

## JAWAHARLAL NEHRU UNIVERSITY

Press Note

31 October 2021

Jawaharlal Nehru University Entrance Examination (JNUEE-2021) has been completed for the Academic Session 2021-2022 and the university is in process of conducting viva-voce examinations for Ph.D. Accordingly, the University has scheduled viva-voce examinations for Ph.D. Programme from 26.10.2021 to 03.11.2021. The viva-voce for examinations under JRF categories have started on 26.10.2021 as scheduled and has been going smoothly. However, viva-voce examinations for the JNU Entrance Examination categories have been rescheduled because the final results of the written examinations are awaited from NTA, which is in the process of releasing results of various universities one by one. The University is in constant touch with the Agency and is likely to receive the results shortly. The University appreciates the Agency for conducting the examinations in such an extraordinary situation of the pandemic. Both JNU and NTA are working hard for an early declaration of the results of JNUEE-2021. Accordingly, a fresh schedule of viva-voce examinations for admission into Ph.D. under JNUEE and other programmes of studies will be intimated shortly. JNU is committed to start the new academic session as early as feasible to take the University to newer heights.

Director of Admissions
