microbiology, Genetics, Environmental Microbiology and Nanobiotechnology; External examiner of M. Tech. (Biotechnology) and external expert for Student Review Committee for PhD in Department of Biotechnology, Delhi Technological University, New Delhi; External Expert of Project Appointment Committee of School of Chemical and Life Sciences, Jamia Hamdard; and Member of Organizing Committee of Webinars of Nano Molecular Society in 2023-24.

- **Jain M.**, Invited lecture on “Integrated multi-omics approaches for unveiling the genetic tapestry of agronomic traits in chickpea”, in an international symposium on “Plant Biology and Functional Genomics (ISPFBFG 2024)”, University of Hyderabad, Hyderabad, 13 – 15 March, 2024
- **Jain M.**, Invited lecture on “Genomic tools and resources for knowledge-based functional and translational genomics research in crop plants”, in “17<sup>th</sup> Annual International Biocuration Conference”, RCB, Faridabad, 5 – 8 March, 2024
- **Jain M.**, Invited lecture on “Integrated Genomics Approaches for Discovery of Candidate Molecular Signatures for Genome Editing: Hitting the Bullseye”, in “7th International Conference on Plant Genetics and Genomics”, NASC Complex, PUSA, New Delhi, 16 – 17 February, 2024
- **Jain M.**, Invited lecture on “Unveiling the genetic tapestry: Integrated omics approaches for divulging molecular signatures associated with agronomic traits”, in an international conference “Genomics India 2024 (GIC 2024)”, Shiv Nadar University, Gautam Buddha Nagar, UP, 2 – 3 February, 2024
- **Jain M.**, Invited lecture on “Unveiling genomic and epigenomic signatures associated with drought stress response/tolerance in rice”, in an international symposium on “Rice Functional Genomics”, UAS, Bangalore, India, 3 – 5 November, 2023
- **Jain M.**, Invited lecture on “Genomics approaches and analytical tools for discovery of non-coding RNAs and their regulatory aspects in plants”, in workshop on “Decision Support & Analytical Tools”, in “International Plant and Animal Genome Conference (PAG Australia)”, Westin Perth, Perth, Australia, 20 – 22 September, 2023
- **Jyoti Singh Kirar**, Invited lecture on “Evolutionary Computing for Motor Imagery BCI”, NeuroTechX Global Hackathon 23; 2 – 3 December, 2023
- **Lynn Andrw**, Insyb 2023, (online) Using metabolic networks as a base to model microbial populations involved in soil remediation, 14 December, 2023
- **Singh Gajendra Pratap**, Invited lecture on “Applications of Boolean and Binary Petri Nets”, in 1<sup>st</sup> International Conference on “Mathematical and Statistical Sciences”, Namibia University of Science and Technology, Namibia, 3 – 4 July, 2023 (online)
- **Singh Gajendra Pratap**, Invited lecture on “Graph Theory Analytics to Analyse Protein-Protein Interaction Network and R-programming”, in international conference on “Mathematical Techniques in Engineering Applications Graphic Era University”, Dehradun, Uttarakhand, India, 1 – 2 December, 2023
- **Singh Gajendra Pratap**, Presented a paper on “New thrust Areas of Research on the Basis of Acharya Pingala’s Work”, in international conference on “Veda Vijana & Sanskriti Mahakumbh”, Gurukul Kangri, Haridwar, U.K., India, 23 – 25 December, 2023
- **Singh Gajendra Pratap**, Invited lecture on “Petri Net Modeling, Data Computation and Simulation”, in international conference on “Statistics, Data Science and Reliability: Exploring Trends, methods & Applications”, Department of Statistics, M.D. University, Rohtak, India, 24 – 26 December, 2023
- **Singh Gajendra Pratap**, Invited lecture on “Innovative Research in the Area of Petri Nets”, in international conference on “Innovative Research in Sciences, Management and Technology”, at Jai Narain Vyas University, Old Campus, Jodhpur, India, 5 – 7 January, 2024
- **Singh Gajendra Pratap**, Invited lecture on “Transition Firing Sequence Optimization in Boolean Petri Nets”, in international conference on “Operations Research and Game Theoretic Approach in Decision Making”, Indian Statistical Institute, Delhi Centre, 17 – 19 January, 2024

### National: (32)

- **Bhattacharjee Arnab**, “Decoding Sequence Binding Specificity in Protein-DNA Interactions”, IIT Kanpur, 29 – 31 October, 2023
- **Subbarao Naidu**, Invited following lectures delivered in Online Computer Aided Drug Design organized Birla Institute of Scientific Research, Jaipur, funded by MHRD Govt of India:
  - Drug Discovery and Development Overview, 2 March, 2024
  - Protein Surfaces and Sites Prediction, 14 October, 2023

- **Ahmad Shandar**, Invited talk on international conference cum workshop on “Artificial Intelligence Solutions for Pharmaceutical Research and Knowledge (AI-SPARK 2023)”, National Institute of Pharmaceutical Education and Research (NIPER), 9 – 11 October, 2023
- **Ahmad Shandar**, Invited talk on “Computational and Integrative tools as replacement to animal experiments”, at national symposium on “Cross-talk between Animal Research & Alternatives (NSARA 2023)”, and one day training cum workshop on laboratory animal experimentation, The CSIR-North East Institute of Science & Technology (CSIR-NEIST), Jorhat, Assam, 7 – 9 September, 2023
- **Ahmad Shandar**, Keynote address on “Artificial Intelligence in Bioinformatics and Biocomputing: opportunities and challenges with reflections on how computer-based experimentation saves environment”, in 3<sup>rd</sup> International Convention of Green Environment Technology and Entrepreneurship through innovation, Amity University, Jaipur, 11 August, 2023
- **Ahmad Shandar**, Special lecture on “Data science and artificial intelligence approaches to study Biological systems”, Manav Rachna International Institute of Research and Studies, Faridabad, Haryana, 17 May, 2023
- **Ahmad Shandar**, Invited talk on “Predicting DNA-binding proteins and their binding sites: power and pitfalls of deep learning”, at symposium on “Data-Driven Approaches to Understand Biological Systems”, CSIR-Institute of Genomics & Integrative Biology, New Delhi, 29 April, 2023
- **Ahmad Shandar**, Keynote address on “Protein-DNA interactions, Machine Learning, Deep Learning, Big Data Analysis”, at “11<sup>th</sup> Workshop on Bioinformatics and Drug Design: Artificial Intelligence and Machine Learning”, conducted by Ambedkar Center for Biomedical Research (ACBR), University of Delhi, Delhi, 18 – 20 April, 2023
- **Ahmad Shandar**, Invited talk on “Genome-phenome association algorithms for computational biology”, at Hands-on Training workshop in Bioinformatics focusing on Genomics, Metagenomics and Proteomics Analysis, Dev Bhoomi Uttarakhand University, 31 January, 2024
- **Ahmad Shandar**, Invited talk at workshop on “Computational Genomics and Proteomics”, at Indian Council of Medical Research, New Delhi (organized by Priyanka Narad, ICMR), 30 January, 2024
- **Ahmad Shandar**, Chief Guest in the online Short Term Course on Creative Writing organized by the Literary and Debating Club of NIT Jalandhar, 12 January, 2024
- **Ahmad Shandar**, Invited talk at 6-day Faculty Development Program on “Fundamentals and Applications of Genomics”, Organized by Manav Rachna International Institute of Research & Studies, Faridabad, and Agilent Technologies, Manesar, 12 January, 2024
- **Ahmad Shandar**, Invited lecture on “Improving research quality and visibility”, at NEP Orientation & Sensitization programme through online mode organized by MMTTC (Hansraj College, University of Delhi, Delhi): 8 – 20 January, 2024
- **Jain Mukesh**, Invited lecture on “Next generation genomics approaches for management of abiotic stresses in crop plants”, in “Winter School on Genomics and innovative breeding approaches for economically important and futuristic traits in vegetable crops”, Division of Vegetable Science, ICAR-Indian Agricultural Research Institute, New Delhi, 6 – 26 March, 2024
- **Jain Mukesh**, Invited lecture on “Discovery and regulatory aspects of long non-coding RNAs in plants based on machine learning and genomics approaches”, in “National Conference of Plant Physiology (NCPP 2023) - Physiological and Molecular Approaches for Climate Smart Agriculture”, IARI, New Delhi, 9 – 11 December, 2023
- **Saroj Rakesh Kumar**, Invited talk on “One Day Workshop on Basic of Statistical Data Analysis Using SPSS”, Mahatma Gandhi Kashi Vidyapith, Varanasi, 12 June, 2023
- **Saroj Rakesh Kumar**, Invited as Resource Person Talk on “Machine Learning Using Python and R”, KLE Academy of Higher Education & Research, Belagavi (Karnataka), 26 – 28 December, 2023
- **Kirar Jyoti Singh**, Talk on “Machine learning and Data Science using Python”, at Kanya Gurukul Campus Dehradun, Gurukul Kangri Haridwar, 29 December, 2023
- **Kirar Jyoti Singh**, Talk on “Introduction to Machine learning and Data Science using Python”, at DST-CIMS, BHU Varanasi, 20 February, 2023
- **Kirar Jyoti Singh**, Talk on “Machine learning”, at Dyal Singh Evening College, University of Delhi, 16 March, 2023
- **Mathur Kunwer Singh**, Talk on “Interface on the Research Project Proposal”, in “Refresher Course on Relevance of Economic Issues in Current Politics”, UGC Malviya Mission Teacher Training Centre, Dr. Harisingh Gour Vishwavidyalaya, Sagar, M.P., 27 – 11 March, 2024

- **Mathur Kunwer Singh**, Talk on “Two prey one predator Eco-epidemic model with impulsive IPM”, in “Faculty Development Program on Recent Trends in Biomathematics and Dynamical System, Bifurcation Chaos and Numerical Methods”, Department of Mathematics, Mahadevananda Mahavidyalaya, Monirampore, Barrackpore, Kolkata, 7 – 13 February, 2024
- **Mathur Kunwer Singh**, Talk on “Modeling and Analysis of Data in Social Sciences”, in “Lecture Series”, Department of Anthropology, Dr. Harisingh Gour Vishwavidyalaya, Sagar, M.P., 12 January, 2024
- **Mathur Kunwer Singh**, Talk on “Mathematical Modeling and Analysis of Vector-borne Disease Models”, in “Online Certificate Course on Mathematical Modelling on Biological & Physical Systems with Different Simulation Techniques”, Department of Mathematics, Mahadevananda Mahavidyalaya, Monirampore, Barrackpore, Kolkata, 4 – 9 January, 2024
- **Singh Gajendra Pratap**, Invited lecture on “Petri Nets and AHP as Multicriteria Decision Making Technique”, in national seminar on “New Thrust Areas in Mathematics, Mathematical Sciences and Engineering, Department of Mathematics”, Dayanand Vedic College, Orai (Jaluan), U.P., India, 28 – 30 April, 2023
- **Singh Gajendra Pratap**, Invited lecture on “Connection between Acharya Pingala’s Work and Modern Binary Number System”, in Workshop on Vedic Mathematics at Bundelkhand University, Jhansi, U.P., 7 – 9 July, 2023
- **Singh Gajendra Pratap**, Invited lecture on “Statistical Analysis and Its Interpretation using SPSS”, in two weeks National FDP on Tools and Techniques in Advanced Research Methodology & Publishing, Sandip University, India, 6 September, 2023 (online).
- **Singh Gajendra Pratap**, Invited lecture on “Developing Research paper for Quality Indexed Journal: LaTeX Software for Scientific Writing”, in two weeks National FDP on Tools and Techniques in Advanced Research Methodology & Publishing, Sandip University, India, 8 September, 2023 (online).

- **Agarwal S.**, Harnessing light for food security, 5<sup>th</sup> Edition on Advancements in Lasers, Optics, Photonics 2023 LOP 2023/Linkin Science hybrid conference, 2 – 4 October, 2023
- **Ghoshal, D.**, An avatar of the travelling front with nonlocal nonlinearity, invited talk at ‘International Conference on Nonlinear Science & Applications’, Indian Institute of Technology Bhubaneswar, 12 October, 2023
- **Ghoshal, D.**, An instability at the end of the string and related stories, a Physics colloquium at the Department of Physics, Tribhuvan University, Kathmandu, Nepal, 3 November, 2023
- **Ghoshal, D.**, Conference summary talk at the international conference Indian Strings Meeting 2023, at the Indian Institute of Technology Bombay, Mumbai, 16 December, 2023
- **Goel, V. K.**, Invited lecture at International Conference on Structural Biology and Drug Discovery 2023 (ICSBDD) on “Leveraging Structure-Based Drug-Design Tools for the discovery of Novel Anti-malarials”, at Gautam Buddha University, Greater Noida, 11 – 12 October, 2023
- **Goel, V. K.**, Invited lecture at 3<sup>rd</sup> International Conference of Integrative Chemistry, Biology and Translational Medicine (ICBTM 3.0) on “Leveraging Bioinformatics Tools for the Discovery of Novel Anti-Malarials” Jointly organized by Hansraj College, Delhi University and Pacific University, Udaipur, 8 – 10 March, 2024
- **Kumar Brijesh**, talk on “A New Spin on Kondo Insulators: many-body inversion & quantum oscillations”. KITP, University of California, Santa Barbara, USA, 27 July, 2023
- **Kumar Brijesh**, talk on “Emergent Qubits, Toric Code Model and Quantum Circuits”, international conference on Highly Frustrated Magnetism (HFM), IIT Madras, Chennai, 12 January, 2024
- **Kulriya P K.**, Invited talk on “Investigation of damage accumulation in the nano-structured pyrochlore”, 21<sup>st</sup> International Conference on Radiation Effects in Insulators (REI-21), Kyushu University & Japan Atomic Energy Agency Fukuoka, Japan, 3 – 8 September, 2023
- **Kulriya P K.**, Invited talk on “Energetic ion irradiation induced effects on high-entropy alloys, 6th International Conference on Recent Trends in Materials and Devices”-ICRTMD-2023, Amity University Uttar Pradesh, (19th - 20th December 2023).
- **Kulriya P K.**, Invited talk on “Energetic ion irradiation induced effects on multi-component alloy systems” international conference on Atomic, Molecular, Material, Nano & Optical Physics with Applications (ICAMNOP-2023); Department of Applied Physics, Delhi Technological University, 20 – 22 December, 2023
- **Kulriya P K.**, Invited talk on “Probing the Ion track in the nano-structured complex oxide” 28<sup>th</sup> International Conference on Nuclear Tracks and Radiation Measurements (28th ICNTRM-2023); Gurugram University, Gurugram, 6 – 10 November, 2023
- **Mahato R. N.**, “Magneto-caloric, Magneto-resistive and unusual magnetic behaviour in the nanocrystalline manganites” 1<sup>st</sup> International Conference on advances in Novel Materials: Towards Sustainable Future”, ST. Xavier’s College, Ranchi, India, 20 – 22 January, 2024

- **Mahato R. N.**, “Structural, magneto-caloric and unusual magnetic behavior in the nanocrystalline manganites”, Nanotechnology Research centre, SRMIST, Kattankulathur, Chennai, Tamil Nadu, India, 26 – 29 February, 2024
- **Mehta, P.**, Invited talk on “Foundational aspects of quantum mechanics and neutrino oscillations” and discussion leader in working group III on Neutrino Physics at WHEPP XVII, IIT Gandhinagar, 9 January, 2024
- **Mohanty Tanuja**, Invited lecture on “Tuning of linear and non-linear optical properties of 2D semiconducting Materials”, international conference on “Recent Progress in Graphene and 2D materials Research” (RPGR-2023) organized by IISc, Bengaluru, 20 - 23 November, 2023
- **Mohanty Tanuja**, Invited lecture on “Tuning of non-linear optical response of layered Materials” International Conference on Sustainable Nanomaterials integration and organization for Energy and Environment (iSNIOE2), Shiv Nadar University, NCR, Delhi, 20 – 23 March, 2024
- **Puri S.**, Pattern Formation in the Kinetics of Phase Transitions, School of Science, RMIT University, Melbourne, Australia, May, 2023
- **Sasmal P.K.**, Invited lecture on “Mitochondria-Targeted Heterobimetallic Iridium(III)-Platinum(IV) Conjugates as Potent Anticancer Theranostic Agents” in the 6<sup>th</sup> Symposium on Advanced Biological Inorganic Chemistry (SABIC-2024), jointly organized by IACS Kolkata and TIFR Mumbai at Kolkata, 7 – 11 January, 2024
- **Sasmal P.K.**, Invited lecture on “Combating Antimicrobial Resistance Using AIE-Active Iridium(III) Complexes” in the international conference on Biomedical Materials & Technology – 2023 (BioTEX 2023), organized by IIT Delhi, New Delhi, 29 November – 1 December, 2023
- **Sasmal P.K.**, Invited lecture on “AIE-Active Cyclometalated Iridium(III) complexes for Tackling Infectious Diseases” in Interface of Chemistry, Material Chemistry and Pharmaceutical Science 2023 (ICMCPS 2023), organized by Department of Chemistry, Royal School of Pharmacy, Royal Global University & Department of Chemistry, Cotton University, Guwahati, Assam, 8 – 10 November, 2023
- **Sasmal P.K.**, Invited to present a poster on “Metal Complexes as Diagnostic and Therapeutic Agents” in the brainstorming session at ‘FORCE-IICS’ Conference at Kathmandu, Nepal, 28 September – 1 October, 2023
- **Sen S.**, Invited lecture in “International Conference on Macromolecules, Supramolecules and Nanotechnology”, organized by L J University, Ahmedabad, 23 – 24 February, 2024
- **Sen S.**, Invited (Online) lecture in “International Conference on Chemical and Environmental Sciences”, organized by Institute of Engineering and Management, 11 – 13 January, 2024
- **Shah, R.**, Invited lecture on “Relative Property (T) for Nilpotent Subgroups” in Inaugural Meeting of Asian-Oceanian Women in Mathematics (AOWM), ICTS-TIFR, Bengaluru, 24 – 28 April, 2023
- **Shah, R.**, Plenary talk on “Dynamics of Distal Actions and Illumination” in WoNiMS Annual Conference (WAC-2023) “Empowering Women in Mathematics through Networking and Communication,” Tribhuvan University, Kathmandu, Nepal, 3 – 5 November, 2023
- **Singh K.**, Key note speaker on “Semiconducting Quantum Dots: Optical and Magnetic Properties for Device Applications in 4<sup>th</sup> International conference on advanced functional materials for sustainable energy applications. Department of Physics Koneru Lakshmaiah Education Foundation, Guntur, 6 – 8 December, 2023
- **Singh K.**, Invited talk on “Recent Trend in Semiconducting Quantum Dots: Synthesis for Device Applications” in 6<sup>th</sup> International Conference on Recent trends in Materials and Devices at Amity Institute of Applied Sciences, Noida, 19 – 20 December, 2023
- **Singh K.**, Invited talk on “Semiconducting Quantum Dots: Synthesis and Optical Properties for Device Applications” in International Conference Atomic, Molecular, Materials, Nano and Optical Physics with Applications, at Department of Physics, Delhi Technical University, Delhi, 20 – 22 December, 2023
- **Singh K.**, Invited talk on “Semiconducting Quantum Dots: Synthesis for Device Applications” in Meghnad Saha Memorial International Conference on Frontiers of Physics” (MSMICFP-2023) during at the Department of Physics, University of Allahabad, Prayagraj U.P. in association with NASI, Prayagraj, 22 – 24 November, 2023
- **Singh K.**, Invited talk on “Semiconducting Quantum Dots for Device Applications” in Advanced Materials for Better Tomorrow (AMBT 2023) at Department of Physics, Banaras Hindu University, Varanasi, 10 – 12 October, 2023

**National: (72)**

- **Agarwal S.**, National conference on recent innovations & evolution in engineering, science & management at IIMT Group of Colleges Greater Noida, U.P., 25 January, 2024
- **Dinabandhu Das**, Talk on “Role of Halogen Atoms in The Mechanical Properties of Organic Crystals” in 60<sup>th</sup> ACC 2023, IIT Delhi Campus, Hauz Khas, New Delhi, 20 – 21 December, 2023

- **Ghoshal, Debashis**, Modular forms: deconstructed, Mellin-ed, invited talk at 'Current Topics in String Theory & Cosmology', National Institute of Science Education & Research (NISER), Bhubaneswar, 25 April, 2023
- **Ghoshal, Debashis**, An instability at the end of the string and related stories, a Physics colloquium at the Indian Institute of Technology Bhubaneswar, 11 October, 2023
- **Ghoshal, Debashis**, Geometric algebra approach to nonlinear equations, seminar at the Indian Institute of Science Education & Research (IISER), Pune, 8 January, 2024
- **Ghoshal, Debashis**, Hawking and i, seminar at the Centre of Excellence, Government College Sanjauli, Shimla, 21 March, 2024
- **Goel, V. K.**, Guest lecture on "Structure-Based Anti-Malarial Drug-Discovery" at IIMT College of Pharmacy, Greater Noida, 12 October, 2023
- **Gupta, V. P.**, 6 lectures on "von Neumann algebras" in the Advanced Instructional School on "Function Spaces, Operator Theory and Operator Algebras" at Bits Pilani, K. K. Birla Goa Campus, 26 June – 1 July, 2023
- **Jha Alok Kumar Singh**, Invited talk "Spectral Properties of Highly Charged Ions in Dense Plasma", Ramjas College, University of Delhi, March, 2024
- **Kashyap Manish K.**, Invited talk on "Possible Entrepreneurship and Startup Initiatives in Physics" at National Seminar on Accelerators/Incubation-Opportunities for students and faculties Early Stage Entrepreneurs, Department of Physics, DTU, Delhi, 31 August, 2023 (online).
- **Kashyap Manish K.**, Invited talk on "Experimental Investigations on Localized Surface Plasmon Resonance of Au and Ag metal Nanoparticles" at Department of Physics, MNIT Jaipur, 23 – 28 August, 2023
- **Kashyap Manish K.**, Invited talk on "Hybrid Halide Perovskite Solar cells: Past and Next 10 Years" at International Conference on Condensed Matter and Device Physics – 2023, Pandit Deendayal Energy University, Ahmedabad, 27 – 29 September, 2023
- **Kashyap Manish K.**, Invited talk on "Investigation of novel 2D magnetic van der Waals heterostructures; A Dry Lab approach" at 5<sup>th</sup> National Conference on Recent Advancement in Physical Sciences (NCRAPS-2023) NIT Uttarakhand, 19 – 20 December, 2023
- **Kashyap Manish K.**, Invited talk on "Future roadmap of In-Silico approaches and their contribution in technological development", at SERB High-End Workshop (KARYASHALA) on Theory and Applications of In-Silico Approach for Materials Modelling, Central University of Punjab, Bathinda, 5 – 11 February, 2024
- **Kashyap Manish K.**, Invited talk on "Exploring novel 2D van der Waals heterostructures for magnetism and spintronics via DFT simulations", at Recent Advances in Functional Materials (RAFM-2024), Atma Ram Sanatan Dharma College, University of Delhi New Delhi, 14 – 16 March, 2024 (online)
- **Kumar Brijesh**, Invited talk: "Dimensional Reduction, Specific Heat and Quantum Oscillations in Kondo Insulators", Conference on Quantum Condensed Matter (QMAT-23), NISER Bhubaneswar, 28 November, 2023
- **Kumar Brijesh**, Invited colloquium on "Quantum Oscillations in Kondo Insulators: novel retellings of two old stories", Department of Physics, Jamia Millia Islamia, New Delhi, 2 November, 2023
- **Kumar Brijesh**, Invited colloquium on "Quantum Oscillations in Kondo Insulators: novel retellings of two old stories", Department of Physics, Institute of Science, Banaras Hindu University (BHU), Varanasi, 11 August, 2023
- **Kulriya P K.**, Invited talk on "X-ray Diffraction for characterization of the Crystalline Solids", Hands-on Workshop on Advanced Characterization of Nanomaterials, Central University of Gujarat, 23 – 24 September, 2023
- **Kulriya P K.**, Invited talk on "Structural analysis of materials by X-ray diffraction study" UGC-HRDC Refresher course on Spectroscopy and Crystallography: Application in modern science, Guru Ghasidas Vishwavidyalaya Bilaspur, 24 July – 5 August, 2023
- **Kulriya P K.**, Invited talk on "Development of Advanced Nuclear Materials in Extreme Environments: National Conference on "Functional Materials & Sensors (FMS-2024)" Department of Physics, Maharshi Dayanand University, Rohtak, 16 – 17 February, 2024
- **Meena, R. K.**, Talk on "LaTeX" in "Student leadership and life skill development initiative program, Institute of Science, Banaras Hindu University, Varanasi, 12 August, 2023
- **Mehta, P.**, Invited colloquium on "Neutrino frontier of particle physics" at the Centre for Cosmology and Science Popularization, SGT University, Gurugram, 23 May, 2023
- **Mehta P.**, Invited Plenary talk on "Exploring foundational aspects of quantum mechanics with neutrinos" at the Cosmology at Centre for Cosmology and Science Popularization (CCSP) - 2 conference, Shree Guru Gobind Singh Tricentenary (SGT) University, Gurugram, Delhi-NCR, 29 November – 1 December, 2023
- **Mukhopadhyay P.**, Invited lecture on "Molecular and Supramolecular Architectures for Applications in Singlet Fission and as Conductive Materials" in NOST-OCC, Bhubaneswar, 3 March, 2024

- **Mukhopadhyay P.**, Invited lecture on “Our Journey in JNU: Organic Radicals to Molecular and Supramolecular Materials” on National Science Day, KIIT, Bhubaneswar, 28 February, 2024
- **Mukhopadhyay P.**, Invited lecture on “Expanding the Electrochemical Window with Open-/Closed-Shell Organic Compounds for Energy-based Applications” in Pre-Conference Workshop on Electro-Sustainability, IIT Madras, 5 December, 2023
- **Mukhopadhyay P.**, Invited lecture on “Our Journey in JNU: Organic Radicals to Supramolecular Materials”, Amity University, Faculty Development Program, 1 August, 2023
- **Mukhopadhyay P.**, Invited lecture on “Organic Radicals to Molecular and Supramolecular Materials”, TIFR Hyderabad, 17 May, 2023
- **Munde, M.**, Invited Talk on “Biophysical Basis for Fabricating Highly Fluorescent Metal Coated DNA Nanoclusters’ at 8<sup>th</sup> International Conference on Nanotechnology for Better Living (NBL-2023) Jointly with IIT (BHU) & in association with Parul University, SKUAST- K and University of Kashmir, 25 – 29 May, 2023
- **Patnaik, S.**, “Implementation of Quantum Computers Through Topological Superconductivity”, in the Workshop on Quantum Information, communication and computing, Inter University Accelerator Centre, New Delhi, 24 May, 2023
- **Patnaik S.**, New Materials for Energy and Information Storage and Transmission, Indian Institute of Geomagnetism, Mumbai, 8 September, 2023
- **Patnaik, S.**, Quantum materials for energy & information storage and transmission, Science in the Community: Advancing Science Popularization in Odisha, Indian Institute of Science Education and Research, Berhampur, 16 – 17 November, 2023
- **Patnaik, S.**, Quantum Materials, INSPIRE Internship Science Camp 2024, Meerut Institute of Technology, Meerut, 21 March, 2024
- **Prajapati, R. P.**, Invited talk on “Pressure anisotropy driven MHD waves and firehose instability in space plasmas”, 38<sup>th</sup> National Symposium on Plasma Science and Technology (PLASMA-2023), UPES, Dehradun, 4 – 8 December, 2023
- **Prajapati, R. P.**, Invited talk on “Hydrodynamic instabilities in astrophysical plasmas”, IGNOU Regional Centre, Bhubaneswar, 4 January, 2024
- **Prajapati, R. P.**, Invited lecture on “Contribution of Indian Space and Fusion Programme in the Viksit Bharat@2047”, One Day Seminar on National Science Day, Hansraj College, Delhi University, 29 February, 2024
- **Puri S.**, Kinetics of Phase Transitions, School of Physical Sciences, NISER Bhubaneswar, Bhubaneswar, April, 2023

- **Puri S.**, Pattern Formation in the Kinetics of Phase Transitions, National Physical Laboratory, New Delhi, February, 2024
- **Puri S.**, Lectures on Kinetics of Phase Transitions, S.N. Bose National Centre for Basic Sciences, Kolkata, March, 2024
- **Rai Amit**, Invited lecture on “Generation of continuous-variable entanglement through circular array”, in Summer School IQIT-23 (Quantum Information and Quantum Technology 2023) organised by Indian Institute of Science Education and Research, Kolkata, 7 June, 2023
- **Rai, Amit**, Invited lecture on “Generation of continuous-variable entanglement through circular array”, in National Workshop on Quantum Technologies organized by Institute of Science, Banaras Hindu University, Varanasi, 2 March, 2024
- **Rai, Amit**, Invited lecture in International Workshop on Photonics and Optoelectronics Devices-2024 organized by IIIT, Ranchi, 30 January, 2024
- **Sabbani, S.**, Invited lecture, Indo-French Conference on "Fostering Catalysis for Societal Benefit (FCSB-2024)", at University of Hyderabad, 15 – 17 January, 2024
- **Sagar, Ram**, Metal-free Synthesis of Natural Product Inspired Glycohydrids as Anticancer Agents. Pacific University Udaipur, Rajasthan, 8 – 10 March, 2024

- **Sagar, Ram**, Environmental Friendly Synthesis of Natural Product Inspired Glycohydrids. NIHE, Kullu, Himachal Pradesh, 5 – 7 March, 2024
- **Sagar, Ram**, Metal-free Synthesis of Natural Product Inspired Glycohydrids for bio-applications. University of Delhi, 26 – 28 February, 2024
- **Sagar, Ram**, Efficient Synthesis of Perlin’s aldehyde and Electro-Organic Synthesis of Isatin derivatives Rajkot, Gujarat, India, 8 – 10 January, 2024
- **Sagar, Ram**, Metal-free Synthesis of Natural Product Inspired Glycohydrids as Anticancer Agents, Delhi Technological University, Delhi, 30 November – 2 December, 2023
- **Sagar, Ram**, Synthesis of Natural Product Inspired privileged Glycohydrids as Anticancer Agents, IISER Bhopal, 8 November, 2023
- **Sagar, Ram**, Stereoselective Synthesis of Natural Product Inspired Glycohydrids, Deshbandhu College, University of Delhi, 6 – 8 October, 2023
- **Sagar, Ram**, Stereoselective Synthesis of Natural Product Inspired Glycohydrids for bio-applications. Taru-Thang, University of Ladakh, 3– 5 July, 2023
- **Sasmal P.K.**, Invited lecture on “Metal AIEgens as Potent Antimicrobial and Anticancer Theranostic Agents” in the Department of Chemistry, Vidyasagar University, West Bengal, 10 January, 2024
- **Sasmal P.K.**, Invited lecture on “Metal AIEgens as Potent Antimicrobial Theranostic Agents” in the 60<sup>th</sup> Annual Convention of Chemists (ACC 2023), organized by Indian Chemical Society (ICS) at IIT Delhi, 20 – 21 December, 2023
- **Sasmal P.K.**, Invited lecture on “Multifunctional Heterobimetallic Iridium(III)-Platinum(IV) Conjugates as Promising Anticancer Theranostic Agents” in 31<sup>st</sup> CRSI-NSC & CRSI-ACS Symposium Series at NIT Rourkela, Odisha, 6 – 8 July, 2023
- **Sen S.**, Invited lecture in “National Seminar cum Workshop on Photoluminescence Spectroscopy”, organized by Sharda University, 19 March, 2024
- **Sen S.**, CRSI Bronze Medal Lecture in “CRSI-NSC-32”, organized by BITS Pilani, Pilani-Campus, 1 – 4 February, 2024
- **Sen S.**, Invited lecture in “60<sup>th</sup> Annual Convention of Chemists (ACC 2023)”, organized by Indian Chemical Society (ICS) and IIT Delhi, 20 – 21 December, 2023
- **Sen S.**, Invited (Teaching) lecture in “National Workshop on Fluorescence and Raman Spectroscopy (FCS IV)”, organized by IISER Mohali, 9 – 15 December, 2023
- **Sen S.**, Invited (Research) lecture in “National Workshop on Fluorescence and Raman Spectroscopy (FCS IV)”, organized by IISER Mohali, 9 – 15 December, 2023
- **Sen S.**, Invited lecture in “Dr. A.P.J. Abdul Kalam Multidisciplinary Seminar Series”, organized by Shyam Lal College, University of Delhi, 22 November, 2023
- **Sen S.**, Invited lecture in “Journal of Chemical Sciences, Outreach”, organized by IIT Roorkee, 16 – 18 November, 2023
- **Sen S.**, Invited (Teaching) lecture in “FluoMicro2023”, organized by ICGEB New Delhi, 5 – 7 November, 2023
- **Sen S.**, Invited (Research) lecture in “FluoMicro2023”, organized by ICGEB New Delhi, 5 – 7 November, 2023
- **Sen S.**, Two Invited (Teaching) lecture in “Workshop on Fluorescence Spectroscopy and Microscopy”, organized by IGIB New Delhi, 18 – 19 October, 2023
- **Sen S.**, Invited lecture in “Sustainability & Interdisciplinary in Chemical Sciences (SICS)”, organized by IISER Kolkata, 13 – 15 July, 2023
- **Sen S.**, Invited (online) lecture in “IPS Science Talk”, organized by Indian Photobiology Society, 27 May, 2023
- **Verma, M.**, Invited talk “The Circle Method and Goldbach’s Problems” on the National Mathematics Day at the Gautam Buddha University, Greater Noida, 22 December, 2023

28. **Sanjay Kumar**, Identification of multi-targeted natural inhibitors against Japanese encephalitis, Dr. S.S. Maitra, 247/P/2023, '11-05-2023',
29. **Anjali Somanathan**, Pre-Clinical Development and Validation of Novel Blood-Stage Malaria Vaccine Candidates, Dr. Ravi Tandon, 339/P/2023, '08-06-2023',
30. **Sagarika Banerjee**, Role of Tid1 and p53 interrelation in regulating cell fate, Dr. Hemant R. Kushwaha, 320/P/2023, '01-06-2023',
31. **Jyoti Pandey**, Development of Clonal Head and Neck Cancer Spheroid Lines: A Tool to Capture Genetic and Functional Heterogeneity, Prof. Rupesh Chaturvedi, 343/P/2023, '08-06-2023',
32. **Achyut Pandey**, Effect of Curcumin on Helicobacter pylori pathogenesis, Prof. Rupesh Chaturvedi, 408/P/2023, '27-06-2023',
33. **Mohit Mishra**, Identification and functional characterization of Long Range Chromatin Interactions in Mycobacterium tuberculosis, Prof. Rupesh Chaturvedi, Prof. Rakesh Bhatnagar, 426/P/2023, '04-07-2023',
34. **Sunita Sharma**, "Biochemical, cellular and functional characterization of the LOV-domain containing proteins in Chlamydomonas reinhardtii & Klebsormidium nitens", Prof. Suneel Kateriya, 480/P/2023, '14-07-2023',
35. **Abhishek Kumar Pandey**, Delivery of Biomolecules for targeted Cancer therapy: a nano-biotechnology approach, Dr. Jaydeep Bhattacharya, 540/P/2023, '10-08-2023',
36. **Neeraj Kumar**, Whole-genome transcriptomic analysis in Sweet Sorghum Hybrid "CSH22SS" for understanding the regulation of sugar accumulation, Dr. Manoj K. Sharma, 618/P/2023, '20-09-2023',
37. **Rajkamal Bharti**, Computational methods for drug screening and development of biosensor for Anti-TB drug detection in 3D cell culture using photopolymerised printed structures, Dr. Jaydeep Bhattacharya, 565/P/2023, '25-08-2023',
38. **Ritika Sharma**, Studies on the modulation of Myocilin Protein aggregation implicated in Glaucoma, Dr. Abhinav Grover, 720/P/2023, '27-11-2023',
39. **Hemant Joshi**, Identification and Characterization of genes involved in Mycobacterium Smegmatis mc2 155 strain persistence, Dr. S.S. Maitra, Prof. Rakesh Bhatnagar, 40/P/2024, '23-02-2024',
40. **Akanksha Verma**, Identification of Novel Methylophilic bacteria with Metagenomic Approach, Dr. S.S. Maitra, 41/P/2024, '23-02-2024',
41. **Rohit Tiwari**, हेलिकोबैक्टर पाइलोरी रोगजनन के दौरान, स्त्रावित एक्सोसोम का लिपिडोमिक्स विश्लेषण, Prof. Rupesh Chaturvedi, Dr. Hemant R. Kushwaha, 62/P/2024, '12-03-2024',
42. **Tannu Bhagchandani**, Effect of plasma virome on inflammation and T cell phenotype in HIV-infected subjects on anti-retroviral therapy, Dr. Ravi Tandon, 88/P/2024, '05-04-2024',

### School of Computer and Systems Sciences

43. **Archana Kumari**, Word Sense Disambiguation for Hindi Text, Prof. D.K. Lobiyal, 147/P/2023, '06-04-2023',
44. **Chaitali Dey Bhowmik**, Performance Enhancement Strategies for Data Transmission in Software Defined Network, Dr. Tirthankar Gayen, 211/P/2023, '30-04-2023',
45. **Anant Kumar Jayswal**, Task Scheduling using Soft Computing Techniques for Cloud Computing, Prof. D.K. Lobiyal, 216/P/2023, '03-05-2023',
46. **Puneet Kumar**, Robust Fuzzy Plane-based Clustering Method for Human Brain MRI Image Segmentation, Prof. R.K. Agrawal, 232/P/2023, '12-05-2023',

47. **Jagriti**, Self Organized Traffic Control System in VANETS, Prof. D.K. Lobiyal, 371/P/2023, '14-06-2023',
48. **Arun Kumar Gautam**, Semantics Based Classification of Multimedia Data, Prof. Sonajharia Minz, 429/P/2023, '04-07-2023',
49. **Swadesh Kumar Maurya**, Camera based Intelligent Vehicle Systems for Safety of Vulnerable Road Users, Dr. Ayesha Choudhary, 427/P/2023, '04-07-2023',
50. **Jitendra Kumar**, Logic Synthesis and Verification of Advance Digital Circuits in Next-Generation Cyber-Physical Systems, Dr. Asutosh Srivastava, 461/P/2023, '11-07-2023',
51. **Priti Kumari**, Scientometrics of Computer Science Research Publications, Prof. Rajeev Kumar, 523/P/2023, '04-08-2023',
52. **Rakesh Kumar**, Ultra Low Power Nano Devices in Circuits and Systems for IOT Applications, Dr. Asutosh Srivastava, 583/P/2023, '04-09-2023',
53. **Yajuvendra Pratap Singh**, Brain Data Segmentation and Classification using Deep Learning, Prof. D.K. Lobiyal, 595/P/2023, '12-09-2023',
54. **Mohd Shamsh Tabarej**, Change Footprint Pattern Discovery Of Geospatial Hotspots, Prof. Sonajharia Minz, 718/P/2023, '24-11-2023',
55. **Ashok Kumar Yadav**, Mobility Management Scheme For Context-Aware Transactions in Mobile Communication, Dr. Karan Singh, 703/P/2023, '13-11-2023',
56. **Kalicharan**, Detection and Classification of Plant Diseases With Machine Learning, Prof. Sonajharia Minz, 791/P/2023, '14-01-2024',
57. **Pardeep Singh**, Development of Computational Methods for Social Media Text, Prof. Satish Chand, 10/P/2024, '16-01-2024',
58. **Anamika Maurya**, End-to-End Semantic Segmentation of Road Scene Images: A Deep Learning Perspective, Prof. Satish Chand, 30/P/2024, '25-01-2024',
59. **Ankit Manderna**, Security and Privacy for Intelligent Vehicular Networks Using Machine Learning, Dr. Sushil Kumar, 31/P/2024, '25-01-2024',
60. **Snigdha Agrawal**, Computer Aided Diagnosis of Spinocerebellar Ataxia using Machine Learning, Prof. R.K. Agrawal, 85/P/2024, '05-04-2024',

### School of Computational and Integrative Sciences

61. **Ajay Arya**, Computational modeling of genome-wide protein-DNA interactions using sequence, gene-expression and conformational dynamics, Prof. Shandar Ahmad, 209/P/2023, '30-04-2023',
62. **Deepti Sharma**, Design and Implementation of Compact Planar Antennas for Implantable Biomedical Applications, Prof. Binod Kumar Kanaujia, 592/P/2023, '12-09-2023',
63. **Madhuri**, Modeling of Molecular Mechanism in Drug Resistant Tuberculosis using Petri Nets., Dr. Gajendra Pratap Singh, Dr. Mamtesh Singh, 594/P/2023, '12-09-2023',
64. **Madhulika Verma**, Immuno-Oncogenomics: Correlating Immune response from Cancer Genomics, Prof. Andrew M. Lynn, 638/P/2023, '04-10-2023',
65. **Ram Nayan Verma**, Identification of Potential Drug Targets using Computational Approaches, Development of Drug Target Database for Neglected Tropical Diseases and Structure Based Drug Design, Dr. Gajendra Pratap Singh, Dr. Naidu Subbarao, 658/P/2023, '13-10-2023',
66. **Mohd Waseem**, Designing novel inhibitors against drug targets of Candida glabrata., Dr. Naidu Subbarao, Dr. Jitendra Kumar Thakur, 721/P/2023, '27-11-2023',
67. **Sarita**, Design and Analysis of Differential Antennas for Biomedical Applications, Prof. Binod Kumar Kanaujia, 726/P/2023, '29-11-2023',
68. **Vishwas Kukreti**, Studies of Critical Dynamics in Socio-Economic Systems using Complexity Theory, Prof. Anirban Chakraborti, 769/P/2023, '27-12-2023',
69. **Praveen Mishra**, Studies of Energy and Charge Transfer in Zero-dimensional and Two-dimensional Nanomaterials, Prof. Anirban Chakraborti, 770/P/2023, '27-12-2023',

### School of Sanskrit and Indic Studies

70. **Geeta Kumari Meena**, A Contrastive study of Old Javanese and Sanskrit lexicographic traditions, Prof. Girish Nath Jha, 180/P/2023, '18-04-2023',
71. **Prabhu Kumar**, पातञ्जलयोगदर्शन एवं आयुर्वेद के योग का स्वरूप : एक तुलनात्मक अध्ययन, Dr. Gopal Lal Meena, 205/P/2023, '30-04-2023',

72. **Nandini Das**, Mental Health: An Analytical Study in Atharvaveda and Ayurveda (With Special reference to Āyurvedic Bṛhatrayī and Laghutrayī), Prof. Sudhir Kumar, 217/P/2023, '03-05-2023',

## School of Computer & Systems Sciences

1. **Khumaningthou Khumanthem**, Interpreting Outlier Detection Scores, Prof. Rajeev Kumar, 111/M/2023, '28-04-2023'
2. **Nitya Pandey**, Image Caption Generator Using Deep Learning, Dr. Piyush Pratap Singh, 125/M/2023, '11-05-2023'
3. **Bijendra Singh**, Investigation of Large Scale Omics Data and Detection of Breast Using Artificial Intelligence, Dr. Saurabh Kumar Sharma, 129/M/2023, '19-05-2023'
4. **Anjani**, Cyber Security Model for Electric Vehicle Charging Station, Dr. Sushil Kumar, 193/M/2023, '10-07-2023'
5. **Sushant Maji**, Gossip Style Monitoring and Failure Detection for Cloud Computing, Dr. Zahid Raza, 195/M/2023, '10-07-2023'
6. **Pooja**, Analysis and Classification of Cough Signal Using Machine Learning, Dr. Sushil Kumar, 192/M/2023, '10-07-2023'
7. **Latika Gupta**, Federated Transfer Learning for Cybersecurity Attacks Detection in IOT, Dr. Sushil Kumar, 194/M/2023, '10-07-2023'
8. **Hiten Sachan**, Factor Modelling in Stock Market Using Deep Learning, Prof. T.V.Vijay Kumar, 208/M/2023, '10-07-2023'
9. **Rinchen Angmo**, Trust Evaluation Model for Lightweight Security in Internet of Things, Dr. Sushil Kumar, 191/M/2023, '10-07-2023'
10. **Abhishek Yadav**, Internet of Things for Agriculture, Dr. Manju Khari, 210/M/2023, '13-07-2023'
11. **Bhagvati**, Trustworthy Ai Approach for Autonomous Vehicles, Dr. Sushil Kumar, 211/M/2023, '13-07-2023'
12. **Noni Bai**, Visible Light Communication for Connected and Autonomous Vehicles, Dr. Sushil Kumar, 209/M/2023, '13-07-2023'
13. **Anushka Dixit**, Data Offloading in Edge Centric Uav Networks, Dr. Sushil Kumar, 212/M/2023, '13-07-2023'
14. **Neha Singh**, Cyber Security Threats Detection Using Deep Learning, Dr. Sushil Kumar, 213/M/2023, '13-07-2023'
15. **Intekhab Alam**, A Vision-Based Accident Detection System Using Deep Learning, Dr. Manju Khari, 215/M/2023, '17-07-2023'
16. **Ashok Kumar**, Breast Cancer Detection from Medical Images Using U-Net and its Variants, Prof. Satish Chand, 216/M/2023, '17-07-2023'
17. **Sijo Joseph**, Vot E: An Electronic Voting System Using Ethereum , Dr. Manju Khari, 220/M/2023, '18-07-2023'
18. **Shilvardhan Kumar**, Enhancing the Access Control Mechanism for Blockchain Applications, Dr. Karan Singh, 217/M/2023, '18-07-2023'
19. **Reetesh Kumar Srivastava**, Topic Modeling and Analysis of English Text, Dr. Piyush Pratap Singh, 218/M/2023, '25-07-2023'
20. **Sai Teja Tangudu**, Cost-Sensitive Learning for Class Imbalance Data, Prof. Rajeev Kumar, 219/M/2023, '25-07-2023'
21. **Shalini Sharma**, Ner for Online Corpus Using Information Retrieval Method, Dr. Piyush Pratap Singh, 226/M/2023, '01-08-2023'
22. **Nippu Kumari**, Lightweight Cryptography in Resource Constraints Networks, Dr. Buddha Singh, 227/M/2023, '01-08-2023'
23. **Aman Goel**, Impact Calculation of the Players Using Cricket Commentary Corpus, Dr. Piyush Pratap Singh, 238/M/2023, '08-08-2023'
24. **Seema Singh**, Automatic Analysis and Identification of Transitive and Intransitive Verb, Dr. Piyush Pratap Singh, 242/M/2023, '08-08-2023'
25. **Anubhaw Kumar**, Intelligent Agriculture System Using Machine Learning, Dr. Manju Khari, 240/M/2023, '08-08-2023'
26. **Jeetin Kumar Anand**, Risk Analysis of Web Service Compositions, Dr. Ratneshwer, 241/M/2023, '08-08-2023'
27. **Uqba Jabeen**, Credit Card Fraud Detection Scheme Using Machine Learning, Dr. Karan Singh, 243/M/2023, '08-08-2023'

28. **Sonu Kumar**, Link Prediction in Social Network Using Deep Learning, Dr. Buddha Singh, 237/M/2023, '08-08-2023'
29. **Shreeta Sri**, Performance Analysis of Recommender System, Dr. Buddha Singh, 239/M/2023, '08-08-2023'
30. **Pobhu Moinyak**, Improve Load Balancing Scheme in Wsns, Dr. Karan Singh, 244/M/2023, '08-08-2023'
31. **Dillip Kumar Sahu**, Semantic Segmentation for Autonomous Driving System Using Convolutional Neural Networks, Prof. Satish Chand, 247/M/2023, '09-08-2023'
32. **Adarsh Kumar Maurya**, Safety Prediction of Safety Critical System Through Deep Learning Model, Dr. Ratneshwer, 248/M/2023, '09-08-2023'
33. **Biraja Mishra**, Anomaly Detection from Medical Time-Signals with Deep Learning, Prof. Rajeev Kumar, 246/M/2023, '09-08-2023'
34. **Anubhav Dwivedi**, Hazard Analysis of IOT Based System, Dr. Ratneshwer, 245/M/2023, '09-08-2023'
35. **Rajeev Kumar**, Pneumonia Detection from Chest X-Ray Images Using Deep Learning, Dr. Buddha Singh, 249/M/2023, '09-08-2023'
36. **Law Kumar**, Hybridized Anomaly Detectors for Social Networks, Prof. Rajeev Kumar, 255/M/2023, '10-08-2023'
37. **Dasharath Kushwaha**, Enhancing the Transaction Mechanism for Blockchain Application, Dr. Karan Singh, 254/M/2023, '10-08-2023'
38. **Sanjeet Singh**, Text Mining for Pico Identification in Biomedical Domain, Dr. Aditi Sharan, 256/M/2023, '14-08-2023'
39. **Gaurav**, Analysis of Iris Recognition Systems for Authentication, Dr. Manju Khari, 258/M/2023, '17-08-2023'
40. **Aditya Kumar**, Efficient Weighted Trust Evaluation Scheme Using ML for WSNs, Dr. Karan Singh, 259/M/2023, '17-08-2023'
41. **Rahul**, Malaria Disease Detection and Analysis Using A Deep Learning Technique, Dr. Saurabh Kumar Sharma, 277/M/2023, '05-09-2023'
42. **Chopkar Parjanya Shivshankar**, Stock Trading Framework with Machine Learning Sentiment, Technical and Fundamental Analysis, Dr. Saurabh Kumar Sharma, 280/M/2023, '05-09-2023'
43. **Sonam Namgail**, Computational Framework: Analysis and Detection of Cancer Using Genomic Data Sets, Dr. Saurabh Kumar Sharma, 274/M/2023, '05-09-2023'
44. **Ujjwal**, Machine Learning Based Model Predicting Visibility in Different Climatic Conditions, Dr. Saurabh Kumar Sharma, 278/M/2023, '05-09-2023'
45. **Anupma Gadhwal**, Study and Analysis of Genome Complexity of SARS Covid 19 Using Computational Methods, Dr. Saurabh Kumar Sharma, 275/M/2023, '05-09-2023'
46. **Vijendra Singh**, A Computational Framework to Find Triiodothyronine (T3) & Thyroxine Hormone (T4) :A Thyroid Disease Detection and Classification System Using a Machine Learning Technique, Dr. Saurabh Kumar Sharma, 279/M/2023, '05-09-2023'
47. **Raja Babu**, An Application for CCTV Analysis and Helmet Detection Using a Machine Learning Technique, Dr. Saurabh Kumar Sharma, 276/M/2023, '05-09-2023'
48. **Anjani Gupta**, Malware Analysis and Detection on OS Using AI Techniques, Dr. Karan Singh, 296/M/2023, '14-09-2023'
49. **Sobaran Singh**, Efficient Reliability Evaluation Scheme for Wireless Sensor Networks, Dr. Karan Singh, 295/M/2023, '14-09-2023'
50. **Sweeti Singh Gautam**, Lightweight Security Model for Emerging IOT Applications, Prof. Satish Chand, 304/M/2023, '26-09-2023'
51. **Sourabh Chourasia**, Study on A New Technic for Text Detection, Recognition and Localization in Optical Character Recognition, Dr. Saurabh Kumar Sharma, 315/M/2023, '18-10-2023'
52. **Rajnish Kumar**, Image Encryption Using Scrambling Circular Rotation and Chaotic Map, Dr. Karan Singh, 328/M/2023, '09-11-2023'
53. **Samir Rana**, Relevant Features for Hand Gesture Classification Using EMG Signal, Prof. R.K. Agrawal, 340/M/2023, '30-11-2023'
54. **Sudhanshu Tripathi**, Analysing Blockchain Applicability in Social Networking, Dr. Manju Khari, 354/M/2023, '19-12-2023'

### Special Centre for Nano Science

55. **Pankaj Kumar**, Transmission Electron Microscopy Sample Preparation and Analysis of Silicon Wafer [100] and Aluminium Foil, Dr. Balaji Birajdar, 133/M/2023, '24-05-2023'

56. **Nidhi Rani**, Preparation, Characterization and Photocatalytic Activity of Sodium Niobate , Dr. Balaji Birajdar, 132/M/2023, '24-05-2023'
57. **Amisha Goswami**, Malware Detection Using Machine Learning, Dr. Sushil Kumar, 152/M/2023, '05-06-2023'
58. **Abhijeet Kumar Gupta**, Unlocking Nature's Potential: Saracaasoca Plant Leaf-Derived Nanoparticles as Efficient Adsorbents for Cationic Dye Removal, Dr. Vinod Kumar, 284/M/2023, '06-09-2023'
59. **Vanne Susmitha**, Microstructural and Magnetic Properties of Zn-Mn Ferrite and Sm Doped Yttrium Nanoparticles; Application to Microwave Absorber, Prof. Bijoy Kumar Kuanr, 283/M/2023, '06-09-2023'
60. **Rahul Kumar**, Investigation on Lithium Doped NaNbO<sub>3</sub> Ceramics for Electrocaloric Cooling Application, Dr. Satyendra Singh, 290/M/2023, '13-09-2023'
61. **Gunjan Joshi**, Synthesis and Characterization of NaNbO<sub>3</sub> Based Nanoparticles for Photocatalytic Application, Dr. Satyendra Singh, 289/M/2023, '13-09-2023'
62. **Priyanka Singh**, Fabrication & Characterization of Silver Doped Titania Films Prepared By Sol-Gel Spin Coating, Dr. Balaji Birajdar, 292/M/2023, '18-09-2023'
63. **Ashab Noumani**, Mgo Nanosheet-Chitosan Composite Based Electrochemical Sensor for Detection of Hexamethylenetetramine: A Microplastic, Dr. Pratima Solanki, 298/M/2023, '18-09-2023'
64. **Bipul Chandra**, Fabrication and Characterization of Al-Si Composite Films By Rf-Dc Magnetron Co-Sputtering, Dr. Balaji Birajdar, 297/M/2023, '18-09-2023'
65. **Gaurav Kumar Sahu**, Emergent Nanomaterials for Uv-Induced Photocatalytic Disintegration of Organic Water Contaminants, Dr. Pratima Solanki, 303/M/2023, '25-09-2023'
66. **Dharmendra Kumar Panday**, Fabrication and Characterization of Resistive Random Access Memory for Futuristic Memory Applications , Dr. Asutosh Srivastava, 346/M/2023, '12-12-2023'
67. **Pradeep Kumar Singh**, Study of Memory Design for Futuristic Applications, Dr. Asutosh Srivastava, 347/M/2023, '12-12-2023'
